THE BAD THING about the current Democratic vs Republican blood-letting in Washington, as far as the state of Texas is concerned, is that our state has lost a pair of national spots that carried a tremendous amount of clout, and could have benefitted the state.

Most people figure that the congressional Ethics Committee's Investigation, which led to the resignation this week of Speaker of the House Jim Wright, was pure and simple retaliation by the Republicans over the refusal of congress to approve the nomination of John Tower as Secretary of the Defense.

No doubt this theory is correct, but as the blood-letting process continues, we need to find some national leaders with roots other than Texas, and spread the "honors" out a little more.

Most observers also note that while Tower and Wright were neither in the "lily white" category, they still were probably not far from the norm as far as longtime politicians go. They nevertheless happened to be in the wrong place at the wrong time, and it fell their lots to become the sacrificial lambs for the purging movement.

Is the congressional in-fighting over? Apparently not, since investigations have been launched against two or three other congressmen, and the House's number three Democrat beat Wright to the punch in the resignation business.

The other bad thing about all of the investigations is that they have virtually caused a halt to legislation in the early months of President Bush's administration.

Up until now, the House of Representatives has been slow to act on meaningful legislation, due to the fact that the investigation into the Speaker's background had left Wright in a diminished power position.

Any bill that required a strong push by the Speaker of the House would have been hindered as long as the investigation was going on has been simply held back.

We feel sure that there is important legislation that segments of the population have been awaiting, to cure some problem or other, that needs to be acted upon.

Perhaps now, or very soon, we can put this ugly affair behind us, and allow Congress to go on with its business.

RUMORS are a very serious business, and are a practice in which people should exercise much caution before taking part.

Rumors can be extremely vicious, and damaging, and are often circulated about individuals, businesses, or whatever.

The bad thing about rumors is the fact that they don't have to be true in order to damage a person's reputation that he has spent a lifetime developing. Once a particular rumor has "made the rounds," in some regards, it might as well have been true, as far as the damage that is done.

In our case, we hear a number of rumors, but we take extreme care not to print anything unless it comes from the person involved, or the closest source.

We have always cautioned our children not to pass on a story that they can't verify as the truth.

If we would spend the time calling someone who is in sorrow, or finding out how we can be of help to someone who is ill, as we might spend in the business of rumors, what a better world it would be.

We put the auger up front, where you can see it... control it. Over 12 ft. unloading height.

Hydraulic fold, self-aligning augers, and over-center locks.

3-minute unloading with vertical and horizontal augers. You unload at full capacity, wet or dry, from start to finish. Less grain damage because augers run full. Much more efficient than single auger carts.

High-flotation tires... standard equipment! So you keep moving, even in soft, greasy fields.

Finest American-made, industrial grade components money can buy, with chain oiler and grease bank for easy maintenance.

Electric safety is looking up...

...for power lines!

On the farm, on the job or at home, you should always be aware of power lines. Touching a power line with anything... an irrigation pipe, tool, a kite string... could divert the electricity through you causing serious injury or death. For safety's sake, look up for power lines.

AND, REMEMBER THESE SAFETY TIPS

- Do not trim trees near power lines.
- Do not shoot at insulators on poles, towers or structures.
- Avoid using electrical tools like lawn mowers or hedge clippers when grass and leaves are wet.
- Be careful when digging. Call SPS to find out if there are any buried electrical lines in the area.
- Beware of exposed wires.

Scooter's Scoops

By Scooter Russell

The tenth year class reunion for Bovina's class of 1979 will be held on June 17. Look for details in another section of this week's issue of The Blade.

Leslie McCain was working in his wheat field on the east place the other day and came across a balloon which had been turned loose in Phoenix, Arizona and had traveled seven hundred miles before coming down. On the balloon the address was given and it was released by St. Theresa Church. The McCains wrote a letter to the church telling that the balloon had been found.

Leslie's mother, Leona McCain, is visiting with them this week. We understand she had a birthday on Sunday so we wish "Marmer" a happy birthday.

Frank and Hattie Turner are home from the Clovis High Plains Hospital after spending at least a week there.

Their daughter, Frankie Dickerson of Stamford, was coming to see them and had an accident near Amherst. She was seriously injured and suffered a fractured back, concussion and had to have reconstruction surgery on an ear. She will remain in the hospital for about three or four more weeks. Her sister said Frankie's car went off the highway and she lost control on the curve near Amherst. The car went end over end.

Wannette Barron is the Turner's other daughter and she is with them now from Tucson, Arizona.

Joe and Esther Steelman and their three boys went to Memphis, Texas and attended Esther's brother, Adam's wedding. The wedding was held Saturday evening.

We express sympathies to the family of Victor Barraza, 69. He died after a lengthy illness and was in a Dallas hospital at the time of his death. He had been a resident of Parmer County for 38 years.

He was survived by his wife, Socorro; three sons, Mike, Antulio and Ray; two daughters, Felipa and Irene; seventeen grandchildren and great-grandchildren.

Visitors in the Glenden Sudderth home for graduation weekend were their son, Del Ray Sudderth

and friend, Linda Dybdahl of Austin; Charlene, David and Jeanna White of Canyon; Betty and N.C. White of Friona and Glenden's brother, Ronnie of Dallas.

Sammy and Ella Jo Stormes and children have just returned home from spending a week in El Reno, Oklahoma with Sammy's parents, Mr. and Mrs. Sam Stormes. They enjoyed a good visit and said it rained a lot while they were there.

The Stormes' daughter, Tammy, stayed in Oklahoma with her grandparents. Mr. and Mrs. Sam Stormes who always keep each of their five grandchildren for a month during the summer. Both the Stormses and the grandchildren look forward to this special time.

Pat and Pat Kunselman, Arty and Tami and daughter Gina, and the Kunselmans' daughter, Vicki, and her son, Chad, went to Kileen last Friday and attended the high school graduation ceremonies of the Kunselmans' granddaughter, Heather. The family returned home on Sunday night. Pat said

Doris and Ruby Wilson and Ruby's daughters, Carolyn Foster of DeKalb and Delorse Carter of Amherst, went to Cortez, Colorado on Friday of last week and attended the Frazier family reunion. Doris and Ruby's mother's maiden name was Frazier. There were 100 people attending and it was held at the Community Room of the Empire Electric Building.

Some came as far as 1,500 miles and they came from Indiana, Texas, Iowa, Missouri, Kansas, Oklahoma and New Mexico. The first evening the family enjoyed a fish fry and one evening they had a get-together at Doris and Ruby's Uncle J.W. Frazier's lovely home at Cortez. They reminisced about

the good old days and viewed old photos and had such a good time. Frazier at one time lived in Bovina. Anyway, the wonderful trip will not soon be forgotten.
