Up The Canyon

By TOM RUSSOM

The weather this week has been dry - the springs and creeks have stopped running.

Farmers and stockmen are talking about baling up all the feed they can in case of a long dry winter.

Some farmers are not turning their cattle into pasture in order to have the pasture when they nged it most, I always thought that the time to turn the cattle in was when the pasture was still

August was the driest month we have had in several years; September didn't bring much rain.

Cotton is making more than was expected both in the field and the gin. A. L. Moore says his cotton will make a third bale per acre, which is real good for this year; however, he received all the rain he needed.

Fredlyn Farmer is out of ser-

vice and back home. Buddy King was really helpful this summer while home from college. He and his father, Allen King, Sr. made a lot of improvements around the ranch.

Plans Completed For New Building

Plans have been completed for the building of an educational building at the New Live Oak Baptist Church, according to A. H. Williams, pastor.

The building is to provide facilities for the nursery through the young adult departments.

It wil lbe composed of an assembly room, secretarial office, kitchen and restrooms, Williams

Williams stated that the building would have approximately 1800 square feet and would be built in such a way that an auditorium could be added at a later

The campaign will begin Sunday. October 6 in an effort to raise \$3,000 before the beginning of construction, Williams commented. He added that the total cost of the building and its furnishings is expected to be less than \$15,000.

He further added that the first Sunday in each month would be set as 'Building Fund Sunday,' until the \$3,000 is raised.

The building and finance committees are composed of W. B. Merritt, S. N. Casady, Bob Bockman, Roy Davis, Fredlyn Farmer and A. H. Williams.

MERKEL BOYS MEET NEAR-DISASTER

Two Merkel boys, David Pursley and Jerry McCloud, were among the 31 on board the DC-3 that was forced into a crash landing at Barksdale Air Force Base early Sunday morning.

Twenty - Five McMurry football players, three coaches and three airline officials made up the 31 on board the plane.

The McMurry team had just met an 8-7 defeat by Northeast State College in Monroe, La., and were enroute to Abilene when the plane developed elevator trouble during its takeoff about 12:30 a m.

When the plane left the ground its elevator controls apparently locked and it was unable to gain altitude.

Line coach Hershol Kimbrell said the pilot, W. B. Smith of Hurst, tried twice to land at Monroe. On the second attempt

a tire blew out and he flew to Barksdale and a larger runway. We flew at a really low altitude all the way." Kimbrell said. "As we came into Shreveport,

they had everybody tied down." Because the plane's elevator controls were jammed, it was almost impossible for the pilot to get the tail section down. The three McMurry coaches volunteered to lie in the tail section to give the plane better balance and weight down that section.

One of the McMurry players, Joe Coulson from Fort Worth, said. "The coaches went to the back of the plane, where there were no seat belts, to weight down the tail section. They knew if the plane broke up what might happen to them. One of the boys wanted to take their place, but the coaches sent him back to his seat."

The coaches were Head Coach All are married and have fami-

The pilot had to bring the

plane in at a faster than nor-

mal rate of speed, (about 100 miles per hour). "When the plane first landed at Barksdale AFB it bounded about 10 feet in the air" Kimbrek said, slightly injuring Kim-

brell and Teaff. Just before the plane came in. Kimbrell said Teaff led the team

in prayer "He was trying to calm everyone down," Kimbrell said.

"Everybody was scared, probably worse than they've ever been in their lives. But everybody was real calm. They conducted themselves real well.

When the plane jolted to a stop amidst flying sparks, a fire broke out in one of the engines. The engine was quickly covered with foam and after the football team fold, the entire craft was covered as a precau-

tionary measure. The fire chief said, "They were certainly fortunate. Real lucky. Most planes landing like that catc fire all over."

Only one member of the team was treated at the base hospital. Halfback James Maddox of Fort Worth was treated for shock and released shortly afterwards.

Tye - Abilene Land Overlaps

City Manager H. P. Clifton of Abilene said Thursday he hopes to open negotiations in about two weeks with the City of Tye to resolve the legal tangle resulting from overlapping annexations of 990 acres of land by the two cities last winter.

He said a study is now being made by staff members for recommendations to the Abilene City Council on clearing up the dual annexations.

The ovenlapping was discovered several weeks after Abilene had

annexed a 3,840 acre tract west of Abilene last Nov. 15. Two days earlier, Tye had either initiated or completed annexation action which included 990 acres annexed by Abilene.
