

**Abilene Lawyers
On TV Program**

The first of a series of television programs, "Lawyer On Trial," presented as a public service

by the Abilene Bar Association, will be aired Saturday, Nov. 26, from 9 to 9:30 p.m. over KRBC-TV.

The program, which will feature prominent Abilene lawyers, is designed to help inform the public as to their rights and liabilities in certain fields of law. It will be presented on a regular basis every third week for a total of nine programs.

Starr Rest Home

By MARY OUTLAW

We are looking forward to a nice Thanksgiving — turkey and all the trimmings.

We are very grateful to Mrs. June Hogan and Mrs. E. A. Conley's kindergarten class of First Methodist Church for remembering the old folks with a shower of fruit and candy. It was placed on their supper tray and they enjoyed it. The fruit was made into a salad so each could have some.

Christie Lucas and Sharon Browning sang for the folks Saturday.

Uncle Bob Reed celebrated his 89th birthday Monday, Nov. 14. He had a large angel food cake baked and decorated by his daughter, Mrs. Andrew Jackson of Clyde. The cake was served to the patients. We wish him many more birthdays.

The Carrs filled their appointment Sunday morning to sing for the Rest Home.

Mrs. Elbert West of Stith and Mrs. Jessie Dillard of Abilene visited Hettie West one day last week.

Mrs. Van was getting over a cold Sunday and was unable to go to church. Her pastor, Dwight Holland, came to check on her right at noon Sunday. He teased her by saying from the looks of her tray she didn't seem very sick.

The Rev. Tommie Beck, pastor of First Methodist Church of Trent, filled his appointment at the Rest Home Sunday. Present to help him sing were Mrs. Newton Goodwin, Mrs. Othell O'Kelly, Mrs. D. L. Butler, Mrs. M. Shafer, Mrs. Earl Strawn, Mrs. Ruth Christ, Mrs. John Hamner and Mr and Mrs. Hub Kegan.

Mr. Bryant has been ill but is better now. His son, Jack and wife from Abilene, visited him Sunday morning.

Wiley, Wallace and I made a business trip to Lubbock Tuesday.

Mrs. C. N. Hatfield of Noodle visited her mother, Mattie Goza Saturday.

Anyone wanting to work, we have a vacancy. We would like someone middle-aged, dependable and who will be good to our patients.

Mrs. Ashford's friends have been visiting her for which she wants to express her appreciation.

Mrs. Carrie Jarman is about the same at this writing.

We want to thank Guy Brown for the persimmons he brought to the Rest Home.

VETERANS

INFORMATION

Q—I am a Korea veteran, discharged in 1953, and I am taking a correspondence course for college credits under the GI Bill. My eight year from date of discharge will be up in 1961, but at the rate I am going I will not be able to complete my course in time. Can I get an extension from VA?

A—No. The law says you must complete your GI education within eight years from your separation from the armed services. Better try to work in the courses you need before your deadline.

Q—I need the record of my discharge from the Army in order to apply for a VA benefit but can't find the one issued to me. Can VA provide me with another?

A—No. To get a replacement for your lost discharge you should write to the Department of Defense, Military Personnel

Records Center, 9700 Page Boulevard, St. Louis, Mo.

Q—I have a GI insurance policy and am entitled to take out the total disability income rider which would pay me \$10 a month per each \$1000 of insurance if I were to become disabled. Would these payments start from the date of my disability?

A—No. The total and permanent disability on which the rider pays policyholders must have been in existence six months before payments can be made. Payments would start with the seventh month after the disability occurred, but would continue during the time of the disability thereafter.

Q—I am now receiving pension from the VA, and have a right to switch to the new system of payment which took effect July 1, 1960. If I decide I want to switch over, is there any deadline before which I must make the change?

A—No. You may make the change any time. However, once you make it, your decision is final. So be sure you're right before you switch. See your nearest VA office if you need help.

Mr. and Mrs. H. L. Davenport of Midland were weekend guests in the home of her mother, Mrs. Tom Melton.

LET US FORD DEALERS SHOW YOU THE MOST MAINTENANCE-FREE FORD IN HISTORY

BECAUSE IT'S BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

With all of its flash and T-bird styling, the new Ford is so maintenance-free it can save you hundreds of dollars in operating costs alone and end most bothersome servicing. Imagine, Ford's new Truck Size brakes adjust themselves automatically for the life of the lining. Think of it. Normally you could drive around the world before you'd need a chassis lubrication. And 4,000-mile oil changes. Ford's Diamond Lustre Finish stays beautiful without waxing, too. Remember, too, each part of '61 Fords, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Routine maintenance service or routine replacement of parts such as filters, spark plugs, condensers, ignition points are not covered. Ask your dealer for details.

BEAUTIFULLY PROPORTIONED TO THE CLASSIC FORD LOOK
This model was presented by the International Liaison Authority Centre for U.S.A. Merka, Germany to the 1961 Ford for functional expression of classic beauty.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF—HERE'S HOW
Lubricates itself. You'll normally go 30,000 miles without a chassis lubrication.
Cleans its own oil. You'll go 4,000 miles between changes.
Adjusts its own brakes. New Truck Size brakes adjust themselves automatically.
Guards its own muffler. Ford mufflers normally last three times as long as ordinary mufflers.
Protects its own body. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing panels below the doors.
Takes care of its own finish. New Diamond Lustre Finish never needs wax.

Home Demonstration Notes
By LORETTA ALLEN
Taylor County Home Demonstration agent

Ever panic at the thought of all the children and relations home for Thanksgiving dinner? Advance planning and preparation will set you free to enjoy your guests on Thanksgiving day. A detailed written plan, thought out carefully—ahead of time, will allow time to visit and manage the constant interruptions while making final preparations for dinner.

Begin with the menu. Check it for interesting color, appetite appeal, texture variety, harmonious flavor, ease of service, and possibility for advance preparation.

Now think through the steps necessary for preparing the dinner. Write out a work plan or schedule as you plan. Include the grocery order, time for shopping, table decorations and arrangement, equipment needed for cooking and refrigerator space needed. If there are several babies visiting, refrigeration for individual bottles may be necessary. Schedule time for working on foods which can be prepared ahead of time. List foods and details that must wait until the last minute.

A good plan will keep last minute preparation to a minimum. It will help you "come out even" at mealtime. That is, all foods will have had the proper time to turn out in perfect condition at the right time.

If it's a family affair, let your guests help with the final preparation and serving of the meal as well as with the dishes. They will feel more at home and a part of the celebration if they have contributed in some way.

Homemakers shopping for turkey often ask how much to buy. Here are some suggestions on this problem.

Small turkeys have a larger percentage of bone than do the larger birds. Allow 3/4 to 1 pound of ready-to-cook turkey for each serving — if the bird weighs less than 12 pounds. Allow 1/2 to 3/4 pound per serving if the bird weighs 12 pounds or more.

For each serving of roasted turkey quarter or half, or braised drumsticks or thighs, cut from large birds, allow 1/2 to 3/4 pound of ready-to-cook weight.

If you are expecting your family and guests to have big appetites, you may need to allow more than one serving per person.

Too, you may want planned leftovers to take care of some extra holiday meals. If so, make allowances as you shop.

For information on buying, preparing and cooking turkey, write or come by my office at 317 Pecan Street, Abilene, for a copy of the Extension Bulletin 201, "LET'S EAT TURKEY."

Lambda Beta Ritual Held

The home of Mrs. W. T. Sadler was the scene Thursday evening for the pledge ritual of Lambda Beta Chapter of Beta Sigma Phi.

Mrs. Vernon Mansfield, president, conducted the ceremony. Receiving pledge pins were Mrs. Frances Carey, Mrs. Billy West, Mrs. J. L. Mason and Mrs. F. M. Cox. A sponsor's pin was presented to Mrs. Sadler.

The ritual table was centered with an arrangement of yellow roses flanked by black burning tapers.

Happy Fingers Club Meet Held

The Happy Fingers Club of Trent had a covered dish luncheon in the home of Mrs. C. C. Stribling last Wednesday.

The entertaining rooms were decorated with autumn leaves and chrysanthemums.

New members introduced were Mrs. Walter McElmurry and Mrs. Frank Allyn.

Others present were Meses. John Strawn, J. B. Winn Sr., Carl Edwards, Geta Williamson and W. O. Steen of Abilene.

The next meeting will be held on Dec. 14.

Tree Seedlings Available To Landowners

Tree seedlings will again be available to West Texas landowners for planting windbreaks next January. Don Young, head of the Forest Management Department of the Texas Forest Service, urges landowners to place their orders as early as possible before the February 10 deadline.

Orders must be in multiples of 50, and no order for less than 100 trees will be accepted. The delivered cost of seedlings this year is \$1.50 per hundred. Tree species available for the 1960-61 planting season are Austrian pine, black locust, black walnut stratified nuts, catalpa, cottonwood, Chinese elm, mulberry, osage orange, ponderosa pine, red cedar, rosa multiflora, sycamore, slash and loblolly pine.

All seedlings are packaged in moss and moisture-proof paper and shipped directly to the landowner. Tree seedlings, purchased from the Texas Forest Service, may not be used or resold for ornamental purposes. The landowner further agrees to protect the trees from fire, cattle, and destructive insects.

Application forms can be obtained from county agents and

Soil Conservation District offices in the West Texas area. Forms are also available upon request from the Director, Texas Forest Service, College Station, Texas.

Night Hunters Pay Big Fines

Two deer hunters in Comal County last week learned it doesn't pay to headlight deer. They were caught by the game warden with two buck deer already skinned out, a headlight and two scope equipped rifles.

They lost the meat, the guns and the equipment, and paid fines of \$230 each.

A warning was issued this week by J. B. Phillips, assistant director of law enforcement of the Game and Fish Commission, against headlight shooting, hunting from automobiles and roadside shooting.

"Game wardens are working day and night right now watching out for these game violators," Captain Phillips said. "Sometimes they are given valuable tips by law-abiding persons. Most of the time, however, they happen on these violators while patrolling back roads."

Valuable assistance also is given to wardens by other peace officers. Very frequently sheriffs' deputies, highway patrolmen and even city policemen apprehend violators with game in their cars. They immediately radio the game wardens who make the case. Fines are then assessed in court.

Many Qualify For SS Due To 1960 Amendments

On November 4 or 5, many people across the nation received their first social security benefit checks — checks made possible for the first time by the 1960 amendments to the social security law, reports R. R. Tuley, Jr., Abilene District Manager for the Social Security Administration. Receiving checks for the first time were working people and their dependents (and also some survivors of workers who have died) who became eligible for benefits. The amount of social security credits required was reduced by about one-third, Tuley said.

Also receiving benefits for the first time were some widows whose husbands died after March 31, 1938, with at least 1 1/2 years of social security credits. Before the changes in the law enacted in September, no monthly benefits were payable to the survivors of any person dying before 1940.

If you believe you qualify for benefits under the amended law, it is still not too late for you to apply, and receive benefits dating back to the month of October. Additional information about specific cases can be obtained by asking your Abilene social security office. For general information on the 1960 amendments, ask the Abilene social security office for the new leaflet on the 1960 changes.

Mrs. Williamson Honors Son, Nephew

Mrs. Geta Williamson honored her son, Mark, and nephew, Spud McLeod, with a birthday dinner in her home on Nov. 19. She was assisted by her sister, Mrs. C. C. Stribling.

Present were Mr. and Mrs. Mark Williamson and children, Ginger and Mark Jr., Mr. and Mrs. Spud McLeod and son, Tom, Mr. and Mrs. C. C. Stribling and H. W. Beckham.

Lambda Beta Meeting Held

The Lambda Beta Chapter of Beta Sigma Phi met in Taylor Electric auditorium Tuesday with Mrs. Vernon Mansfield, president, presiding.

Mrs. R. B. Dayton and Mrs. Homer Patterson presented the program on "Verse Making" and "Poetry Into Music." Members participated by reading limericks they had written.

Members voted to send a donation to the Texas Association of Retarded Children. The sorority also sent spending money to children at the Abilene State Hospital for their Halloween Carnival.

It was decided to have the annual Christmas party at the Merkel Country Club on Dec. 20.

The next meeting will be Dec. 6 when Mrs. Newt Logan will present the program on "Absolute Music."

Service Guild Meeting Held

The Wesleyan Service Guild met in the chapel of the First Methodist Church Monday evening with Betty Jane Tittle presiding.

Mrs. Wren Durham presented the study on "Basic Christian Beliefs."

Worship meditation on the "Lord's Prayer" was given by Mrs. Don Dudley.

Reports were made by Mrs. Pat Munter, secretary, and Mrs. Johnny Cox, treasurer.

Miss Tittle, accompanied by Mrs. Junior Clark at the piano, led the group in singing a hymn. Closing prayer was led by Mrs. Lynn Knight.

He's got a long way to grow—guide him carefully.

Who says it's a small world?

Not a little fellow. To him it looks awfully big. And how he grows to face it depends on you.

Teach him well. Teach him Love. Love of God and of his fellow man. Let him see it in your daily life. And he will grow—loving and loved.

Teach him Respect. Live in such a way that he can respect you. Then teach him to respect others and that which belongs to others. And he will grow—seeking not to destroy but to build. And he himself will be respected.

But above all, teach him Faith. And he will gain a strength that will not fail him. Teach him Faith and it will add to his happiness. Teach him Faith . . . and he will never be alone.

Give him this legacy . . . Love, Respect, Faith. And he will grow in strength to be a man.

PARTNERSHIP POWER FOR PROGRESS

The lineman above is "re-planting a tree." It will have insulators instead of limbs and wires will replace foliage. But where this tree once spread its leafy comfort to a few square feet of the forest, it now will help carry electricity and a new life of comfort to one million Texans.

25 years ago, when this tree was still a switch, fewer than 10% of Texas farms and ranches had electricity. Today more than 95% of them have a steady, dependable electric service, thanks to the electric cooperatives.

Rural people borrowed money to build their own electric systems and they are paying back principle and interest on their loans. And with each new pole that is "planted" in rural areas, the member-owners of the 77 electric cooperatives in Texas are helping to furnish their friends and themselves with Partnership Power For Progress.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Added to the list of lively topics for the next Legislature is the carving out of a new Congressional district.

Final figures in the nation census show Texas entitled to a 23rd congressman. State's population rose 24.2 per cent — to 9,579,677 — making it the sixth most populous state in the nation.

Even though population increase accounts for Texas' getting another representative to Congress, population will not be the sole consideration when lawmakers decide where to put the new district.

Population of Texas districts ranges widely, from about 227,000 to 614,000. It is highly unlikely that the legislature will undertake to rearrange the districts statewide so as to even out the differences. This would inconvenience too many incumbent congressmen, taking from their districts counties where they are popular and adding counties where they are unknown.

Nor is it expected that Dallas County, the state's most populous district, with 614,000, will get the extra congressman. Dallas now sends Texas' only Republican to Washington, and a Democratic legislature likely will not want to create an opportunity for another GOPer to be elected.

Texas' biggest congressional district — and the nation's biggest — area-wise, is the 16th, stretching all the way from Ozona to El Paso. But if El Paso, the only metropolitan area, were taken out what was left would be short on population for a district.

After the 1950 census, the Legislature ducked for awhile the question of what to do with the extra congressman by having him serve "at large" (the whole state). Later Harris County (Houston)

ple to put the plan into effect.

Legislative Budget Board has tentatively approved a recommendation whereby the state would split with a city, county or district the cost of such programs as out-patient care for mental patients and nursing home care for elderly patients.

It is felt that this approach might be more economical and effective for some patients. Nearly-recovered mental patients, for example, could be released from bed space at expensive state institutions and get treatment as needed from a nearby clinic.

PERJURY RULING REAFFIRMED—Court of Criminal Appeals refused to reconsider its 2-to-1 decision that former Insurance Commissioner J. Byron Saunders could not be convicted for perjury as a result of testimony before a legislative committee.

But it did not make the opinion final. Travis County District Attorney Les Procter is filing a second motion for re-hearing in hopes of keeping the issue alive until after the first of the year.

At that time one of the members holding in Saunders' favor, Judge Lloyd Davidson, goes out of office. If incoming Judge W. T. McDonald took the other side, the scales would be tilted and Saunders' conviction upheld.

OUT-OF-STATE TAX DENIED—Texas cannot collect a tax on the premiums of an insurance policy sold to a company in Texas by an out-of-state firm not licensed to do business in Texas.

Third Court of Civil Appeals ruled that this would conflict with U.S. Supreme Court decisions now in effect. A Texas law requires purchasers of insurance from companies not licensed in Texas to pay a tax equal to 5 per cent of the premiums. This is higher than the tax on companies licensed in the state.

Appeals Court suggested hopefully that the Supreme Court might reconsider its position so that the Texas law would become valid.

SHORT SNORTS—Secretary of State Zollie Steakley has issued a charter for Houston Baptist Col-

lege to be built by Texas Baptists on a 200-acre site in Harris County. College is to open its doors by September, 1962. It already has a \$3,000,000 endowment for buildings. Department of Public Safety reports a 7 per cent decrease in Texas traffic fatalities this year as compared with the same period last year. Number of death-causing accidents dropped 9 per cent. Some parts of Texas had the wettest October on record, and all parts of the state except the southwest portion received above-average rainfall last month. State Board of Water Engineers

reported that Corpus Christi and Victoria had the wettest October ever. Amarillo had rainfall 16.42 inches above normal by the first of October. Unusually heavy moisture is blamed by Texas A&M experts for the state's generally poor pecan crop this year. Horticulture Professor Dr. Ben

ton J. Store says why wet weather makes bad pecans is not fully understood. Most growers just call it "blight" . . . For ranchers, however, the rainy weather is mostly good news. U. S. Department of Agriculture says Texas ranges are going into the winter in "above average" condition.

There's room for almost everything but antifreeze in these new one-and-only 6-passenger Lakewoods. And they're the only wagons with lockable trunk under the hood. Be sure to see the new Greenbriers, too.

New '61 Chevrolet 2-DOOR BISCAIYNE 6 NOW—Big-Car Comfort at Small-Car Prices

These new Biscayne 6's—the lowest priced full-size Chevrolets—let you save money in a big way, yet give you a full measure of Chevy's new roominess—such things as higher easy chair seats, larger door openings, more leg room in front, more foot room in the rear.

*Also available as V8 models
