GARDEN GETS A CLEANUP—Mr. and Mrs. J. D. Sandusky, Jr., Rt. 4, Merkel, undertake the task of cleaning up their vegetable garden for planting time which is just around the corner. ## J. D. Sandusky Jr. Family Nominated For Abilene Kiwanis Club Farm Award

The J. D. Sandusky, Jr. family of Rt. 4, about 3.5 miles southwest of here, have been nominated for the West Abilene Kiwanis Club's "Most Outstanding Young Farm Family in Taylor County in 1957."

Three others have been nominated. They are J. K. Drummond and family, Rt. 3, Abilene; Jack May and family, Rt. 1, Ovalo; and Delmon Smith, Rt. 1, Lawn.

The Sanduskys, recognized as one of the most progressive farm families in Taylor County, have three children, Shirley, 8, Jerry Don, 6, and Pam, 5.

J. D. has lived in the Merkel area all of his life with the exception of four years he spent in the Navy. He is the son of J. D. Sandusky, Sr., another long-time Merkel farmer.

Mrs. Sandusky is the daughter of Mr. and Mrs. W. B. Neill of Munday.

According to Perry Davis, Merkel work unit conservationist, and Chester Collinsworth, VA teacher at Merkel High School, who nominated the Sanduskys, his farming practices are among the most outstanding to be found anywhere.

His 1957 crop included: Wheat, 34 acres which made 15 bushels per acre and 11 acres which he grazed; hybrid milo, 15 acres, 900 pounds per acre stored for feed; Martin milo, 55 acres, 750 pounds per acre stored for feed; hegar, 8,000 bundles for feed; sudan, 15 acres for grazing; Oats, 16 acres, 25 bushels per acre stored for feed and 11 acres grazed; and cotton, 12,570 pounds lint cotton.

Due to a shortage of feed his livestock operations were small in 1957. He marketed only 15 head at the end of the wheat grazing.

One bull and 11 steers were grazed on sudan and other pasture during the summer months to be fed for market. In late December, J. D. purchased 26 more steers to go on feed.

He uses his livestock to graze crops not suitable for harvest and to save a considerable amount of the crop missed by harvesting machines.

Soil and water conservation are carried out by the best methods on the Sandusky farm. J. D. plants all crops with a row skipper between each two rows to help conserve water and keep plants from suffering from short dry periods.

One of his savings in time and maintenance costs is a well equipped farm shop, which he maintains with his father on his father's farm.

Farm improvements done in 1957 by Sandusky included the

construction of nearly a mile of terraces, one-fourth mile of fence, and stocking of a farm pond.

Mr. and Mrs. Sandusky keep a good vegetable garden for fresh foods and for preserving by canning. Mrs. Sandusky canned 60 pints of tomatoes and 12 pints of pear preserves this past year.

The Sanduskys belong to the First Methodist Church where Mrs. Sandusky at one time taught a Sunday School class for two years.

## Ex-Merkel Man Dies At Brady

Walter S. Mayes, 67, former Merkel area farmer, died at 7:30 a.m. Monday in Brady, where he had lived for the past four months. He was a retired farmer.

Mr. Mayes was born February 2, 1882 in Grayson County, and lived on Merkel Rt. 2 from 1901 until he moved to Merkel. He was married to Mary Anne Patterson in 1908 at Haskell.

Survivors include four sons, Don of LaMarque, Winfred of Texas City, Elwood of San Antonio and Wayne of Dublin; one daughter, Mrs. Clay Dillard of Merkel; six grandchildren and four great-grandchildren.

Funeral arrangements are pending at Laughter-North Funeral Home.

## L. L. Murray To Seek Office

L. L. Murray, former gin owner and operator, has announced his intention to seek the office of Justice of Peace.

Mr. Murray will make a formal announcement at a later date.

Bob McDonald, who has been a patient in the M. D. Anderson Hospital in Houston for the past several weeks, will be released Friday and return to his home here. He is reported to be improving, and will not have to undergo surgery.

## Work Started On Merkel's Country Club

Construction on the new country club is now underway on the Nathan Wood farm north of town, according to Mr. Wood.

The new club, which will feature a nine hole golf course complete with club house, was formed last fall when some 50 members signed up.

Bert Jones, temporary president of the membership, has indicated that more memberships are needed to attain the goal of 100 before the club can operate.

Mr. Jones urges all who are interested in joining to contact the Chamber of Commerce office for application blanks.

## Earle M. Watts Writes Book About New Cure For Tension

Earle M. Watts, who believes the cause of nervous tension, emotional stress, chronic fatigue and degenerative disease is, basically physical, has written a book on Reflex Massage Therapy called "Miracle Massage."

Publishers of the book, Vantage Press, Inc. of New York, have set the release date for February 13.

Mr. Watts said he suffered nervous tension and stress until he took foot-massage treatments from a physiotherapist. Since that time he has devoted his time to proving the value of this treatment and in his book reports the results of both his per-

EARLE M. WATTS  
... local author

sonal experience and his study of "miracle massage."

The book, which will certainly give the reader some food for thought explains the functioning of the endocrine glands and the autonomic nervous system. The findings are carefully documented and check with the results of treating over a thousand patients.

The author feels he has a simple answer to a complex problem. He gives some of the facts that lead him to believe that the cause of nervous tension and emotional stress is of a physical nature. He believes that by stimulating the nerve centers in the feet, which connect with the parasympathetic system, through scientific massage, a soothing, relaxing reaction will be brought into play and tension reduced.

Watts, an electrification advisor for Taylor Electric Co., is the son of Mrs. L. A. Watts. He and his wife, Hattie Mae, have two children, Nancy of the home, and Ned, who works for Western Electric.

After his discovery of "miracle massage," Mr. Watts studied foot massage, and took the Ingham-Stoppel Course of Reflexology, Rochester, New York. He has also taken courses in the human relations field.

Watts is a director of the Chamber of Commerce, second vice president of the Merkel Lions Club, vice chairman of the Methodist Church Board of Stewards, teaches a Sunday School class and has until recently taught the Men's Bible Class.

## Local Couple's Son Survives Electric Jolt

Robert Grimes Seago, 34, of West White, Hbbs, N. M., son of Mr. and Mrs. C. W. Seago of Merkel, was taken to Lea General Hospital of the city following an accident which occurred Thursday, February 6, when Seago, who is employed as first class linesman of New Mexico Electric Service, came into contact with 7,200 volts while on a pole.

He was treated for burns on his left hand and his left knee caused by the electricity entering his body through his left hand, burning the inside of his fingers, passing down through his body and emerging at his left knee, leaving a burned area at this point, said to be "about the size of a silver dollar."

Cause of the accident could not be determined—even by Seago himself, according to the company for whom he is employed. The crew was engaged in constructing a new power line in an alley and were preparing to pull a transformer up to the top of the pole, with Seago aloft to bolt it into place.

Power company officials stated Friday that he seemed to be feeling little ill effects with his brush with electrocution and was very anxious to leave the hospital as quickly as possible.

His parents went to his bedside immediately, but returned to their home here accompanied by their two grandchildren, who will remain with them for an indefinite time.

## Egg Grading Station Possible For Merkel; Meeting Here Feb. 13

Do you want an egg grading station for the Merkel area? A meeting will be held in the Taylor Electric CO-OP building at 7:30 p.m., Thursday, February 13, to see if there is enough interest to justify having a station here.

Having an egg grading station here will mean a more stable market for eggs as well as higher prices for eggs and chickens.

The new egg law which goes

into effect on February 17 is essentially a grading and labeling act. It requires all eggs sold within the state to be properly marked as to its grade.

H. C. Stanley, County Agent from U. S. D. A. Extension Service, will be present for the meeting. Farmers, feed dealers, grocers and all interested persons are urged to attend. It could mean a new industry for Merkel and will benefit the farmers of this area.

## C-C Banquet Speaker Stresses Need Of Strong Small Communities In U.S.

Dr. W. R. White, president of Baylor University, spoke on "The World Picture and the Local Community" in an address at the third annual Merkel Chamber of Commerce banquet February 6.

Stressing the importance of the small community, Dr. White said that people in the small town should be a unified force to promote the progress of the community.

"We must make America strong by building a stronger local community," he said. "We need to relate ourselves intelligently to the world around us. We can destroy our free way of life by lack of alertness."

He blamed the failure to stay ahead in the space race as due to apathy, indifference and red tape.

"We know now that we could have been ahead," he said. "They taught us at least that there is no substitute for intelligent, diligent hard work."

In the overall science race, he believes that we can win if we are strong in every center, in every community. He said we have gotten soft and shallow, we are not anchored by great convictions. Some of our weak points that need strengthening he mentioned are not being able to take the strains, tensions and tests as we ought to be; not having as deep and profound appreciation as we ought to be; and not having as much conviction in our religious beliefs as we should have."

Dr. White said that small communities such as Merkel feed lar-

ger cities with talent and the drawback to this in the past has been the loss of population in many small communities and even disappearance of some. He said that migration to larger cities is slowing up due to the

## Merkel Scouts Attend Program In Austin

Boy Scouts of Merkel's Troop No. 20 were among Texas scouts who made the annual "Report To The Governor" on Saturday, February 8.

Danny Bagby went with a group on a chartered bus provided by the Chisholm Trail Council which left on Friday. They spent the night at Bergstrom Air Base Friday and toured the Capitol Building Saturday morning.

Leaving here Saturday morning to join the others were Keith Wilson, Wayne Hester, C. B. Brown, Douglas Gladden, Michael Roland, Glenn and Lynn Melton. They were accompanied by Ray Wilson, Troop No. 20 Committee Chairman, and Orville Roland.

The Scouts marched from Second Street, up Congress Avenue to the Capitol building, a distance of 10 blocks. The "Report To The Governor" ceremonies were held in the House of Representatives.

After a general exploration trip of Austin, the group bedded down at the Bull Creek Lodges on the banks of a stream that empties into Lake Austin.

"In order to fully appreciate the color and excitement of the trip, one needs to listen to the exciting description of the trip from one of the boys who went (this includes Ray Wilson and Orville Roland)," says Scoutmaster Joe E. Lassiter. Mr. Lassiter says that a trip of this nature is a highlight in the program of any Scout Troop. Other events planned for the year will possibly include a trip to Philmont in New Mexico, the Mecca of all Scout Trips, he said.

## Trent-Noodle Tilt

The Trent girls basketball team will play the Noodle girls team at Noodle Friday night at 7:30.

Mr. and Mrs. Don Doan and children, Dian and Stephen of Stamford spent Wednesday with their parents, Mr. and Mrs. D. C. Doan and Mr. and Mrs. Grady Bishop.

EVERYBODY'S HAPPY—Mrs. Horace Boney displays a big smile as she receives the Merkel Chamber of Commerce's outstanding service award Thursday night for the Parents Club, of which she is a member. Isadore Mellinger, new president of the Merkel C of C, makes the presentation. Dr. W. R. White, left, president of Baylor University, main speaker at the banquet, holds a western hat he received from the club. (Photo courtesy Abilene-Reporter News)

DOLLARS IN THE SOIL BANK

Put dollars in your soil Bank land. Dollars may be added to soil bank cotton and wheat land by planting it in a cover of peas. Peas will store badly needed nitrogen which means more money in the future.

Soil bank land by requirement will have to be cultivated to keep down noxious weeds. Why wouldn't this be the ideal time to think of a legume to your cropping practice especially when the land will be easier kept clean with a legume cover growing on the soil at this time? A legume will give the soil a cover as an added protection from wind and water erosion. Legumes in a rotation is a farmer proven practice that gives more enduring productivity.

Walter Kelso of the Stith community had summer peas planted in blank rows in cotton this past summer. Buster Horton has vetch and oats sown together this season. Buford Buntin, O. F. Cook and Elsie Riland have Austrian Winter peas planted in rows. At the present the cover crops are all growing and looking fine.

Anyone interested in receiving assistance under the Government cost share program for planting summer peas may contact your local ASC or Soil Conservation Service office.

UP THE CANYON

By TOM RUSSOM

Well it looks as if we might have a rainy February. Farmers and ranchers rejoice to see the moisture.

More small grain has been sown in our area this year than for a number of years.

We would like to make a lot of changes in our farm program, especially since the soil bank deal failed, which was about the biggest let down the farmers have yet had.

The attendance was up at the Pioneer church Sunday, however there is still lots of sickness due to flu in our area.

Mrs. Jack Whisenhunt and daughters attended church at Pioneer Sunday. She is the former Bettie Oliver, and resided in the Canyon until her marriage.

Gerald Derrick of Merkel owns the former Toombs place which is located across the road from the Tom Russom place. He has improved the place by plowing

some timber and seeding the land to grass, which has given a good cover on the crop land.

Mr. and Mrs. Ervin Davis and family of the Davis Ranch attended church at Pioneer Sunday.

I am going in this week and pay my subscription to the Merkel Mail. Why not join me in doing so if you have not already. Tell Bob and Mrs. Gardner how we enjoy the fine paper they are giving us. I think we should boost our home town paper. It gives us all of our home community news. We think this will be the biggest year for news that we have had for some time.

Mr. and Mrs. Dewell McLean and Mrs. Tom Seymour were Saturday night supper guests in the home of W. C. Mathews and daughter, Pearl of Trent. Mr. Mathews reared his family in the Canyon. We will ever be grateful to them for their church work and influence in our community. How we did love Mrs. Mathews. She was just like a mother to all the boys and girls when we were young. The fine example she set for us will always serve as a light for us to follow.

Ray Osborn, who operates several stock farms on the north side of the Canyon, says that he doesn't believe he has ever seen better moisture conditions. He has sown a lot of land to small grain.

A. L. Farmer is still improving from the recent illness which kept him in the hospital for some time. He is now at home.

V. L. Blackburn who was ill for quite some time was able to go home with his son, Mr. and Mrs. John Blackburn, who reside on the Plains.

The stockman have fed heavy during this spell of weather. This is considered the hardest time of the year on livestock.

F. E. Modgling of Bronte, who has purchased practically all the lambs that have been sold from this area in the past ten years, writes Tom Russom that he was thrown by his horse and suffered a broken leg from the accident. We regret to hear of his misfortune, and as he is well known by most of the stockmen here, all will be wishing for him a speedy recovery.

work of the local Chamber of Commerce and their organizations who are trying to make our small communities a worthwhile place for our youth to live when they reach adulthood.

Isadore Mellinger, new president of the Merkel C.C., presented Dr. White with a western hat in appreciation for his appearance at the banquet.

The organization's outstanding service award was presented to the Parents Club. Mrs. Horace Boney received the award from Mellinger on behalf of Mrs. Robert Malone, president of the club, who was unable to attend.

The Parents Club helped the youth of Merkel to organize a Youth Club which is housed in a building that was formerly a cafe and is used for recreational and entertainment purposes.

Orville Riland outlined the Chamber's program of work for 1958 which was cleverly portrayed in the decorations for the banquet by Bill Wood, entertainment chairman.

Representing a "dream city" the speaker's table featured a large pink flocked castle from which radiated an arrangement of pink stock. Banquet tables were centered with arrangements of pink and orchid stock with "dream clouds," made of angel

hair, suspended over them. Each "dream cloud" depicted one of the 1958 projects of the Chamber of Commerce. All of these completed would make the "dream city" a reality.

Charles Hogsett, retiring president, received a plaque for community service. Orville Riland, CC manager, received a pen and pencil set for his work with the organization.

Music was provided by the girls trio from Hardin-Simmons University, composed of Florida Young, Sara Catlett and Mrs. Gerry Weatherly. The high school orchestra, under the direction of W. G. Reed, provided dinner music.

Group singing was led by R. B. Hall with Mrs. Brandon Wade accompanying on the piano.

The Rev. C. G. Sewell, pastor of the First Baptist Church, was master of ceremonies. The Rev. Cloy Lyles, pastor of the Methodist Church, gave the invocation and the closing prayer was given by Dr. Evan Reiff, president of Hardin-Simmons University.

What Is Real Love For A Child?

How It Can Be Used For Child's Good

Real love in the life of a child, so necessary in combating juvenile delinquency, is not trying to "possess" him, not just giving him material things. It is giving him a sense of his own significance in his home and among friends.

Real love does not over-indulge him, give him too much in the way of material possessions or pleasing pleasures, excitements, stimulations. Instead it provides understanding and emotional security as he runs up against the hard knocks life hands us all from time to time.

NO SENSE OF BELONGING

A little girl 4 years old was in my court a number of years ago, the subject of a custody suit. At the end of the day I took her in my office and told her she would stay home with her mother that week-end.

She looked up at me and said, "Which mother, my old one or my new one?" You see, Patsy had two mothers and two fathers. She had been shifted from one to the other, been involved in several custody cases and consequently had no sense of security, of belonging, such a necessary part of love in the life of a child.

THEY WOULD BE THERE

On the other hand, a young soldier taken prisoner in Germany kept his sanity by remembering his room, mentally counting the things in each drawer of his chest.

He knew the accustomed place of each and felt a security in the certainty that they would be there when he returned home.

And of equal importance is the need for love to include guidance for future living as an adult. The child should learn at an early age that there are rules to be obeyed and limits beyond which he cannot go.

HOLD TO LIMITS

A little girl I saw in a grocery store was amusing herself by taking things off the lower shelves, either spanking them with a spanking bed and several other things, but the child paid not the slightest attention. Evidently she was sure her mother could not mean what she was saying. She had not yet learned of any limits beyond which she could not go.

THEY WANT GUIDE-POSTS

Children really want to be made

In the day of my trouble I will call upon Thee; for Thou wilt answer me.—(Psalm 86, 7.)

How wonderfully blest are those who are so strong and steadfast in their faith—who, whenever it wavers for an instant, affirm it at once restored! They shall never be long desolate or sorrowed, for they live in God.

degrees of responsibility towards young people not our own.

Too often we fail to speak the kindly but firmly word that will stop a youngster in a group under us as a teacher, Scout Leader, etc., or even a neighbor child. Too often we fail to provide a good example.

TAKE TIME TO LISTEN

And too often we simply don't take the time to listen. We talk. The feeling is a person what he is thinking and doing is important in helping to give a child a sense of significance. Opportunities to help by being a "listening post," come most often to a parent, of course, but often also to the really receptive non-parent.

My next article: "New Investments in Time and Effort."

Mr. and Mrs. L. L. Murray left Wednesday for North Little Rock, Arkansas, to visit their daughter, Mr. and Mrs. James Benschoff and children. They plan to be away about a month.

Herbert Hart of Pikesville, Tenn. spent several days the past week as guest of his cousin, Mrs. Hester Greene. It was the first time he had seen each other in about 25 years.

The Rev. W. T. Hamor of Abilene read the double ring ceremony.

Mrs. Robert J. Criswell, of Plainview, sister of the bride, was matron of honor. Whitaker served as his son's best man.

The matron of honor wore a princess dress of red velvet. Her hat was a halo of red velvet, and she carried a crescent of red flowers with white maple leaves and seed pearls.

Immediately following the ceremony a reception was held in the home of the bride's parents.

The couple will be at home at 6842 Del Norte Lane, Dallas. For traveling the bride wore a brown wool suit trimmed with a mink fur collar, and a matching wool hat.

The bride received her Bachelor of Science and Master of Education degrees from Hardin-Simmons University where she was a member of Alpha Chi, Alpha Psi Omega, Players Club, and Colts Club. The bridegroom is a graduate of North Texas State College, with a Bachelor of Business Administration degree.

Mrs. Whitaker will teach in the Garland Public Schools, and Whitaker is on the auditors staff for United States Steel Corporation in Dallas.

A rehearsal dinner was held Friday evening in the home of the bride's parents.

1/2 cup PET Evaporated MILK  
 3 Tablespoons cornstarch  
 3/4 cup sugar  
 1-lb. 4-oz. can sour, pitted cherries  
 2 Tablespoons butter or margarine  
 1 Tablespoon lemon juice  
 Few grains salt  
 1 cup sifted, powdered sugar

Have ready a baked 9-inch pastry shell. Chill milk in ice tray until almost frozen around the edges. Meanwhile, mix in 1-qt. saucepan the cornstarch and sugar. Drain cherries, saving syrup. If necessary, add water to syrup to make 1 cup. Stir cherry syrup into cornstarch mixture. Cook and stir over medium heat until very thick and clear, about 7 min. Cool thoroughly, then add drained cherries. Take out 18 cherries to decorate pie. Put rest of cherry mixture into pastry shell. Melt butter in small saucepan. Take from heat and mix in until smooth the lemon juice, salt and powdered sugar. Cool thoroughly. Put ice-cold milk into a cold 1-qt. bowl. Whip with cold rotary beater by hand, or with electric beater at high speed, until stiff. Whip in cooled powdered sugar mixture just until mixed, about 1/4 at a time. Do not overbeat. Arrange around edge of pie. Decorate with the 18 cherries. Chill an hour before serving.
