## NORTHWEST OF TOWN --

### WHITTLIN'

BY DOLPH MOTEN

Fellow we know says a man who has rent houses needs to be a plumber, carpenter, pretty good public relations man and a darn good bill collector.

With time out from harvest of 1959's bumper milo crop, it might be a good time to pass along some tremendous yield stories which have been in circulation during the past month.

But first, we'd like to point out the fact that milo finally got so low in price--thanks to E. T. Benson--that farmers decided to quit complaining about the price and start bragging about the yields they could make.

Guess the prices finally swooned so low they weren't even any fun to complain about--and it wasn't possible to gain enough in weight even with the grain intermingled with dust and chaff.

Back to the yield stories. At a Bovina elevator office, the yield stories were growing bigger each time a news-speaker got the floor. Finally a Laz-buddie farmer put an end to it. He asked the elevator people how much grain he had brought to town, pointing out he was through cutting. He was told, so everyone could hear, "A million, three hundred and eighty thousand pounds."

"Divide that by 40," he instructed, "that came off the north 40."

As we said, that ended the high milo yield stories for that session.

Then there's another one about a Farwell farmer who had finished cutting and figured his yield at 7600 pounds per acre. Feeling real good about that, he stopped in a cafe for a cup of coffee. Sitting down with two more farmers, he pointed out that he had really had a good crop. "Made 7600 pounds," he told his friends.

"What's the matter," asked one, "wouldn't your well run?" The second asked, "Didn't fertilize, huh?"

Story has it that our hero got up and left the table, mumbling to himself about how he wouldn't drink coffee with a couple of smart alecks like those two.

And C. E. Trimble says he either made 1,000 pounds per acre or 10,000--he didn't know where to put the decimal point when he figured it up.

United States post offices, losing money though they are, do such a good job constantly that it's almost unusual when they get things fouled up.

Ag Teacher R. M. Crawford has one of those fouled up stories to tell--and the delayed mail to prove it.

A year or so ago, Crawford was president of Bovina Jaycees. And Jaycee presidents get a lot of mail from the state Junior Chamber of Commerce headquarters in Grand Prairie.

October 23, 1959, Crawford received a manila envelope containing Jaycee poop from the Grand Prairie office. The envelope was mailed, according to the post mark, December 19, 1957.

Printed across the envelope in red pencil was this clue to why it took the piece of mail eight months to two years to travel from Grand Prairie to Bovina, "Found Loose In Sack Oct. 20, 1959 At Wallace Brown Unit--3klyn NY."

.....

After last week's Blade was out, complete with this column, we received more than our share of chewing outs--seems we were on the wrong side of the elevator dust petition question. Just being on the wrong side wasn't so bad, according to some of the people who talked to us, it was the saying so here.

But there was some sweet with the bitter. A couple of fellows told us they appreciated our remarks. One went on to point out that the right of petition is abused more times than not.

According to him, all too often, a petition starts circulating because of personality clashes instead of issues. We hadn't thought about it from that standpoint.

City commission is scheduled (Continued on Page 6)

## Truck Wreck Pins Driver All Night

DEMOLISHED--This is the grain truck which Floyd Avent was pinned in for some 12 hours last week. The hood is sticking in the air. A portion of the sideboards may be seen at lower left. Wheels of the truck were knocked loose from the body during the wreck.

A grain truck driver miraculously escaped serious injury last Tuesday night when his vehicle ran off a rural road and overturned in a milo field.

The driver, Floyd Avent, 19, of Clovis was pinned inside the truck from about 7 p. m. until 7 a. m. Wednesday.

Searchers were looking for him after he failed to come back to the field he was hauling from. However, the truck was so far--about 100 feet--from the road, it was impossible to see in the dark from the road.

Avent was working for H. T. Dulworth, a custom combiner, on Bery and J. S. Williams' farm seven miles west and five north of Bovina.

He was returning to the farm after taking a load of grain to an elevator when the accident occurred.

The truck, a '50 model Chevrolet belonging to Dulworth, was demolished.

Avent was conscious when he was found Wednesday morning. He received no broken bones, but suffered a badly bruised leg. Ed Paetsch of Ed's Auto Service here, cut away the steering wheel, as well as other parts of the vehicle, to free the trapped Avent.

He was taken to Clovis Memorial Hospital for treatment and was still in the hospital this (Continued on Page 6)

FANCY GADGET--Flossie Rhinehart, left, and Gene Ezell of Bovina post office look over the new electric mail canceller which will be put into use soon. The machine will eliminate hand cancelling of most pieces of mail and will speed up handling of mail here.

## SATURDAY--

### Quiet Halloween Observed Here

Compared to a few years ago, Halloween in Bovina, 1959 style, was a quiet affair.

October 31 antics amounted only to soap on windows down-

town and overturned trash-barrels, John Wilson, of the city, says.

Not many years ago, Bovina was noted for the amount of trouble and confusion which resulted from Halloweeners' antics. Year before last, the "pranks" were stopped abruptly by lawmen.

Since that time, little trouble has been caused on the night of spooks and goblins here.

### Uniforms Up For Approval

Uniform committee of Band Parents met Monday evening with Bill Bates of Lubbock representing Oswald Company. Those present were Mrs. Tom Beauchamp, Mrs. Elton Venable, Mrs. Anita Anderson, Mrs. S. E. Redden, and Mr. and Mrs. Alvin Glasscock.

A uniform was decided upon to be presented to the school board for approval. This uniform will cost \$64.26, is constructed of 16 ounce wool and will be in school colors of maroon and white. Shakes will complete the uniform in place of hats.

.....

### WEATHER BY WILLIE

Yes, the sun does look good this week.

But, we will have more moisture and some colder weather this week.

Remember, December and January are our driest months in the Panhandle. But we stand a good chance to get from 2.5 to 4 inches of moisture by February 1, 1960.

Watch it, folks! --Willie

Mr. and Mrs. Connie O'Brian visited in Lamesa Sunday with her brother.

## STOPS IN BOVINA--

# Burglar Pulls Courthouse Raid But Bungles The Job

What would have been the "burglary of the year" if the culprit had gotten away with it was pulled in Farwell Wednesday night. A daring (and drunk) Latin American from Amarillo bashed a restroom window in the county courthouse, crawled through, and helped himself to a looting of every official's office on the first floor.

Included in his take was liquor, money, and guns from the sheriff's office.

In custody and charged with the offense is Juan Chavez, 30, who gives his residence as 11055 Johnson in Amarillo. He was arraigned Saturday and his bond was set at \$5000.

Noble Goldsmith, janitor, discovered the burglary at 7:30 Thursday morning, but the arrest of Chavez followed a long train of events that began in

Parmer County early Wednesday evening--before the crime itself. Chavez first made his appearance at the Northside 66 Station in Bovina about 8 o'clock.

While stopped at the station he obtained a supply of "gopher" matches from Mike Barraza, who was running the station. The manager noticed that the man apparently had been drinking, and also took note that he was in a 1952 green and white Pontiac.

The license number was not obtained, but this information proved complete enough for Sheriff Chas. Lovelace to get out a general alarm for the car after the break-in had been discovered. The station was linked to the burglar easily enough after matches bearing the station signature were found in the courthouse.

Chavez apparently used a heavy hammer to knock out the window glass to get into the building. When climbing in, the burglar accidentally cut his right hand rather severely on the broken window. Officers surmise that his liquor-induced instability was probably responsible. Blood was found near the window where the accident occurred.

Once inside, Chavez made free use of his hammer to gain entrance to county offices of Lee Thompson, assessor-collector; Hugh Moseley, clerk; Mable Reynolds, treasurer; and the sheriff.

Except for what he took from the sheriff's office, his loot was not too impressive. About \$5 and \$10 was missed by Thompson and Moseley, respectively.

The sheriff lost \$46.06 in silver, seven guns, and several bottles of liquor. All this merchandise had been picked up from time to time in raids and as contraband from apprehended thieves.

Chavez made good use of some vodka he picked up from the sheriff's cache, and this second round of imbibing is what probably proved his final undoing.

He left the courthouse and headed back toward Amarillo, but lost control of his car near the state roadside park about three miles southwest of Bovina. The Pontiac skidded off

the road, crashed through a fence and bounced into an open field. It did not turn over.

Chavez could not start the car, so caught a ride to town. He called Ed Paetsch of Ed's Garage for towing service, and this was a short time before 11 o'clock. Chavez steered while Paetsch pulled him in.

The Amarilloan spent the night at the Sands Motel, registering there as "John" but the last name was indistinguishable. W. L. Blackstone, motel manager, dressed Chavez' hand and was later able to identify him as the man who had been his customer. (Chavez said he cut his hand on the fence near the wreck.)

.....

The search then centered in Amarillo and it turned out that Chavez was one of the better-known personalities in law enforcement circles there. He has spent a good part of his lifetime at both Gatesville and Huntsville.

Sheriff Lovelace and Deputy Ben Moorman picked him up at his apartment where he was staying with his common law wife. He was returned to Farwell for interrogation, and was subsequently charged.

Chavez has declined to comment on many details of the burglary, but Tuesday told Lovelace he would take him to the site of where he had buried

(Continued on page 2)

BILL SHEEHAN

## Sheehan Seeking Reelection

Bill Sheehan, district attorney for the 154th Judicial District, has announced as a candidate for reelection to that office in the next election.

Sheehan, a Friona resident with law offices in that city, makes the following statement concerning his candidacy in the Democratic Primary slated for May of 1960:

"I wish to announce that I am a candidate for the Democratic nomination and reelection as District Attorney of the 154th Judicial District, composed of Bailey, Lamb, and Parmer counties.

"I was appointed District Attorney for this district in September, 1957, and was elected for a two-year term beginning January 1, 1959.

"I appreciate the cooperation that I have received from the citizens and law enforcement officers of the District and solicit your continued cooperation during the remainder of my service as District Attorney.

"I will appreciate the support of the voters in the Democratic Primary and General Election, and if elected I promise to continue my very best efforts to properly enforce the law in this District."

Bill Sheehan

A GROWING TOWN--Construction is progressing on two new Bovina business buildings. At left is the building which will be occupied by Tommy's Western Wear. In the right background is Billie Sudderth's new service station. Both buildings are on Highway 60.

## ON THIRD STREET--

### Wreck Causes \$250 Damage

A two-car smashup at Third Street and Ave. B Friday afternoon caused some \$250 damage to the vehicles.

No one was injured.

A '56 Chevrolet driven by Tom Ware and a '58 English Ford driven by Max Gilreath were the automobiles involved.

Ware was driving north on Third Street when the mishap occurred. Gilreath was at-

tempting to turn around in front of the American Legion Hall, officers said.

The front fender, grill and headlight of the Chevrolet were damaged. The English Ford was damaged on the left side.

Highway Patrolmen Don Tabor and Charles Burke were called by Deputy Sheriff Henry Minter. Gilreath was issued a ticket for improperly entering a street.

LONGHORNS WIN 18-6-

# Lazbuddie Beats Ponies On Blizzard Swept Swamp

An injury-riddled squad of Bovina Mustangs rose up in defiance and played one of their best games of the season Friday night, but two costly errors cost them two touchdowns and an 18-6 defeat.

One of the errors was a fumble which Jerald McGehee of the Lazbuddie Longhorns recovered. He ran forty-nine yards with the stray ball early in the first quarter. Bovina had received the kickoff and kept

the ball only two plays before McGehee made his grab and run.

The second Lazbuddie score came shortly after the end of the first quarter. Don Caldwell, directing the Ponies against a bitterly cold north wind that made passing or kicking a lost cause, attempted to punt. A swarm of Longhorns shot through the line and Norman Bradshaw blocked the attempt.

It took the Longhorns only four plays to move the 37 yards to paydirt with Derrell Jennings going the final 12. A successful extra point try was called back by a clipping penalty and the second try failed.

Bovina kept the ball only one play after the kickoff. A Caldwell pass was intercepted by R. L. Porter and the Longhorns struck again for their third tally with Gerald Koelzer going the final distance.

At the half, Lazbuddie led by an 18-0 margin and appeared capable of more than doubling that score in the second half. The Longhorns had seen several drives killed by penalties and had unreel several long gainers which were nullified.

But the Mustangs had showed signs of a fired-up offense between the miscues that cost them so heavily.

They marched for seven first downs while Lazbuddie chalked up six.

Roger Ezell and John Lorenz, a converted lineman who replaced the injured Jerry Barron, were the big guns for the Mustangs. Lorenz rambled for 26 yards in the second quarter for a first down on the Longhorn 20 yard line.

That drive stalled when a stubborn Lazbuddie defense

refused to yield and Caldwell was dropped for a loss on a pass attempt.

Bovina came back after the half and pushed the Longhorns all over the field but were able to score only one touchdown.

The Ponies took the kickoff and were forced to punt but a penalty erased the punt and gave them a first down on their own 33.

The Longhorns were unable to move and Bovina took over on the 31. Ezell and Lorenz moved for consecutive first downs on 12 and 14 yard runs. Ezell broke loose for 15 but a holding penalty nullified the play.

Undaunted by this disadvantage, the Ponies kept moving. Caldwell hit Bill Strawn with a pass and the big end fought his way to the Lazbuddie 19 for a 33 yard pickup. Lorenz went for three. Caldwell kept for two after a pass attempt failed.

Lorenz drove to the four and in two carries, Ezell went the final four yards for the score. Neither team was able to muster another scoring drive as the soggy field, bitter cold and opposition teamed to make the remainder of the game a defensive battle.

The Longhorns operated most

of the time without their top back, Jennings, who was nursing an injury. The tall lad came in to engineer the second Longhorn tally but without him, Lazbuddie seemed unable to maintain a drive.

Bovina's lineup was sprinkled with new faces due to sickness and injuries. Jackie Turner, Joe Jones, O. W. Adams, Jerry Barron, and Jon Lin Rolle were missing from the lineup.

Mac Glasscock, Pat O'Brian, Don Cumpston, and Rocky Barber, along with Lorenz, filled the gaps well.

Game at a Glance.

Bovina	Lazbuddie	
12	First Downs	8
164	Rushing	154
8	Pass Attempts	3
3	Completions	1
37	Yardage	12

2	Punts	1
16	Average	65
3	Fumbles	2
0	Recoveries	2
5	Penalties	11
45	Yardage	75

THE THREAT OF RETURNING TO HUNTSVILLE hangs heavily over the head of this 30-year-old Latin American from Amarillo. He is charged with burglarizing the county courthouse Wednesday night.

## Chavez Finds Guns, Says He'll Fess Up

Juan Chavez, who had a mountain of circumstantial evidence against him but who had never actually admitted burglarizing the Parmer County Courthouse Wednesday night, changed his tune Tuesday of this week.

Sheriff Chas. Lovelace told the Parmer County newspapers Tuesday that the slender Latin American led him and Ben Moorman to a spot near his apartment in Amarillo Tuesday, where the seven guns stolen from the sheriff's office were

found under a few inches of dirt.

They were carefully wrapped and not damaged by the wet weather.

During the day Chavez owned up to having pulled the job, and told the sheriff that he would sign a confession admitting the act.

Lovelace says he now hopes that the grand jury can be called in to investigate this (and other) cases "by Christmas."

WAREHOUSE SALE COMING - A. J. Barton of Super Saveway in Bovina is shown with a stack of food boxes which fill aisles of the store. The stock is being moved into place for Super Saveway's warehouse sale which begins tomorrow (Thursday).

## Burglar

(Continued from Page 1)

guns in Amarillo. (The hammer and part of the loot had already been found hidden near where his car left the road.)

It was not known whether the grand jury would be called to reconvene to consider the case. They met only three weeks ago. However, the sheriff indicated that another call might be made soon to have witnesses for the investigation "before they get scattered."

This is not the first time the Parmer County Courthouse has been burglarized. It has happened twice before. The most recent time was during the early 1940's during

World War II when ration stamps were the object of looters. Following this breaking and entering, county officials decided it might be best to lock the outside doors.

Previous to that time, only offices were latched, and the doors to the hallways stayed open, mostly as a convenience to travelers.

There are still a number of counties in the area which do not lock their doors, but Parmer is not one of them.

## MINTERS IN DALLAS

Mrs. Henry Minter is in Dallas this week attending Spring Market for her dress shop. She was accompanied by her husband. They plan to take a vacation following business.

## OKLA. LANE

By Avis Carpenter

## UNICEF PARTY IS GIVEN

Friday night a Halloween UNICEF party was at fellowship hall of the church. Children in the church had planned to go "trick or treating" for the UNICEF drive, but it was cancelled due to bad weather.

Games were played and refreshments of hot chocolate and cookies were served with Halloween favors. Those attending were Trummie, Loy and Lanelle Christian; Carrol and

Tony Foster; Tina, Sheree and Gay Rundell; Carrie and Ted Young; Bobby and Buddy Foster; Harold, Larry and Candy Jones; Sharon, Nelda and Eddie Winegeart; Bruce and Janis Billingsley; Dale and Katherine Gober; Donna and Jean Kirk; and Ruth Ann and Lynn Blankenship.

Sponsors were Mr. and Mrs. Donald Christian, Mr. and Mrs. M. G. Rundell, Mr. and Mrs. R. E. Blankenship, Mrs. Melborn Jones and Mrs. A. D. Kirk.

WCS HAS MEETING All circles of WCS are met jointly Monday afternoon at the church. A short business meeting was conducted by Mrs. T. L. Kent.

The program, "Social Creeds and Moving Populations," was directed by Mrs. Sam Billingsley and Mrs. George Douglas. Others on the program were Mesdames R. E. Blankenship, C. C. Christian and T. L. Kent. In closing, the Ten Commandments were discussed.

Others attending were Mesdames Melborn Jones, Donald Christian, Norman Head, Lee Jones, M. G. Rundell and Conrad Nelson.

Attendance for Sunday school Sunday was 62. Sixty seven were present for the morning worship service. To start the service, children took up a

collection for UNICEF, and Janis Billingsley dedicated the offering by prayer. Rev. Wood brought the morning message on "Christ and His Missions."

Attendance for the evening worship service was 34. Rev. Wood brought the message "Emergency."

MYF members in the church are to have a teenage and adult panel discussion Sunday night at 6:45. They are inviting everyone to come and join with them in their discussion on teenage problems.

Attending a teachers training institute in Plainview Tuesday were Mesdames Donald Christian, Melborn Jones and Merrill Rundell. The meeting was at First Methodist Church in Plainview.

## Oklahoma Lane Methodist Mentions

### WEEK OF PRAYER IS OBSERVED

Week of Prayer and Self Denial was observed at the church Friday. The meeting began at 10:30, and lunch was served at noon. During the noon hour, Mrs. George Lindop gave a program on "Discipleship." The afternoon program was entitled, "Oh Send us Forth, To Make All Lands Thine Own." It was directed by Mrs. C. C. Christian.

Those attending were Mesdames T. L. Kent, R. E. Blankenship, Sam Billingsley, George Lindop, C. C. Christian, Donald Christian, Melborn Jones, Merrill Rundell, Lee Jones and Troy Christian.

## SMART FARMER

The farmer from Winsconsin was in Chicago for the first time. From the looks of it, the "slickers" weren't pulling too much wool over his eyes. He was in a West Madison Street bar drinking beer when he finally made his small protest against city ways.

Calling the barkeep over, he asked, "How much beer do you sell in a week?"

"Oh, about 40 kegs," the man replied, his eyes glinting at the prospect of belittling the country boy.

"I know how you could sell 80 kegs instead."

"Eighty kegs?" the man behind the bar grinned.

"How?"

"Simple. Just start fillin' up the glasses."

## CALVES, HOGS, LAMBS-

# FFA Boys Feeding 36 Head Of Livestock

Bovina FFA members are engaging in an extensive livestock feeding program this year. Most of the animals are being groomed for the Parmer County Livestock Show slated for March 11-12 in Friona.

The Friona show will be preceded by Bovina Project Show, scheduled March 5. FFA advisor Roy Crawford says the Bovina show will be for all projects of local FFA members and will be a preparation of the animals for showing at Friona.

Lambs, calves and hogs, numbering some 36 head are currently in the program. Some boys are feeding more animals than they plan to show at Friona. When showtime comes, they will select the best for competition.

Crawford said that home-grown grain provides the basic part of the ration for nearly every boy's project. This

follows a trend currently in progress in the Plains area of converting low-priced milo into pork, beef or mutton.

Pat O'Brian has the only FFA sponsored lamb feeding project. He is feeding two head.

Seven boys are feeding 11 calves. Feeders include, John Sikes Jr., Angus; Olen Johnson, Hereford; Bobby Ellison, Hereford; Julian Berry, Hereford; Butch Waltman, Hereford and an Angus; Wyndol Davies, Hereford, and Jimmie Wright, five Herefords. Wright will select two of his calves for the county show.

Hogs are the most popular

project number-wise in the program. Eleven boys are feeding 26 barrows.

Swine feeders include Dean Wines, three Durocs; Olen Johnston, Chester White; Buddy Turner, two Durocs; Jerry Rigdon, two Durocs; and one cross; Ben Rejino Jr. two Durocs; Jackie Turner, two Durocs; Don Cumpston, Duroc and Hampshire; Larry Webb,

Duroc; Mac Glasscock; two Durocs; Donnie Young, eight crosses; and David Lawlis, two Durocs.

"There is a possibility that animals shown at Friona may go to other shows," Crawford says. "Champions will have to be sold there but if we have a good animal that takes a top spot, it may go to the Plainview or Lubbock show."

## 2-Year-Old Is 'Dimes' Poster Girl

Mary Beth Pyron, 2, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., has just been chosen national poster girl for the New March of Dimes 1960 campaign in January. Her picture will appear on millions of posters (above), canisters and coin collectors in every town and village of the country, symbolizing the New March of Dimes attack on crippling birth defects, arthritis and polio, diseases that affect one in every four U. S. families. Mary Beth was born with an open spine and water on the brain. Medical science knows no way of helping her. Hope lies in scientific research supported by the New March of Dimes. Mary Beth is a sunny, affectionate child and loves to ride her new walking horse (left). Her brother Tommy, 4, is a normal child.

# Bootlegging, Thefts Sidelight Law Week

The courthouse burglary overshadowed other law enforcement activity on the county level last week, but there were a few things happening.

Tim Lerna, 53, originally of Clovis, was picked up a half mile west of Bovina Saturday night about 11 o'clock by Deputy Henry Minter and Don Tabor of the Texas Highway Patrol.

He was stopped in his car and he and two traveling companions were arrested. He was charged with possession of intoxicants for purpose of resale after the officers found a case of whiskey in half pints in his car.

Lerna, who has been living in Bovina recently, has been under scrutiny for bootlegging for some time. He pled guilty as charged Monday morning in Judge Loyde Brewer's county court and was fined \$150 and costs. He paid his fine and has been released.

Most of his sales had been in the Bovina area.

His two companions, Herrea Rios, 49, and Cupertino Flores, 57, were charged with drunkenness and were each fined \$20.50 in Judge Roy Thornton's JP court Monday morning also.

Lerna is a national from the Bovina labor camp, and Flores is from Clovis.

A rash of battery stealing was cleared up by the arrest of Detroy Horn, 17, who lives with his parents west of Friona. He was picked up at his home Sunday night about 8 by Sheriff Chas. Lovelace and Ben Moorman.

He has admitted theft of 25 batteries in the area during the past two weeks. Most were stolen around Friona, and most were sold at a Clovis salvage yard. Oddly enough, all the offenses were committed in daylight.

This led to his arrest, because Mrs. Jim Baxter spotted his car from a distance one day and he was picked up for questioning following her description of the vehicle.

Tire marks and footprints found at the irrigation well sites matched those of the young man.

Fifteen of the 25 batteries have been recovered.

This is the first time Horn has been in trouble with the law. They have resided there about three years.

He was fined \$50 and costs and assessed 30 days in jail by Judge Brewer Monday afternoon after pleading guilty to charges of stealing batteries on the Jim Baxter and Curtis Murphree farms.

## Vern's Views

by J. Vernon Stewart

Coach Tom Hamm's Picadors nailed down a sweet victory Saturday night with their 26-6 rout of the Arkansas Shoats.

After the poor showing against North Texas, the Hardin-Simmons victory didn't show that the freshmen have a real winning team. One victory doesn't prove much. But the win over Arkansas shows the Picadors are on par with the boys they will be competing against the next three years.

Remember the names Lovelace, Hunt, Garrison and Kimberlin. These boys are good bets to play lots of varsity football next season.

A 160-pound halfback named George Berger is also making himself known, largely because of a tremendous amount of hustle. Berger is only 17 years old and may grow some before he leaves Tech. If he can add some weight without losing his hustle, he'll help the Raiders.

The Oklahoma Sooners saw their 74-game conference winning streak go down the drain Saturday when Nebraska pinned a 25-21 loss on Bud Wilkinson's men.

The poor season the Sooners are having may help the Texas recruiting situation greatly. Oklahoma is becoming just another football team.

Texas coaches are hoping this season may start a vicious circle that even the old master Wilkinson can't halt. They are saying that if someone would give Texas University a sound thrashing, recruiting would be a dream.

The heralded "game of the season" in Southwest Conference was played last weekend. It wasn't nearly as close or hard-fought a battle as expected. The game in question was the Texas-AMU affair, which the Longhorns won by the comfortable margin of 21-0.

It looks like sports writers were talking through their hats, as is often the case when they try to pick SWC champs, when they chose probable winners.

Texas Christian, the defending champion, still has a chance but Texas will be favorite for last weekend forward.

The Texas Aggies might have won Saturday if Jesse McGuire and Jon Few had played and were worth as much to the team as newspaper stories indicated.

The Red Raiders seem to have fallen into a rut of hard-fought losses. It is to be expected. Tech just doesn't have the horses to win them all, or even most of them. The small squad has done a good job so far. If the players don't quit now, they can still have a winning season.

Arizona is a team the Raiders were supposed to beat even before the season started. They should take this one.

Anyone who thinks the younger generation isn't creative should watch a group of teenagers building sandwiches.

"I wonder why Scotsmen are so good at golf." They realize that the fewer times they strike the ball the longer it will last."

# Of Interest To THE WOMEN

MRS. GUS L. UMPHREES

## Rebecca Ann Foster Marries Gus L. Umphrees In Abilene

Rebecca Ann Foster and Gus L. Umphrees were united in marriage Saturday October 31 at 7:30 p. m. in Evelyn Cox Chapel at Aldersgate Methodist Church in Abilene.

Parents of the couple are Mrs. Loucile Foster of Bovina and the late Tom F. Foster, and Mr. and Mrs. Oscar Umphrees of Granbury.

Rev. B. J. Foster, cousin of the bride from Anson, performed the wedding ceremony before a candlelit altar banked with huge baskets of white gladioli.

The bride, given in marriage by her godfather, E. R. Barry of Bovina, wore an informal street length dress of beige wool with embroidered bodice. She carried a white Bible topped with white roses. For something old the bride wore a diamond-set cameo belonging to her mother. Something new was her wedding attire and something borrowed was a Rainbow Bible belonging to her sister-in-law, Mrs. Robbie Foster. Something blue was her blue garter, a gift from a school mate, Judy Garrett Reed.

Attendants to the couple were Miss Anita Felts of Lueders and Tracy Byrd of Brady. The bridesmaid wore a light blue dress in matching material and design to the bride.

James Harvey, Sweetwater, and Bruce Land, Hawley, served as ushers.

Miss Betty Lemon of Memphis played traditional wedding music.

Following the ceremony was a reception in the church parlor. The table was spread with an Italian embroidered lin-

en cloth, set with silver services, and centered with the wedding cake. Punch and coffee were served with the cake.

Those alternating at the serving table were Miss Felts, Jane Ammons, Roby; Linda Fields, Amarillo; Francis and June Umphrees, sisters of the groom.

Out-of-town guests for the wedding were Mrs. S. O. Billington, Farwell; Mr. and Mrs. W. J. Mitchell, Granbury; Mr. and Mrs. Milton Molder and daughter, Mr. and Mrs. A. V. Warren, Farwell; Mr. and Mrs. E. R. Barry, Bovina; Mr. and Mrs. N. C. Sulser, Earth; and Mrs. B. J. Foster and children, Anson.

Mr. and Mrs. Umphrees will be at home in Abilene at 1215 Santos St. They are attending McMurry College where he is a senior and she is a junior.

## Coffee Fetes New Resident

Mrs. Dolph Moten and Mrs. Mark Charles were hostesses for a get acquainted coffee Wednesday morning honoring Mrs. Mack Ragsdale.

Those calling at the Charles home were served coffee rolls, coffee and hot tea from silver appointments. An arrangement of driftwood and fall flowers was placed on the serving table laid with white linen.

Approximately 25 came by to welcome Mrs. Ragsdale to Bovina.

## FHA Holds Initiation

In a formal candlelight service new members were initiated into Bovina Chapter of Future Homemakers of America recently. Installing officers were Patsy Richards, president; Judy Roach, vice-president; Marylyn Turner, secretary; Bettie Mae Stevens, Treasurer; Carolyn Crump, Parliamentarian; Marilyn Brandon, song leader; Linda Gilreath, Historian; and Janet Gooch, reporter.

A white cloth covered the officers' table, which was centered with an arrangement of red roses flanked by six white candles. A single red candle, placed in front of the arrangement, was used to illuminate white candles, on which were written purposes of FHA.

Marilyn Brandon led the FHA prayer. Each new member was presented a red rose and a pennant by Miss Richards.

Following the initiation, an Emblem Service was conducted with officers explaining meaning of FHA Creed. Carolyn Crump gave a talk on Degrees in FHA.

Punch, cookies and doughnuts were served after the meeting.

## Marcie Lynn Begin New Study

Tuesday afternoon Mrs. Jimmie Charles led prayer group of Marcie Lynn Circle at Bovina Methodist Church. A new study, "Churches Mission in Town and Country" was also introduced by Mrs. Charles.

Following program and routine business, Mrs. Billie Sudderth presented life membership pin to Mrs. Lewis Pesch, an active member of W.S.C.S. for 32 years. During this time she served as president for 16 years. Mrs. Pesch is a charter member of Oklahoma Lane W.S.C.S.

Hostesses, Mrs. Earl Ware and Mrs. George Turner, served hot spiced tea, cookies and nuts from a serving table centered with a fall centerpiece. Those present included Mmes. Charles, Pesch, Wilber Charles, Sudderth, L. M. Grissom, Warren Morton, Tom Nixon, Rouel Barron, Davis Edens, and hostesses.

## Baptist Juniors "Spook Party"

Mrs. Bobby Englant, Mrs. Earl Dean Boyd, Mrs. J.W. Gooch and Mrs. Fox were hostesses to 33 boys and girls of the First Baptist Church for a Halloween party Saturday afternoon. Those present were members of the Junior Department.

On arrival at the church, guests were conducted on a tour of "Witches' Paradise" and "Ghost Graveyard." Youngsters also took part in bobbing for apples.

Mrs. Boyd and Mrs. Englant supervised games before refreshments of cookies and hot chocolate were served.

## Rainbow Girls Surprise Morton

Following regular business of Rainbow meeting Monday evening members honored their Rainbow father, Warren Morton, with a surprise birthday party.

The unusual birthday cake was frosted with white and featured a brown deer head and two guns. Hot chocolate was served with the cake. Girls presented Morton with a shirt.

Besides the girls, those present included Mrs. Morton and Janice, Mrs. Mary Looney, Mrs. Julia Leake, Mr. and Mrs. Roy Crawford and Roy Jr.

## Collect \$236.41 CROP Program A Big Success

MYF of Bovina Methodist Church collected \$236.41 in its annual Halloween trick or treat program for Christian Rural Overseas Program after church Sunday night.

This was a record high according to Mrs. D. D. Hastings, MYF sponsor. They wish to thank everyone for the generous contributions.

Those helping canvass the town were Verna Marie Estes, Patsy Richards, Marylyn Turner, Don Caldwell, Ronnie Sudderth, Jimmy Wright, Marilyn Brandon, Barbara Rea, Terry Merriman, Carole Hammonds, Roy Dodson, Dixie Hartzog, James Clayton, Vickie

Strawn, Gary Beauchamp, Billy J. Charles, Carole Jean Hastings, and Virginia Rea. Friendship Sunday School Class feted them with sandwiches, cookies, apples and hot chocolate on their return to church.

## Shut-Ins Treated

Members of Mrs. Harold Hawkins' Sunday School Class of First Baptist Church decided to "treat" instead of "trick" for Halloween Saturday.

These 11-and-12-year-old girls met in church kitchen and prepared cookies, candy, and punch to be served to shut-in friends. Honored with this attention were H. Blaylock and Bradley Hromas, son of Mr. and Mrs. Arnold Hromas.

Those participating were Cindy Guantt, Patsy Cumpton, Linda Johnson, Janie Lou Hawkins, Little Vickie and Debbie Hawkins, and Carolyn Damron.

## Observe World Day Of Prayer

Mrs. Earl Ware and Mrs. L. M. Grissom were in charge of World Day of Prayer at Bovina Methodist Church Friday. Twenty-one ladies participated in the days program, which began at 10:30 and dismissed at 2:30.

Meditations, prayer and prayer hymns filled the morning hours. Noon meal was eaten in silence while listening to reading of scriptures and hymns.

Afternoon program told of places World Day of Prayer offering would be used for—in Africa and home mission fields.

## Mrs. McMeans Party Hostess

Mrs. Dot Elfers of Clovis was displayer for a products party in the home of Mrs. Bob McMeans last week.

Those present included Mmes. Sue Moten, Betty Hawkins, Reagan Looney, Bonnie Barrett, Lucille Walling, and Pat Hawkins.

Mrs. McMeans served pumpkin pie topped with whipped cream and coffee to her guests.

## Household Hints

Fresh, cured, smoked, canned or boiled -- you can find ham most any way you want at grocery stores these days. For best results read the labels and information on the wrapper carefully, suggests Marie Tribble, extension foods and nutrition specialist of Texas & AM College. Checking the cooking method required will help you make the choice that best suits your needs.

The specialist offers some helpful descriptions on the types of ham most generally available.

## Sunday Menu

- Turkey and Dressing
- Candied Yams
- Green Beans
- Buttered Cauliflower

## Mrs. Warren Hostess To Quilting Club

Mrs. Chick Warren was hostess for an all-day meeting of Quilting Club Wednesday. Members quilted a quilt for Kittle Warren, grandchild of Mrs. Warren. At noon, ladies had a covered dish luncheon.

Those present were Mmes. Bill Bradshaw, J. R. Caldwell, Tom Griffith and Barbara, Mel Gunn, Levi Johnson, Lloyd Killough, Reagan Looney, E. H. Moody, Will Parker, Tom Rhodes, Elmer Venable, Ernest Woelfel and the hostess.

Two guests also attended-- Mrs. John Purvis of Altus, Okla., and Mrs. R. N. Williford.

Next meeting is November 5. Mrs. Elmer Venable will be hostess.

## TROY ARMSTRONG IMPROVING

Condition of Troy Armstrong in North West Texas Hospital in Amarillo is improving. His wife is in Amarillo with him. He returned to the hospital last week.

## P. A. ADAMS IN LUBBOCK HOSPITAL

P. A. Adams was still confined to Methodist Hospital in Lubbock Tuesday morning. Mrs. Adams called her son W. O. Tuesday morning and reported they had hopes of coming home Wednesday (today).

## UNDERGOES SURGERY

Mrs. Ola Free had surgery Tuesday at Parmer County Community Hospital in Friona.

## BLADE INSIDE FC

Mr. and Mrs. Warren Morton and Janice were in Chillicothe over the weekend visiting friends.

## RETURN MOTHER TO OKLAHOMA

Mr. and Mrs. Ernest Sandel of Dimmitt and Mr. and Mrs. Lloyd Killough took Mrs. John Purvis to her home in Altus, Okla. Saturday. Mrs. Purvis had been visiting the Killough home.

## DON MURPHYS VISIT PARENTS

Mr. and Mrs. Don Murphy drove to Ballinger over the weekend to visit with both their parents.

FRESH HAMS have not been cured or smoked. Remember one general rule that applies to the cookery of all fresh pork. Cook it well done. Cook to an internal temperature of 185 degrees F. or until all the pink color has disappeared, the meat is whitish tan in color and the juice is clear.

CURED and SMOKED HAMS, with or without the bone, have been subjected to a curing process that improves keeping quality and develops a distinctive flavor and color. Smoking adds flavor and has some preserving effects. High temperature used when smoking is the method that is used to tenderize a ham. This means less cooking is needed at home. Cook to an internal temperature of 160 to 170 degrees F. or 18 to 22 minutes per pound.

COOKED or READY-TO-EAT HAMS have been fully cooked and are sold with the bone in or boneless. They are plainly marked "Cooked" on the package. Serve cold or reheat at 325 degrees F. for 12 to 15 minutes per pound.

## Wandering with aneen by Waneen Ragsdale

We took in the Halloween assembly at school Friday. Never saw so many "cute spooks." It was amusing to watch parents of those performing on stage. Talk about undivided attention -- they had it.

It must have been quite a tedious task on the second grade teachers to get together such a delightful program. They have such easy jobs teaching our "little angels," they probably decided they needed some extra-curricular activity to keep from getting bored.

It would be hard to say who enjoyed it more -- parents or students.

Around school was a beehive of activity Friday. Mommies running here and there with soda pops, popcorn balls, cookies, etc. Wonder why the kids weren't hungry for supper?

Bovina was really social last week. Parties everywhere. We were pleased as punch to be feted with a coffee Wednesday morning by Sue, and Sue, too. Mmes. Moten and Charles are both gracious hostesses.

Dentists will probably get some of the unhappy results of the trick or treat crowd. More than a few were heard to complain of toothaches, OR tummy-aches.

Everyone we talked to reported at least 50 to 75 callers, or more, Saturday evening. That's a lot of bubble gum!

The cutest sight we saw Saturday night was Mr. Bob Williford trailing Jackie Adams, son of the P. A. Adamses, to keep the spooks away from him while he rang door bells. Little Jackie is staying with the Willifords while his father is in Methodist Hospital in Lubbock.

It was a thoughtful gesture for a group of 11 and 12 year Baptist girls to "treat" shut-ins on Halloween. Mrs. Hawkins had MUCH patience to supervise them while they prepared their goodies. Little Debbie and Vickie were most likely in charge of bowl licking.

On every street corner Monday morning were farmers passing the time of day and looking anxiously at the sky for signs of clearing weather. We bet many wives were thankful to have them "out from under foot" so as to clear out weekend clutter. Rainy weather and kids running in and out makes for much Monday cleaning.

Response to CROP was grand. We'd like to congratulate the teenagers for contributing their youthful energy to such a worthy cause. They appreciated the warm response they received in addition to donations.

BOILED HAMS or BONELESS HAMS are cured, boned and shaped into a roll or rectangular shape and are fully cooked. Serve cold.

CANNED HAMS come in sizes from 1 1/2 pounds to full

## Pink Patio Moves To Main St.

Pink Patio Beauty Salon presently located on Ave. C is moving to a new location next door to Scooter's 5&10 on Main Street. Fannie Hudson, owner, reports the salon will be moved sometime next week. The shop will be completely remodeled and they wish to invite everyone to come by and see them. Working with Mrs. Hudson is Verna Lee Hall.

## Teachers Meet In Bovina

Dr. Everett Smith of West Texas State College, Canyon, was guest speaker at a county teachers' meeting in Bovina Wednesday night of last week.

His topic was on the curriculum of Texas high schools and changes which are being considered. Dr. Smith pointed out that they should be brought up to date.

This was the first of four meetings of county teachers which will be conducted during the current school year.

In attendance were 140 of 161 teachers in the county. This is considered a very good percentage, Bovina Superintendent Warren Morton says.

Baker Duggins of Friona Schools is president of the organization.

## Locker Service Stopped

J. O. Combs announces that the frozen food locker service which has been combined with Combs Grocery is being discontinued.

The change was scheduled to be effective November 1. However, all patrons had not picked up their frozen foods by that date and the service was continued "a few more days."

Closing of the lockers will not affect the grocery part of the business.

## Mrs. Ware Hosts Products Party

Ten ladies were present for a products party Thursday morning in the home of Mrs. Jimmie Ware. Mrs. Ester Bradley of Clovis was displayer.

Following display of products, Mrs. Ware served coffee and cookies to Mmes. D. R. Bushnell, Jimmie Clements, Vernon Willard, Darrell Guy, Tom Ware, Tom Ware, David Haber, George Turner, and E. M. Ware.

hams and are boned and fully cooked. They may be served cold or reheated at 325 degrees F. for about 15 minutes per pound.

Commission on missions, with Mrs. Bedford Caldwell as chairman was in charge of family night at Bovina Methodist Church Thursday evening. Others on commission assisting Mrs. Caldwell were George Turner, Frank Hastings, L. M. Grissom and Wilber Charles. Mmes. Jimmie Charles, Vernon Estes, and Leon Ware conducted games for children's fun and judged a Halloween costume contest. Winners were Mike Ware and Janice Morton.

Mrs. B. Caldwell led games for adults. Mrs. W. E. Williams gave story of African Girl as a prelude to film, "Congo Journey" showing Methodist work in Africa.

Spudnuts iced with orange and black and drinks were served to those present.

BOVINA PH. AD 8-2811

— OPEN SUNDAYS —

OUTSTANDING PLAYERS—

# Lorenz, Ezell Named Stars

The committee which names outstanding players had the largest group to choose from that it has had all season. The entire Mustang team, almost to the man was praised after the 6-18 loss to Lazbuddie.

Two backs won the nod. Roger Ezell and John Lorenz, who together accounted for nearly all of Bovina's rushing yardage, were the players named.

Lorenz has not been a regular in the backfield this season. He has shuttled back and forth from back to lineman. He has been a steady defensive performer all season but Friday

night was his best offensive effort.

Lorenz gained 79 yards on 16 carries for a 4.8 average per carry. Ezell carried 19 times for 93 yards and a 4.9 average.

Both players were also praised for their defensive play.

Lineman came in for a large amount of credit in the losing cause. Roy Dodson, senior center, and James Clayton, junior tackle, received consideration for the outstanding title.

Ezell, who at 190 pounds is the biggest man on the Bovina squad, was named outstanding

player earlier in the season after the 0-14 loss to Amherst.

It was also the second time this season that Lorenz has received the honor. Lorenz, as a linebacker, earned the award after the loss to Cooper.

### Whittlin'

(Continued from Page 1)

to meet this (Wednesday) afternoon. No doubt the dust petition will be considered at that session.

But even though we became highly unpopular in some circles, we received not one letter to the editor on the subject. If you have a point to get across for community improvement, it would be a good idea to write a letter to the editor—everybody reads his mail; or at least they have an opportunity to.

It doesn't help a whale of a lot just to give us an eating out. We've been verbally jumped on many, many times and as far as we could tell it didn't do much good.

It could be that people who won't write letters to the editor when they disagree with the newspaper's policy don't have anything to say...

The Blade's own private weatherman, Willie Williams, missed his prediction further last week than we've ever seen. Of course, even with that miss, he's still been right more than 99 per cent of the time. That's a pretty good average, you'll have to admit.

We've bragged on his ability in the past and thought it only fair to point out that he did miss last week. "Little, if any, moisture," Willie wrote. Such is the life of a weatherman...

### Truck Wreck

(Continued from Page 1)

week.

Where the wreck occurred, the road deadends. A vent failed to see the deadend in time to prevent the accident. He told rescuers he called for help each time a vehicle passed along the road, but his cries went unheard.

HUNTING IN SOUTH DAKOTA

Mr. and Mrs. I. W. Quickel and Mr. and Mrs. Buck Ellison are pheasant hunting in South Dakota.

HALLOWEEN SHURFINERS--In honor of Halloween and the big Shurfine sale which was, and is, in progress, employees of Wilson's Super Market wore unusual attire at work Saturday. They are, from left to right, Jerry Morton, Ken Horn, James Stevens, Bill Smith, Don Cumpton, Barry Webb, and A. M. Wilson.

### DISTRICT GAME--

## Mustangs Drop Curtain At Vega.

It was a cold night in Lazbuddie, but the once-cold Bovina Mustangs kindled a fire of determination that almost carried them to a victory over the favored Longhorns.

The Mustang dressing room was a scene of quiet satisfaction after the game as the players pulled off their once-white togs which were mud-brown.

"You played a fair game," Coach Bob Willis told his men. The coach later remarked that he was very well pleased

with his squad's showing, especially in the second half.

"They were coming out of that huddle like they wanted to play ball," Willis said.

"Losing those five players should have weakened us but the boys who replaced the injured ones did a real fine job." If we hadn't made those two mistakes, we would have given them a real battle.

Looking ahead to the Mustangs' finale at Vega Friday night, Willis says he thinks the

Ponies might be able to salvage the contest if they can match their effort at Lazbuddie.

Vega had last week off to recuperate from the injuries sustained in their game with Happy.

The Longhorns met Lazbuddie with three of their starters out with broken hands. Quarterback Marvin Thompson and Halfback David Hale, who have accounted for 112 of Vega's 134 points, were injured in the Happy game. Then, starting linebacker Mike Hammonds sustained the third broken hand in practice before the Lazbuddie game.

Vega had 14 players in uniform for the Lazbuddie contest. Coach Lynn Hulsey's squad was no match for the powerful Lazbuddie team and fell before a 50-0 onslaught.

Vega had an open date last week. The Longhorns are 4-4 for the season.

Both Bovina and Vega will be out for their first District 2-B win.

The Longhorns have lost twice in conference play. Bovina has three conference losses.

### OVER LAST YEAR--

## Tax Payments Show Increase

Collection of taxes for Bovina Independent School District is progressing faster than at the same period a year ago, according to a report by Mrs. Pearl Dodson, tax assessor-collector.

A total of \$27,378.34 in taxes was collected during a period

from Oct. 1-31. Last year during the same 31 days, \$21,536.01 was collected.

Mrs. Dodson said she couldn't give any single reason for the increase in early payments.

"The big rush usually comes during December and January when the deadline nears," Mrs. Dodson said.

After the January 31 deadline, a fine of one-half of one per cent per month will be added to the amount due.

This year's tax rolls, with the highest evaluation in history, were approved by the board of trustees for the Bovina school system on Oct. 1.

The evaluation if \$12,200,676.96 and is an increase of \$127,931.48 over last year.

Approximately 17 ladies were in attendance at Church of Christ Tuesday morning for a regular quilting day. It is a practice of these ladies to quilt for needy orphan's homes on each first Tuesday.

Getting together to do BIG JOBS is natural for Americans!

"BARN RAISINGS," "HUSKING BEES," "threshing rings," and many other kinds of "trading help" are a part of the American tradition.

Throughout the history of our country, whenever a man was faced with a job he couldn't do by himself, he asked his neighbors for help and pledged to help them in return.

It has always worked... it's working today... through co-ops.

Through co-op organizations, working together with his neighbors, a man can sell his produce at a better price and buy what he needs at a saving.

Co-op strength is the strength of many people working together toward a modest goal... for the benefit of all.

Everyone shares in CO-OP BENEFITS

# Greatest Milo Crop Harvest Nears End

## THE HIGH PLAINS FARM AND HOME

### Crop Is Nearly In, Area Elevators Say

Here is an area report from grain elevator managers on the milo harvest up to the end of last week.

**BLACK**  
Lloyd Prewett of the Prewett Grain Co. says the harvest is about 75 per cent complete. "The amount of grain coming into the elevators will be slow. There may be some damage to the feed crop from the weather now."

"It's not later than we normally get through," Prewett said of the time the harvest is finishing. He predicts the harvest will be over about Nov. 10 or 15 or about the same time as last year.

"Some farmers are getting unbelievable yields. Some are averaging 6000, 7000 and 8000. There is a large proportion that will have a 6000-pound average."

"V. E. Nichols' combining man says Nichols' crop made over 8000 pounds an acre."

Prewett says the excellent quality of grain that is scaled up near the weight of wheat came as a result of forced efficiency in farming.

D. C. McWhorter of the Black Grain Co. reports that the milo crop is about 80 per cent in. He estimates the yield from 5000 to 7000 pounds to the acre.

"No, we will not finish harvesting by the same time we did last year," he says.

Pete Braxton of Tri-County Grain Co. estimates the crop is 70 per cent harvested.

"It's an average yield of around 5000." Braxton said the harvest would wind up about next weekend.

**FRIONA**  
Arthur Drake of the Friona Wheat Growers says the maize crop is "about 85 per cent in."

"The average yield is about 5000."

He reported that during a 12-day period from Oct. 17 to 28, the Friona Wheat Growers had

unloaded 6336 truckloads for an average of 550 a day. These truckloads amounted to almost 98 million pounds or nearly one and three-quarter million bushels for an average of 145,498 bushels a day.

Drake says Wheat Growers has received a total of almost two and a half million bushels since the harvest began.

Farmers are selling a lot of milo, he says. On Oct. 28, 86 carloads were sold.

"I believe 75 per cent is in," says G. "Preach" Cranfill of Continental Grain Co.

"About three or four more good days will almost finish up the harvest."

Cranfill thinks farmers are having a better average than ever before. He estimates it at 4500 to 5000 overall.

**RHEA COMMUNITY**

Carl Schlenker of the Schlenker Grain Co. says the year's crop is about 80 per cent harvested. He reports unusually good yields.

"The majority will average 6000 pounds an acre."

**BOVINA**

"Everybody has started harvesting and a lot have finished," Harry Johnson of the Sherley Grain Co. says.

"The harvest is about 70 or 80 per cent over."

Johnson says the yields are better than average and range from 4000 and 8000.

At the Bovina Wheat Growers, James Russel estimates the crop to be 90 per cent harvested. He reports yields of 4000 to 8000 with 6000 to 6500 on large acreage.

"If weather permits, the harvest will be finished by Nov. 10," he says the grain was of high quality.

**TEXICO - FARWELL**

"I think probably 80 per cent of the milo is in," says Pat Patrick of the Golden West Seed Co. in Texico.

### Watch For Cottonseed In Grain

Grain sorghum producers and shippers in the Texas Plains are cautioned by the Texas Agricultural Extension Service to be sure vehicles hauling grain are free of any seed other than grain sorghum.

A number of truckloads and carlots being shipped from Texas to Western states have been denied entry after a few cottonseed were found mixed with the grain.

Shippers are being required to fumigate these contaminated shipments--at a cost varying from \$50 to \$100 a load--before crossing the state line, reports D. M. McEachern of the Bureau of Plant Pest Control

at San Antonio. The states have regulations affecting import of cottonseed and other agricultural products.

Indications are that the grain sorghum possibly was contaminated while still on the farm, due mainly to use of the same vehicles for hauling both cotton and grain sorghum.

There is plenty of grain sorghum shipped through and out of Farmer County, according to the state ag department office at Lubbock. From Oct. 1, 1959, to September 30, 1959, 5,321 cornborer certificates were issued on grain sorghum loads from Farwell. At El Paso the number was 5,436, and at Plains the total was 2,578.

Scientists adapt winter grain to tropical climate.

BY ED MONTGOMERY

The best maize crop in history was about 75 per cent harvested last week when rainy weather halted field work. Elevator operators throughout the Farmer county area estimated the record-breaking crop to be from 70 to 95 per cent harvested.

High Plains farmers are experiencing the greatest yields

they have ever had. Reports on irrigated yields range from 3500 pounds an acre to 9500.

Dryland farmers are also having outstanding yields. Some are reported as high as 3500 pounds to the acre. Average for dryland is running about 2000, several hundred above previous crops.

Some elevator operators and farmers attribute the big gains in acre yields to late planting after many early plantings were hailed and washed out.

Farmers are being forced into efficiency by the low price of milo. As the price decreases, farmers produce more to maintain gross per acre.

Even though many maize growers are selling their milo, the crop was coming in to the elevators too fast last week and nearly all area grain companies have resorted to on-the-ground storage.

Friona Wheat Growers reported an average of 550 trucks a day were unloaded during a 12-day period ending Oct. 28. Two Sundays were included in the average although no trucks were unloaded on those days.

All elevator managers and farmers contacted say the crop is definitely the best this area has ever had in both yield and quality of grain. One grain company manager said the milo was up near the weight of wheat.

Elevator operators found it difficult to name any particular individuals who had outstanding yields since nearly all were unusually high on both small and large acreage.

Some yields were placed near 8500 to 9500 on small plots, but most large farms and fields averaged closer to 5000. A few had higher averages. Deon Awtry near Friona reported 6400 on 400 acres.

The north and west areas of Farmer County are a little ahead of other parts of the county. Farwell and the Rhea Community both reported the harvest nearly over while in the southeast part of the county the harvest is only two-thirds finished.

### 100% WATERPROOF GUARANTEED LEATHER SPORTSMAN BOOTS

are made with Syllflex processed leather that seals out water but lets air in... allowing your feet to breathe. The leather uppers are welded with the rubber soles and heels into one unit by a patented heat and pressure process that completely eliminates moisture penetration at sole edge.

Come in and try on your size of these rugged, light weight, extra flexible boots. You'll find they are the most comfortable boots you've ever worn.

"Thrift-teeners are teenagers who've learned the habit of saving some of their allowance or job money regularly. In my book it's a pretty good habit to have. A great place to save is at an Insured Savings and Loan. Your money is safe and earns more money." So be a thrift-teener. Start saving at our Association today.

FIRST FEDERAL Savings And Loan Association Of Clovis

THE MILO KEEPS POURING IN, and there are piles of grain on the ground in every community of Farmer County. Many elevators had CCC grain in them at the beginning of harvest, with the result that millions of bushels have spilled over warehouses with this, history's biggest crop. At the top is a scene at Lariat, in the center one at Bovina, and the lower picture was taken in Farwell.

## THE FARMER COUNTY IMPLEMENT CO. NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, November 4, 1959

John Bill visited the rendering plant in Clovis the other day then remarked, "I'll bet there aren't any married men who work here." "What makes you think so?" asked his dad. "Because they'd smell so bad their wives wouldn't let them come home."

We have a few of the new McCormick 2-row cotton strippers left. Better come in soon and make a deal for one for these. You'll like the fast clean 23 acre per day stripping you get with these strippers-- mounts on your Farmall in minutes.

Ray and Rosella Landrum are Friona residents again after having been gone about 3 1/2 years. The Landrums have just returned from a two week's trip to Rio De Janeiro, South America. Ray won the trip sometime ago when he appeared on the TV show, "The Price Is Right."

The heavy-duty McCormick rotary cutter is both a mower and a shredder -- cuts and shreds up to 50 acres a day -- free swinging reversible knives for long life -- light running for 2 plow or larger tractors -- fast hitch and trailing models.

The J. B. Douglas family went to Roswell last weekend to visit with their son, J. B. Jr., who is a student at New Mexico Military Institute.

Now is the time that rats move inside. Inside your barn, elevator, chicken house and any other farm buildings. With the rat poison now on the market, there is no excuse for har-

boring a rat all winter. Putting up with rats in this day and age is like putting up with bedbugs a few years ago -- and besides that, it's expensive.

See how you do 50% more -- easier -- Go McCormick six-row. For bigger, more efficient farming, six-row farming is easier and cheaper. You'll farm bigger, farm better and farm easier with McCormick six row tractors and equipment.

John Bill: "But everybody has a fountain pen." David: "Well, you don't want to be just like everybody else, do you?" John Bill: "I certainly do. I'm just normal."

Mr. and Mrs. Roy Clements and Mr. and Mrs. Sloan Osborn have been pheasant hunting in South Dakota. Miss Lora Mae McFarland of Clovis stayed with the Clements and Osborn boys, Don and Rob, while their parents were away.

Nine outstanding Parmer County women have been named as candidates for "Parmer County Home Demonstration Club Woman of the Year." The women were selected from the various county clubs as their outstanding member, and will be judged by three home demonstration agents on their club, community and family activities.

Each club prepared an outline of the work done by their candidate, and submitted it along with a picture to be judged.

The judges' votes will be totaled and the woman receiving the most votes will be named "Woman of the Year."

The award will be made on November 19, following a Thanksgiving luncheon at the Hub community center.

Representing the Oklahoma Lane Home Demonstration Club is Mrs. Vernon Symcox of route 1, Farwell. She is the wife of a farmer and has seven children. She has not only been active in home demonstration work herself, but has taught her children the importance of home, club and community activities. One of her daughters

recently won first place in food's demonstration at the state 4-H roundup.

Mrs. Rudolph Renner has been chosen by members of the Hi-Point Home Demonstration club as their candidate for woman of the year. She has been a member of the club since 1957. She is the mother of four children, and lives on a farm near Bovina. Baking and decorating unusual cakes is her hobby, although she makes most of the clothing for her family.

Chosen to represent the Black Home Demonstration Club is Mrs. Ralph Price. She is the mother of two sons and lives on a farm in the Black community. Mrs. Price although having no daughters has served as girl's 4-H leader for the community. She is also active in school, lodge and scout work.

Representing the Midway Home Demonstration Club is Mrs. Davis Gulley. She had eighteen years of club experience before a home demonstration club was organized in Parmer County. She has been active in the club's work on county, district and state levels.

Rhea Home Demonstration Club elected as their candidate, Mrs. Cordie Potts. Mrs. Potts was born and raised in the community and joined the club soon after graduation from high school. She has been active in the club since joining and works also with the girl scouts.

Chosen to represent the Friona Home Demonstration club is Mrs. Earl Drake. She is the mother of three boys and lives on a farm east of Friona. She is active in club, lodge and church work. Her hobbies include cooking and gardening.

Representing the Lakeview Home Demonstration Club is Mrs. Raymond Milner. She is the mother of three children. Besides being active in club

# Lankart Leading Variety Cotton Grown On Plains

A total of fourteen different varieties of cotton account for some 97 per cent of the total number of varieties of cotton planted this 1959-60 season by farmers on the Texas High Plains, according to a survey conducted by Plains Cotton Growers.

Geo. W. Pfeiffenberger, executive vice president, says the survey was made through cooperation of gins on the High Plains in 21 counties. Total allotted acreage planted to cotton in these 21 counties this year was approximately 2,174,000 acres and estimated production from this acreage is 1,723,000 bales.

Lankart 57 is the leading variety planted, accounting for 42.6 percent of the acreage planted on the plains. The complete list of varieties and percentages planted:

Variety	Percent of Acreage
Lankart 57	42.6
Gregg	13.1
Lankart 611	9.0
Paymaster 101	5.8
Paymaster 54-B	5.6
Western Stormproof	3.8
Acala	3.4
Blightmaster	3.2
Northern Star	2.8
Antone	2.4
Dixie King	1.7
Lockett	1.6
Rex	1.1
Empire	1.1
Other	2.9

**Courthouse**  
TOTAL 100.0  
Pfeiffenberger explains that percentages of varieties planted changed somewhat in 1959 over 1958, but the leading varieties did not change significantly.

Statistics taken from the PCG quality survey of the 1958 crop show that the High Plains Crop averaged 31/32 inch in staple length, 4.0 micronaire, and 75,000 pounds per square inch fiber strength.

A complete copy of the variety study has been prepared and is being distributed to county agents, ginners and others throughout the area.

Clarence Sturm tells about the Wisconsin dairy farmer who advertised for a farm hand: "Wanted, dairy farm employee. Must not have any bad habits - smoke, drink, chase girls or eat margarine."

No wonder the little duckling had his face screwed up in a frown! The kid had just discovered That his first pair of pants were down.

## H. D. AGENT'S CORNER

Jimmie Lou Wainscott

**APPLIANCE DANGER SIGNALS . . .**  
Protect your self from personal injuries, fires and damage. Learn to recognize signs household appliances give when they're not performing as they should be. Extension home man-

agement specialists of Texas A&M College point out these warning signals:  
\* Dimming of house lights or slowing of heating appliances when motors start may mean that the circuits are overloaded. This could cause a fire.  
\* When a fuse blows the circuit may be overloaded or there may be a short in the appliance. Chances are too many appliances are on the circuit at one time. Be sure the fuse is the right one for size of wiring. If the fuse will let more power through than the wiring can safely carry, it is not a safety device. Overheated wires, damaged motors and fires can result if the wrong fuse is used.  
\* "On-off" blinking periods usually mean there's a loose connection somewhere in the appliance. May not be serious, but it should be repaired before a more serious problem develops.

\* "Tingle" or slight shock when handling an appliance or switch is a sign that trouble's brewing. Inspect for loose wires or damaged insulation.  
\* Crumbling of rubber insulation on lamp or appliance cords can eventually expose electric wires. This can cause a short-circuit or make metal lamp bases a serious shock hazard. Replace worn cords with new ones.

Keep these danger signs in mind . . . Act when they occur.  
\* \* \* \* \*  
**STORE SUMMER CLOTHES PROPERLY**  
Right storage will increase the life of your summer clothing, and make garments more wearable next season. Take time to sort and store garments carefully as you "take them out of circulation" for a season.

NEWS FROM THE FARM BUREAU BY RAYMOND EULER

CROP and Church World Service have, for the past several years, been sending

surplus commodities to areas where people are unable to get enough food, particularly where there are so many orphans. Many Americans have been adopting and bringing these children to America. Now, they say, in many areas, there are not enough orphans who are strong enough (because of malnutrition) to make the trip. Milk has been the most important item for these

children, and it has been possible to send it at the rate of one dollar for over 300 pounds. Now, however, the surplus supplies are depleted, and the cost rises to a dollar for five or six pounds. The plan of giving food to those of the world who are hungry is an idea that most people approve, so long as the "government" furnishes the food, which it has been doing.

Now, however, it is necessary that we give more ourselves. We are pleased to note that some groups of young people in Parmer and surrounding counties have conducted trick or treat solicitations for this purpose. We believe more adult encouragement in programs like this would help the situation.

We have more of the large almanac calendars we had a few years ago. If you could like one, they're free for the asking. There also is some rat poison we will sell cheap if you need it.

At this time, we aren't sure who all is going to the State

Unless the date on the back of your gas tax exemption card indicates otherwise, you may want to wait until after harvest to file for this return.

CONSIDER THIS: He that by usury and unjust gain increaseth his substance, he shall gather it for him that will pity the poor. Prov. 28:8

Three girls had grown up together. Two of them married, and thereafter continually annoyed their spinster friend with tactless remarks about her unhappy condition.

She laughed off their comments good-naturedly until one day they went a bit too far. "Now tell us truthfully," they twitted her, "have you ever really had a chance to marry?"

With a withering glance, she retorted: "Suppose you ask your husbands."

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Even though very few homemakers prepare mincemeat any more, this is the time of year that most of us enjoy rich spicy desserts made with the commercially prepared product. In our grandmother's time, cooks almost never made any kind of mincemeat pies except two crust pies filled with fresh or canned mincemeat.

This isn't true any more. One of the most different recipes we've used is for Meringue-Mincemeat Pie. The different thing about it is the meringue. You start with a freshly baked one crust mincemeat pie.

MERINGUE-MINCEMEAT PIE 1 baked mincemeat pie 1/4 cup cranberry jelly 16 regular size marshmallows 1 teaspoon grated orange rind 1 egg white 2 tablespoon sugar and a few grains of salt 1/4 teaspoon powdered cinnamon

Put orange rind, cranberry jelly and marshmallows in small saucepan. Stir over low heat until marshmallows are melted. Cool.

Make meringue by whipping egg white and salt until really stiff; then fold in sugar and powdered cinnamon. Turn meringue into the cooled marshmallow mix and blend well.

Spread the completed cranberry-marshmallow meringue over the cool baked pie, forming peaks and swirls with a spoon. Bake in moderate oven (325 degrees) until peaks are a golden tone; about 15 minutes.

Turn off heat, open oven door and allow to partially cool in oven for ten minutes. Remove from oven and complete cooling on wire cake rack.

Another mincemeat pie that is quite different and very simple

to prepare is: ICE CREAM-MINCEMEAT PIE 1 pie shell 1 cup sifted enriched flour Few grains of salt 2 to 4 tablespoons shortening 2 to 4 tablespoons cold water Add salt to flour. Cut shortening into flour until crumbs are about the size of peas. Add cold water, a little at a time, mixing quickly and evenly until dough just holds in a ball.

Use as little water as possible. Roll to about 1/8 inch thickness. Line a 9 inch pan and crimp the edges. Bake in 450 degree oven for 8 to 10 minutes. Fill with ice cream-mince meat filling.

Filling: 1 1/2 cups prepared mince meat 1 quart vanilla ice cream Fold in 1 cup of mincemeat into 1 quart of softened vanilla ice cream. Pour mixture into baked pie shell and place in freezer to set. Simmer remaining 1/2 cup mincemeat in a saucepan for five minutes. Chill. Spoon mincemeat around edge of filling. This quick and easy dessert will add a fitting finish for any holiday meal.

A mincemeat dish that makes a good dessert for a meal that needs a boost is STEAMED MINCE PUDDING 1 9-oz. package mincemeat 1/2 cup water 1 1/2 cups cooked rice

1/3 cup sugar Few grains of salt 1 egg, slightly beaten 1 cup milk Break mincemeat into pieces and put in small saucepan. Add water. Place over medium heat and stir until lumps are thoroughly broken. Boil briskly about three minutes or until mixture is almost dry, stirring frequently. Cool.

Combine rice, sugar, salt, egg and milk. Stir in mincemeat. Pour into well-greased 5-cup pudding mold. Cover with pudding mold cover, aluminum foil or two thicknesses of waxed paper tied securely in place with string.

Place 1 1/2 cups hot water into pressure saucepan. Set covered mold on rack in pan. Pur saucepan cover securely in place and steam at 15 pounds pressure for 35 minutes, following manufacturer's directions for cooking.

Remove from heat. Reduce pressure gradually, according to directions. Remove mold and set on rack for 10 minutes. Unmold. Serve warm with plain or whipped cream and hard sauce.

Winter bouquet enthusiasts should be collecting materials for whatever bouquets or sprays they plan to make for Christmas. Within the next few weeks wind will damage a lot of usable materials.

Let 'er blow!

You're safe from windstorm damage with a LOK-RIB STEEL BUILDING

Greater Strength - There's a big difference between light metal sheathing and LOK-RIB's heavy-duty 18 or 20-gauge steel panels bolted together. Let the wind howl - let the snow pile deep - let lightning strike - you can still enjoy peace of mind with your LOK-RIB.

Exclusive V-RIB Construction - This exclusive LOK-RIB feature provides the extra strength that lets you stop worrying while the weather plays havoc with ordinary buildings.

Quick Erection - Low Cost - The LOK-RIB Building goes up fast and easy - eliminates high framing costs because the LOK-RIB panels are both framing and sheathing. In 24, 32, 40 and 48 foot widths.

See us for all the facts on LOK-RIB Steel Buildings.
