Area women's club convention goes well here, draws 90 delegates

A weekend meeting of the Mesquite District of Texas Federated Women's Clubs held here this weekend drew about 90 registered guests.

According to Mrs. Andy Shouse, president of Merkel's Fortnightly Study Club, the women came from Albany, Anson, Clyde, Colorado City, Stamford, Sweetwater, Knox City, Merkel, Hamlin, Baird, and Snyder.

The women attending were treated to a velcoming speech by Farmers and Merchants Bank president Don Hensley and also heard from Herman Propst, who is chairman of the National

Cotton Council. Propst spoke on cotton's market future as well as increased export marketing of cotton.

Following Propst's speech, the delegates attended a salad luncheon and heard a duet performed by Candy Martin and Mrs. Andy Shouse, accompanied by Mrs. Comer Haynes.

A presidents report was given at the luncheon and displays of club projects was displayed Board raises pay, rehires teachers

Fred Starbuck, former Merkel mayor and business man, called the other day to set the historical record straight.

It seems the committee in charge of planning Merkel's Diamond Jubilee Celebration in 1956 has not been given proper credit.

That was true. What we did not know was that professional company was soon fired and local citizens handled the responsibility of planning and implementing the celebration of Merkel's 75th anniversary of it's founding.

The former mayor also let us in on another side light.

The celebration was held at the same time the final stages of the water line from Abilene to here was being completed. The crew in charge of construction worked overtime, night and day, to get the line completed.

It was and the line's completion was announced at one of the night time observances at the football field. Starbuck recalled when the completion announcement was made, a huge cheer went up from the spectators.

Well, what do you know. The wind finally died down to less than 25' miles per hour.

I don't know the last time I saw J.A. Sadler in such a good mood. I am not saying our city manager is not usually in a good mood, but Monday, he was like a kid in a candy store.

He had just received word from the folks at Housing and Urban Development that Merkel had been funded for \$1.2 million in Community Development funding.

And they say Christmas only comes in December.

The \$1.2 million will go a long way in paving city streets, something everyone wants done but no one wants to pay for, in repairing the water tower (a \$50,000 project) in housing rehabilitation grants of \$250,000 are coming, we did not say bans, we said grants based on economic needs.

An old joke running around here may not be true much longer, If I had a nickle for every time I have heard "A tornado could come through here and do \$200,000 worth of improvements" I could spend the rest of my life at Pinehurst Country Club chasing that little white ball.

When the city has a legal, enforceable standard code for commercial and residential structures. you won't be seeing as many eyesores here as you do now. They even have money built in for demolition.

The grant is the first step in a two year program to rehabilitate this area and is long overdue.

Cub Scouts is the first division of Boy Scouts of America. Cub Scout programs are designed for fun and physical activity. For more information call Richard Hernandez at 928-4883.

Parents are strongly encouraged to attend.

Top news & events of 1954-53

by Cloy A. Richards

This week's look back in time includes the top news and events of 1954-53. We seem to have started a little controversy with some local history buffs over the existence of Merkel.

The Texas and Pacific Railroad, the line that put this part of the country on the map, built retaining dams for lakes about every 20 miles along their line to provide water for train engines and for the rail passengers. The lake was located in a flood plain about three miles West of Merkel and a large rain in 1883 broke the dam and was never rebuilt.

We have also had a couple of phone calls about the Merkel Evening Telegram. The Telegram was started in 1910 and C.C. Campbell was Editor and Publisher. We mistated the date of the paper's existence in last week's paper and maybe the new intermation will jog some memories. We only know of one copy that still exists, and it belongs to Mrs. H.C. Reid of Merkel.

January-1954

The F&M Bank here reported deposits of \$3.4 million. The U.S. Conservation Service became active under a reorganization that made the service more able to serve the farmers. Two Trent residents were killed in an auto crash in Brownwood. George Price and Cullen Price were buried in Trent.

Deverel Melton, a Merkel resident, was reported dead in a Korean Prison Camp. Howard Reddin and Ray Wilson were re-elected to MISD trustee posts as only 25 voters cast ballots. In Trent, Wray William was elected mayor, and Carl Edwards and H.H. McLeod were elected cauncilmen. Elected to the Merkel Council were Fred Starbuck, Grif Bennett and Norman Hodge. April

An area pioneer, James Henry Campbell, died at the age of 99. He settled here in 1880, one year before the T and P built their rail line. PUBLIC NOTICE OF TAX EXEMPTIONS **AVAILABLE TO HOMEOWNERS**

Merkel Independent School District tax office The ____ is currently accepting applications for residence homestead exemptions. The deadline for filing is April _1., 1981. Applications should be filed as early as possible to avoid inconvenience to the homeowner.

Two types of homestead exemptions from school taxes are available to taxpayers who owned their residence homesteads in this school district on January 1 of this year. First, the general homestead exemption is available to all homeowners and exempts \$5,000 from the market value of the homestead.

Second, any person who is 65 years of age or older or who is disabled can be exempted an additional \$10,000 from the market value of the homestead. Proof of age or disability may be necessary.

"Disabled," in this case, refers to the definition found in the Federal Old-Age, Survivors, and Disability Insurance Act under the Social Security Administration. Disability is defined as inability to engage in any substantial gainful employment which exists in the national economy, or, in the case of someone who is 55 and blind, inability by reason of such blindness to engage in the employment in which he was previously engaged. The person claiming disability does not necessarily have to be drawing benefits from Social Security.

Homeowners age 65 or older who apply for their exemption will be granted a tax freeze. If application is not made, the tax freeze will be lost for this year.

Application forms were mailed earlier to all homeowners who qualified for a homestead exemption in 1980. If you did not receive an application, or if you have questions about qualifying for exemptions or filing application forms, contact the (Phone Number). school tax office at _ 928-4760

Application forms may also be picked up at the tax office at 3rd & Ash Street, Merkel

PUBLIC NOTICE OF TAX EXEMPTIONS **AVAILABLE TO HOMEOWNERS**

Trent Independent School District tax office The is currently accepting applications for residence homestead exemptions. The deadline for filing is April . 1981. Applications should be filed as early as possible to avoid inconvenience to the homeowner.

Two types of homestead exemptions from school taxes are available to taxpayers who owned their residence homesteads in this school district on January 1 of this year. First, the general homestead exemption is available to all homeowners and exempts \$5,000 from the market value of the homestead.

Second, any person who is 65 years of age or older or who is disabled can be exempted an additional \$10,000 from the market value of the homestead. Proof of age or disability may be necessary.

"Disabled," in this case, refers to the definition found in the Federal Old-Age, Survivors, and Disability Insurance Act under the Social Security Administration. Disability is defined as inability to engage in any substantial gainful employment which exists in the national economy, or, in the case of someone who is 55 and blind, inability by reason of such blindness to engage in the employment in which he was previously engaged. The person claiming disability does not necessarily have to be drawing benefits from Social Security.

Homeowners age 65 or older who apply for their exemption will be granted a tax freeze. If application is not made, the tax freeze will be lost for this year.

Application forms were mailed earlier to all homeowners who qualified for a homestead exemption in 1980. If you did not receive an application, or if you have questions about qualifying for exemptions or filing application forms, contact the school tax office at _862-6221 - (Phone Number).

Application forms may also be picked up at the tax office at _____ P.O. Box 105 Trent Tx 79561
