You can take it from Chief of Firemen Joe D. Phillips at the air base that Merkel will know that it is near the base within a short time. Perhaps more ways than one. Chief Phillips was a guest of the Merkel Volunteer Fire Department the other night at the annual banquet when the firemen take time off from the chores to come and eat. He sharply warned that should one of the Jets crash near Merkel, the safest thing for Merkelites to do is stay at home and not turn out to the scene. It's too dangerous.

The Firemen were lucky to have such a nice banquet, but if it hadn't been for the Firemen's Wives Auxiliary, we expect the fire boys wouldn't have fared so well on the menus. But those ladies had the best pies, hams, sweet potatoes, beans etc. that you'd want, and they fixed for 100 but only about 60 or 70 showed up due to the snowy weather.

Roy Matthews, now an assistant fire chief at the air base, was a guest, along with Mrs. Matthews. Chief Waymon Adcock said he didn't know whether to introduce Roy as a guest or not, for he was a member of the fire department here a long time before he was.

Matthews, now a resident of Abilene, recalled that he joined the Merkel volunteer fire department just 20 years ago this month. He was the driver of the truck, and he received the big sum of \$35 a month at 24-hour a day job. He spent several years with the fire department, before he advanced to better jobs along the same line, until now he is one of the big wheels in fire fighting at the air base.

Matthews had plenty of praise for volunteer firemen, which most people take for granted, and sometimes pass off their work without even a word of praise. These firemen of Merkel get only a couple of dollars for going out and fighting a fire, and that goes into a firemen's fund, so actually they don't get anything.

As Matthews put it, a fireman might even go out in his pajamas at midnight, and put out a fire for a fellow who doesn't even like him, or speak to him. It's something, when you stop to think about it. Our firemen grab their pants, their hat and the way they go when the fire whistles sounds in the night. He goes out in all kinds of weather and may not even have a helmet or a coat on. But Matthews says now paid firemen are the best dressed of any. Everything from asbestos gloves, coats and strong helmets to the latest safety devices for comfort.

Some of the firemen have been with the department for a good many years, and they deserve all the credit and support that people can give them. As chief Adcock put it: "We don't have a fireman who isn't active in the department."

Every once in a while you get a surprise, and Sunday was no exception at our house when an old school mate of ours repr. stative of Sigma Alpha Epsilon fraternity, who we were in school with at Oklahoma A. and M. college. Baugh kept from getting married all these years, and now visits every school or college in the country which has an S.A.E. chapter. He was enroute to Lubbock to visit Texas Tech.

But he brought us news that we didn't know. That there used to be an S.A.E. chapter in 1888 at Buffalo Gap College. Now we wonder what happened to Buffalo Gap College, just south of Merkel, and if there's anyone in these parts who can give us some information for a story about this college, we'd like to have it in time for the big celebration coming up later this spring and summer.

Dr. W. O. Beasley, Abilene, spoke on "Burden Bearing" at the morning service and "Fair Play" at the evening service of the First Baptist church last week. "Burdens are given in order that we may grow stronger," he said, "and certain burdens are inseparable from God's people."

Rev. A. W. Watson, pastor of the Ash Street Baptist church in Abilene, will conduct a revival in Merkel at the New Live Oak Baptist church Feb. 19 to 26.

## Three Merkel Students Are Given Honors

Three Merkel students at McMurry College were elected to membership in the college's chapter of Alpha Chi, national honor scholastic society, last week.

They were Carolyn and Marolyn Teaff, daughters of Mr. and Mrs. J. W. Teaff Jr.; and Bertha Patterson, daughter of Mr. and Mrs. Virgil Patterson.

These three and 10 other high-ranking students at McMurry were presented certificates of membership in the society by Dr. Joe C. Humphrey, academic dean of the college.

In making the awards at a McMurry student assembly, Dr. Humphrey explained that only the upper 10 per cent of the junior and senior class members, in scholastic standing, are considered for membership in Alpha Chi.

"These students have earned, through hard work and study, their membership in Alpha Chi," Dr. Humphrey said. "It is one of the highest honors that can come to a McMurry College student. It means that these students have made the very highest records in scholarship, leadership, character and service."

Carolyn, a junior at McMurry, participated in the band at Merkel High School. She is majoring in business administration at McMurry.

Marolyn, also a junior, was salutatorian of her class. She is also majoring in business administration.

Bertha, a junior at McMurry, was in the student council at Merkel High School. She is majoring in Religious Education at McMurry.

## Association To Aid Younger Farmers Forms

An organization known as the Merkel Livestock and Agricultural association will be organized within a short time to promote agricultural interests of Merkel youths who are interested in agriculture.

Several members of the Chamber of Commerce are making the push to get the project started, and a meeting of all persons interested will be called within a short time.

Onis Crawford, manager of the Chamber of Commerce said several Merkel business men are taking the lead to start the organization on a long range basis.

The first project will be to bid on livestock shown by Merkel boys and girls who display animals and put them in the sale ring at the Abilene Fat Stock show.

This will be done this year, as the stock show at Abilene opens February 20.

Preliminary plans call for raising funds to build a stock and sale barn in Merkel where a local live stock show can be held each year, giving the youths added experience and bringing a stock show to Merkel.

Plans call for the organization of a stock show when a building is completed. Membership in the new organization will be \$5 per year, and every person interested in agriculture or its promotion around Merkel are eligible to join.

## THROCKMORTON KNOCKS MERKEL FROM RACE

Scoring only 4 points while the Throckmorton Greyhounds were racking up 17 in the final quarter, the Merkel Badgers were sunk in their own tracks Friday night as the Hounds rallied to win, 47-43.

The victory knocked Merkel out of a chance for the District 8-A title, an honor that had become almost a habit around Merkel for the past few years.

The Greyhounds clinched the title this week, and their victory over Merkel left them a 9-0 lead to Merkel's 8-2 record up to that time.

Throckmorton gave a repeat performance of their previous victory over Merkel when they took Merkel's "Stall" and turned it from apparent defeat to a victory. Merkel had won the two previous district titles.

Throckmorton will meet Cross Plains in bi-district action for the right to go to the regional meet.

The Badgers apparently were headed for victory and a tie for the district lead until their stalling tactics backfired. Going into the fourth quarter with a comfortable 39-30 lead, the Badgers saw their lead vanish and find themselves behind as the final seconds ticked away.

Robert McLeod, who had a 27.8 point average up to that game, was held to 10 points, but he still was tied for high point honors for Merkel with Philip Pursley.

Robert Lilly, big Throckmorton center, had 14 points, so for the big boys it was a bad night. But Don Davis, Throckmorton guard, had 17 points for high honors.

Merkel built their lead to 11 points with 6:30 minutes left. That was when the Hounds started barking.

Davis and Jack Gober hit field goals to cut the margin to seven, and Coach Don Loyd ordered a stall.

There was 5:55 left when the Badgers sought to freeze out the game, but this proved fatal. The Greyhounds started a full court press. Davis sank a free goal, cutting the margin to six and Butch Timms hit a field goal making it only four to go.

Pursley hit a goal, upping the margin to six. The Badgers were held scoreless while Throckmorton tallied two free throws on Davis' toss and a Lilly field goal to tie the count at 48-all with 2:15 left.

Lilly's tip in put the Greyhounds out in front, 45-43, and 1:14 left. Gober put on the clincher with a layup with only seven seconds left.

Here is the box score:

Merkel (43)	FG	FT	PF	TP
McLeod	5	0	1	10
Rutledge	4	0	2	8

## Don't Run To Plane Crash, Fireman Warns

Fire Chief Joe D. Phillips, of the Abilene Airforce base, east of Merkel, warned Friday night not to run to a jet plane crash and fire, should there happen to be one in the vicinity sometime in the future.

"You can't never tell," he cautioned, "it might even have an atomic bomb on it."

But Chief Phillips was not so much alarmed at whether a plane had an atomic bomb on it or not. He said:

"If it should have an atomic bomb on it, it would be no different than having an enemy drop it around here."

Phillips said the big planes will carry something like 17,000 gallons of fuel, and that was why he cautioned persons not authorized to stay away from such a crash.

"Of course, we will work close hand in hand with the Merkel Volunteer Fire Department, and perhaps they would be the first to the scene," he added, "but still you do not have the equipment necessary to handle such a fire, should one occur."

Phillips said the Abilene Air Force Base fire department will call upon Merkel fire department and other towns in this vicinity to give them some secret information regarding what they can do in case of a crash.

"But the citizenry should stay away — as far away as possible from a crash," he declared.

Such planes not only will have military personnel aboard which every effort would be made to rescue, but should there be an explosion someone else would get hurt.

Phillips said the air force does everything possible to save the personnel aboard, and he added that the Merkel department soon would be given information and instruction that would help them in case they answered such a call.

Phillips praised the Merkel Fire Department and said people do not realize the effort they put out. He praised the firemen's wives as:

"They're the ones who answer the phone, hand you your hat and get you on your way to a fire... and tell you what time to come back"

Fire Chief Waymon Adcock presided at the firemen's banquet, and called on several persons, including Mayor Fred Starbuck and Roy Matthews, former Merkel fire department member now of Abilene Air Force base, for remarks.

The meal was prepared by the Ladies Auxiliary of the Merkel Volunteer Fire Department.

## COMPERE CLUB HAS MEETING

Mrs. Jess Foy entertained the club members in her home February 9.

Mrs. H. R. Chancey, club president, had charge of the business session. Mrs. I. B. Ray offered the prayer.

Mrs. Pistole directed the game "Guggenheim" which was resulting to all members and visitors present.

Roll call was answered with a "Food Hint." Mrs. Ray, club secretary, read the minutes and gave the finance report.

Recipes were handed out and sheets were filled out for "our daily diet."

Plans for the Valentine Party and Auction Sale were discussed, for Community Fun night.

The food leaders, Mrs. Pistole and Stanley, demonstrated a delicious "oven meal" consisting of golden ham slice, steamed green beans, casserole baked potatoes, and apple crisp. All the food was prepared and cooked at the same time and at 375 degrees F. In one hour a complete meal was ready to serve with hot coffee or tea and banana nut cake.

The hostess gift went to Mrs. H. R. Chancey. Most members present received some little "joke" from her secret pal.

Members present were Mrs. W. S. Allred, Hunter, Ray, Ramsey, Dixon, Chancey, Pistole, Stanley, Foy and two visitors Mrs. Claud Brown and Mary Jane Alexander.

Next meeting will be February 23 when the club meets with Mrs. A. Hunter Jr. The program will be "Why a Living Room?" by the agent, Miss Waincott.

TOM RUSSOM  
were shaking hands

Sunday at Pioneer Church like they were glad to see each other. Maybe it was because they had been snowed in and had not seen anyone for a while. Well it just makes everyone feel better to go to church and shake hands with

each other anyway. The young people's program Sunday night was well attended and enjoyed by everyone very much.

The farmers are beginning to warm up their tractors this week, getting ready to plow the and for the '56 crop, with hopes that it will be a good one.

Mr. and Mrs. F. R. Demere reported that the snow was fine at their ranch and it would make winter weeds start growing, which make grazing for their goats.

Joe Swinney bought 80 head of ewes this year, his first sheep to ever own. He has already marked up a 115 per cent lamb crop. The sheep boys will have to do pretty good to beat that record.

John Oliver has stacked all the feed he needs on his place and is selling what is left in the field.

R. E. Clemmer, stockman in the Canyon, bought an Angus bull from the Rhodes. The bull was pretty salty so Clemmer just branded him in Russom's trailer and turned him out. Up until last night he had not seen the bull.

Part of the trailer is gone. If anyone sees an angus bull with Clemmer's brand and part of a trailer on him contact R. E. Clemmer or Tom Russom.

Many farm families enjoyed the panel discussion over KRBC-TV Sunday afternoon, on the farm program. The questions asked were very familiar and the answers were just as varied. Ten different farmers would have just as many answers. But up the Canyon grass planting is a favorite program because much of our area leans to livestock raising. The farmers are saying if we can raise a \$50.00 calf that's as good as anything else we could raise, and as in the past they will stay with the grazing program.

Mrs. Dee Grimes has returned after a two weeks visit with her daughter, Mrs. Stuart Dean, and family, at Corpus Christi.

Mrs. Kenneth Dismuke and children, Debby Ann and Towner, were weekend visitors with her parents, Mr. and Mrs. Bob McDonald.

Mr. and Mrs. B. T. Collins of Weatherford, Texas spent the weekend with her sister, Mr. and Mrs. W. A. Stockbridge.

FEB. 22 IS U. S. ARMY RESERVE DAY IN TEXAS!

**YOUNG MEN WANTED**

UNCLE SAM needs young men for his peacetime Army of Reservists. YOUNG MEN need what Uncle Sam has to offer.

Strong nations seldom are attacked. It is only when a nation becomes weak, when its military strength is at a low ebb . . . when its men are untrained for battle . . . that an enemy strikes. To keep peace — keep strong. For a nation to maintain military might it must have a large, well-trained Ready Reserve — well versed in the latest in military know how and equipment.

It is up to the young men of America to provide this manpower. Under the Reserve Forces Act of 1955 American youth may continue in school with a minimum of interruption, while serving in the U.S. Army Reserve.

Investigate. Contact your nearest U.S. Army Reserve Unit.
