## ON-TO-DIVIDE MOTORCADE TO START 7 P. M.

### Effort Made to Interest Large Delegation in Trip to Home Products Show in This Entertaining Community.

A committee of three, with Stanley King as chairman, was appointed at Tuesday's luncheon of the Lions club at Ed's cafe to organize an "On to Divide" motorcade Friday night for the Home Products show at that place. Other committee members named by President Roy Reid are Byers Petty and S. P. Nesmith.

It is planned for every one that is going to Divide Friday night to meet at the City hall at 7 o'clock, the motorcade to leave from there.

Last fall a large delegation from Merkel visited the Divide Fair as a token of friendship and goodwill toward the people of that section and it is confidently expected that an equally large crowd will go this trip.

Four new members, bringing the club roster to 38, were received at this week's meeting: Spencer Bird, Dr. Earl Thomason, W. W. Wood and Arthur H. Lawson.

One of the features of the luncheon was the presentation by President Reid of a special Lions' button to Dr. L. C. Zehnpfennig, who was declared the most useful member of the club during the last six months of 1935.

Honor students from the four High school grades were guests: Billie Wood, eighth grade, whose average was 96; Fredia Farmer, ninth grade, average 96; Sylvan Mellinger, tenth grade, average 96, and Clifton Bellamy, eleventh grade, average 97.

Other guests of the club luncheon were Supt. H. D. Norris of the Divide school and Messrs. A. D. Methvin and C. R. Allen, district representative and parts and service manager, respectively, of the Chevrolet Motor company.

## Place Texas Centennial Stamps on Sale Here

Texas Centennial stamps have been on sale at the local post office since Friday of last week and have proved popular with all classes of mail patrons here.

While requisition for a supply of these stamps had been made in a previous order, Postmaster Wrenn Durham states that the department had exhausted their supply at that time.

With the likeness of General Sam Houston on the left, and on the right the face of Stephen F. Austin, colonizer and "Father of Texas," a picture of the Alamo rises between the two heroes. The new stamp is bluish-purple and similar to that extent to the familiar George Washington stamp.

## GEORGE LEEMAN ACQUIRING FAME IN MUSICAL CIRCLES

Friends of the family will be interested in learning of the success and fame acquired in musical circles of New York by George Leeman, son of Mr. and Mrs. Ed. J. Leeman, who formerly lived here, and a nephew of Mrs. W. J. Sheppard. (Ed Leeman will be remembered as a former editor of The Mail.)

The following clipping from the Duncan (Okla.) Eagle tells of his career:

George Leeman, former Duncan youth, is rapidly forging to the front in musical circles, his latest success being a place with Morton Downey, famed Columbia Broadcasting Company artist.

Leeman will furnish the arrangements for Downey, who is on the air each Wednesday at 9:45 p. m., Oklahoma time.

He is also connected in a similar capacity with Buddy Clark, another Columbia artist, whose band may be heard each Tuesday and Friday afternoon. Some of his arrangements are in the hands of publishers and will be released soon.

People who lived in Duncan 25 years ago will remember George Leeman as the musical genius who received so many favorable mentions throughout

## KEEPING UP WITH TEXAS

Automobile accidents in 1935 in Texas caused a toll of 1,823 deaths, a new high total, as reported by the bureau of vital statistics.

Corsicana won out over Dallas and Waco at the state meeting in San Angelo in selection of the next convention city for the Odd Fellows and Rebekah assembly.

A \$1,000,000 exposition building on the site of the democratic national convention hall of 1928 will be started soon, Mayor Oscar Holcombe of Houston has announced.

Texas maintained 17,693 inmates in 19 eleemosynary institutions during the past fiscal year at an average monthly cost of \$19.02, according to report of the state board of control.

Bob Crosby, of Roswell, N. M., former world's all-round cowboy, was seriously injured in the mounted football game at the Southwestern Exposition and Fat Stock show Wednesday night.

Reports of poll tax collections to Comptroller George H. Sheppard indicate that Texas' voting strength for the current election year would approximate a peak of 1,370,000 attained in 1924.

The Texas and Southwestern Cattlemen's association ended its convention at Amarillo with the selection of Fort Worth as the next convention city and election of H. G. McGill of Alice president.

Kenneth Rausin, 4-year-old son of Mr. and Mrs. Bill Rausin, was fatally injured when he fell beneath the wheels of a car his mother was driving as it was backed down the driveway of their home.

Lieut. L. C. Deweese of the Houston police force sustained a flesh wound in the leg when his pistol accidentally discharged as he rushed to catch a train at Dallas en route to Leavenworth with some prisoners.

Allen Academy at Bryan was the only Texas honor school of 27 named by the war department from which three honor graduates may be designated annually for the United States naval academy entrance examination.

## PLAN PLANT, SHRUB SHOWER FOR BUTMAN

### Mulberry Canyon Starts Active Preparations for Annual Picnic and Rodeo; Dates Probably July 9-10.

An enthusiastic group of picnic-minded people of Mulberry canyon gathered Friday night, Mar. 13, for the purpose of discussing the annual picnic. Sam Butman, Jr., acted as chairman of the meeting and sentiment in response to the question, "Will we have our annual picnic?" was unanimous in favor of having it again this year.

Jim Cook was elected general manager; Dave Anderson first assistant, and W. C. Perkins, second assistant manager. Others named were: Sam Butman, Jr., J. L. Cargill and Tommie Russom, concessions and finance; E. H. Cordill, Mrs. Mary Russom and John Russell, public speaking; Mrs. Alma Collins and Mrs. Mora Garner, in charge of home products and needlecraft; Dave Anderson, Lindsey Walden and Jess Anderson, stage entertainment; Jimmie Dell Perry, Homer Nuby and Mrs. Ada Mae Butman, publicity; Mrs. Will Butman and Mrs. Fay Denton, decoration, and Miss Lotie Butman and Mrs. Lota Butman, general hostesses.

Besides these committees, the various groups are selecting sub-committees to help in their particular part of the program.

No effort is being spared by these men and women of Mulberry canyon to do their part toward the celebration of Texas' one hundredth anniversary of independence and to this end greater preparations than ever before will be made for their annual picnic and rodeo, the dates for which have been tentatively set as July 9 and 10.

Candidates for the various precinct, county, district, state and national honors are expected to be on the grounds where they will be furnished with loud speaker equipment and given ample time to get their claims before the people.

### PLANT AND SHRUB SHOWER.

For the purpose of collecting plants, shrubs and flower seeds for planting on the grounds, this group has announced a plant and shrub shower on Friday of this week at Butman. An extensive beautification program is under way at the Butman school and tabernacle, the grounds of which are to be further enhanced by planting many additional native shrubs and flowers.

In connection with the shrub shower, a varied program of entertainment is being planned, including a fiddlers' contest and jugging contest to start at 7 p. m. There will also be a two-act play.

An invitation is extended to everybody to "lay down your shovel and your hoe, pick up your fiddle and your bow" and be with the crowd. Anything donated in the way of shrubs, plants, flower seeds or any (Continued on Page Four)

## Go to Mineral Wells For Roach Funeral

W. H. Roach, president of the State National bank at Mineral Wells and a brother-in-law of Grover Hale of this city, died Sunday after an illness of one week.

Funeral services were held at Mineral Wells Monday morning and interment followed at his old home, Lipan, 20 miles south of Mineral Wells, in the afternoon.

Grover Hale had gone down before death came. Mrs. Hale went down Sunday, accompanying Joe P. Self, cashier of the Farmers State bank, and his wife and daughter, Joy Sue. Mr. Roach and Mr. Self were close friends as well as having been well acquainted through banking connections.

## May Secure Auto and Drivers' Licenses Here

Those who have already filed applications for drivers' license may call at the city hall any time this week and secure their official license, as Omer Patterson, deputy tax collector, will be there through Saturday.

Motorists and truck drivers may pay their 1936 auto taxes as well as secure drivers' licenses here during the remaining days of this week.

## CITIZENS URGED TO CLEAN-UP FOR CENTENNIAL

### Beautification and Clean-Up Programs Go Hand in Hand; Special Awards to Schools and Filling Stations.

Work of cleaning up premises in cities and towns goes hand in hand with highway beautification. In an effort to promote both causes, Mrs. John Dreesen, of Abilene, division chairman of the organization for highway beautification, is urging the citizens of Taylor county to clean every nook and corner as well as the highways for the Texas Centennial.

In a letter to Mrs. Asa Sheppard, chairman of the local highway beautification committee, not only are the above two points stressed, but attention is called to the awards offered by the state highway department for the most attractive school and filling station located on a state or federal highway, the awards to be based on competition within counties.

Her letter follows: The state highway department, assisted by the citizens organization for highway beautification, has been very busy for the past few months getting Texas ready to receive the thousands and thousands of visitors who will be seeing our state for the first time in the next few months.

Here are a few of the things we hope to accomplish. Have our gasoline stations attractive and in good shape; the dumping grounds gone from sight; city and town entrances cleaned up and beautified; junk yards removed to side streets or well fenced or screened by evergreen hedges; all public buildings in neat repair with well kept landscaped grounds surrounding them; and especially do we appeal to the housewife and the school children to burn all waste paper so that it will not blow about to mar the beauty of our landscape.

Also we are asking the citizenship of Texas to help us preserve all flowers, shrubs and trees on our highways; to remove the unsightly "boot-leg" sign boards hanging on the citizens' fence lines just off the state highway right of way, or nailed to trees, injuring them; to have the rural homes cleaned up and beautiful, perhaps build attractive gate entrances from the highways to their property with the name of the place on the entrance; to see that all historic spots are beautified and marked.

Last, but not least, to place many (Continued on Page Four)

## Largest Bull Named Hereford Champion

In the judging events at the Southwestern Exposition and Fat Stock show at Fort Worth, C. M. Largent and Sons of Merkel were, as usual, major winners in the Hereford division, showing the champion Hereford bull, Publican Domino 10th, and winning four first places of the seven classes for bulls.

Publican Domino 10th, a very attractive animal, was the first prize winner in the class for bulls calved May 1, 1932, to April 30, 1933. This bull weighs more than 2,000 pounds.

A silver carving set, a special trophy given annually by the American Hereford Journal, was presented to C. M. Largent and Sons Wednesday after the completion of the Hereford judging at the Southwestern Exposition and Fat Stock Show.

The award was made by Frank Farley of Kansas City, staff member of the Journal, and was given for the best 10 Herefords, each of which had been exhibited separately. The award last year went to Robert M. Hazlett of Eldorado, Kan., who owned several of this year's prize winners.

## Regulations Govern WPA Work Projects

Because many are not aware that only those certified as eligible by the WPA and NRS offices in Abilene may be used on the WPA projects in this precinct, there has been some confusion and misunderstanding.

Neither County Commissioner A. J. Canon nor W. D. Hutcheson, who is project superintendent, have any authority to employ any others than those who have been properly registered and certified.

## PROCLAMATION

By The Mayor

The week of March 29th to April 4th, inclusive, has been designated as Spring Fire Prevention Clean-Up Week.

This is Centennial Year in Texas and a Spring Clean-Up Campaign should receive the enthusiastic support of every man, woman and child. First, every citizen should have a wholesome pride in his home city, its streets, playgrounds, parks and buildings. Homes and surroundings freshly painted, with well kept lawns and gardens, increase property values and intensify community interest. Cleanliness creates cheer, courage and confidence. Secondly, because every dollar in property destroyed by fire, which frequently is the result of "careless" housekeeping in the home and in the average place of business, is a serious drain upon our present economic condition. Thirdly, and humanly most important, because in the past ten years entirely too many of our citizens have lost their lives due to carelessness in their daily use of fire, and the preservation of human life is an important matter.

Now, therefore, I, W. M. Elliott, Mayor of the city of Merkel, do hereby designate the week of March 29th to April 4th, inclusive, as Spring Fire Prevention Clean-Up Week and most respectfully call upon all departments of the city, Civic Clubs, Patriotic Clubs and our people in general, to take an active part in this Clean-Up Campaign.

In testimony whereof, I hereto sign my name and seal of office this 9th day of March, A. D. 1936.

(Seal) W. M. Elliott, Mayor.

Attest: Yates Brown, City Secretary.

## MARCH 27 SET FOR CEMETERY WORKING HERE

### Lot Owners and Every Friend of Rose Hill Cemetery Urged to Co-Operate; Streets and Alleys Already Scraped.

Those who have had occasion to visit Rose Hill cemetery this week have noted that the streets and alleys in both directions have been scraped and graded. This was done through courtesy of County Commissioner A. J. Canon, who furnished the county scraper for the work.

With this necessary preliminary as a starting point, a group of interested citizens have suggested a general cemetery working and to this end ask through the columns of The Mail the co-operation of every lot owner and friend of Rose Hill cemetery.

For special reasons, Friday, Mar. 27, has been designated for this one-day cemetery working. Those who can are urged to come to the cemetery on that date, as early as 8 o'clock, if possible, and to work in concerted manner in giving the entire grounds a thorough cleaning to rid it of weeds and rubbish.

Another reason for the selection of this date is that many of the farmers and residents of surrounding communities, who have loved ones at rest in Rose Hill, may unite in the general cemetery working.

## Dee Grimes at Head of Merchants Association

As president of the Merchants Trade Extension association, Dee Grimes will head activities of Merkel's summer program of rodeos and baseball games this year.

With the entire board of ten directors serving as a finance committee, the campaign to raise the budget for the 1936 program, which is the first order of business, will get under way the early part of next week.

Dee Grimes is known as an enthusiastic and energetic worker and the experience he acquired as director and treasurer last year coupled with his natural ability well equip him for leadership in the important activities of the Merchants association.

Gasoline Contains 1,000 Different Ingredients

A number of interesting facts about gasoline not generally known to the public have been revealed by one of the world's top producers and refiners of oil, in connection with a series of advertisements begun recently in The Mail.

"In adopting the phrase, 'Kept in Step with the Calendar,' as our newspaper advertising theme for 1936," explains W. R. Huber, Gulf's advertising manager, "we believe that few people realize that gasoline is a mixture of more than 1,000 different substances, and that certain of these chemical properties must be carefully controlled according to weather conditions to give the best possible performance."

"It is impossible for anyone to manufacture a single gasoline which will start easily in Maine in February and which will not cause vapor-lock in Texas in July. It is expensive to manufacture and market different gasolines for different climatic conditions, but to properly serve the motorist's best interests, this cannot be avoided."

"That Good Gulf Gasoline sold in Massachusetts in summer is not the same gasoline sold there in the spring and fall. And this, in turn, is not the same gasoline sold in winter. Further, more, our gasoline sold in Ohio in winter is not the same as the gasoline sold in Florida in winter."

"Gasolines that are ideal for quick starting in cold weather may be quite inferior in hot weather. To insure perfect performance and the highest mileage throughout the country and at all seasons, That Good Gulf Gasoline is 'Kept in Step with the Calendar'—hence all of it goes to work—none of it goes to waste."

### INTERSCHOLASTIC LEAGUE NEWS.

On Saturday, Mar. 21, the athletic end of county meet will be played. For the past several weeks the members of the various teams have been working out shaping into the condition for the various positions. The sponsors of the different groups have at last been able to check the eligibility of those players who have shown up well in games and practice.

Nell Arnwine, Nell Pruitt, Janet Hayes, Mattie Lou Ford, Thelma Patterson, Lorene Whisenhunt, Coehne Morrison, Opal Buzbee, Pauline McAninch, Betty Grimes, Janell Black and Earlene Kelso are the ones who will contest for volley ball honors.

Those who will form the nucleus for boys' playground ball are Marvin Hunter, Lewis Kyle, Vernon Mansfield, Clyde Kribley, James Hagler, Jack Russell, Frank Dye, L. B. Gibson, O. D. Blair, W. I. Wozencraft, Roy Lee Martin, Dick West and Etyl Church.

The girls' county meet baseball team is fair this year. Miss Stuart is sponsoring the girls' baseball team. She is doing all she can to get together a good team. However, many of the good ball players are too old or have something the matter with them, such as a broken back or the appendicitis. With all the injuries, etc., Miss Stuart has gathered these girls together: Mabel Murray, Hollis Perry, Wilma McAninch, Dorma Lee Shelton, Margaret Dunn, Dorothy Sue Bird, Joyce Hayes, Groven Ford, Margie Melton, Vernie Lee Nolan, Mary Jo Russell, Frances Higgins and Comora Hughes.

County meet is almost here! The spellers had a tryout this week and T. L. Reid, Lela Higgins and Ora Derrick are the three highest ranking contestants. With county meet just two weeks away, some hard work has to be put out. Later on, another tryout will be had to determine the two to represent Merkel at county meet at Abilene. May the best man win!

Last Thursday night "Las Cucarachas" met in a regular session and put on an entertaining program.

The program was as follows: the entire group saw "Buenas Noches Damas" and "La Cucaracha;" Juanita Huskey told in Spanish "Little Red Riding Hood," and Billie Dunning told two jokes in Spanish.

"Las Viajeras," a short three-act play, was given in Spanish by club president, Ora Derrick, Mabel Maddox, Winston Polley, Etyl Church, Sylvan Mellinger and Billie Dunning. Harold Morgan, Clifton Bellamy and Winston Polley highly entertained the club with 5 pieces of music. Winston also led the group in singing "Rancho Grande" in Spanish. Mr. Myers was a special guest.

Chili and crackers were served to about 45 members.

### CHORAL CLUB GOES TO ABILENE.

About fifty girls climbed into the new school bus and left for Abilene promptly at 12 Saturday. The trip going was very enjoyable spent by singing and other bits of amusement.

When they reached Abilene, the girls took their assigned places and listened to a few instructions by Mrs. Haynes, sponsor, and Mr. Burgess. They heard a short number given by the elementary chorus of Abilene, then took their places upon the stage. When the curtain arose, the Merkel Choral club girls were standing in two rows across the stage.

Opal Buzbee announced the numbers to be sung. Then the girls sang "Invitation of the Bells," "Rolling Along" and "The Garden Lullaby."

The girls saw Sweetwater's one-act play given.

The bus left for Merkel about 2:30. The girls all agree they will never forget the trip back. The bus was empty again by 3 o'clock.

Naturally all girls, as well as the sponsor, were confident that the singing was splendid, but the reporter wished to know what others thought about it. Mr. Burgess said it was beautiful. He stated that no other chorus won over Merkel. Miss Martin said she thought the girls did nicely. Mr. Myers said he, too, was proud of the M. H. S. Choral club.

### CHAPEL PROGRAM.

On Thursday of last week the students met in the M. H. S. gymnasium for a program which featured the Choral girls. For the first time, the girls wore their Choral club dresses. They sang three numbers: "Invitation of the Bells," "Rolling Along" and "The Garden Lullaby."

Mr. Burgess then presented the extempore speaker, Clifton Bellamy, who won first place in the boys' contest in Abilene's special tournament, gave a very effective talk on "The Fall of Goliath." Willie Mae Nelson spoke on "The Fall of The Alamo." Mr. Burgess then gave a talk on the purpose of the work which is being done on the Merkel High school.

Several visitors were present.

### A TRUE TRUE STORY.

Dear folks, we hope you will appreciate this because it was only through extreme effort and enormous expense that we have been able to obtain this valuable manuscript. It is brought to you through the courtesy of the Badger Weekly staff and with the compliments of the True Story Manufacturing company, Hotcha, Texas. This is not only possible and probable, but absolutely true.

One day Mrs. Burgess chanced to be in Dragg Bry Goods and saw a beautiful piece of green crepe.

"What a marvelous, magnanimous, stupendously lovely dress that would make," she said.

"Its beauty is amazingly colossal," replied her husband (being a "yes" man).

"I must have a dress of that material," said Mrs. Burgess.

No sooner said than done. Her husband reached in his pocket and drew out a five dollar bill. Mrs. Burgess took four yards of the material and had a frock made at once—and sure enough its beauty was incomparably illustrious. She hung it in the closet, the bottom being about a foot from the floor.

To her surprise, on opening the closet a week later, she found that the material had stretched to the extent that the dress touched the floor. With a sigh, she took it to the dressmaker, who cut off a foot from the bottom, making the dress the same length as before. Mrs. Burgess wore the dress to church, and on pulling it off, hung it in the closet as before. The next Saturday when she opened the closet door the dress was again dragging the floor. Again she took it to the dressmaker, who cut off another foot of material from the bottom of the dress. Again Mrs. Burgess wore the dress to church and hung it in the closet.

The next Saturday the same thing took place—and the next—and the next—and the next. Each time the dressmaker cut off a foot of material, Mrs. Burgess placed it carefully in a box and kept it.

This went on for a long time; and, as Mrs. Burgess was extremely fond

of the dress, she continued to wear it to church every Sunday.

One day several months after the dress was bought, Mrs. Burgess went, as usual, to get the dress out of the closet and take it to the dressmaker for the necessary alteration. But when she opened the closet door, to her surprise—the dress was gone! Only the empty hanger hung on the rod!

"What could have become of my stupendous, magnanimous, amazingly colossal dress?" she thought.

After many hours of deep concentration, she called to her husband to help her solve the mystery. Being well practiced in solving problems, this sleuth soon found the solution. He went to the box where his wife was keeping the material that had been cut from the bottom of the dress. With a tape measure, he measured every piece, then added up to find the total amount of material in the box—and lo—four yards of material were there!

"Why that is all I bought—four yards," said Mrs. Burgess, puzzled.

"Yes, here is your whole dress," replied the sleuth. "You have cut it all off at the bottom. The dressmaker must have cut off the last foot of material in the dress last Saturday."

"Then what did I wear to church last Sunday? I thought I wore this dress!"

And neither of the two has been able to figure it out yet. Can you?

## The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

ANOTHER MILE POST.

With this issue, The Mail, "your home town newspaper," begins its 47th year of service to this community and section.

The paper, founded by "Mary Jane" Cox, one of the most colorful of early-day newspaper men of the Lone Star state, has under the several succeeding managements ever been loyal to the best interests of the city as a trading center, a cattle town, reputedly one of the best cotton markets on the T. & P. railway, and well known as a city of schools and churches, with an educational structure worthy of a city many times its size.

The progressiveness of the city has been best exemplified in latter days by the sponsoring of the summer program of free rodeo and baseball games, which have established Merkel as one of the most wide-awake towns in all West Texas.

To preserve this spirit of loyalty in advancing the welfare of Merkel, the editor of The Mail and force pledge themselves anew to even greater effort in the two primary functions of a newspaper: to publish general and local news and to aid in everything that tends to the welfare and upbuilding of the community as a whole.

Wants Information for Cattle Brand Exhibit

Gus I. Ford, historical supervisor of the Cattle Brand exhibit for the Texas Centennial, at Dallas, is seeking information about cattle brands, both early and present ones. If any one in this section has any information regarding brands which should be displayed in this exhibit, please write to communicate with Mr. Ford at the above address.

Five Local Firemen Witness Tower Drill

Beautification

wayside parks along the highways that the tourist may draw aside from the traffic and rest, or perhaps prepare a meal and enjoy our Texas weather and landscape. When we have accomplished these things, our state will be a comfortable, interesting and a beautiful place in which to travel.

This cannot be accomplished without your cooperation. This is your state and we know you will want to have a part in this great work. Our slogan, "Clear away all unsightliness in Texas," should be talked in our schools and every group in the state. Articles in our newspapers every week for the next few months, until the citizenship has become beautification conscious, would help. Native seeds and plants cost little, and what could be more attractive on our rural school and church grounds than groups of native cedars, Spanish Dagger, Sumac, Wild Plum and agave, with a planting of Blue Bonnet, purple plum and other wild flower seed?

**Retail Grocers' Week To Honor Independents**

A six day educational campaign is being conducted to bring the independent retail grocer back into the picture of community life he enjoyed when he was a cross-road merchant. The occasion is National Retail Grocers Week, which began on March 16 and runs through the 21st.

It is a nation-wide campaign and in celebrating the week, the grocers are decorating their stores and offering special attractions to their customers.

National Retail Grocers Week was

originated in Chicago, in January, by the National Association of Retail Grocers as a celebration for the independent grocers. The Texas Retail Grocers association in close affiliation with the National, is sponsoring the program in Texas.

# The DIVORCE COURT MURDER

BY MILTON PROPPER

FOURTH INSTALLMENT.

SYNOPSIS . . . Six persons are in an inner office of the law firm of Dawson, McQuire and Locke at Philadelphia. A master hearing in the divorce case of Rowland vs. Rowland is under way. Mrs. Rowland, represented by her lawyer brother, Mr. Willard; Mr. Rowland, the defendant, and his attorney, Mr. Trumbull; the court clerk and Mr. Dawson, the master, are the six persons. There is a new development in the case. After failing to defend himself against the charge of adultery in earlier hearings, Mr. Rowland digs up evidence, and asks the court's permission to produce witnesses and resist the suit. Judge Dawson overrules the heated objections of Mr. Willard, and orders the witness brought in. Rowland's lawyer goes to get the witness but finds her dead—chloroformed. She is Mrs. Barbara Keith, wife of a prominent Philadelphia business man, Judge Dawson phoned for the police. Detective Tommy Rankin is assigned to the case. He is now questioning all of the parties involved in the case. NOW GO ON WITH THE STORY.

Rankin's voice showed his disappointment. "The door isn't latched," he announced. "I was afraid of that. Somebody in these offices has fastened the catch, which means that the whole world could have entered from the outside."

It was coincident with this startling discovery of the unlatched door that the telephone operator appeared at the door from the library to announce Dr. Sackett. The black-coated coroner's physician entered behind her. He was followed by a photographer from Headquarters, and then by Johnson, the fingerprint expert. As soon as introductions had been made, Dr. Sackett, assisted by Dr. Clark, began his examination of the body. While Johnson was producing an insufflator and a magnifying glass from his

kit for the detection of prints, Rankin cautioned him:

"Pay particular attention to the knobs of both doors and to the windows."

The expert acquiesced with a grunt.

"While they're busy in here, we'd best continue the investigation in the library," Rankin suggested. "It's too crowded."

Accompanied by the two men, he carried Mrs. Keith's pocketbook with him into the next room. It had been on the desk before her, a fine petit-point bag.

In the library, Rankin went to the door into the main office, and beckoned Jenks.

"Here's your first job, Jenks," he said. "I want you to quiz the entire force in there and learn what you can of their actions. I'm especially interested in finding out who came in here today—anyone at all, whether employees or clients—and when they did so."

Mr. Dawson shook his head. "If it's your object to learn who opened that door to fifteen-o-five," he observed, "I fear that won't help you much. You really have no idea when it was unlocked; it might have been done some other day, by any of a dozen callers, who recently used the library."

"Except, Mr. Dawson," the detective countered, "that the criminal couldn't have foreseen until today—possibly not until Mrs. Keith arrived—that she would be in there, waiting alone. Do you recall the last time you noticed the latch open?"

"I haven't had occasion to try it for weeks; in fact, I haven't been using the office at all for longer than that. I'm only certain it wasn't opened by my key."

Rankin shrugged and spread his arms in a brief, comprehensive gesture.

He continued his instructions to Jenks. "See if any of the staff re-

members finding the door locked more recently than Mr. Dawson does."

"O. K., Tommy," Jenks promised. "Anything else?"

Rankin drew out his watch and nodded toward the library window and the towering structure visible across the street.

"That's another thing we mustn't overlook," he said; "the chance that some employee in those offices observed some suspicious acts over here. See to it the people on this side of the building are questioned early in the morning."

As soon as Jenks departed to carry out his orders, he opened

Mrs. Keith's pocketbook. Mr. Dawson and the court clerk watched him as he placed on the library table a gold vanity case with the chased initials B. W. K., lipstick, a key ring of five keys, a handkerchief and a nail file. Another compartment held tickets to a charity ball and a checkbook which Rankin put aside for future scrutiny. Beneath what appeared another handkerchief, he found a small bottle of clear, colorless liquid.

Even before he uncorked it, a reeking pungent odor revealed its contents to be chloroform. The cloth was actually a thick cotton pad, still damp from its saturation with the drug. The bottle, large enough for 4 ounces, was half empty. It lacked a label and the distinguishing marks of any drug-gist.

Mr. Simpkins made the first surprised comment.

"Why, that must be the . . . stuff the criminal smothered her with, Mr. Rankin!" he exclaimed excitedly. "Why do you suppose he

hid it in her purse? Surely that's a dangerous thing to do."

The detective shrugged. "Why not? He couldn't carry it around and this is as safe a way to get rid of it as any."

Pocketing the checkbook, he returned the other articles casually to the handbag and addressed Mr. Dawson.

"I think I'm ready now to inquire what the others, besides your force, can tell me of the tragedy," he announced. "I'll question your partners first."

"Neither of them is here, Mr. Rankin," the lawyer informed him. "Mr. Locke is in New York on an important case—gone since Monday. Mr. MacQuire is playing in a golf tournament this afternoon."

"Then I'll question the immediate parties to the hearing, and their lawyers. One at a time; if you'll be good enough to have Mr. Trumbull come in, I'll start with him."

When summoned, Allen Rowland's attorney entered the library from Mr. Dawson's office. Although

still under thirty-five, he looked at least five years older.

After Mr. Dawson introduced him, the detective began without further preliminaries.

"Perhaps I can best make progress with this case, Mr. Trumbull"—he motioned him to a chair—"by clearing up what happened here this afternoon before the meeting. But

### Divorce Court Murder

(Continued From Page 6.)  
first I need information about Mrs. Keith. You stated at the hearing, I believe, that she is connected with a leading family in the city?"

"So she is, Mr. Rankin," Mr. Trumbull returned. "Mrs. Barbara Keith is the wife of Mortimer Keith and lives in Chestnut Hill at the Aldwich Apartments."

Obviously impressed, the detective raised his eyebrows and vented a low whistle.

"Mortimer Keith," he repeated, "the silk manufacturer."

Once more, he could plead an off-hand familiarity with a name involved in the tragedy. Few indeed, in Philadelphia, had not heard of the Keith family, distinguished historically and politically since the American Revolution. Mortimer Keith was the last of his line, molded in the family tradition, austere, upright and reserved. When his ancestors' estate was threatened by depletion, his dominating personality and enterprise rebuilt both. He was well into middle age, Rankin vaguely recalled, when he married a beautiful woman much his junior, about four years earlier.

Whatever the previous importance of the crime, because of the prominence of the divorce action, it paled into insignificance before this new revelation. Murder was always murder; but the identity of the dead witness—no plebeian citizen or mere menial—gave it additional promise of being a genuine cause celebre.

"Yes, that's who she is," the lawyer replied to his query, "Mrs. Mortimer Keith."

"Then her husband will have to be notified of what's happened at once. I'll want to question him about Mrs. Keith as promptly as possible."

He summoned the remaining policeman from the outer room and imparted directions for communicating with the manufacturer.

"Now, Mr. Trumbull," Rankin continued, after the officer had gone, "how long before the meeting

began today—did you arrive with Mrs. Keith?"

Mr. Trumbull shook his head. "I didn't bring her at all, Mr. Rankin; I came here alone and Mr. Rowland accompanied her into town. It was arranged that he go for her to her residence in Chestnut Hill, and join me here. I reached here about twenty-five; they drove in with Mrs. Keith's chauffeur five minutes afterward."

"At half past two, eh? And at what time did you leave her in that office to wait until you were ready for her testimony?"

"About ten minutes later, I should judge," the other replied. "Then Mr. Rowland went down to the street to dismiss the chauffeur, who was parked outside the building. She had ordered him to stay. Rowland suggested we let him go and use my car to get home."

"Are you certain," the detective probed, "he really went downstairs to speak to the chauffeur?"

The lawyer replied vigorously, in tones that brooked no doubt. "Positive, Mr. Rankin; in fact, I walked into the hall with him and saw him take the elevator. He was gone only a few minutes, less than five; I was phoning in the outer office when he returned."

"Then two-forty was the last time either of you saw her alive?" Rankin eyed him searchingly. "You didn't enter fifteen-o-five again through either this library or the door from the hall, while you were out there?"

"Not until I found her dead," he returned. "We left her completely

alone. Mr. Rowland and I went into Mr. Dawson's private office for the next ten minutes, where we could discuss today's . . . strategy without being disturbed. I can vouch that he never left me the entire time, nor I him. Then Mr. Dawson arrived and we assembled for the hearing."

The detective bent forward, toying with a pencil he took from the table.

"Why was it arranged, Mr. Trumbull, that Mrs. Keith wait apart in there, instead of outside in fifteen-o-seven? Had you some special reason for that?"

"It was done for privacy and to spare her all possible distress," the lawyer explained. "She was doing us a service in offering her evidence, but naturally, in her position, she desired no publicity. She even dressed inconspicuously. In the main office, under the eyes of employees and casual visitors, she would have felt uncomfortable. And she couldn't stay in the library with Mrs. Rowland and Mr. Willard; that would have been even more embarrassing."

"Then they had already arrived before you?"

"Yes, I suppose so since they came earlier than I and waited for Mr. Dawson here. In fact, they were here when Mr. Rowland entered fifteen-o-five with Mrs. Keith; he came out at once and closed this door between the rooms. So they saw us leave her at two-forty."

Rankin nodded. "Had they any idea in advance that it was she who would be Mr. Rowland's leading

witness against them? That is, before she arrived today? Was her name mentioned, for instance, in your written defense?"

Mr. Trumbull's forehead wrinkled in a frown of uncertainty and reflection.

"No, the answer I filed was purely formal and withheld all the essential details. And considering the nature of Mrs. Keith's evidence, I don't believe his wife was in a position to learn her identity."

(Continued Next Week.)

### Free Auto Licenses Favored by Dallas Man

Tyler, Mar. 19.—Pierce Brook, Dallas real estate man, opened his campaign for governor here Saturday, speaking from the top of an automobile equipped with loud speakers.

He said if he were elected governor he would immediately seek legislation to give free licenses for passenger automobiles in Texas. He said he thought car owners are paying too much for their licenses.

Immediate payment of pensions to the aged under existing laws and pensions for all over 60 years of age were advocated by Brooks. He urged drastic reforms in the tax system to produce more revenues and less unfairness in the levies.

## MARCHES ON!

A 1926 model car popping along is certainly a true picture of "has-been." Contrast it with the streamlined models of today. Compare its performance. It fades out of the picture . . . outmoded and obsolete.

And so it is with gas ranges. In their manufacture science and engineering have wrought advances just as striking as in the automobile industry. Appearance, structural details and performance have been radically improved, creating a new standard in a cooking appliance. Without this modern cooking appliance no kitchen—no matter how modern its architecture and other appointments may be—can truthfully be called modern unless its range is a truly modern gas range!

So go modern with a new gas range. You can afford to. Terms are surprisingly small. See the newest 1936 models now on display.

**Judge N. D. Cobb Announces Candidacy**

Justice of the Peace N. D. Cobb, appointed by the commissioners' court of Taylor county to fill the unexpired term of the late Judge W. W. Wheeler, has authorized The Mail to announce his candidacy for election to this office for the regular term, subject to the July primaries.

From 1908-1914 Judge Cobb served as county commissioner of Taylor county and justice of the peace of precinct 5, which offices were combined at that time. He has been a resident and taxpayer in precinct 5 since 1904 and also served the city of Merkel twice as mayor.

Before coming to West Texas, he was county school superintendent in Franklin county for six years and during his residence in Merkel served four years on the school board of this district.

Judge Cobb asked The Mail to state to the voters that he would appreciate their vote in the summer primary and, for those whom he does not get to see personally, he asks that they consider his experience and familiarity with the duties of the office and consider his announcement in this paper as an appeal for their influence and support.
