## Bulltown Bulletins

By Bill Ellis

AS OF THIS WRITING, the bowl game season is approximately one-half completed, with another big round of games to be played and viewed on television during the New Year's weekend.

Used to be that most of the bowl games were played on January 1, so that you could only see one or two or at the most, three of the bowl games each year.

However, the TV networks have conspired, compared schedules, done some high-powered talking to the bowl people, and as a result, there is hardly a night from mid-December until the first of January in which there isn't a bowl game offered to the sports fans across the nation.

Anyone with an ounce of planning ability now can manage to see anywhere from six to twelve bowl games during this period, not even counting the pro football playoffs, which are interspersed in the schedule, as an added "bonus" to the husbands, and amount to the straw which broke the camel's back to some of the wives.

IN THE PRO playoff ranks, all of the sports fans are still buzzing over the great come-from-behind win by the Dallas Cowboys last Sunday over the Minnesota Vikings.

The Cowboys weren't even supposed to make it to the playoffs this year, and with their win last Sunday, they eliminated one of the teams that had made it to the Super Bowl the last two years. And this years Viking team was being called "Better than the Super Bowl champion team."

The 50-yard bomb, Roger Staubach to Drew Pearson, was a thing of beauty, especially in the cold weather of Minnesota, and with two Viking defenders all over Pearson. The play helped offset a bad call early in the game against the Cowboys, which "gave" Minnesota a touchdown.

An incident marred the contest. It was the bottle-throwing incident that caused a game official to be injured. Personally, we thought it was agitated by Viking quarterback Fran Tarkenton, who threw a

tantrum at one of the officials. It was too bad about Tarkenton's father, who suffered a heart attack and died while watching the game. Someone suggested that the elder Tarkenton, a minister, may have been ashamed of the way his son was acting, bringing on the attack.

THE POLITICAL POT began to boil in Parmer County this week. Friona Police Chief Bill Denney ended several months of speculation as to whether the county would have a contested race for sheriff by announcing for the Democratic

nomination. Denney, Bovina native'and former City Marshal of Bovina, will oppose the longtime officeholder, Charlie Lovelace, who had earlier announced his intentions to seek re-election. The two will meet in the Democratic primary May 1.

Commissioners' seats expire for

the Friona and Farwell precincts. Longtime commissioner Tom Lewellen has indicated that he will not seek re-election. Announcing for the Demo nomination for Lewellen's spot this week was Raymond Euler. Former County Judge Archie

Tarter, beaten in 1974 by present judge Paul Fortenberry, has announced that he will be a candidate for the Farwell-Oklahoma Lane commissioner's post. We don't know whether the incumbent commissioner, Cecil Atchley, plans to run for re-election or not.

So-with the filing deadline still three months away (March 31), it looks from here that 1976, in addition to seeing a lot of fireworks from our nation's Bicentennial, will have its share of political fireworks as well--even down to the local level.

THE ON-AGAIN, off-again postage hike for first class postage was finally settled this week, when a federal appeals court overturned a lower court ruling which had blocked the rate hike from 10 cents to 13 cents.

Originally, the Postal Service had planned to raise first class postage on December 28, but U.S. District Judge John J. Sirica issued an injunction on December 15, halting the increase.

The Postal Service claimed that higher rates were needed immediately in order to meet its payroll.

So, the delay lasted only two days, and it caught local postal authorities off guard, just like it did the customers. Many folks, who had already made a point of using up their ten-cent stamps, came back after Christmas and bought new rolls of ten-centers. Then after the announcement Monday evening, they needed some three centers to go with them.....

# Denney Announces For County Sheriff

Political activity began to simmer somewhat across the county this week, with 1976 scheduled to be a general election year.

A contest developed this week for County Sheriff, when H.R. (Bill) Denney announced as an opponent to incumbent Charlie Lovelace. Denney is currently serving as Friona's Chief of Police.

It's the first time in a number of years for Lovelace to have an opponent for the position. He has served in the capacity of sheriff since 1949.

Denney filed for the Democratic nomination for the position with County Democratic chairman Hollis Horton.

Others filing with the chairman include Raymond Euler, who filed for the position of commissioner for precinct one (Friona-Black and Lakeview). Incumbent commissioner Tom Lewellen, who has held the position since 1960, has indicated that he would not be a candidate for re-election.

Also filing, for commissioner of Precinct 3 (Farwell and Oklahoma Lane) is former County Judge Archie Tarter. Cecil Atchley is the incumbent commissioner. Hugh Moseley, county tax assessor-collector, has filed for re-election.

In addition to the two commissioner spots and the ocunty sheriff's office, other offices which come up for election in 1976 include the District Attorney and County Attorney.

++++ Denney, 54, is a native of Bovina, and has 14 years experience in the field of law enforcement. He is a veteran of World War II, serving in the U.S. Navy.

Following his service in the Navy, Denney farmed and was a mail carrier for the Bovina Star Route for a few years. In 1962, he was employed as city marshal by the City of Bovina, a position he held until September of 1967.

Denney moved to Friona in 1967, where he was employed by the City of Friona as a patrolman. In September of 1971, he was appointed as Chief of Police, and has served in

this capacity since that time. He is certified as a law enforcement officer, having completed law enforcement courses at Amarillo College.

"In announcing as a candidate for sheriff of Parmer County on the Democratic ticket in the May primary election, I want the people to know that I would like the opportunity of serving them as their sheriff," Denney said this week.

## Combination **Issue Mailed** This Week

This week's "double issue" is being mailed to all subscribers of both the Friona Star and Bovina Blade, due to the midweek holiday. Friona subscribers did not receive a paper on December 28, and Bovina subscribers are receiving this issue in place of the regular December 31 edition.

This week's edition will contain news and advertising for both Friona and Bovina that ordinarily would be contained only in the separate editions.

Following the holidays and a return to normal printing routines, deadlines for next week's editions will return to their regular times-Tuesday noon for the Bovina Blade and Thursday noon for the Friona

Euler, 59, has been a Friona resident for 50 years. He has been engaged in farming, and also was in

the insurance business for 20 years. He was the Parmer County agent for Farm Bureau Insurance for 17 years and later was an independent insurance salesman. He said his only prior political involvement was serving as a county board member on the High Plains Underground Water District.

"If elected, I will try to do the things the people of this precinct would like to have accomplished," Euler said.

## Schools To Resume On Monday

Schools in Friona and Bovina will resume at the regular time on Monday, January 5, following a 12-day break for the Christmas-New Year holiday.

Both schools dismissed December 23 for the annual holiday break. Teachers and students will have to go back to "business as usual" beginning Monday.

STARTS FUND....Leo Ruzicka. longtime businessman from the Hub community, has announced a scholarship fund which he has started, to benefit seniors from both

Bovina and Friona Schools. Ruzicka shows Bovina Superintendent L.F. Jacobs the Certificate of Deposit, whose interest will yield the scholarship money.

## Ruzickas Establish Senior Scholarship

A perpetual scholarship, to assist graduating senior students at Friona and Bovina High Schools has been announced by Leo and Margaret Ruzicka.

Ruzicka announced that he and his wife had placed in a certificate of deposit a total of \$10,000. Each year, the interest money (\$750) will be made available to seniors from Friona and Bovina, based on the number of students in the senior class, for scholarship purposes.

To be known as the Leo and Margaret Ruzicka Scholarship Fund, the grant will be awarded to students who are first nominated by members of the senior class at the respective schools.

The recipients will then be chosen from a special board of trustees, to consist of community leaders from Friona and Bovina. Ruzicka said that the students chosen for the scholarship would be chosen on the basis of need (40 per cent), scholastic achievement (30 per cent)

and citizenship (30 per cent). "I would hope that the students selected will have been of service to their school, church and community,

## Usual Voter Registration Is Questioned

Hollis Horton, county Democratic Chairman, says it is his understanding that for 1976 voting purposes, all voters will need to re-register.

"In visiting with Hugh Moseley, county tax assessor-collector, we have decided that to be on the safe side, voters will need to re-register for 1976 voting. We will make sure that forms are available in every community," Horton said.

and will have exemplified true leadership," Ruzicka said.

He indicated that he and his wife were establishing the scholarship in appreciation of the support of the residents of the Friona and Bovina areas during the 21 years the Ruzickas have been in business in

The certificate of deposit has been established at the Friona State Bank. It was pointed out that there will be a total of \$350.00 available at the time of the 1976 awards assemblies, since the CD will have been on deposit only six months. Thereafter, the yield will be \$750 annually.

#### First Baby Born

First baby of 1976 was born at 9:37 a.m. January 1 at Parmer County Community Hospital.

The new arrival, a girl, was named Margarita Raquel, and is the daughter of Mr. and Mrs. Roman Garcia of 1312 Euclid, Friona. She weighed five pounds, five ounces.

#### Longtime Friona Backer, O.F. Lange, Succumbs The Friona area lost a pioneer Following his military service, Congregational Church, presented

citizen and businessman on December 21, when Oscar F. (Os) Lange passed away in Houston after being ill for approximately two months.

Services for Lange, longtime civic leader and manager of Friona's Rockwell Brothers Lumber outlet, were held on Tuesday, December 23 at the Union Congregational Church. Burial was at Friona Cemetery.

Lange had the remarkable record of serving as manager of Rockwell Bros. for over 56 years. He came to Friona in June of 1919 to run the local lumber yard, and had served in the same capacity until his death. Ever a public servant, "Os" had

served as president of the Friona Chamber of Commerce and Friona Lions Club, of which he was a charter member. He was the originator of Friona's "Trades Day" promotions, an early-day business stimulant.

Lange also had served on the board of trustees for the Congregational Church, and had served the church in other capacities, including building committee chairman. He was a veteran of World War I.

The longtime Friona resident was born in Llano in Central Texas in 1896, and had been employed by the Rockwell Company there prior to his service in the U.S. Army. His father, B. Lange, managed a lumber yard in Llano for Rockwell Brothers for a number of years.

Lange was given the opportunity of coming to Friona to manage the company's operation. He once said he never regretted his decision to come to the High Plains.

"It took me less than 30 days to decide that Friona was the place I wanted to settle down. I saw the possibilities of a growing community, and wanted to be a part of it," Lange said in an interview with a Friona Star representative in 1968.

In 1926, Lange married Rose Coneway, and for the better part of 50 years, she assisted with his civic work, serving as local Red Cross chairman for 20 years, and earning "Woman of the Year" honors in 1961 from the Friona Chamber of Commerce. Rose preceded Lange in death in 1972.

Survivors include three daughters, Miss Doris Ann Lange of Houston, Mrs. Carolyn Lynn of Houston and Mrs. Kay Jonte of Chicago; three sons, Charles Coneway of Houston, Albert Coneway of Harlingen and Robert Coneway of Kansas City, Kan.

Three sisters also survive, Mrs. Emma Berry of Burnett, Mrs. Bertha Wolf and Mrs. Anna Gray, both of San Antonio. Nine grandchildren and 11 great-grandchildren survive.

Funeral arrangements were under the direction of Parsons-Ellis Funeral Home of Friona. Rev. David Plumb, pastor of the Union the eulogy.

Pallbearers were John Fred White, Alton Fadberry, Henry Rockwell, Gene Zachary, Otho Whitefield, Clyde Goodwine, Claud Osborn and Ed Boggess.

Honorary pallbearers were Dr. Bob Alexander, Morris Smith, Evan F. Phillips, Frank Truitt, Charles Russell, Ray Chamblis, J.T. Stone, William A. Russell, Ralph Wilson, Glenn E. Reeve, Sr., Von Edelmon and Dallas Callaway.

## Nursing Home Fund Drive "Heartwarming"

It was reported this week that response to the "clean-up campaign" for funds to be used to construct the Friona Nursing Home has been good.

"We have received an additional \$14,000. The response has been heart-warming, considering the time of year, the way farm prices have gone and everything," said Hollis Horton, spokesman for the

Horton said that anyone wishing to give an end-of-the year donation for tax purposes should contact him or Charles Allen in Friona. The clean-up campaign was needing to raise \$25,000.

Construction of the nursing facility is underway, and completion is expected by July of 1976. Major funds for the nursing home were provided by a \$350,000 bond issue voted by citizens of Friona. The

remainder of the approximately \$500,000 needed to build the facility came from the special fund drive.

## Trap Shoot Set Sunday

Bovina Volunteer Fire Department will sponsor a trap shoot Sunday at the shooting range north of Bovina on U.S. Highway 60, according to Fire Chief Gaylon Rhodes. Directional signs are posted along the route.

Cash prizes will be awarded in the various categories and ammunition is available at the site.

The trap shoot will begin about 1 p.m. and continue until 5 that afternoon.

Proceeds from the trap shoot will be placed in a fund to purchase a new fire truck for the city of Bovina.

## SWPS Plans \$73 Million Investment

Southwestern Public Service Company will invest more than \$389-million during the next five years in new equipment and improvements, Roy Tolk, chairman and president of the electric company, announced today.

Expenditures for 1976 will be about \$73-million, while the projected expenditures for the other four years range from \$65-million to \$104-million, the latter expenditure scheduled in 1980. The new equipment and improvements are necessary so that SPS can continue providing electric service for the 45,000-square mile area it serves.

"During the five-year period, Southwestern will be required to borrow about \$255-million to meet these construction expenditures," Tolk said.

## Kindergarten Classes To Begin Jan. 13

Kindergarten classes for all five year olds in Bovina will begin Tuesday, Jan. 13, according to Wilson DiCuffa, elementary school

Children who were five years old on or before Sept. 1, 1975, are eligible to attend the classes. It is not mandatory that children attend, however, DiCuffa stated.

Classes for children classified as economically or culturally deprived began the first of the school year and will continue, along with the additional new kindergarten clas-

A schedule of the new classes for five year olds will appear in the next issue of The Blade.

FIRST STATE BANK PRESENTS:

Two new generating facilities to be installed during this period will increase the SPS system capability by more than 700,000 kilowatts, bringing the total capability to just

over three million kilowatts. Harrington Station, northeast of Amarillo, will be the site for the two additional generating units. The first is nearing completion and is scheduled to go on the line in June 1976. The second unit is scheduled for completion in 1978. Both of these units will have a capability of 350,000 kilowatts and will use coal as their primary fuel.

"During the latter part of the five-year period, substantial expenditures will be made on a third 350,000-kilowatt generating unit presently planned for completion in 1981. This unit will also use a coal-fired boiler," Tolk said.

Low-sulphur coal from Wyoming is now arriving at Harrington Station. Approximately 11,000 tons are delivered every four to five days by a 110-car unit train, and SPS presently has about 125,000 tons on hand. This represents about a month's supply of fuel.

Southwestern Public Service Company, through its fuel subsidiary, TUCO INC., is continuing its aggressive program to assure adequate fuel supplies.

## Services Held For Brother Of Jack Britt

Funeral services were held Saturday morning for David S. Britt, a brother of Jack Britt of Bovina, in the Amherst Church of Christ with B.W. Briggs, minister, officiating. Burial was in Amherst Cemetery.

Mr. Britt, 78, died at noon Christmas Day in the Amherst Manor where he had lived five years. A native of Hemphill County, he came to Amherst in 1925 from Memphis and was in construction work until his retirement. He was a member of the Amherst Church of

## REMEMBERING.-Chuck Wagon

During round up time on the larger ranches, cowhands often had to stay out on the range several days. In those times a chuck wagon was a familiar sight to all and a welcomed one to a cowboy who had worked hard all day. It was usually a standard flat bed wagon with short sideboards. The tail gate was left out and the chuck box was bolted in place at the back of the wagon. The chuck box was a cabinet-looking thing that had a large door facing the rear of the wagon. The door was hinged at the bottom and latched at the top. While in use, the door folded down to serve as a table or counter on which to prepare the food. Various sized compartments inside the box held the supplies, tin plates and knives, forks and spoons.

If you were a picky eater you were in trouble on a round up. The menu was not elaborate as any cowboy can tell you. The choice was usually beans, bacon, sourdough bread and fresh beef butchered there on the spot. Canned goods were taken along, usually peaches, corn and tomatoes. Canned milk was used whenever it was needed for cooking. Coffee was the accepted drink.

One cook used to try to be nice to the hands and would make them a cake occasionally. A cowboy was heard to say he didn't mind the cake so much except it tasted a lot like the corn bread, only the corn bread was sweeter. Very little complaining was done about the food though because appetites were usually high by the time the dinner bell

One thing about the Chuck box though, it was the cook's territory and no cowhand was to ever mess around in it. That was a good way to get shot or at least get a good

"Chuck" was a term for food but the chuck wagon was more than just a place to eat. It was the cowboy's home away from home, a place where there was always hot coffee and a warm fire. Bed rolls were unrolled around it at night among prickly pears, mesquite, rocks and ometimes rattlesnakes

When darkness came in the evening it was a place to gather and tell stories; stories about other days, of gun fights, girls, drinking and lifelong dreams. Of

course a lot of them were lies but that didn't matter. They took the cowboy's mind off the hard day's work just completed and made his life a little more exciting.

What a difference a trade makes! Especially when "Trade" refers to the world trading done with American agricultural products. Difference" is \$22 billion dollars produced by the trade. Where would we be without it? First of all the cost of government subsidies to the few farmers that survived would be sky-nigh . . . some economists estimate around \$12 billion dollars a year. Then there's the dollar that would go through a super devaluation to offset the trade deficit. Which brings us im-

mediately to the price of oil .. naturally that would go up to reflect the devalued dollar. Now we come to the problem of unemployment . . . it would be up. Not so much from the farmers who went broke, as to all the jobs lost down the line from related industries. All of which makes for a strong argument to keep export markets strong and provide producer incentives for making them stronger.

## **MBPXL** Votes For Quarterly Dividend

the Board of Directors of MBPXL Corporation voted a policy of regular quarterly ten cent (\$.10) dividends per share with the first payment to be made on February 11, 1976, to holders of record on January 21, 1976. A special ten cent (\$.10) extra dividend is to be paid with the first regular quarterly dividend.

David J. La Fleur, President, announced that MBPXL Corporation earned \$3.12 per share in the year ending October 25, 1975. This is a 42 per cent increase over the \$2.20 per share in the preceding fiscal year.

The beef packing concern reported that while it slaughtered seven per cent more cattle and fabricated 21 per cent more carcasses, the dollar sales decreased from \$727 million in 1974 to \$709 million in 1975 due to Idaho. lower prices and to the conversion of outside sales

At its meeting recently, margins to a strengthening of the relationship between live cattle prices, to the acquisition of a trucking subsidiary during the year and, most importantly, to the development of a strong MBPXL management team from the executives of the two firms which merged to form MBPXL Corporation: Missouri Beef Packers, Inc. and Kansas Beef Industries.

## Electric Company In Policy Change

Southwestern Public Service Company announced today that it will no longer bill its Texas customers monthly for the one-sixth of one percent of its annual Texas revenues that it is assessed under the law which established the Texas Public Utilities Commission. The company also announced that it would refund the amount that it has collected since the new law went into effect.

A Southwestern spokesman said that, while the company and the Public Utilities Commission were in agreement that the tax clause in the company's rate ordinances made the collection of the assessment completely legal in urban areas, there was a difference of opinion between the Commission and the company on whether the tax clause permitted the company to assess rural customers.

"The question here is what is fair to Southwestern's customers. It would not be fair to collect legally from one set of customers and not assess the others, when all of our Texas customers are part of the jurisdiction of the utility commission," the spokesman said.

Refunds of the assessment already collected will be made to customers as soon as possible.

# Chieftains Play Well In Amarillo Tourney

The Friona High School Chieftains, champions of the first two Amarillo American Legion Holiday basketball tournaments, finally lost their rabbit's foot in the big city event this year, but the team continued its fine play in the Amarillo classic.

The Chiefs came from a 13-point deficit in their first round game against the Phillips Blackhawks in the tournament's Division I, to score a 21-point victory, 64-43 on Monday evening.

In the semi-finals on Tuesday, Friona was pitted against strong class AAA Canyon, and carried the fight to the Eagles before bowing by six points, 52-46.

The team dropped a tough 50-48 triple overtime game to Tulia in the battle for third place Wednesday.

"Maybe we are coming out of the slump we have been in and are beginning to play like we did at the first of the season," said Chieftain Coach Larry Dyess. The Chiefs, who broke out to a 4-0 season record, stood at 8-7 for the season following the Canyon game.

The Chiefs might have upset Canyon and found themselves in the tournament finals for the third straight year if big junior Mark Neill had not got into foul trouble and saw very little action. Neill, who canned a season high of 20 points in the Phillips game, dipped to only two points on a single basket Tuesday.

"Mark got a couple of fouls early, and then began pressing. Before you knew it, he had four fouls and the first quarter wasn't even over," Dyess said.

His absence also hurt the team's rebounding effort, since Canyon has a tall team.

The Chiefs lost the Canyon game at the free throw line, where they connected on only six of 19 charity tosses, compared to 16 of 23 for the Eagles.

In the vital fourth quarter, when the Chiefs were trying to catch up, Friona hit only three of 12 free throw attempts, and every attempt was a 1-1 situation, when the team could have scored two points.

After trailing by seven points at the half (30-23), Friona chipped away at the lead and went into the

fourth quarter trailing by only three,

Late in the game, with Friona still behind by three, the team received a "crazy" technical foul call, and it resulted in a five-point play for the Eagles and helped sew up the game.

+ + + +

In the Phillips game, the first half
was a nightmare, as the team fell
behind by nine points, 19-10 after the
first eight minutes. At one point in
the second quarter, the Blackhawks
led by 13 points, 25-12, and held an
eight-point lead at intermission,

In the second half, Friona went into a fast-break offense, and began a half-court man-to-man press on defense, and caused the 'Hawks to turn the ball over a number of times.

Friona outscored Phillips, 26-8 in the third quarter, and went from eight points behind into a ten-point lead at the buzzer. Dyess credited the outstanding floor play of junior Keith Martin and sophomore Jeff Whiteside with sparking the second half rally.

The Chiefs hit 52 per cent of their shots in the second half against Phillips, getting some good percentage shots on the fast break.

+ + + + +

Friona gets some more good experience this Friday (January 2), when they host the Canyon team in a game at Chieftain Fieldhouse.

OOPS....David Barnett (31) of the Friona Chieftains has the ball, but he is covered up by this member of the Canyon Eagles. Barnett scored 19 points against the Eagles. Friona played an inspired game, but dropped a six-point decision to the class AAA team, 52-46, after downing Phillips, 64-43 in the first round.

## Max Wells Is Friona Champion

Max Wells was the tailfeather champion in Friona for 1975, as his entry turned in to Friona Consumers measured an even 25 inches. He will receive a prize of \$15.00.

Second place feather was entered by Ira Bruce Parr, with an entry measuring 24 and one-fourth inches. Third went to C.L. Lillard, whose feather was 24 and one-eighth inches

Second place will receive \$10.00 and third place a cash prize of \$5.00.

The county winner will receive a plaque. Farwell's winning entry figures were not known at press time

# 9th Graders Take Win

Friona's freshmen girls won their game against Littlefield there Monday night with a final score of

Littlefield scored first and led until early in the third quarter when a basket by Renae Monroe pushed Friona to a one point lead. Friona jumped ahead with the scoring of Varla Welch and Vickie Smiley and by the end of the third quarter the score stood at 33-26.

Littlefield closed the gap in the fourth quarter and with 5:05 left in the game, tied the score at 36-36. Vickie Smiley put Friona in the lead again with a basket by Renae Monroe and Varla Welch put the final score at 44-39.

The SUPER-B is more automatic than other automatics. Its "man-free" operation saves hundreds of man-hours each year. Commercial and farm installations have proven it is highly efficient, has excellent drying capacity and offers many cost-saving features:

- Man-free operation—no labor cost
- Low installation and maintenance cost
- Instant installation in most systems
- Can be used with one leg system
   Automatic "stage controlled" drying
- Exclusive automatic "sweat drying" for brighter grain
- Automatic heat, cooling and moisture control
- Full flame wall burner
- Positive "toe-trip" clean out
- Industrial quality control panel and components

You're doing without a Zimmatic center pivot. Saving your hard-earned capital for other improvements. Don't want to borrow right now.

But it's costing you money every year you

wait. Two ways. First, you're losing the extra crop production you get under irrigation. Second, inflation is at work. Boosting prices, dropping the value of your dollars.

Why not rent a Zimmatic under our new lease plan? Let the system pay for itself and put some extra money in the bank for you at the same time.

Our rates are reasonable. You can include freight, installation, pump.

other "above ground" items in one flexible package, tailored to your needs. Why wait to irrigate? It's just costing you money. Call us today for details on our new lease plan.

## Fillies, Ponies Play In Holiday Tourney

Bovina's Mustangs drew a bye in the opening round of the Third Annual Christmas Holiday Basketball Tournament in Amarillo; however, the Fillies lost their first round game, 50-60, to Samnorwood. Samnorwood is the defending champion in Division III of the American Legion-sponsored tournament.

The Fillies trailed by as many as 16 points in the contest but pulled to within five points of Samnorwood in the last two minutes of play.

Dianna Naegle paced the Fillies with 28 points. Cathy Trimble and Pat Shepherd added eight points each and Connie Ware six points. Also seeing action were Georgia Terry, Carolina Espinoza and Sandi Sides. Handling the defensive chores were Kay Beardain, Rita Nuttall, Tammy Christian, Dian Roming, Pam McCormick and Debra Gilbreath.

The Fillies were charged with 28 fouls in the contest and connected on eight of 15 charity tosses. Beardain and Christian fouled out of the game in the final quarter. The Fillies pulled down 31 rebounds and had 15 turnovers in the contest.

Cindy Coleman was high scorer in the game with 34 points. Samnorwood was charged with 16 fouls, connected on 16 of 31 free throws, pulled down 50 rebounds and had 20 turnovers.

The Fillies trailed, 10-18, at the end of the first quarter, 22-31 at halftime and 34-49 at the end of the third period of play.

++++ Cathy Trimble's shot from outside the circle just as the buzzer sounded swished into the basket early Tuesday morning, giving the Fillies a 48-46 win over McLean in Amarillo's Civic Center.

The win placed the Fillies in the consolation finals Wednesday afternoon against Darrouzett.

Naegle was high scorer for the Fillies with 23 points. Trimble had a total of 12 points, Connie Ware seven, Sides four and Shepherd two in the contest. Also seeing action were Kim Ware, Beardain, Roming,

For McLean, Rose Dwyer scored 16 points, Belinda Howard 14 and Cindy Sherrod 11 points. McLean was charged with 22 fouls, losing one player via the foul route, connected on 18 of 33 free throws, pulled down 45 rebounds and had 13 turnovers in the contest.

The Fillies trailed, 8-11, at the end of the first quarter but pulled into a five point, 28-23, lead at halftime and held a four point, 36-32, lead at the end of the third quarter. Although the Fillies never fell behind in the final stanza, McLean tied the contest several times before Miss Trimble's shot at the buzzer wrapped up the win for the Fillies.

Butch McCain tossed in 14 points, followed by Alan Rhodes with 12, Elbert Shelby with 11, Dennis Willard and John Caldwell with six points each and Tommy Serna with one point. Also seeing action was Duane Mitchell.

The Mustangs were charged with 17 fouls, losing Shelby via the foul route, connected on 12 of 17 charity shots, pulled down 39 rebounds and had 17 turnovers in the contest. Caldwell was credited with 14 rebounds and Willard 12.

Rozell, with 22 points, paced Canyon, followed by Mick with 14 and Sullivan with 13 points. Canyon was charged with 14 fouls, connected on 11 of 17 free throws, pulled down 40 rebounds and had eight turnovers in the game.

The Mustangs trailed by one point, 29-30, at halftime.

Other teams in the girls' Division II included Hartley, Happy, Kress and Springlake-Earth.

Other teams in the boys' Division III included Happy, Darrouzett, Kress, Samnorwood and Grace Christian.

A total of 39 teams are entered in the five division tournament with the 69 games staged at three sites-the Civic Center and the girls gym and boys gym on the campus of Amarillo

## Squaws Break Even In Two Meet Games

The Friona High School Squaws broke even in their first two games of the Amarillo tournament Monday and Tuesday. The team dropped a heart-breaker to strong Abernathy, 52-50 in the opening round, and then came back on Tuesday to post an easy 54-25 win over Alamo Catholic of Amarillo.

The Squaws played a strong game against tough Abernathy, who took a 13-3 record into the tournament finals. Friona had the misfortune of coming up against a player having a hot hand in Cheryl Rogers of the Antelopes.

Miss Rogers scored 32 points for the game, 24 of which came in the first half, when the Squaws fell behind and were forced to play catchup the rest of the way.

Both teams were scoring well in the opening quarter, which ended with Abernathy owning a 15-14 advantage. But Miss Rogers went on a rampage in the second quarter, and Abernathy opened up a nine-point edge at one point, and led at intermission by eight, 35-27.

Friona hit a hot streak with about six minutes to go in the game, and began to trim Abernathy's lead. Several times the Squaws managed to tie the ball up, but Abernathy's shortest forward was 5-8, and the Squaws would miss out on the tip.

## Pheasant Season Termed "Best"

Apparently, the pheasant season which closed locally on December 28 was the most successful ever. This is the opinion of several area hunters, and is shared by Jack Patterson, president of the Parmer County Game Management Association.

Patterson said that he personally went hunting only three days during the 18-day season which spanned three weekends, but that he and those hunting with him managed to easily get their limits each time.

"Since the season closed, I have seen a number of cock pheasants, so this should be a sign that there will still be plenty left for mating purposes. You don't normally see many birds this soon after the season closes, so it should be a good sign," Patterson said.

The county hunting enthusiast said that in visiting with his neighbors and hunters from across the area, the general concensus is that while we have had a number of good pheasant seasons in Parmer County, the 1975 season apparently was the best of the lot.

One thing that apparently made the hunting easier was that due to the excellent weather the area enjoyed this fall, farmers by and large had worked their stubble ground, which caused the pheasants to have to congregate in smaller areas. This made it hard for the pheasants and easier on the hunters.

Patterson said he noticed that there were a number of young pheasants killed this year, indicating that there are several younger birds still coming up.

"We have plenty of birds left to provide a good crop, providing that the weather and the farmers cooperate," Patterson said.

On this last point, Patterson said "The pheasant has to be a hardy bird to survive in this area, the way folks farm."

"We bury all of the excellent cover. Some farmers will leave a fence row, thinking that will be enough. But if we should get a three or four inch blowing snow, it will cover the fence row in no time, and the pheasants will be driven out into bare ground," he explained.

"There isn't a farmer in the county who could not afford to leave ten acres of ground through the critical months, to provide cover that the birds need, and insure the success of our great recreation we've developed. Many of these same farmers who plow up all of their ground are hunters, but they expect someone else to provide the cover. Just like on anything else, they want a 'free ride,' " Patterson

He pointed out that burning of stubble destroys a number of pheasants each year, particularly young birds. Farmers feel that it's

the easy way to get rid of stubble, but studies have shown that it takes away excellent soil builders and removes things from the soil that can't be put back.

And stubble fires at night are doubly destructive, even killing the grown birds, Patterson says. "They can't see the fire until it's too late,' he explains.

But in spite of gross negligence by the majority of our farmers, the pheasants manage to survive.

The hunt now attracts scores of hunters from all across the region. Many people have relatives and friends come from miles away for the opening day of the season.

This year, a special "hunter's breakfast" was featured both in Friona and in Bovina. Restaurants and motels, in addition to service stations and other businesses, benefit from the hunt. Parmer County has a reputation of having some of the best hunting of any of the 32 Panhandle counties which holds a

A number of years, former Governor Preston Smith has helped kick off the season in the local area, and he was once again on hand this year on opening day, as a guest of Herschel Johnson of Friona.

Other dignitaries that we learned of who hunted in the county were

District Judge Pat Boone, Jr., Amarillo mayor John Drummond and city manager John Stiff.

Mrs. Claud (Sandy) Gregory, Jr. was elected president of the newly organized Lazbuddie Band Boosters in their first meeting Monday, December 22 following the first band concert. Other officers are Mrs. Jerry (Evelyn) Thompson as vice president and Mrs. Pete (Ettie) Jesko as secretary-treasurer.

Sam Barnes, school superintendent, was moderator in organizing the Lazbuddie Band Boosters. John A. Hudspeth, band director, was given a special round of applause for all he has done in directing the first year of band in the Lazbuddie School.

Plans are being made to raise funds for band uniforms and other expenses for the band. Anyone wishing to volunteer and help as a Band Booster is asked to call any of

PHEASANT LIMIT....Hunters from Parmer County, as well as scores of visitors, if they were lucky, were able to enjoy a scene such as the above, where two hunters gained

## Card Project Nets \*3,383 For Hospital

Contributions to Friona's "Project Christmas Card" for 1975 amounted to \$3,383.27, it was announced this week by Melba Allen, chairman of the project.

The amount raised was somewhat shy of the goal of \$4500 announced by Modern Study Club, which sponsors the project annually to purchase equipment for Parmer County Community Hospital. The proceeds from the 1975 drive are to go to purchase a Coulter Blood Count

In recent years, similar drives

have provided the hospital with an anesthetic machine, a fire alarm system, automatic beds, a heating and air conditioning unit and a heart monitoring unit.

Since 1970, the project has announced a goal for a specific item, and in those six years, the project has raised over \$18,800 for hospital equipment.

The recently-completed project was the 20th year for Project Christmas Card, which has raised a grand total of over \$38,500 for use by the Friona hospital.

## Lubbock Youth Wins Tailfeather Contest

Billy Tipton, a 17-year-old Lubbock youth, is the winner of the 1975 pheasant tailfeather contest in Bovina. Tipton, who attends Monterey High School in Lubbock, was a guest of Tom Bonds for the annual hunt.

His entry was measured at 25 and one-eights inches long by Arlin Hartzog, who is in charge of the local contest. Bovina Gin Company was contest headquarters in Bovina.

Tipton will be awarded the \$15 first place prize from Bovina Gin Company and his entry will be turned in for the annual county-wide

Taking second and third places were local youths. Duane Mitchell, a senior at Bovina High School, took second place with a feather measuring 24 and seven-eighths inches. He will be awarded the \$10 second place prize from First State Bank of Bovina. Randy James, with an entry measuring 24 and three-fourths inches, took third place and will be awarded the \$5 third place prize from Horn Insurance Agency.

Pheasant tailfeather contests were conducted in Friona, Bovina and Farwell as has been the custom in the past several years.

Hartzog reported some 24 entries were received in the Bovina contest with a number of hunters not entering after checking the measurements of entries recorded early in the contest.

At least one hunter reportedly bagged a rooster with a 28-inch tail feather, but declined to pluck the feather and enter it in the contest because he planned to mount the

## Who'd want to invest in a bunch of revolutionaries?

They didn't exactly look like winners.

But then our revolutionary army beat the British at Saratoga in 1777.

And people recognized Washington's men as an army, rather than a band of renegades.

So faith was won as well as a battle. And investments in our government's securities started picking up.

It took courage to take stock in America back

then. But it paid off. And it can do the same for you now.

Just join the Payroll Savings Plan, or buy U.S. Savings Bonds at your bank. There's no safer, easier way to build your

savings. So, buy the specially designed Bicentennial Series E Bonds.

Those brave revolutionaries would be proud.

Series E Bonds pay 6% interest when held to maturity of 5 years (41/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

## Krystal Agee, Danny Hunn Exchange Wedding Vows

Krystal Kay Agee and Daniel (Danny) Kaye Hunn, both of Friona, exchanged wedding vows on Saturday, December 6 at 8 p.m.

Bro. Charles Broadhurst of South Crest Baptist Church in Lubbock performed the ceremony in Friona's First Baptist Church.

The bride's parents are Mr. and Mrs. Maynard Agee of 1304 W. 7th., Friona. The groom's parents are Mr. and Mrs. Blaine J. Hunn of Pecos, Texas.

The altar was centered with an arch of red candles and a bouquet of white mums and red carnations flanked on each side by candle trees of palms and bouquets to match the center bouquet.

Mrs. Ann Ford, aunt of the bride from Lockney, Texas, presented wedding selections, "Whither Thou Goest," "Twelfth of Never" and other traditional wedding music.

Mrs. Johnnie Walters of Friona,

organist, accompanied Mrs. Ford.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of white velvet accented by re-embroidered red lace and tiny white buttons over the bodice with full sleeves gathered into deep cuffs covered with lace and fastened with tiny buttons. The gown featured an a-line skirt which swept to back fullness and cascaded to a chapel length train.

Her waist length veil of bridal illusion edged with wide reembroidered white lace extended from a fall picture hat. She carried a hogarth arrangement of red roses with satin streamers and pearls.

Carrying out tradition, for something old, the bride wore a fifty-four year old gold wedding band which had belonged to the bride's maternal grandmother, the late Mrs. Ethel Mingus. Something new was a gold watch, a gift from the groom. Something borrowed was pearl earrings belonging to Elaine Agee, her sister-in-law. She wore the traditional blue garter. Pennies minted in the couple's birth years were worn in her shoe.

Mrs. Karen Barnwell of Ft. Davis, Texas was her sister's matron of honor. Bridesmaids were Mrs. Elaine Agee of Amarillo, sister-inlaw of the bride and Mrs. Diana Hensley of Amarillo, sister of the groom.

The feminine attendants wore formal length red velvet dresses

with white velvet empire bodices and red cap sleeves. They wore large red fall picture hats trimmed with a band of white velvet ribbon and a red velvet chocker around their necks. They carried arm bouquets of peppermint carnations.

Donald Taylor of Kilgore, Texas was best man. Groomsmen were Darvis Rodgers of Friona and Bob Hensley of Amarillo, brother-in-law of the groom. Serving as ushers were Dean Agee of Amarillo, brother of the bride and Judge Barker of Friona.

Mothers of the bride and groom were presented long stemmed red roses by the bride.

A reception at the Fellowship Hall of the church followed the ceremony.

The table was covered with a white table cloth edged with lace. The four-tiered wedding cake was decorated in white with red miniature rosettes, white sugar doves and wedding bells and was topped with a lacy garden arbor arch above the miniature wedding pair. The cake was prepared by Elaine Agee, sister-in-law of the bride. A centerpiece of red and white carnations in a candelabra of silver with red candles centered the table setting

Mrs. Janet Callaway of Friona served cake. Miss Roxanne Ford of Lockney, cousin of the bride, served punch from a silver punch bowl and nuts and mints from silver trays.

Others in the houseparty were Mrs. Mildred Mingus, Mrs. Elsie Allen and Mrs. Nancy Mingus, aunts of the bride.

Mrs. Nancy Mingus, aunt of the bride, presided at the guest register.

Special guests were paternal grandmothers of the bride, Mrs.

Reeta Agee of Friona and Mrs.

Hattie Steele of Lockney.

For a wedding trip to New Mexico,
Gilbert, Arizona, Juarez, Mexico
and Pecos, Texas the bride chose a
three piece pant suit and a corsage
of red roses lifted from her bridal
bouquet.

The couple will make their home in Friona.

Out-of-town guests attending the ceremony were Miss Bobbi Linn Hensley of Amarillo; Mr. and Mrs. Blaine J. Hunn, Mr. and Mrs. Tommy Claybrook and children, Mrs. Frances White and children, all of Pecos; Mr. and Mrs. Tom Hunn of Bryan, Texas; Ray Ford and

Mrs. Danny Hunn

children of Lockney; Neal Barnwell of Ft. Davis, Texas; Mrs. Charles Broadhurst, Lubbock; and Mrs. Corene McGrew of Texico, N.M. The bride attended Friona High

The bridegroom is a graduate of Eunice, New Mexico High School and is employed by Adams Drilling REHEARSAL DINNER

After the wedding rehearsal, coffee, tea and cake were served in the home of Mr. and Mrs. Maynard Agee, the bride's parents.

## New Lazbuddie Band Presents Xmas Music

The first Lazbuddie Longhorn Band's Annual Christmas Extravaganza was held Monday, December 22 at 7:30 p.m. in the Lazbuddie School Auditorium with a large crowd enjoying the music under the direction of John A. Hudspeth, band director.

The fifth and sixth grade band students played "Some Folks Do," "Ein und Zwei (One and Two)" and "Jingle Bells."

For the seventh and eighth grade band performance, the band played "Castles In Spain" and "America." Hugh Moseley of the Parmer County Bicentennial Committee presented a bicentennial flag to Sam Barnes, superintendent of the Lazbuddie School.

The fourth grade music class sang "Jingle Bells." Each student then played Christmas selections on a tonette. They played "Jolly Old St. Nicholas," "Twinkle, Twinkle" and "Good King Winceslas."

As the finale, the Lazbuddie Symphonic Wind Ensemble played "Deck the Halls" and "Silent Night" while the fourth grade music class sang the accompanying words.

Maybe next year I will get organized and have everything I want to do completed by December 20. Then, I can just go to town every day and visit as long as I want with anyone who has that much time.

++++ Jerry and Denise Magness Dillon and daughter, Danielle, of Tulsa were here. They were visiting Denise's mother, Mrs. Mae Magness, and sister, Jacquelyn Hight and family.

Pat and Dee Galles came from Los Angeles to spend the holidays with her parents, Mr. and Mrs. Wesley Foster. Pat teaches in an elementary school and Dee is employed by the city parks department, I think.

Mr. and Mrs. Jim McDowell, 708 Prospect, had all five of their children home during the holidays. Other visitors in the McDowell home were in-laws, grandchildren and great-grandchildren.

Those present were Mr. and Mrs. James McDowell, Lavon, Jimmy, Shawn, and Sherry of Roll, Arizona; Mr. and Mrs. Donald Grover and Leslie of Wellington, Arizona; and Mr. and Mrs. Claude McDowell, Pat, Tracy, Jerry and Terry and Mr. and Mrs. Bill Smith of Plainview.

Also Mr. and Mrs. Tommy Moore and Susan of Levelland; Mr. and Mrs. Gerald McDowell, Johnny and Kathy and Mr. and Mrs. Kenneth Hines, Todd and Lee of Paris; and Mrs. Janet McDowell and Marty of Lubbock.

Mr. and Mrs. J.H. Boyle and Mrs. Joe Collier spent Christmas Day visiting in the Carl Hutchins home in Lubbock.

J.B. and Anita Taylor of Center, Colorado, have been visiting local relatives. They had not seen Amy, who is Jim's and Amelia's baby

Then, while they were here another baby girl was born to John and Sherrie, so they had a lot of fun seeing baby granddaughters for the first time.

The Taylors also visited her sisters, Mrs. Ancel Renner and Mrs. Cotton Renner and their families.

Other guests in the Ancel Renner home were their three children, Kathy, who teaches at Iraan; Amy, who is employed in Lubbock; David, who is a student at Texas Tech University; and Tom Watkins, also of Lubbock.

Mike and Sharon Mills of Weatherford, Oklahoma, were here several days. Visiting their parents isn't quite so convenient since F.G. and Bonnie Crofford moved to

Gruver. Mike has been working at the hospital pharmacy. Sharon accompanied her twin sister, Karen, who teaches at Clarendon and was here for the 1971 class reunion, to Gruver for a visit with their parents.

++++ Don and Janice Loafman and daughter, Lee Ann, from Olton were here. They visited their parents, Mr. and Mrs. Loy Loafman and Mrs. Juanita Wright.

Bob and Danella Davis and Melea of Amarillo and Margo Davis of Waco were Christmas Day dinner guests in the home of Mr. and Mrs. Buster Davis.

Joe Bill and Holly Welch Jones were here from Iowa City, Iowa, to visit their parents, Mr. and Mrs. Bob Jones and Mr. and Mrs. Louis Welch.

++++ Mr. and Mrs. Eldon Cotton and daughters, who live in the Los Angeles area, and Mr. and Mrs. Kim Caffey of El Paso were guests in the home of Mr. and Mrs. Dalton Caffey. Mrs. Cotton is the former Cynthia Caffey.

Ramey Beene, who has been employed in Alaska for several months is home. He and his mother, Decimae Beene, had Christmas dinner with her father, Edwin Ramey of Dimmitt.

Sandy and Monte Sue Welch Bailey and children, Shawn and Heather, arrived in Friona a few days ahead of Santa Claus and plan to stay. They are in the process of getting settled in their Friona home, which is the former home of the late Mr. and Mrs. L.R. Dilger on Prospect Street.

Dr. Lee and Anne Spring and daughters, Gigi and Sandy, had company from England. Mr. and Mrs. Bill Morris, who live in Burnley came before Christmas.

The Springs and their guests spent several days vacationing in the sand and sun at South Padre Island. Mrs. Spring and Mrs. Morris are sisters.

++++ Mr. and Mrs. Sammy Gresham and daughters, Tracy and Ramona, of Tulsa, Oklahoma, were guests in the home of Mr. and Mrs. W.P. Woodruff.

Think Ricky Wiggins must have had a most unusual experience Christmas Day. He was at the home of his mother, Mrs. James Woodruff, 910 Jackson and was experimenting with a walkie talkie, which he received for Christmas. He was able to reach several persons afar. The fartherest was a highway patrolman in Mineola, Texas.

Perhaps those of us who haven't gotten on the CB wagon, can join in the fun with a walkie talkie. ++++

Visitors in the home of Mr. and Mrs. Maynard Agee during the Christmas holidays were Mr. and Mrs. Danny Hunn and Mrs. Reeta Agee of Friona; Duane Martin, Ricky, Rex and Robin of Gilbert, Arizona; Mrs. Hattie Steele of Silverton, Texas; Mr. and Mrs. Ray Ford, Randy, Roxanne, Russell, Rachelle, Rance and Ryan of Lockney, Texas; Mr. and Mrs. Dean Agee and Davin of Amarillo; and Mr. and Mrs. Neal Barnwell and Brian of Fort Davis, Texas.

++++ Mr. and Mrs. A.H. Hadley held their family Christmas dinner in their home at 504 W. 9th on Saturday, December 27.

Out-of-town family members attending were Mr. and Mrs. C.B. Hanson of Athens, Mr. and Mrs. Kenneth Sherar, Ken, Sandy and Daniel of Brian, Mr. and Mrs. Wendel Sikes, Ralph, Robin and La Juhn of Bovina, Mr. and Mrs. Donn Tims, Larry, Rickey and Doug of Farwell, and Mr. and Mrs. Butch Freeman and Lynn of Hereford.

Friona relatives attending were Joyce, Cameron and Kevin Beavers, Mr. and Mrs. Thomas Shoemaker, Debbie and Glenn, Mr. and Mrs. Gerald Loftis, Matt and Stacy, Mr. and Mrs. Harold Bails, Kenneth Bails, Carl Hadley, Evelyn, Amy and Cynthia Pope and Mr. and Mrs. Leo Bails.

## **Sprinklers** --Cure-All

## For Area?

How are your irrigation wells doing? Are they healthy or are they sick? Many wells are getting weak enough that people are starting to worry. Water application efficiency is weighing heavy on a lot of

Sprinkler irrigation gives the appearance of being a cure for many evils. However, before jumping up and making a sizeable investment for a sprinkler there are a few things to

First of all and probably most important is the water supply. Some circle type sprinklers may run on 200 to 300 gallons per minute, but how well will the crop be irrigated? It does no good to run irrigation wells and-or sprinklers if the crop is burning up before it can get another shot of water.

So it stands to reason if you cannot water but 50 acres of corn with furrow irrigation, you probably cannot water the 130 acres of corn that a sprinkler would cover.

Adequate amounts of irrigation water changes all this. With 800 to 1000 gallons per minute available a sprinkler functions at its optimum. Irrigation intervals are better and water leaves the picture as a limiting factor.

Sprinkler irrigation also complements minimum tillage operations. This is a consideration with many producers. Sprinkler irrigation coupled with minimum tillage can save water, labor and equipment.

If you are considering buying sprinkler system and don't know where to turn for an unbiased opinion on your situation, contact the Soil Conservation Service in Friona for free information and assistance.
