BOVINA, TEXAS

VOL. IX, NO. 14

WHITTILIN'

BY DOLPH MOTEN

Election day is less than a month away.

If you haven't selected a set of candidates to vote for yet, we'd like to recommend those of the Democratic Party, headed by President Lyndon B. Johnson and his vice presidential running mate, Senator Hubert Humphrey.

During the few months he's been in the White House, President Johnson has a record of unusual success in guiding the country. Following his election on Tuesday, November 3, there's no reason why such success won't continue at the same impressive rate.

Johnson deserves the support of all his fellow Texans in the forthcoming election.

Vote for Johnson-Humphrey, and the rest of the Democratic slate, you'll be glad you did.

This week we questioned a Parmer County farmer about how the election would go in his community -- he doesn't live in the Bovina school district or voting precinct.

"I don't know," he admitted, "but then I never have understood why people in this farming country would vote anything but Democratic so there's no use in me trying to figure out how many will vote otherwise, nor why."

Another politically-minded visitor was in our office during the past few days. Jim Dixon, the Rhea farmer who is county Republican chairman, paid us a visit and offered us a Goldwater bumper sticker.

We thanked him for his offer in declining it... and enjoyed conversing with him. This was our first occasion to meet Jim although we knew who he was and had heard of him, of course. Aside from his political views, he is a fine fellow and attended one of the state's most outstanding colleges.

We asked him why Bob Price, the Republican candidate for Congressman from this district, avoided Bovina on his campaign tours.

He pointed out that it was his impression that Bovina was a strong Democratic community and he didn't figure it would help much for Price to campaign here.

Frankly, we didn't know whether to be flattered or hurt by that bit of reasoning.

We had noticed, though, that Price never listed Bovina among his planned campaign stops when he was to be in this area though Farwell and Friona seemed to always be included in his plans. Dixon said, however, that Price made a brief, unscheduled stop here several days ago.

It appears that Price expects no support from this voting box in his bid for Walter Rogers' Congressional seat... and we see no reason to disappoint the man.

Rogers is certainly deserving of being returned to his post in Washington, where he has earned valuable seniority in the House of Representatives.

Our guess is that Rogers will have an even easier race this time than he did two years ago against Jack Seale, the Republican candidate from Amarillo. Seale, however, campaigned in Bovina, for whatever it was worth to him.

This milo harvest is going to be another of those that's over before you know it. In spite of the vast amount of acreage planted to milo in our county, it can all be cut out in a hurry, weather permitting. It appears from here that harvest is going to be over before we realize that it's fully underway.

A lot of farmers are turning their milo stubble under as quickly as the combines take the grain off the stalks, we've noticed. This is a good practice, we understand, but one which was not practiced to a great extent prior to the past few years.

The sooner the stalks are plowed under, the more organic matter is returned to the soil. That's good if the farmer doesn't have a more valuable use for the green stalks.

(Continued on page 2)

KICKOFF TIME: 7:30

First District Tilt Friday At Texline

District football action begins for Bovina Mustangs Friday night when they go to Texline to do battle with the Tornados. Kick off time is 7:30 p.m.

This is the first time for the North Pahandle team to be in the same district with the Mustangs. District re-alignments after last season put the Tornados in this conference.

Texline will be favored in the tilt which is the opening district encounter for both teams. The Amarillo Daily News has the Tornados rated third among Class B teams in the region while the Mustangs are classed 10th by the publication.

Texline has a record of 2-0-1 to compare with Bovina's 1-3 mark. They defeated Roy, N. M., 12-6, Walsh, Colo., 22-6, and tied another Colorado high school.

Pointing out that his team will be the underdog, Mustang Coach Roy Stone says, "We have a chance to win if we can stop Texline's Sheets boys." Keith Sheets is a 175-pound senior quarterback, and Lynn Sheets is a 179-pound sophomore fullback.

Coach Stone says he hopes his team "jelled" in the second half of last week's game against Meadow when the Mustangs pulled the game out of the fire to pick up their first win.

The Mustangs will be in better shape from an injury standpoint than they have since the season opener. David Anderson, the starting quarterback prior

to his injury in the Farwell game, is ready to return to action. He will probably play at a halfback position, Stone says, with Scotty Rundell, Anderson's replacement, continuing at the signal calling slot.

Halfback Richard Carson, who received an ankle injury in the Amherst game and was out last week, isn't expected to play in the Texline encounter. Carson is, however, the only member of the squad who

is not expected to be physically ready.

"If we play like we did the second half against Meadow, we can stop them (Texline)," the Bovina coach predicted. He had high praise for all members of the team for their part in the second half comeback last week. "It would be hard to name individual standouts," he said, "They all played well." *****

School will be dismissed at 2 Friday afternoon so students will have time to get to the game. Distance to Texline is approximately 175 miles.

The team will eat about 11, Coach Stone says, and will depart shortly before noon.

Bovina fans are reminded that starting time of this week's game is 7:30. Previous games played by the Mustangs this season have been at 8.

AS BAPTIST PASTOR --

Rev. Ferguson Resigns Position

Rev. John Ferguson, pastor of First Baptist Church of Bovina for the past five years, submitted his resignation Sunday.

The popular pastor will leave Monday of next week to assume duties as minister of First Baptist Church of Denver City. "Brother John," as he is known throughout the community, came here in November of '59 from the First Baptist Church of Kress.

There have been a total of 184 professions of faith in the local church during Rev. Ferguson's tenure. He points to this as a highlight of his ministry here. Average attendance in Sunday School has increased from 220 to 270 during the time he has been here. This figure increased to 305 when the Mission total is included. First Baptist Church now has a total membership of 555. The present church building was constructed under the leadership of Rev. Ferguson. It was completed in June of '60.

Total church receipts during his five years are \$235,530.27. Of this total, \$39,215.11 was designated for missions.

The church membership is expected to elect a pulpit committee tonight (Wednesday) to begin the process of obtaining a new pastor.

The church at Denver City is approximately twice as large as the one here.

In his statement to members of the church Sunday, Rev. Ferguson's words were:

"After having been your pastor for nearly five wonderful years, and feeling the call of God to accept the pastorate of the First Baptist Church, Denver City, I offer my resignation as your pastor effective Monday, October 12th.

"With the resignation I would like to express my own personal appreciation along with that of my family for every act of kindness, every expression of your love toward us, and every moment of cooperation that you have given us. "May nothing but our precious Lord's blessings be upon each of you."

Also, the pastor commented in regard to the community, "Bovina has been good to us

and I greatly appreciate the opportunity of having served here. Our wishes for the com-

munity are the very best."

Rev. Ferguson succeeded Rev. Jack Jeter as pastor here.

REV. JOHN FERGUSON

AT BHS --

Students Join Honor Society

Several students in Bovina High School were initiated into National Honor Society, Monday morning in assembly at school.

To be a member of the society students must have a grade average of 90 or more.

Mrs. Francis Clark is sponsor of the organization which was started here last April. Those initiated Monday were Patsy Lloyd, Sandra Patter-

son, Lynn Looney, Tonya Ivy, Patsy Cumpston, Nancy Pewitt, Judy Strawn, Billy Minter, Gary Beauchamp, Linda Estes, David Anderson, Gregg Wilson, Alex Orlovsky, Mary Dane, Gwen Christian, Janice Hawkins, Carolyn Wilkerson, Brenda Pruitt, Martha Snodgrass, Connie Vaughn, Lane Gober, Gail Boyd, Karen Beauchamp and Suzanne Ferguson.

JAYCEE MEETING -- John Meador, member of Hereford Junior Chamber of Commerce, is shown speaking to a group of Bovina young men interested in forming a Jaycee chapter here at a meeting Thursday night. Other Hereford Jaycees, in striped vests, are Jerry Fowler and Bob Rott. Sid Killough is at left and Bobby Fillpot is next to him.

MEETING THURSDAY NIGHT --

Jaycees To Organize Chapter In Bovina

A Junior Chamber of Commerce chapter will be organized in Bovina.

That decision was made at a meeting of 11 young men of the community Thursday night in Bovina Restaurant.

The organizational meeting is scheduled for tomorrow (Thursday) night at 8 at the same location.

Eleven young men from here attended the meeting and voted

to form the Jaycee chapter. Meeting with them were six members of Hereford Jaycees who will assist with the organizational process here.

The Hereford men explained how the civic organization works.

All men between the ages of 21 and 35 are welcome to attend the organizational meeting tomorrow night.

Temporary officers elected last week were Bobby Fillpot, chairman, and Alfred Moody, secretary.

Plans call for the local chapter to affiliate with the state and national Jaycee organizations.

Those present last week have been working to insure a good turnout at this week session.

David Everett Buried Tuesday

David E. Everett, 28, of Muleshoe, died Sunday night in Veterans Administration Hospital in Amarillo. He had lived in Muleshoe seven years after moving from Bovina.

Everett was graduated in 1954 from Bovina High School.

He was employed by a sporting goods store in Clovis and was a member of First Baptist Church.

Survivors include his parents, Mr. and Mrs. R. E. Everett of Muleshoe, and a sister, Jan, of the home.

Funeral services were conducted Tuesday in First Baptist Church with Rev. Don Murray, pastor, officiating.

Burial was in Bailey County Memorial Park Cemetery under the direction of Singleton Funeral Home.

Everett's father was high school principal here for several years in the '50's.

Weather by Willie
Looks like frost by Monday morning. Mostly dry this week.
--Willie

LADY WINNER -- Mrs. M. H. Carson and daughter Joan are shown with Mrs. Carson's first place football contest \$5 check. She was the only one of 117 contestants last week to name 10 winners in the contest. Her winning efforts also put her in a first place tie with three others for the grand prize.

MRS. CARSON WINS FIRST --

Women In Command Of Football Contest

Women have just about taken over Bovina Businesses Cotton Bowl Football Contest. They captured three of four weekly prize money places last week and three are tied for first place in the race for the grand prize.

Taking first place and \$5 last week was Mrs. M. H. Carson, who was the only contestant out of a total of 117 to name all 10 winners.

Finishing second was Melvin Terry. He will receive a \$3 check. Tying for third place and dividing a \$1 prize were

Flossie Rhinehart, a previous first place weekly winner, and Linda Estes.

Each of the money winners except Mrs. Carson named nine winners and the placing were

decided by the tiebreaker score. Terry was only two points off on it, predicting the game's outcome to be 14-20 in favor of Bovina. Actual score was 12-20. Mrs. Rhinehart and Miss

Estes were each 14 points off. Those three were the only contestants to name nine winners. A total of 11 picked eight as 27

had seven, 38 had six, 26 named five, four picked four correctly, four had three, two had two right and one named only one.

A total of 117 entered the contest.

Four people are tied for the lead for the grand prize which is an expense-paid trip for two to the Cotton Bowl in Dallas January 1. They are Bill Ellis of Friona, who has been in first place or tied for the top spot each of the five weeks of the contest, Mrs. Carson, Jeanne Kerby and Mrs. Rhinehart. They

each have a total of 36 points out of a possible 50 for a percentage of .720.

One step off the pace with scores of 35 are Bill Caldwell and Gene Ezell.

Erith Hawkins has 34 while three steps back with totals of 33 are Vernon Willard, Richard Carson, Jimmie Clements, Jay Sherrill and Terry.

This week's contest, which is the sixth in the series of 13, appears in this issue.

Now in its fifth year, the contest is sponsored by 10 area businesses.

HONOR SOCIETY -- Members of National Honor Society were initiated Monday in assembly at Bovina High School. To be eligible for membership students must have an average of 90 or more.

Reflections

From
The Blade

SIX YEARS AGO
 September 24, 1958
 Four formerly leading citizens of Bovina have confessed to nabbing a jailhouse in Friona and setting it in front of the Bovina bank Friday morning of last week.
 For a more complete story a report on the incident has been given by the confessed jail getters, Cecil Osborne, Lee Kimbrough, Grady Sorley and Jack Jeter.
 Bovina Sands Motel has exchanged hands again.
 Transfer of the tourist facility is expected to be about October 15 and the new owner, W. L. Blackstone of Friona, will begin operating the motel.
 The Bovina Volunteer Firemen will have an all-family night Monday of next week, and plans for a supper in the Legion Hall were made at the regular Firemen's practice Monday night.
 Cella Berry and Kay Hartzog, Bovina beauties, are entered in a queen's contest in Friona during Maize Days celebration.

THREE YEARS AGO
 September 27, 1961
 Youth Development Division of Bovina Chamber of Commerce and Agriculture borrowed \$1950 from First National Bank Saturday. The money will be used to pay the remaining indebtedness on newly lighted Little League ball field which was constructed late this summer.
 Marilyn Brandon, daughter of Mr. and Mrs. C. R. Brandon was presented first place plaque in Farmer County Soil Conservation District's essay contest.
 Jimmy Charles won first place money of \$5 with nine of 10 correct selections in Bovina Business Cotton Bowl Football Contest.

Fr. Claver Speaker At World's Fair

Father Claver Giblin, S.A., pastor of St. Ann's Catholic Church in Bovina, has been appointed to celebrate High Solemn Mass at the Vatican Pavillion at the New York World's Fair, Sunday.
 Fr. Claver was appointed by the alumni association of St. Agnes High School in New York City.
 Following mass the alumni will have a breakfast at the Hawaiian Pavillion. Other noted members of the class who will attend are Phil Carey and Angela Green, screen personalities, and Kevin Kennedy a television star.
 Two other members of the class who will be present are also ordained priests.

RUB A DUB DUB, THREE MEN IN A TUB -- This ornamented pot, object of a lot of fun more than a year ago when it was stolen by practical jokers, serves as a prop here for this picture of its owner, Billie Sudderth, left, Pete Martinez, and Earl Richards. Standing are Jose Pena and Alberto Garcia. The pot was missing from its place in Sudderth's front yard last year for a couple of weeks. Purpose of this picture, which was made at the request of those in it, and not necessarily for publication was vague.

Although there are over 500 different species of humming birds, the only one you are likely to see east of Texas is the ruby-throat.

Pup-Training Sock
 When training your bird dog pup, make the job easier by filling an old sock with quail feathers. Give the pup a sniff of the sock so he'll know what he's looking for, then drag the sock along the ground to simulate actual bird movements. He'll soon learn to follow bird scent and point when he comes to the hidden sock.

When Fishing for Sunfish
 No need to carry bait with you when fishing for sunfish or bream. Just spread out a couple of candy wrappers for flies to gather around. Then, whenever your hook needs bait, swat a fly and use it. Bait will always be handy when needed -- and good bait, too.

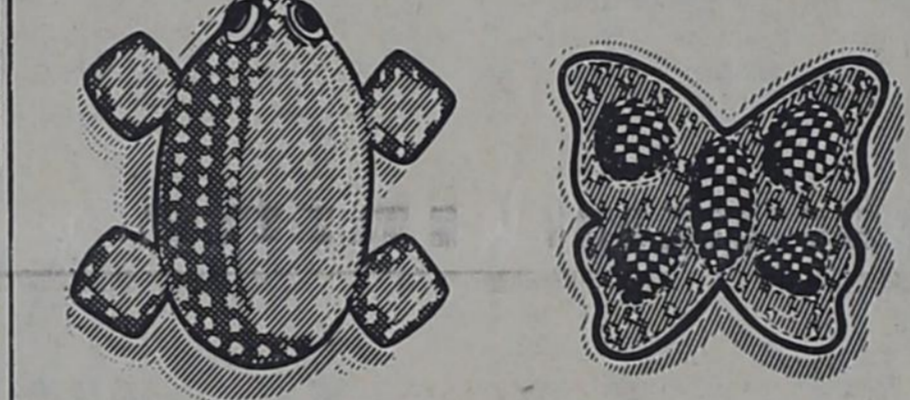

Whittlin' --
 (Continued from page 1)
 Democratic campaign stickers are available at our office. And if we get enough requests, we'll even start saving those Goldwater ones people insist on putting on our car for our Republican friends.
 We have no use for the latter, but we'll be glad to pass them along to others who appreciate them more than we do. . . on a limited basis.

Bandaging Dog's Feet
 Dogs often cut their feet on stones, wire, and other objects. Or they may wear the pads raw from hard hunting. Doctor the paws immediately, bandage them, then tape a wool sock over the bandage to prevent dog from tearing bandage off.

NEWSLETTER
 From U. S. Senator
RALPH W. YARBOROUGH

Dear Fellow Texan:
 It has been my privilege to serve as chairman of the Senate Veteran Affairs Subcommittee for the past five years. Our committee has advanced forty-two bills through the Senate, which have now become law.
 I attended the great American Legion National Convention held recently in Dallas, and reported on some of these bills that we have passed -- laws expanding the rights of veterans, their widows and orphans, laws broadening the housing, education and hospitalization rights, and creating new rights for disabled veterans and orphans of the Korean conflict, and those killed or disabled in Viet Nam.
 One of the best known and most important of these bills, advanced to final passage by our committee, is HR 8009. This is the Nursing Home Care Bill, which opens 4,000 beds for nursing home care for veterans.
 My committee also advanced to final passage a law expanding the War Orphans' Educational Act. We extend it to children of veterans who died as a result of disabilities incurred on active duty. We extended this educational assistance also to children of permanently and totally disabled veterans.
 Both the nursing home care and war orphans' extensions had the strong support of the American Legion and Veterans of Foreign Wars. These organizations, the Disabled American Veterans, and other groups, have played an important role in building grass roots support for these bills.
 With jurisdiction over veterans hospitals, medical care and treatment of veterans, our subcommittee seeks to provide veterans with the best medical benefits possible.
 It was my privilege to author the bill extending the home, business and farm loan guaranty program for veterans of World War II, as well as the bill which extended the eligibility of World War II veterans for GI loan guaranty benefits.
 I am continuing to work for my Cold War GI Bill. The five million Cold War GI's are the forgotten Americans. Only 44 per cent of our young men serve in this Cold War. The 56 per cent who don't serve are able to get ahead of the veterans in education or in jobs, while the service men are delayed. The fair thing to do is to pass The Cold War GI Bill as an act of justice.
 These are some of the things we have achieved in Congress and some of the unfinished work.

Butane Fire Burns Man
 Fred Taylor, 20, of Clovis, was seriously burned Thursday by a butane fire as he was filling a pickup with the fuel at Triplett Farm, where he was employed.
 The injured man was rushed to Clovis Memorial Hospital by Jay Triplett. He was burned severely on the face and arms.
 The fire started as he was filling the pickup fuel tank from a storage tank.
 Rear end of the pickup was extensively damaged by the fire which Bovina Volunteer Fire Department quickly snuffed out when they arrived at the farm, which is seven miles northwest of town.

FREDDY THE FROG
 Make him from a green print cotton bag. Cut two oval pieces 7" by 11", shape to point at one end. Cut eight 2 1/2" squares (double thickness) for legs. Sew three sides, turn, stuff loosely. Pin two body pieces together, wrong sides out. Put one corner of each leg square into seams from inside. Stitch around body, leaving opening. Turn, stuff tightly, close. Add buttons and felt circles for eyes.

POT HOLDER
 Make this butterfly from colorful cotton bag scraps. Draw paper pattern to desired size. Cut two butterfly outlines, a body piece, wing spots of two sizes. Arrange layer of cotton batting between outlines, pin together and bind with bright bias tape. Machine quilt around the body and wing spots to hold cotton in place. Add loop or ring for hanging.

OFFICERS ELECTED -- Carson Heads FFA Chapter

Richard Carson is president of Bovina FFA Chapter. He, along with other officers, for the present school year was elected at a meeting last month.
 Lane Gober is vice president, Scotty Rundell, secretary, Gregg Wilson treasurer, Eddie Corn reporter, and Larry Denny sentinel.

President of the Greenhand (Freshman) Chapter is Mike Grissom.
 Other Greenhand officers are Bill Caldwell vice president; Daryl Kirkpatrick secretary, Galen Haromas treasurer, Alan

Men Hurt In Accidents At Elevator

Accidents, one major and one minor, occurred at Sherley Grain Company over the week end.
 Joe Lumbrero, 25, was injured Saturday afternoon while loading boxcars. A cable snapped and hit Lumbrero in the lower part of his leg, breaking two bones. He was rushed to Memorial Hospital in Clovis where he will be hospitalized for two or three weeks, according to a spokesman for Sherley Grain.
 Sunday, Eldon Thatcher was injured as a grain spout broke and hit him in the forehead. He received treatment in Friona at Farmer County Community Hospital.

Winless Colts Play L'buddie Here Thursday

Still hoping for their first victory of 1964, Bovina's Junior High Colts meet Lazbuddie here tomorrow (Thursday) at 7 p.m.
 This will be a district contest for the teams.
 Coach Roger McFarran's Colts dropped a 20-0 decision to Hart here last Thursday night.
 Their record is now 0-3. Losses have been to Farwell and Vega as well as to Hart.

Keep a cool head in the White House . . .

Dallas Columnist Writes Of Bovina

(Editor's Note -- The following Big D column, which appears in The Dallas Morning News and is authored by Paul Crume, a native of Farwell, was published recently in the Dallas paper. It has, we think, interest to many readers of The Blade. --DM)

THE LADY said her husband came from Bovina out on the high plains and had set up in Dallas a shingling scaffold just like the ones he always used in Bovina.

Down here in this swampy, hot climate, however, the scaffold collapsed on him and injured a wrist. This proves again that the only things that work in both Bovina and Dallas are people.

Maybe you've never heard of Bovina, but the chances are it hasn't been heard of either, so don't feel smart about it. As of now, I don't care much for the town. It has become a crowded, teeming metropolis of 2,000 people, and if a fellow just turns loose and throws a rock for the heck of it, he is likely to hit something. In our day, they used to line up the population of Bovina and run them by twice in census years. If you wanted to, you could heave rocks all day and probably not hit anything even when you were trying.

The target value of a rock has gone way up in Bovina in the last 25 or 30 years. I liked the town better when you could rear back and throw a rock through it if you wanted to.

In the *XIT* ranch days, Bovina reportedly shipped more cattle with less pedigree per car than any other city in the world.

THE BOVINA that we knew, however, was in the late 1920's, when as a smart Alec from the county seat we would go down and spend the night with the Caldwell boys or the Ezell boys. We could always think up some innocent amusement at Bovina such as go-

ing out at night and locating some unbranded watermelons loose in a field.

At this time, Bovina wasn't shipping many cattle, but it was shipping just as much pedigree.

At the time Bovina was mainly famous as the flood capital of Precinct 2. Bovina is located on the shores of Running Water Draw. Although it is not exactly navigable nine years out of ten and a lot of good crops were grown in the channel, Running Water Draw occasionally would collect all the rain that fell over the plains and turn into a torrent. People would come from miles around to see it and show the kids what happened to Noah.

Nowadays, I hear, farmers don't get this kind of joy out of a heavy rain around Bovina. Sometimes the fields get so wet that the farmers can't get into them to turn on the irrigation pumps.

Nowadays, the plains people have taken up the dangerous assumption that water is an ally, but in our day it was an Act of God.

THE FARMERS around Bovina now grow a lot of vegetables, I am told, and this also is a switch. In the old days, nobody in his right mind would have wasted good milo and kaffir land on vegetables when you could go down to the store and buy plenty of dried beans.

Oldtimers everywhere from Bovina to Alaska have proved that the dried bean is the only vegetable required by the human body for tone and health. The dried bean eaters lived long and healthful lives. Their sons and grandsons have not fared so well, probably because they have founded on green stuff like lettuce and broccoli spears. If there was one thing people knew in our day it was never to eat green alfalfa.

Not that there was any danger of eating anything green around Bovina in those days. Times have changed, and that's probably what happened to that scaffold.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Outwitting Deer

Deer are plenty sharp. When they once realize you are on their trail they start circling so as to come up behind you. If you find a deer is pulling this circling trick, wait until you come upon the spot where your tracks first met his, then cut straight across the circle (but don't cross his tracks). Hide and wait for deer to appear. This works nearly every time—if you keep yourself hidden.

Crossing Barbed-wire Fences

Crossing barbed-wire fences can be a problem, unless you carry in your pocket one or two short lengths of soft wire clothesline.

When you come to a fence that must be crossed, pull up second barbed-wire to top wire, twist a piece of your clothesline around both these wires, then push lower wire down as you crawl through the opening thus made.

Barbed-wire Gadget

Best way to keep clothes and flesh from being torn as you crawl through a barbed-wire fence is to carry with you several metal "S" shaped picture hangers.

When you come to a barbed-wire fence, hook one end of "S" hanger to second wire and pull up to top wire and secure with other end of "S". Push down third wire and pass through.

This hunting method was used often before the advent of small bore rifles. To "bark" use a large bore rifle, 30-30, 30-40, 32, or any other powerful rifle. Don't shoot at your squirrel's body—unless you want it fricassed. Instead, aim just under the squirrel, low enough to kick off a hunk of bark. Bark will knock the bushy-tail unconscious, often killing it by concussion.

Cure Aggravating Habit

Some bird dogs have the aggravating habit of refusing to relinquish birds retrieved. When your dog does this, lift up an ear flap and blow hard in his ear. His mouth will instantly open and the bird will drop into your other hand.

To Attract Squirrels

If your gun has a noisy safety catch, as many do, try snapping the safety on and off when still-hunting squirrels. The unusual sound will bring them out of their holes.

Quick Campfires

Many suggestions are offered for quick campfire starting. Perhaps the simplest is to cut out both ends of a large fruit juice can, then place can upright on the corners of two flat stones. Be sure can is high enough to clear the campfire underneath. Fill can with small kindling, then ignite. Open can acts as a natural draft to help kindling start fire.

OCTOGENERIAN--Mrs. Julia Lloyd celebrated her 80th birthday Sunday with a dinner in the home of her son and family, Mr. and Mrs. Travis Lloyd.

Party Honors Octogenerian

Mrs. Julia Lloyd was honored with a birthday dinner by members of her family and their children Sunday at the home of Mr. and Mrs. Travis Lloyd.

Mrs. Lloyd celebrated her 80th birthday.

Attending the covered dish luncheon were her children, Fred Lloyd of Friona, Paul L. Lloyd and Travis Lloyd of Bovina and Ruth Smith of Friona.

Others attending were Larry Webb and Patsy Lloyd of Bovina, Milton Hargus and Barbara Lloyd of Friona, Mr. and Mrs. Robert Lloyd, Billy, Beth, Vicky, Ricky and Randy of Hereford, Mr. and Mrs. Elbert Kelly of Childress, Mr. and Mrs. Duane Lloyd and Lavagne of Mulshoe, Mrs. G. E. Free of Bovina, Mr. and Mrs. Donald Lloyd and Mike of Canyon, Lester and Roy Smith of Friona.

Coffee Honors Mrs. Steelman

Mrs. Dickie Steelman was honored with a pink and blue coffee Thursday morning at the home of Mrs. John Ferguson.

Hosting the courtesy were members of Mary-Martha Sunday School Class of First Baptist Church.

Refreshments of coffee and Spudnuts were served to guests.

Attending were Mrs. Kent Glasscock, Mrs. Weldon Moody, Mrs. Billy Don Read, Mrs. Norman Taylor, Mrs. Tommy Williams, Mrs. James Clayton, Mrs. Jim Brumet, Mrs. Jim Heard, Mrs. Dickie Clayton, Mrs. John Ferguson and the honoree.

Party Honors Miss Ferguson

Miss Suzanne Ferguson was honored with a farewell luncheon Sunday at the home of Mr. and Mrs. Charles Hawkins.

Hosting the courtesy were Mrs. Richard Vaughn and Miss Janie Hawkins.

Guests presented the honoree with farewell gifts.

The buffet table was laid with an ecru lace cloth and featured a fall centerpiece.

Attending the party were Karen Beauchamp, Janice Bothe, Beverly Plimmer, Carol Kirkpatrick, Carol Jamerson, Gail Boyd, Roxie Hutto, Diane Billingsley, Connie, Vicki and Shelly Vaughn, the honoree and the hostesses.

Of Interest To THE WOMEN

Wedding Revealed

Mr. and Mrs. Prentice Mills of Farwell announce the marriage of their daughter, Donna to Ronnie Wines, son of Mr. and Mrs. David Wines of Bovina. The couple exchanged nuptial vows recently at First Baptist Church in Farwell. Rev. J. L. Bass, pastor, officiated at the ceremony.

The couple will make their home in Bovina where he is employed.

FHA Girls Have Salad Supper

Approximately 60 mothers and daughters attended a salad supper hosted by Future Homemakers of America Thursday evening at homemaking Cottage.

The meeting was the formal initiation for Freshmen girls who joined FHA. Freshmen initiates presented their "big sisters" with pillows they had made and their big sisters in turn presented them with roses.

The dining tables were laid with white cloths and featured centerpieces of pyrantha berries and fruit.

Sponsoring the FHA group is Mrs. Alan Steley, homemaking instructor.

Wilsons Host Dinner Party

Mr. and Mrs. A. M. Wilson entertained several couples with a dinner party Wednesday evening at their home.

A Mexican buffet dinner, including chicken enchiladas, salads, drinks and dessert were served to guests before an evening of cards.

Winning prizes were Mrs. Leon Grissom and Mrs. Jack McCracken.

Attending the dinner were Mr. and Mrs. G. D. Anderson, Mr. and Mrs. Leon Grissom, Mr. and Mrs. Tom Caldwell, Mr. and Mrs. R. E. Wilson and Mr. and Mrs. Jack McCracken.

The prayer of faith shall save him that is sick. —(James 5:15).

We can use our faith to help others in sickness, as well as ourselves. Our prayers can be like lights in the darkness because our affirmations of God's life can bring His healing presence to the side of the one in need of Him.

MRS. RONNIE WINES

SPECIAL EDUCATION --

Remedial Reading Offered In School

Reading is the key to all learning, teaches Mrs. Alice Spears, special education instructor in Bovina Public Schools. SRA reading is a new and different experience for Bovina youngsters.

Remedial reading taught by Mrs. Spears teaches, speed, control, word power, comprehension, language and spelling as well as learning to enjoy reading.

Mrs. Spears teaches several classes of reading to members of fourth, fifth and sixth grades. Youngsters are shown a timed-film story on a certain level with speed at a fixed rate and then given a comprehension test about the story.

Youngsters then grade their own work and chart their progress. Comprehensive reading is accomplished by reading stories then answering various type questions.

Reading taught this visual aids way teaches youngsters to comprehend while reading at a rate of speed that is set according to their grade and age level. Contrary to the popular concept, remedial reading is not a "dumbbell" class. This reading method is one which could well

be used and learned by all age groups, according to Mrs. Spears. The school system would like to incorporate this method into all phases of the school in the near future.

The vigor and enthusiasm the youngsters show when applying these teaching methods is well worth the time and effort spent.

Some classes read at a fourth grade comprehension level and a fifth grade speed level as an example set by Mrs. Spears. When speed becomes faster than level of comprehension the group sustains the same speed until compression level is equal.

Mrs. Spears also notes that different phases of reading such

School Lunch Menus

School lunch menus for October 12 through October 16.

MONDAY

Roman Holiday, black-eye peas, applesauce, cornbread, butter, milk, banana pudding.

TUESDAY

Ham, candied yams, English peas, hot rolls, butter, milk, cookies.

THURSDAY

Pinto beans, tamales, sliced tomatoes and onions, cornbread, butter, milk, peach halves.

FRIDAY

Fish, tartare sauce, parsley potatoes, cabbage slaw, hot rolls, butter, milk, rice pudding.

Rogers Have Third Daughter

Mr. and Mrs. Jerry Rogers are the parents of a baby daughter born Thursday afternoon at Parmer County Community Hospital in Friona.

The infant weighed seven pounds two ounces and is named Jige L'An.

The Rogers have two other daughters, Jana Lee and Joni Lin.

Blade Sawdust

Have you noticed that children stay in the house during the still, hot, pretty days and insist on playing outdoors in sub-zero weather.

The give-away trend seems to have slowed down. Our supply of ball point pens has dwindled to almost nothing, ever-sharps are gone and for a while the matches were scarce.

Grain trucks are in full swing again and as usual we get a kick out of hearing trucks compared. There are some real relics on the road and we have even been fortunate to be offered a trade for our relic. One wife even commented that after several years of riding with the door swinging open every few minutes her husband had this small item and several others repaired, only to have it cost more than the truck did originally.

Mrs. Amos Shockley, former resident of Bovina, who now resides in Mesa, Ariz. wrote us that it was Goldwater's brother who changed his party registration. Mrs. Shockley also told us that Barry wasn't as popular in Arizona as one would think and that one of the daily newspapers in Tucson, which we believe to be the second largest city in Arizona, had endorsed President Johnson.

Square dancing is returning to Bovina. Several couples meet each Wednesday night at Legion Hall, with instructor and are learning to square dance. Can remember a few years back when there was a going organization of square dancers here. It was kind of a you'll come affair with kids running everywhere and parents trying to dance.

Club To Hear Book Review

"Life Was Simpler Then," a book review, will be presented by Mrs. L. E. Dudley of Abilene to members of Bovina Woman's Club Thursday at clubhouse at 3 p.m.

The book was written by Lula Grace Erdman, novelist from Canyon. Hosting the meeting will be Mrs. A. E. Steelman and Mrs. Earl Stevenson.

New Guinea's Greater Bird of Paradise, noted for its magnificent and multicolored plumes, is a cousin of the common crow.

Missionary To Speak, Tuesday

Rev. Lamar Pate, a missionary on furlough from Africa, will conduct services in Pentecostal Holiness Church Tuesday night, October 13. Services will begin at 7:30 p.m. and the public is cordially invited, according to Rev. Archie Cooper, pastor of the local church.

Rev. Pate will tell of the customs, progress, and livelihood of natives of Africa.

Raider-Aggie Film Scheduled

Films of the Texas Tech-Texas A&M football game, won 16-12 by Tech last Saturday at College Station, will be shown at 7 p.m. Monday at the Friona School Cafeteria.

The showing, sponsored by the Tri-County chapter of Texas Tech Ex-Students Association, is open to all who care to see it. A special invitation is issued to Tech ex-students.

The Tech alumni group is to sponsor a showing of the Red Raider game film each week at the same time and place, an hour before Friona Booster's Club meets for their game film.

Thrifty Club Has Monday Meeting

Embroidering and other handwork was done by members of Thrifty Club Monday afternoon at a meeting in the home of Mrs. Frank Smith.

Refreshments of coffee, iced tea and banana cake were served to Mrs. J. D. Stevens, Mrs. H. D. Bradshaw, Mrs. G. A. Bundy, Mrs. P. O. Dixon, Mrs. L. M. Grissom, Miss Lola Grissom, Mrs. Wilbur Charles and the hostess.

MD Drive Starts Here

A drive to raise funds for The March Against Muscular Dystrophy is being conducted here again this year by members of Bovina Volunteer Fire Department, Chief Bill Denney announces.

This is the second consecutive year for the firemen to have charge of the drive here. More than \$200 was collected for the fund last year.

Canisters were distributed in Bovina businesses last week. They will be picked up in November.

Firemen will make a house-to-house drive for funds the night of Monday, October 26, Denney says.

Handy Cartridge Container

An inexpensive plastic cigarette case makes a fine .22 cartridge container.

It's lightweight, fits into your pocket and costs little.

Cooking Small-Boned Fish

Here's how some cooks prepare fish which have a lot of real small bones:

Cut the fish into chunks and run through a meat grinder, on coarse setting. Mix the chopped-up fish in cracker meal to absorb moisture.

Run this through the grinder again, only this time set on fine grind.

Result will be an easily handled substance that can be shaped into patties. Dip in egg batter and fry.

Reloading the .22 Rifle

Here's a quick way to load a .22 rifle having a tubular magazine. Just pre-pack the cartridges in a large-size soda straw and twist the ends closed. In the field, tear off one end of the straw and pour the ready-stacked hulls inside the tube. Pack as many straws as you think you might need.

For Cleaner Utensils

Coat the bottoms of your camp cooking utensils heavily with yellow soap before using them. Then the soot will wash off in a jiffy.

Shh! Quiet Man

Mr. Deer Hunter: Cover with adhesive tape keys, loose change, cartridges, anything that might clank at the wrong time. Big bucks will hate you.

Deflating Air Mattress

Deflating an air mattress takes several minutes and no small amount of work. Here's an easy way to do it:

On the morning you plan to break camp, turn the air valve as you lie in bed. Then take 40 winks while the mattress lets you down. When the air is gone, roll up the mattress and you're ready to go.

Another Use for Pipe Cleaner

Attach sinkers with a pipe cleaner cut in half and you can twist 'em off and on in less time than it takes to tell it.

Curry Comb Sealer

There is no better fish scaler than the curry comb used to rub down horses.

**3-Vehicle
Accident
Saturday**

A three-vehicle accident Saturday afternoon at the intersection of Highway 60 and Third Street resulted in a total of \$285 in damages and no injuries.

Involved in the minor collision were Donald Eugene Henson of Amarillo, who was driving a '64 pickup northeast on Highway 60; Scott Gober of Bovina, who was driving a '62 pickup and attempting to turn South on Third Street from the highway; and Mrs. Allen Cumpston of Bovina, driving a '63 automobile, who was attempting to enter the highway from Third Street.

Deputy Henry Minter, who aided in the investigation of the accident, estimated damage at \$150 to Henson's pickup, \$100 to Gober's and \$35 to the car driven by Mrs. Cumpston.

Unless protected by a good gun case, your rifle or shotgun can get badly scarred in a car while on the way to your hunting ground. If you have no case, try wrapping gun in your hunting coat, passing gun through both sleeves.

Cork Decoys Often Crumble
Cork makes light and buoyant duck decoys. But it has a bad habit of crumbling after much use. Prevent this disintegration by shellacking decoys, then stretching tightly pulled cheesecloth over each. Let dry, then paint in natural colors. This not only will preserve the cork, but it also will make them glare-proof.

OVER MEADOW, 20-12--

Pruitt-Led Ponies Take First Victory

Running like a runaway freight train, Fullback Gene Pruitt led his Bovina Mustang teammates in a second half comeback for a 20-12 win over Meadow here Friday night.

It was the first victory of the season for the maroon and white and the fourth start. Their record is now 1-3.

Sporting new maroon jerseys which were worn for the first time Friday, the Mustangs broke loose during the final half of play to score 20 points and take the win.

They got behind, 0-12 in the first half. The Bronchoes scored the first time they had the ball and then again midway in the second period.

Pruitt scored Bovina's touchdowns on runs of six, 26, and 37 yards.

Halfback Dean Stanberry ran the two extra points across after the final tally.

Bovina's final touchdown, the go-ahead one, came with 1:38 remaining to be played in the game and it appeared to be iced away. Meadow made a desperate effort to tie it up, however, and had the ball on Bovina's one-yard line as the final gun sounded. The Bronchoes returned the kickoff to their own 34 and then threw four complete passes in five plays to get the ball deep into Bovina's end of the field.

At that time, however, Bovina had the enjoyable position of having a cinch in the end and a good chance to win because they were leading by the eight point margin.

Mustangs fumbled on their second offensive play after receiving the kickoff and gave Meadow possession on the Bovina 34 yard line. A warm-up play made two for the Bronchoes and then Halfback G. Hol-

land powered into the left side of the line, found running room, broke to his right and was away on the game's opening touchdown. Fullback D. Carroll's attempted conversion was no good, but it still looked as though it might be another long Friday night for the Mustangs and their fans.

Mustangs were unable to get their offensive machine in gear. They gained only one first down in the first quarter. That came following the kickoff after Meadow's score. Stanberry went four yards to the 26 from the 22. Pruitt added one to the 27 and then, faced with a third and five situation, Pruitt bulled his way for six and the first down on the 33.

Meadow's second tally came during the second stanza as the Bronchoes put a Roman Ramirez punt in play on the Bovina 31. It took 10 plays to get the ball over from there. Quarterback D. Hester had to make the second stab into the stubborn Mustang goal line defense before he could get over from that short distance.

Mustangs found themselves in that hole after a fumble, covered by Jerry Roach, stopped a Meadow drive on the Bovina 13 on the opening play of the second period.

The Mustangs looked like a new and different ballclub after the halftime rest period. They kicked off to the visitors, forced them to punt,

got possession of the ball and launched a TD drive of their own. With Pruitt leading the ground gaining department it took seven plays to get the score. Starting the drive on their own 38, the Mustangs sent Stanberry for four to the 42. Pruitt made 13 and a first down on the Meadow 45. Halfback Billy Marshall was stop-

ped for no gain, then Stanberry went for six before Pruitt got the big gainer of the drive, a 25-yarder to the 14. Stanberry scooted eight more to the six and Pruitt slammed it over from there. That made it 6-12 as the extra points attempt failed.

With an uncontrollable head of steam built up, the win-hungry

Ponies bounced back quickly with the tying score.

They again held Meadow on downs following the kickoff. The Mustangs got started this time on their 35. With Pruitt, Stanberry and Marshall taking turns with the pigskin, the TD came in nine plays. Pruitt went over at the end of a 26-yard run to tie the score. It stayed that

way after Al Shamblin's attempted kick was blocked.

Until late in the fourth period, it appeared the game might end in a deadlock. Mustangs, however, got possession of the ball via fumble on their 24. Five plays slammed it out to Meadow's 37 and from there Pruitt tore into the end zone for the winning tally. Stanberry put the frosting on the cake with the two extra points and Bovina fans had their first win of the season to shout about.

ADVISORY GROUP NAMED --

Planning Underway For 4-H Club Here

Plans for a 4-H Club for Bovina were made at a meeting Monday night in school cafeteria.

Attending the meeting were some 60 parents and potential 4-H Clubbers. County Agent Joe Van Zandt and Mrs. Cricket B. Taylor, county home demonstration agent, were in charge of the meeting.

Travis Dyer was elected chairman of an adult advisory group. Durwood Bell was elected vice chairman and Mrs. Earl Dean Boyd was named secretary.

Directors of the advisory group are Joe Pinner and Mrs. Earl Hise.

The advisory group will be Tuesday of next week at 5:30 at the school to continue plans for the club here and to arrange the next meeting, which will be first Monday in November.

The club will meet jointly on a monthly basis with various project groups meeting one or more other times during a month, according to Van Zandt.

All boys and girls between the ages of nine and 20 are eligible for membership in the 4-H Club.

Van Zandt and Mrs. Taylor were introduced by Alan Staley, principal of Bovina High School.

worms is that small fish often bother them. When this happens, hellgrammites, grasshoppers or frozen shrimp are better.

Walk along a stream and fish places where cats hang out. Such spots are below riffles, along undercut banks or in the calm water behind a mid-stream rock where the current cuts around it. Allow the bobber to drift right through the spot. It will carry the bait along as if it were being washed naturally downstream.

Another way to fish is with no weight at all. This commonly is called "free fishing." No sinker is added. Bait is carried down only by the weight of the hook. When the current catches the bait, it sort of tumbles and flows along, like the real thing caught in moving water.

By Vern Sanford

Just the other day I watched a fisherman on the Guadalupe River in Central Texas wading along quietly, casting his bait into likely looking spots.

Offhand it appeared as if he was angling for bass. But lo and behold, instead, he was fishing for channel catfish.

This is a type of cat fishing often overlooked. It is a fascinating, skillful method of angling. In a way it is like fishing for bass. Only real difference is the bait. Use of natural bait instead of artificial!

Every river of any size in Texas holds channel catfish. A great majority of these are taken on trotlines and drop-lines. Many of these fish succumb to sporting methods. But the average fisherman looks on catfishing as sitting in one spot, fishing a bait on the bottom and waiting for a cat to wander along and pick it up.

When drift fishing for cats, you float a bait into likely looking spots and try to make the bait appear as lifelike as possible to an unsuspecting cat.

Proper weapon for this type of fishing is a spinning or spin-cast outfit. Rod used is limber enough to let even a pound-sized cat strut its stuff. Yet it's heavy enough, with ample backbone, to subdue even the five-pounders. This type of rig not only provides more sport, but allows the angler to hit more likely spots with his bait and to fish it more lifelike once he has the bait in the water. Small-diameter monofilament lines are all but invisible in the water and a bait can be fished without too much resistance and undue drag.

There are several ways to drift a bait to cats. Most common, perhaps, is with some sort of bobber, or cork as it is often called. A No. 1/0 hook goes on the line, a split-shot sinker is added about a foot above the hook and a bobber is snapped on at the appropriate depth.

This rig seems simple enough, but you'd be amazed at how many fishermen go at it wrong.

For one thing, they use hooks which are too large. Smaller hooks will result in more fish. Even a small hook will adequately handle a big cat on tackle that "gives."

A limber rod and a light-weight line will not allow the fish to get much leverage to break off.

Another mistake is to use a bobber that is too big. Employ the smallest bobber possible. This way you'll need a small sinker to stabilize the bobber. The small weight allows the bait to fan around more and appear alive in the water.

A slip cork works best with a spinning outfit. This is the cork with the hole through it. It slips freely up and down the line.

Tie a matchstick in the line where you want the cork to stop. When you cast, the bobber slips down against the hook, making casting easier and more accurate. But once in the water, sinker and hook slide down until the matchstick comes to rest against the cork.

There are many baits which will work in this kind of fishing. My favorite is ordinary earthworms. Only fault with

Here's why it's smart business to harvest your cotton with a HESSTON V-22

SOLID ROLL STRIPPER HARVESTED THIS

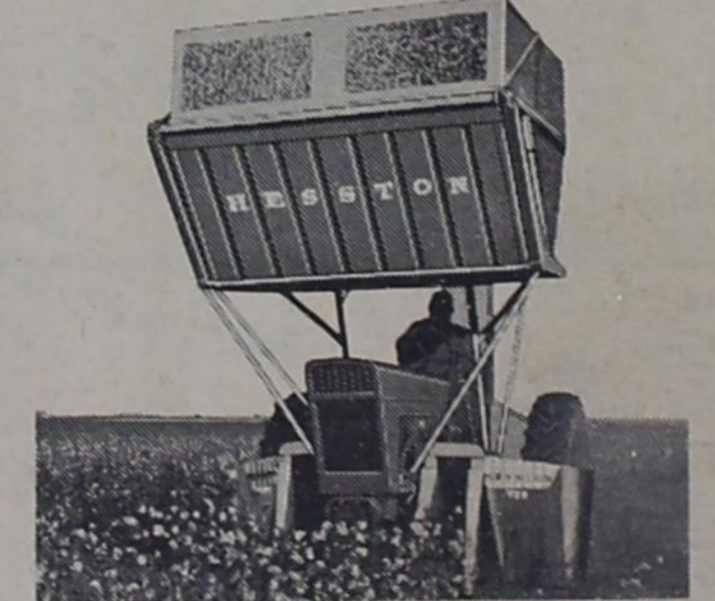

HESSTON V-22 HARVESTED THIS

PROFITS INCREASE WITH THIS BRUSH HARVESTER (some call it a flexible roll stripper)

Whether you call it a brush harvester as Hesston does... or a flexible roll stripper, as some others do... the Hesston V-22 Cotton Harvester with its unique brushing action gets more cotton and cleaner cotton than the best solid roll stripper available. Hesston works in cotton making up to three bales; it will strip shoulder-high, irrigated cotton, and it has proven its efficiency in open and storm-proof varieties, rank stalks, and bumble-bee cotton. The reason is Hesston brush action. The two-row V-22 has rotating nylon

brushes with alternating rubber paddles. It is available in either the trailer model or new 1,000-lb. capacity basket model with exclusive front dumping... hydraulically. The vertical air stream elevator has green boll separating efficiency up to 97%. Not only is the V-22 profitable, but it is a trouble-free machine to own. It is available for a variety of tractors. Compare the V-22 with any other. You'll see the difference in the field; you'll receive the difference at the gin.

AMMO NOTES

By Bill Bennett, Agronomist

(This column on cotton interrupts the series on soil test results. This subject is timely and of immediate interest to some.)

Weather conditions during the past 2 to 3 weeks have affected growth of cotton. Leaves on cotton plants are dying and plants in some instances are being completely defoliated. There is some concern that this has been due to a plant disease or root rot of some type.

Dr. Bob Berry, Extension Plant Pathologist, Texas A&M University, Lubbock, has examined some of these affected cotton plants from this area. The condition of the plants, re-

ports Dr. Berry, is not due to the presence of plant diseases. Certain cotton diseases, such as Verticillium wilt or Fusarium wilt, are present on the High Plains, but they are less widespread in their distribution and would have been present before the rain.

Death of cotton leaves is probably due to desiccation of the plant. If no more irrigation water was applied after August 25, cotton had, in the main, started hardening off and maturing which for practical purposes put a plant under drought stress. Moisture in the form of rain at a later date resulted in increased metabolic

activity and growth of the plant. During active growing periods, leaf openings called stomates open up and the plant takes in water and becomes turgid. With the advent of sunshine and lower humidity, the plant leaf is desiccated due to the slow closing of the stomatal openings. The desiccation of the leaf in this manner would have the same effect as chemical defoliation of cotton.

Since most of the cotton in the area was already matured, this condition will have little or no effect on yields. It might even have a beneficial effect where cotton was too rank in growth.

4-H LEADER TRAINING

With new 4-H Clubs - we have many new Adult leaders to work with the small groups of girls. All Food Project leaders will start work this month. These leaders are required to attend a training meeting before starting work with their food groups. This is necessary so that all will be teaching and doing the same thing in food groups.

Training for those leaders who will be working with girls in their 1st year food group will attend the training in Food Unit 1, at Hub Community Center on Tuesday October 13, at 1:30 p.m. On Wednesday October 14, at 9:00 a.m. training will be given in Unit 2 guides. (2nd year group leaders.) Training for 3rd & 4th year food groups will be announced later.

CAUTION URGED IN HOME CARPET CLEANING

The inadequacies of the average person's knowledge of chemistry were brought into sharp focus by a recent tragedy in Paterson, New Jersey.

A do-it-yourself rug cleaning task attempted by the husband of a New Jersey homemaker sent her to the hospital with internal injuries and burns over 40 per cent of her body. The accident occurred when her husband ended a carpet

THE HIGH PLAINS FARM AND HOME

cleaning job near a space heater and the entire rug burst into flame.

Officials of the National Institute of Rug Cleaning, Inc., also pointed out that other serious injuries have resulted from the use of carbon tetrachloride in home cleaning. This chemical has a high toxicity and may be absorbed through the skin into the bloodstream. It has anesthetic results when inhaled and may affect the organic tissue of the kidneys, liver and heart.

The Institute advises that before attempting to use various chemicals for spot cleaning carpets, homemakers consult a professional rug cleaner to learn what materials are safe to use and the correct procedures to follow.

Approximately 150 farmers were at the Parmer County ASC office Monday morning to receive the last of the 1964 feed grain and wheat allotment checks. All 1964 payments on the wheat stabilization, feed grain and cotton programs will be completed within the next three weeks, says Prentice Mills Parmer County ASC office manager. 98% of the checks will be ready by Monday. Shown waiting in line on Monday were left to right, M. C. Kelly, Glen Floyd, Harrison Gee and Vernon Estes. Clerks pictured are Pam Dugan and Herman Chandler.

Why I Am a Republican for Goldwater

By SENATOR STROM THURMOND

(This was not written and spoken by some discredited individual, but by a highly respected U. S. Senator and lifelong Democrat. Just two days before giving this speech, Senator Thurmond was asked by Mrs. Lyndon Johnson to accompany her on a campaign trip through the South, which is proof of the high esteem in which he is held. If you think that he has overstated his case, we ask you to consider the trends in the Democrat Party, the ultimate goals of its leaders, and the cynical coalition of concentrated power which is threatening to make a mockery of Constitutional Government and our free institutions.)

"It has been wisely said that "For evil to triumph, it is only necessary that good men do nothing." Particularly is this true in time of crisis. Seldom before in the history of our nation have we faced so great a crisis.

"The people of South Carolina have placed me in a position of trust in the national government. From this position, I have observed at close hand the conduct and factors which have brought about this crisis. I would, therefore, be most derelict in my duty were I at this time to remain silent.

"I have no choice but to speak openly, frankly, and fully to the people of South Carolina on the crisis that confronts us.

"The Democratic party has abandoned the people. It has turned its back on the spiritual values and political principles which have brought us the blessings of freedom under God and a bountiful prosperity. It has breached the trust reposed in it by the people. It has repudiated the Constitution of the United States. It is leading the evolution of our nation to a Socialistic dictatorship.

"THE DEMOCRATIC PARTY HAS FORSAKEN THE PEOPLE TO BECOME THE PARTY OF MINORITY GROUPS, POWER-HUNGRY UNION LEADERS, POLITICAL BOSSES AND BIG BUSINESSMEN LOOKING FOR GOVERNMENT CONTRACTS AND FAVORS.

"The Democratic party has used the government as a propaganda machine to distort the truth and deceive the public to the extent that a sub-cabinet official can publicly defend the Administration's "right to lie" and remain in office, unrebuked.

"The Democratic party has invaded the private lives of people by using the powers of government for coercion and intimidation of individuals.

"The Democratic party has rammed through Congress unconstitutional, impractical, unworkable and oppressive legislation which invades inalienable personal and property rights of the individual.

"The Democratic party has encouraged lawlessness, civil unrest, and mob actions.

"The Democratic party has violated its trust by using the power of government to suppress information on scandals and corruption of its leaders in government and party offices.

"The Democratic party has succeeded and assisted our Communist enemies through trade and aid at the expense of the American people.

"The Democratic party has established and pursued for our government a no-win foreign policy of weakness, indecision, accommodation and appeasement.

"The Democratic party, as custodian of government, faltered at the Bay of Pigs and in the Cuban crisis of 1962 — at the very moment when victory was at hand — and thereby forfeited Cuba to Soviet domination, subjected our nation to the peril of an armed enemy camp 90 miles from our shores, and opened the doors of the hemisphere to Communist subversion.

"The Democratic party, as custodian of government, has sent our youth into combat in Viet Nam, refusing to call it war, and demanding of our youth the risk of their lives without providing either adequate equipment or a goal of victory.

"THE DEMOCRATIC PARTY NOW WORSHIPS AT THE THRONE OF POWER AND MATERIALISM.

"The Democratic party has demonstrated a callous disregard for sound fiscal policies and practices . . .

"The Democratic party has utterly disregarded the disastrous effects of the resulting inflation on people with fixed incomes, such as retirees, pensioners, Social Security beneficiaries, and those who have their savings invested in insurance.

"The Democratic party, as custodian of government, has adopted the practice of taking your money by taxation and then using that money to attempt to buy your votes.

"The Democratic party is attempting

with alarming success to change the Congress from an independent body representing the people to an amen chorus for presidential proposals.

"The Democratic party has endangered the security of the nation by negative decisions on military preparedness, preoccupation with bilateral and unilateral steps toward disarmament, and by use of the military services domestically as instruments of social reform . . .

"THE DEMOCRATIC PARTY HAS NOMINATED FOR VICE PRESIDENT A KEY LEADER OF THE AMERICANS FOR DEMOCRATIC ACTION, THE MOST INFUENTIAL SOCIALIST GROUP IN OUR NATION.

"The Democratic party has encouraged, supported, and protected the Supreme Court in a reign of judicial tyranny, and in the court's effort to wipe out local self-government, effective law enforcement, internal security, the rights of the people and the states, and even the structure of the state governments.

"The Democratic party is converting our constitutional federated republic into the same type of disciplined and submissive servant of an elite power group as it has made of the Democratic party itself, as all who watched the Democratic convention on television can bear witness.

"The top leaders of the South Carolina Democratic party have chosen to abandon the traditional independence of the state party, and to lead the people of South Carolina down the road to serfdom mapped by the national Democratic party. The party of our fathers is dead. Those who took its name are engaged in another reconstruction, this time not only of the South, but of the entire nation.

"If the American people permit the Democratic party to return to power, freedom as we have known it in this country is doomed, and individuals will be destined to lives of regulation, control, coercion, intimidation and subservience to a power elite who shall rule from Washington.

"Fortunately, for those of us who

cherish the traditional freedom entrusted to us by our forefathers, there is another choice this year. Although the party of our fathers is dead, the principles of our forefathers live now in the cause of a presidential nominee.

"THE MAN WHO HAS GAINED THE REPUBLICAN NOMINATION FOR PRESIDENT AGAINST ALL THE ODDS AND OPINION POLLS, AND WHO NOW HAS CONTROL OF THE REPUBLICAN PARTY, IS ONE WHO BELIEVES IN AND ABIDES BY OUR CONSTITUTION. HE HAS DEMONSTRATED HIS FIDELITY TO FREEDOM, INDEPENDENCE AND THE CONSTITUTION BY HIS ACTIONS AND HIS VOTES IN THE UNITED STATES SENATE.

"I personally know him to be able and responsible. He is an honest man of courage and conviction, who trusts the American people to hold the reins of government and rule themselves.

"I cannot foretell what success will reward Sen. Barry Goldwater's efforts to return the national government to its constitutional role and our nation to its rightful place of strength and respect in the world. Nor can I predict with certainty how long those ideas and ideals of Sen. Goldwater which I share will prevail in the councils of the Republican party which he now heads. I do know that we have a fighting chance under Barry Goldwater's leadership and that we are welcomed to his banner.

"I know also that the course for the Democratic party has been set toward socialism and arbitrary rule. I know further that the Democratic party's line of succession is Hubert Humphrey and Robert Kennedy, with Walter Reuther and Joseph Rauh pulling strings behind the scenes.

"I have worked within the framework of the Democratic party, because experience proves it necessary to work within the framework of one of the two national parties to be effective. I have, nevertheless, maintained independence of judgment on issues and have conscient-

iously tried to represent the people of South Carolina, seeking to protect their rights and freedom.

"I shall always maintain my independent judgment and action and put the people of South Carolina first. To do this in the future I must work within the framework of the Goldwater Republican party.

"For me, there is no alternative. The future of freedom and constitutional government is at stake, and this requires that I do everything in my power to help Barry Goldwater return our nation to constitutional government through his election to the presidency. This also requires that I join him in his fight, successful as of now, to make the Republican party a party which supports freedom, justice and constitutional government.

"IT WILL BE A LONG AND HARD STRUGGLE, WITH MANY BATTLES TO BE FOUGHT. AT THIS TIME, ONE OBJECTIVE TAKES PRECEDENCE OVER ALL OTHERS — ELECTING BARRY GOLDWATER PRESIDENT. AS WE GIVE THE PRESIDENTIAL RACE OUR UNDIVIDED EFFORT, I HOPE ALL OUR PEOPLE, AND PARTICULARLY OUR YOUNG PEOPLE WHOSE FUTURE HANGS IN THE BALANCE, WILL JOIN THIS CAUSE WITH ENTHUSIASM.

"To my friends who have conscientiously advised me against this step, because of a sincere belief that I could best serve the country by following a course designed to keep myself in office, I can only say that I fully realize the political risk involved in this step and that my chances for re-election might, because of this step, go down into oblivion.

"But in the final analysis, I can only follow the course which, in my heart and conscience, I believe to be in the best interest of our state, our country, and the freedom of our people.

"I have chosen this course because I cannot consider any risks in a cause which I am convinced is right."

Total Performance 1965 Ford Galaxie 500 LTD 4-Door Hardtop

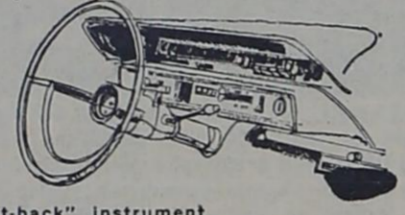

Spacious interior of new ultra-luxurious Ford LTD

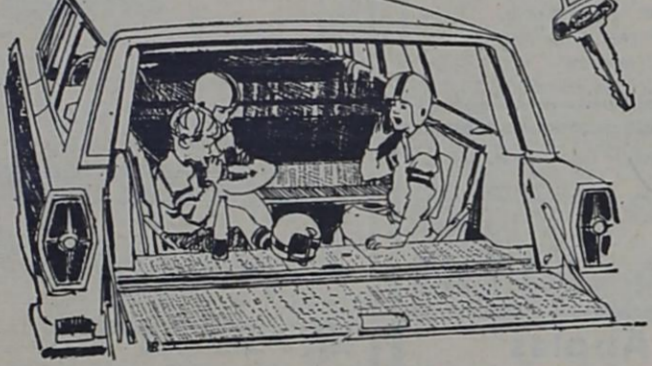

Most usable luggage space ever in a Ford

New "swept-back" instrument panel provides more room. Optional Safety-Convenience controls previously available only on Thunderbird.

Unique reversible key works either side up

Only in Ford wagons: dual facing rear seats

Only 17 cars (and they're all Fords) offer all these exciting new features for 1965!

You have 17 big Fords to choose from for '65—including luxurious LTD's and sporty XL's—the widest selection in the popular-priced field—with features you won't find on other cars at any price!

New body-frame-suspension system
Result: The strongest, smoothest Fords ever built. And the quietest—their all-new frame, body and suspensions virtually seal out noise and road shock.

New—automatic transmissions are all 3-speed—Smoother, more economical than the 2-speed automatics offered on some competing cars.

New 240-cu. in. Big Six—Gives you low gas bills, high performance. Bigger 6-cylinder engine than in any competing car.

New Safety-Convenience control panel
Has automatic door locks and lights which warn you when fuel's low, doors are ajar, and remind you that seat belts are unfastened.

New and bigger trunk—Generous room for various sizes and kinds of luggage as illustrated... or room for four big 2-suiters upright.

New dual facing rear seats in Ford wagons—A Ford exclusive, ideal for families up to 10. Seats fold down for a lockable extra space below deck.

New reversible key—Works no matter which side is up.

New interior spaciousness—Lower transmission tunnel, new "swept-back" dash, and other interior changes make these the most comfortable Fords ever.

New array of courtesy lights—Illuminated doorways, ash tray, and interior. A real convenience for night driving.

Take a test drive—The list of new features could go on and on. The total result is something you simply have to see, feel, touch. Come in soon.

electric cooking measures UP

By every measure electric cooking meets the test. It's clean, accurate, easy... and meets the final measure—the taste test. That's why so many new homes include electric cooking. Builders have found that women prefer modern electric cooking because electric cooking does measure up. So, if you're not yet cooking this clean, modern way isn't it time to start? Your dealer will help you decide on the model best suited to your requirements.

SCREWORM SITUATION

A 53 day screwworm-free period in Texas ended September 24 when a sample of worms collected from a cancer-eyed cow in Briscoe County, Silverton, was confirmed as containing screwworm larvae.

Sterile flies are being dispersed in the area and will continue for three weeks.

Eradication officials have no explanation for the occurrence of the screwworm case hundreds of miles from previous cases. The nearest infestations in nearly two months were 500 miles to the west. This points up to how quickly screwworms can spread during favorable conditions in the fall.

WARNING

Two worm cases have been reported to me this past week. However, nothing could be done because a sample of worms were not gotten with either worm case. We can not look at worms with the naked eye and determine whether they are screwworms or blowfly larvae.

We must collect a sample of worms from each infestation we find so they can be sent to Mission and positively identified. Worms from deep within the center of wounds as well as from the surface must be collected.

This is necessary as screwworm larvae burrow deep into the center of the wound, while non-screwworms tend to feed near the edge.

If you have a case of worms, collect 10 or more and please let me know if you don't have a shipping carton and report sheet to fill out on the worm case. We have plenty of the screwworm shipping cartons here at the office and are happy to furnish you with a supply. Come by if you want some.

BEEF CATTLE MEETING

Dr. Dixon Hubbard, area Extension Livestock Specialist, will meet with Parmer County cattle owners Tuesday, October 13 at 7:30 p.m. in the Bovina Restaurant.

The program sponsored by the County Livestock Committee, will cover the importance and benefits of production testing beef cow herds, and how a testing program would operate in a herd.

Another item to be discussed will be economical year round forage production for beef cattle.

The Livestock Committee also plans to discuss the advantages and disadvantages of obtaining a portable set of scales for use with production testing in Parmer County.

All interested livestock owners are invited and urged to attend the discussion on these topics by Dr. Hubbard Tuesday night in Bovina.

4-H PROGRESS

The 4-H membership drive in Parmer County last month came up with about 140 new 4-H members. These new members, plus the reorganization of the Clubs in the County have given the 4-H organizations in the County a big boost.

Last week at Lazbuddie, the officers were elected for an Adult Advisory group as follows: Chairman, Freeman Davis; Vice-Chairman, Roy Miller; Secretary, Mrs. Ralph Broyles; and directors, Everett McBroom and Mrs. Max Bush.

Also meeting last week were the adult advisors for the Friona and Farwell 4-H Clubs. The adults discussed organization leaders for their respective Clubs along with other possible leaders.

The interest shown by these two groups point out the fact that they want to see their 4-H Clubs have a good year in 4-H club work.
