

WHITTLIN'

By DOLPH MOTEN

It's stock show time in Parmer County.

With the Bovina show set for this (Wednesday) afternoon and the county show and sale slated for the weekend, FFA and 4-H members will have ample opportunity to display their animal projects before the public eye. At the same time, said public can get an eyeful of these animals as they're placed in their classes by the judges.

The sale at the county show Saturday afternoon is a good time, too, for some of you adults to accumulate some income tax write-offs and make broad smiles of appreciation on the faces of the owners of the show animals. All you have to do is enter into the spirit of the bidding at the auction sale. Besides all the obvious advantages, it's a lot of fun.

Shucks, you haven't had any high priced meat for the table yet, if you haven't bought an animal at such an auction. But it really isn't bad and just amounts to a fair cash bonus of encouragement to the young people of the community.

If you can't be on hand for the sale, send some money. We're glad to notice also that the FHA girls are getting in on the display and judging fun this year with their projects. This is a fine addition to today's activities.

This department's congratulations go to Stuart McMeans, who signed last week to play football for the Texas Tech Red Raiders. Stuart had a colorful high school career on the gridiron for the Bovina Mustangs and we wish him continued success with the big Lubbock school.

As far as we know, Stuart is the first Bovina player to earn a football scholarship with a Southwest Conference school. His success should, and no doubt will, serve as encouragement to those who are following behind him in the path of athletic success.

Besides that, having a boy we know on the Red Raider squad will make going to the Tech football games more fun.

"Course, we always have a lot of fun anyway watching the Aggies beat 'em"

Sunday's snow was just the kind we like ---- wet, not too cold, and melted in a matter of a few hours. Only complaint we heard about it was that more of it would have given us more moisture and that might have been more of an observation than a complaint.

And not only that, but Willie told us last week it was liable to come. That's a great combination ---- a nice warm snow and a good weatherman.

It's sad but it's true. Republican Congressman Bob Price will get another two-year term from this district without an opponent. That will be interpreted to mean, in some quarters, that the 18th District of Texas is completely satisfied with the job Price is doing. The Democrats aren't in a position to argue the point to any great extent because we didn't do anything about seeing that Price had an opponent who could defeat him.

We said in the beginning that it was sad, but true.

The Republicans run their business better than that. That's the reason Price is in office and the Demos are out. Back when good ole Walter Rogers was our congressman, and he was as good as any that ever shook a hand, the GOP picked on him continually and had a tough opponent to buck him everytime the polls were opened. Maybe the rich GOOers just out-politiced us.

In an attempt to look on the brighter side of the situation, we'd guess that Price will be a dang sight easier beat in '72 if the Repubs keep slowing down the economy and fouling things up in general like we think they will between now and then.

Maybe this lack of an opponent for Price will allow the Democrats of the area to devote all of their attention to taking care of what must be done ---- re-elect Senator Ralph Yarborough.

Weather by Willie

Cool, dry and windy.
Slight chance for change last of week.
---Willie

GETS KEYS --- Virgil Beagles, right, of Beagles Chrysler-Plymouth in Clovis presents keys to City Marshal Ronald Mitchell for the new police vehicle for Bovina, approved Thursday night by the city council.

Three-Inch Snow Falls After Rain

Bovina area residents were surprised Sunday morning when they awoke to discover a three-inch blanket of snow on the ground.

Falling early Sunday morning, the snow was preceded by rain and sleet which began at 10 p.m. Saturday.

A total of .21 of moisture was received, giving farmers another small boost for their wheat crops and adding a little more seasoning to the ground.

The snow soon melted, however, as temperatures rose during the day Sunday.

Nights have continued cold this week, but by mid-afternoon, spring-like weather prevails.

Telephone Co-Op Sets Annual Meet

Three directors will be elected at the annual meeting for members of West Texas Rural Telephone Cooperative, Inc. at 7:30 p.m. Thursday in Hereford Community Center.

Directors will be named for three exchanges, Dawn, Hub and Parmer.

One-party service in the Sharp and Oklahoma Lane exchanges were recently discussed by directors and Bill Nicholas, REA loan representative for the southwest division, Jim Bolton and B & K Construction Co. and T. L. Fannin of Fannin Engineering Co.

The Board authorized manager, Vernon Inmon, to sign a contract for the work. Con. (Continued on Page 6)

At Board Meeting --

School Heads Given Contract Extensions

Three Bovina Schools principals, Gary Cox, Wilson DiCuffa and Jim Noyes, and Athletic Director Gilbert Hough have two-year contracts following the Monday night meeting of the school board here.

Cox and Hough had one year remaining on their present contracts and these were extended another year, according to L. F. Jacobs, superintendent. Noyes, junior high principal, and DiCuffa, elementary principal, are presently on one-year contracts and were given two-year contract renewals by the board.

Contracts of all four now extend through the 1971-'72 school year.

Action on other school personnel will be taken at the March meeting of the board, Jacobs said.

Resignation of Mrs. Lois Jones, first grade teacher, was accepted. Approved to replace her is Mrs. Vida Bledsoe of Clovis. She has a degree from ENMU and several years experience in Clovis elementary schools.

Because of the rising costs in operation of Bovina Schools,

City Buys New Police Vehicle

Bovina has a new police car. Decision to purchase a 1969 Plymouth Fury I was made at a special meeting Thursday night of city council. Five bids were considered.

Beagles Chrysler-Plymouth of Clovis was awarded the sale at a cost of \$2,525, including trade-in of the old car, a 1965 Dodge Dart, which had 70,000 miles.

Others bidding were Reeve Chevrolet of Friona, Friona Motors, Doc Stewart Chevrolet-Bulck and Rierson Pontiac, both of Clovis.

The new automobile is an especially-equipped police cruiser. It has a 290 horsepower engine and burns regular gasoline. It includes heavy duty construction for police work, councilmen say, as well as eight-ply tires.

Albuquerque had ordered 75 specially built police cars, councilmen report, but 80 were required by Chrysler Corporation to be assembled for the order. Therefore, five were left over to be sold in the area. Bovina's new car is one of the five.

Mail Ballots For Directors Of Chamber

Ballots were mailed this week by Bovina Chamber of Commerce and Agriculture to elect six new directors and collect annual dues.

Twelve names appear on the ballot. Voters must mark six names and submit their 1970 dues for the ballot to be counted. Dues are \$12.50 for individuals and \$25 for business institutions.

Deadline for voting is March 1.

Names on the ballot are Mrs. Judy Fillpot, Don Spring, Charlie Flynn, Jerry Wright, Johnnie Horn, Gilbert Hough,

Darrell Read, Wilson DiCuffa, Grady Sorley, Billy Smith, Eddie Gayle Steelman and Leonard Haney.

Directors whose terms are expiring are Earl Whittin, Tom Bonds, T. C. Wiseman, Nick Trienan and Smith. Smith was appointed to complete the term vacated by Jamie Clearman. Another vacancy was never filled, that of Charles Smith. Therefore, six will be elected rather than five.

At the March meeting of old and new directors, officers for (Continued on Page 6)

School Census Counts 634

A total of 634 school-age boys and girls were signed up during the January school census, according to L. F. Jacobs, Bovina Schools superintendent.

This does not include the five-year-olds who were counted this year. Their census blanks have not been processed, Jacobs said.

Of those enumerated, 355 are

and in fairness to other taxpayers, the board decided to take necessary steps to collect delinquent taxes on record in the district.

Johnnie Horn was appointed election judge when two trustees will be selected by voters April 4.

School board heard a report

At 5 P. M. --

FFA Livestock Show Judging Here Today

Judging in the annual FFA-4-H Livestock Show begins at 5 p.m. today (Wednesday) in the ag barn west of Eighth Street when 37 animals go through the arena.

Scott Windham of Lazbuddie who is FFA advisor there, will be the judge in the event.

Entered in the show are 25 barrows, nine gilts, two steers and at least one lamb.

Ribbons will be presented the first five places in each class. Likewise, cash prizes of \$15, \$10, \$7.50, \$5 and \$3 will be awarded the same winners.

Trophies will be received by exhibitors of the grand champion and reserve champion barrow and gilt, the grand champion lamb, grand champion steer, and the breed champions of the swine division.

The FFA Livestock Show, under direction of Mike Potts, instructor, is sponsored by Bovina Lions Club and Bovina Chamber of Commerce and Agriculture. Also assisting with the show is the Bovina Young Farmers Chapter.

Entering animals in the swine show are Donnie Grissom, Ken Jamerson, Mike Spears, Steve Sherrill, Roy Alonzo, Buddy Clements, Leroy Pearson, Robert Fowler, Steve Wiseman,

Larry Wiseman, Danny Brito, Shannon Davis, Janie Clements, Greg Hromas, Mike Ware, Dale Johnston, Alan Cockerham, Mike McMeans,

Alfonso Delgado, Alvino Hernandez, Bobby McMeans, Hugh Rogers, Tommy Bonds, Joe Don Stevens, Tommy Page and Nicky Rodriguez.

Expected to show steers are Galen Carson, Dale Johnston and Alan Cockerham. Donnie Grissom will exhibit in the lamb division.

This Afternoon --

FHA Classes Slate Open House, Show

The Home Economics Division of the Bovina FFA Livestock Show is making its debut today in the homemaking cottage of Bovina Schools.

Featured are five classes of foods, four classes of handwork and three of clothing.

Miss Janet Miller, Parmer County home demonstration agent, and a representative of Young Homemakers of Lazbuddie will be the judges. Ribbons

will be presented the top five places in each event, according to Mrs. Janie Potts, instructor.

Over 50 girls are expected to provide the displays.

During the day, from 11:30 a.m. until 3:45 p.m. open house will be held for all interested persons in the area.

In the foods division, classes will include cakes, cook-

ies, bread (yeast and plain or quick breads), candy and pies.

Clothing division will feature casual dresses, advanced dresses and sports outfits.

Four classes will appear in Handwork, art (oil, water colors, charcoal, acrylics, toile painting), crafts (purses, decoupage, boxes, etc.), needlework (knitting, crocheting and embroidery) and miscellaneous.

Mrs. Potts said that ribbons will be awarded to the top five in each class. However, if there is only one entry in a class, it will be judged according to standards and does not necessitate the judges to give it a blue ribbon.

For Medical Center --

Board Renews Work To Obtain Doctor

Work is continuing by members of the board of Bovina Medical Center, Inc. to obtain a doctor for Bovina.

Dr. Michael Murphy, who ex-

pressed his intent in December to come to Bovina, failed to arrive here last week. He called Wednesday night stating he was on his way and would arrive in Bovina Thursday. No further word has been received from him.

First date set for his beginning practice was early January. Since that time, several delays were announced, including family illness, shortage of staff at Rusk State Hospital, where he was employed, etc.

However, when Dr. Murphy did not arrive last week, board members began to seek another

doctor who might be interested in coming here.

An Amarillo doctor was contacted Monday, who says he will make a decision in the near future.

Bovina Medical Center has been without a doctor since Jan. 1. Dr. Cornelius Blesius left at that time to enter residency in Dallas to continue his training.

Dr. Blesius worked here about 18 months and had built up a good practice.

Since his departure, the center has been kept open by Mrs. Hazel Henke for convenience of Bovina patients.

Two Days --

License Tags On Sale Here

Vehicle license plates will be on sale in Bovina two days next week, announced Hugh Moseley, Parmer County tax assessor-collector.

Moseley will be at the city hall from 9:30 a.m. until 4 p.m. Tuesday and Wednesday, Feb. 24 and 25.

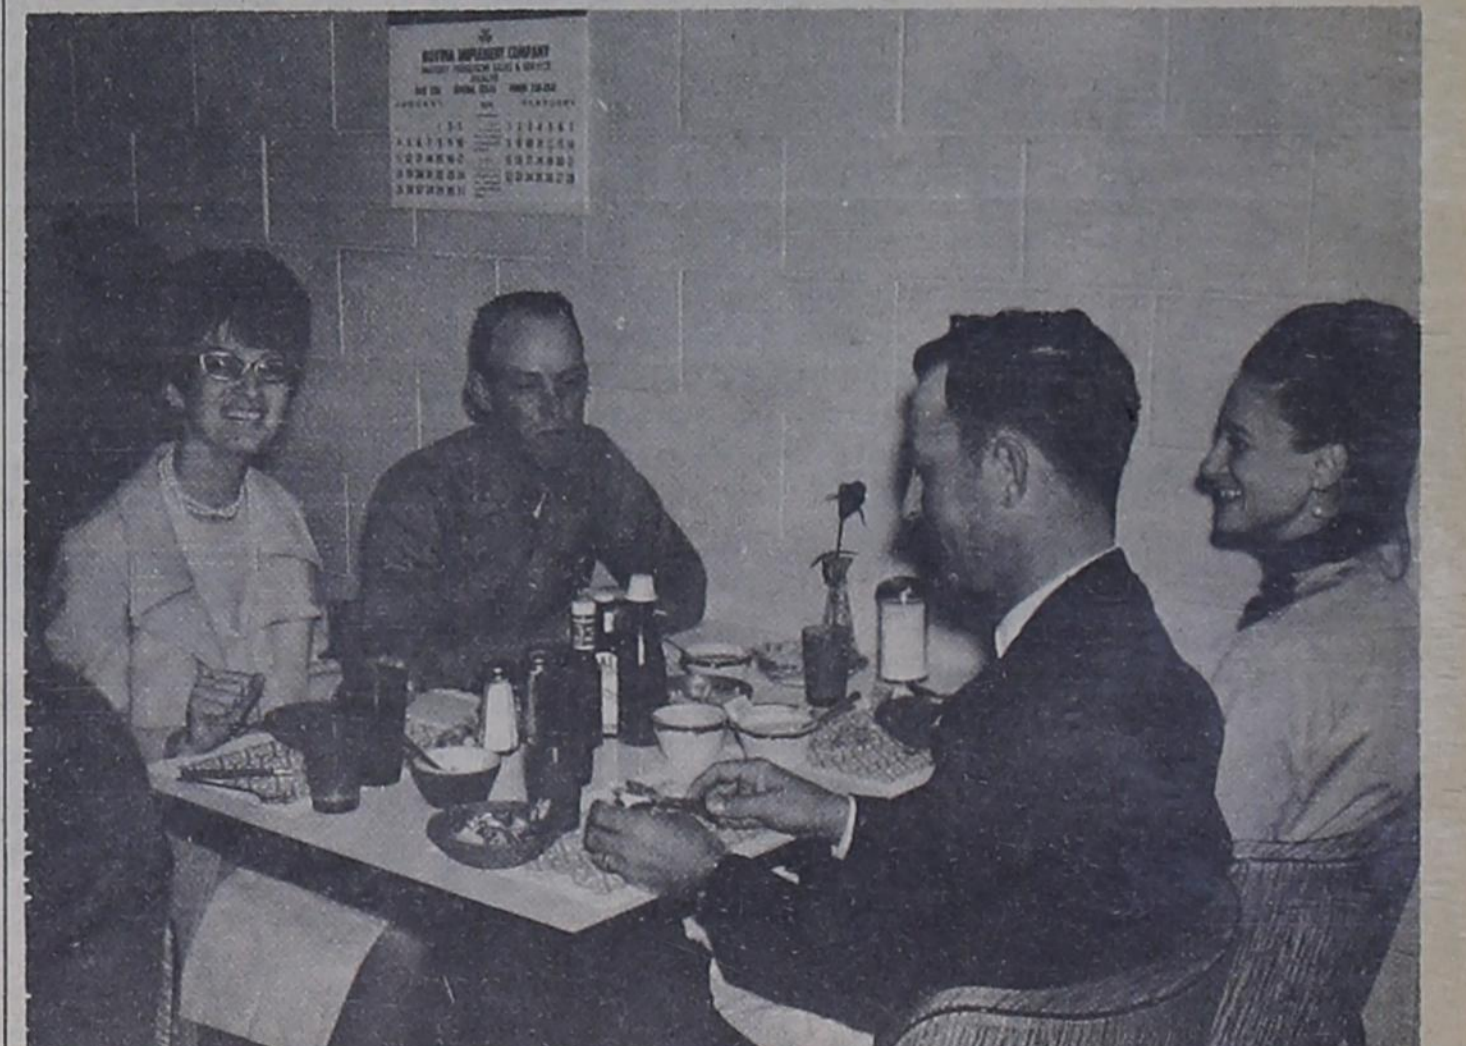

In addition he will be in Lazbuddie at Sherley Anderson Elevator the following day, Thursday, from 2 to 4 p.m. Vehicle owners must bring their license plates renewal applications with them, received recently through the mail from Texas Highway Department.

Moseley says no title work will be done on those days in Bovina or Lazbuddie.

Petit Jury Summons 72 February 23

Seventy-two Parmer County citizens have been called to appear at 1:30 p.m. Monday, Feb. 23 for petit jury duty in District Court at the courthouse in Farwell.

Names appearing on the list are Kenneth Cass, Pete DeLeon, Ernest Anthony, Mrs. Kenneth McLellan, Mrs. Watson Whaley, Manuel L. Martinez, Preston Martin, Mrs. E. M. Ware, Mrs. Ted Magness, Gil Patschke, D. W. Auburn, Elvie Jennings, M. C. Osborn, Mrs. Marvin Jordan, Jack Woltmon, June McMeans, Raymond Euler, Fred M. Burch, E. V. Hartman, Fred Barker, (Continued on Page 2)

ANNUAL DINNER --- Wives were guests of Bovina Roping Club members Monday night in Bovina Restaurant. Some 62 people attended. Among those on hand for the occasion were Mr. and Mrs. Jon Lin Riddle, left, and Mr. and Mrs. Houston Bartlett.

Feb. 17, 1960
 Baptists met in the school house Sunday. With their building in the process of being moved, First Baptist Church members were forced to conduct services in school auditorium.
 Bovina's Mustangs entered post-season Tuesday night in defense of their District 2-B crown.
 On the occasion of honoring their husbands for Valentines Day, a banquet was given by Golden Circle Sunday School Class of First Baptist Church Thursday evening in the church dining hall.
 Highlighting the MYF Year is the annual Sweetheart Banquet, held this year Saturday evening in Fellowship Hall of Bovina Methodist Church.
 Nineteen members of First Baptist Church were guests at buffet luncheon in Fellowship Hall of Bovina Methodist Church.
 Nineteen members of First Baptist Church were guests at buffet luncheon in Fellowship Hall of Bovina Methodist Church. Hostesses were Mrs. Billie Sudderth and Mrs. Jimmie Charles of WSSC.
 Motor vehicle safety inspections in Parmer County have slowed to snails pace. No vehicles were inspected during January.
 With spring planting soon at hand, High Plains farmers are getting ready to begin crops they have already planned.
 Farming, generally, in Parmer County will be about the same as last year. This is the opinion of four county farmers. "World in Our Heart" was theme of annual GA coronation Sunday evening in auditorium of Bovina High School.

SIX YEARS AGO
 Feb. 19, 1964
 Bovina voters paved the way for some \$200,000 worth of additions and improvements to school facilities Saturday by giving a bond issue in that amount their approval. The vote carried by a two to one margin.
 Deadline for voting for members of board of directors of Bovina Chamber of Commerce and Agriculture is March 1.
 A blood-typing clinic has been scheduled for Bovina. Decision to sponsor the clinic was made by Bovina Lions Club Thursday night.
 Mrs. Mable Newberry hosted Dorcas Circle Wednesday at Methodist Church. Mrs. I. W. Quickel presented the devotional entitled "Time of Decision."
 Miss Jeanne Ivy and Jackie Dane were crowned queen and king at FHA Sweetheart Banquet Monday evening at school cafeteria.
 The school bonds, which were voted Saturday were sold at a meeting of board of trustees Monday night. The 20-year maturing bonds will bear 3.5 per cent interest for the first seven years and 3.75 per year for the last 13 years.
 Track workouts began this week for Bovina High athletes. Ten lettermen are returning from last year's district championship squad, reports Coach Hallie Gee.
 During between-game ceremonies of the Bovina-Lazbuddie basketball games, teams named a basketball king and queen. Miss Judy Strawn was elected queen and Gene Pruitt was named king.
 Bovina Junior High and Beginners Band were presented in concert recently at school auditorium. Approximately 200 persons attended.

Editorial Comment

Mistake?

The decision last month of Parmer County Commissioners Court to oppose the food stamp program, which has been ordered by the federal government, could be a mistake. Counties in Texas which do not have the proposed food stamp program, and Parmer is one of a reported 89 of these, were given 60 days from January 5 to voluntarily inaugurate the program. If the counties refuse, the program will be administered by the federal government.

The county's decision to "oppose" the plan may or may not mean that the federal government's request will not be complied with. We interpret the action to mean the commissioners court is taking a negative approach to the situation and is willing to let the feds run the program as they see fit. If this turns out as we think it will, this is another case of letting the federal government administer a part of our business which we should be taking care of ourselves. Since the program has been made available, presumably for the good of the people, it seems from here that we should cooperate and see that the idea is carried out to the best advantage.

The argument against cooperation is that the county is presently taking good care of its few welfare cases, thank you, and doesn't need help from anyone in this regard. We have no quarrel with the present method and, as far as we know, the county has done an adequate job of handling the welfare situation on its own down through the years. On the other hand, we wonder if, when an opportunity to possibly do better comes along, we shouldn't be willing to give it a try. Just because a plan has worked down through the years doesn't necessarily mean that it's the best way. Changes are constantly being made and some of them are for the better. Being independent of the federal government is possibly admirable, in a sense. But as much as each of us is involved with federal programs, we see no reason to shun the welfare proposal.

Best we add here that our opinion is based on information about the food stamp program which has been made available to the general public.

A recent newspaper report in regard to the commissioners' action said, "They believe it would cost the county more to administer the program than any benefits received (would be worth)."

That depends, we'd guess, on which side of the table you're sitting on.

Accidents Kill

The Texas Safety Association reminds parents that accidents are the leading cause of deaths among children from one to 19 years of age.

PROFILES OF GREAT AMERICANS

Mary McLeod Bethune—educator, group organizer, White House adviser and United Nations delegate—was born in South Carolina in 1875, the first free-born child of ex-slave parents. She had 17 brothers and sisters.

Mary walked five miles to school every day as she covered the first four elementary grades. Then, with no immediate prospects of further schooling, she sorrowfully returned to the cotton fields.

In her teens, however, she was chosen to attend a Presbyterian seminary in North Carolina. Because she was a diligent student, the principal and his wife assisted her in getting a second tuition scholarship—this time to Moody Bible Institute in Chicago.

In 1906, with a down payment of \$5.00, she started building what was to become Faith Hall. Mrs. Bethune cultivated the support of the city's wealthier winter residents. Within two years after its opening, the school, which later merged with the Cookman Institute, had 250 students. At its 50th anniversary it was a fully accredited college.

Holder of 11 honorary degrees, Mrs. Bethune was an adviser to President Roosevelt on the affairs of Negroes and other minority groups. At her death in 1955, she left behind a brilliant record of service and distinction.

Mary McLeod Bethune's biography and others in the Leading American Negroes series of sound filmstrips can be purchased by educational organizations through the Society for Visual Education, Inc., 1345A Diversey, Chicago, Illinois 60614 a Division of The Singer Company.

Let's Go Fishin'
 BY BOB BREWSTER
 Outdoor Editor
 Mercury Outboards

If you knew how a fish felt when he got out of bed you'd have a better chance of catching him!

The problem, of course, is to diagnose fish moods. Since most anglers can't converse with them (although some claim this distinction), it's difficult to learn how fish greet the day.

Knowing what factors influence fish behavior can add to your angling success, say the fishing authorities at Mercury outboards. Sky condition, water temperature and water color all determine a fish's disposition. Successful anglers read this mood and match it with the correct casting technique.

In muddied or brown water fish are less likely to venture from their normal lies. They're reluctant to move any distance to investigate a lure or bait. This means an angler must cast almost directly over the fish to get his attention. Casts should be more frequent with less distance between them.

In clear water fish are more eager and will travel farther seeking food. Therefore, fewer casts are needed, and the fisherman can work a larger territory.

Warm water is the result of hot weather, and fish aren't much different from fishermen at this time. They're lethargic and won't move about any more than is necessary. Again, this calls for more frequent casts to place the lure near enough to excite the fish. Cool water stimulates fish, causing them to move more. Anglers get by with fewer casts covering more water with each.

Sky conditions, particularly during warm months, also influence how fish act. If the sun comes up hot, fish stop moving at dawn, holding in one lie until evening. More casts are needed to put the lure in favorable areas. However, if dawn arrives with an overcast sky and a hint of light showers, fish will often feed on through the rain. Consequently, fewer casts are needed to connect with these carefree ramblers.

City, School Reports Nil

No names have been filed for either city or school board elections, set here April 4.

Bovina residents will elect a mayor and three councilmen this year.

Patrons of Bovina Independent School District will name two members to the school board.

Deadline for filing in both elections is March 4.

In city government, Mayor Bedford Caldwell's term expires, as well as three councilmen, Lloyd Gober, Billie Sudderth and Dolph Moten. Moten was recently appointed to fill the unexpired term of Charles Corn.

Holdover members of the council are Vernon Estes and Vernon Willard, who have one more year to serve.

Two terms expire for trustees of Bovina Independent School District, those of Dean McCallum and Don Murphy, who is filling the seat vacated by Eddie Gayle Steelman.

Having two more years on the board are Earl Whitten and Thomas Rhodes. Lawrence Jamerson, president, Leslie McCain, secretary, and Leon Ware have one more year on their present terms.

Mrs. Moss Rites Held

Funeral services were held at First United Methodist Church in Clovis Thursday for Mrs. Cora B. Moss, 76, a Bovina property owner.

Mrs. Moss, the mother of Dr. James B. Moss of Clovis, died at her home in Clovis Tuesday afternoon. Although she never lived in Bovina, her father owned the Cranfill Grocery located in the building occupied by Dilger's Cleaners. She still owned that and an adjoining building at the time of her death.

Mrs. Moss resided in Texico from 1912 until moving to Clovis in 1936.

Survivors include her son; one brother, G. L. Cranfill of Friona; two sisters, Mrs. Doshia Hill of Glen Rose, Tex. and Mrs. Eva Johnson of Muskogee, Okla.; and two grandchildren.

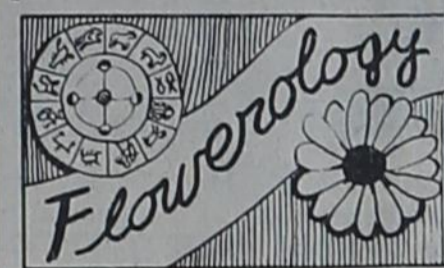

Rites Held For Infant

Funeral services for the infant son of Mr. and Mrs. Dionisio Rodriguez were held Sunday afternoon in Mission Belen Bautista in Bovina.

Rev. Raymond Delgado, pastor of the church, conducted the services.

The infant died Saturday following surgery Friday in an Amarillo hospital. He was born Jan. 19 in Farmer County Community Hospital.

Burial was in Bovina Cemetery.

(Pisces, Feb. 20 - March 20)

The Cymbidium orchid is the flower for those born under the sign Pisces, the moonstone their birthstone, and sensitivity their principal trait, according to FTD florists.

Also, those born under Pisces are easy-going and imaginative. Understandably, poetry is their traditional calling.

But the children of Pisces have some thorny moments too. If they permit their emotions to rule, they can become illogical or prejudiced, and their easy-going nature can turn into laziness.

However, sensitive Pisceans mean well, so don't be surprised if they often send flowers. A Piscean just can't resist picking up the phone and asking a florist to send a big bouquet on special days and events.

WASHINGTON AND SMALL BUSINESS

AS HEARD BY HEARD

The Potato Chip War

Under the government's Constitutional authority to regulate commerce, Federal agencies recently answered two off-beat questions: What is a potato chip? And, how much random mixing of game pieces is necessary in a giveaway game?

These illustrate how far regulatory powers have been extended in today's complex world of commerce. A bureaucracy which defines a potato chip and lays down rules for games of chance leaves few stones unturned.

What is a potato chip? The Potato Chip Institute has filed suit against General Mills charging it falsely describes a new product with this term. The Institute contends that a potato chip is a thin slice of potato fried in deep fat. Nothing else.

The industry, which grosses \$900 million a year, says a product which is made of potatoes which are cooked, mashed and dehydrated before being reformed for frying is not a "potato chip."

The Food and Drug Administration has ruled the product can be properly labeled "potato chips" providing it also says "made from potato flakes." With the prospect of a fierce competitive struggle, the government says, in effect, let the chips fall where they may.

The Federal Trade Commission, exercising its authority

to oversee advertising, has begun regulating grocery store and gas station giveaway games. From now on, disclosure of the true odds, the date the game will end and other information must be included in game advertising.

The FTC charges that many games have had an element of deception and control. When an ad says "100,000 prizes available" it actually doesn't say these will be given away, although readers assume this.

One new rule requires game promoters to mix game pieces in random fashion. But what constitutes random mixing? The FTC was immediately asked.

In a game with a million pieces, would it be alright to mix all the winning pieces together first, then randomly mix 11 of these with every 1,000 non-winning numbers for distribution? Or, the company suggested, would it be o.k. to mix a quarter million at a time? Both might seem reasonable, but the FTC said "no" — the full million must be mixed simultaneously.

Since this is far more than the mixing machine will handle, it appears the company must dump 1,000,000 pieces into a room, stir them with a shovel and blindfold those who package them for mailing. Most of the nation's independent business owners think it would be simpler just to prohibit games in the first place, instead of the government becoming a gambling czar.

Cook's Corner

MRS. J. B. FOWLER

While cooking for her family of four, Mrs. J. B. Fowler usually has plenty of help from daughter Becky, who enjoys sitting on the cabinets as most five-year-olds do.

A resident of Bovina since 1965, Mrs. Fowler says she has learned to can vegetables and prepare them for the deep freeze while making her home here.

Born in Porum, Okla., this week's cook moved to Phillips, Tex. with her parents at the age of eight months. She was raised in that oil town and was never exposed to farm life.

After graduating there from high school, she attended McMurry College in Abilene and met her husband, who is serving as pastor of United Methodist Church in Bovina. They lived in Abilene following their marriage, where he was pastor of Grace Methodist Church. After two years at Vega, they returned to Abilene, this time to Fair Park Methodist Church. From there they moved to Bovina.

Mrs. Fowler is the mother of two children, Douglas, who is 10-years-old and Becky. She is active in WSCS and substitutes occasionally as a Sunday School teacher. Her favorite pastime is reading.

When first moving here, Mrs. Fowler was amazed at the canning operations carried on by area women. Since that time, she has joined them, the family even raising its own garden for the project.

Some of her favorite recipes include the following.

Creamed Tortillas
Fry red out of one pound ground meat and add one chopped onion. Fry until tender.
Add:
1 can cream mushroom soup
1 can cream chicken soup
1 can Taco sauce
1 can green chilies
Pour into casserole lined with tortillas. Sprinkle one cup grated cheese over mixture. Bake at 325 degrees for 30 minutes.

Quick Casserole
Mix one can Spanish rice, one can Franco-American spaghetti, one can mushroom soup, Brown one pound ground meat and add to the above mixture. Top with grated cheese and bake at 325 degrees for 30 minutes.

Apricot Jello
2 pkg. orange jello
1 can Apricot nectar (about 1 1/2 cups)
1 can apricots (sweetened and peeled) cut up in small pieces.
1 can (small) orange juice concentrate
4 cups liquid (including nectar, orange juice and juice from apricots. Add water if necessary to make four cups).
Heat liquid to dissolve jello, add cut-up apricots and pour into two quart mold. Serves 12.

Marinated Mixed Vegetable Salad
1 cup sugar
1 cup salad vinegar
1/2 cup salad oil
1/2 t. accent
Heat until sugar dissolves.

Of Interest To THE WOMEN

Sweetheart Banquet Set

The annual FHA Sweetheart Banquet will unfold in Bovina Schools cafete a at 7:30 p.m. Saturday.

Mrs. Janie Potts, FHA advisor, says mothers of the girls will prepare the food for the event. Deborah Hawkins is in charge of the program.

Highlighting the banquet will be the crowning of the FHA sweetheart and FHA beau.

Banquet Set Here Tonight

Rev. Kenneth Wyatt, noted area minister and artist, will present the program at 7 p.m. tonight (Wednesday) when the Methodist Men's banquet is held in Fellowship Hall of the church. He has promised to bring several of his paintings for the event.

Vernon Estes is in charge of the food for the banquet.

Marriage Licenses

Six marriage licenses were issued from the office of Parmer County Clerk Bonnie Warren during the past week.

Permits to wed went to Rickie Dwan Higgins and Renee Lee Tagle, February 12; Orville Rex Bracken and Darla Marie Perkins; Wayne Allen Brower and Linda Louise Williams; Lester Ernest Mingus and Nancy Jeanne Gresham, all on February 13; Thomas Clark Rickard and Mary Katherine Ice; and Therman Frank Thomas and Phyllis June Harp on February

Cool.
1 can Blue Lake beans (drained)
1 can Lesueur English peas (drained)
1/2 cup pimientos
2 med. onions
1 med. green pepper
1 cup celery
Chop pimientos, onions, green pepper and celery. Mix vegetables and cover with marinade mixture. Refrigerate for 24 hours or longer.

'Fun' Kills

How long does the fun last? The Texas Safety Association says: Not long—if you drive too soon after drinking alcoholic beverages.

The more alcohol there is in the blood, the longer you must wait until you can drive safely. On the average, it takes one hour for each bottle of beer or each ounce of whiskey to be eliminated by the body.

Even if you seem to be able to hold your liquor—your driving ability is greatly impaired during this period.

Announce Engagement

Mr. and Mrs. J. E. Melton of Friona announce the engagement and approaching marriage of their daughter, Janet, to Jimmy Don Stowers, son of Mrs. J. C. Stowers of Bovina. The couple will exchange wedding vows at 7:30 p.m. March 27 at the Church of Christ in Bovina.

Scoopin' - - - - By Pat Jacobs

It's curious the way one issue is made bigger than another. Lots of to-do is being made about air pollution. This is indeed a problem in the cities. No less a problem, though, is the population growth on planet Earth, and this is rarely mentioned -- except by the stalwart few who won't give up.

Main reason the latter is not a political football is because it isn't too popular a subject --- and it wouldn't get many votes. Never mind its importance.

The trend is one that has become a disappointment to some of the peons the past decade or so. Only one thing is important --- whether or not the program will show in the ballot box.

We'd like to swap some of the pollution that's engulfed West Texas since the prairies disappeared. At least the kind that comes from smoke stacks is evidence money is being made -- not blown away.

Noticed the town of Childress is making an all-out effort to attract some of that big city pollution. Its pitch is there's plenty of room and wide open spaces for some of those industrial problems.

What this country needs is a good ole "brush arbor" revival meeting.

With our spiritual leaders worried about what is happening in churches over the country, we've noticed a parallel. Whatever became of our old song books -- the ones that contained those blood stirring hymns like "Give Me That Old Time Religion" and "Come to the Church in the Wildwood"?

Remember a long time ago attending such a brush arbor meeting. It was held beside a creek, lined with trees, down below the "cap" somewhere. Everyone and their dogs attended -- from miles around. After a couple hours of "preaching," a picnic lunch was spread.

No one rushed home afterward. They spent the sultry, hot afternoon singing those old favorites.

It was an experience the young people today can't dig out of their memories. Nostalgia? Maybe. But it made a big enough impression to last a long, long time.

McCain Sings At Banquet

Butch McCain of Bovina provided the musical entertainment at a Sunday School banquet at First Baptist Church in Farwell Thursday.

Rev. Ken Moore was the guest speaker.

Butch sang "Little Red School House," "Faith Unlocks the Door" and a medley. He was accompanied at the piano by Mrs. Doris Wilson.

The banquet, held for junior and intermediate departments, carried out a Western theme.

Also attending was Mrs. Leslie McCain.

Girl Born To Zacharys

Mr. and Mrs. Jerry Zachary of Friona are the parents of a daughter born at 5:35 p.m. Feb. 2 in Parmer County Community Hospital.

She has been named Patti Grace and weighed seven pounds and 12 ounces.

The Zacharys have a son, Zachary Joe, who is four. Grandparents are Mr. and Mrs. Arthur Stokes of Friona. Mr. and Mrs. Van Pickett of Amarillo and Mr. and Mrs. Dave Bender of Shattuck, Okla.

The mother was formerly employed at First State Bank in Bovina.

HONORED --- Mrs. Oakley Stevenson was presented a special membership pin at the general meeting of WSCS last week. Making the award was Mrs. J. B. Fowler.

WSES Holds Monthly Program

A film titled, "Syzygy," and the presentation of a special membership pin to Mrs. Oakley Stevenson highlighted the

monthly general meeting of Women's Society of Christian Service last week.

Preceding the program and business meeting, a luncheon was served in Fellowship Hall of United Methodist Church. Hostesses were Mrs. George Turner, Mrs. L. M. Grissom and Miss Lola Grissom.

Mrs. John Dixon was in charge of the program. The film shown the 13 members attending concerned reconciliation in war, urban problems and in individuals.

Mrs. J. B. Fowler gave the devotional and presented Mrs. Stevenson with the special award in appreciation for her service to the organization.

Conventions this spring in Lubbock and Houston were announced by Mrs. Rouel Barron, WSCS president, in a brief business session.

COMMITMENT

The heart-throb of the church is based upon the Biblical concept of commitment. Jesus taught this in the parable of the Good Samaritan . . . He challenged every follower with the idea of taking up a cross . . . He fulfilled His purpose by being a literal commitment of life on the Cross of Calvary. Today many are saying the end of the church is in sight as they testify to the inactivity of the members and the consequential living of much of the community who in the past has claimed membership and loyalty to area churches. Perhaps in certain cases the accusations are justified, but all too often they are over stated and over emphasized. On March the 8th, the people of Bovina plan to show by attendance and participation in worship services throughout our town that we do believe in the ministry and purpose for these institutions of God. You too can be a part of this worthy demonstration of faith if you will but put aside other things for that day and be One of One Thousand in the church of your choice that day. Your life may never be the same because of it.

At Home In Parmer County

By Janice Miller
County HD Agent

The money you'll save is the best reason for cleaning your own carpet.

An average savings above the commercial cost of cleaning a rug will run about 12 cents a square foot.

Do - it - yourself operations require some effort and muscle to move furniture around; and there is the possibility that your work may shrink, stain, or otherwise damage the carpet unless you do some small test areas first.

On the plus side is the advantage that your rugs will probably be finished in a day, and you won't have to wait for their return from the cleaners.

Carpets wetted with a liquid or spray cleaner may take 12 or more hours to dry, so a powder cleaner may be preferred since it leaves the rug usable in less than an hour after cleaning. Powder cleaners often require more ventilation though and will

require more vacuuming than the other products.

Whichever cleaner you choose, the chemical action of some cleaners may cause a fabric to shrink, fade, or change its color or texture. If possible, test the cleaner on an out-of-the-way area.

"I'm watching calories so I use a cream substitute." Does that sound like you? If it does, you'll be interested in the fact that cream substitutes do not have fewer calories than their authentic counterparts. A current study of cream substitutes showed these new products to have more saturated fat content than cream.

THE MOCKINGBIRD has a terrible temper. Few birds are as vigorous in their defense of territories, and when young mockingbirds are about, the parent bird's attack can make even a cat move on.

Banana Split Eclairs

Halve the eclairs and double the fun!

The smart hostess uses her head and serves glamorous, easy-to-make food. Banana Split Eclairs are just such a choice! Designed to be a party's highlight, they let the homemaker relax and enjoy her guests. Set out the "fixings" and let ice cream lovers assemble desserts to suit themselves.

The crisp, elegant, elongated cream puffs are ready and waiting to be cut in half. Scoops of multi-colored ice creams are frozen hard and arranged in your prettiest glass bowl. Bananas are sliced and sprinkled with orange juice to keep them from darkening and to enhance their flavor. And ice cream toppings are nearby to top off the eclair-based banana splits.

When made with enriched flour, the delicious eclairs carry nutritional gifts from the milling industry to you. Enriched flour is an important source of the essential B-vitamins, thiamine, niacin and riboflavin and the mineral, iron - all necessary in maintaining good health.

BANANA SPLIT ECLAIRS

- | | |
|-----------------------|--------------------------------------|
| 1 cup water | 2 to 3 bananas, sliced |
| 1/2 cup butter | 3 pints ice cream, different flavors |
| 1 cup enriched flour* | 1/2 cup ice cream topping |
| 1/2 teaspoon salt | 15 maraschino cherries, halved |
| 4 eggs | |

Bring water and butter to boil, stirring until butter melts. Add flour and salt all at once. Reduce heat. Cook, stirring constantly until mixture is smooth and forms a soft ball, 1 to 2 minutes. Remove from heat and cool slightly. Add eggs, one at a time, beating well after each. Drop batter onto greased baking sheet, spreading to form 1 x 5-inch rectangles. Bake in preheated 400° oven 25 to 35 minutes, or until firm. Cool. Cut off tops and invert. Fill tops and bottoms with banana slices. Top with a scoop of each ice cream flavor. Drizzle with topping and garnish with cherry halves.

*Spoon flour into dry measuring cup; level. Do not scoop.

CAGEY ANIMALS

Birds are not free from cages when out of cages. Like people, they create their own cells with rigid behavior. Devotion to a piece of ground—though it's been bull-dozed free of trees since the bird was last there—can make the cardinal prey to the screech owl.

WANT ADS

BLADE WANT AD rates are six cents per word for first insertion, four cents per word for each insertion thereafter. Minimum rate is 50 cents on cash orders, \$1 on account.

Farm Signup Slow For '70

The signup under the 1970 farm programs is underway and will extend thru March 20. To say that the signup has been slow is an exaggeration according to Prentice Mills of ASCS. There has actually been practically none going on.

The signup period is almost half over and less than 10 per cent of the farms in Parmer County are signed up in any of the programs, Mills says. This

means that there is going to be a "mad-rush" to the ASCS office sometime between now and March 20. That is, unless most farms stay out of the program. Farm operators should remember this, Mills pointed out: There is no automatic participation. A producer must sign up during the signup period to be eligible for program benefits.

Castor Beans on diverted acres expanded. Eight non-surplus crops may be planted on diverted acres. These are castor beans, guar, sesame, plantago ovata, mustard seed, crambe, sunflower, and safflower. Safflower and sunflower may be planted only on the additional diverted acres (the acreage in excess of 20 per

cent for feed grains and 30.3 per cent minimum for wheat) with a payment reduction of 100 per cent.

The other six crops may be planted on all diverted acres including the minimum required acres under the wheat and feed grain programs. The payment deduction for these crops will be 50 per cent of the additional payment rate applicable to the additional diversion. This 50 per cent payment reduction would apply where castor beans are planted on diverted acres.

Persons interested in planting one of these crops on his diverted acres is invited to discuss it with the people in the ASCS office. Farmers who are planning to participate in one or

more of the 1970 farm programs are urged to come to the ASCS office at their earliest convenience.

Mrs. Whitten President Bovina Study Club

New officers have been announced for 1970-'71 Bovina Woman's Study Club.

Mrs. Earl Whitten will be the new president when installation is held in May. She succeeds Mrs. Clarence Jones, Vice-president is Mrs. Travis

Dyer; secretary, Mrs. Earl Richards; treasurer, Mrs. Charles Corn; corresponding secretary, Mrs. Mac Glasscock; and reporter, Mrs. Lowell Booser. Officers were elected in January.

At a meeting of the organization Thursday afternoon, the women voted 100 per cent support for church attendance in Bovina on March 8.

Biographies of presidents were presented during the program. Mrs. Whitten presented the story of Thomas Jefferson in "This is Your Life." Mrs. Jack Clayton told the story of George Washington.

Hostesses for the meeting were Mrs. Charles Ross and Mrs. Jimmie Heard. The table was decorated with

silhouettes of the presidents, a log cabin and U. S. flag. Small flags were plate favors.

Refreshments of coffee, tea and dream whip cake were served.

Mrs. Ovid Lawlis, Federation counselor, reported that the district is emphasizing better food inspection and labeling of products. She also reports the General Federation Convention will be held June 7-12 in San Antonio this year. Also announced was an invitation to the club to attend an antique show in Plainville.

AMERICAN HISTORY OF SKIING

Then, in the late forties, laminated hickory began to appear. Next, the enterprising Swiss developed plastic edges. The undersurface could no longer wear out.

And in the early fifties another breakthrough. The metal ski.

Wood, that beautiful, romantic, traditional material had been relegated to a secondary role.

And then in the swinging sixties another breakthrough — one that took six years of research and experimentation. It's called the Voit Spectra CT6 and one of its principal features is a core which is filament wound with high-strength fiber glass supplied by Johns-Manville.

Unmatched for precision control, whether you schuss or snowplow, the skis are programmed to help you ski with more ease, freedom and confidence.

The Voit Spectra gives quick response to every command, making it remarkably easy to turn and hold the ice and the control of torque and the flex characteristics mean carved turns and tracking stability — without swim or chatter.

All skis are guaranteed for two years.

Now judge for yourself whether the quality of the ski is worth the difference in price.

It's been a long jump from the first skis to today's, but at least no skis were double crossed to get there.

One Injured --

5 Accidents In January

The Texas Highway Patrol investigated five accidents on rural highways in Parmer County during the month of January, according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in one person injured and an estimated property damage of \$9,670.00.

The rural traffic accident summary for the 60 counties of the Lubbock DPS Region for January, 1970 shows a total of 460 accidents resulting in 15 persons killed, 188 persons injured, and an estimated property damage of \$648,408

as compared to January, 1969 of 447 accidents resulting in 26 persons killed, 260 persons injured, and an estimated property damage of \$424,881.

The sergeant reminded all motor vehicle owners that still have their inspection stickers on the lower right-hand side of their windshields that April 15

is the deadline for having the new sticker placed on the lower left-hand side of their windshields. The sergeant also stated only about 33 per cent of the registered vehicles in the surrounding area have been inspected.

Who were the first men to ski in the United States? Well, if you don't count the Indians, who used snowshoes, they were probably a pair of miners named Hamilton Ward and James Murray from La Porte, California.

Reports have it that the winter after they struck gold in California, they were using barrel staves as skis. In fact, winters in the mid-1800s got so dreary that residents of the isolated mining camps devised races among the miners for cash rewards.

It was about then that the fabled John (Snowshoe) Thomson (rarely seen without his webbed snowshoe) got beaten in one of those races and the ski was here to stay.

Probably one very inaccurate account puts the number of skiers in the 1920s at around

4,000. Today, that total has risen to well over three million.

What were the skis like in the early 1900s? Well, in 1903, the Johnston Hardware Company of Bangor, Maine, put out America's first ski book and catalog. Its pages offered the finest skis of solid, native ash, complete with leather harness for \$2.95. The skis carried no guarantee, but the expectancy that they would provide a lifetime of sporting pleasure was implicit in the advertisements.

It's a long schuss from then to today, when skis sell for almost as much as 100 times the price old timers paid. But before we decide if it's worth the price, let's look first at what the early skis were made of.

You guessed it. Wood.

In the thirties, a steel edge was introduced, and unprotected wood bottoms were out.

'Tail-gating' Dangerous

"Tail-gating" can set off a violent chain reaction that nobody wants, reminds the Texas Safety Association.

At least one car length for each 10 miles per hour of speed is recommended and TSA says a driver will need every inch of that space to avoid trouble.

Workouts Begin --

Track Teams Count Scores Of Hopefuls

Mustang tracksters, 56 strong, reported for workouts here Thursday afternoon, Coach Gib Hough reports, but the total includes only three returning lettermen.

Hough expects to field a "fair" track team this year and says five or six boys should be running the 100-yard dash in the 10 second area within a week or two.

Girls reported for track workouts Monday. Coach Bill Nicholas is expecting about 15 girls this year.

In the junior high division, nearly all seventh and eighth grade boys are out under tutelage of Roy Donaldson, who is also heading up the elementary track program.

Returning to the varsity track squad as lettermen this year are Stuart McMeans, Kelly Jamerson and Randy Barrett.

Several track meets have already been lined up, but Hough expects to schedule some dual meets in Bovina with nearby schools as well.

Idalou meet is on the agenda for the Mustangs March 7. The Hale Center meet will probably be held on March 21 or April 4, and the district event at Kress is set for April 11. Regional qualifying is April 18, regional meet April 25 and state meet May 7.

Girls track team will enter the Panhandle meet April 4 and the Idalou meet, the date yet to be determined. Several girls have represented Bovina in the state meet the past two years.

Donaldson says the seventh and eighth grade boys will compete in Bovina in a three-way meet for Farwell, Lazbuddie and Bovina March 6. On March 21 the boys will enter the Springlake-Earth meet, and on March 26, seventh, eighth and ninth tracksters will go to Portales.

In elementary grade, sixth grade boys will meet Farwell at an undetermined date.

The annual elementary track meet for Bovina students has been set for May 1. Donaldson says the same events will be run with the addition of six-pound shot for fifth and sixth grade boys.

Last year in UIL varsity competition, McMeans was the district winner in 880-yard dash and 330 intermediate hurdles. He took third and fifth places, respectively, in regional competition. Barrett was second place winner last year in district discus event.

Girls track team sent one girl to state, Linda Riley, with one other, Barbara Griffith placing fourth in triple jump and fifth in 100 yard dash in

regional events. Several girls placed in a dozen or more district races.

School Menus

Monday: Irish stew, meat and vegetables, peanut butter, crackers, cornbread, butter, chocolate cake, milk.

Tuesday: Fried chicken, gravy, creamed potatoes, English peas, hot rolls, butter, plain jello with whipped topping, milk.

Wednesday: Sloppy Joes, cheese, cabbage and green pepper slaw, apple pie, milk.

Thursday: Lima beans, ham-hock, mixed greens, carrot sticks, cornbread, butter, fruit cup, milk.

Friday: Tuna and noodles, green beans and cheese sauce, celery sticks, hot rolls, butter, oatmeal cookies, milk.

Students

Seek 1969

Publications

Several publications, dated during 1969, are needed by students participating in University Interscholastic League literary events, states Meloney Marshall, one of the contenders.

Needed are 1969 issues of Time, Newsweek, U. S. News and World Report and Life. Miss Marshall says more information on various topics is necessary if the students are to compete effectively.

Anyone having such publications may call Miss Marshall or bring them by The Blade.

KNOW IT ALL! FISHERMEN

Did you ever notice how the fisherman who "knows it all" is usually the one with the fewest and smallest fish at the end of the day? He's also the guy who doesn't ask any questions, and probably wouldn't accept advice no matter how well-meaning it is.

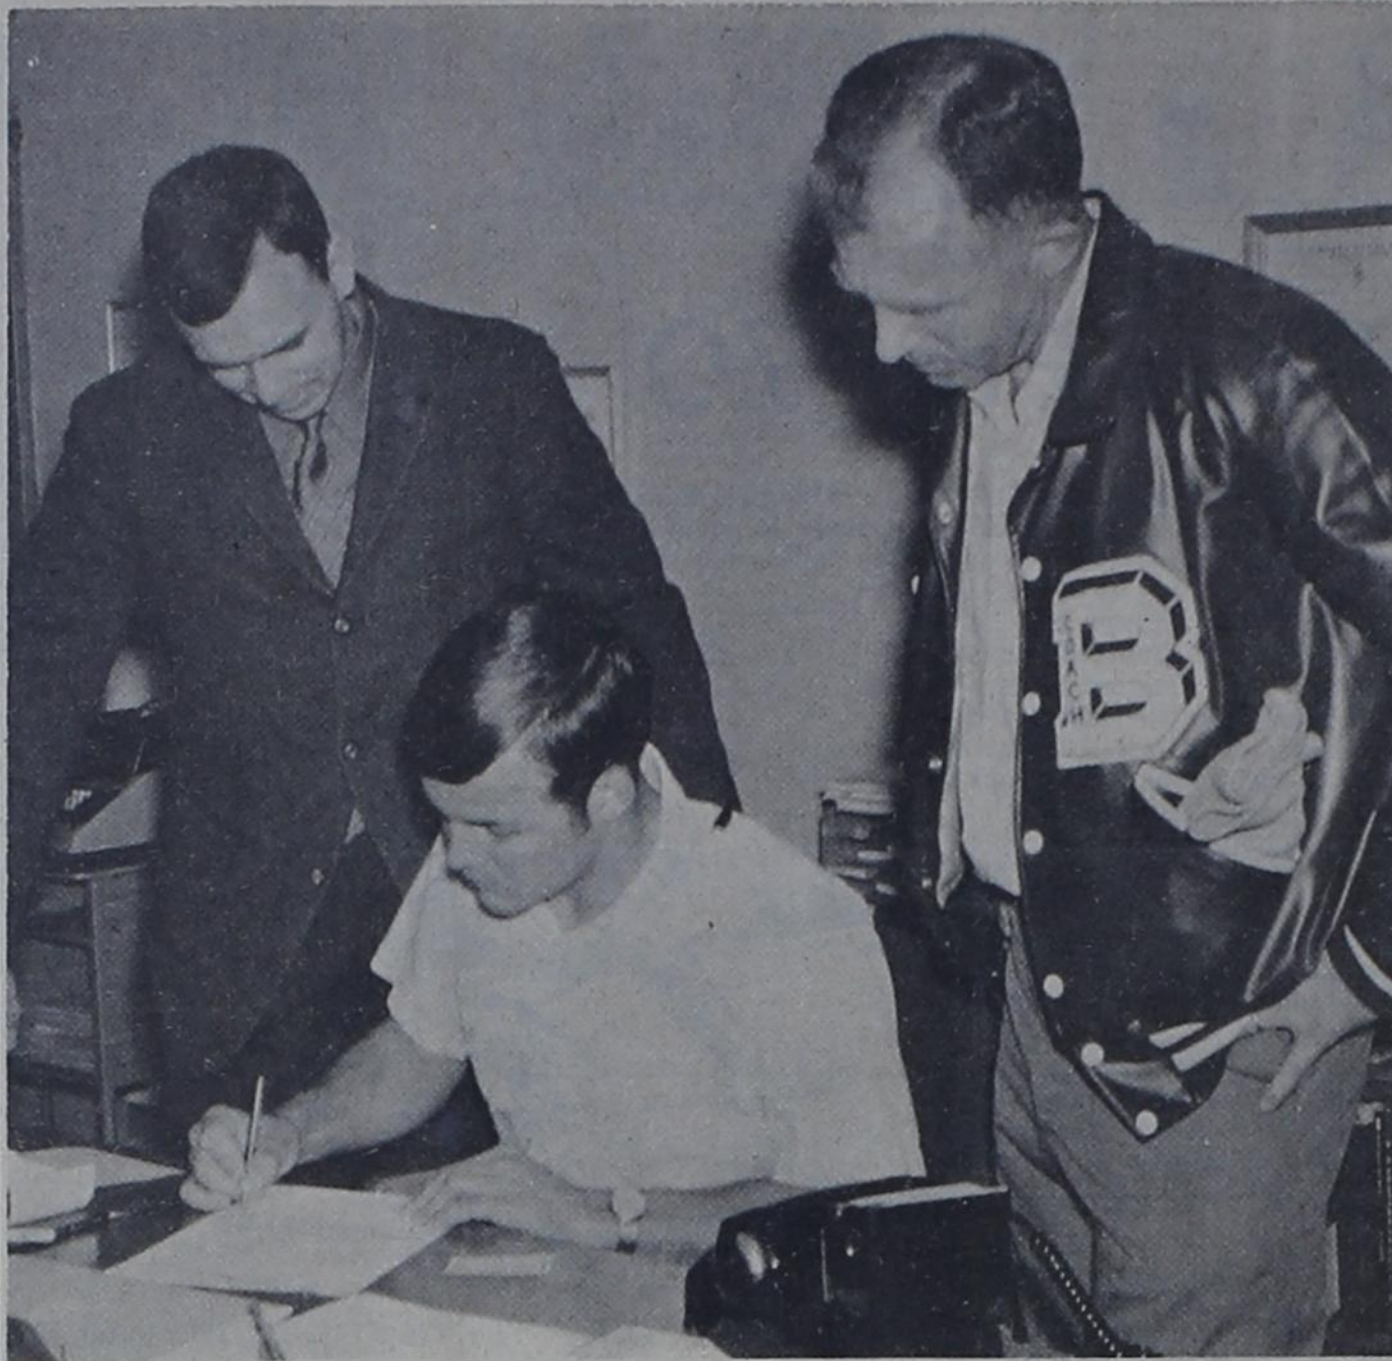

Our unfortunate angler's problem is that his knowledge gets in the way of his ability to observe and ask questions. For this is the way most successful anglers learn what's happening. They don't assume they know everything.

Fortunately, most good fishermen are eager to pass their knowledge onto others. This has special significance to anglers about to try out unfamiliar waters, say the fishing authorities at Mercury outboards. One of the best ways to find what fish are biting, and when and where to go, is to be at the dock when fishing boats return from a day on the lake.

A few minutes spent conversing with today's lucky anglers may enrich your fishing tomorrow. Not that they'll tell all their secrets, of course, but you can usually pick up enough information to make tomorrow's trip more productive.

Also, since most anglers end the day fishing with the lure that's brought them the most success, you'll gain added information by noticing what plugs are still hanging from the rods.

Bait fishermen can take advantage of docks with fish cleaning stations by inspecting the fish caught that day and seeing what they've been eating.

SIGNS WITH TEXAS TECH --- Stuart McMeans signed his pre-registration application with Texas Tech Wednesday as the Red Raider's new defensive back coach, Dale Evans, and Bovina coach, Gib Hough, looked on. Stuart will sign the official letter of intent following track season. He was one of more than 30 boys signed by Texas Tech that day, including another District 3-A'er, Terry Bridge of Springlake-Earth.

Mustang Star --

McMeans First Tech Gridder From Bovina

Stuart McMeans, Bovina senior and Mustang football star, last week signed a pre-registration application with the Texas Tech Red Raiders.

The form to which Stuart attached his signature is a fore-runner to a letter of intent and gives him eligibility to compete in UIL track events this spring.

He is the first Bovina football player to sign with a South-

west Conference team on a football scholarship.

In the mid-'50s, Darrell Read was signed with TCU on a baseball scholarship and then also played football there. Kent Glasscock was another baseball scholarship player for the Horned Frogs.

At least two others from Bovina have left their mark on Texas college campuses, Bob Kelly played for West Texas

State, signing up with the Buffaloes in 1948. He later played pro football and is currently a junior college coach in California. Roman Ramirez was signed up by North Texas State in 1966 and is currently a student there.

Dale Evans, defensive back coach for Texas Tech, said the Red Raiders were pleased to get Stuart's signature. "We were afraid he was going to the Air Force Academy," Evans stated. McMeans, son of Mr. and Mrs. Bob McMeans, had also been interested in the Colorado Springs academy, but decided to cast his lot with Tech.

Raise \$160 --

Fillies Defeat Faculty Here

Fillies defeated the faculty to the tune of 48-32 Monday night in Williford Gymnasium in a basketball game sponsored by Future Homemakers of America.

The fund-raising event net-

ted FHA chapter about \$160, including concessions, according to Mrs. Janie Potts, sponsor.

Playing for the faculty were Mrs. Potts, who took scoring honors with 15 points, Mrs. Kay Mead, eight points, Mrs. Eddie Gayle Steelman, two, and Mrs. Roy Donaldson, two. Seeing action as guards were Mmes. James Andrews, Glenden Sutherland, Gary Cox, Truck Lusk and Redge Priest.

The Fillies played without the services of Twyla Hutto, who was ill, but had no trouble defeating their teachers. Jan Gromowsky sank 20 points, Loy Christian 14, Debbie Sorley and Barbara Griffith four each, Cindy Barrett three and Lea Looney two.

Halftime entertainment was provided by senior girls.

Serving as referees were Gilbert Hough and Roy Donaldson. Fillies were coached by Bill Nicholas and the faculty by Truck Lusk.

Set March 7 --

Senior Play Cast Named

Rehearsals are in progress for the annual Senior Class play to be presented at 7:30 p.m. Saturday, March 7, in Bovina Schools auditorium.

"Butter on the Bacon" by John Henderson is a comedy in three acts selected for presentation this year.

Advance ticket sales will offer a 25 cent discount. Tickets will be sold in advance for 75 cents to those under 12 and \$1 to others. At the door tickets will be \$1 and \$1.25, according to the directors, Mr. and Mrs. Roger Ezell.

Members of the cast include Bruce Caldwell as Jerry Brennan; Phil Sorley, Oliver Brennan; Suzanne Wilson, Molly Swados; Stuart McMeans, Lt. Swados; Jan Gromowsky, Mrs. Swados; Pam Grissom, "Moose" Grobengelser; Vicki Kunselman, Yvette LaRue; Gary Slides, Horace Hawthorne; Stephen Sherrill, J. Fenelon Finque; Doris Corn, Miss Kittinger; Denise Clements, Mrs. Grobengelser; and Wilson Cox, Mr. Diogenes.

Season Closes --

Bovina Teams Lose 3 Games

Springlake-Earth varsity and "B" boys basketball boys won games there Tuesday night of last week to wind up the 1969-'70 season.

Mustangs lost to the Wolverines, 68-52. The Fillies were outscored, 82-39, and the "B" boys were edged out 47-41.

First half of the boys varsity battle saw the lead change hands several times. Wolverines led 15-12 the first quarter, but the Mustangs were ahead by two points, 28-26, at the half. Host team came to life in the third and held a 49-38 margin, going on to win 68-52.

Tony Foster sank 26 points for the Mustangs with four other players adding to the total, Mike Beauchamp with 11, Randy Barrett seven, Bobby McMeans six and Roy Ramirez four. Glasscock hit 18 for the winners.

The Fillies had little chance against the strong girls team, trailing by quarters, 17-8, 44-18, 66-28 and 82-39.

Twyla Hutto hit the basket for 19 points, Jan Gromowsky 14, Debra Kirkpatrick and Debbie Sorley three each. Vicky Gregory took honors with 30 Springlake-Earth points.

The "B" game was Bovina's in the first half as the Colts led 15-7 and 23-21 the first two periods. Springlake - Earth caught up and passed the Colts in the third to lead 31-25, maintaining their margin to win 47-41.

Ronald Steele, Kim Rundell and Benny McCain scored in double figures, 16-12 and 10, respectively, and Shannon Davis added three more. Nance led the winners with 12.

KRAUSE OFFSET DISC HARROW

Bigger Frame, Heavier, Wider, Longer for Better Stability and Penetration

***JUST A FEW OF THE MANY FEATURES**

- *Wide Spaced Wheels -- maintains depth accurately
