Bovina, Texas

VOL XIII, NO 15

WHITTLIN'

By DOLPH MOTEN

Water, Inc., the organization formed earlier this year to bring additional water to the High Plains of Texas and the surrounding areas, has an idea and a semi-plan which now seems feasible.

A few months ago, the idea seemed more fantastic than feasible.

People, hearing about the goals for the first time, had a tendency to stare with open-mouthed disbelief at the fellow who was advancing the theory.

For years, the impression in the irrigated area has been that irrigation water is wonderful, but when it's gone so will be most of the people. And there wasn't much question about whether the water was running out. About the only controversy which could be stirred up was in regard to when.

The leaders of Water, Inc. have not only accepted these facts about the area's present underground water supply; they've decided to do something about it. Not satisfied are they to sit idly by and let the area return to dryland farming, grassland or whatever because the once bountiful irrigation water is being depleted.

At a meeting here last week we were privileged to hear the present acting director of the non-profit organization explain plans, aims and dreams which can become realities.

The air of mystery and amazement about supplemental water has vanished. There's no longer any question but that the water can be brought here. "When" again is the big question with some minor ones about "how" thrown in.

Such a project has been carried out in California. This project is somewhat different than the one anticipated for this area, but the two are close enough to the same to assure planners here that the water can be brought in.

Considering the best source of water now is the Mississippi River.

The main purpose of the visit of the Water, Inc. representative, whose name is Buchanan, to Parmer County was to determine what the people of the county want to do about the organization.

The organization needs 5,000 to 6,000 members to accomplish its goal, according to Buchanan's estimation. Membership now includes about 1,000. Minimum dues, and we presume this is an annual fee, are \$25.

"If we don't get a supplemental source of water (to this area), we're out of business," Buchanan commented at the meeting in such a manner that it soaks in to even the most complacent.

Due to the organization are voluntary and no big sales push has been conducted that we know about to get new members. Up to now, the organization has been formed and operated by volunteer labor and capital.

Needless to say, the organization isn't limited to the irrigation farmers who hope to someday use the imported water. Business is involved just as directly. Without the farmers, the businesses serving them are out in the cold --- or "out in the dry" might be a more appropriate phrase.

Governing the organization are 33 directors. Twenty-three of these are from various districts in the area involved with 10 elected at-large.

In addition, there are 16 advisory directors. Eligible for membership, according to the association's literature, is any individual, partnership, corporation, association, institution, political subdivision and other entity interested in the purposes of Water, Inc. That should pretty well --- pardon the pun --- cover the proposed waterfront.

Our purpose in mentioning the organization here is not to sell memberships directly. We think, though, that the aims are important to this area and to its people and should be of interest to everyone.

At best, as Buchanan said during his talk here last week, "It will take a long time."

A bare minimum is considered 10 years, we understand, (Continued on Page 2)

By Directors --

Next Step Taken For Clinic Here

Following a report from the financial committee of the Bovina Clinic Fund, temporary directors voted to ask the building committee to proceed with plans and specifications for erecting a medical clinic here.

Such plans and specifications will be sent here from Sears Roebuck Foundation in Chicago. Bids will be received on the clinic and such returned to the Foundation for their approval and advice.

The Clinic Fund campaign, spearheaded from the start by the Bovina Woman's Study Club,

has hit the \$43,000 mark, just short of the \$50,000 goal. However, feeling of the directors is that the campaign has been a "tremendous success."

Members of the building committee who will receive bids on the construction of the clinic are E. B. Caldwell, Grady Sorley and Mrs. Bob Estes.

J. B. Fowler made the financial report to the directors. Of the \$43,000, about \$14,000 is in cash, about \$24,000 in pledges and land donated for the site is valued at \$5,000.

Fowler showed the directors the file of pledge cards and explained how they are indexed as to type of donation. The card file is colored and numbered as to the conditions of the pledges, as to whether the pledge is available when needed, paid by the month, etc.

Tied in with the pledge card file is an account ledger, Fowler said. The ledger shows the name of each contributor, how much has been given in cash and/or pledge. He explained it is also a means for accounting for money as it comes in.

Working on the books in the past have been Mrs. Bob Estes, Mrs. E. L. Marshall and Mrs. A. M. Wilson. Mrs. Estes was asked to continue to serve in that capacity, along with Alfred Moody, who is a member of the finance committee.

Attending the meeting Tuesday night were Leon Grissom, president of the temporary board of directors; Mrs. Lucille Walling, civic improvement chairman the past two years of Bovina Woman's Study Club; Earl Stevenson, vice president; Bob Estes, secretary-treasurer; Caldwell and E. L. Marshall. Also on the board is Grady Sorley.

The advance campaign was held during the summer months when businessmen were contacted.

The general campaign was held on Sept. 24 after a great deal of advertising. Helping with the publicity were the Bovina Boy Scouts, who spent one day passing out handbills to area residents, both at their homes and in downtown Bovina.

The Scouts' work, under supervision of Scoutmaster Glendon Sudderth, was highly praised as being a major factor in the success of the general campaign, when the fund was upped from \$23,000 to \$43,000.

Receiving recognition for the success of the entire Bovina Clinic Fund campaign is the Bovina Woman's Study Club. The

group took the lead in the project, promoted all kinds of fund raising projects and successfully solicited the support of all civic organizations and citizens. It was the Study Club that contacted the Sears Roebuck Foundation, conducted a survey to show the need of a medical clinic here, and made reports to the Foundation, from which approval was given.

Once construction of a clinic is underway here, Bovina citizens and the Sears Roebuck Foundation will begin an intensified effort to secure a doctor approved by the American Medical Association.

Contest --

First Freeze Ends Sunday

Sunday, Oct. 15, is the deadline for entering the 1967 third annual First Freeze Contest, sponsored jointly by Bovina Blade and W. E. Williams.

Twenty-one entries had been received on Tuesday morning and guesses range all the way from early freeze to late freeze dates.

Williams will be the judge in the event. First frost date does not count. Only the first killing freeze will be judged the date and a winner declared accordingly.

The winner will receive a \$5 cash prize and be declared the Bovina Champion First Freeze Predictor of 1967. Last year the contest was won by Mrs. E. L. Cochran, who predicted the freeze to be Oct. 15. The year before, Charles Smith correctly predicted the freeze on Nov. 27.

All one has to do to enter is write the date he or she predicts on a post card, sign their name and mail to Bovina Blade before midnight Sunday.

At Meeting --

Council Hears SWPS Rate Hike

Representatives of Southwestern Public Service Company met with the city commission here Thursday night to present figures asking for a rate increase and simplification of the rate schedule.

Odis Huggins and M. R. Martin of SWPS discussed the proposed increase with Mayor Bedford Caldwell, and Councilmen C. R. Elliott, Billie Sudderth, Ed Isaac and Owen Patton.

After hearing the proposal, the increase was tabled until a latter date.

City Marshall Ronald Mitchell was sworn in by Mayor Caldwell during the regular session.

Councilmen agreed to buy two pair of handcuffs, a wand and whistle for the flashlight, and to send Mitchell to a workshop in Amarillo.

Motion was also made and carried to pay Billy Harbison \$100 for his work as city marshal after the resignation of Bill Denney.

Accident Damages 2 Vehicles

A two-car accident at 4 p.m. Wednesday at the corner of Ave. E and Boyce Street, resulted in damage to both vehicles. No one was injured.

Mrs. Patricia DiCuffa was driving west on Ave. E. in a 1964 Pontiac when she collided with a 1961 Falcon going north on Boyce Street and driven by Carolyn Lanay Cox, according to City Marshall Ronald Mitchell.

Damage to the DiCuffa car was estimated at \$400. The Cox car, received an estimated \$300 to the right side.

Both were alone in their automobiles when the accident occurred.

Lead Tied --

Student Entry Wins Contest

Lonnie McFarland, high school student at Farwell and son of Mr. and Mrs. John McFarland, took first place in the Bovina Businesses Cotton Bowl Football Contest this week with a perfect entry.

He was the only contestant from a slate of 143 to name all 10 winners and win the \$5 first prize.

Second place winner was Lloyd Gober with nine correct games. He missed the tie-breaker eight points. Mrs. Paul (Ola Lee) Jones took third, correctly naming nine winners and missing the tie-breaker 18 points. The two won \$3 and \$1, respectively.

Eight entries picked nine winners this week. Other than the winners, they were submitted by Ann Clearman, Chris Moss of Farwell, Joe Tarter of Friona, Rick Pullig, Albert Johnson of Farwell, and Nola Read. Their tie-breakers placed them in the order above.

Harry J. Charles pulled up to tie Mrs. Bobby Cumpston for the lead in the contest, now five weeks old. Both have correctly picked 39 out of 50 games. Last week Charles and Jerry Burnett were tied in second place with Mrs. Cumpston one point ahead. In this week's contest, Charles named eight winners and Mrs. Cumpston seven. Burnett, however, failed to remain in the top three.

Behind the leaders in the 13-week contest are Jimmie Clements, Mike Grissom and Ola Lee Jones, each with 36 to their credit. Those standing at the 35 mark are Wendell Garner, Jerry Burnett, Albert Johnson, Leroy Lance, Truck Lusk and John Wilson.

This week's event saw 26 entries name eight winners; 49, seven; 35, six; 13, five; nine, four; while one person each named three and two.

Overall winner in the contest wins a trip for two to the Cotton Bowl game in Dallas, while weekly winners are awarded cash prizes.

Wilson First --

Beet Harvest Begins Monday

Sugar beet harvest got underway here Monday morning with Robert E. Wilson delivering the first load to the Holly sugar loading station at Bovina.

With the first day of loading beets from trucks to box cars, a large number of loads were being delivered Monday morning by area farmers who have contracted with Holly Sugar Co.

This year the harvest is expected to last longer than usual, since quotas have been raised about one-third by the processing company.

Under the new quotas, over 3,000 acres have been planted

FIRST LOAD OF BEETS -- Robert E. Wilson, right, delivered the first load of sugar beets to the Holly Sugar loading station in Bovina Monday morning. In center background is Mrs. Wilson and at left is Louis Serna, dump operator. Beets are dumped into a pit below the truck and travel up the chute at left. From there they are dumped into boxcars below. An entire truckload is transferred from truck to boxcar in a matter of minutes.

Education Class For Adults Set

Adult education will be offered for the second year in Bovina Schools, according to Elementary Principal Tom Templeton. First session will be held Monday from 7 to 9:30 p.m.

Classes will be held two nights each week, Monday and Tuesday, at those hours, Templeton said. There is no charge for registering in the adult education course since it is financed by the federal government, according to Templeton.

Any adult who has not gone higher than the eighth grade in school is eligible to enroll in the class.

Jay Boothe, fifth grade teacher in Bovina Schools, will be the instructor. A basic education course will be offered, including English, writing, mathematics, reading and citizenship. It is also designed for those adults who do not speak English.

Weather by Willie

More dry weather, warm days and cool nights. Maybe a few scattered showers. Our first light frost was Sept. 8.

---Willie

BOVINA'S FIRST BALE -- 1967 gave up its first bale of cotton Thursday when John Sikes, right, received the 50 cent per pound bonus price from Lawlis Gin Co. With Sikes are Juan DeLarosa, Ovid Lawlis and Billy Harbison, all of the gin company here. Sitting atop the bale is Keith Lawlis of Amarillo, grandson of the gin owner.

Ginned At Lawlis --

Sikes Produces First '67 Cotton

The first bale of 1967 cotton was delivered at the First State Bank at 2 p.m. Thursday.

John Sikes is the producer of the first 1967 cotton and Lawlis Gin Co. ginned the bale, which contained 505 pounds of lint and 850 pounds of seed. Lawlis Gin paid Sikes 50 cents a pound for the first bale ginned here this year. Ovid Lawlis, owner and operator, said staple length is about 1 1/32 middling cotton.

The bale was pulled Wednesday and Thursday from about five acres three miles south and two and one-half miles east of Bovina. The cotton is Payment 111 planted April 20, Sikes said he watered the field only one time about Aug. 15. This year he has 77 acres of cotton planted.

The field from which the cotton was pulled is on a section of land owned by the McQueen estate, which Sikes farms along

with another three-quarter section in Parmer County.

The bale was ginned at Lawlis at 1 p.m. Thursday and delivered at the bank an hour later.

Lawlis said the first bale of cotton is about two weeks later than usual. However, he doesn't expect much cotton to come into the gin until about two weeks following the first freeze.

Few farmers are expected to use defoliants this year unless the first freeze is abnormally late.

Pat Jacobs.News Editor

BOVINA'S WEATHER BUREAU -- Willie Williams has been predicting the weather in The Bovina Blade for 10 years, having issued his first forecast Oct. 9, 1957. Not only does he predict the weather, but he also records it. The U. S. Weather Bureau rain gauge, by which Willie is standing, is located at his home.

In Blade --

Willie's Weather Has 10th Birthday

By Pat Jacobs

This week marks the 10th anniversary of the page one feature, "Weather by Willie," which has appeared in The Bovina Blade over 500 times. Willie is W. E. Williams, who began the feature when he was in the dry goods business here. It continues to be a "must" when the front page is made up each Tuesday afternoon.

During the past 10 years, Willie has predicted the weather for the coming week with about 85 per cent accuracy. Asked how he goes about figuring out what the weather will do in West Texas and Bovina in particular, Willie says he bases his predictions on the moon and stars. "Sometimes

it's just hunches and sometimes it's just to disagree with Dan True."

Once in awhile, someone compliments him on his correct predictions -- like the day J. D. Kirkpatrick paid for his coffee and said the farmers here should never let Willie buy his own -- since he is so accurate in letting them know in advance what to expect from Mother Nature.

On the other hand, when Willie makes a mistake, he hears about it. In fact, Willie says Aubrey Brock is his real "thorn in the side."

One of Willie's weather reports in the spring of 1966 made the Associated Press wires and appeared in almost every daily newspaper in the nation.

On April 5, 1966 Bovina received a freakish four-inch snow while surrounding towns only received traces. The trees already had new leaves and peach trees were blooming. Willie had predicted "moisture by the weekend," but admits he had rain in mind.

Following the report in newspapers across the nation, Willie heard from many old friends over Texas as well as in other states.

When the first "Weather by Willie" appeared in the Oct. 9, 1957 edition of The Blade, it was announced by the following comments:

"With this issue, a new page one feature begins in The Blade.

"It will be headed "Weather

by Willie," and will offer accurate predictions of coming weather. At least, it will be as accurate as Willie Williams, local dry goods man, can foresee it.

"Williams, who has been a Bovina resident for many years, has spent a lot of time studying the weather and has done a lot of unofficial forecasting. He was, when asked to take on this new assignment for The Blade, afraid it "would be putting me on the spot too much." However, after thinking the idea over for a few days, he agreed to try it "for awhile."

"Speaking of the time Willie has been in Bovina, he says in his own words, "I came here when the sun was just a little bitty thing, and there was no

Whittlin' --
(Continued from Page 1)

with 20 or 30 being a more realistic figure.

At the end of that time, perhaps we'll be glad that Water, Inc. was organized and working back in 1967.

Had we any kind of decency at all, we'd have lowered this column heading to halfmast or something in sympathy for our Texas Tech football fan friends who are bitterly sad this week following their team's upset Saturday night by lowly Mississippi State.

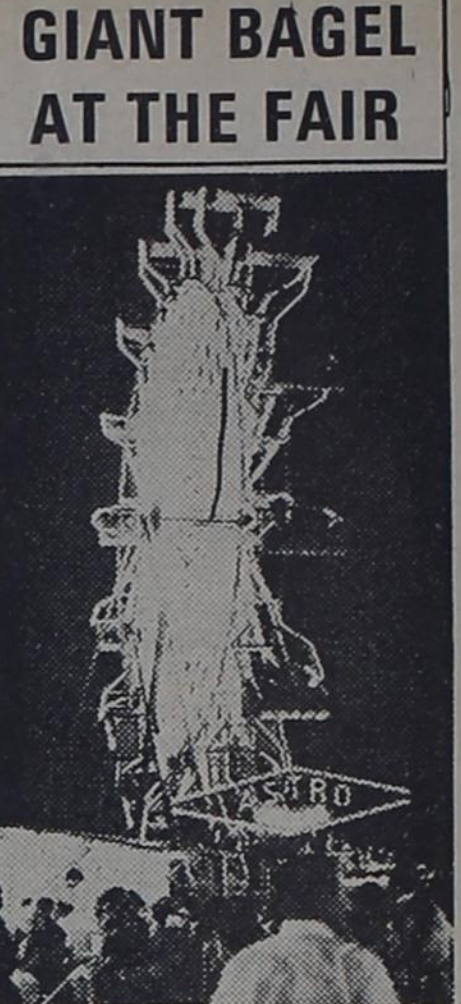

This week, as all Southwest Conference fans are well aware, Texas A&M comes to Lubbock for a tilt with the Raiders.

Could this make for two losses in succession for the Raiders?

moon a'tall."

"Read "Weather by Willie" each week in The Bovina Blade."

Residents have read the feature each week for 10 years. It could be omitted for a week and The Blade's mail would probably double.

The Astro Wheel, the only ride of its kind in the country, will make its debut on the Million Dollar Midway Oct. 7-22 at the State Fair of Texas in Dallas. The huge wheel provides a thrilling ride in addition to a breathtaking panoramic view of the fair and downtown Dallas.

Reflections From The Blade

TEN YEARS AGO
Oct. 9, 1957

Bovina school board of education voted unanimously in a regular meeting Monday night to start action to collect delinquent taxes.

Superintendent Warren Morton explained that it was not the board's idea to "get tough" about past taxes, but "it's just not fair to the people who do pay taxes to have some who don't."

O. W. Rhinehart, local real estate man and farmer, who owns the building which the post office occupies, has announced that agreement between himself and the government has been reached concerning remodeling the post office.

With this issue, a new page one feature begins in The Blade. It will be headed "Weather by Willie," and will offer accurate predictions of coming weather. At least, it will be as accurate as Willie Williams, local dry goods man, can foresee it.

Members of Bovina Church of Christ have announced the selection of a new minister, Alfred White, formerly of Canadian, will become minister to the local church October 15.

In the interest of getting Bovina's insurance key rate lowered, Mayor J. E. Sherrill and City Secretary Henry Minter went to Austin Tuesday to confer with the state insurance commission.

Thirty members of the Future Homemakers of America and five adults returned home Sunday afternoon from a weekend at the state fair in Dallas.

Board Okays Year's Budget

Members of Bovina school board met Monday night and heard the auditor's report along with regular business.

The official school budget was adopted for the coming year.

Estimated expenditures for the 1967-'68 school year are \$619,558, including salaries of teachers and other employees of the school district, according to L. F. Jacobs, superintendent.

Board members approved the color scheme for the new elementary building being constructed on Highway 86 and Ninth Street. Green carpet will be installed in the building, while walls will be an off-white

vinyl fabric. Other colors will be shades of tan and brown.

The school bus, for which bids had been advertised, was sold to Boy Scout Troop No. 202 in Bovina at a cost of \$200. The bid was the only one received by the school district.

Other action included giving the "go ahead" signal for paving the street behind the existing school building, as well as a parking area for school busses.

A bid for \$1.55 per square yard was approved for the paving, submitted by Jake Diehl. However, a contract has not yet been granted.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

Oklahoma Lane 4-H Club has about completed its membership. Some new volunteer adult leaders will help with the increased enrollment. Mrs. James Ensor will work with clothing project groups and Mrs. James Craig will be leader of a photography group. Lee Hutchins, electrician, will work with the electricity group. That reminds me, too, there will be an electric 4-H Camp next July at the Scott-Able 4-H Camp near Cloudercroft - this was not held this year.

Parents who want their children's grades to improve might remember this:

Good breakfast and good school grades go hand in hand. A child who habitually skips breakfast often has a lower mental alertness and let down in energy. Also, scientific research and studies have shown that lack of protein in the first five years of a child's life can cause mental retardation.

A WORD TO THE WISE
Wise selection of food is important whether the product is fresh or processed in some manner. It really doesn't matter if the food is prepared from the beginning, whether it came partially prepared from a box or can, or whether we say "What's cooking?" or "What's soaking?" Your first responsibility is to help your family establish and maintain sound eating habits for a lifetime.

CARE OF 'LEFT-OVERS'
No need to let leftovers cool down to room temperature before refrigerating. Modern-day refrigerators are capable of handling even a freshly roasted 25-pound turkey. Uncover and leave as much surface exposed to the cold air as possible. When cooled, the meat and left-overs should be covered or wrapped to prevent excess drying and absorption of off-flavors.
Remember, room temperature 60-70 degrees is just right for growth of bacteria - especially in meats, stock, egg and milk mixtures. It may not "kill," but can cause up-set stomachs when left more than two or three hours unrefrigerated.

4-H enrollment is still in progress. It is hoped this will be completed by the end of October. Leaders are still needed in the Bovina Club. Lazbuddie has a new adult leader, Mrs. Malcolm Carthel. Having been a 4-H member, she is well-qualified to become a good leader. She remarked when visiting with her that she would not take anything for the things she learned in 4-H.

HOME DEMONSTRATION CLUB MEMBERS have a treat in store for October and November. The Rural Homemaker Day in Amarillo October 12, as guests, is a day that clubs

look forward to attending. The luncheon at the County Club and the program activities are always very interesting. In November, the annual luncheon of Home Demonstration Club members is an event that is always enjoyable. The report of the two delegates, Mrs. C.C. Graef and Mrs. Elmer Deyke, will be given. From a brief report the meeting was the best state meeting of Home Demonstration members in several years, and Parmer County Extension Club members won't want to miss the luncheon.

SEWING KNOWLEDGE WORTHWHILE -- Values derived from a study of clothing construction are important whether or not one makes all of their garments, only a part of them, or merely cares for the clothing.
First, standards, workmanship and good fit learned in construction serve as a basis for selection of ready-made garments. Also an appreciation of the importance of clothing to the individual, and opportunity for creativity, is gained. The one who has knowledge and skill in construction has ability to alter and repair clothing which is a means of extending the family clothing dollar.

HOUSECLEANING TIPS -- Only CLEAN CLEAN cloths can do a clean job without smearing dirt around.
Wash cleaning cloths as soon as they look dirty.
Treated dust cloths will pick up every bit of the dust and leave a nice shine on furniture.
Treating cloths - here's how:
Add 2 teaspoon turpentine to a jar of hot sudsy water. Put in a few dust cloths and screw cover on jar. Let soak overnight. Wring out cloths and hang up to dry. Use for dusting - repeat after using.

Collect all the cleaning supplies and tools you need for the cleaning job. Use a basket, with a handle or a small cardboard box or plastic caddy with handle, to carry supplies from place to place while cleaning. Cans with lids make good containers for dusting, polishing, and cleaning cloths. Keep polish, window cleaner, and other supplies in "cleaning caddy", to save steps and time.
Safety first - if mops and oily cloths are put away in closed closet they can start a fire. Keep oily or treated cloths in closed containers.

Rain can turn streets and highways into slippery hazards. TEXANS FOR TRAFFIC SAFETY advise motorists to expect all road surfaces to become highly dangerous during the early minutes of a rainstorm. Sudden stops can become dangerous skids.

Of Interest To THE WOMEN

Club Program Features Federation President

Mrs. B. F. Seay of Andrews, state president of Texas Federation of Women's Clubs, will be the guest speaker when the Bovina Woman's Study Club meets Thursday at 3 p.m. in the club house.

Five clubs from Friona and Farwell have also been invited to attend the meeting.

Mrs. Seay, who will be introduced by Mrs. Ovid Lawlis, will speak on the topic, "Today's Challenges."

Clubs invited for the program are the Modern Study Club, New Horizons Junior Study Club and Friona Woman's Club, all of Friona, and Farwell Study Club.

Hostesses will be Mrs. Lloyd Battey and Mrs. Clarence Jones.

German Club Holds Meet

Officers were elected at the first meeting of the German Club, held in the home of the sponsor, Mrs. Anne Corn Oct. 2.

Rex Cumpton is the president of the organization; Mike Grissom, vice president; Zaida Donaldson, secretary.

Following the business meeting, Mrs. Corn showed pictures of her trip to Germany made last summer.

Refreshments were served to 25 members who attended the meeting.

Club Holds Hobo Party

Members of Gamma Sigma Chapter of Beta Sigma Phi met recently for a hobo party in the home of Mrs. Sue Gibbs in Clovis.

In addition to the members, 10 pledges attended the event. The chapter is accepting donations of 50 cents for a wiglet, which will be given away on Dec. 16. Funds will be used to send a worthwhile area girl to college, members say.

Other recent activities have included the chapter hosting a new car showing in Clovis.

Attending from this area were Mrs. Dick Fellers, Mrs. Truck Lusk, Mrs. Bob Philpot, Mrs. Roy Stone, all of Bovina, and Mrs. Eddie Traxson of Farwell.

The chapter will meet Thursday night in Clovis.

Community Conversation

Mrs. Lula White visited her sister-in-law, Mrs. Leta Kelley, in Earth Sunday.

Mr. and Mrs. Bill Hagens of New York City were here last week visiting her parents, Mr. and Mrs. O. W. Rhinehart. They left here for Los Angeles, Calif. where they planned to visit his mother, Mrs. Hagens is the former Oleta Rhinehart.

SWEETHEART AND PLOWGIRL -- Members of Future Farmers of America chose Miss Eva Jo Clawson, right, as its FFA Sweetheart for 1967-'68 and Miss Pam Grissom, left, as Plowgirl when the group met Monday night. The girls will represent the Bovina Chapter of FFA at various activities this year. The chapter elected Carrol Foster as treasurer of the organization, in addition to other officers recently named.

FEATURE ATTRACTION -- Twirlers of the Bovina High School Mustang Band, who have been performing during halftime shows at football games this fall, are Gala Boyd, freshman; Pam Grissom, sophomore head twirler; and Suzanne Wilson, sophomore. The band, led by drum major Margaret Venable and under direction of Earle Hise, has pleased football fans with its performances this year.

Pam Grissom Wins 'Brown-Eyed Girl'

Pam Grissom was named co-winner in the "Brown-Eyed Girl" contest held at KICA, Clovis, last week.

She and an entry from Tascosa High School, Amarillo, were named the winners, according to Jerry Welch, program director of the radio station.

The contest originated from the record, "Brown-Eyed Girl." Teenage girls with brown eyes were requested to send in snapshots. The winners were announced Sunday.

Pam has been asked to visit KICA studios Wednesday afternoon when a program will be taped before the Teenage Advisory Board. The program will be played at a later time.

The co-winners will be awarded a record of the contest title, an album and one dozen long-stemmed red roses.

Pam is a sophomore in Bovina High School and is the daughter of Mr. and Mrs. Leon Grissom.

Boy Scouts Have Roast In Park

Bovina Boy Scouts held a werner roast in City Park here Thursday night following the Junior High football game.

Guests at the event were the troop members' girl friends. The Bovina troop now has about 20 members. Glenn Thomas and Glenden Sudderth are scoutmasters and receive a large amount of assistance from Tom Bonds and Wayne Spears.

Boy Scout meetings are held each Monday at 7:30 p.m. in the Scout Hut, next door to City Hall. Boys interested in becoming Boy Scouts are invited.

High School Principal and Mrs. Gary Cox returned home Tuesday morning from Houston, where he attended the state meeting for Secondary School Principals.

4-H Plans Party Here

The annual Halloween party for Bovina 4-H Club will be at 7:30 p.m., Saturday at the George Trimble barn, according to Mrs. Earle Hise, adult leader.

All parents of the 25 members of the Bovina organization are invited to attend.

Those wishing to become members of the 4-H Club have a special invitation to attend the party, Mrs. Hise said.

Know The Truth

By Lavern Stewart

Luke 8:19-21, "Then came to him his mother and his brethren, and could not come at him for the press. And it was told him by certain which said, Thy mother and thy brethren stand without, desiring to see thee. And he answered and said unto them, my mother and my brethren are these which hear the word of God, and do it." Here Jesus shows that spiritual ties must take precedence over fleshly ties. Fleshly relationship was designed to propagate the race. This tie of flesh will end at the grave because our Lord tells us, in Luke 20:35, that in heaven the relationship of husband and wife -- the basis of all other earthly ties -- will exist no more. Some have tried to elevate Mary, the mother of Jesus, into a divine position because of her relationship to her divine Son, but the passage from Luke 8 shows that anyone can be as close to Jesus as she was. The condition of closeness is doing the will of God. The point in this article is that spiritual kinship is more vital than any relationship of blood. It is blasphemy toward God to speak of Mary as "the mother of God." Jesus was both divine and human, but Mary was the mother of the human part of Him. She gave Him a body like other men, God is the Father of spirits, Heb. 12:9; furthermore, Jesus had an existence with the Father before the world was created, John 1:1-4, Phil. 2:5-8. Anyone who will obey God, and thus be born of Him (John 1:13, 3:5), can be a brother of Jesus. In Romans 8:17, we are told that being children of God means being joint heirs with Christ. Mary was a good woman, but just a woman, and she certainly was not intended by God to stand between man and his Maker. Jesus is the only connection we have with the God of heaven: there is one mediator, 1 Timothy 2:5. If we live righteous lives, that is, do the will of the Father, 1 Peter 3:12, and John 16:24, we have the assurance that God is with us and that He grants our requests that we ask in Christ's name because we are related to Christ.

Church of Christ BOVINA, TEXAS

Scoopin' Around

By Pat Jacobs

At this time there are approximately a dozen Bovina boys in Vietnam. Eight of them are receiving The Bovina Blade, compliments of the Teenage Club.

In spite of the pacifists, demonstrators and those who would soon turn the world over to the Communists, these boys are putting their lives on the line for freedom and democracy. The majority of Americans (the ones without beards, long hair and a pocket full of LSD) are proud of our boys and their courage on the battlefield.

Still, many are becoming restless about the war. Some want to pull out of Vietnam and leave it for the buzzards. Others just want to get this thing over once and for all and bring the boys back where they belong. This column is supporting the latter.

What this country does NOT need is a 40-year war. Because of this conviction, it is most disturbing to hear howls of pain from some segments of the U. S. about the bombing of Hanoi. Who started this war, anyway?

If our football games were run like the wars in Vietnam, Korea or the Cuban threat, it might go something like this: Coach (in pre-game huddle): Get out there and play ball. Don't try to win. We can't afford to hurt their feelings. But hold your own and don't let them score.

Announcer: There's the whistle -- and the kickoff. Snakey Commie takes the ball on the Reds' own 15 yard line. He's to the 20, and is softly tackled on the 25. Careful there, Blue, not too rough.

Quarterback Commie is calling the signal, the ball is snapped and the Red Shirt pulls a sneaker. Hey, those Reds are clipping all over the place. Commie is tapped on the shoulder at the 50-yard line and asked to stop. He rudely refuses. He's to the 40, the 35, and finally pulled down on the 30.

The Blues are in a huddle. Coach is sending in Joe Blow. Will they stop the Reds?

The ball is snapped. The Blues stop Commie cold. What's that from the Blue cheering section? Boos and cat calls? "You bum--you might have hurt him."

Three more tries -- the ball goes over on downs. The Blues begin their drive. Short gains. Cheers. Be careful, Don't jump offside.

Quarterback Blow fades back, throws a long pass. It's complete to the Commie's 20 yard line.

A picket line is forming on the sidelines, complete with placards lettered "Stop the game, stop the game." Say, some of those pickets came over from the other stands.

The cheerleaders and pep squad are chanting, "We want a touch down." The band is playing the national anthem.

Another play goes in via the sideline. Will the coach dare let the Blues score? If he does, the Reds will surely strike back. The officials call time out. They are admonishing the Blues for aggression. They are talking to the Reds.

Whoops, there's the whistle ending the first half.

Speaking of servicemen, Dixie McCutchan was notified Tuesday morning that son A2C Elbert L. McCutchan, Jr. received his honorable discharge from the U. S. Air Force on Jan. 10, 1967.

It so happens that is the day he enlisted for four years in the service -- and has over three years to go. The notification also related the news that he had been recommended for "re-enlistment."

The airman is stationed in Florida.

Hospital Notes

Mrs. Shirley Kesner was released Monday from Parmer County Community Hospital where she has been a medical patient. She is reported to be slowly improving.

Fad, Fallacy Of Food Told

Food fads and fallacies is the subject for discussion in County Extension Clubs this month and a very timely one for just about any group, according to HD Agent Crickett Taylor.

Food quackery and diet fads are rampant! Faddism and nutritional nonsense have created a major health problem. More than \$500 million dollars is squandered each year by Americans on food fads. These people are fooled with "health foods," "wonder diets," or "super pills" thinking they will produce magical results. They don't want to accept basic scientific facts about food and nutrition.

Why, we may ask, are intelligent people taken in by this modern version of the "medicine man?"

Many persons have heard a little about vitamins, minerals, protein and calcium as well as calories, but have not had the opportunity or taken the trouble to learn enough to understand what is fact and what is fiction. A little knowledge can be dangerous. Fortunately for many people in good health, most of these "fad" products are harmless because U. S. Food and Drug Administration inspects and assures the purity and safety of food and drugs being sold.

A popular product, for example, is a so-called "iodine ration." For this, the customer pays \$1.00 a bottle when he can get the necessary amount of iodine in his diet from common iodized table salt for a couple pennies a week for a family of four.

The fact is that the American food supply is unsurpassed in nutritional value, volume and variety yet food faddists and some food promoters circulate false ideas about nutrition that can be dangerous to health -- especially if one accepts their advice and product in lieu of a balanced diet (fruits, vegetables, meats, bread and milk products) or medical care.

Good sound advice is: Don't be a "do-it-yourself medicine man." It can endanger your health if you believe exaggerated claims.

Bovina Area Churches Welcome You!

Church Chuckles by CARTWRIGHT

"You sure are lucky! Usually this ground is like concrete!"

I Am A Heavenward Bound Child Of God.
"I will come again and receive you unto myself; that where I am ye may be also." John 14, 3.

Where is my Savior now? I believe with the church throughout the ages that "He ascended into heaven, sitteth on the right hand of God, from thence He shall come to judge the quick and the dead." And when He comes He will take me, His child, with Him, that I may be with Him forever. That faith effects my whole outlook on life. I am no longer an earthbound, but a heavenbound creature. I no longer look for the things that are seen and temporal but for the things that are unseen and eternal. This earth is not my real home. I am just a pilgrim passing through. My real home is in those mansions which my Savior is even now preparing for me. And the way to that home? He tells me very plainly, "I am the way the truth and the life." "He that believeth on the Son hath everlasting life, and shall never come into condemnation, but is passed from death into life."

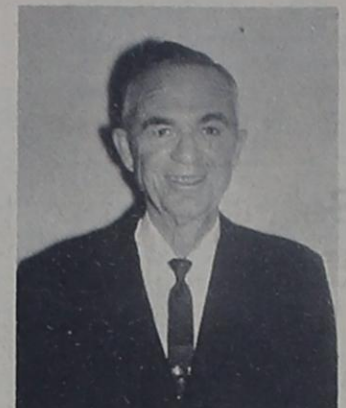

"I'm but a stranger here;
Heaven is my home,
Earth is a desert dread,
Heaven is my home,
Danger and sorrow stand
Round me on every hand,
Heaven is my fatherland,
Heaven is my home"

In Bovina Saturday Night --

90 Attend Annual Convention Of FB

"Our ability to produce food and fiber is what makes our country great and free," Jack Tomkins, Amarillo television farm reporter said as he gave the principal address at the annual convention of Farmer County Farm Bureau Saturday night.

The meeting, attended by approximately 90, was in Bovina Schools cafeteria. Presiding was Harry Hamilton of Friona, president of the organization, who was elected to another term.

In the resolution portion of the program, the membership voted in favor of increased state sales tax if more revenue is necessary for the state; voted that the state constitution should be revised at next session of legislature; agreed that the state legislature should meet each year instead of every two years; favored two year terms for elected officials of the state instead of four; voted against additional laws restricting the purchase of firearms;

---voted that the United States should withdraw from the United Nations and then get the United Nations out of the United States.

---went on record as being opposed to more federal control of schools;

---voted in favor of more rigid laws to control obscene literature, television and movies.

Adopted also was a resolution presented by Herman Gerles whereby the present 10 cent per acre fee for the use of 2-4D on crops would be done away with. In proposing the resolution, Gerles explained that the present law is not enforced and is useless in its present form.

Membership in the county organization now totals 537, an increase of 44 over a year ago, reported Don Gerles, membership chairman, who was elected vice president.

Elected directors were Bill Brandt, Ralph Roming, Glenn Lust, Charles Hough and John Christian.

Bill Carmack, county FB service agent, gave a report on insurance in force.

Randy Ellis, son of Mr. and Mrs. Gene Ellis of Hub, reported on the Farm Bureau student seminar he attended at Baylor

University in Waco during August.

Pins were awarded to outstanding 4-H Club members of the county.

Receiving the pins were Audrey Magness and Al Kerby, Bovina; Debra Harding and Darwin Green, Farwell; Ann Blackstone and Lloyd Clark, Lazbuddie; Susan Symcox and Randy Gregory, Farwell; Karen Hart and Garvin Thorn, Friona junior; and Jan Jameson and Rusty Linderman, Friona senior.

"The knowledge of our farmers is the most precious commodity we have," Tomkins said. "We must have strong agriculture if we're going to have a free place to live."

Directors were named delegates to the state convention which is scheduled in Austin November 13-14-15.

The convention meal featured barbecued beef, Ed Hardage of Farwell provided organ dinner music.

Max Crim of Lazbuddie, secretary-treasurer read minutes of last year's convention, which was held in Farwell, and gave a financial report. This was the 19th annual convention.

The attendance at the convention this year was the "largest in years," Hamilton said.

FARM BUREAU TALK -- Jack Tomkins, left, Amarillo television farm reporter, visits with Ralph Roming of Bovina, a director of Farmer County Farm Bureau, following the Saturday night convention of the organization.

Says Agent --

Pamper Clothes In Laundering

Pampering your laundry goes a long way toward saving ironing time, says Cricket B. Taylor, Extension County Home Demonstration Agent.

The agent suggests the following ways to get good results from easy-care fabrics and prevent laundry wrinkles:

Wash in small loads -- big loads can compress garments and wrinkle them.

Wash easy-care fabrics often. Don't wait for heavy soil to build up. Fresh soil and

stains are easy to remove. The longer the delay in washing, the harder it is to get out stains.

Pretreat greasy soil with cleaning fluid, full strength liquid detergent or detergent paste. Work detergent into fabric and soak 10 to 15 minutes for color-fast fabrics.

Use cool or warm water. If necessary for soil removal, you may use hot water for washing, but do not spin out the wash water until it feels cool to the hands. Adjusting controls by

CONVENTION CONFAB -- Harry Hamilton, center, president of Farmer County Farm Bureau, is taking care of paper work of the organization at the annual county convention Saturday night at Bovina Schools cafeteria. At left is Gilbert Kaltwasser, a past president of the farmers' organization.

hand -- if necessary -- can save ironing.

Wash only long enough to remove soil.

Rinse in water that feels cool or cold to the hands (below 98 degrees F.)

Shorten the water extraction time after wash and rinse cycles, if not automatically done by your machine.

When clothes are nearly dry, tumble for 10 minutes without heat.

Remove immediately and hang.

Many new models of washers and dryers have durable press or wash and wear settings which automatically regulate or "program" short cycles and desirable temperatures for washing, spinning and drying, she points out. This makes hand regulation of controls unnecessary.

BIG FREDDIE READY FOR FAIR QUESTIONS

PROGRAMMED FOR FUN -- that's Freddie Ford, who will be answering fairgoers' questions Oct. 7-22 at the 1967 State Fair of Texas in Dallas. Freddie will be in the Ford Exhibit in the Automobile Show, answering such questions as "How can I stop biting my nails?" -- and Freddie is full of enough nails to be an authority.
DRIVER EDUCATION FOR ALL TEXAS TEENS
Driver education will soon be available to all Texas teens and TEXANS FOR TRAFFIC SAFETY predicts that this measure, made possible by the new traffic safety laws, will eventually decrease the number of teens killed and injured in traffic accidents. The State will establish standards and may contract with independent school districts and other agencies in order to spread this program throughout the State.

Report From Sheriff's Office
Sheriff Charlie Lovelace reports that around the middle of last week, Western Ammonia at Black was scene of a burglary and vandalism. Nothing was taken except keys to the business; however much damage was done to the gas pumps and other areas of the business.
On Saturday, Tommy J. Seagraves was arrested in Dallas County on a warrant from the local officials. He is charged with lightening rod swindle in the amount of \$400 from Mrs. J. H. Steelman on August 11. He has made bond of \$1,000 and is awaiting action of the grand jury. Officers had been seeking Seagraves, along with two other men not yet apprehended, since the incident. He is also wanted in several counties in Texas on the same charge.
LeRoy Tighe also from Dallas County is in custody on a theft charge. He is awaiting grand jury action.

Contest Rules

1. There are 10 high school and/or college football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl game plus hotel, food and traveling expenses to Dallas and the January 1, 1968 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p.m. or postmarked by 5 p.m. Friday.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.

At Sudan Friday Night --

Mustangs Seek First District 3-A Victory

The Bovina Mustangs start District 3-A play for the 1967 season Friday night. They meet the Sudan Hornets at Sudan in the district lid-lifter.

Kickoff time is 8 p.m. This is the Mustangs' second year to compete in a Class A district and they'll be seeking

their first win in conference play.

Sudan has a 3-2 record for the season while the Mustangs are 2-3.

Sudan has been defeated by Seagraves, 22-15, and by Plains, 28-12. Bovina lost to Plains, 21-16.

On the basis of how the two teams, played Plains, the Mustangs would have a slight edge. However, the game will probably be rated a tossup.

Sudan has won from Amherst, Sundown and Anton, all Class B schools.

The Mustangs' two victories have also been from Class B clubs, Cooper and Happy. Bovina has lost to Friona, Plains and Claude.

The Mustangs will be as near at full strength as they have been for the past two weeks with the return of Halfback Lynn Murphy and Center Kent Stanberry. Also, Tommy Sisco, starting halfback who saw only limited action last week against Claude, is expected to be ready to play against the Hornets.

Eventhough the three will be able to play, they will possibly not be at top speed because of their injuries, Coach Roy Stone points out.

Sudan's offense is based on speed, according to Coach Stone. "We'll have to stop their speed to win," he says. "When we make a defensive mistake, they'll score because they have the speed to breakaway once they get into our defensive secondary."

Sudan won last year's game, played here, 33-0. The score was only 6-0 at the half, however, as the tilt was closer than the final count indicated.

In other District 3-A action Friday night, Springlake-Earth meets Farwell at Farwell. Kress, the fifth member of the league, takes on highly-regarded Tahoka in a non-district melee.

Coach Stone said he was disappointed in the team's loss to Claude last week.

He had praise, however, for the blocking of Center Johnie Hugh Horn and the running of Fullback Carl Harris. Also, he was pleased with the defensive play of Back Daryl Kirkpatrick.

"We didn't play hard enough after we scored first early in the game," the coach commented.

The Mustangs had a record of 2-8 last year, their first as a member of a Class A district. They have already equalled that win total this year and a win over Sudan would assure them of an improved season mark and at the same time would give them their first Class A district victory.

Over Lazbuddie --

Harris Leads Colt Victory

Bovina Colts won a 19-12 victory over Lazbuddie there Thursday afternoon as Halfback Jimmy Harris ran wild to account for all of Bovina's scores.

Taking the ball on the third play of the game, Harris broke loose on a reverse and outran the defenders 65 yards for paydirt. Try for extra point was unsuccessful and Bovina led 6-0.

Lazbuddie came back to make a touchdown for themselves, but was also unsuccessful on the extra points try, and the half-ended with the score tied 6-6.

Lazbuddie took the lead on the scoreboard 12-6 when the team ran the opening kickoff of the second half all the way back for a TD.

Still in the third quarter Defensive Halfback Kim Rundell, intercepted a Lazbuddie pass, and on the next play Harris broke through the middle and again led a 65-yard sprint downfield for a touchdown.

Harris kicked the extra point and Bovina led 13-12.

Late in the fourth quarter Defensive Guard Glen Hise blocked a Lazbuddie punt, Harris caught the blocked ball and

ran 50 yards for his third TD of the afternoon.

Benny McCain was credited with doing a good job quarterbacking during the first half of the game, while HB Bobby McMeans added punch to Bovina's offense in the running department.

Outstanding on defense were Middle Linebacker Hugh Rogers, Glen Hise, Defensive Tackle Raymond Hise and Rundell.

Seventh and eighth grade teams play two games here Thursday when Sudan comes to town. Game times are 5 and 6:30 p.m.

By 42-12 Count --

Claude Kicks Bovina; Season's Third Loss

A disastrous first quarter sent Bovina's Mustangs reeling to their third loss in the five games of the 1967 season Friday night at Claude.

The Claude team, also nicknamed the Mustangs, racked up 28 points in the fatal opening period and went on to win by a 42-12 count.

The Bovinians drew first blood early in the game, but were unable to hold onto the advantage as Claude roared back for four touchdowns, an equal number of extra points and a 28-point first period total.

Claude marked up most of its first period yardage on the passing arm of Quarterback Edwin Campbell, who threw scoring strikes of 39 and 28 yards and set up another score with two 19 yard pitches.

A pass intercepted and return of 50 yards by Claude's Gary King also put six points

on the home team's side of the ledger.

Bovina's opening touchdown came the first time they had the ball -- just six plays deep into the game. Fullback Carl Harris, who paced the Maroon and White offense, ramed over from the one. The extra point attempt failed.

Claude tacked on another scoring effort in the second period and led at the halftime break, 28-6. The second quarter score came on a 12-yard pass play with Campbell again doing the firing.

In spite of the odds against them, Bovina's outnumbered troops battled back in the third stanza to hold the larger Mustangs scoreless and get a second TD for themselves.

The six-pointer came at the end of a 61-yard drive which was punched out on the ground, Halfback Stuart McMeans banged the ball across the double stripe

from four yards out for the counter.

Quarterback Daryl Kirkpatrick was stopped in his attempt to carry over the two extra points.

Claude tacked on its final score in the fourth period on an eight-yard jaunt by Johnny Kennedy.

The loss was the worst of the season for the Mustangs who were playing without the services of two regulars, Halfback Lynn Murphy and Center Kent Stanberry, while another, Halfback Tommy Sisco saw only limited action due to a shoulder injury, Murphy and Stanberry have knee injuries.

The game was marred with penalties -- Bovina was set back by the officials 11 times for a total of 135 yards and Claude had 10 penalties for 73 yards. Kirkpatrick completed three

passes for a total of 74 yards. Harris was the top hand in the ball carrying department as he netted 61 yards in 17 tries.

McMeans gained 47 yards in 11 attempts, Quintana picked up 14 yards in six times and Sisco was one for one.

Thaw Turkey In Paper Bag

Thawing frozen turkeys at room temperature is now safe and practical, says Cricket B. Taylor, county home demonstration agent.

The secret is to thaw the turkey in a closed paper bag. The bag keeps the temperature low enough to protect quality, the agent says, and this method is more convenient than thawing in a refrigerator or under tap water.

Many processors hesitate to

recommend room-temperature thawing, Mrs. Taylor points out. Although this has been a common practice, the outside surface of the bird can be exposed long enough and at temperatures high enough for bacteria to multiply.

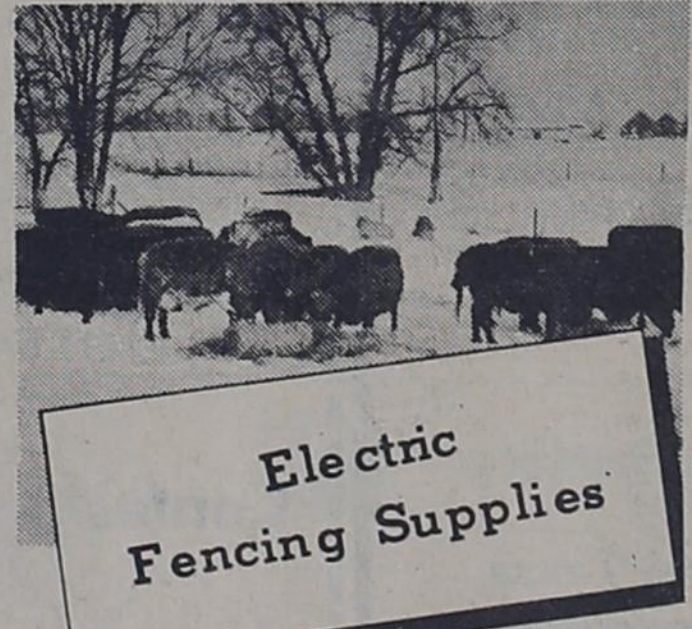

Refrigerator thawing avoids this danger. But, research has shown that if the bird is kept in its plastic wrap and placed in a paper bag at room temperature, the atmosphere inside

the bag is only slightly warmer than the atmosphere of the refrigerator. Thus, the bird can be thawed completely without exposing the surface to temperature higher than 55 degrees F., the agent points out.

Large birds, 20 to 25 pounds, should thaw for 16 hours; smaller birds, 8 to 12 pounds, should thaw for 12 hours.

Cook the turkey within one to three hours after thawing, Mrs. Taylor recommends.

Two Juniors To Assist On Yearbook

Two junior students in Bovina High School have been selected as junior editors of the school annual, according to Mrs. Janie Sudderth, sponsor.

Sheryl Lane and Myrna Ritchie will serve as assistants to the editors of the annual staff, Judy Dendy and Eugene Bowman.

Others making up the staff this year are students of the senior class, Mrs. Sudderth said.

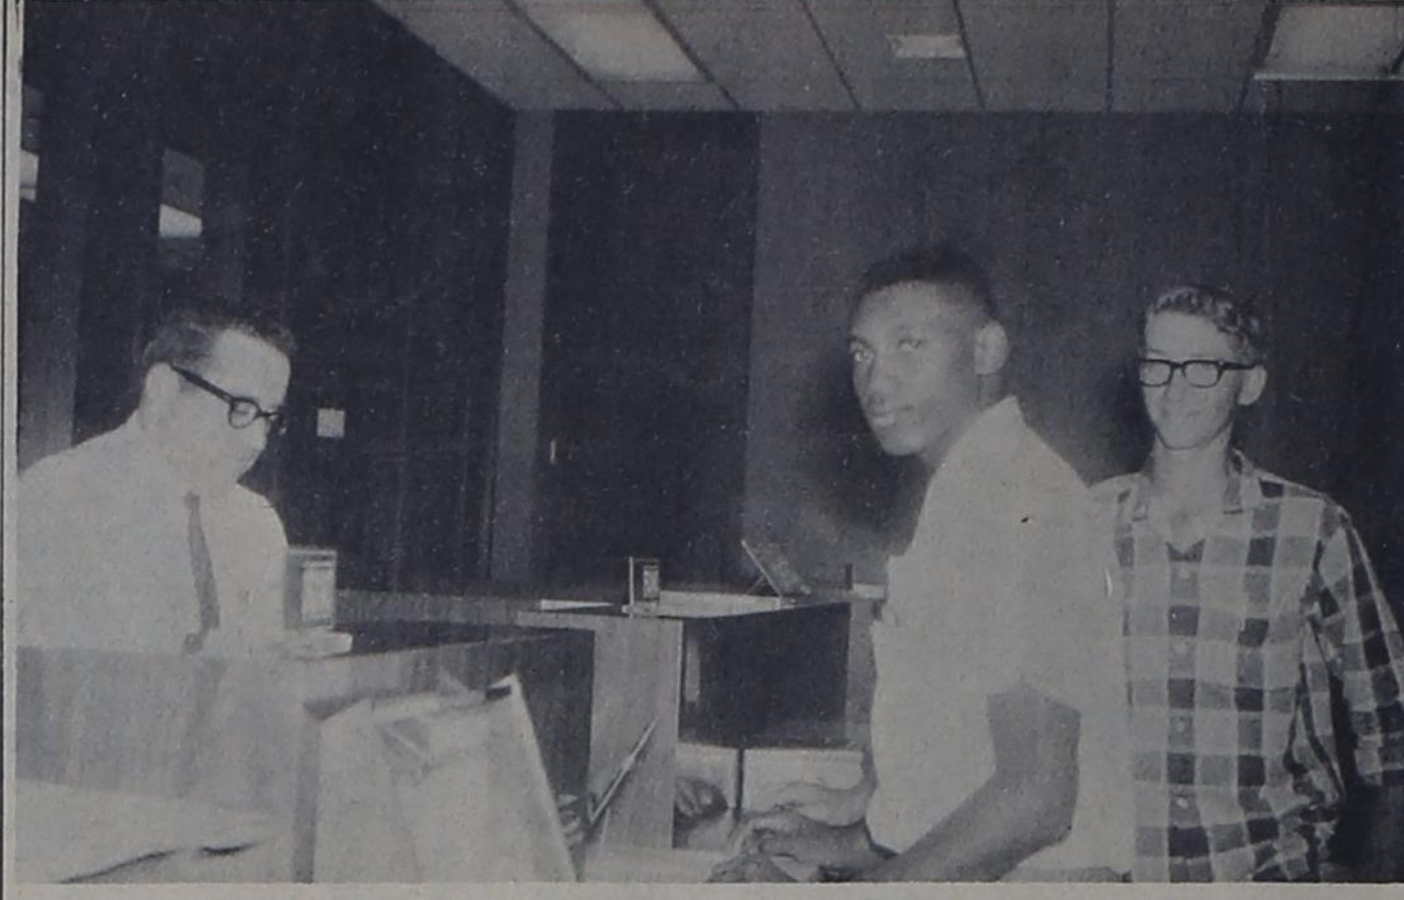

Bandsman Named Here

David Dixon is bandsman of the week, selected for the honor by student members of Bovina High School band.

The son of Mr. and Mrs. John Dixon, David is 15 years old and is a freshman.

He has served as first chair coronet the past two years and is active in the stage band.

David has won several first ratings at contests, playing the coronet.

READY TO LEAVE -- Carl Harris, center, and Roy Lee Stowers, right, obtained traveler's checks from Cashier Alfred Moody at First State Bank in Bovina before leaving for New York City Monday. Carl taped a show for the Ted Mack Amateur Hour on Tuesday night, which will be telecast Dec. 24.

Harris Tapes CBS-TV Show

Carl Harris, accompanied by Roy Lee Stowers, returns home today from New York City where he taped a show for the "Ted Mack Amateur Hour" Tuesday night.

The show will be telecast over CBS stations at the regular time on Christmas Eve, Dec. 24.

Carl and Roy Lee left Amarillo Monday morning by jet flight, arriving in New York Monday afternoon.

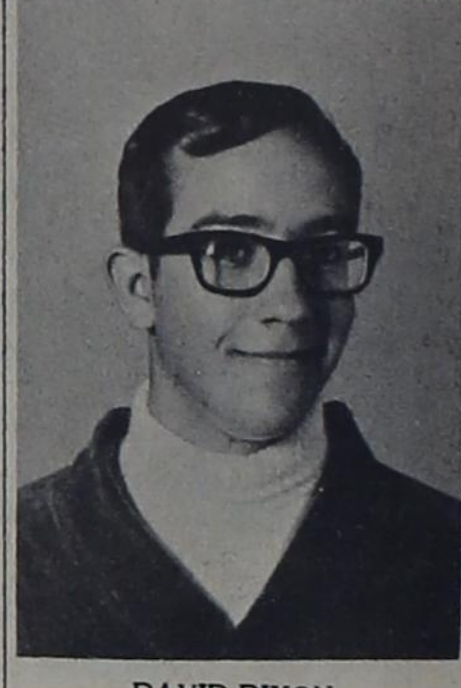

He spent Tuesday afternoon and evening rehearsing for the show, which was taped from 10 to 11 p.m. Tuesday before a live audience.

Carl auditioned for the Ted Mack Show last April in Amarillo, hoping to be called for the taping in Dallas. However, he was recently notified that the show on which he is to appear would be taped in New York.

A senior in Bovina High School, Carl is the son of Mr. and Mrs. Joe Harris. In addition to his singing talent, Carl

Friday: Orange juice, tuna pie, pea salad, rolls, butter, milk, fruit jello.

DAVID DIXON

Hospital Note

Mrs. Margaret Minter reentered Clovis Memorial Hospital Monday morning after being home for about a week.

Mrs. Lady Gaines Armstrong continues to be a patient in Clovis Memorial Hospital, where she has been the past several weeks.

Long before Christ came upon the earth, men were resorting to prayer for divine help.

Realizing the power of prayer, the people of Israel prayed often in appeal for God's blessings and in gratitude for His favors. Almost everyone, in fact, instinctively feels the need for prayer--especially in times of danger and emergency.

It might seem, therefore, that everyone knows how to pray... that the form, language and objectives of prayer are not important... that God will listen as readily to the prayers of the unreligious as to those of the devout.

Some will undoubtedly say, "nobody need tell us how to pray."

And yet the Apostles, watching as Jesus prayed, became aware for the first time of the mighty power of a proper prayer. They could see on the Savior's face as He prayed, the reflection of a great inner peace and refreshment.

So they said to Jesus: "Lord, teach us to pray!"

And Christ replied: "Pray thus... Our Father, Who art in heaven, hallowed be Thy name

"Thy kingdom come, Thy will be done, on earth as it is in heaven. Give us this day our daily bread,

"And forgive us our debts as we also forgive our debtors. And lead us not into temptation, but deliver us from evil."

The words of the Lord's Prayer, of course, are enshrined in the hearts of Christians everywhere. Yet Christ, in giving us this most beautiful prayer of all, did not tell us to "pray this". What He said was: "Pray thus".

He meant that we must pray with the realization that God is truly our Father... that His name

shall be revered as no other... that His will is to be done here and hereafter... that we are to be truly sorry for our injustices to others, and forgiving of those who injure us... and that we are to avoid sin.

People who question the value of prayer will often say they have tried it and "it didn't work." They mean by this, of course, that God did not grant the things for which they prayed. With a better understanding of proper prayer, they would realize that an appeal for God's favor is only one of various kinds of prayer... and that God does not grant every favor we ask.

Proper prayer is not merely a petition for blessings. It is also an expression of our love, devotion and gratitude to God... our acceptance of God as our Father... a submission of our wishes and our will to His wishes and will. The words of many beautiful prayers are readily available, but the important thing is to understand the true meaning of proper prayer. A special pamphlet on prayer will be mailed to you upon request. Nobody will call on you. Write today and ask for Pamphlet No. KC-59.
