

WHITTLIN'

By DOLPH MOTEN

There's talk of action, we're glad to report, about getting the community's historical marker in its semi-permanent location. Plans are to put it on its Highway 60 site in the center of town. When those plans will be carried out we aren't sure yet, but maybe it won't be too far in the future.

Observations in this space last week indicated that the marker's temporary downtown location had long since become unbecoming for the dignified sign which tells of this community's history.

We made a mistake in the football contest last week. A game was listed which had been played previously. There's no excuse to offer; we just misread the schedule.

It all happened, we've decided, when we started changing a game we already had down because we thought it would be too easy for the contestants to pick. We marked that one out and got a new, wrong one in its place.

We're sorry this happened and appreciate the understanding of people who participate in the contest. The decision was made, as is pointed out in the football contest story this week, to disregard the game completely and count only nine games instead of the usual 10.

We figured this the most fair way, even if it was somewhat inconvenient. To have given everyone credit for the game or to have counted it wrong for each entrant wouldn't have been right, from the standpoint of figuring percentages.

We remember making such a mistake sometime in the past. Neither time was much fun, but it's encouraging to note that so many people notice.

Weatherman Willie Williams predicted back in the middle of September, "Looks like an equinox storm this weekend."

We didn't know what an equinox storm was and evidently several other people didn't either. The following Monday, however, we had a storm consisting of high wind, rain and hail.

That, we guess, is an equinox storm. At least, we'll take Willie's word for it until we know better even if his prediction missed the exact time of the storm by one day.

Willie says he feels sorry for other little towns that don't have a good weatherman. And big ones, too.

It's World Series time. And if you don't know that by the time you're reading this, you're not interested in either.

The Series puts the climaxing icting on the major league baseball season which begins in the latter part of April and ends the last of September.

The first game will be in progress by the time this appears in print.

Therefore, our readers, both of them, will have somewhat of an advantage over us about the probable outcome of today's game.

That won't, unfortunately, keep us from offering a prediction of how the Series will turn out.

It'll be the St. Louis Cardinals . . . for the second year in a row.

If the Cards win the first game today, we'll guess they'll wrap it up in five games. If they lose today, it'll take six for them to pull it out.

The National League Champs, who were the 1967 World Champions, have looked sluggish during the latter part of the season, we'll admit, but that will all change when they get the World Series money laid on the line, which it now is.

Detroit has a good team. One that is worthy of representing the American League in the Series. The Tigers just aren't as good as the Cardinals, that's all, and we believe the World Series will so indicate.

Happiness is a Texas Tech Red Raider football fan following the Texas University game each of the past two years.

Enjoy it while you can, Tech-sans, your game with the Fightin' Texas Aggies is just 10 days away!

Drives Held --

Diabetes Tests Given In Screening Program

Bovina area residents continued to receive diabetes tests Tuesday, ending a three-day emphasis here on the National Diabetes Association.

Sunday afternoon, 181 adults received the blood test for diabetes. From this number, 10 positive tests were recorded. Probably five of these will prove to be diabetics, according to

Cagle Davis and James Armstrong of the National Diabetes Association, who administered the tests.

Tuesday, school students were checked by urine tests. From 4 to 7 p.m. Tuesday, adults were again given a chance

to take the tests. Although the second adult testing was not set until Sunday, residents were contacted through the churches and schools, according to Mrs. Earl Stevenson, county chairman of NDA and member of Bovina Woman's Study Club.

Bovina Woman's Study Club and Bovina Lions Club jointly conducted a fund drive here Monday to defray the expenses of the tests. Lions canvassed downtown Bovina, while the women made a door-to-door canvass of the residential section. Study Club reported collections of \$130.22, while Lions reports were not complete.

At the Sunday afternoon testing, donations of \$61.50 were received. Mrs. Stevenson said that amount covered the cost of the tests that afternoon and she felt the Monday drive would pay for tests for school students.

National Diabetes Association is making an attempt to screen every community in Texas this year. Statistics show that there is one unknown diabetic for each one that is under a doctor's care.

Members of the Study Club also helped the NDA men in the testing programs held in Williford Gym both Sunday and Tuesday.

Those showing a positive test in Bovina have been directed to visit their doctor for further tests.

This Week --

17 Predict First Freeze

Deadline for entering the First Freeze contest for 1968 is less than two weeks away, Oct. 15.

During its first week 17 entries were received by The Bovina Blade, which jointly sponsors the contest with Weatherman Willie Williams.

All one must do to enter is to write his prediction of the first freeze date on a post card and mail to The Bovina Blade. The name of the sender should be included. If the entry is not postmarked, it should also contain the date it is submitted.

Williams will judge the contest. The First Freeze will be declared the day of the first killing freeze. Frost and light freeze do not count.

Winner will be awarded \$5 and the title "1968 Champion First Freeze Predictor."

If more than one entry predicts the same date, the one submitted the earliest will be declared the winner.

Last year's champion predictor was Cathie Trimble, in 1966 Mrs. E. L. Cochran, and in 1965 Charles Smith. First Freeze dates have been Oct. 31, Oct. 15 and Nov. 27, respectively, the past three years.

Three Cent Sales Tax In Effect

The new Texas three per cent sales tax went into effect Tuesday morning. Consumers now pay an additional one cent on the dollar.

This is for sales not exempt, as was the case for the two per cent tax.

According to the tax schedule, one cent will be charged beginning at 17 cents through 49 cents. Two cents tax will be paid for 50 cents through 83 cents and three cents for 84 cents through \$1.16.

The sales tax upped some communities to four cents on the dollar where a municipal tax is collected. Such is not the case in Bovina, since no municipal tax has been approved here.

TESTING -- Mrs. Leon Richards, left, and Mrs. Roy Stone, second from right received diabetes tests Sunday afternoon in Williford Gymnasium. They were among 181 adults checked that day by James Armstrong and Cagle Davis of National Diabetes Association. Assisting were members of Bovina Woman's Study Club including Mrs. Jesse Walling, back to camera, and Mrs. Rouel Barron, right.

Richard Carson --

Football Contest Won By College Student

This was the week of "throw outs" in Bovina Businesses Cotton Bowl Football Contest. Not only did one game have to be marked off the list, Kress-Idalou, because it had previously been played, but the most perfect entry this week had no name on it.

The first place prize of \$5 went to Richard Carson, a Texas Tech student, who picked nine winners and was 12 off on the tie-breaking score. The blank having no name picked nine winners and was one off on the tie-breaker.

Second place winner was William V. Gromowsky, who took \$3, and the third place \$1 prize was won by Norma Lusk. They were among six who correctly named nine winners. Others included Leon Grissom and Al Kerby, Jr.

A total of 181 entries were turned in this week for the contest. Grand prize winner will receive a trip for two to the Cotton Bowl game.

Tied for the lead with totals of 22 out of a possible 29 during the first three weeks are Richard and Galen Carson, Jerry Burnett, Mrs. J. Sam Gaines, Johnnie Horn, Ola Lee Jones and Kerby.

A total of 13 contestants are tied in second place, at 21, George Baca, Don Cumpston, Sandy Peterson, Carl Rea, Bill Roberts, Kenny Stone, Billy Smith, Pat Sherrill, Grissom, Billy Whitecotton, Randy Jones, Paul T. Jones and Neal Mager. Fifty-four entries named

eight winners this week. The game most of them missed was the Texas-Texas Tech clash. Naming seven correctly were 65 contestants; 34 picked six; 13 named five; seven named four; and one each picked three and two.

The contest this year is sponsored by Gaines Hardware Co., Oklahoma Lane Farm Supply, Charles Oil Co., Sherley Grain Co., First State Bank of Bovina, Bovina Gin Co., Dean-Callum Agency, Bonds Oil Co., Bovina Wheat Growers, Inc., and Birkelbach Machine and Pump Co.

Accident Damages Automobiles

About \$300 damage to two vehicles was estimated following an accident on Main Street, Bovina, Sunday afternoon, according to City Marshal Ronald Mitchell.

No one was injured. The automobile driven by Mary Lorine Elyclo of Route 1, Texico hit the rear end of a vehicle driven by David Estrada Lerma, who gave his address as Bovina. Lerma had stopped in front of the theatre when the accident occurred. Saturday night, Mitchell reports that three minors were charged with possession of beer.

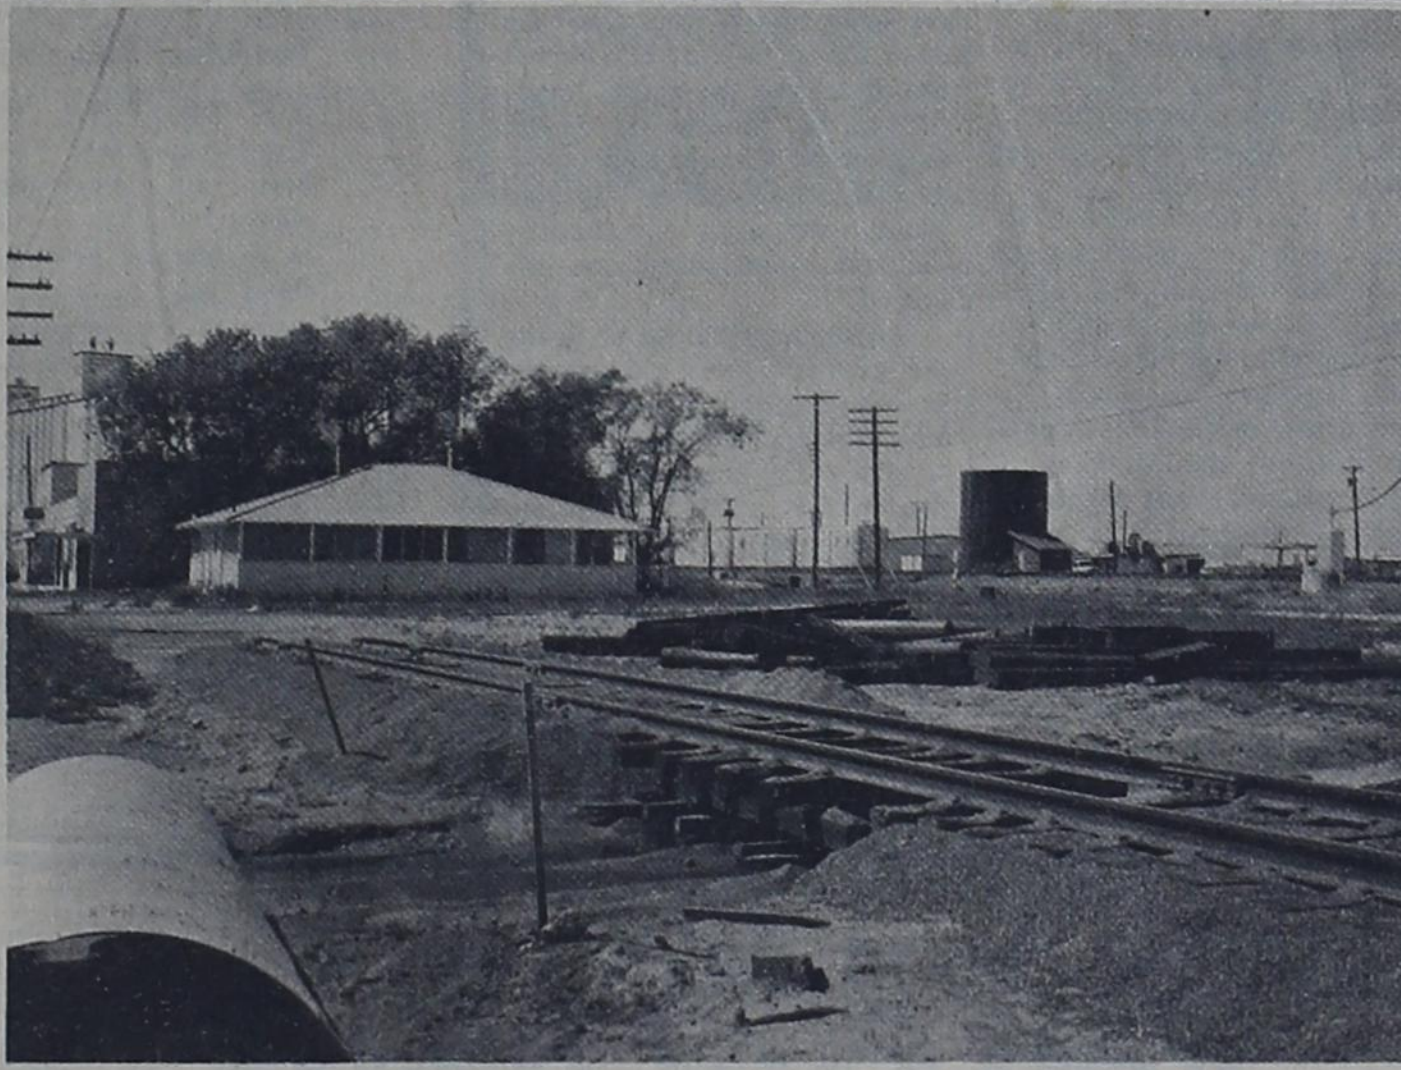

Sledge Opens Paint Shop

A new business is opening in Bovina. Sledge Paint Shop, featuring farm machinery painting, will open Monday in the Hartwell Machinery Building east of Bovina on Highway 60. Owner of the shop is F. L. Sledge. Operation of the business will primarily be for painting of farm implements, tractors, trucks and combines. He will offer a line of original equipment paints.

Sledge has been a resident of Bovina since 1959. An advertisement in this week's issue of The Blade announces the opening of the new business.

Weather by Willie

Very little, if any, moisture this week. ---Willie

WORK PROGRESSES -- When the bridge (center foreground) is completed, a section of track will be ready for a new Santa Fe loading dock. The house in background must be moved before the dock and incline can be constructed in that area.

Along North Street --

Loading Dock Track Built

The switch and track to the location of a new loading dock for Santa Fe Railroad is being completed adjacent to North Street in Bovina.

The loading dock will not be constructed until the agent's old house is sold and moved away, according to Agent Dean Hastings.

The dock will be located east of where the house now stands, and an incline will be built in

the vicinity of the present house, Hastings continued.

Bids are being received at the Santa Fe depot for the former agent's house, Hastings said. However, so far one has not been accepted.

Monday --

Tax Statements Mailed For City

City tax statements were mailed in Bovina Monday. Those paying their taxes within the

next three months will receive a discount, according to City Secretary Mary Ruth Martin.

Total tax due by the deadline on Jan. 31 is \$26,144.01 from evaluations of \$2,272,942. Mrs. Martin announced. Rate remains at \$1.15 per \$100 valuation,

the same as in 1967. Evaluations have also remained the same.

Those paying city taxes in October receive a three per cent discount; in November, two per cent; in December, one per cent. No discount is given in January and after the Jan. 31 deadline, penalties will be charged.

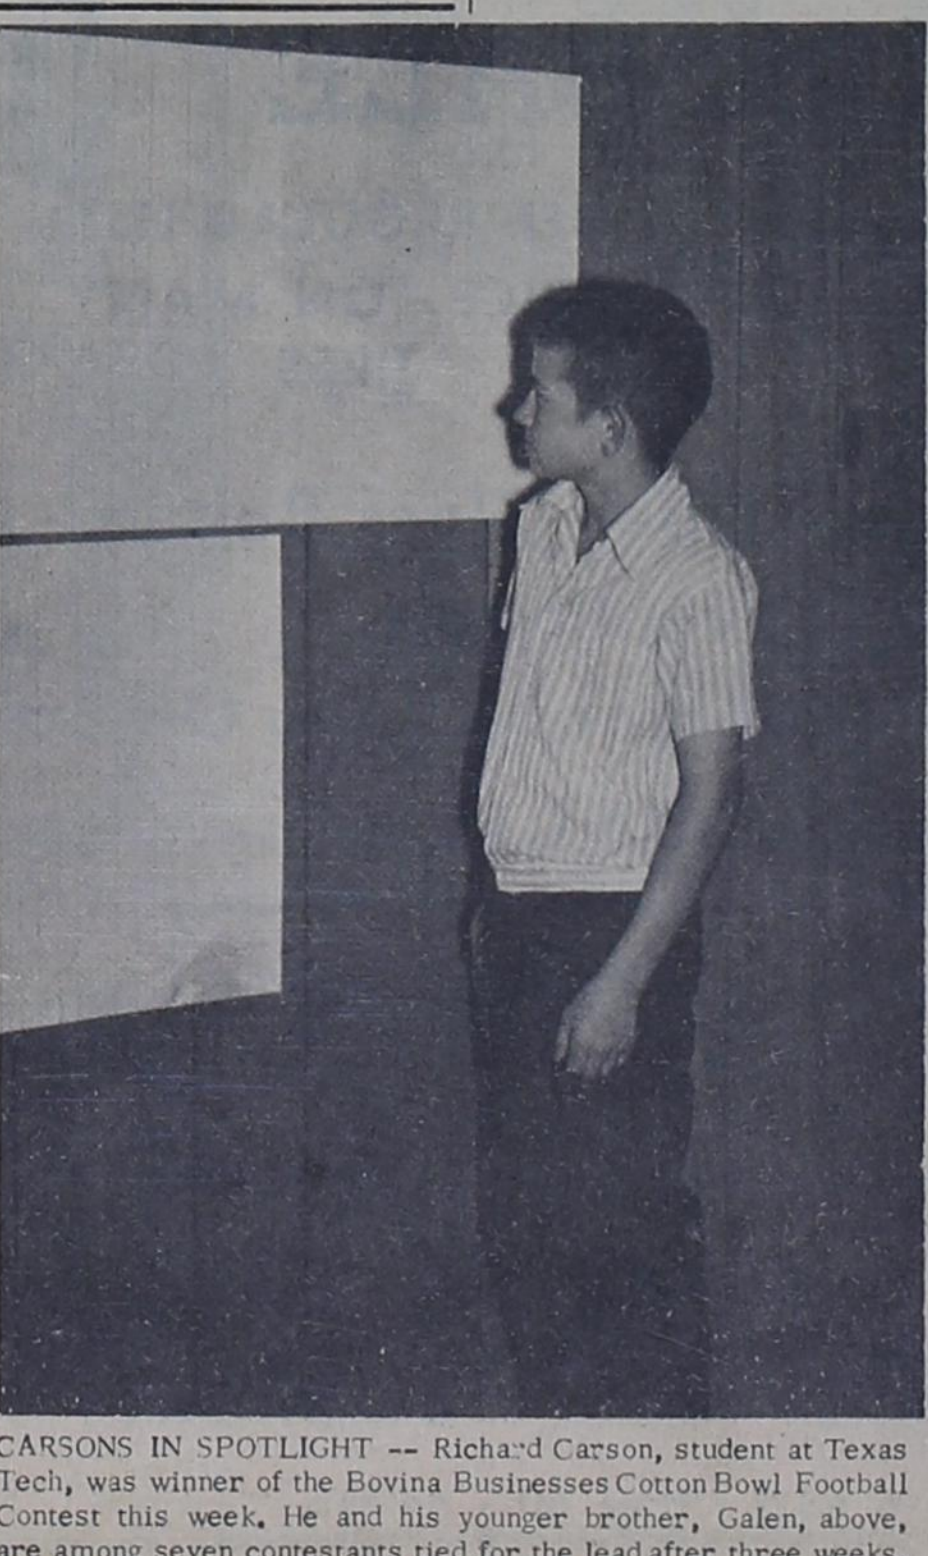

near Third Street is no longer adequate or convenient. It will also allow Santa Fe to provide better water drainage in the area of the current dock, which has long been a problem.

Santa Fe hopes that by constructing a new dock, that unloading of equipment, especially farm implements, at the new location will be much safer than at the old dock.

Man Injured In Accident

Jessie Bermea, employee at Bovina loading station of Holly Sugar, received cuts and bruises Monday morning when he fell into a conveyor belt.

An ambulance took him to Parmer County Community Hospital for treatment. Although no bones were broken, Bermea was hospitalized for observation.

CARSONS IN SPOTLIGHT -- Richard Carson, student at Texas Tech, was winner of the Bovina Businesses Cotton Bowl Football Contest this week. He and his younger brother, Galen, above, are among seven contestants tied for the lead after three weeks.

Reflections From The Blade

Celia Berry, 17-year-old daughter of Mr. and Mrs. E. C. Berry, reigned this year as Friona Maize Days Queen. Bovina's newest water well, completed about two months ago, will start furnishing part of the city water supply in the near future.

The Bovina Parents Teachers Association, sponsored a poor-man's supper Monday featuring a meal of cornbread and beans, after which the first business of the school year was transacted.

Parmer County budget, featuring increases in salaries for officials and deputies, was approved by commissioners court in a regular session Monday of last week.

A number of friends gathered Thursday evening in the home of Mr. and Mrs. George D. Turner for games of "24" and visiting.

Judy Billingsley, Parmer County's entry in the Tri-State Fair baking contest at Amarillo Saturday, was named second place winner. She was presented \$15 by Cotton John Smith and Smiley "Frog" Burnett, guest entertainer for Rural Youth Day.

Miss Patsy Richards, daughter of Mr. and Mrs. Earl Richards, was installed as Worthy Advisor of the local Assembly of Rainbow for Girls Monday evening.

The Bovina Mustangs will meet Boys Ranch on their next assignment, after losing another game Friday night to the Amherst Bulldogs.

The Bovina Volunteer Firemen staged their first social activities Monday night when they and their families gathered for a barbecue meal at the Bovina Legion Hall.

SIX YEARS AGO Oct. 3, 1962

Bovina Volunteer Fire Department members kicked off a fund-raising project last week in an effort to get enough money to purchase a new fire truck for City of Bovina.

A Democratic rally for 15-county 30th State Senatorial District has been scheduled for Tuesday, Oct. 23, in Tulla.

J. W. Gooch, assistant foreman of Parmer County District of State Highway Department here, has resigned his position to accept the foreman's job of Floyd County District.

Five Bovina men were in Brady Wednesday of last week to view a watershed project such as is planned for Running Water Draw in this area.

Women dominated the fourth week of Bovina Businesses Cotton Bowl Football contest.

They captured first and second place prize money and the lead for the grand prize continues to be held by Mrs. Patsy Sherrill.

Enrollment in Bovina Schools continues to soar and has now gone past the 600 mark, Superintendent Warren Morton reports.

Inspired by their 30-6 win over the Amherst Bulldogs here last week, Bovina Mustangs go after victory number three in their fifth game of the season here Friday night.

First bale of cotton for 1962 was ginned at Oklahoma Lane Gin Tuesday afternoon. It was also the first bale ginned under the new ownership of the gin--Oklahoma Lane Farm Supply, Inc.

Education Tops Ford's Campaign

Frank Ford, Republican candidate for State Representative, this week named education as one of the key issues of his campaign. "In 1960," said Ford, "Texas ranked 33rd among the states in per-child funds for education. We have since dropped to 38th. In 1960 we ranked 40th in literacy, and have since dropped to 44th. This is not a record to be proud of, as education is the most important function of state government, and accounts for 45 per cent of state expenditures. "Anyone who has observed the little children at work and

play in our schools across this district," Ford continued, "knows that the light of hope shines in their faces - black, brown and white, and that this hope is the hope of our nation. If the adults in our big cities had the same feeling of brotherhood and understanding as these little children do, America would truly be on the road to greatness. "The question that our generation has to answer, then, is whether these hopes and dreams are going to be fulfilled, or whether they are doomed to be broken in frustration and dependency. Jobs for the unskil-

In County --

Water Import Program Supported By Group

A group of Parmer County citizens have taken a step in local organization to further their drive in the water importation program. Parmer County Water Association was organized at the Hub Community Center last Thursday night in a meeting attended by 23 men, who expressed the need for organized effort on a local basis.

After hearing a discussion of the legislative hearing to be conducted by the Texas Legislature House Interim Water Study Committee, which is scheduled in Hereford on Saturday, October 5, the group made plans to present testimony in support of the water plan.

The import program for West Texas is part of the new Texas Water Plan, which was prepared by the Texas Water Development Board. The water plan, expected to be published this November, calls for the transfer of surplus water from the lower Mississippi River to the High Plains of Texas to bolster the agricultural economy of the area, which is expected to have its underground water depleted at some time in the future.

The purpose of the legislative hearing in Hereford is to determine the interest of various portions of West Texas for being included in the new water program and to "sound out" local thinking on some of the needs and problems of the project.

The agenda of the hearing includes topics relating to the formation of a master water agency to contract for water and distribute it to users and asks the question, "Should your county be included?"

The agenda also refers to the cost of imported water and asks whether there should be any change in the private ownership of underground water and whether there should be state control of underground water.

Discussing the agenda at the meeting were R.C. Godwin of Deaf Smith County Water As-

sociation and Ray Joe Riley of the Castro County Water Coordinating Committee. Godwin and Riley talked about prepared testimony which will be presented at the hearing by several neighboring counties.

The men pointed out that so far Deaf Smith, Castro, and Oldham counties have organizations agreeing to the united testimony, and that they would hope to have Parmer County help in its formulation and join in presenting it. Oldham County recently organized Oldham County Water Association, which presently is in the process of incorporation.

In forming the local water association, the group elected as chairman, Bruce Parr, as Vice Chairman Jim Roy Daniel, and as secretary, Rex Blackburn. A motion was passed to delegate authority to the officers to study the united testimony, make changes in it as needed, and then decide whether Parmer County Water Association would endorse it with the organizations of other counties.

For objectives of the new association, the group decided that foremost is to provide local effort in the water importation program and to support Water, Inc., which is the

area-wide organization promoting the program. Those present emphasized that Parmer County Water Association is for both farmers and non-farmers, since everyone, whatever business engaged in, has a stake in water matters. They agree to encourage the attendance of as many Parmer County farmers and businessmen as possible at the hearing in Hereford.

In concluding business, it was decided to have another meeting soon to complete the organization of the association in order to have the most effective county-wide group possible.

West Texas --

Water Hearing Slated Oct. 5 At Hereford

Final arrangements have been completed for the West Texas water hearing in Hereford on Saturday Oct. 5. People from all over West Texas who are interested in water resource development are expected to be at the Deaf Smith County Bull Barn for the all-day meeting beginning at 9:30 a.m.

The purpose of the hearing, to be conducted by the Texas Legislative Water Study Committee, is, according to committee chairman Bill Clayton, "to find out how interested people in the area are in obtaining additional water supplies." The water committee already has held public hearings on water problems in other areas of the State.

"The problem in West Texas," Clayton emphasized, "is how can West Texas maintain and expand its thriving economy in view of its dwindling underground water resources?"

The agenda of the hearing sets out problems concerning imported water, the cost of imported water, willingness of the area to pay for it, and the need for an agency to contract and distribute the water. In addition, the question is raised as to what territory should be included to receive imported water, and asks specifically, "should your county be included?"

Other items relate to water pollution problems and changes in law concerning water district formation. On Friday, Oct. 4, preceding the hearing date, the water study committee members will tour points of interest in the area related to water conservation and use. Included are visits to facilities of Water, Inc., the Underground Water District, and water research underway at Texas Tech. Farming and agri-business industries will be surveyed from

the air, as the committee flies around the area, lands in Plainview for lunch, and stops in Springlake to observe water conservation techniques.

Of special interest will be a new experimental tail-water return system on Clayton's farm. "We cannot expect people in the rest of the state to help us get more water," commented Rep. Clayton, "unless we show them we are taking care of our presently available water supplies. Imported water will be expensive, and it behooves us to take great pains in conserving what water we have left here."

The committee will proceed by air to Amarillo for a conference at Trade-Wind airport, then to Friona for a tour of the new Missouri Packers' plant. Final destination is Hereford for a reception and dinner Friday evening, Saturday morning

before the hearing begins, the committee will tour the Holly Sugar plant.

It is considered by Clayton that showing the committee members this area of the state is just one part of the selling job that West Texas has to accomplish. Following the committee's final hearing in Austin during November, it will write its report and make recommendations to the next regular session of the Legislature.

Clayton urges West Texans "to take advantage of this hearing to place themselves on record in support of water development to meet the area's needs of the future. To say the least, West Texas has to be unified for water importation, and then in order for Texas to spend the kind of money we're talking about for this project, we are going to need a lot of down-state people on our side."

Statements Out For School Tax

Tax statements have been mailed by Bovina Independent School District during the past week, according to Mrs. Zoe Clary, school tax assessor-collector.

Patrons of the district who did not get their refunds from their 1967 taxes have received credit on their 1968 statements, although such does not show, Mrs. Clary said. The credit will show on the receipt upon payment, she stated.

The total tax roll due by Jan. 31, 1969 without penalty is \$231,915.60, about the same as

last year. Valuation of property, real and personal, totals \$12,800,000, or about \$300,000 more than 1967.

However, collections will be about the same since assessment is made at the rate of \$1.83 per \$100, instead of \$1.85 assessed last year. Board of trustees decided last year to refund \$.02 per \$100. This amounted to about \$2,500, Mrs. Clary said.

Farm land in the school district was re-evaluated for 1968 taxes. No property evaluations within city limits were changed.

Tickets On Sale --

Banquet Honors Rep. Bill Clayton

A gala event honoring State Representative Bill Clayton is being planned for October 14 by Democratic Party members from the 72nd Legislative District.

More than 1,000 residents of the District, as well as from various points over the state, are expected to attend the Clayton Appreciation Banquet slated for the Junior High School Gymnasium in Littlefield.

Tickets are already being sold, at \$10 per person, and general ticket sales chairman, Frank Cummings of Littlefield, is expecting a sell-out crowd early.

Herman Jesko is chairman of ticket sales for Parmer County while Dolph Moten is in charge of ticket sales for Bovina.

General Chairman of the ban-

quet is Bill Armistead of Littlefield.

Representative Randy Pendleton of Andrews is working with Plainview's Rep. Ralph Wayne coordinating the attendance by most of the top personalities in the state-wide democratic party organization.

Pendleton anticipates "at least three commercial plane loads" to come to the event honoring Clayton.

The Andrews representative said Clayton is one of the most popular delegates in Austin, among his constituents. "He is known to all of us as the recognized authority on water needs and legislation", Pendleton said.

Tickets are available at the Bovina Blade.

By RONNY McNUTT
County Agent

GRAIN STORAGE

Farm-stored grains often need a protective fumigation six weeks after they are put in bins.

One annual fumigation is generally sufficient where grain is stored under ideal conditions, but inspections are a must. Grains should be checked at least monthly during the fall months. Stored grain pests are generally more active during the warmer months.

Take the temperature of the grain in the bin by fastening a thermometer onto the end of a long stick and thrusting it vertically into the grain. When hot spots are detected, take samples from the infested portions of grain. A standard grain probe is a convenient sampler.

Sift the samples through a screen to detect any insects which might be present. If stored grain insects are found, immediate fumigation is suggested.

The technique of fumigation is simple, but the use of precise recommendations is very important. This is probably the number one cause of poor results, and too many farmers fail to use good application techniques.

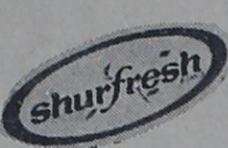

What is the proper technique? Simply this: apply the correct amount of fumigant in such a way as to obtain an even, uniform distribution over the surface of the grain.

First, level the surface of the grain. This allows access to the entire area and will allow an even distribution of fumigant.

Second, apply the fumigant as a coarse spray over the surface of the grain. Apply heavier in areas where severe infestations are known to exist. Control will not be obtained unless the entire area is covered. Most liquid fumigants are heavier than air and the vapors penetrate downward and without too much lateral diffusion. This is why application technique is so important.

What is the best equipment to use? An ordinary garden sprayer is satisfactory for small operations. Spread the opening of the spray disc to the diameter of an 8-penny nail, or remove the nozzle and substitute a nozzle made of 1/4 inch pipe that is six inches long. Flattening the spray end is also suggested. For larger operations use the power pump which will take the fumigant

Of Interest To ★ THE WOMEN ★

DISPLAYS EQUIPMENT -- Mrs. Arnold Hromas and Mrs. Jack Clayton look over weapons used by law enforcement officers at a program presented by Deputy Sheriff Henry Minter to the Bovina Woman's Study Club Thursday.

'Law Enforcement' Program Presented Club By Minter

Deputy Sheriff Henry Minter discussed law enforcement at the Thursday afternoon meeting of Bovina Woman's Study Club. He displayed equipment used by law enforcement officers, including gun and gunbelt, handcuffs, club, automatic sawed-off shotgun, lantern, and a mace spray gun. The latter, he said, provided good protection for women, since the mace acts similar to tear gas.

Problems confronting the law today include dope, glue sniffing, drinking, etc. However, Minter said this area does not have much trouble except with drinking and pills that are designed to keep one awake. Supreme Court rulings have hampered law enforcement and exercise too much control in a Democratic society, Minter commented.

Some seven million poor children in 70 countries share the benefits of the Catholic Bishops' Thanksgiving Clothing Campaign.

Party Held On Birthday

Kim Naegle, daughter of Mr. and Mrs. Cap Naegle, was honored with a party on her seventh birthday Saturday at her home.

Ice cream cake and punch were served to Kim Marsh and Stephanie Traxon of Farwell, Denise Read, Devanie Smith, Tamra Read, Annette Stephenson, Beth Moten and Joan Carson.

Birthday Party Held

Darla Hawkins, daughter of Mr. and Mrs. Charles Hawkins, celebrated her 13th birthday with a slumber party at her home Friday night.

Attending were Cindy Read, Linda Haney, Nancy Hutto, Cathy Crump, Christi Trimble, Cissy Minter, Pam Wilson, Lajuana Hastings and Rhonda Rhodes.

Party Has Circus Theme

Denise and Mike Read celebrated their birthdays Monday with a party at their home. Daughter and son of Mr. and Mrs. Billy Don Read, Denise was seven years old, and Mike was eight.

A circus theme carried out the decorations. A pink elephant cake, ice cream and punch were served to Devanie Smith, Cynthia Green, Karen and Lisa Schilling, Ginger Glasscock, Sharon Steelman, Beth Moten, Tamra Read, Kim Naegle, Edward Isaac, Steve Cockerham, Dan and John Cox, Terry Green, Lynn Read, and their grandmothers, Mrs. Lucille Stowers and Mrs. Nola Read.

By Jean Kinkead, Women's Consultant, The Travelers Insurance Companies

Keeping Your Husband Healthy

Happy family days such as Thanksgiving have a way of bringing our husbands very close to us, making us realize all over again that they are the very center of our lives. Looking at them across the festive dinner table, let's resolve to cherish them even more this coming year.

Statistics show us that married men live longer than bachelors, widowers and divorced men, but even so, they don't live long enough. The average American male's life span is 6.8 years shorter than a woman's, whereas in 1900 there was only a three-year gap between the two life spans. What accounts for this heart-breaking trend? Doctors say that, for the most part, it is the result of heart attacks among young men in their forties and fifties. (Incidence of coronaries in younger middle-aged men has increased fivefold since 1930.)

Tension is almost always an important factor in pre-disposing a person to heart trouble, and it is in eliminating some of this tension that wives can help their husbands. How can we do this?

1. We can let them know every day and in countless ways that we love them. (When they really know this, doctors tell us, they attack their jobs less savagely.)
2. We can reduce the pressure on them by reducing financial demands. (Wouldn't it be better to live with fewer things and more of our husband's presence?)
3. We can safeguard their health by feeding them intelligently, helping them get 8 hours sleep each night, and encouraging them to have a physical checkup every year.

Note to wives with grown children: Why not suggest to your husband that you convert some of his life insurance into a paid-up policy and persuade him to take a little honeymoon this winter? Your Traveler's man will show you how this conversion would work for you.

LETHA ANN FLETCHER

BARBARA GAIL FLETCHER

Announce Engagements Of Daughters

Mr. and Mrs. Edgar Fletcher of Friona announce the engagements of their daughters, Letha Ann and Barbara Gail. Letha Ann will become the bride of James Dale Cunningham, son of Mr. and Mrs. James Wesley Cunningham of Friona, in December. She

is employed by Dolph Moten Publishing in Bovina. Barbara Gail and James Henry Taylor, son of Mr. and Mrs. Guy Taylor of Lubbock, will exchange marriage vows in November. Both are graduates of Friona High School.

Hospital Notes

Parmer County Community Hospital Sept. 24-30 Admissions

Bill S. Burnam, Jr., Friona, surgery; C. L. Vestal, Jr., Friona; Ernestina Rodriguez, Bovina; Susie Cunningham, Friona; Anna Castillo, Friona, surgery; Holly White, Friona, accident; Mrs. Alex Telles and son, Muleshoe; Murray Snyder, Hereford; Ora Glover, Bovina; Jessie Bermea, Bovina, accident; Claude A. Paul, Friona; Donna Jo Parr, Friona.

Dismissals
Mary Madrid, Friona; Lynita Dozier, Friona; John Allen, Jr., Friona; Estella Herrera, Friona; Patricia Ann Morris, Farwell; Mrs. Anita Ayala and daughter, Bovina; Mrs. Miguel Meza, Hereford; Clara Looper, Friona; Guadalupe Alvarez, Friona; Ernestina Rodriguez; Manuel Ramirez, Friona; Susie Cunningham; C. L. Vestal, Jr.; Bill S. Burnam, Jr.; Prisciliana Gallegos, Hereford; Anna Castillo; Alice Munoz, Hereford; Murray Snyder; Dorothy Harrelson, Friona; Holly White. Miss Grace Paul remains hospitalized.

Gordon Hastings of Lubbock, formerly of Bovina, underwent major surgery last week in Methodist Hospital, Lubbock. He was expected to be moved from the intensive care ward this week.

Community Conversation

Mr. and Mrs. Clarence Jones returned last week from an extended vacation to Hawaii. They accompanied relatives on the trip and visited a nephew while there.

MEMORY PILLS pack no more learning power than a sugar pill, University of Michigan researchers have discovered. Although the drug, magnesium pemoline, reportedly enhances learning and memory in rats, university scientists did not find this to be true for human subjects.

Leather - Like Fabric Popular

What is the newest, most fashionable in fabrics for fall? Leather-like materials. It is showing up in skirts, vests, jackets and jumpers as well as rainwear and accessory items such as tote bags, hats and belts, says County Extension Agent Cricket B. Taylor.

Sewing techniques used on leather-like fabrics are similar to those for vinyl and real leather, according to Dr. Graham Hard, Extension clothing specialist at Texas A&M University. Here are some important points to keep in mind when sewing leather-like fabrics:

Select a pattern with simple design lines. Raglan and kimono sleeves are easier than set in sleeves. In cutting the fabric pin pattern in seam allowances only. Use sharp shears and cut accurately. To mark the pattern, use dressmakers carbon and a smooth edge tracing wheel to mark from the wrong side. Stitch a test seam on the sewing machine before beginning. From this, determine correct pressure and tension. It should be medium tension and light pressure. Dr. Hard recommends 8 to 12 stitches per inch for stitch length; a 14 size needle for medium fabrics and 16 for heavy weights; and heavy

duty mercerized cotton thread for construction. The size of the needle is important.

Plain seams will roll and they cannot be ironed flat. Flat-

ten seams with rubber cement or adhesive, suggests the specialist.

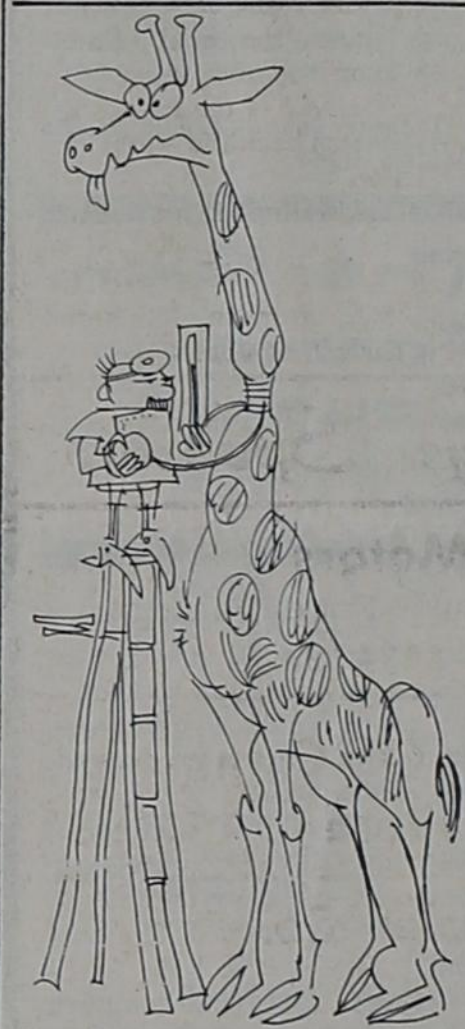

Taper darts to a very fine point. The last three to four stitches should be on the fold. Don't backstitch.

The clothing specialist recommends using a tailor's hem, picking up one or two threads in backing. Don't pull the stitches tight or the garment will pucker on the right side.

Another tip: do not baste seams but pin them in the seam allowances.

If the leather sticks to the machine's metal surface when sewing, use a strip of tissue paper between them.

Another good idea is to use reinforcement in buttons and neckline areas to prevent stretching, Mrs. Taylor says.

BLOOD PRESSURE of giraffes is three times that of a healthy man. Its 25 pound heart must pump blood 10 to 12 feet up to its brain.

Church Chuckles by CARTWRIGHT

"D'you think God is forgiving enough to overlook my present atheistic leanings?"

THE GREATEST RANSOM

Throughout history there have been many instances where ransoms were paid for the lives of individuals. Perhaps the most dramatic and heart breaking example in our generation was the vain attempt to reclaim the Charles Lindbergh baby. It is likely that either of the two parents would have traded places with their child if it had been possible. How many times in history would a person have traded places with someone they loved.

"Oh my son Absalom! my son, my son Absalom! would God I had died for thee, Oh Absalom, my son, my son!" (2 Samuel 18:33). Yes David would have traded places with his son even in death.

Thus saith God, "Greater love hath no man than this, that a man lay down his life for his friends." (John 15:13) Even the hero of the hour in Dickens' memorable work, *The Tale of Two Cities*, said, as he was about to die in another's stead, "Tis a far far better thing that I do now then I have ever done".

Why God bought you and I with His own Son's blood I can never know. "For who hath known the mind of the Lord?" (Romans 11:34) Amid my ignorance however there is one great truth that is inescapable. All of the ransoms that have ever been paid can never approach the worth of that one Jewish carpenter from Galilee.

"The Man Christ Jesus . . . gave Himself a ransom for all . . ." (1 Timothy 2:6)

No Restrictions --

Green Light Given Sugar Beet Farmers

The United States Department of Agriculture announced Sept. 24, that there would be no sugar beet acreage restrictions for the 1969 sugar beet crop.

The Texas-New Mexico Sugar Beet Growers Association, at a public hearing in Denver July 25 presented arguments for unrestricted acreage for the year 1969.

Without restriction of acreage, Texas and New Mexico farmers can grow as many sugar beets as Holly Sugar

Corporation can process in 1969. The company has informed the directors of the growers' association that if the 1969 acreage was unrestricted, that the Shoup plant at Hereford would be increased in its slicing capacity so that it could handle, in the year 1969 and each year thereafter, an additional 2,000 to 3,000 tons of sugar beets per day. The addition, in itself, would amount to a small plant as large as some of the present plants in older beet-growing areas, and will make

the local plant the largest in the country.

The farmers can, without restriction of acreage in 1969, acquire a history for planting so that when acreage allotments are again applied, they can continue to grow sugar beets, according to James W. Witherpoon, executive secretary of the growers association.

The growers in the Texas-New Mexico area now have one of the best grower-processor contracts in the country, resulting from several years of

negotiations, as well as a fair price hearing before the United States Department of Agriculture in 1966, he stated.

The plantings of sugar beets for the 1968 crop of about 1,510,000 acres compares with a little less than 1,200,000 acres in 1967. The sugar beet growers have failed to plant sufficient acreage in 1965, 1966 and 1967 to fill the needs of the beet sugar marketing quotas, and thus the effective inventory carryover has been substantially below a desirable level for the past two years as established by the Secretary.

The Secretary is required by the Sugar Act to establish proportionate shares when he determines that in the absence of such restrictions the production of sugar from a crop would be greater than the quantity needed to enable the area to meet its marketing quota, and to provide a normal carryover inventory of sugar for the calendar year during which the larger part of the sugar from the crop normally would be marketed. Most of the sugar from the 1969 crop of sugar beets will be marketed in 1970, Witherpoon said.

On The Farm --

(Continued from Page 3)

directly from the container in which it is purchased.

Apply the fumigant from outside the bin, close it up and do not enter for at least 24 hours.

A number of liquid fumigants are available. It requires more of some mixtures than others but don't skimp on dosages.

Amounts will vary with different grain storage conditions -- wood bins, metal, high dockage vs. low dockage and high moisture vs. low moisture. The label on most fumigants provides adequate information to calculate the amount needed under your conditions.

Producers who are storing grain on the farm are invited to come by the county extension office and pick up a copy of L-217, "Control of Insects in Farm-Stored Grain."

In fishing with spinners, the general rule is, use silver on a cloudy day, gold or copper on a bright day.—Sports Afield

Before undertaking a mountain pack trip, get in some horseback-riding practice at a stable near your home. —Sports Afield

The fish known as "sea trout" to Southerners is the spotted weakfish. In Nova Scotia, the name applies to a sea-run brook trout.—Sports Afield

CONTEST

FOOTBALL

You May Win Weekly Prizes
Of \$5-\$3-\$1

PLUS The Grand Prize ---
An Expense-Paid * Trip For Two To The Cotton Bowl

★ Expenses include
two tickets to Cotton
Bowl game, paid
reservations for two
and \$55 for food
and traveling
expenses.

It's Fun - It's Easy -
You May Win!
Enter This Week And
Every Week -
All You Have To Do Is Pick
The Winners. There's Nothing
To Buy!

Contest Rules

1. There are 10 football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Sunday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl game plus hotel, food and traveling expenses to Dallas and the January 1, 1969 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p.m. or postmarked by 5 p.m. Friday.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.

Score: 20-12 --

Horns Gore Ponies; Season's First Loss

The Bovina Mustangs were gored, 20-12, by a fired-up herd of Lazbuddie Longhorns in a game there Friday night between Parmer County football teams.

The Class B Longhorns increased their season record to 3-0 with their win over the Class A Mustangs, who are now 2-1 for the year.

The host team, displaying tremendous will-to-win, scored twice in the second quarter and then returned a punt 48 yards for a six-pointer in the third period. Bovina scored once in the second quarter and again in the fourth and that just wasn't enough to win over the black and orange of Lazbuddie Friday night.

The turning point of the game came in the second stanza of play. With the score tied, 6-6, Mustang Rodney Murphy intercepted a Longhorn aerial deep in Lazbuddie territory, near the 25-yard line. Had the play been allowed to stand, the Mustangs would have had possession near the Lazbuddie goal line just seconds after scoring their first TD.

A five-yard penalty against Bovina nullified the play, however, and the 'Horns made the break a part of a sustained drive for their second score.

Lazbuddie drew first blood with 9:01 remaining in the second period after a scoreless first quarter. The TD came on a five-yard pass from Quarterback Troy Steinbock to End Monte Barnes. The score climaxed a seven-play drive for the Lazbuddie team which had originated at the Bovina 35 after a Bobby Redden punt was

killed there. The drive included two penalties against the Ponies.

The score remained 0-6 after two tries at the extra points failed. The Mustangs were penalized after the first conversion attempt, and Steinbock was stopped on a quarterback keeper play as he attempted to make two extra points on the second chance.

The Mustangs got good field position following Lazbuddie's first touchdown and quickly tied up the game.

The Longhorn kicker missed the ball as he attempted to kick off and Bovina got possession on the Lazbuddie 42. Seven plays later the score was tied with Halfback Danny Stanberry going in from the one for the marker. The big play of the drive was a 31-yard pass from the 42 to 11 from Quarterback Stuart McMeans to End Rodney Murphy. With a first down at that point, Fullback Royce Sisk made one, Halfback Ronny Dyer got two to the eight, McMeans then made five to the three yard line and picked up the first down on the next play with a two-yard gain to the one.

Redden's kick for the extra point attempt was blocked.

Lazbuddie's Steve Foster returned the following kickoff from the five to the 13 and the Longhorns went on to score the go-ahead touchdown without losing the ball.

The intercepted pass-penalty play was on the third one in that series of downs. It brought up a third and five situation from the 18. Steinbock then reeled off a 14-yard jaunt and a first down on the 32.

The Longhorns got the score 11 plays later on a four yard run by Steinbock and had the lead which they never relinquished. Darrell Matthews kicked the extra point to make the score 6-13.

Bovina had time for only three plays before the first half gun sounded -- one of those a 19-yard dash by Dyer.

Lazbuddie salted the game away early in the third quarter.

After an exchange of punts, Steinbock gathered in a Redden kick on the Bovina 48 and tightened down the east sideline for the score which added point insurance for the Class B aggregate. Several Mustang defenders had a shot at Steinbock, but he went into the endzone standing up. Steinbock himself kicked the add-on point to boost Lazbuddie's point total to 20.

The Mustangs got their final TD with 4:10 remaining in the game. They went 70 yards for the six-pointer with most of that distance covered in two plays. Sisk broke 33 yards following an incomplete pass, from the Bovina 30 to the Lazbuddie 37. McMeans then threw to Murphy for a 25-yard gain and a first down at the 12. Stanberry made seven, Dyer one, Stanberry two more and a first down at the two-yard line. Sisk bulled it across from there.

McMeans was stopped on a try for the two extra points as he attempted to go across the right side. That made the score 20-12, meaning the Ponies would have to score twice more to win and would have to get an eight-pointer to tie.

Neither of those possibilities

came about, however, as the Mustangs had possession only one more time and lost the ball on an intercepted pass.

This was the first time since 1965 that the two teams had met on the gridiron. At that time they were both in the same Class B district.

Sisk was the leading Bovina ballcarrier. He churned out 97 yards as his number was called 18 times. Dyer made 42 yards on 10 carries and Stanberry netted 33 in nine trips.

Junior Game Set Thursday

The Bovina Colts will entertain the Lazbuddie Junior High football team Thursday at 5:30 p.m. on Mustang Field.

This will be the second game of the year for Coach Bill Nicholas' seventh and eighth grade squad.

The first was played at Lazbuddie on Sept. 19, when the host team outscored the Colts 16-0.

South gate to the field will be only entrance open, according to school officials. Admission will be 50 cents for adults and 25 cents for students. No admission will be charged for cars.

Seniors Visit WT Campus

Seniors in Bovina High School spent Saturday attending West Texas State University's High School Senior Day.

They travelled to Canyon by school bus, accompanied by Mr. and Mrs. Bill Nicholas and Mr. and Mrs. Roger Ezell.

Seniors attended a mixer in the Student Union at 3 p.m., had dinner, attended the football game at 8 p.m., followed by a dance at 11 p.m.

money's worth in foods by checking the labels on the food you buy, comparing quality and price per unit and making sure the product meets your intended use. Consumer buying and protection is a two-way street of responsibility.

Safer Lightpoles
For greater highway safety, special nickel stainless steel lightpoles with riveted bases have been developed to break away when struck by a car. The first large-scale installation of such poles has been made by the Minnesota State Highway Department.

Incandescent Platinum
The first incandescent lamp, developed by Thomas A. Edison, used platinum wires sealed in glass as a conductor for the electricity. Platinum was used because its expansion from heat is nearly the same as that of glass.

Friday: Tuna salad, baked potatoes, buttered corn, rolls, butter, milk, apricots.

Jones Home From Vietnam

Sgt. Joe Jones, son of Mr. and Mrs. J. T. Jones, arrived home Thursday from Vietnam where he has been serving with the U. S. Army.

He arrived in Lubbock after receiving his discharge from the Armed Forces.

Jones is a graduate of Bovina High School.

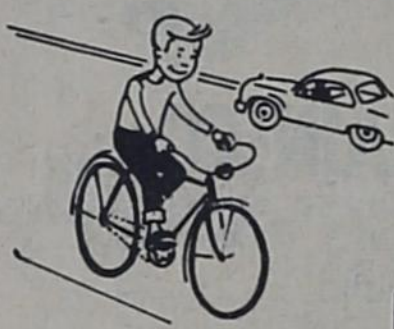

Beauchamp Visits Here

Garry Beauchamp returned to Corpus Christi this weekend after spending a nine-day leave in Bovina with his parents, Mr. and Mrs. Tom Beauchamp.

He has been in U. S. Naval Hospital there since July 5. Garry was wounded in Vietnam on May 31.

A hospital corpsman, he was expected to be returned to duty.

A JOHNNY HARTFORD SCHOOL SAFETY TIP

Bicycle Riding—If you ride to school, be sure your bike is in tiptop condition (tires, chain, brakes, etc.). Obey traffic rules and make proper arm signals. Ride with the traffic keeping well to the right. No passengers on your bike, please. Remember pedestrians have the right-of-way. Walk your bike across busy intersections. If you have to ride in the dark, be sure your light and reflectors are working. (This safety panel, one of a series for JUNIOR FIRE MARSHAL, has been prepared as a public service of The Hartford Insurance Group.)

Game Here Friday Night --

Bovina Rates Edge In Nazareth Game

Smarting from their unexpected loss to the Lazbuddie Longhorns last week, the Bovina Mustangs take on the Nazareth Swifts here Friday night.

This will be game No. 4 for the Mustangs and their third against Class B competition.

Bovina will be heavily favored to get back on the winning track after the Lazbuddie upset. This will be the second home game of the year and the first since the opener against Amherst.

A win for the Ponies would make three for the season and would be the most wins they have accumulated in a single season since 1965, the last year they were in a Class B district. Their record during each of the past two years has been 2-8.

Following the Lazbuddie loss, Mustang Coach Roy Stone promised, "There will be some lineup changes this week." He was disappointed in the play of the Mustangs against the Longhorns. He described the loss as being a "team effort."

He went on to point out that Lazbuddie really wanted to win and "our boys just didn't play well."

Nazareth had an open date last week and has played only two games this season. The Swifts won over the Friona B team in their opener and dropped a game to New Home the next week.

Nazareth had a 5-3-1 mark last season and has 12 lettermen returning from that team. Their offense is reportedly based around a passing attack.

Bovina will have a weight advantage against Nazareth.

The game is slated to start at 8 p.m.

The Mustangs are expected to be in good physical condition for this week's game.

This will be the fourth of five non-district games for the Bovinians, who play Class AA

Home Game Car Parking Hours Set

Gates to Mustang Field this Friday will be open from 4 to 5 p.m. for those who wish to park in a choice spot, L. F. Jacobs, superintendent said.

Cars entering at that time will be charged 50 cents. However, the gate will open again at 6:30 p.m. and no charge will be made for cars parking inside after that time.

Admission to home games is \$1.25 for adults and 50 cents for students.

Frenship next week in the last tilt before the beginning of District 3-A wars.

Bovina last played Nazareth in '65, losing the game that year, 13-8.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

The Home Demonstration Clubs' planning committee met last week and came up with a good program for 1969. Some of the more outstanding ones include: Figure Control, What's New In Sewing Techniques, Furniture Antiquing Workshop, Decoupage and Creative Arts. A highlight of the year will be the Cotton Council Fashion Show in November.

Oklahoma Lane Club is growing in numbers as well as in interest and enthusiasm. The program, "Line and Design for the Individual Figure," sparked a lot of interest and discussion in last week's club meeting. Mrs. Cordie Potts, County T.H.D.A. Chairman, and Mrs. Joel White, delegates to the State Convention, report a fine meeting. These delegates will

give their reports to clubs in October.

County Home Demonstration Council will meet October 7 in the Bovina bank community room. Plans for the annual luncheon in November will be a main topic for discussion. Also, Holiday Cookery Workshop in each club is another event for November to be planned. 4-H ENROLLMENT is in progress. All girls and boys are urged to get their enrollment cards filled out, signed by parents, and back in the office by November 1.

Susan Mims, County 4-H Bake Queen, entered the Tri-State Fair competition with her loaf yeast bread and cookies. She appeared on the TV show and although she was not one of the top three winners, it was good experience for a junior girl. After all, how many people get to appear on a TV show at the age of 10 years?

DO YOU WANT YOUR MONEY'S WORTH AT THE SUPER MARKET?

Here are some tips. Take advantage of information on the label. If the label contains one pound or more or less than four pounds the quantity must be stated in total ounces, and pounds and ounces. If the package contains one pint or more or less than one gallon the net contents must also be stated two ways.

You, the shopper, have the responsibility of getting your
