Woman arrested on drug charges

by John Cordsen

A 37 year old Post woman is in custody at the Garza County Jail following her arrest late Monday evening on drug charges. The woman, whose name is being withheld pending action by a grand jury or a formal complaint being filed in district court, was arrested at her home on W. 12 at 11 p.m. Monday, October 26 by Garza County Sheriff's deputies.

"We've been after these people for a couple of months and finally put it all together," said Garza County Sheriff Kenny Ratke.

The initial raid on the residence at 911 W. 12 took place at 9:30 Monday evening. At that time, Garza County Deputies, along with members of the Lubbock Drug Task Force all dressed in protective gear, "used forced entry pursuant to the warrant" to gain entry to the residence.

"We did in fact bust the door in," said Ratke. The sheriff said the suspect was not at the residence at the time of the raid. Members of the raid team secured the residence, and according to Ratke, anyone approaching the residence was questioned, searched and detained in the residence. This went on until the suspect named in the warrant returned home at around 11 p.m. She was then taken into custody.

"At about 11 sharp she came home and suspected narcotics were found on her person," said Ratke. "On her person were found several grams of a white powdery substance believed to be cocaine."

"The information we have, these were the heaviest traffickers of local cocaine," said Ratke.

During the initial raid a police scanner was seized along with drug paraphernalia, suspected narcotics and an undetermined amount of U.S. currency.

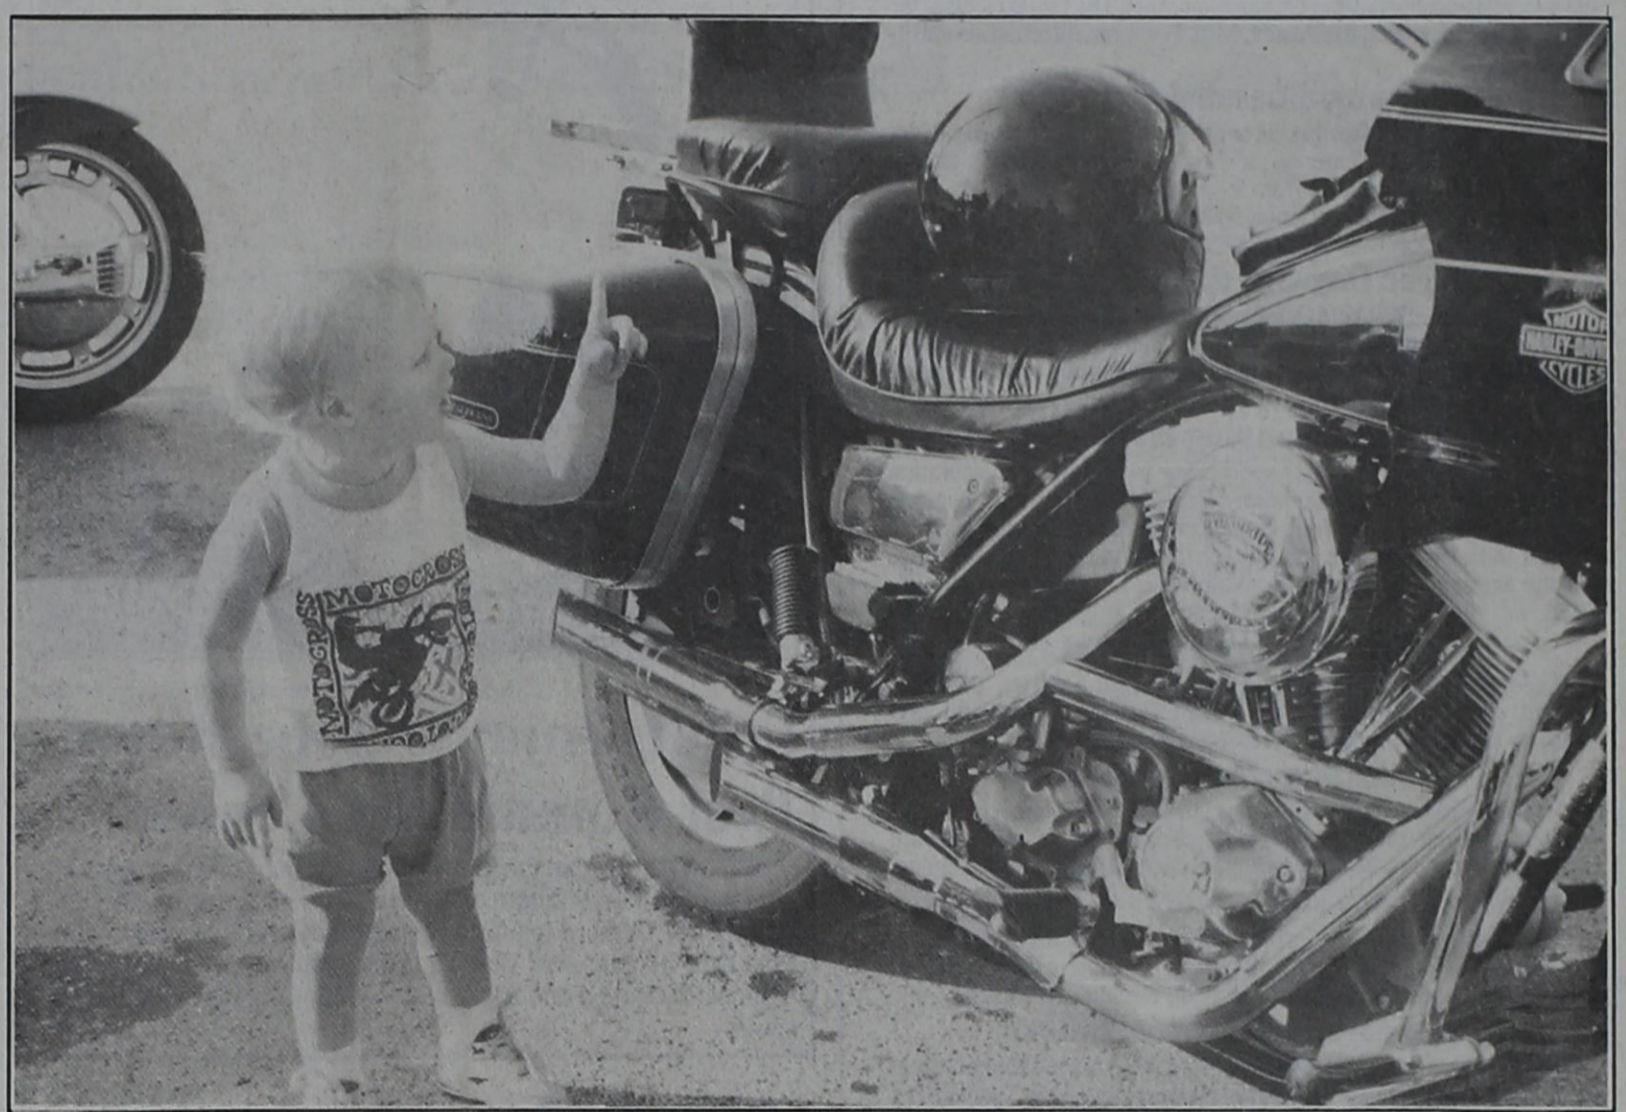

Ratke said the suspect was arrested pursuant to the search warrant and being found in possession of suspected cocaine, was booked into the Garza County Jail charged with possession of a controlled substance with intent to deliver. Bond was recommended by the district attorney at \$25,000.

Sheriff Ratke reported that this was the second time a search warrant has been executed on this particular residence. The first time, officers were looking for illegal firearms that were allegedly being traded for narcotics. Ratke attributed the success of the latest raid on the work done by his officers.

"The guys put together a good search warrant, in fact, they wrote a whale of a warrant."

"We've been after these people for a couple of months and finally put it all together."

Someday ...

CODY DEAN, two year old son of Lisa and David Dean, can only look and dream of the day he will be old enough to own a "real" bike like this classic Harley Davidson that was one of the more than 100 bikes to take part in the Blue Knights Poker Run Food Drive held during the recently completed Founders' Day celebration. For a pictorial roundup of this year's activities that went on during Founders' Day see pages 4 & 5 of this week's Post Dispatch.

Garza County tax rollback election in the hands of petitioners

by John Cordsen

As far as the Garza County Commissioners Court is concerned, the subject of a tax rollback election for county property taxes is on hold until the committee behind the rollback effort presents the court with petitions calling for the tax reduction.

"If they want to present us with a petition, then we'll act," said Garza County Judge Giles Dalby.

The court had expected the petition organizers to be at their October 25 meeting to present the petitions calling for the tax rollback. But following comments made by commissioners at earlier meetings that raised the possibility of the court reopening the recently completed

budget process, the petition organizers held back.

"It's the same old story," said Pat Walker, organizer and spokesman for the group. "They're not going to do anything until somebody makes them."

Walker added that the petition organizers were still in the process of putting together committees made up of representatives from each of the four county commissioner precincts.

"We expect to present them (the commissioners) with the petitions within the next two weeks," said Walker.

Signatures are no problem for the group. According to Walker, over 600 people have signed on calling

for the rollback.

"We still have people coming by and asking to sign a petition," said Walker. "And we still have several petitions out that haven't been turned in or picked up yet."

He said he expects when everything is collected, organizers will have between 600 and 700 valid signatures to present to the commissioners sometime in November. If Walker's estimate is correct, the petition drive will net more than double the 285 to 300 valid names needed to force the rollback.

If successful, the rollback will reduce the county property tax rate from the current 28.5 cents per \$100 valuation to 24.8 cents.

Caprock Photo fall exhibit underway

The annual Caprock Photographers fall exhibit officially began October 26 and continues until Sunday, October 31 at the Algerita Art Center. The Caprock Photographers began accepting entries on Monday morning with an entry deadline of Tuesday at noon.

All photographs will be original works of the exhibitor. Categories will include landscapes, waterscapes, architecture, sunset and sunrise, night scenes, still life, fauna, flora, portraits,

human interest, open and miniatures. Additional categories may be created, omitted or combined depending on the number and nature of entries. B. Kent Moss, instructor of photography and design at Midland College is the juror for the 1993 exhibit.

The exhibit will be opened for public viewing from October 28 through October 30 from 10 a.m. until 6 p.m. and on Sunday, October 31 beginning at 1 p.m. The awards ceremony will be held Sunday at 4:30 p.m.

OS Ranch Western art featured in Kerrville museum

A bit of Post and Garza County's rich western heritage will be on display at the Cowboy Artists of America Museum in Kerrville beginning November 6 with the grand opening of "The Art of the OS Ranch" exhibit. The opening is scheduled for 6 p.m. The museum will feature approximately 40 pieces of western art on loan from the OS Ranch Museum here in Post.

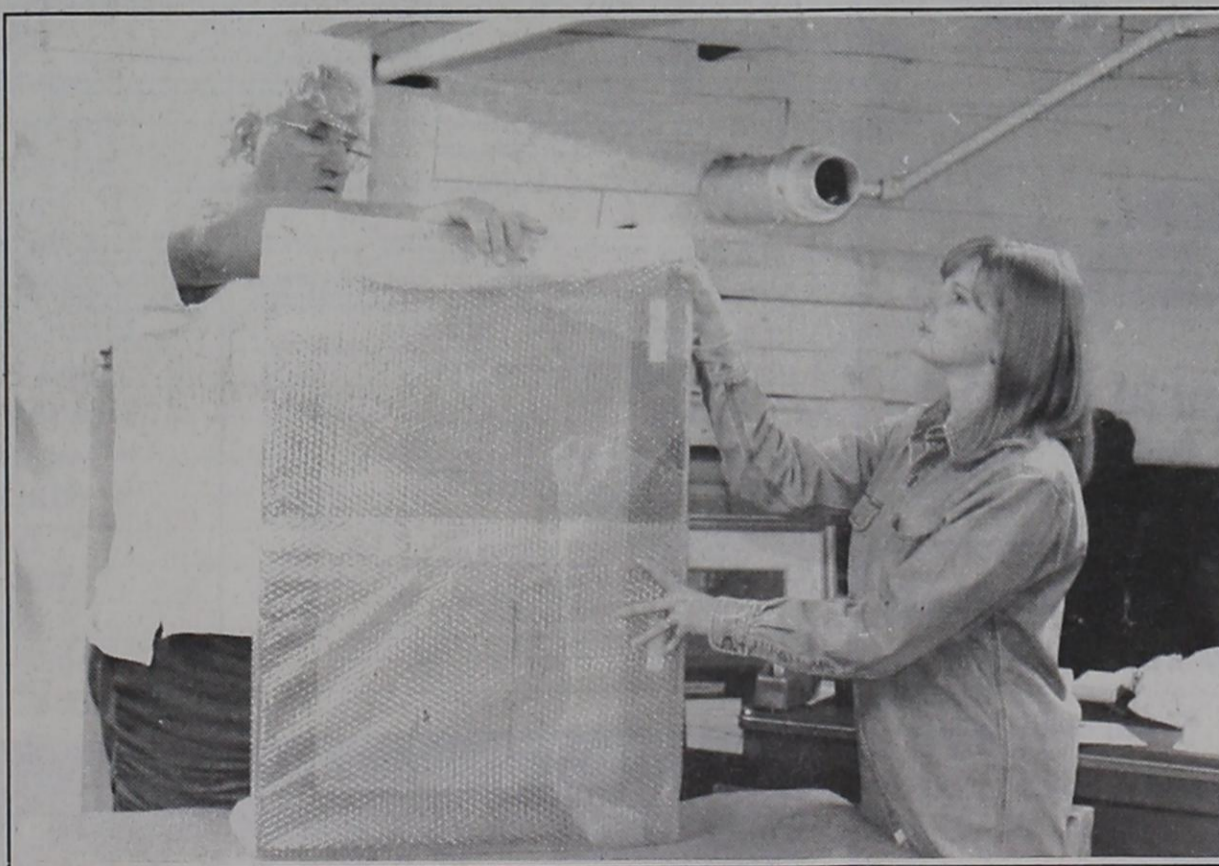

According to Marie Neff, Director of the OS Ranch Museum, the opening of the exhibit has been declared "Post Day".

"Any one who would like to attend the reception is welcome," said Neff.

Many West Texans will remember the annual OS Ranch Art Exhibit and Steer Roping which was held at the OS Ranch outside of Post from 1972 until 1983. The purpose of the event was to raise money for the West Texas Boys Ranch.

Giles McCrary, owner of the OS Ranch, is quick to credit to the success of the roping and art exhibit enjoyed during its 11 year run to the people of Post and the surrounding area who gave their time, energy and personal resources to the endeavor.

The idea of a Western art show on a working ranch, held in conjunction with an actual ranch activity was a new concept at the time. Western art enthusiasts from across the country stampeded to the ranch and an opportunity to go "on location" and visit a real working ranch while viewing some of the finest works of Western art. The idea quickly caught on and with the enormous success of the OS Ranch Art Exhibit and Steer

OVER 40 pieces of Western art from the OS Ranch Museum were shipped to Kerrville where they will be displayed at the Cowboy Artists of America Museum. Making the preparations for shipping the valuable works of art are (l-r) Hans Poppe, chief of security for the Kerrville Museum and Deveri Reppeto, Collections Manager. OS Ranch Museum Director Marie Neff (right photo) touches up a frame on one of the paintings being sent to Kerrville.

Roping, (crowds of better than 14,000 were common during the peak years of the sale) others soon followed suit. "We were the grand daddy of them all," said Neff.

The exhibit at the Cowboy Artists of America Museum in Kerrville will capture the excitement and energy of

those years at the OS Ranch. The exhibit actually runs from October 23 until January 20 with the grand opening and reception taking place November 6.

"The OS Ranch Steer Roping and Art Exhibit helped open the doors of public appreciation for Western art.

This exhibit is a way of acknowledging the OS Ranch for helping break that ground. We would especially like to invite West Texans to join us in Kerrville on November 6 for the grand opening, as our way of saying thanks," said Natalee Nunn, Executive Director of the Cowboy Artists of America

Museum.

The colorful history of the OS Ranch Art Exhibit and Steer Roping will also be the feature of an upcoming article in the prestigious Southwest Art publication. The December edition of Southwest Art, scheduled for release in mid-November, will take a

retrospective look at the OS Ranch Art Exhibit and Steer Roping and what it has meant to the current success of Western art and art shows.

"Southwest Art is one of the most prestigious art publications today," said Neff.

Letters to the Editor

Dear Editor,

The members of the Blue Knights, Texas IX, the VFW and Ladies Auxiliary of Post #6797 wish to report another successful Poker Run and U Can Share Food Drive. Approximately 130 motorcyclists came to Post, and enjoyed a great day, and a great ride. Over 18 boxes of food was donated for the needy.

First place in the poker run was won by Mike Lewis of Lubbock, with a Full House, with second place going to Rebecca Jolly of Post, also with a Full House. Third place was won by John Shinn of Lubbock, with a Straight.

We would also like to thank the following Merchants who donated door prizes: Wedon Reichert, Inc; Kawasaki Good Times, Westigo, Inc.; Honda of Lubbock; Post Auto Parts; 1st National Bank of Post; Chaparral Steak House; Lubbock Beverage, Inc; Bryan William and

Son; Post Chamber of Commerce; R & D Automotive; Standard Sales, Co. Inc; Corner Grocery; Popular Vending Co; Pizza Hut; Rosies Restaurant; El Matamoros Restaurant; S. Rafe Foreman, Atty at Law; Spotted Pony; Peel's Conoco Service; Johnnie Johnson Exxon; Caprock Liquor; Graves Harley Davidson, Inc; Garza Theater; and the Post Dispatch for their support.

And a special thank you to Dennis Ray for the use of his camping trailer for a check point and headquarters for the poker run. And finally a large thank you to United Supermarket and their employees for the plaques and their support. Billy Williams and his crew put out one of the best barbeques that has been served at the VFW in some time.

Sincerely,
J.W. Jolly III

MIXING BUSINESS AND PLEASURE

Travel for business is far less onerous if you can take along a companion or spend some time sightseeing or playing. In most cases, you can still keep most of your deductions.

The IRS is sticky about companions not actually there on business, but you need pay out of pocket only extras like the difference between a single and double room, the companion's air fare, food and the like.

If you do business on a Friday and a Monday, the IRS considers the weekend to be business days, and therefore your expenses are deductible, even if you're out sightseeing. Indeed, even if the traveler works Friday and not Monday, tax courts have found weekend expenses deductible if they don't exceed the saving in air fare gained by staying over Saturday night.

The rules are tighter when you go overseas; the business traveler must be able to show that as an employee he or she had to take the trip or that it was not primarily a personal vacation trip. Please be aware that the new tax law further restricts deductibility of spouse's travel. Before you go, talk to the tax people at Mason, Warner & Co., P.C.

Second half surge carries 'Lopes junior varsity over Denver City

The Post Bold Gold junior varsity returned to their winning ways last Thursday with a 24-6 win over the visiting Denver City Mustangs here in Post.

After battling the Mustangs to a 6-6 draw in the first half, the 'Lopes put the game away after intermission, scoring three touchdowns to secure the win.

"Our young men rebounded well from last week's defeat at Sundown," said Bold Gold coach Mitch Rasberry. "The second half against D.C. we totally dominated the game which showed a lot of character."

Rasberry went on to say that Jerry McDougale, Jeremy Josey, Julian Aranda, Adam Gutierrez and Josh Hubble controlled the line of scrimmage and ran hard.

As he has been doing all season, Bold Gold fullback Saul Martinez proved he knew his way to the endzone.

The bullish Antelope runner scored all four Post touchdowns in the win against the 3A Mustangs. Martinez scored on runs of 11, 50, 41 and 69 yards.

The 'Lopes offense rang up some pretty impressive numbers in winning their sixth game of the season. Post runners picked up 291 yards on 26 carries and no yards on zero of three passing attempts.

The 'Lopes defense used a bend, but don't break performance to hold the Mustangs to six points.

"Defensively, we had some great stands," said Rasberry. "Every time that D.C. started getting something going, we would have a big play and stop them. We really played well on defense."

The Mustangs had more snaps than the 'Lopes but were able to do less with them. They had 137 yards rushing on 37 carries and 119 yards through the air on a seven for 17 effort.

Martinez opened the 'Lopes scoring in the first quarter on an 11 yard run around right end. The PAT attempt failed and the 'Lopes led 6-0. The 'Lopes were hurt by turnovers the rest of the first half, as a number of potential scoring opportunities went by the wayside following fumbles. A fumbled punt return just before the half led to Denver City's only score of the game.

Tied 6-6 going into the third quarter, Martinez put the 'Lopes up for good on a 50 yard scoring run that was good for a 12-6 lead. Martinez scored two more times in the fourth quarter. The first came on a 41 yard run and the second and his and the 'Lopes last score of the game came on a 69 yard run with Martinez taking the ball off-tackle all the way to pay-dirt.

The junior 'Lopes return to action this Thursday, October 28 as they host Crosbyton in what coach Rasberry says will be their last game of the season.

'Lopes heading into stretch run against final two foes

by John Cordson

The 'Lopes enjoyed last week off as they prepare for the homestretch run of the 1993 Bold Gold football season. Sitting atop a 5-2 record, 3-1 in district play, the 'Lopes are preparing for their final two games against Crosbyton (this Friday) and Tahoka. Wins in those two games and a loss by Idalou to Seagraves on the final regular season contest will put the 'Lopes into the playoffs.

"We've just got to go and do the things we got to do to finish the regular season at 7-2," said Bold Gold head coach Dewayne Osborne. "And then we'll have a great possibility for a playoff spot."

Osborne said that for the 'Lopes to be in a position even considering a playoff berth was a tribute to the seniors and the rest of the 'Lopes "to do this after a 1-8 season last year."

The 'Lopes have built their winning record on an explosive offense that can and has hurt opponents both on the ground and in the air. Bold Gold runners have gone around (Tim Bell, Brad Lawson, Cody Collier and Bodie Simpson), over (Adrian Castillo, Oscar Acevedo and Noe Gomez) and through (Alvin Reed) opponent's defenses to

the tune of 1579 yards in seven games.

The 'Lopes air attack is led by the fifth ranked passer for area 2A QB's, Jim Riley Simpson, who is picking up yards at better than 83 yards a contest. The senior signal caller for the 'Lopes has completed 30 of 72 attempts for 583 yards and eight touchdowns. Simpson has been intercepted but four times this season. He enjoyed his best game of the year against the Ralls Jackrabbits in week four, completing six of nine good for 228 yards and four touchdowns. Heath Eagle and Bodie Simpson have also contributed to the 'Lopes passing game that has a total of 659 yards.

"Jim's doing a great job throwing the ball," said Osborne.

The coach attributed the 'Lope passing success in part to the success of the running game.

"Just like everybody else, we've got to run the ball to set up the pass," said Osborne.

Overall the Antelope offense is has put up the fifth best numbers for area 2A teams, averaging 319 yards a game.

Defensively, the 'Lopes are ranked as the number eight defense in the area 2A schools. The 'Lopes have given up 1650 yards in their first seven games. The Antelope pass defense is the

toughest to throw against of any area 2A teams. The 'Lopes have given up a paltry 369 yards through the air so far this season. Names like Casey Hart, Bodie Simpson, Acevedo, Tori Harper and Bell in the secondary have played a major roll in the 'Lopes success against the pass. The defensive backs haven't done it alone though, the relentless Post pass rush has kept opposing quarterbacks scrambling for cover. Linebackers Lemuel McDonald, Russ Bird and Mark Espitia and defensive ends Ray Perez, Manual Zubia and Pete Torres along with defensive tackle Reed and a host of others have provided the Antelope rush so far this season.

Antelope defenders have also posted two shutouts this season, a 33-0 win over Abernathy in the season opener and a 40-0 whitewash of Ralls in the 'Lopes district opener.

Post heads into its final two season and district games tied for second place in district with Idalou. Both teams stand at 3-1 in district and trail district leader Seagraves by one game.

The 'Lopes take the field this Friday, October 29 in Crosbyton to take on the Chiefs who were 37-0 losers to Sundown last weekend. Kickoff is scheduled for 7:30.

Dispatch Photo by Jerry Taylor

TIM BELL, seen here in action against Ralls earlier this year, is the 'Lopes leading ground gainer so far this season. The speedy senior tailback has rushed for 687 yards in the 'Lopes seven games.

Pride of Post Band earns I rating

The Pride of Post Band strutted its stuff Tuesday morning in Lubbock (October 26), garnering a I rating in the U.I.L. competition. "This is the big one, this is the one that says you're here or you

aren't," said and elated band director Aaron Rathbun only moments after learning of the band's high placing. "This is where all of the big dogs hang out."

Post residence had a chance to send the band off Monday night during a pep rally. The marching band went through its routine to the delight of parents and other band supporters.

BE FIRE WISE

THE OVERALL PICTURE

- The U.S. has one of the highest fire death rates, per capita, in the industrialized world.
- Approximately 5,500 people die in fires in this country annually, including about 100 firefighters; and another 30,000 civilians are injured.
- The U.S. fire deaths, per million people are almost twice the average fire death rate for other industrialized nations.
- Each year, fire kills more Americans than all the major natural emergencies combined, including floods, hurricanes, tornadoes and earthquakes.
- Fire is the third leading cause of accidental death in the home; at least 75% of all fire deaths occur in residences.
- More than two million fires are reported each year; another 20 million fires go unreported, many of which cause additional injuries and property loss.
- Direct property loss due to fires is estimated at \$11.2 billion annually.
- The total cost of fires to the American public is \$50 billion annually. This figure includes the cost of protection, fire department expenses and insurance overhead.

WHO IS MOST AT RISK

- Senior Citizens are at the highest risk of being killed in fire -- more than double the average population.
- People under age 19 account for 25% of the annual fire deaths.
- Children under age five are at serious risk of being killed in a fire --- more than double the average population.
- About 25% of the fires that kill young children are started by children playing with matches.
- Fire deaths and injuries for men are nearly double that for women.
- The fire death rate for African Americans is almost double that of the average population.
- Native Americans have the highest fire death rate of all ethnic groups.

Slow Drains?

You'll never have a slow running, or clogged drain again!

The secret? Clean drains don't run slowly. The "slows", or periodic clogs, are signals that a thick layer of "gook" is choking your pipes. Just like the "ring" that sticks to the side walls of your bathtub, this gook sticks to the inner side walls of your pipes.

Old-fashioned drain openers cannot remove this build up. They run along the bottom of your pipes. Even a small tunnel in the gook lets them flow out to the sewer, leaving the gook behind!

Now you can make your pipes run

like new with **Plumb Clean®**. Not a drain opener, it's an advanced plumbing cleaner. Its revolutionary one-of-a-kind formula attaches and penetrates into the waste. Then, in just one to three weeks, it liquifies years of build up that drain openers can't even reach. Cleans from sink to sewer, not just the trap. **Plumb Clean®** is so effective it is money-back guaranteed!

SAVE MONEY. Because drain openers can't reach the gook on the sides of your pipes you have two choices. Call a plumber and spend \$60-\$120, or save money and use **Plumb Clean®**.

Now don't be fooled by look-alikes. Their label has safety cautions instead of a guarantee. And since they aren't as strong, their directions have you use twice as much. So, if your drains have the "slows", get safe, guaranteed **Plumb Clean®** today!

From the Pulpit

Mountain Tops and Valleys

About a year ago I was visiting with a member of my church who was in the depths of despair. "I hate it in this valley, everything looks so gloomy. Why can't I stay on the mountain top where things look good?" Later, the next day this member was still on my soul when I read Heb. 12:1-2, "...let us also lay aside every weight, and sin which clings so closely, and let us run with perseverance the race that is set before us, looking to Jesus the pioneer and perfecter of our faith..." I wished I could have remembered this passage when I was visiting with my friend. Unfortunately we cannot stay on a mountain top all the time. Unfortunately we must live in the valley. For me the strength of this passage is the commission given to "run with perseverance the race that is set before us. Looking to Jesus the pioneer and perfecter of our faith".

We tend to compare life to valleys and mountain tops. We call our times of despair valleys, and our times of exhilaration and excitement, mountain tops. That may be a legitimate comparison, however I wonder about our trying to maintain or prolong the mountain top experience. If we step back and look at the over all picture we can see the valleys and mountain tops together, sort of like an enormous landscape painting. In the valleys we can see growth, trees, vineyards, fields of crops, animals, houses, and

Bob Green

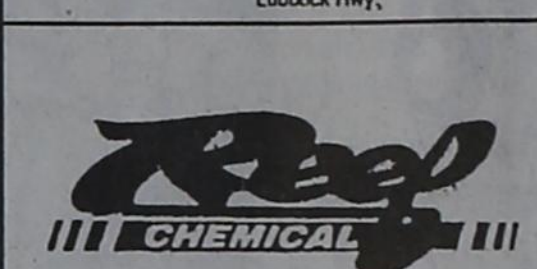

people, villages and all the things that make up our lives and society. But on the mountain top we can see very little growing. It's mostly barren, very sparse. There is one fantastic view alright and we can get a great perspective on all that is below, but we could not live on that mountain top for very long. Eventually we have to go back to the valley, for that's where life is. When we think back upon the hard times of life, or our lowest emotional times, and compare them with our good times, or our high emotional times, we realize that we have learned the most important lessons of life from the hard times. They have taught us perseverance, courage, the power of God, the value of friends, the love of relatives, and faith. The good times are refreshing, exhilarating and a very welcome break from which we can view our growth and take inventory of our lives, but it's the valleys in which we really experience our growth.

If we can learn to "...run with perseverance the race that is set before us, looking to Jesus to perfect our faith..." we can not only endure and become able to lay aside every weight and sin that clings so closely, but we can grow in such a way that when viewed from the mountain top we will be amazed, and pleased.

Yours in Christ,
Bob Green
