An old-fashioned Political Rally will be held on the McMurry Campus, Tuesday, March 28, beginning at 6:30 p.m. Place is Radford Auditorium.

John Hutchinson III, chairman of Young Democrats for Taylor County, extended an invitation to Merkel and area citizens to attend the Rally.

"We plan to have as many candidates for the upcoming May 6 Primary in attendance," he said. "And even though we are giving a special invitation to our young voters, we sincerely urge that all attend."

Mrs. Robert Leo Harris, appointed by Hutchinson to work with young voters in the Merkel area is currently in the process of contacting young people in this area.

Persons desiring to attend the Political Rally, and who need transportation may contact Mrs. Harris.

The revival services are a follow-up to the Encounter Crusade held last week in the Taylor County Coliseum, in which Merkel's First Baptist Church participated with thirty other churches.

Revival music is being led by Rev. Phil Hall, church minister of music and youth, and younger brother of the visiting evangelist.

Morning services are held at 10:30 in the Fellowship Hall, and evening services begin at 7:30.

The Hebron Baptist Church is located five and one-half miles north of Merkel on the Noodle Road and two miles west.

"For good old-fashioned revival preaching, the public is invited to hear Rev. Moore," said Parsley.

## CANDIDATES VISITING MERKEL

Bubbles are "moving around" in the political pot and the boiling point nears as we get closer to the May 6 election time.

And Merkel is not being forgotten by candidates aspiring for the citizens' vote.

In Merkel Tuesday visiting around was State Representative Tom Moore, of Waco, Senatorial candidate for 24th District in the upcoming Democratic Primary. He was guest at the Lions Club noon luncheon as was his opponent, State Representative Grant Jones several weeks ago.

Just this past week Judge Don Lane was walking the streets, handing out his cards and seeking support for his candidacy for District Judge. His opponent is an Abilene attorney, Charles Erwin.

Ken Hamill and Jack Landrum, both seeking the Taylor County Sheriff's place have been seen around the city at various times. The present Taylor County Sheriff, Ray Trammell, who was appointed to fill the unexpired term of George Maxwell, is also running for election.

And Monday evening the Taylor County Democratic Executive Committee met at the Ramada

Inn, adopted precinct convention rules and candidates, or their representatives, drew for places on the May 6 primary ballot.

Precinct convention rules adopted were "similar to those adopted recently by the state executive committee."

Representing Merkel precinct 24 was Joe Lassiter.

Larry Cunningham, county Democratic chairman, advised precinct chairmen and others attending the approximately three-hour long meeting, that the "party intended to hold the primary on a volunteer basis."

"This was our plan several weeks ago," he said, "and we still plan to carry out the volunteer program."

Candidates' places drawn on the ballot at the Monday meeting follow:

School Board absentee voting is also being conducted at City Hall, with Mrs. Clyde Bartlett, school tax assessor-collector, in charge.

Deadline for absentee voting for both elections is Tuesday, March 28.

According to Roy Kimbrell, city secretary, and Mrs. Bartlett, "there had been no absentee votes cast as of Wednesday morning for either election."

Kimbrell urged citizens who planned to be out of town during the Easter holidays to take time to vote absentee.

"Whether you know now that you are going to be in town or not on April 1, you can know that your vote will be counted by voting absentee," he said.

Presiding judge for the City Election is Mrs. Pat Cypert and presiding judge for the School Board Election is Bryan Dunagin.

### REFRIGERATOR PART OF ECO-SYSTEM

Everything in the universe is interrelated and must therefore be protected. That's the ecologist's credo. The very word "ecology" derives from the Greek "eco" meaning "house" and "logy" meaning "study of", so we can conclude that everything in the home is part of the eco-system and as such must be protected.

Take the refrigerator. It protects you by preserving the food you eat. Your responsibility in this chain of protection is keeping it clean. Ideal for this purpose is pure, natural baking soda which won't scratch the surface when used dry as a scourer, is safe around your food and rids odors.

To trap escaping food smells between cleanings, fill a peanut butter jar or plastic container with dry baking soda. Punch holes in the lid and store your odor-eater in the refrigerator. Shake up the container occasionally to expose a fresh surface of soda and renew the supply about every couple of months.

An Odor-Eater label for your youngster to color in and paste on the jar is available by writing to ODOR-EATER, % T. R. SILLS, 777 Third Avenue, New York, New York 10017.

**Frogs Legs and Fish Delicacies Soon to Be Exported by Mexico**

American gourmets will soon be enjoying frogs legs, abalone, shrimp, tuna, clams, mussels and octopus from Mexico, because the Echeverria Government is launching a vigorous campaign to increase the production and exportation of fish.

The drive is part of President Echeverria's program to improve the standard of living of all Mexicans. He believes that with careful planning, Mexico's vast natural resource in fish can be made to serve many different sectors of the Mexican economy. For example, increased exports of fish will bring needed foreign exchange to the country. An expanded fish industry will provide additional jobs. And, stepped-up fish production will improve the diet of Mexicans in rural areas where food is scarce.

In order to reach his stated goal of doubling the country's fish output in five years, the President has taken steps to increase the size and quality of the fishing fleet. Fifty new tuna boats were recently purchased which will raise the tuna catch from 10,600 tons to 75,000 tons. In addition, government shipyards are turning out 200 shrimp boats a year which will expand the

fleet of 1,404 vessels now operating in the Pacific and Gulf Coast waters.

To further stimulate the industry, the Government is offering the fishing cooperatives financial incentives which will enable them to streamline their entire production, canning and distribution operations.

However, special precautions have been taken to insure the orderly development of the industry. The Government is continually restocking the fish beds to insure a constant supply of fish.

For the American consumer, the result of all this may be to increase the variety of fish available in stores and to reduce the price thereof.

**Does your hot shower end in the middle of your hot shower?**

And, as if that isn't bad enough, you've got three kids and a very irate wife prepared to tar and feather you for using up their hot water.

Maybe it's time to move up to a larger gas water heater. Gas water heaters are easy to buy. Easy to install. And they recover hot water up to twice as fast as electric water heaters.

Make the decision. You'll stop getting into hot water with your family, and start getting into hot water with your shower.

This is the Highway Hopper. You know him, he's always changing lanes. Never looking behind him. Never using turn signals. You notice him a lot more during the

Easter season, maybe because you're more aware of rabbits then. But he's around all the time. Zig-zagging his way down the bunny trail.

**THE DAY THAT INVOLVES EVERYONE**

May 1 is Law Day USA. The first of May has been set aside by joint resolution of Congress, and Presidential proclamation as "a special day of celebration by the American people in appreciation of their liberties" and as an occasion for "rededication to the ideals of equality and justice under law."

The annual nationwide event is sponsored by the American Bar Association in cooperation with 1,000 state and local bar associations throughout the country. It is not a "lawyers' day," but rather an occasion for honoring the place of law in our lives, for learning how the law and our legal system operates, and for examining how the law can better serve our people and nation.

It is a day, too, when all the people of the United States are asked to consider their individual duties as responsible citizens. Such as: 1) The duty to be informed on issues of government and community affairs, 2) To vote in elections, 3) To respect the rights of others, and 4) To practice and teach the principles of good citizenship.

That Law Day USA occupies only a single calendar day merely is symbolic. It is an annual reminder that while the principles embodied in the observance are constant, their vitality cannot be taken for granted, but must be nurtured and sustained by every citizen every day of the year.

**Thank You...**

Mrs. Pat Dudley and the Pretenders of Merkel High School say a big "thank you" to all people who helped make our recent production of "Our Town" a success.

We are especially grateful to our Merkel Mail editor for the good and abundant publicity given to the play.

Thanks also go to the townspeople who loaned clothing and props for use in the play.

Thank you, all business houses of Merkel, for putting up our posters to advertise the play.

Thanks to everyone who came to our production.

We appreciate your continued support.

Sincerely,  
"THE PRETENDERS"

**Another Salute!**

Dear Editor,

I think that we, the people of Merkel, owe a word of praise and gratitude to Coach Ronnie Aldridge and the Badger Basketball team.

It was the hard work and determination to win that placed them winners of 7-AA Bi. District and on to Regional which was won by Merton, who are now state winners.

I have always heard "It's not who wins the game, but how they win that counts." Certainly, every game our Badgers won was in a manner that displays good sportsmanship, which is a quality we should be proud of, and I say to Coach Aldridge and the entire basketball team, congratulations.
