Post Notes Founders' Day opens tomorrow

Founder's Day activities, celebrating the role of the oil industry in Garza County's past, present and future, are scheduled for this weekend in Post. Scheduled as part of the three-day celebration are a "black gold" art exhibit, sale and preview party, a senior steer roping competition, an open house/brunch and museum ribbon-cutting ceremony, a quilt show, a dinner and dance, and a community church service.

Activities get under way Friday evening with the preview party for the "Celebration of Black Gold Art Exhibit & Sale" at the Community Center. The party, set to begin at 6:30 p.m., will feature heavy hors d'oeuvres and a cash bar, said exhibit chairperson Marie Neff. Original art, prints and lithographs will also be offered. Tickets to the preview party must be purchased in advance and will be available through 5 p.m. Thursday at the Post Commerce & Tourism Bureau (formerly chamber of commerce) office.

The exhibit and sale will open at 10 a.m. Saturday at the community center and run through 5 p.m. Sunday's hours will be from noon to 5 p.m. There will be no charge for admission.

At 11 a.m. Saturday, the Garza County Historical Museum will be the site of a Founder's Day open house and brunch which will be free and open to the public. Serving as hostesses for the event will be members of the Women's

Division of the Post Commerce & Tourism Bureau. Scheduled as part of the brunch is a ribbon- cutting and dedication ceremony for the museum's newlycreated Oil Room, said museum official and brunch chairman Linda Puckett. The Oil Room project has been under way at the museum for several months. Its purpose is to provide museum visitors with a greater understanding and appreciation of the role the oil industry has played in the history of Garza County and will continue to play in its future.

Proceeds from activities surrounding this year's Founder's Day celebration will benefit the museum and its Oil Room project. Committee members hope to raise at least \$25,000 to benefit the museum and its new exhibit.

At 11 a.m. Saturday, the Senior Steer Roping event scheduled as part of Founder's Day will get under way at the rodeo grounds. Fred Meyers, coordinator for the event, said 40 seasoned seniors from Texas, New Mexico, Oklahoma, Kansas, Nebraska and Colorado are expected to participate in the event, which will be limited to members of the Senior Steer Ropers Association. The organization's members include steer ropers 50 years of

age or older, including numerous past champions. Introduction of the contest's ropers will begin at 11 a.m. and roping is scheduled to begin at noon. Each contestant will rope three steers. Times will be totaled and the top seven Seniors and the top six Super Seniors will be eligible to rope in the Short Round where the championship ropers will be named. Buckles, spurs and other awards will be presented to winners

during the awards ceremony that will follow the Short Round, Meyers said All tickets to the roping event will be \$5 per person. Children 11 and under will be admitted free of charge. The Antelope Booster Club will be handling the concessions on the grounds.

About 50 quilts and quilted items have been secured for use during the Founder's Day Quilt Show to be held at the Arts Center. Quilts of all types - antiques and contemporary offerings - will be featured in the exhibit which began this week and will run through Oct. 3, said event coordinator Opal Rudd.

The show will be open to the public and free of charge. Hours this weekend will be from 10 a.m. to 5 p.m. Friday and Saturday and from 1-5 p.m. on

Sidelining Founder's Day activities will be an extraordinary exhibit of western art, which opened several weeks ago, at the OS Museum. "Images from the West/The Illustrators' Art," from the collection of Tom Ryan, CA, offers free admission and will be open Saturday from 10 a.m. to 5 p.m. and Sunday, 1-5 p.m.

Several additional events will take place in the downtown area over the weekend. In conjunction with the celebration, several downtown merchants are planning "celebration sales," project chairman Leslie Acker said, and other vendors will be setting up for the weekend in vacant downtown buildings. Food and drink vendors will also be on hand.

About 500 tickets for the Founder's Day Black Gold Gala, a dinner and dance event which will feature music by Asleep at the Wheel and country newcomer Blaine Gray, had been sold by mid-morning Tuesday. The event is set to begin at 7 p.m. Saturday at the Rainmaker Stage area of the Old Mill Trade Days Park. Tickets were only available in advance and will not be available at the door.

The evening will include a meal catered by Joe Allen of Abilene; the auction of a three-day trip to Jamaica, provided by Excel Travel; and recognition of the donors to the Garza County Historical Museum's newly-created Oil Room.

Vernon recovering from auto accident

Danny Mack Vernon of Post, who was injured in an automobile accident last Thursday southeast of Lubbock, was listed in stable condition Tuesday at Methodist Hospital, a hospital spokesman said.

Vernon, 33, was injured when the Ford pickup he was driving southeast on US 84 at about 1 p.m. last Thursday struck the back of a tractor-trailer traveling in the same direction, according to Department of Public Safety (DPS) reports. The tractor-trailer was apparently slowing to turn right into a parking lot when the accident occurred just north of the US 84 intersection with Texas 835.

The driver of the tractor-trailer rig was not injured.

Vernon's pickup was badly damaged, with the engine compressed into the cab of the vehicle. He was pinned inside for about 45 minutes and rescue workers were forced to use hydraulic rescue equipment to extract him from the pickup.

Vernon was airlifted to Methodist Hospital and underwent surgery Thurs-

day afternoon, according to reports.

GHD approves budget, tax rate

A new budget and tax rate earned the approval of the Garza Memorial Hospital board at its regular 7 a.m. meeting last Thursday. David Nichols made a motion to adopt the 1998-99 budget as presented. The motion was seconded by David Tyler and carried

Approval of the budget followed a public hearing. Several citizens were present and voiced questions. Answers included explanations relative to why the contracts held between the hospital district and Methodist Hospital, now Covenant Health Systems, had not been put out for bids. It was explained that these are all service contracts and legislation more recent and superseding the legislation creating the hospital district prohibits service contracts from being put out for bid. There was also a question about how EMS scholarships are awarded.

Most of the questions and comments pertained to subjects other than the budget. One citizen stated she was not pleased with the way her tax money was being spent.

The budget approved by the board calls for \$895,547.50 worth of expenditures, including a \$32,500 fee for management agreement expenses; \$20,000, ambulance; \$34,850 for clerical salaries; \$300,000 for the Methodist Clinic contract; \$150,000 for indigent care expenses; \$100,000 for building renovations; \$31,500 for physical plant and maintenance; \$49,000, continuing education; and \$49,653 for tax reevaluation expense.

Revenues expected to be collected in the same fiscal year should total a projected \$895,547.50, including more than \$518,000 in tax revenues.

The tax rate approved for the 1998-99 fiscal year was set at .165 cents per \$100 valuation. Nichols made the motion to set the tax

rate, seconded by Tyler. The vote carried. In other business, the board:

• Was informed that its attorney, Calloway Huffaker, has not been in touch concerning estimates relative to the cost to amend the Garza Hospital District enabling act. He is to be contacted about the estimates in hopes he will be able to present this information at the board's Oct. 15 session.

 Agreed to participate in the Pharmacy Assistance Program on a one-year trial basis.

· Approved action on an indigent application.

· Received several informational items, including copies of a letter from County Judge Giles Dalby and district administrator Maritta Reed to the Bureau of Emergency Management relative to the Level V Trauma designation.

PHS earns "school of the week" honors

Post High School was recently selected as the Whataburger Texas High School of the Week, according to a press release from Whataburger's director of marketing, Jeff Nordstrom.

The Whataburger High School of the Week recognition singles out exemplary Texas high school athletic and scholastic programs. The award was presented to Athletic Director Richard Gorman on behalf of Post High School. Special recognition was made to Coach Darrell Daily. Additionally, students Jay Gorman and Kasey Hardin were recognized for their outstanding achievements in academics and sports.

The school and the individuals recognized were recommended for these honors by the athletic director, Nordstrom said.

"Post High School should be proud of its academic and athletic programs," he said. "Winning this award is a way of recognizing the great teams and programs of both the Texas High School Coaches Association and the Texas educators."

Profiles of the school, coach and students will air over the Texas State Networks (TSN), an affiliation of 137 radio stations throughout the state, during the week of Sept. 28. Broadcasts can be heard every weekday morning at 9:06 a.m., locally on KKAM 1340 AM. In addition to the statewide radio promotion provided for each winning school, Whataburger Inc. honors the school, coach and students with a certificate of recognition and a \$500 team meal credit through its Charge Sale Program. The program was established by Whataburger as a convenient way for schools to feed their teams when traveling to competitions.

"We think it's important to recognize the individuals and coaches in this case in working with the kids, both in the sports and the academics that's involved," Nordstrom said.

"We think it's important to recognize the individuals and coaches in this case in working with the kids, both in the sports and the academics that's involved," Nordstrom said.

To be nominated for the Whataburger Texas High School of the Week award, Texas high schools submit profiles of their most outstanding athletic achievements, sports programs and accomplishments of their top male and female scholar/ athletes. Honorees are selected by TSN representatives based on athletic department performances, the school's reputation and overall coaching staff, Nordstrom said.

Stadium fall leaves young girl uninjured

A four-year-old Post girl who fell from the top of the bleachers at Antelope Stadium earlier this month came away from the accident without apparent injury.

'Amanda Duran, daughter of Mr. and Mrs. Armondo Duran, was at the football field with her parents, watching a flag football practice, when the incident occurred at about 7:45 p.m. Sept. 14. The child said she was walking along the top of the bleachers, holding onto the rail, when she accidentally slipped and fell.

She fell approximately 16 feet, landing face down.

Although she suffered no apparent injuries, the child was taken by ambulance to Lubbock's Methodist Children's Hospital for observation. She was released three days later after physicians found no sign of

4-H Fashion Follies

Garza County 4-H members have been busy constructing garments and participating in the Clothing Project over the last two months. Most of the members are first-time 4-H'ers as well as first-time sewers. Each of the nine youth participating have been involved in creating a "drawstring pouch" as part of the group project. Members have been sewing at the Extension Office and the Post High School Clothing Lab. Adult volunteer leader, Karleen McDougal has been providing guidance to the youth.

Garza County 4-H members are preparing for the "Fashion Follies" at the South Plains Fair scheduled for Sunday, September 27th at 2 p.m. The "Follies" will be held at the fair coliseum and the public is invited to attend. Participants will be modeling a garment they constructed or purchased as a result of their 4-H clothing project. This year's theme is "Kick Up Your Heels."

Participants from Garza County include: Christin Collier, K'Nell Dalby, Kylie Easterling, Janice Ham, Claire Kirkpatrick, Monica Lopez, Yuri Lopez, Steffi Norman, and Josie Whisenhunt. The youth should be very proud of themselves. I am.

4-H Food & Nutrition Project It's time once again for the 4-H Foods & Nutrition Project in Garza County. This year, project meetings will be conducted on Tuesday's after school at 3:30 p.m. The first meeting for the group took place on Tuesday, September 15th, with twenty-one attending.

The Foods & Nutrition Project is open to all Garza County 4-H members, including Clover Kids (younger than 9 years of age). The Foods Project is an educational opportunity for youth to learn more about the Food Guide Pyramid, principles of food and nutrition, acquire and demonstrate skills in planning, purchasing, preparing and serving nutritious meals. During the project meetings, youth will be preparing different foods from each of the food groups and learning more about healthy food choices for the entire family.

In late October or early November, Garza County youth will enter and participate in the "County Food Show." This is a competitive event and youth will choose one recipe that they want to exhibit. The recipes should be easy to understand and something the youth can prepare on their own. Along with preparing their recipes, youth will be asked questions from one to two judges. Age divisions for the Food Show are Junior I (3rd grade or 9-10), Junior II (11-13) and Senior (14 and up). Categories for the Food Show include: Main Dish, Fruit & Vegetables, Bread & Cereals, and Nutritious Snacks.

First place winners from each of the divisions/categories will advance to the District Food Show on November 21st in Levelland to compete with winners from the twenty-county area in District 2. Senior winners, age 14 and up will then advance to the State Food Show, next year during Round-Up, in June at College Station.

If anyone is interested in joining the project, and was unable to participate in the prior group meetings, please call or come by the Extension Office.

Extension programs serve people of all ages regardless of socioeconomic level, race, sex, color, religion, disability or national

Founders' Day Service

Darryl Smith, First Baptist Church

The churches of Post will have the opportunity to worship together Sunday when the annual Founder's Day worship service begins at 11 a.m. at the elementary school auditorium. Churches from all faiths will be participating. Different ministers will be leading the service.

The local churches have been asked to let out their own services in a show of unity across denominational lines. A love offering will be received for MAD DADS and "Da House" teen center.

Luke records the sense of unity of the early church in Acts. "...they were all with one accord in one place... Now all who believed were together, and had all things in common (Acts 2:1, 44)."

I pray the same can be said of believers in Post in the days to come. We do not all have to be alike, but we do serve the same God -- and that makes us brothers and sisters. So remember that the family will be getting together this Sunday. Hope to see you there.

DIZZINESS

Feeling lightheaded, faint and unsteady, sound familiar? Dizziness is the third most common reason patients over 65 see their provider and the single most frequent complaint of patients over 75. The sense of balance is complex and depends on messages

received from all over the body, literally from hair cells in the inner ear, all the way down to nerve receptors in the feet and many points in between. Another troubling sensation related to dizziness is vertigo, which is the feeling that the body or the environment is spinning in space. Causes can be as simple as an ear infection or incorrect

prescription for corrective lenses. Medicine can be the culprit as many of the elderly are on multiple medications. Other causes are: hardening of the arteries, anemia, head trauma, TIA, depression, anxiety, and rarely, tumor activity in the brain.

Two of the most common causes are orthostatic hypertension (OH) and Meniere's disease. OH is an easily managed condition in which blood pressure drops suddenly when one stands up from a seated or reclined position. Meniers's is an increase in fluid in the inner ear. Although poorly understood, it is believed to be caused by a viral infection and a malfunction in the immune system. It is almost always treated by a simple medication and many times resolves spontaneously.

While usually easily treated, dizziness should not be ignored. The chance of a more serious underlying condition needs to be ruled out by a medical provider and in the mean time the risk of a fall and subsequent injury is just not worth a new pair of glasses or a simple change in medications

No one could help but be moved several months ago by the pictures of the deaf and mute immigrants from Mexico who were allegedly forced to work on the streets of New York City. No doubt they lived in terrible conditions and were subject to exploitation. If you had asked them whether they preferred that situation to their lives in Mexico, you might have been surprised by their answer.

States or they would not have made the risky trip. What's more, in laws, those victims of government policy would be alive today. time they might have achieved a better life. Earlier generations of their children prospered. Nevertheless, there is no denying that those wretched souls were at the mercy of those who smuggled them into the United States and those for whom they worked.

What has not been noticed, however, is that the smugglers and exploiters had accomplices without whom they could not have carried out their schemes: Congress, the president, and the Immigration and Naturalization Service. The indispensable assistance these officials rendered was in the form of a legal barrier to the free movement of people into the United States, the right to emigrate here. We see many instances of what can be called the Law of Black Markets.

If government attempts to outlaw a peaceful activity that people want to engage in, that activity will continue but under more horrendous conditions than previously. Take the 1920s Prohibition. People didn't stop drinking alcohol. But the liquor industry moved into the in those offenses. underworld. Violence connected with the trade abounded.

Law-enforcement was corrupted by the black-market profits that Foundation in Fairfax, Va., and editor of The Freeman magazine. reflected the risks of making and distributing liquor. The same can be said of the prohibition of narcotics and other drugs. How does this relate to immigration? Although immigration is not outlawed, it is restricted. Many people who want to come to the United States cannot do so legally. Yet human nature pushes people to strive for better lives, and they don't stop just because government says so. They will merely seek other ways to get here.

As a result, immigrant smugglers will arise to provide a service for which people will be eager to pay dearly. Employers will offer them low-level jobs when they reach the United States. This is simply a matter of supply and demand. The problem is that because the activity is illegal, smugglers and employers have a handy means of exploitation at their disposal: they can threaten either to report the immigrants to the INS or to return them back to their native countries and living conditions.

A penniless person in a strange land with a strange language would find it difficult to resist exploitative demands made by someone with that kind of power. It puts immigrants at a steep disadvantage regarding the terms of employment and living conditions. Promises can be broken with impunity. Illegals obviously have no recourse to

the legal system unless they wish to be sent home.

But let us be clear about the source of that power to exploit those vulnerable people: it is the immigration laws passed by Congress and enforced by the INS. Thus, they are accessories before the fact in the exploitation of the Mexicans in New York City, as well as in the deaths of other illegal immigrants who, for example, suffocate in cattle cars They must have seen the potential for a better life in the United while hiding from immigration agents. Without the immigration

The debate over immigration has raged for years. Opponents immigrants had it tough, but they came here willingly, and they or attempt to worry the American people with tales of immigrants committing crimes and taking welfare. The culture of the immigrants is said to be a threat to American culture. These are red herrings. If the government didn't tax productive American people to provide welfare, no one could go on the dole. Immigrant crime should be treated the same as citizen crime. As for the culture, it is robust precisely because it is an open mixture of so many elements.

Immigrants enrich American culture. The policy debate, mired as it is in statistics, misses the key points. First, the freedom to move about peacefully is a natural right. Second, it is human nature to strive to better one's condition. As long the government tries to thwart that natural inclination through immigration controls, we will continue to see the degradation, exploitation, and death that surfaces from time to time. And the federal government will continue to be an accomplice

Clinton and future presidents

by Walter E. Williams

President Clinton's peccadilloes, lies to Americans, acts of perjury,

likely obstruction of justice and abuse of power, and the scorched earth defense he and his allies have chosen, have potential for greater harm than anything President Nixon did.

Let's look at just a bit of the Clinton scandal and ask ourselves whether we want Clinton's tactics to become a pattern for future presidents. Given the continuing

public support for Clinton, we might also ask what has become of our standards and values.

Regardless of what we think about Kenneth Starr, his investigative powers are lawful. He has exercised no power that wasn't first given to him by the U.S. attorney general and a three-judge panel. If Starr abuses his powers, he can be instantly fired by the attorney general Should we accept as permissible behavior a president's, or other elected officials', sending out of people to attack the integrity and undermine the work of a duly appointed court officer?

Should we also accept the idea that witnesses, who testify against or charge a public official with crimes and misdeeds, should have their personal lives investigated in an attempt to dig up dirt so as to impugn their character, as the president has done in the cases of Kathleen Willey, Paula Jones and Gennifer Flowers?

What about the White House attempted rope-a-dope, saying that requiring Secret Service agents to testify puts the lives of future presidents in jeopardy? Starr didn't want Secret Service testimony about national or international policy discussions they may have overheard. He wanted them to testify about misdeeds they may have witnessed in the White House. Judges struck down the White House's specious privilege claims, but you don't have to be a legal scholar to recognize the nonsense. Never in our history has there been an assassination or attempted assassination in the White House.

For many politicians, there's little they wouldn't stoop to in order to advance or protect their political careers. However, for over 200 years the nation's moral values have stood as a shield against corrupt elected officials infecting the body politic. That's changing, as a result of a generalized national moral decline, ignorance and successful White House spin.

Consider our new moral priorities. There was considerable public and media condemnation of Linda Tripp for having secretly taped conversations with Monica Lewinsky. Very little outrage was exhibited about the attempt to get Tripp to commit a felony (perjury) to protect the president. Apparently, for today's Americans, secretly taping a friend is far more worrisome than a president using his powers to cover up corruption.

What about the popular public sentiment shared by the president's defenders and many in Congress that if Clinton only lied about sex he shouldn't resign or be impeached. People who express this view are really arguing that in the case of the Clinton-Lewinsky scandal the rule of law should be suspended and substituted by mob rule. Perjury is the criminal offense of making false statements under oath. From my scant legal knowledge, there are no instances where perjury is not criminal, even if it's about sex.

The Clinton presidency might have two more years of life; quite possibly the nation can survive an immoral and dishonest presidency. The more important issue is whether we are going to allow Clinton's cover-up and abuse of power to establish a pattern for future presidents. You can bet the rent money that if Clinton gets away with this, some other president will become more arrogant and abusive.

Why Not Open the Borders?

Thirty years ago, Democrats and Republicans sent 60,000 men from my generation to their deaths in an undeclared war in Southeast Asia. The rationale? To save people from the horrors of communism.

Apparently communism is not so horrible anymore. Today, if Cuban citizens flee communist tyranny, the biggest danger they face is the United States government's forcible repatriation of Cuban refugees into communist tyranny.

Of course, this is only one of the many ways that Democrats and Republicans abuse and mistreat Hispanics. For decades, they have jailed illegal immigrants for committing the heinous crime of crossing the border in search of work. They also arrest and prosecute American citizens for giving work to illegal immigrants. INS deportation raids on both homes and businesses leave nothing but tears and anguish in their wake.

Is all this necessary for a nation that takes such great pride in the Statue of Liberty? We Libertarians don't believe so. Why not simply open the borders to both free trade and open immigration? Why shouldn't people be free to travel, trade, visit, and engage in peaceful

"But everyone would come to America." Not likely. It is extremely difficult — financially, emotionally, and culturally — to pull up roots, leave family and friends, and move to a foreign country, especially one in which people speak a different language. That's why many immigrants soon return to their homelands. Those who come and stay are usually the risk-takers —those who are willing to give up security for the chance of improving their lot in life. They should be cherished, not punished, for they bring a vitality that energizes a society. Moreover, the removal of American trade restrictions against other countries - like the embargo against the Cuban people - would increase economic prosperity in those countries, diminishing the economic incentive for people in those countries to migrate.

"They'll take jobs from Americans." On the contrary — immigrants create jobs for Americans! While often displacing Americans in lowerechelon jobs, their consumption of food, housing, cars, electronics, and other goods and services develop higher-echelon jobs for Americans

"They'll go on welfare." Then Congress should prohibit them from doing so and punish any bureaucrat convicted of distributing illegal welfare. There is no constitutional requirement that foreign citizens be entitled to use government to plunder the wealth of American citizens. Anyway, as many Americans have discovered, government welfare is a political drug that destroys the human spirit. Immigrants, like Americans, are better off without it.

"They'll burden government services." Then privatize them. Notice that it's always the public sector — public schools, public hospitals, public roads — that complains about too many customers. When was the last time you heard Microsoft, Sears, Disney, or McDonalds complaining about too many customers?

"They'll pollute our culture." American culture should be one of freedom —one in which everyone is free to pursue any cultural interest he wishes. After all, it was America's culture of freedom that motivated the French to give us the Statue of Liberty.

Open borders would not only raise the standard the living of both foreigners and Americans. It would also help to restore a sense of morality and civility to American society. How can it be considered moral and civil to forcibly repatriate people into communist tyranny? To incarcerate people for wanting to work? To punish employers for hiring them? How can any of this be reconciled with loving thy neighbor as thyself?

A decade ago, one of the ugliest walls in history was torn down. It is time to tear ours down as well. We don't need governmental barriers that separate families, friends, and businesses. We need abrazos and handshakes that bring people together.

Laws that forbid the carrying of arms... disarm only those who are neither inclined nor determined to commit crimes... Such laws make things worse for the assaulted and better for the assailants; they serve rather to encourage than to prevent homicides, for an unarmed man may be attacked with greater confidence than an armed man.

Homecoming victory keeps 'Lope fans smiling

by Wes Burnett

Post Antelope fans were a little nervous early in the game last Friday when Eagles.

sweep and a classic downfield shield by Clell Knight, Jefferson took the wind out

Braden Conner's point after kick tied the score, and the 'Lopes cruised through the first half with another 13 points, leading 20-7 at halftime.

On Roosevelt's second possession, the Post defense figured out how to stop the Eagles, who used the power running of Jeff Jackson, behind a solid wall of huge linemen. After an exchange of punts, early in the second quarter, the 'Lopes took the lead at the end of a three play drive.

from the 22 yard line to the four, with aggressive pass rushing by Rocky Gomez, Roosevelt was to get. who sacked Eagle quarterback Chad Hardy on third down. The punt was taken by Braden Conner at the Eagle 38, returning it to the 24.

Johnny Jefferson took the ball around right end to the 11 and quarterback Jay Gorman dazzled defenders with his stutter-step to the one. The ball popped loose, but Conner alertly fell on the ball. Billy Crawford got the call over left guard, 25. standing up in the end zone for a 13-7 lead with 8:27 left in the first half. Conner's An impressive drive was capped early in the fourth quarter, putting the 'Lopes kick added one more for a 14-7 Antelope lead.

Another strong defensive effort stifled the Eagles, with Clay Ashley, Clinton Curtis, Matt McCallister and Crawford leading the pack. Conner took the punt at the Post 27, but lost the handle. Eagle fans cheered, Antelope fans wondered. It didn't take long for the question to be settled, as the 'Lope defense smothered Roosevelt, forcing the Eagles, along with one penalty, back to the Post 40 yard line for a fourth down punt. Defensive highlights included gang tackling, a Soto sack of the quarterback, and heavy pressure on a third down incompleted pass

The offense took the ball at their own 15 yard line when the punt rolled out of bounds, with 5:04 left in the first half, but was unable to sustain the drive, punting on fourth down to the Eagle 31 yard line. The 'Lope defense went to work one more time, and on third down Ruben Gomez hit Roosevelt's Jackson, the ball popped loose and Johnny Jefferson pounced on it for the 'Lopes at the 30.

Longhorns look, behave like Antelopes

by Wes Burnett "I thought we had a terrific game defensively," coach Richard Gorman says about last Friday's 34-14 win here over Roosevelt. "However," he added, "it's obvious that we need to work on containing those big plays." The coach was referring to Roosevelt's two scores, which came on two long running plays.

Gorman was particularly pleased with the defensive efforts of Rocky Gomez and Clay Ashley, "they really had an outstanding game." The coach also emphasized that the overall team effort by all players is showing on the field. "We are blessed with a bunch of young men who really work as a team," he added.

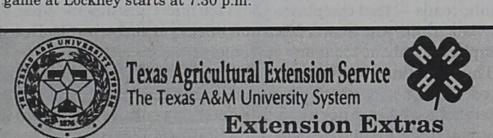

"And we didn't turn over the ball, as in previous games," he said. "We need to work on our pass protection, but overall, the offense played exceptionally well. Our linemen showed their quickness and skills against a much bigger opponent." The coach pointed to Roy Soto and Luke Williams for their blocking accomplishments.

Soto, who has undergone dental work this week, may not be able to play Friday at Lockney. Adrian Gonzales and Bill Doser, both recovering from injuries, will

not see action Friday. The Lockney Longhorns look like the Post Antelopes. "It's like looking in a mirror," Gorman explained, "they run the same offense and defense, have about the same size, speed and quickness." The coach says the game will be a test of which team makes the least mistakes and which team can make the big plays. Lockney has only two starters returning from its championship team of 1997, when the Longhorns made it to the quarterfinal game, losing to state champ

"We are about as evenly matched as any two teams can be," Gorman concluded. The game at Lockney starts at 7:30 p.m.

Second Half Action

A slight miscue early in the fourth quarter changed the tone of the game for the 'Lopes when Eagle fullback Jackson broke out of a pack of defenders at the 50 yard line, and raced untouched to the end zone, closing the gap at 20-14 after the The drive was set up by a stiff defensive stand which pushed the Eagles back extra point. With 9:54 on the third quarter clock, that was all the scoring

The 'Lope offense couldn't sustain its next possession, but the defense rediscovered its strength, and cut short an Eagle threat on fourth down at the Post 23 when Michael Ulm intercepted a pass. McCallister had pressured the quarterback and the ball floated into Ulm's hands at the 15, returning it to the

on top 26-14 with 8:39 left in the game. The drive covered 75 yards in 13 plays, eating up a big chunk of time. Crawford and R. Jefferson carried the load at running. The drive was highlighted by a fourth down pass play from Gorman to Crawford at the 12 yard line. On second down Gorman faked inside to Crawford then threw the ball over the heads of defenders to Knight, who was all alone in the end zone. The two point conversion was a pass over in the left end zone to Daniel Fluitt.

Following the kickoff, Knight forced a Jackson fumble, which was covered by Frank Reyna at the Roosevelt 33 yard line. Operating smoothly and on all cylinders, the 'Lopes took advantage of the turnover in three plays, scoring on a quarterback keeper from the 28. With 7:56 left in the game, the 'Lopes took the lead at 34-14, with the extra point kick sailing to the left.

The Eagles got one more chance, but were stuffed on a fourth down desperation effort at the Post 47. The reserves came for Post to polish off the win.

J.V. defense stuffs Roosevelt in 44-14 win

The Post High School junior varsity squad put together a 44-14 win over Roosevelt last Thursday.

According to the coaching staff, Post played a "very good defensive game." The Antelopes started on defense and shut down Roosevelt's first drive. Post returned the punt 30 yards and moved the ball inside Roosevelt's 30 before being stopped on fourth and 1. Post did score on their second possession of the game. Two Joey Cimental to Cody Zachary passes set up a one-yard dive by Michael Huff, who also added the extra point for an 8-0 lead.

Post moved the ball well again on their third drive. Cimental once again found Zachary for a 40-yard touchdown strike;. Cimental hit Huff for the extra point and Post led 16-0 at the half.

The 'Lopes took the second half kickoff and marched 65 yards for a score. Huff stepped in as quarterback and found Jamie Collazo for a 41-yard bomb. The PAT failed and the score was 22-0.

Roland Castaneda found the end zone on a 35-yard run on Post's next possession. Brandon Perez converted the point after to give Post a 30-0 lead. Roosevelt's two scoring opportunities came about as a result of "mental mistakes" -- they threw a halfback pass for a touchdown and on the ensuing kickoff, the ball bounced off the helmet of an Antelope and Roosevelt recovered,

quickly moving 20 yards for the score. The score stood at 30-14. The remainder of the game was a different story. Allen Bell and Jaime Collazo each had an interception and Roland Casteneda recovered a fumbled kickoff. Eugene Bell also logged a fumble recovery.

The Antelopes put together two more successful drives that resulted in points. Huff bootlegged around left end for 10 yards and the touchdown. Adrian Serrano added the conversion. Eugene Bell finished out the scoring on an 11-yard run. Individual rushing for the 'Lopes was as follows: Castaneda, 11 for 105; Huff, 15 for 70; Jonathon Curtis, 9 for 66; Serrano, 6 for 18; Bell, 2 for 12; Collazo, 1 for 17; Waylon Strawn, 1 for 2. Passing: Cimental, 4 for 6, 66 yards; Huff, 1 for

The offense raked in 290 yards on the ground and 100 yards passing. The 'Lopes defense had two sacks and eight plays for negative yardage,

allowing Roosevelt only 64 yards net. Forty of those yards came on a single play. "Another fine effort by the guys," said the coach. "They have great effort and are continuing to make improvement each week, both offensively and defensively." Singled out by the coach for a "great game" were Steve Norman, Steve Martinez, Joey Cimental, Allen Bell, Jaime Collazo, Jonathan Smith, Hector Reyna, Abel Reyna and Cody Zachary. Registering sacks in the game were Martinez (two), Norman and Abel Reyna.

The junior varsity will face Lockney tonight at home and will travel to Hamlin

8th graders win 24-8

Post Middle School's eighth grade 'Lopes bested Roosevelt by a score of 24-8 in a game played at Antelope Stadium Thursday.

Post's first score came on a three-play, 29-yard drive capped off by an 11-yard touchdown run by Brandon Bell. Bell finished off the scoring effort with a threeyard run into the end zone for a two-point conversion, making it an 8-0 game.

The scenario was much the same in the second quarter when Bell ran 17 yards for another touchdown on the third play of a 25-yard drive. Brody Robertson lobbed a three-yard pass to Noah Gutierrez for the two-point conversion. The score at halftime was 16-0.

After a scoreless third period, Post put together another three-play drive, rolling 24 yards to another Bell touchdown. This one came on a six-yard run. The two-point conversion, a pass from Robertson to R.C. Reed, was good, making it a 24-0 game.

Roosevelt scored late in the final period. "Everyone on defense played great," said Coach Darrell Radle. "Roosevelt had 89 total yards, about 40 of that was late in the fourth quarter.

"Our offensive total was only about 200 yards because we usually started inside

their 40 (yard line)." Cited by Radle as offensive standouts in the game were Luis Zubia, Brandon

Bell, Daryl Dissinger, Chase Miller, Tyler Bennett, Tye Mason, Brice Easterling and Seth Redman. Defensive standouts were Joey Barrera, Lance Curtis, Codie Fox, Felix Valdez, R.C. Reed, Jason Estrada, Ismael Estrada, Pablo Perez and Ronnie Parrish.

The team's next game will be today at Lockney.

tomorrow just as well.

7th grade whips Roosevelt 24-0

The Post Middle School seventh grade Antelopes scored another win last week, posting a 24-0 victory at home over Lubbock Roosevelt.

Fullback Mitchell Mills scored on runs of 80 and 62 yards and on a 67-yard pass from quarterback Brody Conner. Mario Gomez added a 50-yard touchdown run of his own. All four conversion attempts were unsuccessful.

Linemen Langley Couch, Chessuaf Garcia and Kyle Gunn led the offensive charge with their blocking, Coach Morrow said. Leading the way defensively were inside linebacker Mark McCallister, defensive end Kris Hernandez and free safety Daniel Simental. Defensive back Frankie Orona and defensive end Jerry Curtis provided quality minutes in backup roles.

Mills finished the game with 162 yards rushing. Gomez had 50, McCallister had 18, Josh Cross, 25, and Simental, three. In passing, Conner was 1-2 with 67 yards, no interceptions and a single touchdown. Francisco Duran was 0-1. Mills caught the only successful 'Lope pass in the game. Post finished the game with 325 total yards of offense and limited Roosevelt to 64. The team's next game is today at Lockney.

Nurses aide course begins Oct. 19 at SPC

An 80-hour certified nurse aide course begins Oct. 19 at South Plains College.

"This 80-hour course teaches students the necessary skills to work in long-term care, home health and hospital environments," said Jim Walker, dean of continuing and distance education.

Classes will meet 5:30-9:30 p.m. Monday through Thursday through Dec. 11 in the Technical Arts Building, room 112. Clinical instruction is scheduled 8 a.m. to 5 p.m. for three Saturdays at a location to be announced.

Tuition is \$250 and state exam fee is \$64.75. Instructors will be Phillip Bray LVN and Karen Daniel LVN.

On completion of 56 hours of classroom and 24 hours of clinical instruction, students will be required to take the State of Texas Certified Nurse Aide Competency Exam.

Students must provide proof of immunization for MMR, tetanus and have a current TB test. Enrollment is limited to 16 students
