Dispatch Photo by John Cordson

SCHOOL CHILDREN load in the relative safety of the school parking lot for their ride home. Many do not have the same level of safety when they unload at their homes. Careless motorists have been reported passing stopped busses as the children get off.

Motorists need reminder in bus safety

According to Post ISD Superintendent Dr. Bobby Bain, a number of the district's school bus drivers are reporting a high occurrence of motorists passing the busses as students are getting off. The motorists are passing the busses even though the busses red lights are flashing. This is not only a bad idea, it is also illegal. The Garza County Sheriff's office is aware of the situation and is taking measures to catch the offenders. According to sheriff's officer J.W. Jolly, bus drivers can also report drivers who pass a stopped bus. Penalties include high fines.

Sanitation rates increased under new city budget plan

by John Cordson

Increased costs associated with the new landfill will result in higher sanitation rates for Post residents. The Post City Council approved a two dollar a month hike in residential trash fees at the new council's first regular meeting held Tuesday, September 7. The fee increase is from \$9 to \$11 for residential customers.

Also increased were the water rates charged to city customers. The minimum charge for the first 3,000 gallons remained the same with the increase being tacked onto the water used over the minimum. They were increased by 25 cents for each extra thousand gallons of water from \$1.25 to \$1.50.

"That's the only raising that's been done in the budget," said Post Mayor Jim Jackson.

Jackson was referring to the property tax rate that was left untouched from last year's level.

With the increases and funding requests slashed, the council approved a budget for the 1993-94 fiscal year calling for \$1,133,295 in general fund expenditures. General fund revenues total \$1,082,345. The red ink is erased by a surplus of almost \$70,000 in the water and sewer fund.

"When it is all said and done we come out \$18,861 in the black which will be put into an equipment reserve fund," said interim city manager Delbert Rudd.

The water and sewer fund calls for \$309,337 in spending while revenues are expected to generate \$379,148 for the city coffers.

The 1993-94 city budget work approved by the council was actually the work of the former council. The timing of the special election in August coupled with the need to have a new budget prepared and adopted for the new fiscal year which begins October 1 necessitated the former doing the prep work on the budget.

Councilman Dr. Larry Mills, (whose position on the council was unresolved until the special runoff election held September 11. He subsequently lost his seat to challenger John Butterfield), apologized to the council for having to make a decision on a budget prepared by another council.

• The budget leaves the tax rate at the 1992-93 level of .342320 per \$100 valuation.

• It increases the water and sanitation rates for all users and leaves the sewer rates the same

• The budget includes a cut of \$83,000 in capital improvement requests and up to 10 percent cuts for some other specific items in all departments. This was a \$156,050 cut from the original proposed budget.

• The proposed budget is a decrease of \$12,372 from the 1992-93 budget even with a 34 percent increase in sanitation expenses over last year's spending.

• The budget does not provide for an annual pay increase for city employees.

Butterfield wins council election

Challenger John Butterfield unseated the lone remaining incumbent Post City Councilman in a runoff election held Saturday, Sept. 11. Butterfield defeated Dr. Larry Mills 115 to 80 in the election for the Ward 5 seat.

"I know it is a little unfair for us to ask you to sit here and vote on something you haven't seen before," said Dr. Mills. "We felt like it was more fair to do it this way than to have you start from scratch."

The preparation of the budget fell to the old council because of the delay in the election from May 1 until August 14 because of the newly implemented district voting system.

The budget the new council received from the old council included deep cuts in proposed capital improvement spending. Among the improvements left out of the budget is additional repairs to the curbs and sidewalks in downtown Post.

Prior to the council's regular meeting a public budget hearing was held in council chambers.

On a four to one vote, the council approved a resolution calling for the council to apply for a \$250,000 public housing grant that would be used to upgrade homes belonging to low or moderate income homeowners. District 4 councilman Bill Pool cast the lone dissenting vote.

"This is not a proper expenditure of public money," said Pool. "That's the reason I'm not going to support it."

Pool added that the government was confiscating tax money from one

segment of the population and giving it to another where it is used for private property.

"It's not morally right," said Pool. "We're approaching a four trillion dollar national debt and this will add to it."

The council also heard from local attorney Rafe Foreman who is representing Angel Hammond. According to Foreman, Hammond struck a city owned trash dumpster on December 7, 1992 while she was attempting to park. Foreman contended that the dumpster stuck out into the right of way of the road. He was asking the city to pay for its responsibility in repairing Hammond's car. Damage was listed at \$1,500.

Foreman had earlier brought the matter to the attention of city officials only to have the claim denied on the advice of city attorney Harvey Morton.

The council agreed to take the matter under consideration and scheduled an executive session for the October council meeting.

County commissioners to ask for tax increase to help fund 1993-94 budget

by John Cordson

A large decrease in the overall county valuation will hit Garza County landowners right in the pocket book when the county commissioners vote on a final budget during a special meeting scheduled for Friday, September 17 at 9 a.m. in the commissioners meeting room in the courthouse. The drop in valuation from almost \$430 million to \$395 million forced the commissioners to call for a tax increase to meet a down-sized budget for the coming year.

The commissioners will be voting on a budget that calls for a property tax increase of .075 from the current rate of .21 for each \$100 of valuation to .285 for the same valuation.

"Budget time is never a good time," said Garza County Judge Giles Dalby.

Despite the hefty increase in the tax rate, the new budget will be nearly \$260,000 less than last year's spending bill approved by the court.

According to county treasurer Ruth Ann Young, the new budget general fund calls for spending of \$1,197,558.

"The budget is pretty much laid to rest as we have worked it out over the last six weeks."

Judge Giles Dalby

This compares to a budget of \$1,458,238 last year. Revenues are estimated to be \$1,199,069.

Judge Dalby has commented on a number of times as this year's budget went through the development process

that it was one of the most difficult he has been associated with.

"We were able to give us approximately a \$40,000 cushion in the budget to cover things that come up during the year that you just can't plan for and you have to have the resources available to meet the needs," said Judge Dalby.

Judge Dalby said he expects the budget to pass on Friday. "The budget is pretty much laid to rest as we have worked it out over the last six weeks."

Dr. Kathy Volanty from the Extension Service introduced the council to Deanna Lee, the Extension's candidate for Home Economist. The county has been without a Home Economist since former agent Ann Noble transferred last February.

The court scheduled an executive session at its special meeting this Friday to discuss the matter. The commissioners have been considering the idea of not hiring a Home Economist in a money saving move.

C.W. Post's vision of community reaches many

by Laura Puma

A life size bronze statue sits right in front of the Garza County courthouse with a seated figure of the man who created the beginning of the Post you see today. Can you imagine the pride that would fill his heart, if C.W. Post could actually be here and sit in that chair? He would look up Main Street and realize that his dream had truly become reality.

His brick factory indeed did its job, as the streets, homes and buildings of downtown Post were created by the

hands of the people that his dream and futuristic marketing brought to Post. He would see the many stores and businesses, churches, community center, city hall; much preservation and restoration that has taken place and continues. His love for trees and grass reflected in the beauty of the Main Street median would generate a little smile and warmth in his heart. Yes, there is much to cherish and be thankful for here.

Perhaps you are a descendant of some of the original brave pioneers who weathered the dust and rough terrain with small children in covered wagons to reach this special place called Post City to begin a new life. Maybe you are a neighboring rancher's offspring who participated in the historic formation of Garza County. Then again perhaps you are a present day settler who also followed your dream and believe that this unique town is just where it may mature and become your reality.

Much history has been generated by the dynamic founder of Post and many capable talented historians have written extremely detailed and accurate books and articles to preserve this great legacy which can be found in the library right here on Main Street. This uninterrupted story goes on as we explore his continued contributions through his descendants and their influence that is present today.

A man with a dream - a vision, transformed many dreams into realities in his lifetime. "Part of the C.W. Post dream was to settle this country with people," explained Carroll Bowen, the very capable General Manager of the Post-Montgomery Co-Tenancy since 1980. Being an employee with this organization since 1954, Carroll is quite fluent on the subject of C.W. Post and his descendants. Bowen expresses warmly, "The heirs are interested in the community. They believe in the people of Post."

What is the Post-Montgomery Co-Tenancy anyway? It is the technical name for the estate, if you will; the

heirs and continuation of the dream left by Mr. Post. It exists today, and is a part of the city of Post under the name of The Double U Ranch. The home of the annual registered Hereford bull sale that kicks off Founders Day each year. Bowen explained, "The bull sale is a money maker for the ranch. We sell 50 bulls and 200 commercial bred heifers, all Herefords." The Double U Ranch advertises to bring potential buyers, and the Founders Day participants also come out for the Bull Sale. A very festive event held under a huge colorful tent at the far west end of 13th street. The sale starts at 12:30 p.m. the second Wednesday of October every year.

Double U Ranch was the original name given to the vast 225,000 acres purchased by the founder in and around Garza County. The Post-Montgomery management group oversees and manages the remaining 55,000 acres ranch in and around Post. Locally maintained by a seven man group of educated, professional cowboys and headed by ranch foreman, Kenneth Marts.

Post also purchased an additional 200,000 acres in and around present day Levelland. The Double U Ranch was continually operated from the early headquarters in Post, with additional management in Levelland while that acreage was plotted and lots sold by the Post heirs to form the town of Levelland. In 1958, Levelland College was also built on Post-Montgomery land. An additional 12,000 acres of farmland is rented to tenant farmers in operation today. The Farm and Ranch manager is the capable Tom Copeland who lives in Levelland and is down on the Double U Ranch two to three days a week.

"We just have a job to do and we do it the best we can," says Bowen who obviously enjoys his job, family and life which began here in Post. You see, his parents were some of the folks who came out to get some of that Post land.

McKay makes transition from water girl to trainer

by Labeth Jones

For Stephanie McKay, the progression from "water girl" at her high school to athletic trainer for the Post Bold Gold Antelopes was a natural consequence born from her love of sports.

McKay's interest in sports, particularly sports medicine, developed on the football field while she was in high school. It was there as "water girl" she helped out with the football team when ever and where ever possible.

It is obvious that she loves what she is doing as witnessed by her compassion for her job and the athletes she works with.

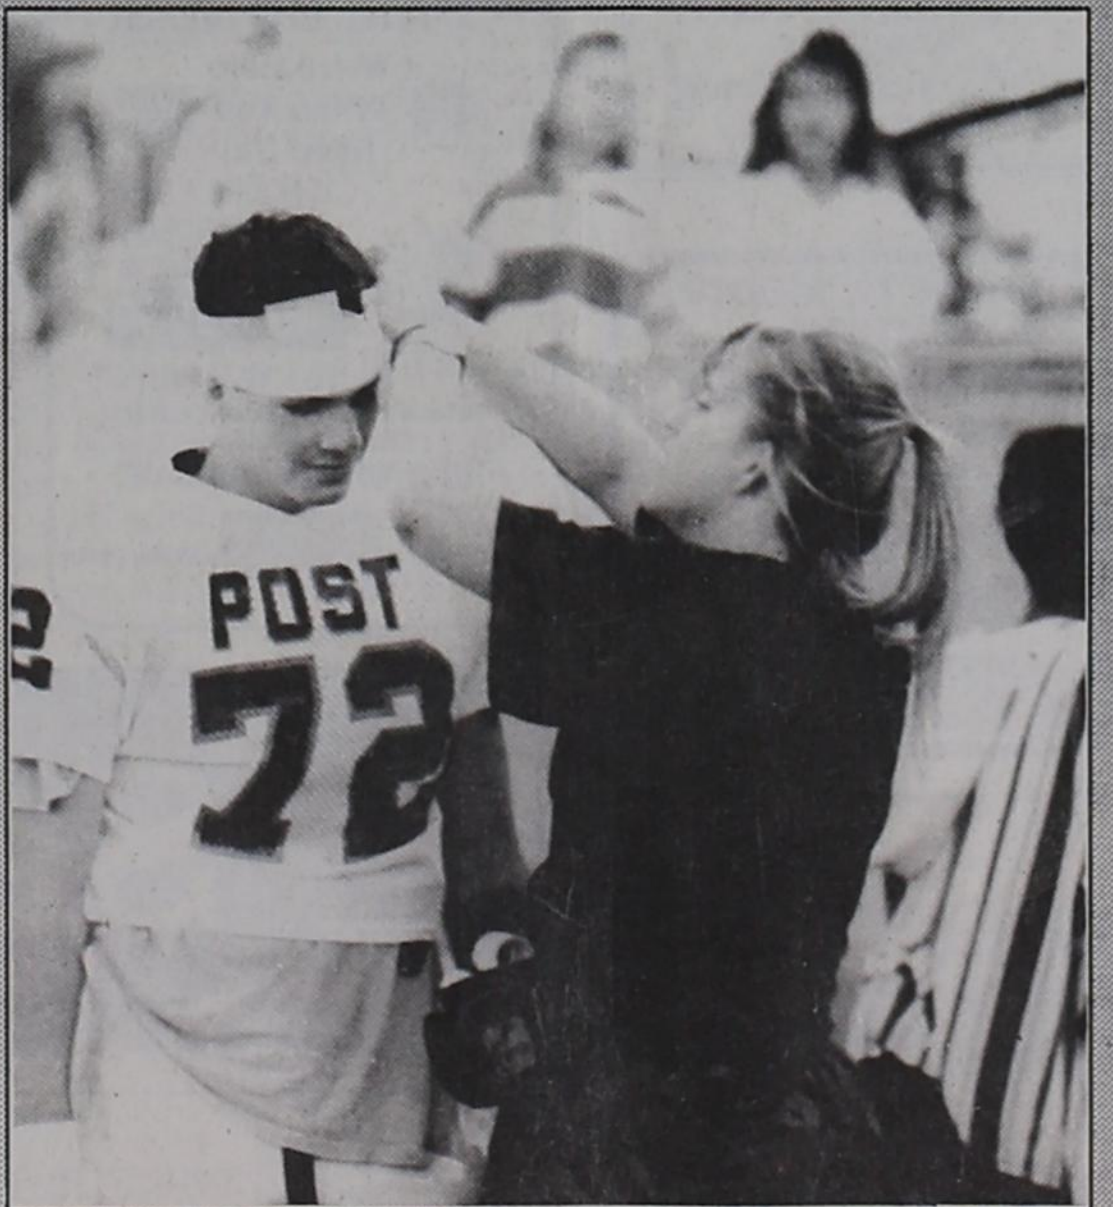

"The most rewarding parts are the Friday nights and making sure no one is hurt," said McKay.

As athletic trainer at Post High School for the past two years, McKay not only treats injuries if they occur, she works hard at making sure the athletes are healthy and sound before competing which reduces the chances of an injury on the playing field. McKay takes the preventative approach in preparing the athletes for competition. She focuses on the physical well-being of the team and how to better prepare them for their next game.

McKay says she doesn't view her work with the Post athletes and coaches as a "job" unless it is after a game and she is "washing out the water bottles."

A graduate of Lubbock Christian University, McKay is currently working on her master's Sports Health at Texas Tech University. During the past two years she has headed up the University of Medical Sports program. This position has also brought with it the honor of being named the employee of the month for the month of September and in June she was selected to be on the all-star team. This honor is only bestowed on individuals who have gone above and beyond the call of duty.

As a woman working in what has traditionally been considered a man's world (the football field), McKay says she doesn't really think about it because of the professional manner of the Bold Gold coaching staff and athletes. "Working with the Post students and coaching staff is great!" says McKay.

Dispatch Photo by John Cordsen
LADONNA CRAIG BUSCHMANN (left) accepts the educational gift from Woman's Culture Club member Maxine Earl (center). Looking on is Buschmann's mother Mrs. Neil Craig.

Woman's Culture Club presents Buschmann with educational award

LaDonna Craig Buschmann was the recent recipient of an educational gift from the Woman's Culture Club made in memory of Estelle Davis.

Davis was a longtime member of GFWC-TFWC Woman's Culture Club of Post. She served as president from 1947-49 and 1961-62.

Buschmann attended Post High School until 1984 and graduated

from Texas Tech in 1988 with a Bachelor of Arts in Advertising. She is a candidate for a Master of Arts degree in Mass Communications Research in December 1993 from Texas Tech.

Buschmann is employed by the Lubbock Avalanche-Journal. She is the daughter of Mr. and Mrs. Neil Craig of Post.

Obituaries

Carl E. Adams

Funeral services for Carl E. Adams, 75, were held Sunday, September 12, 1993 in the Post Church of Christ with Paul D. Jones, Minister, officiating.

Burial was in the Terrace Cemetery under the direction of Justice-Mason Funeral Home.

Mr. Adams died Thursday, September 9, 1993 in Lubbock's Methodist Hospital after a lengthy illness. He was born June 17, 1918 in Selma, Alabama, to J.E. and Montee (Crow) Adams, and moved to Post in 1922. He attended school in Post and graduated in 1936. After graduation he lived in Nevada, then returned to Post and worked for

Burlington Industries. He retired in 1983 from the Postex Cotton Mill Plant. He married Rose Carter December 24, 1957 in Roswell, NM. He was a member of the Church of Christ.

Survivors include his wife, Rose of Post; one son, John Ed Carter of Longmont, CO; one daughter, Dorothy Ashlock of Post; one sister, Velma Zavatsky of Denton; three grandchildren; two great grandchildren and several nieces and nephews.

Pallbearers were Walter Didway, Bill Thomas, Harold Craig, Hans Hudman, Durward Bartlett, Pete Hays and Wayne Eckols.

Adela Martinez

Graveside services for Adela Martinez, 71, were held Sunday, September 5, 1993 in Terrace Cemetery with Rev. Lawrence Hemp, pastor of the Holy Cross Catholic Church officiating.

Burial was under the direction of Justice-Mason Funeral Home.

Mrs. Martinez died Saturday, September 4, 1993 at Garza Memorial Hospital after a lengthy illness. She was born December 17, 1921 in San Antonio to Ascencion and Concepcion Garcia Sanchez. She moved with her family to Garza County at an early age to farm. She married Florencio "Flo" Martinez on March 6, 1960 in Tahoka. They had been Post residents since their marriage. She was a homemaker and a member of the Catholic

Church. She is preceded in death by her husband on December 31, 1990, a son Andrew Sanchez and her mother Concepcion Sanchez.

Survivors include six daughters, Lupe Martinez, Jane Sanchez, Mary Alice Romero, Mrs. Ted Brannon, Eva Zubia, all of Post and Cyndia Alvarez of Vernon; four brothers, Ben Sanchez, Mike Sanchez, Ascencion Sanchez, Jr. and Robert Sanchez, all of Post; four sisters, Mary De Leon, Elvira Sanchez, Dora Vargas, Rose Tadlock, all of Post; 19 grandchildren and 6 great grandchildren.

Pallbearers were Ted Brannon, Manuel Raul Zubia, Samuel Zubia, Richard Arthur Sanchez, Sr., Aucencio Alvarez, Manuel Lopez Zubia.

'Lopes strike gold against Abernathy in win

by John Cordsen

Post and Slaton put on an offensive clinic as the Antelopes and Tigers renewed their rivalry Friday night in Slaton. The two clubs registered almost 800 yards total offense and 60 points in the contest won 41-19 by the Tigers.

"I'm proud of the kids," said Bold Gold head coach Dwayne Osborne. "They fought hard throughout and they were in the game all the way."

The Bold Gold offense was in high gear for the second straight week as the 'Lopes offense registered 356 yards. This was the second game in as many tries that the Bold Gold offense eclipsed the 300 yard barrier. Last week against the Abernathy Antelopes, Post's offense dented the Abernathy defense for 335 yards.

The 'Lopes had 189 yards rushing with Bold Gold quarterback Jim Riley Simpson tacking on another 167 through the air. Simpson completed nine out of 20 attempts for one touchdown and two interceptions. Sophomore tailback Alvin Reed led the Post rushing attack with 82 yards on five carries. Senior fullback Adrian Castillo added 36 yards on five carries and another 40 through the air.

"Adrian did a great job running," said Osborne. "He got some life back into us after the half."

The Slaton offense and its big run, speedy tailback Oscar Solis, ripped the Bold Gold defense for 430 yards. Solis did the most damage with 209 yards on the ground. The Tigers ground game ran up a total of 251 yards against the Post defense. Through the air Slaton netted an additional 179 yards including three touchdown passes.

In Slaton, the 'Lopes saw a big, fast and talented 3A squad. No where was the size disparity more apparent than in the Tiger offensive line. Tackle to tackle, the Tiger starting five put more than a half a ton of beef on the line. All five starters tipped the scales at 200 pounds or more including big Cedric Thomas who weighed in at 281.

"You can't make even the slightest error because they will take advantage of you," said coach Osborne.

Against Slaton, the big play was the order of the day. The game featured nine plays that went for 20 yards or better. Slaton had the edge here with five 20 plus yard plays. Post held the honors though for the longest play of the game in Lemuel McDonald's 80 yard kickoff return in the waning moments of the second quarter.

'Lopes to host Stanton

A Stanton Buffalo team deep in backfield experience will invade Post this coming Friday as the 'Lopes host Stanton. Kickoff is scheduled for 8 p.m.

The Antelopes will try to rebound from their first loss of the season against a Stanton team that features all-state candidate running back Ricky Lucas. The 190 pound senior gained more than 1,000 yards last season for the Buffaloes.

While the backfield for the Buffaloes is deep with returning starters manning all slots, the offensive line has only one returnee from last year's 3-6 team. The 'Lopes should match up size-wise with the Buffaloes after giving up a considerable size advantage to Slaton last week.

Heading into the season, the secondary was also a question mark for Stanton with only two starters returning to the defensive backfield.

The speedy 'Lopes receiver and linebacker took the kick at his own 20, veered right and broke into the clear at the Post 35. From there it was all over but the shouting as McDonald turned on the after burners and raced untouched into the Tiger endzone. The PAT was blocked leaving the 'Lopes down 21-13.

Slaton opened the scoring with a six yard run by Solis. The Tiger drive came after the 'Lopes had fumbled on their opening drive of the game. Post received the opening kick and drove from their own 23 to the Tiger 41 before a miscue between Simpson and 'Lope tailback Tim Bell put the ball on the ground. Slaton recovered and drove 59 yards in seven plays for the score.

Prior to the fumble, Simpson connected with his fullback Castillo on a crucial third down pass play. The 15 yard pass to Castillo came two plays before the fumble.

Slaton scored the second touchdown of the game on the first play of the second quarter. Tiger quarterback Chris Hammons hooked up with wide out Roderick Farris for a 42 yard touchdown strike. The 68 yard drive took only five plays.

Post averted disaster on its next possession after the Slaton score. Punter Bodie Simpson had the snap sail over his head. The gritty sophomore held his composure as he fielded the ball near his own 10 yard line and boomed his kick clear to the Tiger 28.

The Post defense forced the first Tiger punt of the night giving the 'Lopes the ball back on their own 29. From there, the 'Lopes mounted their first scoring drive of the night. Bell moved the sticks with an 11 yard run. Jim Simpson was sacked though putting Post in a hole at the 'Lopes 25. A short run by Bell left Post with a third and 22 from the 'Lopes 28. Bell and Simpson got the 'Lopes out of trouble, teaming up for a 23 yard completion to the Tiger 49.

Simpson and end Phil Leininger almost put Post on the board on the very next play as Leininger got behind the Tiger secondary only to have the pass sail over his head.

Reed erased any damage the incompleteness may have caused when he took the hand-off from Simpson on the ensuing play, raced around right end and sped into the endzone. McDonald's PAT kick cut the Tiger lead to 14-7.

Slaton quickly countered the Post score, driving 70 yards in eight plays for another touchdown.

Hammons connected with split end Darryl Whaley on a 10 yard strike. The Tigers flooded the left corner of the endzone with four receivers to outman the 'Lopes defenders. Solis had runs of 14 and 18 yards on the drive.

McDonald countered with his 80 yard return of the Tigers kick to cut the score to 21-13.

Post let the Tigers off the hook on the very next offensive play. With only under a minute left in the half and the Tigers bottled up on their own 35, all Post needed to do was hold Slaton in check to go into the locker rooms down by eight. Instead, the 'Lopes saw the Tigers' Whaley convert a simple flair out pass into a 65 yard touchdown catch and run. The speedy Tiger receiver broke four tackles as he raced down the right sideline for the score.

Post wasn't done yet. With :49 showing on the clock, the 'Lopes made it all the way to the Tiger 34 yard line before a fumble killed the drive with :03 left.

Dispatch Photo by Jerry Taylor
FULLBACK ADRIAN CASTILLO (31) spearheaded an early second half Bold Gold drive in the 'Lopes 41-19 loss to the Slaton Tigers. Castillo finished the game with 36 yards rushing and 40 yards receiving.

Dispatch Photo by Jerry Taylor
NOT THIS TIME. Antelope linebacker Lemuel McDonald (83) drags down star Slaton tailback Oscar Solis (30) behind the line of scrimmage. Solis' running hurt the 'Lopes as the talented back rushed for 209 yards against Post. Also on the scene is Post defender Anthony Martin (88).

Dispatch Photo by Jerry Taylor
BOLD GOLD Junior Varsity running back Saul Martinez (32) drags two Slaton defenders across the goal line in the junior 'Lopes 18-8 loss to the Tigers in Post last week. Martinez also added the two point conversion for Post's only scores of the game.

Junior 'Lopes drop contest to Tigers

In what had been a defensive struggle between the Bold Gold junior varsity and their counterparts from Slaton turned downright offensive in the final seven minutes of the contest. The two teams scored three touchdowns in the final minutes of the 18-8 win by Slaton.

The prospect of a Post victory looked good when Saul Martinez carried two defenders into the left side of the endzone midway through the final period. When Martinez added the two point conversion, the Bold Gold took their first lead of the game 8 to 6.

Slaton roared back, scoring two touchdowns in the final six minutes of the game to record the 18-8 win over the host Antelopes Thursday night, September 9 in Post.

"Overall we played a good football game," said junior varsity coach Mitch Rasberry. He added that Slaton brought a quality football team to Post for the game.

Slaton took the lead with a first half touchdown pass, converting a fourth

and goal from outside the 'Lopes 10 yard line. The Slaton receiver took the ball near the right sideline and outran a pair of Post defenders to the flag for the games first score.

This foray into the endzone was the closest either team got to the other's goal line in this tight defensive struggle. Outside of the final two Slaton scoring drives, the Post defense dominated the

bigger Tigers. Post held the visiting Tigers to 189 yards total offense, including 125 yards on the ground.

The 'Lopes offensive production fell off some from their season opening win in Abernathy. The ground game was still productive, with the Post backs picking up 141 yards on 33 carries.

See "Junior" on page 4

Tigers slip past eighth grade

A late fourth quarter touchdown pass from Post Bold Gold eighth grade quarterback Sam Woods to receiver Anthony Flores helped the 'Lopes close the gap with the Slaton Tigers in the season opener for both teams at Tiger field in Slaton last Thursday. Despite the late game charge by the 'Lopes, the Tigers prevailed 20-16 in the contest as they were able to hold onto the ball for the final 90 seconds of the game played in Slaton.

The 'Lopes were held scoreless in the contest until Woods hooked up with receiver Steve Gonzales for a 20 yard touchdown pass. The touchdown strike culminated a four play, 45 yard drive. The two point conversion run by 'Lope's tailback Jamie Hernandez cut the Slaton

Continued from page 3

Trailing 27-13 as the second half began, the 'Lopes had an opportunity to possibly turn the game around. After stuffing the Tigers first offensive drive of the second half, the Bold Gold proceeded to march from the Post 45 to the Tiger five where they had a first and goal. A sack and two short runs by Bell left the 'Lopes with a fourth and goal from the five. Jim Riley Simpson's desperation pass to his brother Bodie Simpson was just off his fingertips and Slaton took over on downs.

The 'Lopes defense yielded only four yards to the Tigers setting Post up in good field position at the Tiger 33 after the Slaton punt.

It was Post's turn to be stymied as the 'Lopes did not gain a yard and turned the ball over to Slaton on downs. This time Slaton did not waste the opportunity and Solis finished off the drive with a nine yard run and a 34-13 Slaton lead.

Post made two more stabs at the Tigers. The first ended with an interception of a Jim Riley Simpson pass in the Tiger endzone that killed a 70 yard drive. The second time Simpson capped off the drive with a 17 yard completion to Bodie Simpson and the score.

Slaton scored the game's final touchdown with under a minute showing on the clock. Solis carried in from the five after a 43 yard run by Charles Thomas gave the Tigers the ball at the 'Lopes five.

"If you don't get it going against a good team, you're in trouble," said coach Osborne of the 'Lopes missed scoring chances in the second half.

• Eighth

Continued from page 3

Tigers lead to 8-14.

The host Tigers were able to add another touchdown after the 'Lopes drew their first blood to make the score 20-8 in favor of Slaton.

Post came back in the closing stages of the game to score on the Woods to Flores pass that covered 30 yards. Hernandez added the two point conversion run to close out the 'Lopes scoring in the contest.

The 'Lopes held an edge in the stats, rushing for 160 yards while the Tigers were held to 95. Woods added another

• Junior

Continued from page 3

The Antelope air attack suffered the most in the ten point loss to the Tigers. The 'Lopes were zero for 12 in the passing department for no yards.

After Martinez had given Post its first and only lead of the game, the Tiger size began telling on the 'Lopes as Slaton took the ensuing kickoff and drove downfield for the go ahead score.

When Post failed to move the ball on

its next possession, the Tigers quickly moved down and scored a third touchdown with little time on the clock. A late Post drive stalled at the Tiger 30 yard line as time expired.

Defensively we were on the field too long and they wore us down towards the end of the game," said coach Rasberry. "We are going to be a good football team, but we need to eliminate the mental mistakes and we need to get in better shape."

"We got better as the game went," said coach Radle. "We had more total yardage but the penalties hurt."

Seventh grade 'Lopes dominate

The Post Bold Gold seventh grade Antelopes dominated their counterparts from Slaton in a controlled scrimmage Thursday afternoon, September 9 in Slaton. Post scored three touchdowns and amassed 275 yards while running 30 offensive plays.

The 'Lopes scored their first touchdown of the scrimmage on a 39 yard pass play from Colt McCook to Terry Foster. Javier Ramos added the 'Lopes second score on a six yard run. Ramos' run capped a 56 yard drive. Post proved it could score from long range on its final touchdown as Adrian Marin bolted 70 yards into the endzone.

The Bold Gold defense on the other hand, dominated the Tigers, holding the team from Slaton to 0 yards in their 30 plays.

Beef Up Your Word Power

Post Elementary to celebrate Constitution Week during September 21 ceremony

Post Elementary School will celebrate the nation's 206th anniversary of signing of the U.S. Constitution during a Tuesday, September 21 ceremony that will include the presentation of a certificate of appreciation by a representative of U.S. Sen. Phil Gramm's office.

The ceremony will take place at 10:15 a.m. at the Post Elementary School. The public is invited to attend.

Jennifer Crabtree, director of Gramm's office in Lubbock, will deliver remarks regarding the significance of Constitution Week, which the nation is observing September 17-23.

"On September 17, 1787, thirty-nine delegates participating in the Constitution Convention in Philadelphia signed a document which established the American system of government and identified its powers. In so doing, our founding fathers provided a free and independent people a national framework of self-rule unparalleled in history; it was the dawning of a new era," Gramm said.

"I urge you to commemorate the Constitution's 206th anniversary and remind you that our system of government is the envy of the world," the senator added.

The structure of the Constitution has not been changed since it was first written. Amendments have been added to meet changing

Cruse honored by Girl Scouts

Pat Cruse was honored last Monday, September 6 with a party honoring her on her retirements as Service Unit Chairman of the Post Girl Scouts.

Cake and punch was served to guests which included members of the very first Girl Scout troop Cruse served as the leader. Several fellow leaders, family members, friends and the Caprock Council staff of Myra Burris, Penny Morin and Renee Parker attended the gathering.

Post Girl Scout leaders presented Cruse with a heart shaped wreath of dried flowers and a booklet in appreciation of her many years of

service to Post Girl Scouts. Family and friends also presented Cruse with a number of gifts.

Tax 'n Facts

by Terri S. Cash, CPA

About Immediate Annuities

Looking for better-than-bank interest on their assets, many investors find a better return and peace of mind with an immediate annuity. This is an insurance-based product that generates a stream of interest for life; the investor does not have to worry about outliving assets.

An immediate annuity starts paying off as soon as the investor's funds are transferred to the insurance company. Because the income is made up partly of principal and partly of interest, a great portion of the payments are tax-free; the rest is taxable interest. The downside is that the annuity stops when the investor dies.

What you can find is a joint-life immediate annuity which pays slightly lower payments for a longer time, or another type that guarantees payments for at least 10 years to the investor or his heirs. Some policies have cost-of-living raises and flexible rates.

Important: comparison-shop the annuities, but invest only with a top-rated insurance company. A financial planner can help. Reid Warner at the Lubbock office of Mason, Warner & Co., P.C. is a certified financial planner.

Continued from page 1
They met in Ragtown. Carroll grew up and graduated here in 1945. He worked for Garza Abstract and Title company, owned by his father at one time, before moving his family to Levelland to work for the Post-Montgomery organization. The headquarters for Post-Montgomery are operated by a capable energetic group of six individuals, each very committed to do a job C.W. Post would genuinely applaud. The offices are filled with old framed advertisements, pictures, warm receptive employees and wonderful memorabilia reflecting the C.W. Post legacy. A great place to visit - a taste of history and look at the stuff dreams are made of - at 921 Austin Street in Levelland.

At the time of his death, he was survived by his daughter and only child, Marjorie Merriweather Post, (from his first marriage to Ella Merriweather); and his second wife Lila; therefore, the entire estate was divided equally between them.

His daughter, Marjorie, was here in Post in 1958 for the unveiling of the bronze figure of her father. Marjorie had traveled to Post with her father on many occasions during his lifetime

and lived in the Dallas area for the early part of her life. A most competent business woman, she formed General Foods of which Post cereal company is now a part. She donated substantial acreage to the South Plains council for the Boy Scouts and was very active in the preservation of the local arts. She was on the Board of Directors of General Foods until in her early 70's, very active in supporting General Foods and the principal stock holder when she died in her mid 80's.

Upon her death in 1973, her half of the estate was left in trust (The Post Trust) for her three daughters. The daughters, Eleanor Barzin resides in Paris, France; Adelaide Riggs in Maryland; and Nadenia Hutton Hartley (the well known daughter of E.F. Hutton, the second of Marjorie's three husbands) known by her stage name Dina Merrill resides in California. Of course these are the granddaughters of C.W. Post, half owners together of the Post-Montgomery estate, and stockholders in General Foods. C.W. Post's widow, Lila, was married to L.J. Montgomery until her death in 1940; which added the Montgomery name to the estate. Her half of the estate was left to her husband as a life estate.

Upon his death it was to pass to Lila's two nieces and L.J.'s two nephews. However, one nephew and one niece passed on before the death of L.J. Montgomery leaving half of Lila's portion of the estate to Lila Montgomery's niece, also named Lila. When the niece, Lila, died several years ago, her one fourth interest in the estate was left to the Mather Charitable Foundation in memory of her departed husband, Harold Mather. The President of that foundation lives in New York and participates in the business of the Post-Montgomery organization along with Kenneth Montgomery, the other one fourth owner and surviving nephew of L.J. Montgomery. Kenneth Montgomery, approximately 90 years old lives in Chicago and continually participates in the business meetings and enjoys the annual Bull Sale here in Post.

This year several of the Post-Montgomery heirs will attend the annual bull sale and conduct their usual semi-annual business meeting in Levelland. To date, Mr. and Mrs. Kenneth Montgomery will be here from Chicago along with four trustees of the Post Trust. Bowen related, "Mrs. Adelaide Riggs from Maryland tries

to come every year. The heirs try to participate in Founders Day; however, two days is the most time they have and the annual meeting is part of the festivities".

Founders Day celebrations are the avenue of Main Street we travel remembering the past, giving thanks, and looking to the future with great excitement and anticipation; giving both the citizens of Garza County and the entire world an opportunity to participate in the many special activities of this massive celebration -

Homemakers Association will hold convention Sept. 14-16 in Waco

The Texas Extension Homemakers Association's 67th Annual Convention will be September 14-16, 1993, in Waco, at the Waco Convention Center. Approximately one thousand homemakers from across the state of Texas will be in attendance representing their extension homemaker clubs.

Elected to serve as delegates from Garza County are: Vee Gordon, Oneita Gunn and Ida Jones from the Post Extension Club.

These delegates will attend training sessions and educational workshops to receive program material that will be used in the coming year in Garza County as programs and workshops not only to the extension clubs and county council, but to any other organization as well. Also attending are Inez Ritchie and Nona Lusk. Ritchie is being recognized as a 50 year member.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION

NOVEMBER 2, 1993

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick or on about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income.

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than two-thirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the dedication of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (\$950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-i(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

Este es el informe explanatorio sobre la enmienda propuesta a la constitucion que aparecera en la boleta el dia 2 de noviembre de 1993. Si usted no ha recibido una copia del informe en español, podra obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711

Continued from page 4

considering the Buffaloes had only given up on the average 153 yards a game coming into the contest with Post.

Speedy Antelope tailback Tim Bell surpassed the Buffalo's average and season scoring total by himself as he battered Stanton's defense for 178 yards on 19 carries. Stanton must have felt like the floodgates had been opened as the 'Lopes ground attack ended the night with 362 yards. Throw in the 41 yards the 'Lopes picked up through the air and Post had its first 400 yard game of the young season.

Bell also had a big night in the scoring department. The senior scored three times with touchdown runs of 53, 30 and 11 yards. His 18 points on three touchdowns was nine times greater than all of the points Stanton's defense had surrendered before it came to Post. In the Buffalo's first two games of the season, they gave up a mere two points.

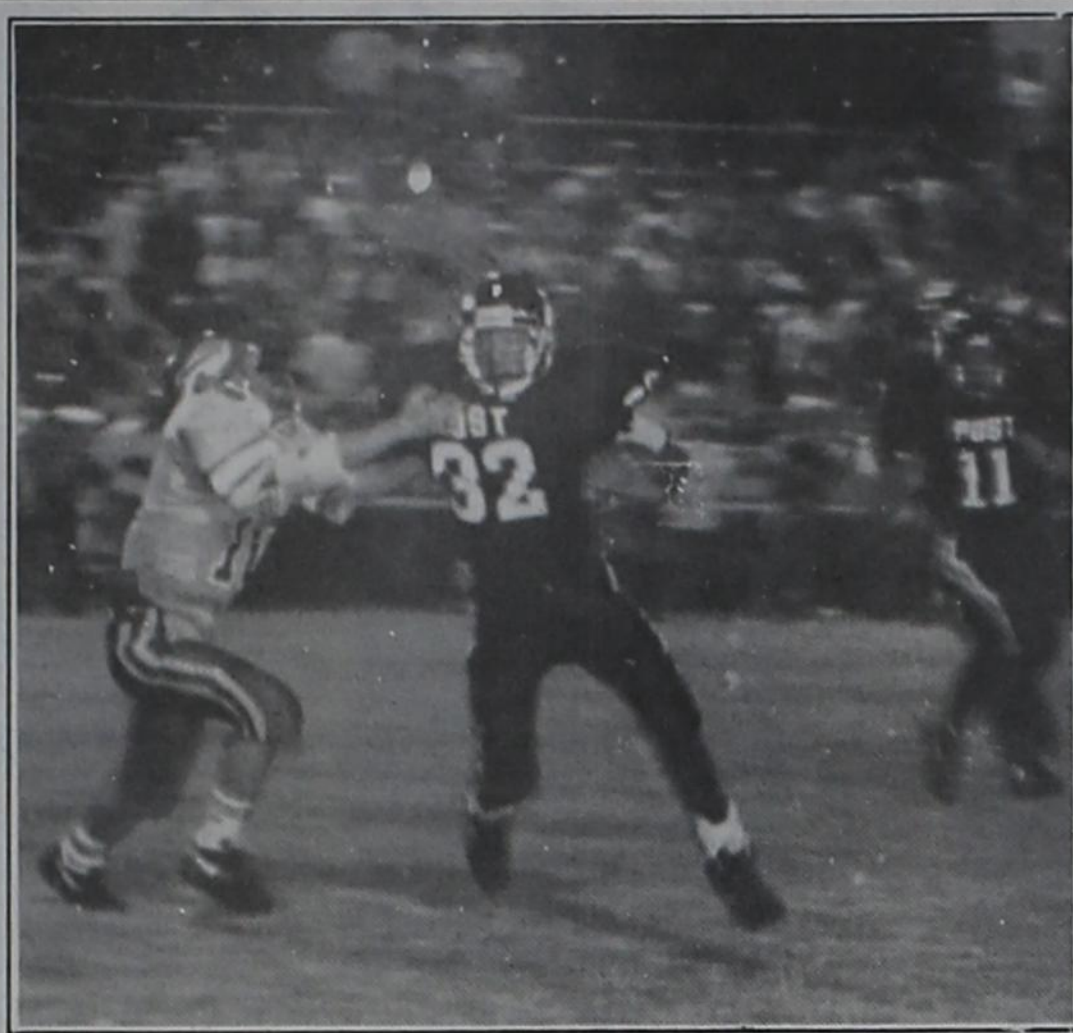

Bell's first TD came two plays after defensive tackle Clint Melton recovered at Stanton fumble at the Post 47 yard line. Bell needed just one chance to give the 'Lopes a lead they would never relinquish. Taking the ball from Post quarterback Jim Riley Simpson, Bell headed right, cut back left weaving through traffic where he broke free at the Stanton 35 yard line. From there it was a foot race to the endzone with Bell winning going away.

The score came on the 'Lopes second possession and only the fifth play from scrimmage. The PAT hit the right upright and Post led 6-0 with 9:39 left in the opening period.

Bell was back in the endzone for the 'Lopes with just :30 left in the first quarter. His 30 yard run capped a five play, 63 yard drive. The scoring run came on a fourth and a little over two from the Buffalo 30 yard line. Osborne overloaded the right side of the Post backfield with fullback Adrian Castillo and Reed. The two, along with right tackle Melton erased the Buffaloes at the point of attack assuring Bell would reach the first down marker. The fleet tailback did more. Showing a little bit of strength to go along with his speed, Bell broke a tackle at the 25, spun out of two tackles at the 20 and 15 and raced into the endzone for the score. Bell added the two point conversion and Post led 14-0.

When wingback Brad Lawson scored the next time the 'Lopes had the ball, the route was on. Post needed but two plays to cover the 66 yards. After an incomplete pass, Lawson took the ball on an underneath reverse and went the distance with little interference. Stanton's best chance to stop the fleet Lawson was erased by Monty Dissinger with fine open field block at the Buffalo 45. McDonald connected on the point after kick and Post led 21-0 with 9:36 left in the half.

Lawson's run helped the Post junior finish the night with 81 yards rushing

Dispatch Photo by Jerry Taylor

BOLD GOLD WINGBACK Brad Lawson (32) pulls out of the grasp of a Stanton defender late in the 'Lopes 44-7 victory. Trailing the play is Post reserve quarterback Heath Eagle (11).

on six carries. He had another touchdown from the tailback position called back late in the game when Osborne was using the route to get second line players some game experience.

Any doubts that this was Post's night were erased on Stanton's next possession. The Buffaloes went three and out. The 'Lopes defensive stand included McDonald's helmet lifting tackle of Lucas.

Post needed little time in scoring its fourth touchdown of the half. Wingback Cody Collier picked up eight yards and Bell added a run of 24 before Jim Riley Simpson tossed a 15 yard touchdown strike to wideout Anthony Martin. The PAT was blocked leaving Post with a 27-0 lead with 5:57 showing in the clock.

Stanton took the ensuing kickoff and put together the Buffaloes best offensive drive of the first half. It died though on the Post 34 yard line when Ray Perez recovered a Lee fumble.

The Bold Gold offensive wagon continued to roll in the second half when Acevedo recovered a botched Buffalo kickoff giving the 'Lopes the ball at the Stanton 36. Runs by fullback Castillo and wingback Bodie Simpson carried the ball down to the Stanton 11. From there, Bell and the 'Lopes fooled Stanton as the Buffaloes stacked the middle of the line expecting a dive into the interior on a fourth and three. Instead what they got was a quick pitch to Bell who raced around right end for a score. The McDonald PAT was good and Post led 34-0 with 7:57 left in the third.

After the Stanton TD that made the score 34-7, Post changed quarterbacks bringing in Bodie Simpson for his brother, senior QB, Jim Riley. All the sophomore signal caller did was march

center, Brian Reidel and Joseph De Los Reyes at the guard slots and Merced Lopez and Shawn Henderson at the tackles. Ends John Paul Perez and Steve Gonzales also drew positive comments from their coach.

Defensively the Bold Gold held the Buffaloes to 286 total yards and only three yards passing.

Defensively the 'Lopes received outstanding efforts by Orlando Castillo, Johnny Collazo and Sam Woods who had two tipped passes.

The eighth grade 'Lopes return to action this coming Thursday, September 23 when they travel to Ralls to take on the Jackrabbits.

Flores on a two yard scoring strike. Hernandez also added the two point conversion with a pass to Gonzales who had beaten his defender giving the 'Lopes a chance as they trailed 26-32.

Hernandez had a stellar game as the 'Lopes quarterback. He through for 159 yards, three touchdowns and a two point conversion. The 'Lopes ground game wasn't far behind as a number of Post running backs combined for 155 yards rushing.

"Our offensive line did a good job," said eighth grade coach Darrell Radle. The line included Russ Moore at

untracked late in the third quarter and put on the sort of running show Antelope fans went to see. Except for the lone touchdown drive, Williams was stymied by a hard hitting Wildcat defense.

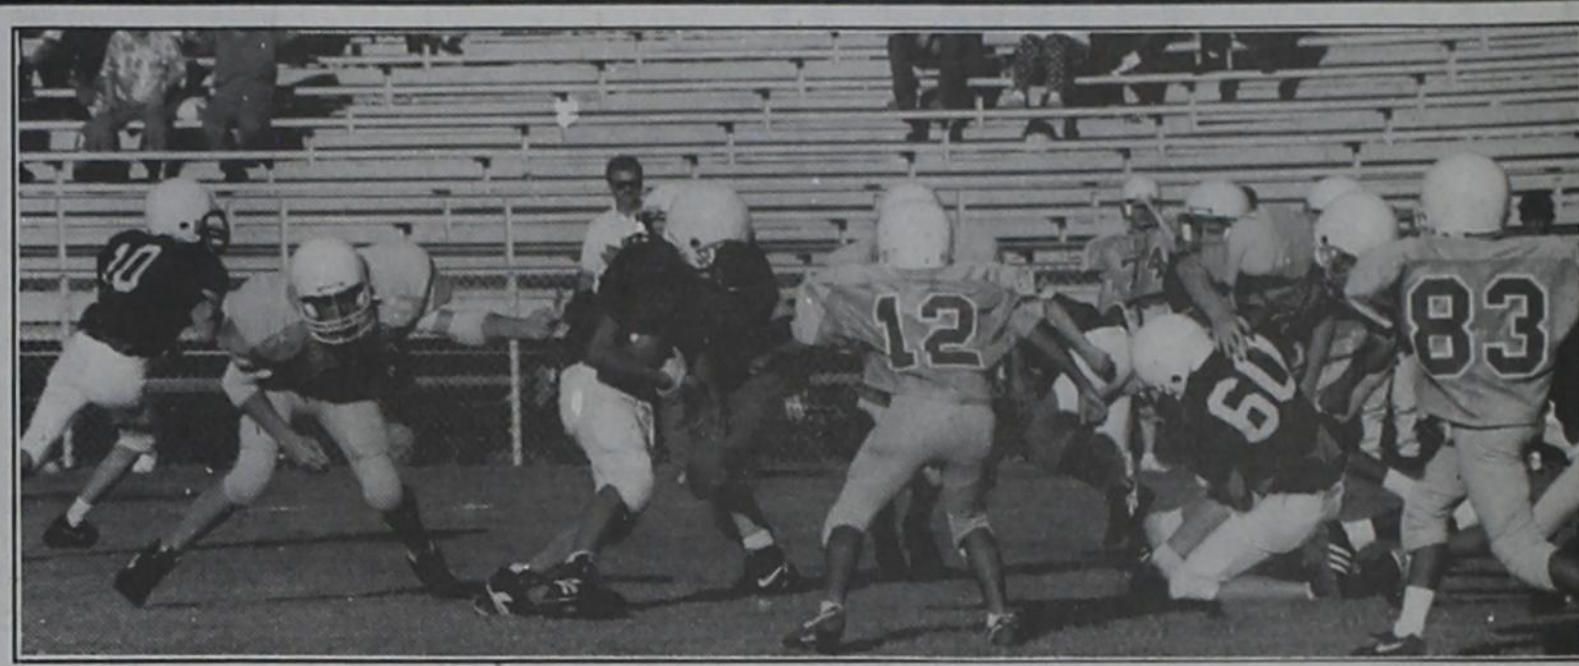

The Antelopes mounted their touchdown drive starting with 4:17

left in the third quarter.

The 11 play drive saw Williams with the ball 10- times picking up the Post first down from the Post 33 to the Littlefield 46 on a left end sweep, then over the left guard to the 44, around left end to the 43 and over the left guard to the 29 for another first down. A patented Antelope drive, Williams

blasted over the left guard to the 10, then around the left end to the 15, then Kirkpatrick gave the ball to Tracy Price over left guard to the four.

The quarter ended, the Antelopes moved to the south end zone and Williams went over right guard to the 3 on third down he booted over left tackle to the end zone.

Dispatch Photo by John Cordson

Seventh grade 'Lopes fall to Stanton

The Post Bold Gold Middle School 'Lopes fell victim to the visiting Stanton Buffaloes last Thursday, September 16 in Post, dropping a 30-0 contest. The Stanton defense turned away the Post offense throughout the contest. In the top photo, an unidentified Post runner looks for yardage. In the bottom photo a number of 'Lopes look to corral the Stanton running back.

The seventh grade 'Lopes travel to Ralls this Thursday for another contest. Kickoff is scheduled for 5.

\$100⁰⁰ Bonus Each Week offered by The Post Dispatch

If you guess EVERY game correctly!*
This \$100 bonus will be awarded in the form of "Post City Bucks," good at your choice of any of the 16 participating sponsors of this contest.
*To win the \$100 bonus you must correctly pick all 16 winning teams plus the winner of the tie-breaker.

GRAND PRIZE WINNER GETS

an extra \$200

2nd place \$100

3rd Place \$50

To be drawn at the end of the Contest

RULES AND REGULATIONS

1. The contest will continue through November 5, 1993. Each week is a separate contest with \$145 in prizes offered each week.
2. There are 19 games to pick each week. One game will be in each participating sponsor's ad appearing on this page. The names of the teams you believe will win, in the Entry Form the game designated as the "tie-breaker", guess the actual score.
3. Anyone at least 12 years of age or older may enter the contest. Only one entry per person. More than one entry will be accepted for that person. Only the official entry form printed in the Post Dispatch on this page will be eligible for consideration. Facsimile, photo copy or other reproduction of the entry form will not be accepted.
4. Entry forms must be submitted to designated sponsors by 5 p.m. each Friday prior to the games listed for that week.
5. Entry forms must be correctly completed and signed. Entries will be disqualified if not correctly completed and signed. In all instances, the decision of the judges will be final.
6. Entry forms must be signed by the person submitting the entry. Entries not signed by the person submitting the entry will be disqualified.
7. In the case of a tie, contestants guessing nearest to the actual score will be declared the winner. In the case of a tie-breaker game score will be determined by the tie-breaker method. In case of identical scores, prize money will be divided equally.
8. Employees of The Post Dispatch and their families are ineligible to participate in the contest. Owners and employees of participating sponsors may enter the contest.

Three Post residents honored in Snyder

THREE Post residents were recently honored at ceremonies for students enrolled in the Western Texas College vocational nursing program in Snyder. Nine graduates of the program and 12 others completing the first phase of their training were recognized. Among the graduates were Betty Curry, Lisa Haynes and Wilma Yarbro.

Cpl. Walls returns from Australian deployment

Marine Lance Cpl. Clifford R. Walls, son of Donald R. and Annie R. Walls of Post recently returned from a two-month Australian deployment with Marine Detachment embarked aboard the aircraft carrier USS Independence forward deployed to Yokosuka, Japan. Walls' ship led a five-ship battle group in exercise Spring Training 93. During the exercise, the group operated with the Australian defense forces off the coast of Western Australia. This year's training allowed aircraft squadrons aboard USS Independence to conduct the first aerial training in the area since U.S. bases in the Philippines closed last year.

Adult education classes underway

Adult education classes have begun at the Post Middle School. The first classes met on Monday, September 13. Students wishing to attend these classes may still do so. All they need do is go to the Middle School any evening classes are held and register. The classes meet Mondays and Wednesdays at the Post Middle School Learning Center from 7 until 9:30 p.m. For more information on these classes call the middle school at 495-2874. The high school computer lab will begin classes on September 27. Pat Cruse will serve as the instructor. She can be contacted at the high school at 495-2770 to answer questions about these classes. The computer classes will be on Mondays and Tuesdays from 7 until 9 p.m. at the computer lab. Registration can be done at any time as the classes are constructed to fit the individual student's needs. Dedra Adams, an experienced teacher of adult education, is the instructor for the classes. She welcomes any students who wish to attend the classes as they explore the opportunities that are found through these classes.

Beef Up Your Word Power

with Dr. Charles Somerville
Attituden. a leaning or inclination towards a particular belief.
Value v. - something prized as useful or desirable.
Behavior n - a particular act; how we conduct ourselves
Example of how attitude and value are used when combined with the noun, behavior.
By itself, a good attitude does not guarantee good behavior. Our behavior comes from what we value: "Where your heart is, there is your treasure."

Local JP's acquire certification in Lubbock

Post and Garza County judges Shelia Melton and Dee Justice were recently certified at a 20-hour Justice of the Peace Seminar held September 15 through 17 in Lubbock. The seminar was sponsored by the Justice of the Peace and Constables Association of Texas and was conducted by the Texas Justice Court Training Center headquartered at Southwest Texas State University in San Marcos. The seminar was one of many held state-wide to allow Justices of the Peace to meet their Continuing Judicial Education requirements set forth in the Texas Government Code. Judges were allowed to select areas of study that closely matched their court's activity. Topics covered included: Criminal Complaints, Traffic Law, Rural Court Financial Management, Criminal Law - Filing through Appeal, Juvenile Law, Civil Law, Magistrate Warnings, Contracts and Torts, Rules of Civil Procedure, Justice Civil versus Small Claims Court, Alcohol Beverage Laws, Forcible Entry and Detainer, Bond Setting and Forfeiture, Post Judgment Remedies, Jurisdiction and Venue and Judicial Ethics.

THE ACCOMPANYING TAX NOTICE IS WRONG!

The Post Independent School District is required by state law to publish the accompanying tax notice in this form, even though the notice is deceptive.

Because of an omission in the recently enacted state law, Post I.S.D. may not include revenue collected by the county education district in the calculation of taxes for the 1992-93 school year. The effect of this is to understate last year's actual school tax rate and produce an inaccurate comparison of last year's tax rate to this year's tax rate.

The correct comparison of tax rates is as follows:

Last year's (1992-93) total school tax rate (including county education district taxes):

\$1.35788

This year's (1993-94) proposed school tax rate:

\$1.35788

Percentage of change: None

This notice is required by the Texas Legislature.

*The percentage increase shown in the first paragraph below may appear unusually high because it does not reflect 1992 taxes levied by the now-abolished county education district (CED). In 1992, the CED levied a portion of the taxes used for school purposes, and the school district levied the remainder of school taxes. In 1993, school districts will levy ALL school taxes. For an explanation of the increase, attend the public hearing scheduled below or call your school district.

Notice of Public Hearing on Tax Increase

The Post ISD Board of Trustees will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1993 by 214.6 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on September 29, 1993 at 6:30 P.M. in the Administration Building.

FOR the proposal: Mr. Jeff S. Lott, Mr. Mark W. Kirkpatrick, Mrs. Barbara M. Hardin, Mr. Royce Hart, Mr. Rex Cash, Mr. S. Rafe Foreman, and Mr. Gary Workman.

AGAINST the proposal: None
PRESENT and not voting: None
ABSENT: None

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on August 25, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	(OPTIONAL) Last Year County Education District	Last Year School District	This Year School District
AVERAGE HOME VALUE	\$25,000	\$25,000	\$25,000
GENERAL EXEMPTIONS AVAILABLE (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$ 10,000	\$ 5,000	\$ 5,000
AVERAGE TAXABLE VALUE	\$15,000	\$20,000	\$20,000
TAX RATE	\$.92630	\$.43158/\$100	\$ 1.35788/\$100 (proposed)
TAX	\$ 138.95	\$ 86.32	\$ 271.58 (proposed)
(OPTIONAL) Total 1992 School Taxes	\$ 227.27	(OPTIONAL) Total 1993 School Taxes	\$ 271.58 (proposed)

This paragraph compares last year's CED and school district taxes with this year's proposed school district taxes:

Under this proposal taxes on the average home would increase by \$46.31 or 21 percent compared with last year's total school taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase 0 by -0- per \$100 of taxable value or -0- percent compared to last year's total school tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

This paragraph compares last year's school district tax with this year's proposed school district taxes:

Under this proposal taxes on the average home would increase by \$185.26 or 215 percent compared with last year's school district taxes. Comparing tax rates without adjusting for changes in property value, the school district tax rate would increase by \$.9263 per \$100 of taxable value or 215 percent compared to last year's school district tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Blue Angels Air Show to be held Sept. 18 at Reese AFB

Colonel Roger A. Brady, commander of Reese AFB's 64th Flying Training Wing announced last week that the U.S. Navy's Blue Angels will perform at Reese on Saturday, September 18, 1993.

The Blue Angels are the Navy's renowned Flight Demonstration Squadron. They will be helping the personnel of Reese celebrate the forty-sixth anniversary of the creation of the U.S. Air Force as a separate service from the Army on September 18, 1947.

"This year's Air Force birthday celebration will also be a Community Appreciation Day when we in the U.S. Air Force can offer thanks to area residents for more than 50 years of cooperation and support between the base and its personnel, and the citizens of the Lubbock area community," said Colonel Brady.

"Over the years," Colonel Brady explained, "there has been no change in the primary mission of Reese which has been 'to train pilots' since its establishment. With the arrival of 40 new T-1A Jayhawks during the past two years at the beginning of Specialized Undergraduate Pilot Training (SUPT) this past year," Reese is now the Air Force's premier pilot training base ready to lead the Air Education and Training Command into the 21st century."

"I invite all residents of the West Texas-Eastern New Mexico area to come out September 18th to help us celebrate, and to see up close how the Armed Services perform their mission," Colonel Brady concluded.

Although the Blue Angels will be the featured flying attraction, there will be a number of other aircraft performing flyovers and flying capability demonstrations. The remainder of the aircraft will be on static (ground) display on the flightline parking ramp.

The base will be open to the public from 9 a.m. to 5:30 p.m.

During that time there will be a variety of continuous flying activities. Static display aircraft will be open for public inspection on the aircraft parking ramp.

More than 30, and possibly as many as 40 military and civilian aircraft will be on static (ground) display on the flightline parking ramp when the gates open. The display will include fighters like the Air Force's F-15 Eagle, the F-16 Fighting Falcon, and the F-111 and the Navy's F-14 Tomcat and A/F-18 Hornet. Attack aircraft like the Air Force's A-10 Thunderbolt II and AT-38 Talon, and the Navy's AV-8B Harrier will have cockpit viewing ladders available.

Transport aircraft such as the C-130 Hercules and possibly the C-141 StarLifter will be open for walk-through visitors. Both the giant KC-10 Extender and the KC-135 Stratotanker refuelers can be seen, as can a large variety of Air Force and Navy training aircraft. A few helicopters and a number of vintage aircraft historically significant to Reese will also be seen.

A number of military and civilian aircraft are expected to fly-by above the flightline. Four-ship formations of Reese AFB's own T-37 "Tweet" and T-38 Talon training jets, and a solo T-1A Jayhawk training jet will fly-by prior to the Blue Angels show.

Aircraft scheduled to put on flying capability demonstrations are a Christian Eagle, an Iskra Jet (the training aircraft of the Indian and Polish Air Forces), a Sukoi SU-26 MX and a helicopter pararescue demonstration.

Reese Air Show project officer, Lt. Colonel Mark Edwards recommends that persons interested in visiting the base during the Air Show plan ahead for room reservations if traveling from out of town. Then, when traveling to the base, to "arrive early!" and follow the directions of the law enforcement officials who will be trying to make motorist's arrivals and departures as smooth as possible.

There is no charge to attend any of the activities on base. There will be plenty of food, drink, parking and rest rooms available. There will be a reasonable charge for food and beverages.

From the Pulpit What does God Expect?

As a minister of the gospel of Jesus Christ, I have seen an incredible lack of understanding when it comes to the subject of being a Christian. To be a Christian is one thing, but being a Christian is something far more involved. To be a Christian is to be saved by grace through faith, not of works. (Eph. 2 (8-9) That simply means that you can never earn your salvation. No work, no ritual, no act, no amount of goodness can ever save a sinner. Salvation only comes when a sinner accepts the free gift of God's grace through his faith. This involves far more than just believing in the existence of God. James 2 (19) says "the devils also believe and tremble". Simply knowing who God is and what God has done, is not true salvation. These are things that all the devils of hell know. Salvation is not a matter of the head, it is a matter of the heart. A heart belief involves all of ones self, his heart, his mind, his soul and his strength, all are committed to God as a living sacrifice. (Romans 12)

But then what? What does God expect from us, after salvation? If you are like me, you expect God to work in your life. When you pray you expect God to answer. This is good, but how often do we consider what God expects from us? Is it enough to try our best to be good to go to Church when it fits into our schedule and to try to stay away from R-rated movies? If we

Don Blacklock

are not careful, we can spend so much time living a religious life that we forget to live our lives for Jesus. What does God expect from all of us who have accepted his gift of salvation? Jesus answered this question very clearly in John 14-12 "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also, and greater works than these shall he do, because I go unto my Father." What does God expect, if you are a true born again believer? That you do the work of Jesus. James said that faith without works is dead, being alone. God expects you to do by faith what Jesus did. What did Jesus do? According to Mathew 9-35, Jesus went about teaching, preaching, and healing. Jesus preached salvation to the lost, taught the saved, and healed the sick and broken hearted. Are you doing what God expects, by sharing the gift of God's grace to the lost, by being an encouraging teacher of what God has taught you, and by working to heal the sick and broken hearted people you meet every day? These are things God expects from each of us. No we are not saved by works, but we are saved to work. Be a doer of the word and not a hearer only. (James 1-22) Expect great things from God, but remember that God in turn expects great things from you.
