FOOTBALL CONTEST

New Leader Emerges; Final Week On Tap

IT WAS WITH a great deal of regret that we learned recently of Paul Fortenberry's intentions to resign his position as county judge at the end of this year.

Fortenberry is a neighbor of ours, and we have known him for a good many years. He is one of those people who takes very seriously whatever position he is given, whether it be as a church official, or elective office as was the county judge's position.

Fortenberry admits that when he was first elected to the position in 1974 that he did not know a lot about county government. But he studied, and read up on Texas law, and has done a fine job, we feel, as our county judge.

Paul has the qualities of leadership and compromise, which are vital in the role as presiding officer over the county commissioner's court. From what we have learned, he has had the respect of every member who has served on the court since he became county judge in 1975.

Not only were his abilities recognized and respected in Parmer County, either. Fortenberry has served as president of the Panhandle Association of County Judges and Commissioners. As far as we know it was the first time a Parmer County official has held the office.

We have appreciated Paul for his cooperation and help in getting news of the commissioners court's meetings for our papers.

He has always done his utmost to see that we secured the court news. This has been a big help, since it is not always practical for us to attend the meetings in person.

We're sure that whoever is appointed to fill out Paul's office will do a good job, also. We wish the commissioners well in their task of making this appointment.

ALTHOUGH MOST football fans in this area root for both the Dallas Cowboys and Houston Oilers professional teams, it was fairly obvious after the Thanksgiving Day clash of the two teams that the sentiment in the local area still lies with the Cowboys.

A lot of the Oiler fans favor Houston to win, as long as they are not playing Dallas, as it seems most of the fans felt a "letdown" following the thrilling game on Turkey Day.

Yet, we are not writing off the Cowboys from the playoffs. They are backed into a corner of sorts, this is true. But sometimes, when you corner a tiger, he comes out fighting and scratching, and this is more of less what we expect the Cowboys to do in their remaining games.

When the chips are down, Dallas teams usually do what it takes to win, or get into the playoffs. So, don't bet too much against the team's chances.

And if they win their last three games, then the Cowboys will be in the NFL playoffs, as usual, and Texas fans will again have the bonus of watching not just one but two teams in the playoffs.

ON THE SUBJECT OF FOOTBALL, we have noted that the Muleshoe Mules, who face Childress this weekend in the regional playoffs, have compiled a good defensive record.

In fact, the Friona Chieftains hold the record of having scored the most points against the Mules of any team they have played: 23. Friona got off to leads of 17-0 and 23-7 before falling, 36-23. Muleshoe fans are enjoying "Mule Mania" once again this year.

Hillbilly wife: "Our son's teacher says he ought to have an encyclopedia."

Hillbilly Father: "Let him walk to school like I did!"

With only one week remaining in the Bovina Businesses Football Contest, David George has emerged as the sole leader in the contest. George scored an 11 this week, for a grand total of 116.

In a three-way tie and only one point behind George are Mike Perez, Lynn Read and Nickie Villarreal, all at 115.

The winner of the weekly contest is A.M. Wilson. A.M. was the only contestant to score thirteen correct. He received the \$7.50 first prize. Second place went to Hattie Burnett who scored 12 right and was 26 points off on the tie-breaker. Hattie missed the Minnesota-Tampa Bay and Oakland-Denver games.

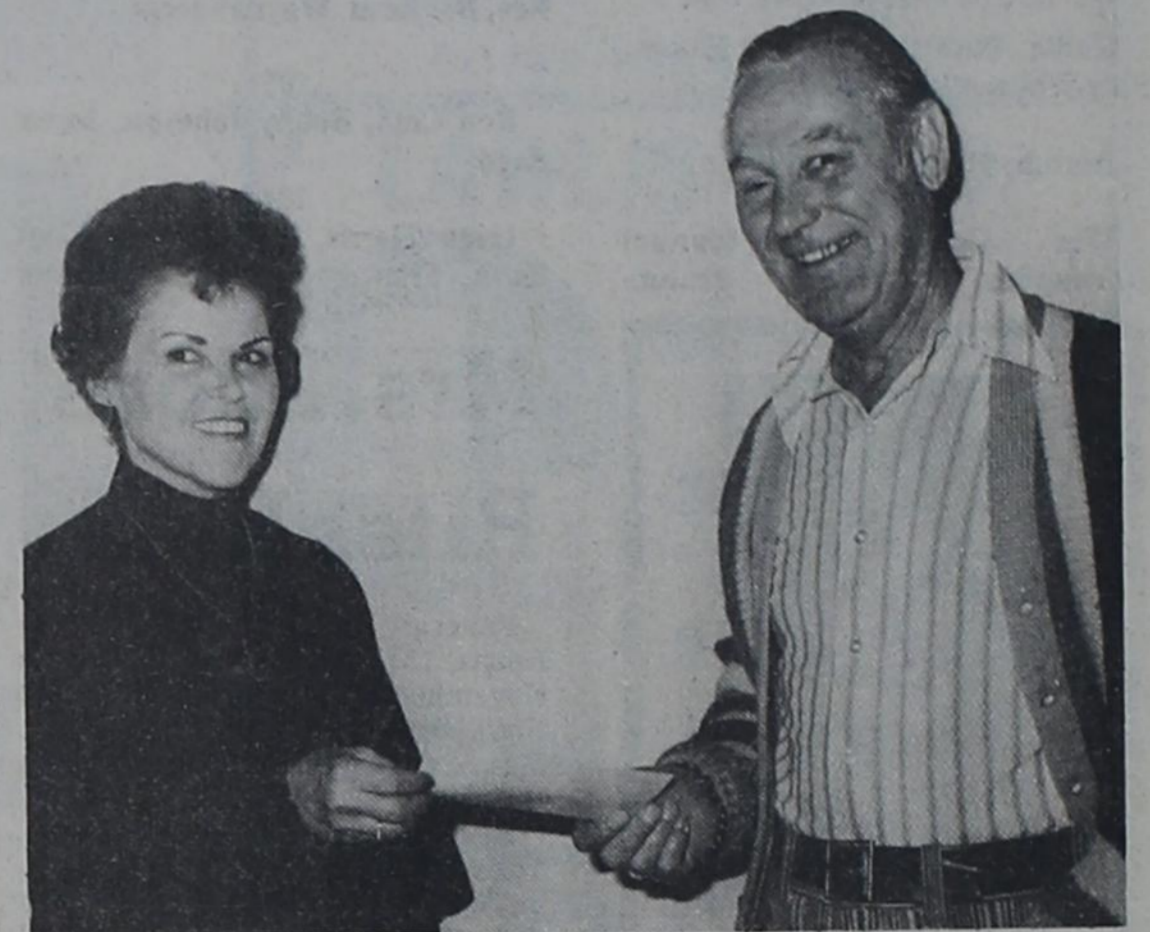

It was this time last year, almost to the day, that Wilson won the weekly contest, also with a score of thirteen. As was the case this week, A.M. was the only contestant to score a 13. This year though, Mr. Wilson was not in the hospital as he was when he won the prize in 1978.

Mike London won third place and \$3.00 with 12 right and 28 points off on the tie-breaker. Mike missed the St. Louis-Cincinnati and Minnesota-Tampa Bay games. The only other twelve scored was that of Wes Cockerham. Wes was 32 points off on the tie-breaker and he missed the Minnesota-Tampa Bay and New Orleans-Atlanta games.

These people scored eleven right: Mary Jane Wilson, Allen Cumpton, Bobby Johnson, Denise Read, Terry Schilling, Leon Schilling, David George, Steve Taylor, James Whitson, Bruce Caldwell, Lynn Read, Tom Ware, Robbie Moody, Johnny Martinez, Ellice Martinez, Nathan Moore and David Villarreal.

Only one week remains in the contest and anything could happen with the scores so tight. Good luck to all contestants and don't forget to send in your entry.

The contestant with the top score in the season standings after this week will receive a grand prize of \$100, and the title of contest champion.

13 STILL LUCKY....A.M. Wilson receives his check from Scooter Russell for \$7.50 for winning the Bovina Businesses Football Contest.

Last year about this time, Wilson won the contest with 13 right as he did this week.

GOING STRONG....Cotton harvest is well underway in Parmer County as can be seen above. According to

area gin officials, the harvest is about halfway finished with yields from average to above average.

Weather Favorable To Harvest Work

The cotton harvest received an "extension" from the weather during the past week, and has made big strides in the Bovina area.

With the open weather continuing through Tuesday of this week, the harvest was perhaps nearing the half-way point in the area, with gins in the southern portion of the county indicating that the harvest might be half through in their area.

There have been some reports of the cotton weighing lighter than was expected, but numerous other reports of better than a bale to the acre cotton, considered very good for the 1979 growing season, which provided a number of pitfalls.

As of the Blade's deadline Tuesday afternoon, there had been a

total of 13,239 bales of cotton ginned in the county, an increase of 8,174 from the same time a week earlier. This shows the intensity of the harvest, aided by the dry weather.

Harvest of the area's maize crop also has made big strides in the dryland area during the past two weeks. If the weather continues favorable, virtually all farm crops may be harvested by the early part of December.

However, on a regular basis the area has been threatened with a snowstorm, so the harvest is likely to be interrupted before it is finished.

Deer Goes To Charity

Mr. and Mrs. J.T. Jones returned home Thursday from Barksdale, Texas where they had been deer hunting on the Circle B Ranch.

Mr. and Mrs. Scott Collins, owners of the Circle B Ranch, donated two deer killed by Mrs. J.T. Jones, to the Ballanger Trainable School in Lubbock. The deer will be made into hot tamales, which the school will sell. Proceeds from the tamales will go toward financing the students' trip to the Special Olympics.

Seniors To Host Dinner And Drama

The Bovina senior class will host a dinner theater on Friday, November 30. The class will present three one-act plays. They are: "Plaza Suite," "Great Western Melodrama," and "Bean's Private Eye."

A menu of ham, hot rolls, salads, and chocolate cake will be served. Serving time for the dinner will be 6 p.m. and the three one-act plays will begin at 7:30 p.m. Price per plate will be \$5 for adults and \$3 for children 12 and under.

Xmas Card Project Benefits Ambulance

Bovina Women's Study Club announced this year that the proceeds from Project Christmas Card will be used to purchase equipment for Bovina's new ambulance.

Blade In Plea For Letters

Hey, kids, it's Santa Claus letter-writing time!

Work is underway on The Blade's Annual Christmas edition and "Letters to Santa" from children in the area will be published in that edition.

The letters should contain your wishes for Christmas gifts, plus an explanation of how you have behaved during the past several months, if you think that might help.

If letters are addressed to Santa Claus, in care of The Bovina Blade, a copy will be forwarded to the North Pole and will also appear in the Blade's Christmas issue.

Due to the deadline for the Christmas edition, please be sure to get your letters in to us by December 14. They will appear in The Blade on Tuesday, December 25.

Residents of the area are asked to donate the amount of money they would ordinarily spend on Christmas cards and postage mailing to local friends and neighbors, and contribute this amount to the project.

Donations may be made at First State Bank. When making donations, please indicate how you wish your name to be signed.

Names of all those contributing will be included in a community greeting, to be published in the Christmas edition of the Bovina Blade.

"Let's make this the best year ever for Project Christmas Card, and help equip our ambulance," said a spokesman for the Bovina Women's Club.

Seniors Set Trap Shoot

The Senior class will sponsor a trap shoot on Sunday, December 2 at the trap range at Larry Scott's farm. The shoot will start at 1 p.m. and everyone is urged to attend. It will be a good time to sharpen up your skills before pheasant season.

Proceeds will go to the Senior class and their Senior Trip fund. The range is located about three miles east of Bovina on Highway 60, just across the railroad tracks.

SBA Sets Area Sites

The Small Business Administration Disaster Office has announced personnel assignments for satellite offices to be established on a weekly basis in designated communities beginning the week of November 26, 1979.

The offices will serve farmers, ranchers and people involved in other businesses that are farm-related.

Steve Patterson will be at Friona State Bank in Friona on Thursdays until further notice, between the hours of 10:30 a.m. and 12:30 p.m. He will be at the Deaf Smith ASCS office in Hereford on Thursdays from 2-4:30 p.m.

On Fridays, Denton Hudgeons will be at the County Courthouse in Muleshoe from 3-4 p.m.

People who have sustained economic losses from natural weather disasters are invited to contact the SBA representatives when they are in their area.

**Cotton Count:
13,239**

bales of cotton had been ginned in Parmer County as of Tuesday, November 27.

DONATION.....In the above picture Mrs. J.T. Jones and granddaughter, Joni Rogers of Lubbock, shows the

head of one of the deer donated to Ballenger School of Lubbock by the Circle B Ranch of Barksdale, Texas.

SMILE:

A New Yorker, who was a real musician, was a guest at a dinner where chamber music was being played. The hostess then went over to the piano and played several numbers.

A young lady turned to the stranger, who appeared to be a music critic, and said, "What do you think of her execution?" In a very soft tone, he said, "I'm in favor of it!"

The Root And Fruit Of Faith

Read Acts 16:25-34

When he [the keeper of the prison] had brought them [Paul and Silas] into his house, he set meat before them, and rejoiced, believing in God with all his house. —Acts 16:34

THREE people were climbing a mountain. Ahead was the leader. The second, a young man, was told to look always to the leader. The last man following was the father of the young man. They were all happy as they climbed.

Suddenly, when the young man looked back to see if his father was following, he lost his balance, rolled down, and caused his father to fall, too.

This is the trouble with many of us Christians. We believe Christ, but we want to "look back" in our own experiences. Consequently we are in trouble: faith fades because we do not keep it renewed, and we lose our interest in Christian living because it no longer seems vital.

Christ is the fact of our salvation. By active faith in Him we look forward and experience love, joy, and peace in our hearts.

We must never base our faith totally on our feelings, but on Christ, who is the unmovable rock of all ages.

PRAYER: Lord, we thank Thee for our Lord and Savior Jesus Christ. Help us to fix our eyes upon Him. In His name we pray. Amen.

IF YOU ASK ME, I THINK THEIR CIVILIZATION IS PRETTY WELL DEVELOPED!

Understanding Your Child

If you're like most parents, you may be glad to know that there are some things you can do to help your youngster do better in school.
 For one thing, the experts at the National Educational Association suggest, be sure he or she is up to par physically. Learning demands the best that's in him of effort, concentration, clear thinking. Have him examined regularly, and be sure his hearing and vision are perfect--or corrected.
 For another, keep him in school regularly. Every absence can affect learning, particularly in the early grades.
 Refrain from comparing him unfavorably with some other child. Children learn at different rates.
 Make your home a haven of thought, books, ideas. Some parents have found that their children benefit from microcomputers like those that help make learning fun in increasing numbers of classrooms. The TRS-80 from Radio Shack, for instance, is relatively inexpensive and small enough to fit on a desk top. It can help expand your child's learning skills and

Are you giving your child the things he needs to do well in school?

Another aid could be the child's own dictionary. Let him or her look up unfamiliar words. A typewriter can help, too, even for the fairly young. Authorities have found that children do more and better creative writing when using typewriters.
 Encourage him to be a collector: of rocks, leaves, shells. Provide a place for his collection, even if it's just a drawer.
 Take him to visit historical sites: zoos, museums and the like. Go exploring in the community: visit the firehouse, courthouse, other places of interest.
 See that your child has a quiet corner for doing homework. Be sure it's well lit and ventilated.

Lionel Lane reports
Parmer Co. Results

Again this year Pioneer® brand seeds are delivering outstanding yields in field after field. But we know it takes more than one year's performance to tell the whole story. Look at these results, then ask your Pioneer dealer to show you records from several years. You'll see for yourself why Pioneer brand seeds have become famous for their consistency.

Parmer County farmers reported excellent performance and top yields from this hybrid again in '79. Bob Dollar at Farwell harvested 12,927 lbs./A. with 3360. Kim Rundell of Bovina reported a yield of 12,538 lbs./A. and Roy Donaldson of Farwell reported an outstanding yield of 11,342 lbs./A. 3360 has been a consistent performer throughout this area for several years and this year it showed a yield advantage again, averaging 10,690 lbs./A. in 35 hybrid comparisons in this area. A tall, semi-upright leaved hybrid, 3360 has outstanding head smut tolerance, excellent MDMV tolerance and better standability than most upright leaved hybrids.

In 37 tests in this area, 3311 averaged 611 lbs./A. more yield than competitive hybrids. Among farmers reporting outstanding yields for 3311 were Clyde Woodard who reported that 3311 topped his test; Bob Dollar of Farwell with 12,754 lbs./A., and Roy Kuper of Bovina with 10,621 lbs./A. 3311 has shown excellent drought tolerance and it will adjust kernel depth to match growing conditions. Outstanding head smut tolerance plus excellent MDMV tolerance helped make this hybrid a top performer for Parmer County farmers who grew it.
