Merkel Is Growing

Taylor Electric Cooperative, Inc. is making approximately \$20,000 worth of improvements and additions to their building at 1610 N. 1st Street.

The annual meeting facilities have been improved and 1000 ft. of additional floor space added to the building—part of it to be used for office space and part of it to be used for office space and part for meter testing equipment.

The Merkel Quarterback Club has installed a new electric scoreboard at Badger Stadium.

Don't forget to visit the Merkel booth at the West Texas Fair.

The Merkel Mail has added a new feature—a column called "gabby doodle from noodle". Look for it—you'll enjoy the humorous letters written by the barnyard philosopher.

Connie Seymore Sold On Soccer

(Ed Note—The following was taken from an article in the Army Times, August 12, 1958—Europe)

OEBLINGEN, Germany — A good many Seventh Army athletes, raised on the traditional diet of baseball, football and basketball, are eyeing soccer as a personal challenge to their sporting talents.

A couple of dozen of them made that quite clear at a recent Bert Flatly (he's the British soccer pro guiding the Army's "fussball" destinies) clinic held here at Panzer Casern.

"Before I came to Europe I thought I knew all there was about sports," said Pfc. Connie Seymore, a lean lanky specimen from Merkel, Texas, where he used to play first-rate basketball. "Soccer? I had barely heard of it and never thought of it—that is, until a busload of us went to the CISM match in Nuernberg last spring."

The U.S. CISM team went in against the Belgians at Nuernberg's Soldiers Field and, though the home side lost the verdict, soccer won a convert in the big Texan, now with the 379th Trans. Co.

"SOCCER turned out to be faster than a loose lady and offers as much body contact as football. There may be a difference in the degree of violence, but there are times when that difference seems awfully small—when the defense whips a cleated foot inches from your face, for example."

There are dozens of Seventh Army athletes similar to Connie Seymore. They are outfielders, halfbacks, boxers who are finding in soccer a new outlet for their energies and their competitive instincts.

"How did we miss this in Texas?" sighed Seymore, moving out to a fullback position for a practice game. He brooded till the ball came in on him and then he kicked, forgetting, for the moment, at least, the great state's faux pas.

Connie is the son of Mr. and Mrs. Joe Seymore.

Airman I-C and Mrs. Jerry Gibson of Lake Charles, La., spent the weekend with his mother, Mrs. Dent Gibson, and her parents, Mr. and Mrs. Burly Bond.

Quarterback Club See Film; Ellis To Speak Monday

About sixty members were present when the Merkel Quarterback Club met in regular session Monday night to see a film on the "Highlights of the 1957 Southwest Conference".

After a short business meeting Coach Carroll Benson gave his opinion of last week's game with Stanton. He pointed out what he thought were the Badgers strong points and their weaknesses. Benson also gave a report on Rotan and said, in his opinion, Rotan will give the Badgers a real battle Friday night.

Tommy Ellis, head coach at McMurry College, will speak to the club at Monday's night meeting according to Norman Winter, program director. Coach Ellis will also bring films of the McMurry-Sul Ross football game to be played Saturday night, and will report on the progress of ex-Badgers, Barry Scott, Gene Hargrove and Terry O'Brien.

The Merkel Quarterback Club now has 121 members and the membership drive will continue as long as there is someone who wants to join. Team captain Norman Winter is leading Sylvian Mellinger in the membership drive by several members. The losing team captain has the privilege of being hit in the face with three lemon meringue pies during the half time ceremonies at the homecoming game with Anson, Oct. 3.

First Methodist Church News

The official board of the First Methodist Church met in its regular monthly meeting at the parsonage. After a watermelon feast in the back yard, served to all board members and their families, the business session was held. Attendance at all services last Sunday was back to near normal. The Evening Services are now being set up in time; the Methodist Youth Fellowship meets at 6:00 p.m., and Preaching Service is at 7:00 p.m.

An Inter-Board School will be held at St. Paul Methodist Church in Abilene, September 22. This school is to train the chairman in each of the five commissions: Membership and Evangelism, Missions, Education, Finance, and Christian Social Relations; the Official Board Chairman, and the pastors in their respective work in the local church. Outstanding conference leadership will be teaching the different groups. The school begins at 1:30 p.m. and closes at 9:00 p.m.

Church School Rally Day will be observed September 21 with a special program at the Worship Hour. Attendance goals in each class are being set, aiming at 100% attendance.

OPPOSES ADENAUER . . . Big debate in West Germany is whether to use atomic weapons, and Socialist Democrat Erich Ollenauer, speaking at Frankfurt, says no.

Gabby Doodle From Noodle Says:

DEAR MISTER EDITOR:

I see by the papers where Congressman Carroll Kearns of Pennsylvania wants to put the Star Spangled in the key of A flat so folks won't stumble over them high notes near the end.

I'm in favor of anything that'll help the Star Spangled Banner get back in good standing in this country. We got kids in school today that can sing all five verses of Elvis Presley's "Hound Dog" that ain't never heard of the Star Spangled Banner.

As usual, they referred the Kearns bill to a congressional committee afore Congress adjourned. That means it'll cost the taxpayers about \$10,000 whether we get it settled in A flat or F sharp. The committee will ask a handful of govern-

Badgers Wallop Stanton Buffs In Season Opener

The season's opener saw the Badgers defeat Stanton, 46-8, in non-district high school football play here Friday night.

Quarterback Manley Denton opened the scoring with a 38-yard run around left end, then fullback Douglas Toliver went through right tackle for nine yards for the second marker. Denton passed to Jerry McLeod for two points to make the score 14-0.

Fullback Tokyo Moreno ran 15 yards after the Badgers recovered a Stanton fumble in the second quarter, then Denton broke loose for a 28-yard scamper around right end to make the count 28-0. Moreno skirted left end for 15 yards early in the third quarter, climaxing a 63-yard drive, for Merkel's only score in that stanza.

Stanton's lone tally came on the first play of the final quarter when quarterback Dwayne Thompson plunged one-yard after a fumble gave Stanton the ball on Merkel's 28-yard line.

The Badgers roared back, however, with Moreno running 42 yards and Denton breaking loose for 16 for the final scores.

Score by quarters:
Stanton 0 0 0 8-8
Merkel 14 12 6 14-46

Starr Rest Home

By MARY OUTLAW

Everyone is fine at this writing only Uncle Jim Smith, he is still on the sick list. We hope that he will soon be out of bed again. He wants to express his thanks for the visitors and the friends who have called about his condition.

We want to thank Mr. and Mrs. Frank Carter for the peas that they gave the Rest Home.

Frank and Ehel Carr came Sunday morning as usual and sang for the folks. Keith Tarpley came and helped them.

Rev. Agnew, Pastor of the Assembly of God Church filled his appointment Sun. The patients enjoyed the service and the good singing.

Some people have asked me if they came and checked on the ones who voted in the last elec-

tion at the Rest Home. They did, an officer came and checked each patient's record when they were admitted and how long they had been here. For those interested we only had two who voted in the last election and that was Uncle Jim Smith and Little Jimmy Skilern. I did not ask them or tell them how to vote because I did not vote myself and I thought that they were 21 and old enough to vote as they pleased and it was no concern of mine who they voted for, I did not mind for the officer to come to get the information, I was glad to furnish them with any information I could. I always try to cooperate with the law for that is one thing we are very needful of.

Thanks for the beautiful white Glads that were sent from the Gloria Teaff wedding they were appreciated and looked so nice on the Piano for the services the following Sunday.

Mrs. Hartley and Mrs. Hicks certainly appreciate the fruit the four girls from the Baptist Church brought them.

Mr. Odie Smedley of Rowden visited his father Monday.

Mr. and Mrs. Andy Brown of Sweetwater visited Mrs. Hicks last week.

Mr. and Mrs. J. W. Cole and Carolyn Abilene visited their Aunt's Pearl Wiggins and Jennie Joplin.

Iva Edwards of Lubbock visited her mother Jennie Joplin last week.

We gathered and put in the deep freeze 9 bu. of blackeyed peas last week.

We want to thank the Merkel Drug for the candy they sent the Rest Home.

Mrs. Delia Kuykendall is visiting relatives in Wichita Falls.

Hearty Soup For Fall Days

The days are turning cooler... the leaves are changing color... both wonderful signs of fall. Appetites, too, take a turn at this time of year. They are sharpened by increased activity and brisk weather. As a result, hearty meals are in order. Soup, with its tempting aroma and stick-to-the-ribs quality can be the mainstay of such meals. With the wonderful assortment of available canned condensed soups, nourishing meals can be prepared quickly. Sure to hit the spot is this combination — bean with bacon and beef — so warming and satisfying. Ladled from a gaily colored tureen, it becomes "party fare."

To go along with this colorful soup, pass a basket of sandwiches — perhaps melted cheese on bun and Boston brown bread with cream cheese... include an array of homemade relishes. Then for dessert... a spicy Harvest apple pie and hot coffee.

Bean And Beef Chowder
1 can (1 1/2 ounces) condensed bean soup
1 can (1 1/2 ounces) condensed beef soup
1 can (1 1/2 ounces) condensed vegetable vegetable soup

Vegetable Bean Soup
1 can (1 1/2 ounces) condensed bean soup with bacon soup

THE AMERICAN RED CROSS

(Ed. Note — The following editorial appeared in the Arizona Daily Star, Tucson, Arizona)

The Red Cross has a difficult job. Whether in war, in disaster or in ordinary day-to-day peacetime functions, it deals with many people, few of whom know what to expect of the Red Cross or any other agency serving them at that moment. Some are grateful; humankind has their eccentricities—some are not.

The Red Cross has been the victim of many circumstances and rumors. Take only one, personally investigated overseas. The GI's were saying that the Red Cross obtained donations of cigarettes in the United States, then sold them to the Post Exchanges. Sure enough, in the packages of purchased cigarettes were slips of paper saying these cigarettes had been given free by a union in one of the big auto plants.

Run down, the truth was that both free Red Cross and purchased Post Exchange cigarettes went over the same shop. At the port of offloading it was impossible to separate one from the other—ever see a port snafu? The Red Cross was told by the commanding general to take, for its free hospital distribution, the quantity of cigarettes invoiced to it. The others, of course, got into Post Exchange channels and GI's paid for them. When a GI opened a pack and found a slip inside indicating it had been given to the Red Cross, he complained.

There were more sordid rumors, too, about the virtue of Red Cross girls. In one theater where these were investigated they were found to have almost 100 per cent neuropsychiatric origin. One foreign army officer, long accustomed to seeing camp followers, never did become convinced that Red Cross girls handling a Trainmobile were women of virtue. He was sure there was a gimmick.

The Red Cross has a harder job to perform in peacetime than in war—because that elusive thing called glamor is mostly gone from the situation. You will rush down to give your blood in wartime; the need is nearly as great in peacetime and yet are you in a hurry? While many loyally donate blood to the Red Cross, millions of others don't.

The Red Cross has disaster duties imposed by common consent of the American people. It has duties pertaining to helping servicemen's families — and, bless servicemen, not all these requests are reasonable or can be handled. The good the Red Cross does lies deeply interred in people's minds; when it must refuse a service, or when it makes a mistake, people blame it, often publicly.

The Red Cross is a good, and a vital institution. It serves not only in the United States, as the American National Red Cross; but it has its counterparts in other places in the world. It deserves your support.

Home Demonstration Notes

By LORETA ALLEN

Taylor County Home Demonstration Agent

We've all been busy getting ready for the fair. Hope all of you come by to see the home demonstrations. Think you will really enjoy it and learn some things, too.

I had a request the other day on how to clean and brighten velvet. I thought that some of you might like to know how to brighten up your fall clothes.

Place the velvet on the ironing board with the nap up. Smooth gently to remove all wrinkles, then pin down the edges. Put a few drops of chloroform on a soft cloth and rub carefully with the pile of the velvet. The chloroform evaporates rapidly, so redampen the cloth several times. This helps to restore the color as it cleans. **CAUTION:** Work outdoors or near an open window.

If you haven't planted that fall turnip patch, you'd better get busy. You could also plant some mustard, radishes, and lettuce. You could put out some onions now for some nice winter chions.

Pears are getting ripe now and there are many ways to prepare them. My family especially liked

the recipe for pear honey.

Cut or grind ripe late pears into small pieces. To four pounds of pears use three pounds sugar. Mix and cook until it is the consistency of honey. Pour into hot sterilized containers. Leave no head space. Seal. For variety add 1/2 cup lemon juice or 1 cup crushed pineapple 5 minutes before packing.

We have a leaflet L-119, "It's Pear Time", which you can get by coming and getting it or dropping us a letter for it.

COMPERE HD CLUB

Mrs. Vernon Stanley was hostess to The Compere Home Demonstration Club in her home Friday, Aug. 29, when members of the club presented the program.

Mrs. Ramsey offered prayer and directed a game. Roll call was answered with "the fruit we have most at our house".

In the discussion of "planning three meals a day" one suggestion offered was to have a dark green and yellow vegetable daily as this will help to prevent "night blindness".

Mrs. Ab Hunter Sr., president, presided at the business session.

An all-day meeting and achievement program has been planned for the next meeting on Thursday, Sept. 11, in the home of Mrs. J. E. Touchstone. Club officers for the year will be elected during the business meeting.

Visitors present were Mrs. W. E. Pistole, Christi Touchstone, Denise Conger and Stacy Stanley. Members attending were Mmes. Ray Allred, Hunter, Touchstone, Chancey, Dixon, Ramsey and Stanley.

BLUEBONNET CLUB

The Bluebonnet Home Demonstration club met in the home of Mrs. F. R. Demere Tuesday, Sept. 2.

Mrs. Demere led the group in prayer and Mrs. Tom Russom directed singing.

Roll call was answered by "My biggest clothing problem."

Miss Loreta Allen, county demonstrator, gave a demonstration on "your clothing problem". She stated, "there is a reason behind each clothing problem and it can be easily worked out to suit the individual figure. Patterns are made to fit the perfect figure but may be easily altered."

Two visitors, Mrs. John Corner and Miss Allen and eight members were present.

Mr. and Mrs. Earl Norwood of Clyde and son, Mr. and Mrs. Bobbie Gail Norwood and sons of Midland, visited Mrs. Norwood's sister, Mr. and Mrs. Bill Sledge and Jimmy Sunday.

Mrs. Joe Lassiter and daughters, Jo Ann and Ja Nell visited recently with Mr. and Mrs. R. G. Jones of Austin and attended the wedding of their daughter. They spent Labor Day weekend in San Antonio where they were joined by Mr. Lassiter.

Dean Murray of Pampa was here Tuesday for a short visit with his parents, Mr. and Mrs. L. L. Murray.

HOW MANY HORSES IN YOUR HOME?

... in terms of the amount of work you give electricity to do, perhaps 5 or 6. The electricity an average American family uses actually equals the work of a half-dozen powerful horses.

Hard to believe? Stop for a minute and think of all the ways you put electricity to work — and how often. Cooling, heating, cooking, cleaning, lighting, even entertaining.

Yet how little all this electricity costs! Nothing else your family buys adds up to such a value.

The horsepower, equivalent in electric energy, used for Electric Cooking costs the average WTD family less than 3¢ a meal — about \$2.34 a month.

says...

It's the little trick that makes many a household chore easier—and often results in a much better job.

To pick up broken glass, use a dampened cleansing tissue. It gets all the particles.

To remove fat from soup, twist an ice cube in a cloth and dip it into soup pot. Fats gather on the cloth. A paper tissue can also be used.

To make candles burn slower, keep them in the refrigerator 24 hours before lighting. This trick makes them burn evenly and slowly.

To get streakless windows and mirrors—use a teaspoon of lye in each bucket of water used to wash them. The glass will sparkle.

To keep white clothes and linens white in storage, wrap them in blue paper.

To remove paint from your hands, rub them with cooking oil before scrubbing with soap and water.

You can hasten the drying of wool socks by wringing them and kneading them in a turkish towel, changing to dry parts of the towel several times.

To prevent dust from seeping into a picture (it happens even to well-framed ones), cover the joints in the back of the frame with plastic tape.

Sorority Meets In Litton Home

Mrs. Lynn Knight, vice president, appointed Mrs. Irvin Shields, Mrs. Brandon Wade and Mrs. L. H. Reeger to work with her on the membership committee.

SON LIKES AFRICA
Airman 2-C Jimmy Oliver who is serving with the Air Force stationed near Tripoli, Africa, wrote his parents, Mr and Mrs. John Oliver of Mulberry Canyon, that Africa is a nice place to live.

Jimmy enlisted in the Air Force Aug. 16, 1957, after serving four years in the navy from which he received his discharge Feb. 27, 1957.

He was sent to Frankfurt, Germany from Amarillo Air Force Base May 29, of this year and the latter part of June to Tripoli where he will serve 18 months.

Mrs. Ray Ellis and sons, Bibi and Bob of Abilene attended services at the First Baptist Church here Sunday evening, Aug. 31.

From my front porch
By CARL HELM

To see grass growing in cracks of sidewalks probably pains tidier souls. But I walked so many miles on so many hard, unyielding pavements of so many great cities! A sidewalk with a scraggle of grass in an occasional crack, then, delights my heart: it is Nature, triumphant...

Once, in New York, my window in a skyscraper looked out on a lone little tree, bravely battling for existence in the stony, gaseous heart of Manhattan. It withered and died in a year. So now, in the deeply shaded streets of my hometown, I like it somehow when a determined old elm or maple pushes up the sidewalk with its roots. Nature ain't licked yet, I say to myself, by man's "civilized" contrivances!

A friend sent me this verse:
"The happiest heart that ever beat,
"Was in some tranquil breast,
"That found the common daylight sweet,
"And left to God the rest!"
Then he PS'd: "Have you read the 103rd Psalm lately?"
I hadn't, but I did — and I recommend it to you!
