payers is footing most of the bills but it looks like this country ain't got much more say-so in the thing than a hog's got at a hog-calling contest.
 I was reading last night where the United Nations has estimated the budget for the Congo at \$120 million this year. But Russia, that can finance big armies and missiles and trouble-makers all over the world, including the Congo, has refused to pay a dime of it. In the end, the American taxpayers will git the honor of paying most of it.

We've give away so much money for foreign aid to countries all over the world that most of them now thinks it's a permanent arrangement sent down from Heaven. Fer instant, when we trimmed our hand-out to India last year ole Nehru hollered louder than a calf tied out at milking time. It looks to me like we got to make a stand some-place, Mister Editor, or the bats in our belfry is going to eat the bee in our bonnet.

And when we make our stand this time, I hope they don't have no Yalu River stuff in it. This thing of fighting with one hand tied behind our back ain't the kind of war the United States fights. It just bleeds us down, and makes us spend a dollar to their dime, without gitting no place.

On the home front, I see by the papers where the Chairman of the House Ways and Means Committee in the Congress predicts that prices will "edge up" a little this Fall. It seems to me they has been edging up fer some time now. About the only thing holding steady is sea-going yachts and Cadillac cars. About onct a month everything else "levels off" at a new level. Sooner or later we're going to run out of levels and git into orbit.

And sometimes a feller can find plenty of troubles right in his own house. Fer instant, my old lady come in last night from a meeting of the Home Demonstration Club and I made the bad mistake of asking her what they talked about. "The home," she says, and afore I could git out the door she was going into details. "We decided," she says, "that the man in the house ain't carrying his part of the home work."

This is treason, Mister Editor, and I aim to find out if any tax money is going into these club projects. I've writ to my Congressman in no uncertain terms. I'll let you know which way he dodges on this one.

Yours truly,
 Gabby

UP THE CANYON

By TOM RUSSOM

Well, the rains we have just received over the weekend slowed down farming for a few days. However, there is more work than we have ever seen.

Still a lot of land unplanted; and here it is July 11. With such a fine season in the ground, the land will be planted in late feed.

Stock tanks are brimming full and never have we seen grass as fine everywhere. Cattle are fat as we have ever seen at this time of the year.

This has been a very unusual year. April brought no showers; May brought a little rain, and June brought rivers of water.

If you stockmen haven't checked your herds for worms, you had better for we think they are getting real bad in the stock.

Mr. and Mrs. Odie Latimer returned to their home in California after a visit with his father, Uncle Jack Latimer, and sister, Mrs. Sam Butman Jr.

Mr. and Mrs. Paul Riney of Lamesa attended the Riney reunion at State Park the past weekend.

Mr. and Mrs. J. W. Toland and children of California were here recently for a few days visit in the home of his uncle and family, Mr. and Mrs. Joe Seymore and children.

The Rev. and Mrs. Elria Phillips and grandson of Lubbock visited in the Tom Russom home recently.

Tommy and Joseph Swinney, sons of Mr. and Mrs. Joe Swinney, have returned after two-weeks training at Coronado, Calif.

Mrs. Mattie Addison of Blair was honored on her 75th birthday at Pioneer Church Sunday morn-

ing. She was the oldest mother present.

The pastor, Rev. Joe McCarthy, presented her with a beautiful corsage and a birthday cake. The congregation sang "Happy Birthday" to her.

Mrs. Kenneth Ray and children visited over the 4th with Mrs. Ray's mother at Childress.

Mrs. Ford Butman, accompanied by her daughter, Mrs. Ray Martin and daughter of Sweetwater, visited recently with her mother, Mrs. Jess Ray, and sister, Mrs. Homer Ferguson, both of Dallas.

We regret so much the death of Syceal Wade of Merkel, who drowned Saturday in the Hump Curb tank on Mulberry Creek, north of Nubia. We extend our sympathy to the family.

Mr. and Mrs. Dewell McLean were supper guests in the Sam Butman home the past week and visited with the Odie Latimers' of California, who have been visiting the Butmans.

Plans for a revival meeting to be held at the Pioneer Memorial Church were discussed Sunday night. Members expressed a desire for old time preaching, shout-

ing, and the mourners' bench. Some believe this is a thing of the past. Sometimes we wonder if the spirit is all gone?

Visitors over the 4th of July weekend in the home of Mr. and Mrs. E. W. King were their sons and families, Mr. and Mrs. Carlton King and sons, Bill and Ray, of Merkel, Mr. and Mrs. Reabon King and children, Stanley, Cheryl, Leslie, of Bryan, Mr. and Mrs. James Barnett and daughter, Elizabeth, of Abilene, Mr. and Mrs. Bill Drake of Dallas.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Texas legislators, like students who failed to complete their work in the long term and have to come back to summer school, return to Austin this week to "get it over with."

Goal is the passage of a two-year appropriations bill expected to run around \$2,600,000,000. To pay for it, they will need to find some \$350,000,000 more in tax money than now provided on the law books.

But if money is short, advice is not.

At least three committees have a word or two for the lawmakers. Two are unofficial. They are the Citizens for a Sales Tax, whose name explains its purpose, and the Citizens for Fair Taxation, which is pushing Gov. Price Daniel's plan for additional selective sales taxes, plus more business taxes, higher taxes on alcoholic beverages and others.

A third committee, appointed by the Governor, avoided a single, specific recommendation but pinpointed some sort of retail sales tax as the most likely source for the amount of money needed. This committee is composed mainly of the chairmen of governing boards of state welfare and educational agencies.

Committee suggested that either the retail sales tax passed by the Senate last session (a "general" sales tax with exemptions for food, farm supplies, medicine) or a "Pennsylvania-type" tax which affects only the items listed in the bill or a combination of the two might be the answer.

All of which leaves the Legislature just about where it was — with at least some support, and some opposition, for any course it might take.

AUTO INSURANCE RAISED—Beginning August 1, Texas motorists will pay higher premiums for automobile insurance.

How high the premium goes will depend on the county in which the motorist lives and its accident record. In general, the big city counties have higher accident rates and insurance premiums than rural counties. In Travis County (Austin), the increase on a typical policy would be 15 per cent; in Dallas County, about 17 per cent.

This is the first increase in the base rate for auto insurance ordered by the State Board of In-

SEAFOOD—THE FRENCH WAY WITH AMERICAN INGREDIENTS

All the goodness of the sea is in this French recipe for Seafood Normandy, easy to follow, made of ingredients easy to find in your supermarket. Flaky fish fillets, rosy shrimp and tender mushrooms—what could be more appetizing and appropriate to serve during Lent? The fish may be sole, cod, haddock, ocean perch or any other white-fleshed fillets which your grocer carries. Shrimp for garnish may be bought frozen in the shell, or already peeled and deveined. In any case, it's best to start with uncooked shrimp.

SEAFOOD NORMANDY

- 1 package frozen fish fillets (cod, haddock, sole or ocean perch)
- 1 lb. shrimp fresh or frozen, or 8 oz. peeled and deveined shrimp
- 1/4 cup soft butter or margarine
- 1 tablespoon flour
- 2 egg yolks
- 1/2 cup light cream
- 1 small can sliced mushrooms, heated and drained
- Buttered toast triangles

Let fillets thaw on refrigerator shelf, or at room temperature. Cook shrimp three to five minutes in boiling salted water (1 teaspoon salt to 1 quart of water) or water to which pickling spices have been added. Drain shrimp but save 1 cup of the cooking liquid. Melt 1 tablespoon butter in a large frying pan and arrange fillets in pan. Add reserved cooking liquid and bring to boil. Reduce heat so that liquid just simmers; cook slowly, covered, about 10 minutes, or until the fish flakes easily when tested with a fork. Arrange fish in center of hot platter and place shrimp around fish. Keep hot while you cream together soft butter and flour and stir into liquid in pan. Cook, stirring constantly, until thickened, about 5 minutes. Beat egg yolks and cream together with a fork and stir into cream sauce. Bring sauce back to simmer point, but do not let boil. Pour over fish. Garnish with mushrooms and buttered toast triangles. Makes 6 servings.

It's the Law in TEXAS

FOLLOW SIMPLE RULES IN AUTOMOBILE ACCIDENT

Vacation time is near. Soon millions of people will be driving about the country, and automobile accidents will occur with increasing frequency. What should a person do when involved in an accident?

At such times it is hard to keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory:

1. **STOP!** Failure to stop can result in serious criminal consequences.
2. **RENDER AID.** If anyone is injured: (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both. (4) Do not move an injured person in any way that could possibly add to his injury.
3. **PROTECT THE SCENE FROM FURTHER DAMAGE.** You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlights beams on the wrecked vehicles.
4. **CALL AN OFFICER.** Police-men, Highway Patrolmen, Sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.
5. **GATHER INFORMATION.** WRITE IT DOWN. Don't trust your memory. Don't guess — be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of wit-

nesses. You are required by law to exhibit your driver's license to the other driver—and he must do the same.

6. BE CAREFUL WHAT YOU SAY. Even if you feel you probably are to blame, it is best to make no admission. You may learn later that the other driver was equally at fault, or more so. Emotional comments can be misconstrued by others, and may be misquoted. Whatever you say, make it factual.

7. SEE YOUR DOCTOR if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.

8. CONSULT YOUR LAWYER IMMEDIATELY. The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are preserved. Get your lawyer's advice before giving any interviews or statements to investigators or adjusters for the other side.

9. INFORM YOUR INSURANCE COMPANY PROMPTLY. Failure to do so may void your policy.

10. REPORT THE ACCIDENT to the Department of Public Safety. This is required by law if there is any injury, death, or total damages exceeds \$25.00. An official accident report form may be procured from the Police, Sheriff's Dept., Highway Patrol or State Dept. of Public Safety.

insurance since 1958. Reductions or increases for traffic accidents and violations under the Safe Driving Plan will continue as before.

Reasons given for the rate raise include:

1. More people than expected qualified for the 20 per cent premium cut allowed under the Safe Driving Plan for drivers with no accidents or violations. This caused a decline in premium income.
 2. Higher cost of repairing today's wrap-around windshield, wrap-around fender cars.
 3. Generous jury awards for injury and damage claims.
 4. Drop in the number of new cars sold last year.
 5. Apparent dropping of insurance by some motorists who had previously carried it.
- HIGHWAY COSTS UP** — Cost of having good roads, the State Highway Department frankly admits, is going up.
- Highway Commission has announced a highway maintenance budget for the next fiscal year (Sept. 1, 1961 to Aug. 31, 1962) of \$51,300,000 — which is up \$2,100,000 from the previous year.
- Reasons given for the increase: Texas had more than 1,100 new highway miles to care for and it costs more per mile to care for them. But proper upkeep, says the Commission, "stretches the taxpayer's dollar by increasing the life of the road."
- Department now maintains 57,757 miles of highway at an average cost of \$811 per mile for upkeep. Per mile upkeep cost has increased \$19 since the last fiscal year.
- HIGHER SPEED, HIGHER TOLL** — Beginning September 1, higher toll charges will be made on the Texas Turnpike, linking Dallas and Fort Worth.
- Beginning August 23 effective date of authorizing legislation passed last spring, the speed limit on most of the toll road will be raised from 60 to 70 miles per hour.
- Toll charges for an end-to-end

trip by passenger cars will be hiked from 50 to 60 cents; for heavy trucks, from \$1.25 to \$1.35.

Texas Turnpike Authority voted the higher fares after receiving estimates that the operation would have a \$425,000 deficit at the end of this year unless revenues increased.

SABINE DAM UNDER STUDY — After a hearing on the pros and cons, State Board of Water Engineers has granted the Sabine River Authority's application for a permit to build the proposed Toledo reservoir.

Sabine, for quite a stretch, serves as the boundary between Louisiana and lower East Texas, and the proposed dam is to be a joint Texas-Louisiana project.

Spokesmen for timber interests in the area told the Board the reservoir, slated to be 100 miles long, would put valuable timber under water and sawmill workers out of jobs. It would take 10 years, said a sawmill representative, to get all the timber out of the area.

Advocates of the dam contended that the \$54,000,000 project will ultimately benefit the area by attracting new industry and helping to offset future water shortage.

MORE JOBS, MORE JOBLESS — More Texans were at work and more were out of work this May than a year ago, Texas Employment Commission reports.

Employment increased 3,200 over a year ago, but unemployment was up by 30,800, indicating job seekers are increasing 10 times faster than job openings.

Average weekly wage for Texas factory during May was \$91.46, compared to the national average of \$92.66.

Texas Vacation For Texans Is THD Suggestion

Why not see Texas this year from a tourist's point of view? That is the vacation suggestion offered to Texas residents by the State's official tourist agency, the Texas Highway Department. "Many Texans have never seen their own State through a tourist's eyes," explained State Highway Engineer D. C. Greer. "Some Texas residents plan out-of-state vacations because they are unaware of the wonderful variety

of scenery, recreation, and historical attractions in Texas." Greer offered these vacation hints: For more relaxation and enjoyment, plan your vacation early. For help in planning it, write to the Texas Highway Department, P. O. Box 5064, Austin 31, Texas. The Highway Department maintains a complete file of descriptive and informative literature on points of interest and special events throughout the State. This material, including Highway Department publications such as the 1961 Official Highway Travel Map, is available free of charge to prospective Texas vacationers. Vacation outings ranging from full-fledged trips of a week or more down to shorter drives on holidays or weekends can be planned with the help of these free informative pieces. Vacationers writing for information should specify the area of the State they wish to visit and indicate their

preference of things to do and see. Once the vacationer is on his way, more than 60,000 miles of smooth Texas highways make quickly and easily accessible points of historical, scenic, and recreational interest. "Yet Texas tourist attractions often pass unnoticed by many Texans living only a few miles away," he said. "It is like the famous 'acres of diamonds' story in which a man traveled all over the world seeking wealth, only to discover that he could have found it in his own backyard." "Texans who know their State are aware that the Lone Star State has an unequalled variety of scenery, climate, and tourist attractions within a few hours' drive. It is unfortunate that we have no funds to make these attractions known to residents of other States through tourist advertising." Texas has one National Park

(Big Bend), four National Forests, more than 600 miles of coastline, more than 50 mountains over 6,000 feet high, and numerous scenic underground caverns, Greer said, as well as many man-made attractions—artificial inland lakes, old cattle trails, restored forts, monuments, and museums. More than 50 State Parks are available for outdoor recreation including water sports and camping.

The Texas Highway Department maintains some 1,000 Roadside Parks offering travelers a chance to rest or picnic. "Plan your vacation with the aid of the free travel information available through the Highway Department," Greer urged, "then drive on a Texas highway to see Texas from a tourist's-eye view."

Home Demonstration Notes

By LORETA ALLEN

Taylor County Home Demonstration Agent

Several of us attended District 7 4-H Favorite Food Show in San Angelo last Friday. Carol Lynn Joiner, a senior, won a red ribbon with her meat salad. Toni Bynum, junior, won a red ribbon on her fruit and vegetable salad. Judy Templeton won a white ribbon on her meal salad in the junior division. This was the first year for the 4-H Favorite Foods Show.

Taylor County 4-H Dress Revue will be July 18 at 8:00 p.m. in the Coca-Cola Building. If you have not been to a circus in a long time you had better come to see THE BIG TOP fashion parade. We hope all of you will be here.

I have been having lots of calls lately on how to make pickles and relishes.

Vegetables and fruits make delicious pickles and relishes. With a large variety and supply of vegetables and fruits to choose from, now is a good time to stock up for the future.

Everyone likes some form of pickle or relish. The color, crisp texture and tangy flavor often adds sparkle and zest to a meal which might otherwise be uninteresting. They add food value, too; some minerals and vitamins, especially A and C.

Ask for a copy of B-188, "PICKLES AND RELISHES," at my office at 317 Pecan Street, Abilene, Texas. You'll find many of your favorite recipes, and new ones, too, using a variety of fruits and vegetables now available.

Planning a family trip? — If so, extension home management specialists of the A&M College of Texas suggest you put aside the road maps and travel folders long enough to place valuable household papers in order.

Mrs. John B. Davidson and daughter, Suzy, of Waco were recent visitors in the home of her parents, Mr. and Mrs. R. J. Miller.

Guests Sunday of Mrs. Duncan Briggs were Mr. and Mrs. J. M. Hart of Austin and Miss Mary Merkel Steel of Ringold, Okla., a niece of Mrs. Briggs, also her daughter, Duncan Briggs, employed in the Navy department at Washington, D. After the convention they will enjoy a sight-seeing trip to Salt Lake, City; Pike's Peak, Yellowstone National Park, then across to Portland, Oregon, and down the coastline

highway to Philo, Calif., where Mrs. Mathews will visit a brother, Doyle Blair. They will return to Merkel July 5.

At the monthly meeting of the school board, Mrs. Ellen Duncan of the Grammer school was moved to the High School faculty as teacher of history, to take the place of Mrs. T. A. Kellam (Mrs. Len Sublett), whose resignation had been received. Miss Maurine Tipton, who has been teaching at Ballinger, was elected to take the place of Mrs. Duncan as primer teacher.

It's now Sgt. Murry Toombs, the Merkel boy who volunteered in February and left Abilene on Feb. 26 for Fort Bliss, El Paso, has received his rating as a sergeant according to word received by his parents, Mr. and Mrs. J. M. Toombs.

A big crowd was present to enjoy Golan's Fourth of July picnic. Oldest former resident registering was Radar Thompson of Merkel, who came to the Golan community in 1881. Other early residents present were August Newman, 1886; W. C. Hill and wife, also Mrs. D. M. Hill, 1905; T. Jeffrev, 1906, and W. S. Morrow, 1896.

Those spending the entire three days from here included Nedra Swafford, Irene Walker, Gwendolyn Renfro, Elsie Smith, Dot Swafford Avalene Mathews, Mrs. Bill Fugate, Mrs. Cooper Waters and Mrs. Don Rines.

40 YEARS AGO

B. C. Gaither, Ed Teaff, Henry Frazier, H. C. Floyd, Walter Boden, A. V. Dye and Dr. W. V. Cranford were among those of our citizens who attended the Old Settlers picnic at Buffalo Gap last Saturday. They report a big time, plenty to eat, etc.

Ray (Sie) Hamm made a pleasure trip to Abilene and Baird Sunday night and returned early Monday morning.

Messers. W. L. Diltz Jr., Choc Jones, Davis Jones and Earl Baze left first part of this week for a fishing trip on the Concho.

Roscoe Sharp, who was taken suddenly ill first of the week was found to be suffering a severe case of appendicitis and was rushed to the Sanitarium at Abilene, where he underwent an operation. The operation we learn was successful.

Mrs. Dr. Ed Swafford of Rockdales is here for a visit with friends and relatives.

Mr. Tom Toombs Jr., is the new manager of the Stucco garage, known as the Commercial Motor Company.

Area Bookmobile Service Receives National Mention

The Tri-County Bookmobile Service of Callahan, Shackelford and Taylor counties has gained national recognition The American Library Association Bulletin, national organ of professional librarians, for June 1961 carried the following comment:

"Texas had its first locally supported multi-county library service when Taylor, Callahan and Shackelford counties joined forces. The state reports of the faithfulness of the bookmobile patrons in the wide open spaces: 'Even in the cold, snow and ice, they drove as much as sixty miles just to meet the bookmobile. The record was set by one woman who came ninety miles regularly.'"

A summary of progress during four years of the Library Services Act was the subject of the article by John C. Lorenz and Herbert A. Carl of the Library Services Branch, U. S. Office of Education. The tri-county Bookmobile Service was cited as an example of Texas rural library progress along with that of other states.

The Tri-County service was taken over by the three counties on March 1, 1961, after a one-year demonstration by the Texas State Library. During this year, the State is giving partial support while the counties provide the major financing through county library appropriations.

Robert Gorsline, County Librarian, schedules the mobile library service on a three week circuit to the communities of the three counties. "It is hoped that adjacent Jones County may join the project at a later date, making it Texas first four-county rural library service," said Gorsline in a recent interview.
