

## Bull Town Bulletins

By  
Bill Ellis

NEXT TUESDAY, NOVEMBER 3, will be an important election day for residents of the High Plains of Texas.

There are seven proposed amendments to the Texas constitution, but of prime interest to area voters will be proposed amendment number 4, the "Water" amendment.

Although promoters of the amendment promise that the intent of the proposal is not strictly a water import plan for the High Plains, at least the passage of the amendment might provide a basis by which the legislature could work to develop a later import program.

The main benefit seems to be that those of us who live in communities where the water supply has become a problem might benefit from the proposed amendment.

The package has been sponsored by Bill Clayton, our area's representative. Clayton has worked out a proposal whereby one-half of all the state's surplus revenue would be placed each year in a water trust fund.

The money would then be used to assist cities and communities whose water supply is threatened, or exhausted. This program will be available to every community in the state, and henceforth deserves the support of voters across the state, and not just in West Texas.

The Texas Municipal League, meeting this week in San Antonio, was expected to endorse passage of the amendment.

Those of us living in communities who already have a water problem need to work to get out a good turnout on behalf of the amendment. The general turnout is expected to be low across the state, thus a good turnout in water-short areas is important.

## Wright Is Tops In Grid Picks

Joe Pat Wright was the winner of the Bovina Business Football Contest's eighth week, by correctly picking 13 winners in the contest, to win, in addition to naming the closest tie-breaker score on the Dallas-Miami game, which ended Dallas 27, Miami 17.

Farwell's Johnny Curtis took second place as he also scored 13 winners and selected the score of Dallas 23, Miami 20 as the closest tie-breaker.

And, last week's winner was still on his streak, as Wes Cockerham took third place with 13 correct, and a tie-breaker score of Dallas 28, Miami 14.

There was a change in the contest standings as Ken Horn dethroned the previous leader, Larry Wiseman. Horn got 12 games right and Wiseman could get only seven correct.

We want to mention the rules of the contest, as we have been seeing a larger than average number of youngsters in the office. Every contestant must be ten years old or older to enter the contest.

## Absentee Vote Starts

Absentee voting is underway at the county clerk's office in Farwell for the amendment election November 3.

Included on the ballot is the water amendment (Number 4), which would set aside one-half of the state's surplus money for the state's water needs.

Deadline for voting absentee is Friday, October 30. Office hours are 8:30 a.m.-5 p.m.

**BIG, BAD JACK....**Shown are students from Mrs. Barbara Charles' kindergarten class as they finished carving a 110 pound pumpkin, which was donated to the class by Terry and Twyla Lusk. The Lusks donated pumpkins so that each child in the class had a pumpkin to carve on Monday, and there were eighteen students in the class. Mrs. Don Teague also donated one of the larger pumpkins for the class to enjoy carving on.

## Bovina To Host 4-H Awards Fete

The Parmer County Award Banquet for 4-H organization within the county will be held on November 2 in the Bovina Schools cafeteria beginning at 7:30 p.m.

The theme for the banquet will go along with the chosen theme for the year, which is "Pathway to the Future."

The meal will be catered by Southern Seas of Lubbock and will consist of two types of fish and one type of chicken, coleslaw, hush puppies, potato salad, pecan pie and a beverage.

The banquet is being sponsored by the Deaf Smith County Electric Cooperative and the Bailey County Electric Cooperative, both service residents of Parmer County.

The Bovina Chapter of 4-H will be in charge of the decorations for the banquet, according to Laura Jacobs, County Home Economist.

There are five 4-H Clubs in Parmer County and they are the Bovina Chapter, with 40 members; Friona Chapter with 77 members; Farwell chapter, 18 members; Oklahoma Lane Chapter, 22 members; and the Lazbuddie Chapter, 18 members.

Bovina adult leaders are Billy and Sandra Johnson; Friona, Judy and Wayne Rhodes; Farwell, Anita Ralston; Oklahoma Lane, Martha and Parker Stewart; Verna and R.C. Davis; Lazbuddie, Ettie Jesko and Joyce McGehee.

With their motto, "To Make the Best Better," the Parmer County 4-H Clubs strive to develop young people into effective citizens for the future.

Part of being able to be a more effective citizen is to be rewarded for good work.

According to Ms. Jacobs, this is what the banquet is all about.

Several awards will be presented to deserving 4-H members from the various clubs. Awards presented will

## Board Members Hold Meeting

The Bovina Board of Education held their regular monthly session on October 13 in the Board Room of the school at 8 p.m.

Edwin Lide, president, opened the meeting and members Edwin Lide, Tom Ware, Keith Garner, Gaylon Rhodes, Herb Howell, Le Roy Mayfield and Jon Lin Riddle were present as was Bob Owen, superintendent.

Minutes of the previous month's meeting were read and approved, and the monthly bills were paid.

Board members agreed to a contract with the Parmer County Tax Appraisal District for the 1982 school year.

Lawrence Jamerson was nominated for the Tax Appraisal Board.

The meeting was then adjourned.

include project pins for turning in 4-H Record Books, year pins for the years of service in the organization, as well as the recognition of high point individuals from the project fairs.

But, the most coveted award is the Gold Star Award, which is given annually to one girl and one boy whose work, attitude and projects exemplify the best work in the 4-H organization for the past year.

This award is a secret until the banquet and it is the highest award a 4-H Club member can receive.

Recognition of the adult leaders will be merited with the reception of a certificate by the leaders and the Texas Farm Bureau will also be on hand to recognize two members from each of the clubs for their outstanding efforts.

Jacobs said that although the plans for the banquet have not yet been finalized, there will possibly be an audio/visual highlight of the past year in the Parmer County 4-H Clubs, and she also said that the 4-H members would be serving as masters of ceremonies for the banquet.

All 4-H member families are invited to attend and for them there is no charge.

## Halloween Coupons Purchased

Bovina chapter of the Young Homemakers of Texas are still selling Halloween coupons for Saturday's big event...the day of Trick or Treat.

Coupons can be purchased in booklets of 20 for \$1.00 (five cents each) and are valued at that amount at the various stores who are participating in this project. The stores include The Brownsabout, Kirkpatrick's, Bovina Supermarket, Dairy Freeze and First State Bank.

Any remaining coupons which the givers may have left over can be redeemed at the end of the project according to Tammy Willard, YHT president.

Deadline for redemption of all the coupons is December 1 and any coupons which turn up after that date will be voided.

Any YHT member will have these coupons for sale, and these can be obtained by calling one of the members or by contacting Tammy Willard, 238-1101.

Again, the coupons will give the children a chance to purchase something they want and help the Bovina businesses as well.

So, meet the children at the door Friday night with a coupon instead of candy and let them decide for themselves what they want to get with their money, whether it be candy or a toy or something else.

## Santa Fe To Close Local Freight Depot

Santa Fe Railroad announced Wednesday that it plans to do away with its freight stations and agents at Friona, Bovina and Hereford in this district, and at seven other Panhandle area cities, in its new regional marketing concept.

Announcement of the plans were made at a noon meeting at Hereford, to which the railroad had invited all of its customers from Hereford to Bovina.

Bob Perry, Amarillo, Santa Fe's assistant general manager, told the group, "It won't be as different as the way you have been operating in the past."

Perry also promised better and expanded service under the new system, which will offer boxcar locating service through a computerized system. Customers ordering boxcars will do so by means of a toll-free number, which they can call seven days a week, 24 hours a day, it was noted.

The new system will be implemented "in a minimum of six months, to a year," Perry said.

The Santa Fe official pointed out that the regional marketing system has been in operation successfully for some time in the California area, and also in Kansas for about the past year. "We went through the harvest season this year in Kansas without a single complaint," Perry stated.

Way bills for railroad customers also will be handled differently. "We plan to personally visit each of our customers in the area in the immediate future, and explain our new system, and answer questions," Perry said.

The plan contemplates absorbing the agencies at Friona, Bovina, Hereford, Pampa, Canadian, Kings Mill, Panhandle, Dumas, Etter, Stratford and Kerrick and consolidating their work at the regional office. At the same time, Santa Fe officials announced plans to maintain regional yard offices at Hereford, Pampa, Dumas and Canadian. The regional yard offices will be staffed with personnel to support and assist the regional freight office in train operations and customer services.

Santa Fe officials held meetings October 20 and 21 at Pampa, Dumas and Hereford to explain the new operation to shippers and city officials from the affected communities.

Santa Fe said that it was planned to keep all of the local agents within the system, although they will be relocated at the time their local freight office is closed.

Representatives of grain elevators and feedlots in the county attended Wednesday's announcement meeting, hosted by Santa Fe at a Hereford restaurant.

"These small agencies have a limited staff and we are open but

eight hours a day," B.K. Perry, assistant general manager, Amarillo said at the meetings. "They are often unable to provide quick response to requests about rates, car supply or car location. By having direct access to our computer, the new regional freight office will be able to respond to such questions much more quickly."

The Amarillo freight office will be open an expanded number of hours

each day, giving our customers easier access by dialing a toll-free number."

"It is understandable there may be initial concern in a community when it first learns the local agent will no longer be physically located there," Perry said. "However, we believe we are going to serve them better and more efficiently under the new system. Technology available to us today makes this a logical, inevitable improvement."

## Mustang Band Eyes UIL Event Nov. 3

There is nothing which is more exciting than to see and hear a good marching band...with trumpet blaring, twirlers high stepping and every member in time with the beat.

The Bovina Mustang Band will be working hard for that end result and for a First Division at U.I.L. Marching Contest in Lubbock on November 3 in Jones Stadium. They are striving with each and every performance to make their halftimes more exciting this year.

Under the direction of Tom Karvonen and field leadership of senior drum major Jeanna Richards, the band has come a long way and are currently working on their marching contest show in hopes of receiving a "one."

There are 35 high school band members and thirty-two will march as there will be two girls who will be featured as twirlers and one drum major.

Gail Turner and Rebecca Hodnett will represent Bovina in the twirling department as they will be featured during the contest routine, twirling to "Hogan's Heroes."

The band will come out from the judges' sideline with a Fanfare, which will be followed by a Step Two Drill featuring the great march, "Americans We."

Then the band will march a precision diamond drill in which the diamond will be rotating with the twirlers being featured and all of this will be to the tune of "Hogan's Heroes."

Coming off the field the band will

form a "B" and march off to the school song and fight song, which will conclude their part of the contest.

Tom Karvonen, director, said the band will be ninth in Class AA to march and the results will be given at the end of the day.

In U.I.L., the bands are rated from first division (superior) to fifth division (poor) and whenever a band can obtain three ones in a single year, they will have acquired a Sweepstakes, which is the highest honor a band can attain in Texas UIL.

The high school band consists of grades 9-12, and in dividing those grades up there are two seniors, twelve juniors, six sophomores and fifteen freshmen.

Karvonen said the band would also be performing a Christmas concert sometime before school lets out in December and that all of the bands would take part in that effort.

Also, later in the year, prior to the concert/sightreading contest, the director indicated that the band would also have a pre-contest concert which would feature only the high school group.

The year will be rounded out with the final Spring Concert of the year, which has not yet been set.

Karvonen said the bands would all be taking a trip of some type this year and that high school bandmen are presently selling coupons for portraits which can be purchased for \$5.00 per coupon, for one family.

The portraits are highly quality

## Ex-Parmer Officer In Big Arrest

Former Parmer County-based DPS officer Royce Keck was one of the arresting officers late last Saturday when a routine traffic violation stop resulted in an arrest involving one of the FBI's most wanted men.

Amarillo authorities said that Marion Albert Pruett, 32, of Gastonia, N.C., was wanted in Jackson, Miss., for a robbery in which a female hostage was taken. He also was wanted for questioning regarding murders and robberies in seven other states.

Troopers Keck and Gary Davis stopped a car about a mile north of Stratford on U.S. 287, on a speeding violation. When the driver would produce no driver's license, the DPS officers radioed for a computer check, which revealed that Pruett was wanted for various offenses.

Officers found a .38 caliber revolver in the front of the vehicle. A hitchhiker was also in the front seat, and his presence may have prevented Pruett from gaining access to the weapon.

Pruett is named in a capital murder warrant issued last week after a 30-year-old female clerk was found shot to death hours after she was abducted October 12 from a convenience store at Fort Smith, Arkansas.

Keck said that while the suspect was attempting to find a title to the vehicle, he observed suspicious objects in the glove compartment, including a shoulder holster, which put the officers on guard, and led to the further investigation.

## Quintanas Have Son

Earl and Celia Quintana are the parents of a son, Joshua Earl, who was born in the West Plains Hospital in Muleshoe on October 21.

Joshua arrived at 6:09 p.m. and weighed seven pounds, eleven ounces and was 19 1/2 inches long.

He has an older sister, Charlotte, who is five years old.

Maternal grandparents are Mr. and Mrs. Ireneo Ortiz of Bovina and paternal grandparents are Mr. and Mrs. Pat Quintana of Texico, N.M.

Maternal great-grandfather is Bonisaco Castro of San Antonio and paternal great-grandmother is Augustina Serna of Las Vegas, N.M.

# REFLECTIONS From The Blade

### 25 YEARS AGO--OCT. 24, 1956

The Sioux's massacre of Custer and his soldiers at Little Big Horn years ago was a picnic compared to the scalping the Friona Chiefs administered to Bovina's Mustangs Friday night at Mustang Field as they racked up a 52-6 victory.

Marriage vows were exchanged recently in St. Ann's Catholic Church of Bovina by Miss Matilda Jane Brito and John Baca.

Approximately 500 Bovina voters will have the opportunity November 1 to vote for or against the issuance of water works tax bonds and for or against the issuance of sewer system tax bonds.

### 20 YEARS AGO--OCT. 25, 1961

Deposits in Bovina's bank, First National, are down from this time a year ago by a decrease of approximately \$108,000.

Unveiling a sparkling offensive display, Bovina Mustangs racked up succession here Friday night as they kicked Happy's Cowboys in an impressive 39-6 win.

Erith Hawkins, who is now in his sixth consecutive week of leading Bovina Businesses Cotton Bowl Football Contest, watched his lead dwindle in last week's upset filled slate.

### 15 YEARS AGO--OCT. 26, 1966

Pfc. Joe Jones of Bovina was awarded the "Honorary Soldier of the Month" at Fort Bragg, N.C.

For the first time this year two contestants picked 100 per cent of the winners in the seventh weekly Bovina Businesses Cotton Bowl Football Contest. Mrs. Bobby McFarland and

Mike Barraza both picked 10 games out of 10.

Miss Candy Fleming and Dean Stanberry were crowned football queen and football hero before the homecoming crowd here Friday night preceding the Bovina-Springlake game.

### 10 YEARS AGO--OCT. 27, 1971

Central Standard Time returns Sunday morning. Clocks will be turned back one hour at 2 a.m. ending another six months of Daylight Savings Time.

Mrs. Ruby Wilson was awarded a check for \$5 for winning the seventh week of Bovina Businesses Cotton Bowl Contest. She earned the \$5 cash prize by correctly picking the outcome of all 10 games, the only one to do so out of 214 entries.

A two-point extra point try which would have given the Bovina Mustangs the win failed by inches Friday night and the Kress Kangaroos came out on the long end of a 13-12 count in the District 3-A football game played here.

### 5 YEARS AGO--OCT. 27, 1976

Upsets seemed to be the name of the game for the football contests this week. Scores dropped drastically over last week's scores. Once again there was a tie game which is an automatic miss.

Only one person had a score of nine. Pauletta Curtis of Farwell got nine correct of the fourteen games. Mrs. Curtis picked Bovina to win over Springlake by a score of 28-20. She received the \$7.50 check for first place this week.

E.L. Cochran, who was vacationing in South Texas, suffered a mild stroke Friday. He is currently in the Community Hospital in San Antonio undergoing tests.

## Parmer Co. Law Report

### SHERIFF'S REPORT

In arrests in the sheriff's office this week were the following items:

On October 23, Darrell Buske, 41, of Friona, was arrested for public intoxication, and pled guilty to the charges. He was fined \$35.00. The arresting officer was Trooper Craig Hunt.

On October 23, Harvey Schott, 39, of Hereford, was arrested on DWLS, to which he pled guilty and he was charged with one other felony which he was bonded at \$2,000. Trooper Craig Hunt was the arresting officer.

David Gross, 19, of Clovis, was arrested for DWLS, to which he pled guilty and was fined \$200 plus court costs.

In reports to the sheriff's office, there was only one incident the past week which was reported.

The Texas Highway Department reported that a sign had been stolen. It was reportedly taken on October 21 on FM 145, near the underpass just outside of Farwell.

### LOCAL POLICE

Some cattle rustlers were foiled in their attempts to steal cattle by routing them through the Bovina Cemetery last Friday by a concerned citizen calling the Police Department and notifying John Detten and his forces to this occurrence.

However, when Detten arrived at the Cemetery, the cattle rustlers had already gone, but they left the cows behind them, in the cemetery.

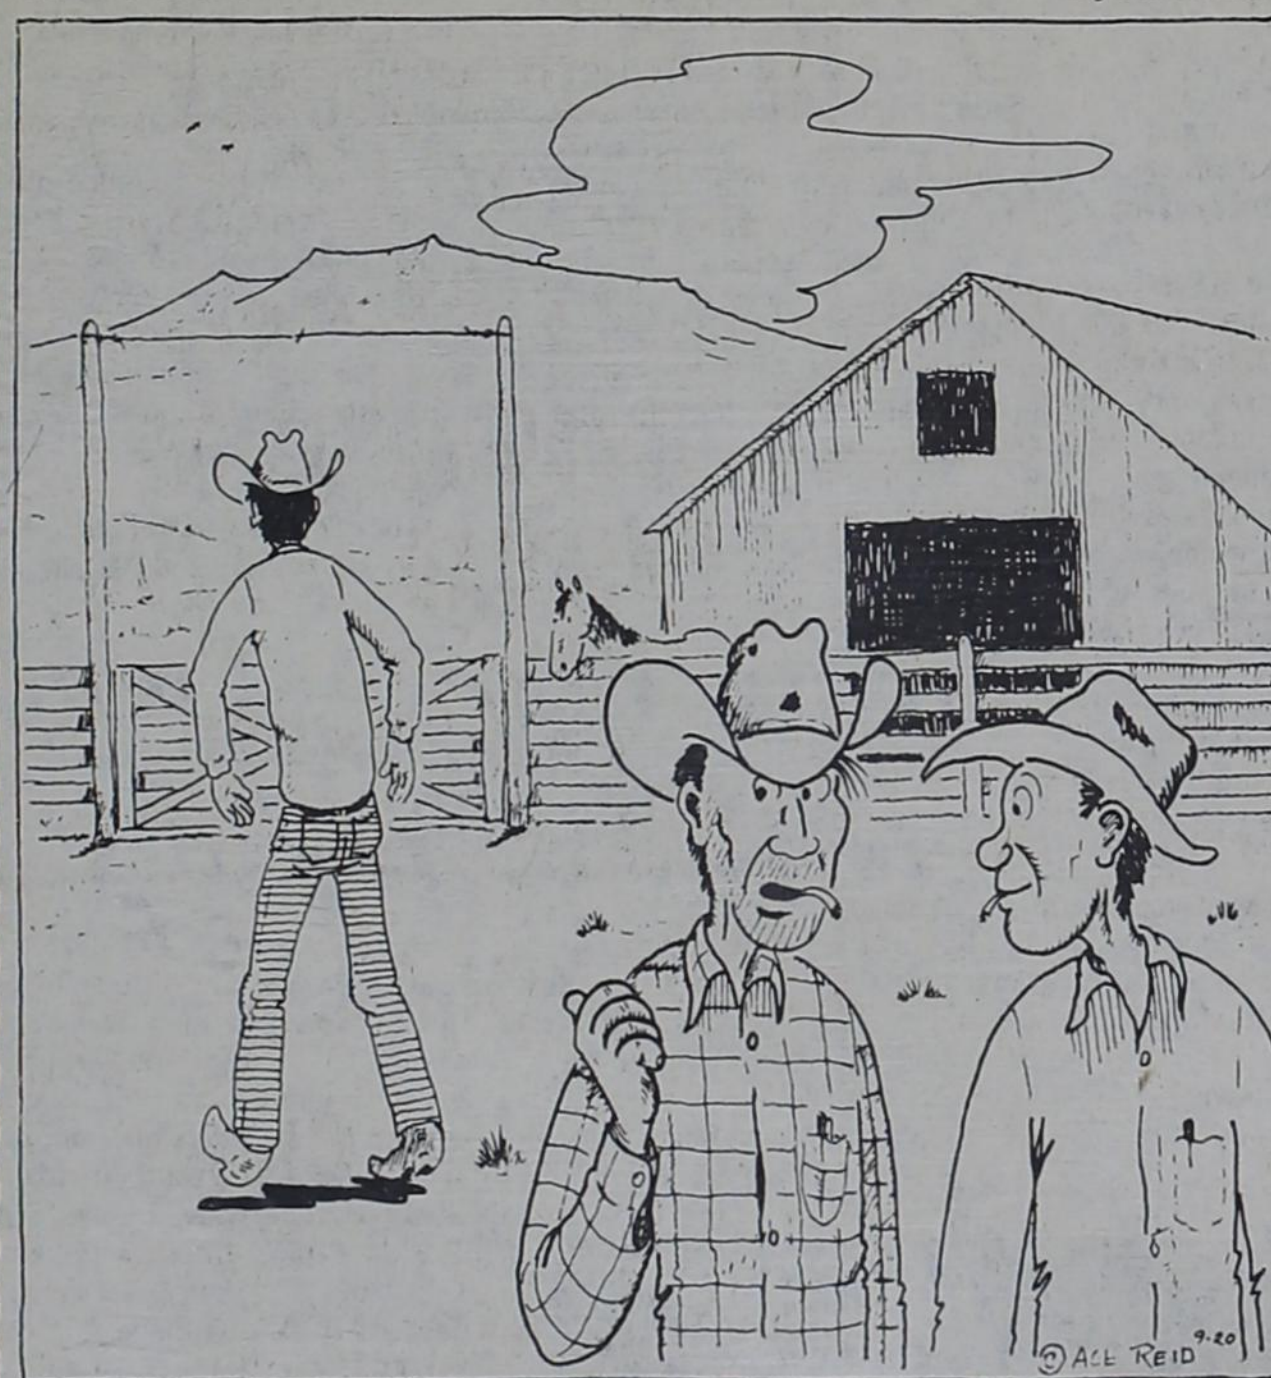

The cattle were from a local feed lot and were taken back there after the incident.

In other action in the local police, Bovina law officers were called to assist in the re-routing of traffic through Bovina after a train car was found to be leaking toxic chemicals on a track which runs adjacent to US 84 and traffic had to be routed through Bovina to prevent a possible fire hazard.

Local police, Bailey and Parmer county DPS officers, and the officers of the Parmer County Sheriff's office assisted in the re-routing.

# Double Ring Ceremony Unites Darlene Smith, Stan Miller

Susan Darlene Smith and Stanley Joseph Miller, both of Bovina, exchanged marriage vows in a double ring ceremony conducted August 22 at the First Baptist Church in Bovina with Brother J.L. Bass officiating.

The bride is the daughter of Mr. and Mrs. Billy Smith of Bovina and the bridegroom's parents are Stanley R. Miller of Detroit, Michigan, and Mrs. Jim Melton of Bovina.

Guests were registered by Jody Stanberry, sister of the bridegroom, at a table covered with a lace cloth. A bud vase and the bridal book adorned the registry table.

Ushers were Ken Estes, Jr. of Denton, Texas, and Lance Estes of Lubbock, both cousins of the bride, and Steve Pruitt of Bovina.

Serving as candlelighters were Kevin Smith of Bovina, brother of the bride, and Chris Estes of Lubbock, cousin of the bride.

The couple exchanged vows before double arches holding white candles. The candelabras were intertwined with greenery. On each side of the double arches were spirals holding white candles decorated with bouquets of white carnations and greenery. All of the altar setting was adorned with greenery and palms. To the right of the altar the couple lit a unity candle. Family pews were marked with white bows.

Providing nuptial music was Mrs. Cindy Bradburn of Bovina, organist. Mr. and Mrs. Grady Sorley sang "The Wedding Song." Grady Sorley sang "Always" and "Forever." After the vows and before the rings were exchanged, Preston Nix sang "With This Ring I Thee Wed." As the closing prayer, Mr. and Mrs. Grady Sorley sang "The Wedding Prayer."

The bride, escorted to the altar by her father, presented her mother a red rose as she walked down the aisle.

The bride wore a formal length white organza gown fashioned with a fitted bodice and an overlay of re-embroidered chantilly lace. The gown featured a Queen Anne beaded neckline and the full victorian sleeves were of chiffon with long lace trimmed cuffs. The long a-line skirt flowed into a chapel length train with

a double pleated flounce around the bottom.

Her veil was waist length, trimmed in scalloped lace to match the dress. She carried a formal cascade bouquet of blue and white carnations with baby's breath accenting the larger flowers.

Following tradition, the bride wore as something new, her gown and veil. Something old was her mother's Bible that she carried in her wedding. She borrowed her grandmother's handkerchief and her great-grandmother's dime in her shoe. Something blue was her garter.

Attending the bride as maid of honor was her twin sister, Arlene Smith of Levelland, Texas.

Bridesmaid was Laurie Miller, sister of the groom. They wore identical full length gowns of blue, fashioned with a ruffled neckline and full sleeves. The high waistlines were accented by white picoted ribbon.

They each carried a nosegay of various shades of blue silk flowers.

Misty Henson, niece of the groom, served as flower girl. She wore a formal length gown identical to the bridesmaid and maid of honor. She carried a white basket filled with blue silk flowers.

Ring bearer was Jr. Stanberry, nephew of the groom. He was attired in a blue suit with a white shirt and carried a white satin pillow trimmed

in scalloped lace.

The bridegroom wore a white tuxedo trimmed in white satin and a white formal shirt with silk bow tie. His boutonniere was blue tipped forget-me-nots.

Dean Newberry, Jr. of Monahans, Texas served as best man. Kenny Stanberry of Bovina served as groomsman. They each wore tuxedos of baby blue trimmed in dark blue satin. They wore formal white shirts with blue trimmed ruffles. The vests and pants were dark blue to match the vests and pants were dark blue to match the trim. Their boutonnieres were white carnations.

The bride's mother wore a beige sheer dress trimmed in chantilly lace. It had a victorian neckline with full sleeves trimmed with lace from the elbow down. Her dress belonged to a lifetime friend, Joy Worley of Clovis. Her corsage was rust colored lilies.

The bridegroom's mother wore a pink knit dress accented at the waistline by a matching sash. The bride presented a red rose to the bridegroom's mother as she left the altar. Her corsage was white carnations.

Mr. and Mrs. Stan Miller

Following the ceremony a reception was given in the Fellowship Hall of the church.

The bride's table was covered with a lace cloth underlined in blue and was centered with an arrangement of blue silk flowers, used by her paternal grandmother at her Golden Wedding Anniversary. The wedding cake was a three tiered cake and was made by Mrs. Gerald Whitener, cousin of the bride. The cake was topped with the traditional bride and groom figurine. Blue roses made into hearts accented the cake. Angels accented the pillars that separated the layers. Crystal and silver appointments added to the decor of the table.

The cake was served with banana punch, blue and white chocolate mints and nuts by the bride's aunts, Fern Tharp of Texico, New Mexico, Wanda Smith of Alma, Arkansas, and Georgiena Smith of Pleasant Hill, New Mexico.

The groom's table was adorned with a large blue candle and the groom's cake was a blue double heart chocolate cake. Silver appointments were used to serve the coffee. Serving from the groom's table were Ophelia Estes of Lubbock and Wilma Whitener of Pleasant Hill, New Mexico, both aunts of the bride.

Assisting with hostess duties were Carolyn Pruitt, Ona Patterson, Sandra Clayton, Harriette Glasscock, Anita Guest and Shelby Rhodes.

For a wedding trip the bride chose a red pants suit with a red and white printed blouse. She wore a white

carnation corsage. The couple will reside in Bovina. They are both employed by Bovina Supermarket.

## REHEARSAL DINNER

The parents of the bridegroom, Mr. and Mrs. Jim Melton, hosted a supper August 21 following the rehearsal.

## Showers Honor Bovina Couple

Mrs. Stanley Miller, the former Susan Darlene Smith, was honored with a miscellaneous shower at the First State Bank of Bovina on August 5.

Hostesses were Carolyn Pruitt, Scooter Russell, Dorothy Sorley, Shelby Rhodes, Anita Guest, Nita Dale, Phyllis Steelman, Carolyn Widner, Sandra Clayton, Marilyn Carrell, Mary Rejino, Mary Evelyn Steelman, Bonnie Derrick, Paula Whitecotton, Helen Zehner, Joyce Read, Lana Pruitt, Nelline Spicer, Molly Griffin, Helen Mazurek, Sue Fowler and Juanita Hastings.

A spice and recipe shower for the bride's friends and Sunday School class was given by Judy Hodnett and Tonya Gober in the home of Judy Hodnett.

A paper and canned goods shower was given by the couple's Sunday School class in the home of Mr. and Mrs. A.L. Kerby, Jr.

# LET'S KEEP THE WATER RUNNING IN TEXAS!

In cities and towns all across Texas, local water problems are threatening to erupt into one enormous statewide crisis. Countless communities are facing growing water supply, water treatment, sewage treatment and flood control problems estimated to cost a staggering \$50 billion over the next 25 years. To make matters worse, federal funds for water projects have recently been slashed.

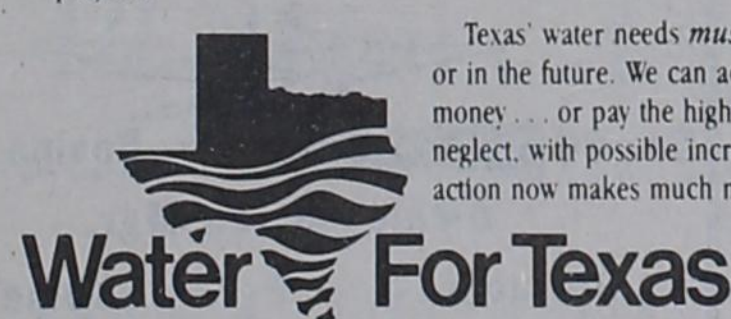

But on November 3, Texans have the opportunity to adopt a plan, already passed by two-thirds of the Legislature, which would harness a portion of our state's budget surplus to help shoulder that heavy local burden.

The plan is proposed Constitutional Amendment No. 4.

## Passage of Amendment No. 4 would:

- Make possible the sale of more than \$200 million in authorized and urgently needed state bonds to address a backlog of needed projects.
- Create a loan guaranty program to enable local communities to save millions of dollars in issuing future bonds.
- Begin to build a "nest egg" for the future from a part of the state's budget surplus to assist local governments in financing future water and sewage projects.

Texas' water needs *must* be met, either now or in the future. We can act now, and save money... or pay the higher price later for our neglect, with possible increased taxes. Sensible action now makes much more sense for Texas.

# Electricity. Knowing what it's worth is worth knowing.

One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. How would you rate yourself on knowing the value of the electricity you use? Take this simple exercise.

1. How much was your electric bill last month? \$ \_\_\_\_\_
2. Divide 30 into your answer to Number 1. This was the approximate cost of your electricity per day \$ \_\_\_\_\_
3. How many people are in your family? \_\_\_\_\_
4. Divide Number 3 into Number 2. This was the cost of your electricity per day per family member \$ \_\_\_\_\_

Knowing what electricity is worth is worth knowing. Just look around.

This week we will feature Helen Mazurek.

Helen was born and raised in Bandera, Texas. She graduated from high school in 1938 and worked at the Post Office in Bandera following her graduation.

Helen was married to George and they farmed in Bandera for awhile, then they moved to Bovina in 1947, where she has done a variety of jobs.

She is a member of St. Ann's Catholic Church and is a member of St. Ann's Altar Society. Helen was named "Woman of the Year" in 1978-79 from St. Ann's Society.

Helen's parents are Henry and Mary Mazurek of Bandera. She has three brothers, Stanley, Fabian and Wilford, and also four sisters, Agatha, Ammanae, Elizabeth and Marie.

She is the mother of one daughter, Mary Ann Floyd, who resides in Canadian, Texas with her husband, Phil, and their three children, Tony, Mike and Shane.

Helen's favorite hobbies consist of working with flowers and reading.

"Being nice and friendly to everyone" is Helen's personal philosophy.

Two of her favorite recipes are as follows:

**Chewy Fudge Brownies**  
1 cup shortening  
3 cups sugar  
6 eggs, slightly beaten  
6-1 ounce unsweetened chocolate squares, melted

2 cups flour  
1 teaspoon baking powder  
1 teaspoon salt  
2 teaspoons vanilla  
1 cup chopped pecans or walnuts

Combine shortening, sugar and eggs. Mix until well blended. Combine all dry ingredients, add to chocolate mixture, mixing well. Stir in vanilla and nuts. Spread in a greased and floured 15x10x1 inch jelly roll pan. Bake at 350 degrees for

30-35 minutes. Cool and cut into bars.

**Apple Crumb Pie**  
4 medium or 3 large cooking apples, peeled, cored and sliced thin  
1 uncooked 9 inch pastry shell  
1 teaspoon cinnamon  
1 cup sugar  
3/4 cup flour  
1/3 cup butter

Arrange apple slices evenly in pie shell. Combine cinnamon and 1/2 cup sugar, stir well and sprinkle mixture over apples. Combine flour and remaining sugar, stir well, cut butter into flour mixture with a pastry blender until mixture resembles coarse meal. Sprinkle over apples. Bake at 400 degrees for 40-50 minutes.

Houston Bartlett was the winner of the Bovina Blade's First Freeze Contest, correctly picking the first freeze date of October 23, 1981.

For his efforts, Houston wins \$10 cash and the distinguished honor as the First Freeze Champion Forecaster of 1981.

His name will join a list of others who have won this honor in past years.

Bartlett was the fourth contestant to enter the contest, in which there was a light turnout of only 17 entrants.

The new winner will enter into the company of some of the best forecasters in the county. These include winners Charles Smith, 1965; Mrs. E.L. Cochran, 1966; Cathie Trimble, 1967; Johnie Horn, 1968; Rita Mast, 1969; Dalton Morrison, 1970; Flossie Rhinehart, 1971; Mike Spears, 1972; Gary Cox, 1973; Mrs. Donald Kerner, 1974; Mrs. Bill Bradshaw, 1975; Mrs. Radford Venable, 1976; Cathie Trimble, 1977; Wendy Stanberry, 1978; J.L. Pruitt, 1979; and Susie Pruitt, 1980, whose guess of October 25 missed the date by one day, as the first freeze came on October 24, 1980.

Commentary From The Editor  
 By Janet Wilke

It's almost time for those ghosts and goblins to come out for their annual fling for the year and as Halloween approaches there are some very simple rules I hope that you will remember and remind the kids of when they go out trick-or-treating.

One important factor in any night activity is to dress in reflecting clothing. I have not priced the Halloween costumes this year but I imagine they, like all else, are expensive and many children will be wearing "homemade" costumes. The only problem with these type are that most of the time, none of us have reflective materials at home from which to make these costumes. But, a simple way to make a costume which might work as well would be to use aluminum foil as decorations, which also adds a nice touch. Or, perhaps a reflective type of tape can be bought and attached to hat bands or on the backs of jackets, etc. But, if all else fails, wear light colored clothes and if possible, white.

Also important for those youngsters who will be trick-or-treating is the rule of staying in a large group. Don't wander off by yourself, not only because it is dangerous to be out alone at night, but it is also just more fun to go Halloweening in a large group. The more the merrier.

Thirdly, (and most all children know this instinctively) don't go up to strange houses where you don't know the people living there. Although most kids in Bovina know nearly everyone who lives here, this is especially true for those kids who will be trick-or-treating in the country. With all of the burglaries happening lately, a child might be in for a real "trick" if he happened on to the wrong house at the right time.

And, lastly, parents need to examine the contents of the children's bags before the children are allowed to partake of the contents. There have been some very unfortunate incidents take place when the items in trick-or-treat bags were not properly screened. I very seriously doubt anything drastic would take place in Bovina, but prevention is the best cure.

One other item which might be interesting for those persons who will be hosting trick-or-treaters this year...the Bovina Young Homemakers of Texas are selling Halloween coupons for gifts to the youngster instead of candy. The coupons are valued at five cents and a book of these can be bought for \$1.00. The kids can then take all the coupons they get and redeem them at the local stores which will also give our local merchant supporting this project an incentive. I really think this is a good idea and

I might even buy a coupon book for the kids at Lazbuddie who knock on my door October 31.

Supporting this project will not only help the YHT chapter and the local businesses who support it but also give the children a chance to make purchases on their own, thereby fostering independence.

Look in to this project and for more information, call any YHT member as their phone numbers are in this edition.

Despite the fact that much of our paper is devoted to law enforcement, we would like to take this opportunity to thank the law enforcers of Parmer County and Deaf Smith County for their charity football game which was played to benefit Boys Ranch and Girlstown.

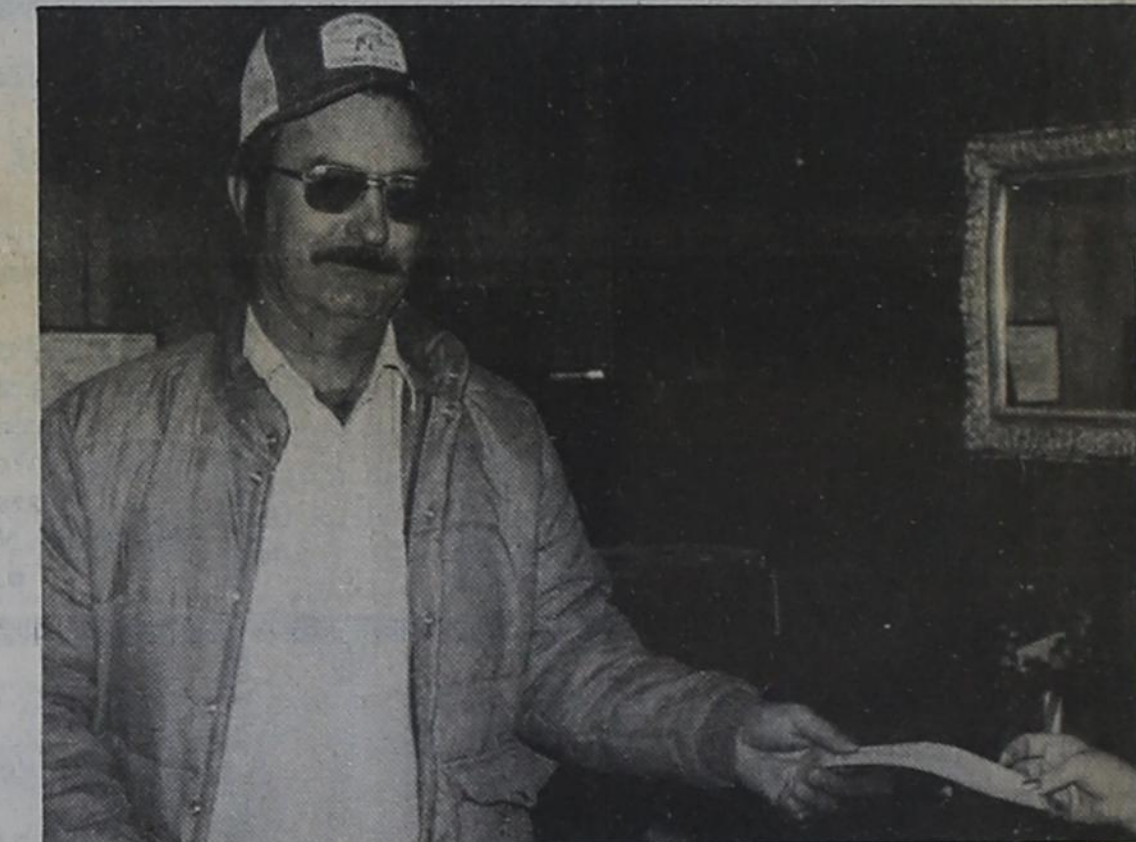

It would have been quite enough for these men to have just done their jobs well each day and this they do, but for them to spend a portion of their off time, which is normally rare anyway, to workout and play this benefit football game showed me what top class people these men really are.

Their selflessness should be an example to us all. I know that the money which was earned from this benefit will go a long way to help in the day to day operations of both of these facilities. And, I am sure that those receiving these donations will be very appreciative.

Just as they perform their jobs as law enforcers with respect and devotion to duty, these men have gone the extra step and done another great job with their benefit ball game. Congratulations!

## Commissioners Court Held October 26

In the Commissioners meeting, which was held on October 26 at 11 a.m. in the Parmer County Courthouse, the Commissioners discussed a lengthy list of subjects.

After the routine business of paying the bills and reading and approving the previous month's minutes, the Commissioners heard from Mrs. Grady King and Mrs. Reagan Looney of the Bovina Senior Citizens who were on hand to ask questions about the General Revenue Sharing Funds which the county received to be divided up among the minorities of the county.

The court expressed the opinion that the GRS Fund for this year had already been earmarked for use. Judge Porter Roberts is to check on the status of the funds after they have reported to the government as going for a specific use.

Mrs. Patsy Nance from the Parmer County Tax Appraisal District presented a contract for collection of taxes, and was present to answer any questions about the operation of the Tax Appraisal District.

After a discussion by Sheriff Bill Morgan, a motion was made by Commissioner Tarter, and seconded by Commissioner Anthony, with unanimous approval that Parmer and Bailey counties cooperate in the leasing of an identification kit from which a composite picture can be made. The cost of the item for each of the two counties would be \$125.00 yearly.

A motion was made by Commissioner McGehee, and seconded by Commissioner Patterson, and unanimously approved to pay a boarding care bill for Dora Fields in the amount of \$270.00 which will be reimbursed to the county.

Notations were made of a letter received by Roberts about the impending increase in dues to the Texas Association of Counties.

After a discussion of Amendment 4 (the water amendment), a motion was made by Commissioner Patterson, and seconded by Anthony, and unanimously approved to adopt the following resolution in favor of the passage of the amendment:

**"Resolution:**  
Whereas the Commissioners Court of Parmer County agrees that the assurance of an adequate and economical water supply is crucial to the continued growth and prosperity of the high plains; and whereas the State governmental action and support as proposed in the Amendment No. 4 to the Texas State Constitution would, if adopted by the voters, contribute significantly to the fulfillment of that purpose through the creation of a water trust fund from certain of the State's excess revenues; and whereas proposed amendment Number 4 would also establish a loan guarantee program which would allow up to \$500 million of the State's credit to back local water-related issues; and whereas this proposed amendment would create a continuing State fund to finance research, water conservation, water quality, sewage treatment, and flood control projects throughout Texas in cooperation with local governments and water authorities; and whereas the funding for these projects will not require an increase in taxes for the State's citizens; whereas it is an obligation that these projects be directed in a non-discriminatory manner.

Now, therefore, be it resolved that the Parmer County Commissioners Court enthusiastically endorses and encourages our voters to support Amendment Number 4 to the Texas State Constitution."

A motion was made by Commissioner Tarter, seconded by Anthony, and approved unanimously that the County Treasurer Benna Felts reinvest \$55,000 of right-of-way monies in a Certificate of Deposit for

six months and to invest \$10,000 of Permanent Improvement Funds in a CD also for six months.

Seth Ralston, County Extension Agent for Agriculture, reported that five 4-H students from Parmer County took a total of 15 animals to the Texas State Fair at Dallas, and that 13 of the animals made the sale. He also stated that he is about half of the way completed in the purchasing of project animals for the County 4-H'ers.

Laura Jacobs, County Extension Agent for Home Economics, reported that she had held a Student-Leaders Nutrition Training Session with 13 leaders involved. Next month, she will start a Bread Workshop for different groups. The annual Christmas Bazaar will be held November 20 and 21 at the Community Center in Friona. The annual Gold Star Banquet will be held November 23 in Lubbock.

A motion was made by McGehee, seconded by Patterson, and approved unanimously that the following soil conservation work be approved and ratified and that the work will be performed as soon as the machinery are in that area and are not in demand for use on county roads: Precinct 1, Jerry Loflin.

At 5 p.m. the public hearing on the proposed budget for the 1982 year was held with Bernie Gowens and visitors Sheriff Bill Morgan, County Tax Assessor/Collector Hugh Moseley and his son, David Moseley, present. No one from the public showed up for the hearing.

After going over the proposed budget item by item, a motion was made by Tarter, seconded by Anthony and unanimously approved to accept the budget as presented.

After discussing these items of interest the County Commissioners adjourned their meeting at 6:40 p.m.

## Bovina Colts Win Big Against Kress Junior High Team

In a win that could only be considered spectacular, the Bovina Colts junior high football team blasted the Kress junior high school team, Thursday, October 22, 44-0.

In the scoring, Amador Elias went 53 yards and Terry Glasscock made the two-point conversion on Bovina's first score, in the first quarter of the game.

Then, Elias went 37 yards for the Colts' second score, but the point try failed and the Colts led 14-0.

Michael Shepherd ran in a 33 yard pass from Blake Scaff for the third point of the game, still in the first quarter, and Terry Glasscock got the two point conversion as the young Colts led 22-0.

In the second quarter of play, Terry Glasscock returned a punt 57 yards to score the TD, and Elias nailed on the extra point, as Bovina led 30-0.

And, also in the second quarter, Homero Renteria went four yards to put the Colts 36-0 ahead of the young 'Roos. The point after failed.

Freddie Gomez scored again for the Bovina team in the fourth quarter on a one yard run, and Renteria made good on the extra point to culminate the Bovina win 44-0.

### J.V. Wins 14-0

The Bovina JV team did not get untracked until the third quarter, but when they did, they never let Kress get one up on them.

In the third quarter, Eddie Colunga ran back a kickoff 90 yards to score the first points for either team and the point after failed.

Then, Don Paul Spring recovered a fumble in the Kress end zone, to make the score for the Mustangs. Martin Contreras forced the fumble.

The coaches for the JV team wanted to express special pride in the play of the JV defensive players, and the following players were cited for their defensive excellence: Henderson Griggs, Gilbert Esparza, Don Paul Spring, Martin Contreras, Andrew Ortiz, Eddie Colunga, Jose Gomez, Danny Silva, Johnny Villarreal, Paul Toppliff, Doug Johnson and Jay Judd.

On the offense, JV players recognized were tailback Danny Silva, Gilbert Esparza, who came off the bench to handle the signal calling, and Greg McClaran, who played his split end position really well,

according to the coaches.

On the offensive line, Don Paul Spring, Martin Contreras, Manuel Ortiz, Jose Gomez, Tommy Hutto and Henderson Griggs were all cited for their efforts in the game.

The JV record is 2-1-1 and 2-0 in district.

The coaching staff indicated that they were pleased with the improvement each week in the JV team, and added, "We are very

## Mustangs Lose To Kress In First District Upset

By JANET WILKE

Although it was only the second district game for both teams, one would have thought that Kress had won the district title after they beat the Mustangs 32-14...but the season is not over yet.

Kress is just now entering into their toughest part of the year while Bovina will face Vega Friday night, then Hart, and Farwell in the last game of the year.

But, the Mustangs had nothing to hang their heads about Friday night.

Bovina came out and scored first on a Dale Gilbreath pass for 31 yards to Joe Black. Victor Robledo kicked the point after, and then later in the first quarter, Bovina again found paydirt when Gilbreath threw to Ricky Shepherd for a 73-yard touchdown play. Robledo again converted the PAT.

But, after the two scores from Bovina, and after an injury to stalwart tailback Richard Shepherd, Kress was able to get a handle on things for the first time when a 70-yard pass was carried into the end zone and Kress was down by seven, 14-7.

Later, the Kangaroos made a TD on a one-yard run and kicked the point after.

Again, Kress scored on a 12 yard pass and the two point conversion failed, but the 'Roos came roaring back and scored in the third quarter and also again in the fourth quarter to make the final tabulation 32-14.

Bovina had 11 first downs to Kress' 19, with the Mustangs getting 65 yards rushing and 235 passing, for a

proud of their (JV team's) accomplishments thus far. We feel that there is plenty of room for improvement and with the calibre of athletes that we have, the improvements will eventually come."

Coach Robert Ulibarri added, "At Kress, this group of young men played their hearts out and displayed a lot of class."

The Junior High team's record is 5-1 and 2-0 in district.

total yardage gained of 312, which was a little off their average.

Dale Gilbreath attempted 32 passes and was able to complete only 13, having four passes intercepted.

The Kangaroos rushed for 271 yards on the ground, and threw for 259 yards for a total of 530 yards in the game, and the quarterback completed 10 of 17 passes.

But, penalties played an important part of the game, with Bovina being penalized for 90 yards on 16 penalties and Kress losing 90 yards in infractions also.

But, as stated before, the season is not at its end yet, and Bovina must face Vega, on the Longhorns' home field Friday night.

"We have got to come back and we've got to play a good game. It will be tough, because Vega is big. They have several players over 200 pounds, and their quarterback is six feet, one inch tall and weighs 210. We're gonna have to have some breaks, and we must have some positive leadership from our seniors," commented coach Paul Toppliff.

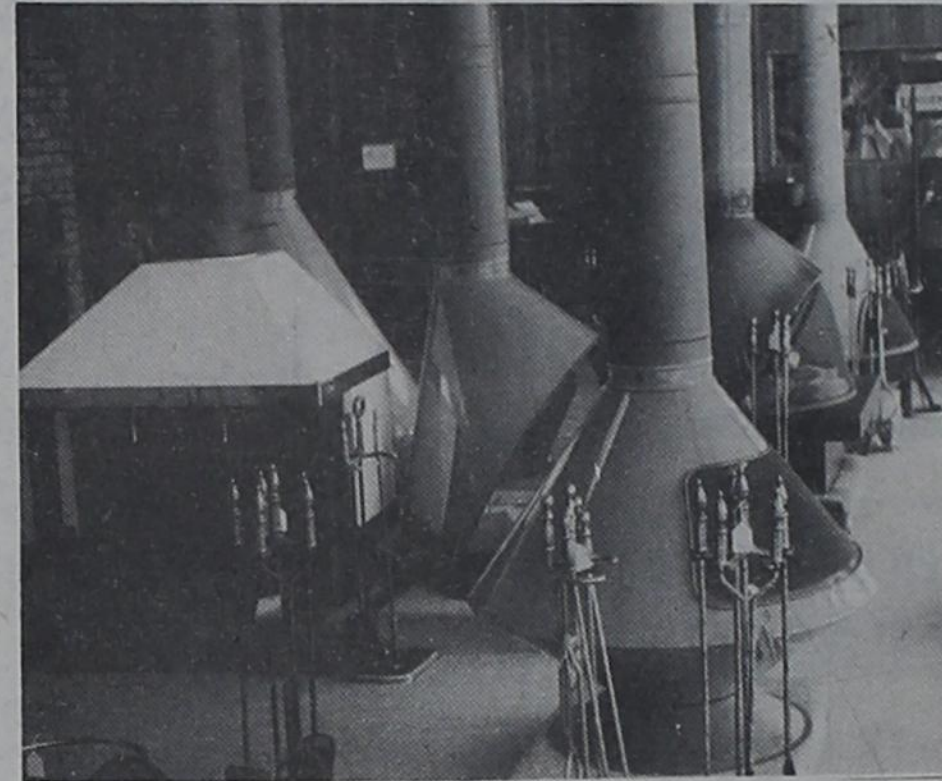

"Vega can run, and they can gain yards on the ground. Our defense will have to stop their run or we'll get beat. I see Vega as a top contender for the district championship and I know this will be a close ball game," continued Toppliff.

The game will start at 7:30 in the Longhorn Stadium in Vega. All Bovina fans will need to come out and support the Mustangs in this very important game against the 'Horns, Friday night.
