Bovina, Texas

VOL XI, NO. 4

WHITTLIN'

By DOLPH MOTEN

Parking around Bovina's new post office isn't too bad.

But motorists, and pedestrians, getting to and away from parking places are about as organized as a Chinese fire drill.

There are more laws broken on the corner of Second Street and Avenue B, where the post office is located in Bovina, than there is in one of those big-city riots we read about.

The driving around the post office isn't especially dangerous. We haven't even had a fender-bender there, that we know about, in the few months that the new post office building has been in use.

What we don't have in the way of danger, though, we more than make up for in disorganization. Drivers attempting to get to the post office from the south and west seem to have the most trouble getting parked. Most of these, but not all, either make a semi-U turn to get into a legal parking place illegally or block a driveway on the J. D. Stevens property across the street when they get stopped.

This situation gets more complex when cars are approaching the same parking places from the north at the same time. The post office parking spaces may be entered properly and legally from this direction, but that doesn't help much if the traffic from the south is cutting in front of you in a rush to get to the limited parking.

As a whole, drivers in this area are "safe" or at least mean to be even though they don't always follow the traffic laws just as they are written in the books. The best current example we know of to prove that statement is the hap-hazard way which post office patrons enter and exit from the U. S. mail depot here.

It is a mess, even though it's a harmless one up to now, as far as we know.

The situation, plus the fact that our office is only a block away, makes us prefer to walk to get our mail even though there is no sidewalk to use and there's a chance of being run down by one of those aforementioned hap-hazard motorists. On occasion, however, we drive to the post office on the way to someplace else. When we do we get as confused as the next citizen about how to get to and away from one of those premium parking places. Many times we end up parking so far away from the post office that we have almost as far to walk as we would have from our block-away office.

In an effort to better control the post office driving traffic, the city has painted a double yellow line down the street (Second) in front of the federal building. We understand that double lines aren't to be crossed. Whether that's right or not, it is a pretty good policy to follow.

The traffic situation would improve greatly if all drivers would remember to stay on the proper side of those double lines. The problem isn't going to get any better, as a matter of fact, until that basic traffic theory is put into practice by a large majority of those who drive to the post office.

We don't mean to leave the impression here this week that we're complaining about the parking space, or lack of it, at the post office. Limited as it is, it is not the primary cause of the problem which exists. The problem is with the drivers themselves. They won't get in those parking places as easily as possible whether they maneuver their vehicles legally or not.

Don't be surprised to hear about a minor accident at the post office intersection sometime. From here, it looks as if such is inevitable. Maybe not.

It's along about this time each year that we start planning and working on The Blade's annual Bull Town Days issue.

We will greatly appreciate the use of old photographs and information about this area, if it is appropriate, and interesting, we think, to include history of the area in such a special edition. To do this, we must

(Continued on Page 2)

Planning Continues --

Bull Town Days Has More Events

A full three days of activities are being planned for Bovina's third annual Bull Town Days celebration this year. Dates of the 1966 event are Thursday, Friday and Saturday, August 18, 19, 20.

The celebration will be similar this year to those of the past two years. There are, however, some changes in major attractions as well as some additions.

One of the additions is a professional wrestling card.

Featuring four of the top wrestlers on the southwest circuit, this event is set for Saturday night, August 20. It will be at the football field and will begin at 8:30.

Arrangements for the wrestling card have been made with a promoter in Amarillo. "Not only will it provide even more

top entertainment for Bull Town Days, but it is hoped that it will earn money to pay for the expense of the celebration," according to C. E. Trimble, who is general chairman of Bull Town Days 1966.

Another addition for this year's series of events is a banquet for ex-students of Bovina Schools. It will be Saturday at 7 p.m. and will be in the school cafeteria. A successful reunion of one class was held during last year's celebration.

The annual ex-student banquet has been held during the Christmas-New Year's holidays. "We hope to have a larger turnout and a better banquet by scheduling it during Bull Town Days," says Jimmy Ware, president of the ex-students' association.

Team roping, heading and

heeling, will be one of the highlights of Friday, August 19, the main day of the three-day celebration. Several teams of two ropers are expected to participate in this event, according to Bill Lookingbill, Roping Club member who is in charge of the team roping.

Admission charges to the roping, which is expected to last most of Friday afternoon providing there is a sufficient number of roping teams, will be \$1.50 for adults and 75 cents for children.

The team roping this year will replace the matched ropings of the past two years.

The area-wide free barbecue, which always attracts more people than any other single event during the celebration, is again slated to begin at 5 p.m., Friday. An estimated 6000

people were served last year and that number is expected to increase this year.

First event of the celebration will begin at 1 p.m., Thursday, August 18. It is junior horsemanship activities and will include calf roping and barrel racing.

Following that, the cow calling contest is set for 6 p.m. Cow calling is divided into men's and women's divisions and is open "to the world."

The beard growing contest will be judged at 6:30 p.m. These events will all be at the roping arena as will the queen's contest which follows at 7 p.m.

A talent show is planned for 8 p.m. in Bovina Schools auditorium with Mrs. Harold Hawkins in charge of it.

Friday's events include a chuck wagon breakfast at Bovina Gin from 8 to 9 a.m., with charges of \$1 for adults and 50 cents for children.

At 10 a.m., the BTD parade will begin in downtown Bovina with as many as 200 horses, several floats and other exhibits expected.

Also at 10 a.m., members of Bovina Woman's Study Club will begin registering oldtimers in downtown Bovina. A picnic lunch is scheduled for oldtimers at 12 in the city park.

The fiddlers contest is scheduled to get underway downtown Friday at 2 p.m. The contest finals will begin at 6, following the barbecue.

After the fiddling, area square dance groups will compete in contests.

Billy Minter Hurt In Wreck

Billy Minter was injured in a two-vehicle collision on Highway 60-70-84 just east of Clovis yesterday (Tuesday) afternoon.

Minter, 19, is the son of Deputy Sheriff and Mrs. Henry Minter.

He suffered head injuries in the accident. Minter was driving east from Clovis when his car struck a pickup which was crossing the highway. The pickup was driven by D. J. Reed of Clovis. Reed was also injured.

Minter was taken to Clovis Memorial Hospital for treatment.

Fertilizer Storage Planned

Under construction on Highway 60 east in Bovina is a new dry fertilizer bulk storage plant. It is being constructed by Shamrock for use of its dealer here, Parmer County Farm Supply.

The building, which will be metal, will be 20 by 48 feet in size, according to Bud Crump,

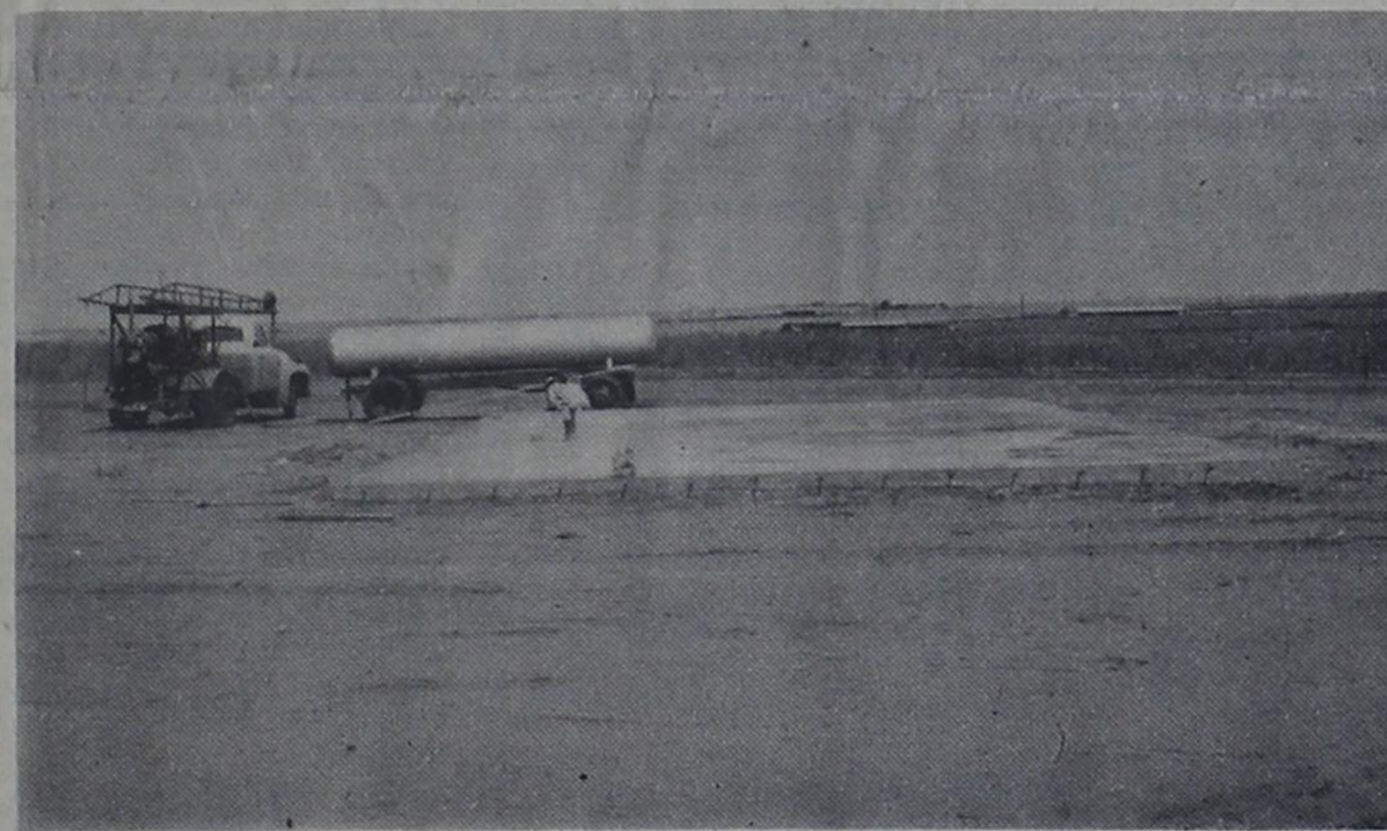

manager of the farm supply business here.

The new structure will be located just east of Hartwell Machinery Supply.

Crump says the building will contain four bays for dry fertilizers. The business' anhydrous ammonia tanks will also be kept at the location when not in use.

No office space is planned at present for the new building, Crump says, and the offices of Parmer County Farm Supply will remain in their present location at the intersection of Third and Main Streets.

Construction on the new building was started last week.

NEW BOVINA BUILDING -- Construction started last week on a new dry fertilizer storage building to be erected east of town on Highway 60. Foundation for the structure indicates that it will be 30 to 48 feet in size. The building will be used to store dry fertilizer for Parmer County Farm Supply.

Monday Afternoon --

Fire Destroys Farm Pickup

A farm pickup was badly damaged by fire Monday afternoon northwest of Bovina.

The fire evidently originated from a butane tank on the pickup. It was owned by E. J. Faust of Littlefield and was being operated on his farm eight miles

northwest of Bovina by James Lee.

Members of Bovina Volunteer Fire Department answered the call to the fire and snuffed it out after arriving on the scene. Already destroyed by the flames when firemen arrived

Lee said he was driving the pickup down the road when the fire started.

was the inside of the vehicle, a wooden tool box in the back and a large battery used for starting irrigation motors.

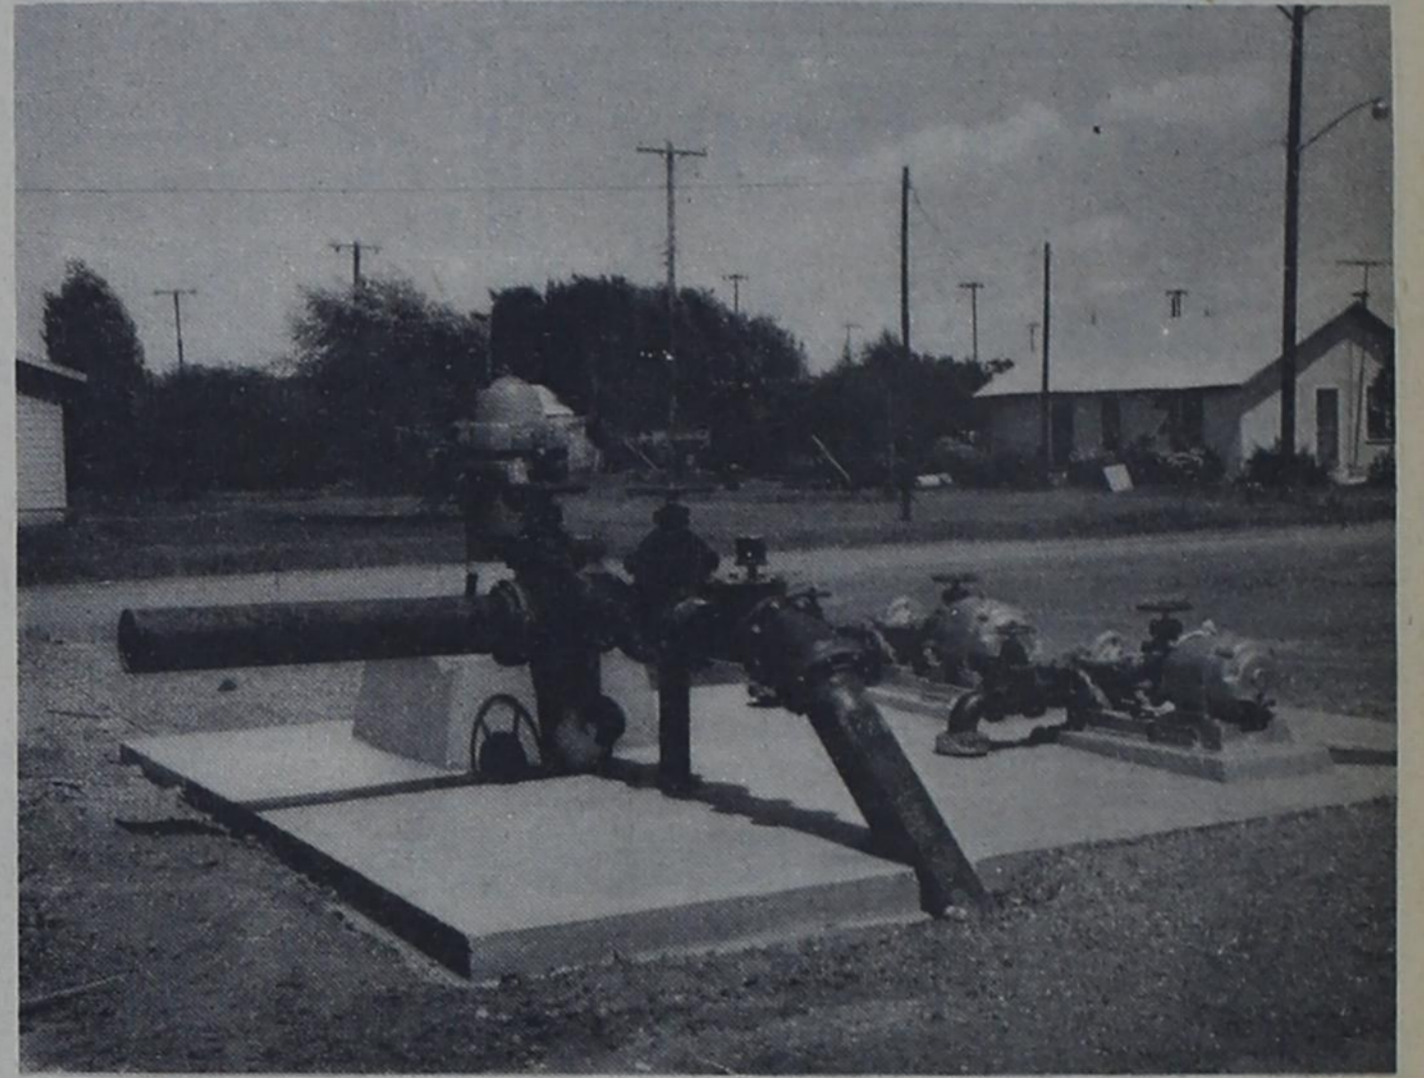

Firemen answering the call were Andy Garza, Bill Smith, Bob Holcomb, Fred Langer and Fire Chief Pat Kunselman.

Lee said his efforts to extinguish the flames were unsuccessful.

FIREMEN AT WORK -- Members of Bovina Fire Department quickly extinguished a butane fire on this farm pickup northeast

of town Monday afternoon. Handling the hoses are Bob Holcomb, left, and Bill Smith. Rushing to assist is Andy Garza.

MORE WATER FOR BOVINA -- Scheduled to be put into use soon for additional water supply for this growing community is this new city well located on the west side of town. The electric motors at right will be used to put the water into the city's overhead storage tank. A 300,000 gallon ground storage tank is to be constructed in the near future to be used in connection for the well. The new well is a part of a water system improvement program approved by voters in January.

Weather

by Willie

We have a cold front moving this way -- and if it hits -- more moisture. --Willie

Amounts Vary --

Rain Breaks Dry Spell

A summer dry spell was broken here Sunday afternoon by rainfall which measured as much as 1.4 inches west of Bovina at Pleasant Hill and as little as .2 of an inch in Bovina and south.

The rainfall was general throughout most of the area except for the difference in the amount received.

The moisture was "enough to do some good" where it totaled half an inch or more. It was also welcomed by farmers where the total was less.

No hail accompanied the rainfall and it was considered highly beneficial where the total was enough to do more than settle the dust.

The rain wasn't enough to stop the pumping of irrigation wells on area farms, but it gave the thirsty crops a boost, nonetheless, and gave farmers a better chance to catch up with their watering.

Ex-Student Banquet Aug. 20

The annual Bovina Schools ex-student-teacher banquet, which will be held in connection with Bull Town Days, is scheduled for 8 p.m. in school cafeteria Saturday, August 20, according to Jimmy Ware, president of the association.

Tickets are on sale and reservations can be made by calling 238-4381 or 238-2301.

Invitations are not being mailed to local residents but everyone is cordially invited to attend the affair, says Ware.

75 4-Hers Attending NM Camp

Some 75 Parmer County 4-H Club members, boys and girls, left Monday for 4-H camp at Holy Ghost Canyon, near Pecos, N.M.

Approximately 15 men and women leaders accompanied the boys and girls.

James Mabry of Lazbuddie is cook for the camp. This is his 17th year to serve in this capacity.

The group will return Thursday.

Consolation --

All-Stars Win Elida Trophy

All-Star Little League baseball players from Bovina, Oklahoma Lane and Rhea won consolation and a trophy almost two feet high in an invitational tournament at Elida last weekend.

The team was managed by Harold Carpenter and Wayne Spears.

The Parmer County team lost to Tatum in its opening game Thursday, 9-5, to start down the bracket toward the consolation championship. Friday, Causey was defeated, 12-9. The consolation championship and trophy was sewed up Saturday

afternoon with a 5-3 verdict over Portales.

Leading hitters for the local team were Doc Shelby with an average over the three games of .476, Freddy Dale with a .460 mark and Mike Spears and Kim Rundell who each had .400.

Morton was the winner of the tournament which had eight teams entered. This weekend, tomorrow (Thursday), Friday and Saturday, the same team will compete in a tourney at Portales. The first game is scheduled for 3:45 (CST) tomorrow.

Entries Welcome --

Queen Contest Deadline Aug. 12

The 1966 Bull Town Days queen will be 14 to 20 years of age and single, according to rules of the queens contest announced this week by Mrs. Bob Estes, chairman of the event.

The queen contestants will compete at the roping arena Thursday, August 18, beginning at 7 p.m. They will be interviewed by judges and will have a maximum of two minutes each to demonstrate their horsemanship abilities.

The winning candidate will reign over the remainder of Bull Town Days activities and will serve until her successor is named the following year.

A change in the queens con-

test rules this year is that candidates will be sponsored by businesses or organizations which will pay the \$2 entry fee per contestant. The entry fees will be used to pay for the expenses of the contest, Mrs. Estes says.

Entries may be submitted to Mrs. Estes. The deadline for entering is 5 p.m., Friday, August 12.

"A dozen or more" entries are expected, Mrs. Estes says.

Gwen Christian, daughter of Mr. and Mrs. Wendol Christian, was winner of the queens contest last year. Runners-up were Carolyn Wilkerson and Carol Kirkpatrick. Lynn Looney was the 1964 queen.

Each contestant will need a horse and a mounted escort. Members of Bovina Roping Club will serve as escorts, if they are needed.

At the downtown parade on Friday, the following day, the queen and the runners-up will ride on a Western-style float, Mrs. Estes announces. The

queen will also be introduced at the talent show Thursday night following the contest.

"We want to encourage all the girls in our area who are in the contest age limit to enter the contest," Mrs. Estes says, "and we want to remind them of the August 12 deadline for entering."

Reflections

From

The Blade

TEN YEARS AGO
 July 25, 1956
 W. H. Willoughby, superintendent of Bovina Schools for the past seven years formally submitted his resignation to board of trustees of Bovina Independent School District Monday night. Approximately 400 voters in Parmer County Precinct No. 3 will have the opportunity to exercise their vote in the Democratic Primary Election Saturday, July 28, in American Legion Hall.

Margie Ann Owens, the former Margie Ann Leake was graduated from nurses' training at Northwest Texas Hospital in Amarillo.

Five generations were together Sunday in the home of Mr. and Mrs. Charlie Jefferson for a family dinner.

SIX YEARS AGO
 July 27, 1960
 Bovina Mustangs will begin football workouts August 15 with two new coaches. They are Hallie Gee, head coach, and Malcolm Kennedy.

Miss Scharlene King and James Early Stevens were married recently in the home of the bride's parents, Mr. and Mrs. E. L. King of Amarillo.

Mrs. Hubert Ellison won the Lucky Lady fishing contest held recently in Truth or Consequences, N.M. Mrs. Ellison caught 18 bass.

Whittlin' --
 (Continued from Page 1)
 have the cooperation of our readers.

If you have pictures and/or information about the area's past which you would like to share with others, please call us.

We'll appreciate it.

The Bull Town Days issue is scheduled to be out, with free county-wide circulation, August 17 -- on Wednesday before the three-day celebration begins on Thursday.

What some of the slow-pitch softball players lack in youthfulness and ability, they try to make up for some other way -- we don't know just how. Anyway, they're putting on some pretty good shows each Monday, Tuesday, Thursday and Friday nights at the ballpark. If you haven't taken in one of the doubleheaders yet, do so; you might enjoy it. You won't see many fine points of the game, but the entertainment still isn't bad.

Keith Garner, first baseman-outfielder for the Lions Club team, is the season's first slow-pitch league casualty. At least, he's the first one we've heard about. He pulled a muscle in his leg while running out a basehit during his team's first league game Thursday night. The injury has kept him pretty well under the weather since, we understand.

While seriously pulled muscles are rare and unusual, just plain old sore muscles are commonplace the next day after a game, especially among the over-high-school-age set.

One used-to-be athlete told us the next day after he played a game, "I'm sore all over -- even my toes!"

Surely there's nothing more foolish than an old man trying to act young... that's what some of the wives of the players think, anyway.

DOG TALK

Just For Fun

The hours of joy and happiness that a dog can bring to all members of the family are many. But there is a way to add to the fun you can have with your pet. Why not teach him a few simple tricks.

The authorities at the Purina Pet Care Center in St. Louis have listed several tricks which you can teach Rover. The first is called "Carry." Roll up a newspaper, tie it, and with the dog in sitting position, say "carry." Then place your left hand over the dog's muzzle, squeeze your fingers against his lips and between his teeth so that you force his mouth open, and place the newspaper inside. When your dog will hold it until you say "give," put the leash on him. While he is holding the dummy, repeat the command, and draw him gently forward. You may have to replace the dummy in his mouth a few times until he gets the idea.

Still another trick is called "Jump Over." First place a low hurdle on the ground, and put your dog on the leash. Walk or run to the hurdle, jump it yourself, giving a jerk up on the leash as you command "Over!" Praise him if he jumps. This way he will get the idea quickly. Then make the hurdle higher, and lead him to it. You walk around while he jumps over. After a time your pet will jump on command and without the leash. It's easily possible to teach your dog to jump objects one and a half times his height.

With these few simple tricks and others you and your dog can enjoy many exciting hours together.

Highlights and Sidelights From Your State Capital

AUSTIN -- There could be a new look around many Texas county commissioners courts under a reapportionment opinion laid down by the Texas Supreme Court in the case brought by Mayor Hank Avery of Midland.

Avery maintained that it isn't constitutional for one Midland County Commissioner to represent 95 per cent of the county's population -- the City of Midland -- while the other three commissioners represented only 5 per cent of the people.

Supreme Court agreed, 8-1, but with reservations. It held that the ratio was not fair representation, but that the redivision of county precincts, which it told Dist. Judge Joe B. Dibrell of Coleman to order, could consider factors other than population.

Declining to extend the population-only rule which the U.S. Supreme Court has applied to state legislatures, Supreme Court held that a commissioner court is not a legislative body. Court's majority wrote that the road, bridge and tax activities of the commissioners courts have more concern to rural residents than to city dwellers. In recent years, such courts have concerned themselves mainly with non-urban areas, leaving city matters to the city governments.

Supreme Court concluded that not just population, but also factors such as miles of county road, taxable values and geography, plus the "convenience of the people" set out in the Texas Constitution, can be taken into account by a commissioner court in dividing the county into four precincts. High court agreed with Judge Dibrell that the present Midland County situation obviously is arbitrary and should be declared invalid.

Case either will go back to Judge Dibrell for final decision or will be appealed to the U. S. Supreme Court by either Mayor Avery or Midland county -- since neither won a clear-cut victory.

INTEGRATION WARNING -- Sixty-four Texas school districts have received letters from the federal Office of Education warning of slowness in faculty integration, reports Leon R. Graham, assistant state education commissioner.

Graham said 33 other districts around the state were notified that they had violated federal law by failing to submit plans for integrating teachers.

He said the Office of Education expects districts to employ at least one Negro teacher for each school which was previously all-white and at least one white teacher for each previously all-Negro school. Some flexibility, however, is allowed, he added.

No federal funds will be given schools which fail to comply with the regulations of the Office of Education, Graham noted, and the federal government wants full-time teachers integrated, not part-timers or substitutes.

NEW EGG REPORT -- Texas Department of Agriculture's Marketing Division begins publication of a new one-market egg price report July 19, Agriculture Commissioner John C. White said.

Formerly, quotations from

six separate state egg market areas were used in reporting egg prices. "Advantage of the new policy," White said, "is that the single state-wide price quotation for each grade represents a true market for the state, so the information is more useful to producers and buyers alike."

NURSES NEEDED -- Former Gov. Allan Shivers has launched a statewide campaign to pull Texas up from rank of 46th in the United States in number of registered nurses on the job.

More than 200 civic and business volunteers from all corners of the state joined with Shivers in seeking \$12,000,000 within the next five years to recruit and teach enough nurses to make up for the 10,500 shortage now. Their meeting was the first of the Development Council of the Texas Hospital Association health careers program.

Gerald Mann of Dallas, newly appointed chairman of the development council, said the group will ask the Legislature for more funds to fight the critical shortage of nurses.

MORE AIR SERVICE -- Texas Aeronautics Commission applications by two small airlines to provide three new state routes.

Houston Commuter Airlines, a new organization, will run two flights daily between Houston and Laredo with a "whistle stop" at Alice. Hood Airlines of Killeen will extend its present service to include a Houston-Ft. Worth flight and a separate Killeen-Houston run.

ATTORNEY GENERAL RULES -- Out-of-state witnesses in felony trials and grand jury hearings must be paid by counties up to limit of \$2,000, at usual rate for out-of-county witnesses, Atty. Gen. Waggoner Carr held.

In other official opinions, Carr ruled that: "A city judge sitting as a magistrate has jurisdiction to accept local complaint in cases which he cannot try, issue warrants of arrests and transfer the cases to other magistrates for examining trial."

"Vocational Rehabilitation Division of Texas Education Agency can pay tuition for handicapped persons to attend denominational schools for training."

"Thirty-one-year-old dormant Galveston Junior College still is in legal existence and may be reactivated by disannexation of overlapped territory of another district."

FUTURE PROBLEMS EYED -- Governor's Committee on Public School Education adopted further research project guidelines for its three-year study of school needs. One committee member insisted on adding to the list of study topics, "how to get rid of incompetent teachers."

Committee recommended a budget of \$253,338 for 1968 and \$40,000 for 1969 to finance its work through the 1969 legislative session.

SHORT SNORTS -- Rep. Will Smith of Beaumont has asked an investigation of auto insurance rates by Texas Legislative Council, research arm of Legislature... Light investigations of pink bollworm were reported in Trans-Pecos cotton fields, according to U. S. De-

partment of Agriculture, which also reports Valley cotton is opening three to four weeks later than in 1965... State Highway Department will acquire scenic easements to protect area around President Johnson's LBJ ranch from commercial signs and buildings... Railroad Commission has set August 1 hearing on application of Texas and Pacific to discontinue passenger train service between Dallas and El Paso... Governor Connally announced approval of 16 projects under Economic Opportunity Act, including initial program development grants for Cass and Marion, Potter and Randall counties and \$189,643 employment project grant for Atascosa, Karnes and Wilson counties... Governor's Council on Mental Retardation is studying proposal to extend services of State Welfare Department to families with mentally retarded children in 37 East Texas counties served by Denton State School.

AUSTIN -- A \$10,000,000 state bond sale has launched a new "opportunity plan" designed to bring college educations within the financial reach of all qualified Texas youth.

"Never again will students of this state be denied higher education because of lack of funds," commented John E. Gray of Beaumont, chairman of the Coordinating Board, Texas College and University System. Initial bond sale was awarded to a Chicago bank.

Action by the Coordinating Board set in motion the loan plan approved by Texas voters as a Constitutional amendment last year. Amendment authorized a total of \$85,000,000 in bonds to provide funds for students unable to continue education beyond high school without financial assistance. Initial \$10,000,000 sale is believed to be more than adequate to carry the program through the first year.

Ceiling on available loans is \$1,000 a year for undergraduates and \$1,500 for graduates. Although a six per cent interest rate is authorized, the U.S. government will pay all interest while a student is in school -- and half of it afterward for borrowers eligible for federal interest subsidy.

A borrower's family income must be less than \$15,000. Loans are limited to the difference between available resources and reasonable expenses. Money will be available for the 1966 fall semester.

Interested students are advised to contact the financial assistance officer at the school of their choice. Applicants must be accepted for enrollment and have two recommendations.

In other action last week, Coordinating Board: "Approved request for legislative appropriations totalling \$56,100,000 for the 1968-69 fiscal period, most of which would go to an adjustment fund to meet

financial needs due to enrollment increases at public colleges, universities and junior colleges.

*Authorized election for Angelina County junior college but rejected request for Rains, Van Zandt and Kaufman Counties junior college.

OIL ALLOWABLE CUT -- Railroad Commission has reduced the August oil allowable for the third straight month.

August production factor of 33 per cent of potential will allow top production of 3,138,611 barrels a day. This compares with present allowable of 3,118,042 barrels daily under 33.3 per cent factor.

HUNTING SEASONS SET -- State Parks and Wildlife Commission set November 12 - December 31 deer hunting season in most major hunting counties under its regulatory powers. Opening date is earliest on record.

Season in general-law counties -- those fixed by specific general statute -- is November 14-December 31.

Shortened seasons were ordered for counties of the Trans-Pecos and Panhandle -- 16 days starting November 26 for the Trans-Pecos and November 12-November 29 for the 32 Panhandle counties. Antelope season in these areas will run from October 1-9 and October 1-4, respectively.

Turkey and javelina seasons generally remain the same. Commission allowed special bow and arrows hunting season in some counties October 1-31.

PALO DURO FUNDS OKAY -- Federal Bureau of Outdoor Recreation approved \$271,494 in matching funds for the development of facilities at Palo Duro Canyon State Park.

Total cost of the project will be \$542,988. Included in the program are two concession areas, 26 trailer-camp sites, 45 tent-camp sites and 75 picnic sites, in addition to such miscellaneous items as restrooms and showers, an interpretive building and a park headquarters building.

ATTORNEY GENERAL RULES -- A divorced husband cannot claim a \$3,000 homestead tax exemption when he continues to reside alone in the family home after the divorce decree, Atty. Gen. Waggoner Carr has held.

In other opinions, Carr ruled that: "Texas Liquor Control Board is not authorized to issue a U. S. bonded liquor export permit, since courts have ruled the law authorizing such permits is unconstitutional."

"Trailers used to convey horses to and from rodeos are not exempt as farm trailers and must be licensed under state law."

"Harrison County commissioners court can pay \$8 a day to jurors and \$4 to prospective jurors summoned and excused after questioning, but nothing to those summoned but excused without examination."

SHORT SNORTS
 Governor Connally has approved a grant under the Economic Opportunity Act for planned parenthood centers in Crystal City and Carrizo Springs at a cost of \$25,432.

Texas retail sales jumped five per cent last month -- to \$1,200,000,000 -- reports UT's Bureau of Business Research.

Department of Public Safety is seeking a \$51,100,000 budget for 1968-69. Director Col. Homer Garrison Jr. says Texas should have 2,200 highway patrolmen, instead of present 901, to meet federal standards.

Governor appointed Mrs. Travis B. McNair of Bandera to the State Board of Tuberculosis Nurse Examiners and Bill A. Martin of Newton as district attorney of Jasper, Newton, Sabine and San Augustine Counties.

Sen. Tom Creighton, chairman of the State Election Law Study Committee, has called an August 12 meeting in Austin to discuss suggested statutory reforms and to schedule future activities, including public hearings.

Know The Truth
 By Lavern Stewart

How many reasons could you give for not being a Christian? You could not give even one reason; however, you could give some excuses why you are not a Christian, but excuses are not reasons.

We could list several reasons for serving God; (1) to be a better citizen, Romans 13:1, (2) to be a better parent to children or children to parent, Ephesians 6:1-4, (3) to promote better relationships between workers and their employers, Ephesians 6:5-9, (4) to be a good neighbor and friend and therefore have better neighbors and friends, Romans 13:8-10; Matthew 7:12. However, there are two major reasons for being a Christian either one of which would be a sufficient cause to motivate us to serve God. One should be a Christian because he does not want to go to torment. He shudders to even think of hearing Jesus say to him at the judgment, "Depart from me, ye cursed, into the eternal fire which is prepared for the devil and his angels." A man who believes Romans 6:23 will not want to be paid the wages of a sinner. Rather, he will strive to be pleasing to God so as to receive the inheritance of eternal life in heaven. Even if there was not the threat of torment for the disobedient, the hope of heaven would be reason enough to be a Christian. Just think how sweet it will be to hear Jesus say, "Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world."

 Bovina, Texas

Adventures in ADVERTISING

Vash Young and the 52 PHONE CALLS

In his book, "The Go Giver", Vash Young tells of making a telephone call to one prospect for 52 consecutive weeks before he got results.

Vash Young is one of the all time great insurance salesmen. He used tact, diplomacy, intelligent presentation and persistency. In this particular instance he telephoned a prospect for an appointment. The prospect put him off until the next week. And then he put him off another week and another and another until the telephone calls got to be sort of a game.

Vash Young kept right on calling every week without ever getting an appointment. On the 52nd call he was startled when the prospect told him of another man who wanted to buy a substantial amount of insurance. Vash Young followed the lead and took an order for the largest policy he had ever sold.

If Vash Young had given up after the second or third call he would never have sold the big order. And so it is with newspaper advertising. It takes more than one or two "calls" to the potential customers to get the best results. It is the consistent, persistent advertiser who eventually gets the "big order."

STANDING TALL -- Legs of Rowland-Gordon's new fertilizer blending plant were erected last week and this. The structure is located on the north side of east Main Street. An office for the fertilizer firm is to be constructed at the location. The construction work is expected to be completed within the next month.

Society Elects New Officers

Mrs. Zefferino Villareal was elected president of Guadalupe Society of St. Ann's Church at a meeting recently at Parish Hall.

Other officers elected were Mrs. Vidal Vargas, vice-president; Mrs. Socorro Cano, treasurer; Miss Martha Saldana, secretary; and Miss Frances Sierra, reporter.

One new member joined the organization, Mrs. Alberto McDonald of Friona. Installations of officers will be held at the 10:30 a.m. Mass, July 31.

Grissoms Host Patio Party

Mr. and Mrs. Leon Grissom entertained several couples with a patio party Wednesday evening at their home.

The dinner menu consisted of charcoal steaks, salads, baked potatoes and broccoli.

Following dinner the couples spent the evening playing bridge. Winning prizes were Carl Rea and Jack McCracken.

Attending were Mr. and Mrs. A. M. Wilson, Mr. and Mrs. Wilson DiCuffa, Mr. and Mrs. Carl Rea, Mr. and Mrs. Jack McCracken and Mr. and Mrs. Dolph Moten.

"THE ONLY PEOPLE WITH WHOM YOU SHOULD TRY TO GET EVEN ARE THOSE WHO HAVE HELPED YOU."

TIPS FOR OUTDOORSMEN
by Vern Sanford

DE-SKUNKING THE CAR—Ever hit a skunk and have the odor stay on for days? Next time this happens, dissolve a cupful of dried mustard in a bucket of water. Use a mop to slobber down wheels, underbody, anywhere the scent might be. Repeat if necessary.

DENTS IN GUN STOCK—Here's a fast way to get a dent out of your prized gun stock. Wet a rag and lay it over the dent. Steam will swell wood fibers, dent will swell right away.

CLEAR THE AIR WITH ORANGES—If you've got a smelly oil or kerosene heater in your camp, here's a way to clear the air. Take two or three oranges and put them on top of a heater. Citrus oil in the air will combine with the unburned oil particles, which cause the odor, and clean the air.

CATCHING CRICKETS MADE EASY—At a place where crickets are congregated, sprinkle the ground with water. Chippers don't like wet feet. They will climb anything to escape it. When this happens, you can easily pick them off walls, tree trunks, bushes, etc.

HANDY BENCH REST—An old axle jack makes a good adjustable bench rest to use when sighting in your rifle.

USE FOR OLD REFRIGERATOR—To make an ice chest you can leave at your fishing or hunting camp, just get a discarded refrigerator with the freezing unit and latch removed. Turn it on its side and drill holes in the bottom to allow the water to drain.

Place a drip-pan underneath.

MR. AND MRS. ANDY RULE

Rita Collier, Andy Rule Exchange Nuptial Vows

Miss Rita Gayle Collier, daughter of Mr. and Mrs. R. E. Collier of Friona, and Andy Rule, son of Mr. and Mrs. R. R. Rule of Summerfield, exchanged nuptial vows Friday evening at First Baptist Church in Friona.

Rev. W. G. Burton read the double ring ceremony before an archway of emerald greenery entwined with yellow rosebuds. Flanking either side of the arch were grecian urns of yellow and white mums. Centering the altar was a kneeling bench. White wrought iron candelabras with burning tapers and traditional unity candles completed the setting.

Given in marriage by her father, the bride wore a street length gown of white lace. The empire bodice featured a scoop neckline and long tapered sleeves which came to points over her wrist. A short flowing chapel train fell from the waist. Her veil of silk illusion was attached to a crown of seed pearls and sequins. She carried a cascade arrangement of white gardenias and stephanotis tied with white streamers atop her white Rainbow Bible.

The bride carried out the tradition of something old with her mother's engagement ring; something new was her wedding ensemble. She borrowed her veil from Mrs. Gary Goetz and wore a blue garter. For good luck she had pennies minted in the year of her birth and the grooms in her shoes. She also wore heirloom pearls, a gift from Mrs. Mary Lou Cason. Mrs. Lee Jesko, cousin of the bride, was matron of honor. She wore a yellow brocade street length dress. It was fashioned with an empire waist,

scoop neckline and cap sleeves. Her circlet veil of yellow net was attached to a matching pillbox. She carried a single yellow long stem rose.

Miss Angie Jesko, flower girl, wore a yellow brocade dress with a self bow hat. She carried a white and gold basket of pom pom mums.

Misses Cindy Cason and Tammie Parvin were candle-lighters. They wore yellow brocade dresses identical to that of the flower girl and shoulder corsages of white gardenias.

Misses Pat and Sherry Tannahill played traditional wedding selections at the piano and organ. They also accompanied Wayne Cason as he sang "Because" and "The Wedding Prayer."

Attending the groom as best man was Kenneth Fry of Summerfield. Mat Moren of Bovina served as ring bearer.

Ushers were Darrell Collier, brother of the bride, and Lee Jesko.

Miss Gayla Ivy of Perit, presided at the guest registry.

For her daughter's wedding, Mrs. Collier chose a white knit suit trimmed with blue. She complimented her ensemble with blue accessories. She wore a corsage of yellow roses.

Mrs. Rule, mother of the groom, wore a black and white sheath shirt dress with black patent accessories. She also wore a corsage of yellow roses.

Immediately following the wedding a reception was held in fellowship hall of the church.

Mrs. Johnny Mars and Mrs. James B. Collier, aunts of the bride, hosted the reception.

The bride's table carried out her chosen colors of yellow and

white. The table was laid with a white net cloth over satin, and was graced with an arrangement of yellow roses. The three-tiered wedding cake was decorated with yellow roses, bells and love birds. Silver and crystal appointments completed the table.

Presiding at the punch bowl was Mrs. Max Field, Mrs. Dolph Moten of Bovina served the cake.

Receiving guests were members of the wedding party and parents of the bride and groom.

For her going away ensemble the bride chose a yellow knit suit trimmed with white. She wore white accessories and a gardenia from her bridal bouquet.

The bride is a 1966 graduate of Friona High School.

The groom was graduated from Hereford High School in 1963.

The couple will make their home near Summerfield where the groom is engaged in farming.

Bass Families Have Reunion

Oklahoma Lane Community Center was the scene of a family reunion for the families of Mrs. Leola Bass of Tucumcari, N.M. and Mr. and Mrs. Walt Bass of Texola, Okla. last Sunday.

The group had a covered dish luncheon and spent the afternoon playing games and visiting.

Attending were Mr. and Mrs. Henry Bass, Mr. and Mrs. Ed Clark, Diana and Teresa; Mr. and Mrs. Gerald Bass, Larry and Cheryl; Mr. and Mrs. Roy Lee Farley, Leann, Susan and Scotty; Mr. and Mrs. Virgil Bass, Mrs. Crisp, Mr. and Mrs. V. C. Bass, Mr. and Mrs. A. L. Nuttall, Debra, Ronnie, Rita and Rhonda; Mr. and Mrs. Verlin Casey, Mr. and Mrs. Bob Morgan and Sondra, Mr. and Mrs. Ted Tivis and Todd, Mr. and Mrs. Ken Deavers, Mr. and Mrs. Durward Bass and Kay; Mrs. Phyllis Hindman, Dennie, Tammi, Brock and Shelly, Mr. and Mrs. Roy Clark and Donice, Mr. and Mrs. Other Dean, Donna and Freddie, Mrs. Gayla Harris, Mr. and Mrs. Harold Bass and Charlie; Mr. and Mrs. Sterling Potts, Harold, Gene, Randy and Dean Bass; Mr. and Mrs. Carolyn Pitcock, Dena and Donna; Mr. and Mrs. Wayne Bass, Sammie and Kenneth; Mr. and Mrs. Bert Bass, Bobby, Liz, Cindy and Rodney and Mr. and Mrs. Dean Bass, Rhonda and Todd.

A total of 78 attended the reunion. They came from Muleshoe, Friona, Bovina, Oklahoma Lane, Walcott, El Paso, Hart, Tucumcari, Clovis, Portales and Floyd, N.M. and Texola, Okla. The annual affair will be held at Oklahoma Lane again next year.

LYNDA JOHNSON

ANNOUNCE ENGAGEMENT -- Mrs. Mary Johnson of Muleshoe announces the engagement and approaching marriage of her daughter, Lynda, to Alan Ray Wilcox, son of Mr. and Mrs. W. W. Wilcox of Bovina. Vows will be exchanged August 19 at Santa Barbara, Calif. Miss Johnson was graduated from Muleshoe High School in 1965 and attended Wayland Baptist College in Plainview. Wilcox is a 1963 graduate of Bovina High School and is employed by Becon Van Line in Santa Barbara.

Bonds Host Cook Out

Mr. and Mrs. Tom Bonds entertained several couples with a cook out Thursday evening at their home.

Special guests for the evening were Mr. and Mrs. Don Alver-

erson, a former resident of Bovina, provided musical entertainment for the group.

Attending were Mr. and Mrs. Dick Fellers, Mr. and Mrs. Alverson, Mr. and Mrs. Glenden Sudderth and the hosts.

Blade Sawdust

By Sue Moten

Well we feel like that cowboy song, "Back In the Saddle Again." Have to admit we may have to dust the cobwebs from the brain in order to write again. Most of our writing has been confined to second grade sentences, so forgive said author if he lapses into "Run Spot run."

Wayne Spears, who has the official title of General Manager of Bovina Ball Park Concession stand, says that next year the bugs are only going to eat half of the popcorn because he plans to requisition bug spray before another year. Needless to say, it is needed.

We also asked him if the stand could make enough money to build a dome over the park and air condition the place. He said with just a few more hot dogs we could do all that and have artificial grass, too.

How about that, Sports Fans!

At said ballgame one child was heard to remark as the Lions Club team was playing, "How come they have the boys playing with all those old men?" Old or no they did win their first game and chances are that their total weight would make a football line look sick.

Each year we always hear one or more persons remark that they are just playing for fun, anyway. However, one editor we know seems to think the only way to have any fun at the game is to win.

It seems as if the Beetles have influenced almost everything from hair styles to makeup. Now music is co-ordinated into lipstick. Glissando is a kind of lipstick. First time we encountered this wording on the tube it threw us. Had always thought that glissando meant running ones fingers on the piano keys and just couldn't get the connection with lipstick. As it turns out the lipstick is peralized in various shades and am sure it is supposed to make one more glamorous. However, one lives in fear when wearing it for who knows when someone might thump you on the lips to see if it makes a noise like piano keys.

College girls can conserve money on clothes due to shortness of skirts. We observed this summer that one could buy one yard of material, cut it in half and have enough for two skirts with a big hem.

Reception For Linda Estes Wednesday

Miss Linda Estes, bride-elect of Billy Marshall, will be honored with a gift reception Wednesday, August 3, at the home of Mrs. Otis Spears, 1102 Ave. H.

The come and go affair will be between the hours 3 and 5 p. m.

Hosting the courtesy are Mrs. Billie Sudderth, Mrs. Bedford Caldwell, Mrs. Joe Pinner, Mrs. O. H. Jones, Mrs. Paul Jones, Mrs. Thomas Rhodes, Mrs. Arlin Hartzog, Mrs. Gene Ezell, Mrs. Jon Lin Riddle, Mrs. Roger Ezell, Mrs. Robert Calaway and Mrs. Otis Spears.

Party Honors Mrs. Hastings

Mrs. Pearl Hastings was honored with a birthday party recently by members of Widow's Club and other guests.

The covered dish luncheon was hosted by Mrs. Margaret Caldwell and Miss Rita Caldwell at their home.

Mrs. Hastings celebrated her 79th birthday. The women sang birthday greetings and Misses Mickey and Dee Dee Mager of Amarillo sang "Happy Birthday" to the honoree.

Attending were Mrs. Pearl Walden, Mrs. Stella Stevens, Mrs. J. Sam Gaines, Mrs. Oma Gunn, Mrs. Betty Adams, Mrs. J. R. Glover, Mrs. J. R. Caldwell, Mrs. Lady Armstrong, Miss Ellen Reminsnider, Mrs. Neil Mager of New York, Mrs. Melvin Stagner of Clovis and Mrs. Mable Reynolds of Farwell.

Visitors In Richards Home

Visiting recently in the homes of Mr. and Mrs. Earl Richards and Mr. and Mrs. C. C. Richards were relatives, Mrs. Thelma New of Calif., Don New and Mark of Amarillo, Boyd Richards of Lubbock, Mr. and Mrs. Frank Richards and Mrs. Lucy Raynew of Abilene, Mrs. Olive Roberts of Odessa, Mr. and Mrs. Edgar Chase of Artesia, N.M., Mr. and Mrs. Leon Richards and family and Miss Janice Richards of Lubbock.

Party Fetes Alan Rhodes

Alan Rhodes, son of Mr. and Mrs. Thomas Rhodes Jr., celebrated his eighth birthday Monday afternoon with a swimming party at Friona swimming pool.

Following an afternoon in the pool, the boys had birthday cake and ice cream. The cake carried out a baseball motif.

Attending were Burch McCain, Dana and Kyle Ray Harris, Steve and Wesley Cockerham, Johnny Caldwell and the honoree.

MRS. ROBERT DON COLLIER

Miss Carolyn Damron Bride Of Robert Collier

Miss Carolyn Damron and Robert Don Collier of Friona were married Friday evening at First Baptist Church of Bovina.

Parents of the couple are Mr. and Mrs. Floyd Damron of Bovina and Mr. and Mrs. John L. Collier of Friona.

Rev. Ralph Aday, pastor of the church, officiated at the double ring ceremony.

Given in marriage by her father, the bride wore a white butte knit suit. She complimented her ensemble with white accessories and a corsage of yellow roses.

The couple took a wedding trip to Ruidoso, N.M. and points of interest in Colorado.

The couple will be at home

in Lubbock in September where both will attend Texas Tech. The bride is a 1966 graduate of Bovina High School. The groom is a junior at Texas Tech.

Floyd Coates To California

Mr. and Mrs. Floyd Coates, Waverly and Sandy, returned recently from California where they visited relatives.

They visited his mother, Mrs. Ellen Coates and other members of his family.

While there they went deep sea fishing and sightseeing. They were gone approximately 10 days.

"Thank thee, Lord, for thy most wondrous miracle—breaking up his golf foursome after twenty years!"

Roads We Travel

And Jesus, answering, said, A certain man went down from Jerusalem to Jericho. Luke 10:30

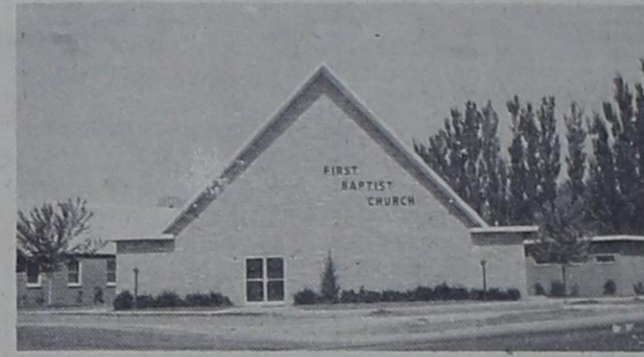

Roads have a fascination for many people. It is thrilling adventure to travel over the mighty highways and the magnificent tollroads of our country. Anyone who has ever driven on Broadway in New York, on Michigan Avenue in Chicago, or on Wiltshire Boulevard in Los Angeles will long remember those famous avenues.

On our journey through life we travel over many roads. Like the man in the story of the Good Samaritan who went down the road from Jerusalem to Jericho, we on our journey through life often encounter perplexing problems, serious troubles, and selfish people. But as we travel on the highway of life we also meet some helpful and delightful persons and have some pleasant experiences.

The roads we travel during our days here on earth take us into various directions. But no matter where we may go in this world, we should always walk on the paths which God has outlined for us, saying with a Christian poet, "Thy way, not mine, O Lord," and with the wise man of Scripture, "In all thy ways acknowledge Him, and He shall direct thy paths."

By walking in the steps of Jesus and by trusting in Him we shall arrive at the desirable destination in the world to come—the mansions of the Father. From eternity, O God, in Thy Son Thou didst elect me; Therefore, Father, on life's road graciously to heaven direct me. Amen.

At Home In Parmer County By CRICKET B. TAYLOR County HD Agent

Now the County Dress Revue is over, the 4-H leader and members are all excited again, this time it's the County 4-H Camp at Holy Ghost Canyon. A total of 46 girls turned in record books. These have been judged and awards list completed.

Joe VanZandt, the County Agricultural Agent, will be missed in many ways when he leaves us. We will miss him at the Achievement Banquet and most of all, the 4-H boys with whom he has worked so closely will miss him, too. Needless to say his co-worker in the office regrets very much that he is leaving us. Our best wishes goes with him and his family in his new position in Moore County.

The next event for 4-H girls in the County will be the "Better Bake Show" to be held August 25th in the Bovina Bank at 2 p.m. In the meantime, 4-H girls will be practicing on two-crust pies and batter rolls. I'm thinking many families should soon satisfy their taste for pies and rolls.

Here is a recipe used in training girls for the Bake Show. Some of you who are having a lot of company and preparing lots of food might like to have something extra special that does not take a lot of time - then here it is: BATTERWAY ROLLS

1 1/2 cups warm water (110 to 115 degrees) 2 packages dry yeast 4 cups sifted flour 1/4 cup sugar 1 1/2 teaspoons salt 1/3 cup soft shortening 1 egg

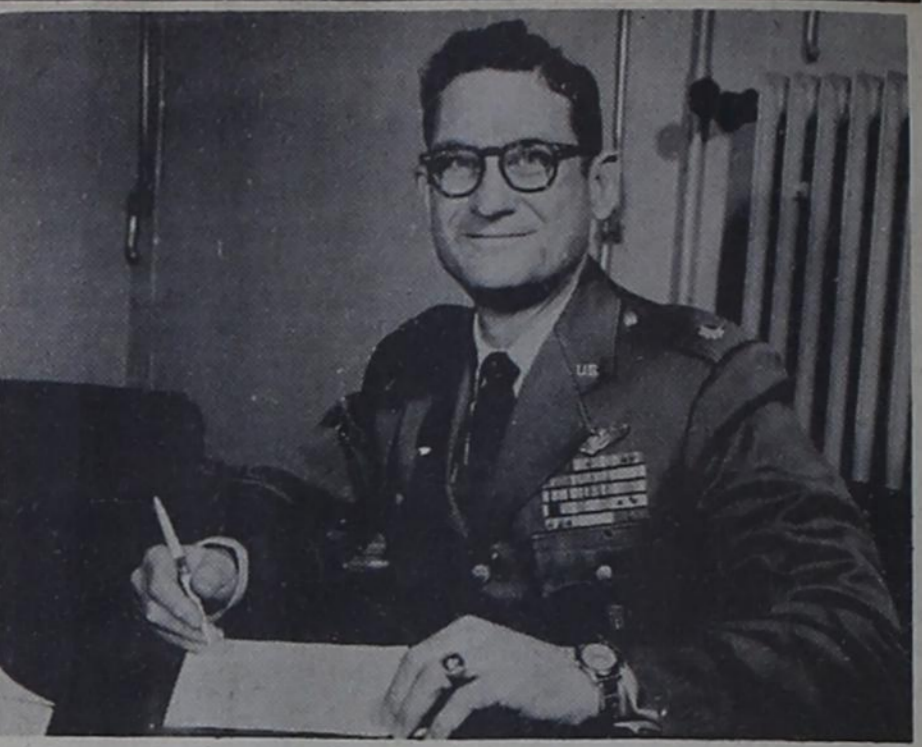

Pour the warm water into a large mixing bowl. Add the yeast. Let stand a few minutes. Stir to dissolve. Add half the flour, the sugar, salt, shortening and egg. Start the mixer on medium speed, or beat by hand and beat until smooth, 1 1/2 to 2 minutes. Stop mixer. Add the rest of the flour and stir in by hand until the flour disappears. It will take 1 to 1 1/2 minutes. Scrape down batter from sides of bowl. Cover bowl with waxed paper. Let rise in warm place until doubled, about 30 minutes.

ONTARIO FISHING Ontario, Canada--with its quarter of a million lakes--is one of the few places on earth where a fisherman can have a whole lake to himself, or be first to fish a river or stream. Write to the Department of Tourism and Information, Parliament Bldgs., Toronto, Canada, for free information on fishing in Ontario.

A traveler picked up a beatnik hitch-hiker. They stopped along the way to get something to eat and as they were trying to get back on the highway, the driver asked if it were safe. "Dog, Man, Dog!" said the beatnik. So, the driver rushed out onto the highway and crashed. He came to in the hospital next to the beatnik's bed. When he asked why the beatnik told him to go when there was something coming, the reply was: "Dog, Man, Dog! That's a Greyhound Bus!"

Ontario, Canada--with its quarter of a million lakes--is one of the few places on earth where a fisherman can have a whole lake to himself, or be first to fish a river or stream. Lt. Col. Thornton Gets AF Medal

Lieutenant Colonel Julian R. Thornton Jr., son of Judge J. Roy Thornton, Farwell, and the late Mrs. Thornton, has been awarded the U. S. Air Force Commendation Medal during his retirement ceremonies at Truax Field, Wis.

Colonel Thornton received the medal for meritorious service as assistant director of operations and training for the 30th Air Division at Truax Field. He was cited for his outstanding skill, knowledge and job proficiency. Col. Thornton served in England, Germany, Japan, and Okinawa during World War II and is also a veteran of the Korean War.

Other awards which he has received include the Distinguished Flying Cross with one oak leaf cluster, eight awards of the Air Medal, and Purple Heart. He also holds the French Croix de guerre with gold star.

The colonel received his commission through the aviation cadet program. A graduate of Farwell High School, he received a B. S. degree in architecture from Texas A&M. He has also attended Alabama Polytechnic Institute.

The colonel's wife, Catherine, is a daughter of Mrs. W. D. Chiles of Albuquerque. Col. Thornton is making tentative plans to return to Colorado to make his home.

Co. Agent Stresses Danger Of Tetanus

By Joe VanZandt When Jimmy cut himself on a jagged edge of an old plastic automobile, Mrs. Williams consoled her son and decided that the injury wasn't worth worrying about. In the bathroom she washed his dirty hand, thinking that the thin, red, inch-long line on his wrist was just another of many superficial wounds he had suffered during his young life. She dabbed it with an antiseptic and returned to her housework. Four days later the boy complained about sore arms and legs. His mother took his temperature and found only a slight fever. She was relieved that her son wasn't really sick.

TETANUS IS EVERYWHERE Tetanus is caused by a poison released by a microscopic bacillus whose spores can be found widely distributed in nature. The street dirt in cities, garden soil in almost every backyard and places where cattle, horses and other domestic animals are raised can be fertile sources of the deadly germ. Moreover, tetanus spores often can be found on our bodies and clothing. So widespread are the organisms that cause tetanus that there is no known way to control

Tetanus --

(Continued from page 6)

disease progresses to tightly clenched teeth (lockjaw), odd muscle spasms of the face and terrific muscular tension in the neck, back and limbs. The muscles of the abdomen become completely rigid and the spinal column becomes arched backwards. This phenomenon, accompanied by violent convulsions, is often responsible for breaking the victim's back.

Almost complete cramping of the respiratory muscles interferes with breathing and may cause the patient to die from asphyxiation. Little wonder that less than 40 per cent of those contracting tetanus have managed to survive.

IT IS PREVENTABLE

Yet in spite of the fact that tetanus germs are everywhere around us, the disease itself is almost completely preventable, says the AMA.

During World War II nearly three million of our soldiers were wounded, but they had had tetanus toxoid shots, and of that huge number only four men contracted tetanus.

Protection by immunization should be started early in infancy, says the American Academy of Pediatrics—two to three months after birth. Immunity results from a series of three shots at four to six week intervals plus a booster dose after fifteen to eighteen months.

Boosters should be given again at three years, six years and twelve years, then every ten years for life.

Children, with their many bumps, bruises, cuts and falls (coupled with what seems to be a natural affinity for dirt), are usually considered the prime tetanus targets. It is a sad fact that millions of parents have been neglecting the important and easy immunization protection for their children, but that's only half the story. Adults are also negligent when it comes to fortifying their own bodies against the horrors of lockjaw.

Almost one-half of the deaths from tetanus occur to persons over 50 years of age. Yet millions of middle-age ex-GI's haven't had a tetanus shot since their discharge following World War II and their wives may have gone unprotected since

childhood. Perhaps one reason for this seeming neglect is the thought that, should a serious accident occur, a doctor can give a tetanus shot if he feels there is danger of the disease. But this overlooks the fact that, given a set of bad luck circumstances, even a minor scratch can lead to serious illness or death from tetanus.

The antitoxin immunization given with injury treatment provides only a temporary safeguard at best—it is often ineffective. But the toxoid series of shots will stimulate your system to produce its own antibodies for long-term protection that is absolute.

In antitoxin immunization there's another problem: the antibodies themselves must be administered, and the horse serum usually used as a base for the antitoxin provokes allergic sensitivity in many people. Sensitive individuals could be made gravely ill by the serum. For this reason, accident victims needing tetanus antitoxin should insist on a serum sensitivity test before taking the shot.

The series of tetanus toxoid shots does not carry this danger because horse serum is not used. But the initial series of toxoid inoculations must be completed before your body will be immune to the germs of tetanus. Then should an accident occur and your doctor decide there's a danger of tetanus invasion, at the most you need only have a simple booster shot for sure protection.

THIS IS THE SEASON

The danger of tetanus increases at this time each year with your return to gardening and other outdoor activities. If you or any other members of your family are presently without tetanus toxoid protection, this much is simple fact: you're courting disaster and your luck may not hold throughout the summer. When you compare the horrors of tetanus with the easy and virtually painless method of prevention available to you from any doctor, clinic or hospital, it just doesn't make sense to do without tetanus toxoid.

HD Agent Reports --

Cotton Materials Durable, Adaptable

By Cricket B. Taylor
Cotton is the second largest crop produced in Farmer County. Women are often faced with decision making as consumers in choosing fabrics for clothing and home furnishings—to buy or not to buy cotton materials? Let us take a look at a few facts concerning cottons in fashions.

Decorator fabrics run the gamut in patterns and fabrics, but cotton is often used, as one designer put it, for "durability, adaptability". For the decorator who likes to change her setting frequently, but without added cost, here is a new slant on fabrics. The Chameleon cottons, the color changing fabrics may be the answer. These may be seen in quilted spreads that can be dipped into a special chemical (citric acid) solution which removes the ultramarine blue dye, causing a permanent color change. Blue becomes green, orchid changes to rose, brown to orange-- and it stays that way too.

Durable press is perhaps the most significant textile technological break through of the decade. The first durable press was cotton. Certain disadvantages were noted in early articles and these were taken off the market until problems could be overcome. Now fall will bring to retail counters the return of cotton durable press.

Here is something that consumers will be interested in knowing. It comes from scientist and engineers who conduct America's Cotton Research program.

All-Cotton durable products offer 10 plus values to consumers.

1. EASY CARE. Cotton DP, unlike the blend products, is completely insensitive to washing and drying temperatures. Cool or lukewarm water is not required in laundering cotton DP items, nor is cool cycle at the end of tumble drying.

2. BETTER LAUNDERING. All-cotton DP garments come clean in laundering, unlike polyester blends which scavenge soil in washing and become gray or dingy looking. Oily soil spots on the blend fabrics are also often difficult or impossible to remove, even with special spotting treatments.

3. DURABLE PERFORMANCE. Even synthetic fiber manufacturers concede that true durable press performance depends on the permanent set which chemical treatment gives cotton. The thermoplastic synthetics and blends gradually lose their shape - holding character, especially when laundered or dried at elevated temperatures.

- 4. NON-PILLING. Many DP blend garments develop small fuzzy balls, or pills, after a short period of service. Non-pilling cotton is not susceptible to this type of appearance loss.
- 5. NON-SEE-THROUGH. Most blend fabrics, particularly those containing the higher levels of synthetic fiber, lack the hiding power or opacity of all-cotton DP fabrics.
- 6. COMFORT. The absorbency and anti-static properties of DP fabrics made entirely of cotton provide consumers with greater comfort than the blend or synthetic products.
- 7. NON - HOLE - BURNING. Sparks or cigarette ashes quickly melt holes in many of the blend DP products because of the thermoplastic nature of the synthetic fiber component.

- 8. STYLING VERSATILITY. Variety is greater and finishing problems much less with all-cotton fabrics than with blends.
- 9. MANUFACTURING EASE. Cutting, sewing, and pressing the all-cotton DP products present fewer problems than the blends, and seam performance and overall appearance are usually better.
- 10. ECONOMY. In such items as shirts and trouser the all-cotton durable press garments are usually available at a dollar or more less than the blend products. This saving results from cotton's lower cost plus its advantages in processing, finishing and manufacturing.

CHILDREN'S CORNER

YOUR BIKE

Did you know there is a great story behind that bike of yours? Let's take a look at its great-great grandparents.

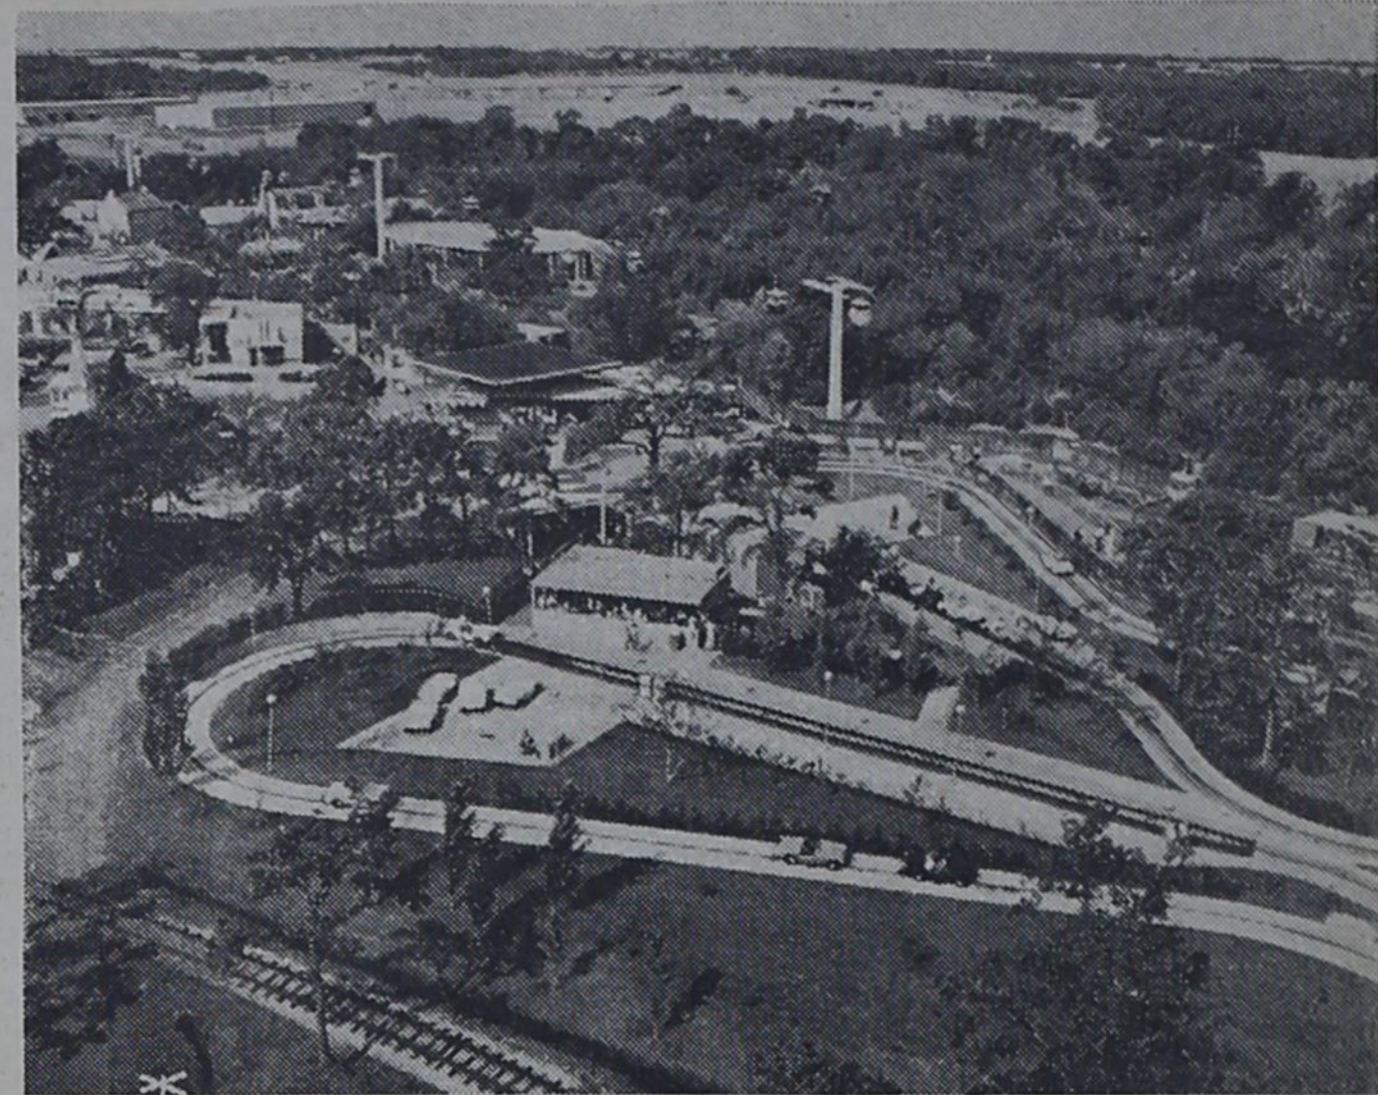

A Bavarian forest keeper invented the bicycle in 1816. He called it a "Hobby Horse"—and it was a crude machine—just two wheels attached to a wooden bar which the rider straddled. There were no pedals—the rider moved by pushing his feet backwards against the ground.

Almost everyone has heard of the bicycle made for two. But, did you know that there was once a bicycle built for ten? It was called the Decemtuple, and it was built in Massachusetts in 1896. With all ten riders pedaling, the bike could reach speeds of a mile-a-minute!

The Golden Magazine for Boys and Girls has a lot to say about bikes in the current issue in an article called "You and Your New Bike." It tells how to take care of them, gives hints of riding safely, explains all the different parts, and shows you why bicycling is one of America's favorite family sports.

Aerial view of portion of U.S.A. Section of Six Flags Over Texas. In foreground are the peppy one-cylinder, seven and one-half horsepower gasoline driven sports cars that guests drive themselves along a quarter mile freeway. Traveling 50 feet over the top of the park are the Astrolift cars along a 2,100-foot cable from the U.S.A. Section to the Texas Section.

Bovinians To Camp Meeting

Several Bovina people attended the Nogal Mesa Ranchmen's Camp Meeting over the week end at Nogal Canyon.

Ministers from various parts of the United States conduct these services. This is the 28th year for the annual event.

The group from Bovina stayed at Nogal Inn in the cabin of Mr. and Mrs. Buck Ellison. Others present included Mr. and Mrs. I. W. Quickel, Mr. and Mrs. Loyd Battey of Hereford, Mr. and Mrs. H. D. Ellison and Mr. and Mrs. Scott of Truth or Consequences, N.M.; Mr. and Mrs. H. D. Bradshaw, Mrs. Reagan Looney and Mrs. Earl Ware.

WILD WEST SHOW AND PORPOISE ACT NEWEST ATTRACTIONS AT SIX FLAGS

The Overland Stagecoach being attacked by Kiowa Indians is just one of the exciting features of Six Flags Over Texas' newest attraction, the Wild West Show. Visitors to the 2,500-seat, open-air arena see the turbulent days of early Texas re-created as part of the colorful pageant which is presented three times daily throughout the summer.

Local Couples To Lake City

Several couples from Bovina vacationed recently at Lake City, Colo. The group spent the week camping and fishing.

Those going were Mr. and Mrs. Gene Ezell, Durward Bell, Karen and Gregg; Mr. and Mrs. Vernon Willard, Dennis and Terry; Mr. and Mrs. Otis Spears, Mr. and Mrs. Gene Douglas, Mrs. Ernesteen Sides, Gary, Sandy and Larry; and Rev. and Mrs. J. B. Fowler, Becky and Douglas.

Marriage Licenses Issued

A license to wed was issued by County Clerk Bonnie Warren on July 21 to Robert Don Collier and Carolyn Sue Damron with a license issued to Bart Carl Montague and Betty Louise Russell on July 23.

Arlington, Texas: The size and scope of Six Flags Over Texas continues to expand as the state's most popular single tourist attraction recently added a Wild West Show and a performing porpoise to its entertainment list.

The Wild West Show presented by Six Flags is a throwback to the traveling spectacles of yesteryear. An especially built 2,500-seat open-air arena located in the west corner of the Texas Section provides the setting for a recreation of the turbulent life of the early days of the Old West. Visitors see war-painted Kiowa Indians attacking the Overland Stagecoach, followed by mounted cavalry coming to the rescue. The action-packed show features trick riders, bull whip and rope artists and dance-hall girls among the cast of forty performers.

Produced for Six Flags by pioneer rodeo impresario Frank Rush of Lawton, Oklahoma, the performances are staged at 1:00, 3:00 and 5:00 p.m. seven days a week throughout the summer months. The Wild West Show here is not on the tomahawk and souvenir head level, but rather places its emphasis on the excitement and historical pageantry of early Texas.

Over on Skull Island, in the Confederate Section of the 115-acre Park, a bottle-nose porpoise named Skipper II now ranks as the favorite of the young set. Put through his paces four times daily by his pretty blonde trainer, Diana Langer of Marathon, Florida, the talented and acrobatic 400-pound mammal frolics in his newly built 25,000-gallon water tank.

Both the Wild West Show and the Porpoise Act are free, as are all the rides, attractions and shows inside Six Flags being covered by the one all-inclusive ticket purchased at the main gate.

Goldsmith's Leading Slow-Pitch League

Goldsmith's Fireballs have established themselves as the team to beat in Bovina men's slow-pitch softball league.

They picked up three impressive wins last week and this and are undefeated after the league's first five playing nights.

The Fireballs shutout the Hammonds Hotshots, the team which was expected to battle them for the championship, Monday night in a showdown between the two top teams, Goldsmith's team won the game, 14-0. A shutout is an uncommon occurrence in slow-pitch.

The league leaders downed Bovina Jaycees, 17-11, Tuesday night of last week and took Oklahoma Lane in their opening game Monday night of last week.

The only other undefeated club in the eight-team league after the first week of play is the Lions Club entry with a 2-0 mark. Not expected to be a contender for the top spot, the Lions eked out two verdicts in the opening week of play. They won from the Shelby Sluggers, 11-9, Thursday and outran Barraza's Bombers, 18-16, Friday night.

The Hotshots have two wins to go with their Monday night loss to the Goldsmith team. They clipped Oklahoma Lane Thursday night, 12-6, after downing the Jaycees in the opening night game.

Through Monday night of this week, Clearman's Clouters

were 1-1. They lost to Barraza, 14-12, Tuesday night of last week and picked up a two-run verdict over Shelby's team Friday night, 8-6.

Oklahoma Lane picked up its first win in three starts with a 21-17 decision over the Jaycees in Monday night's second game.

Still winless through the first five playing dates are the Jaycees and the Shelby aggregation. The league is scheduled to run

through August 9. Two games are played each playing night, Monday, Tuesday, Thursday and Friday. Each team will play a total of seven games.

The forthcoming schedule: THURSDAY: Clearman vs. Lions and Jaycees vs. Barraza; FRIDAY: Goldsmith vs. Lions and Oklahoma Lane vs. Shelby; MONDAY: Clearman vs. Goldsmith and Hammonds vs. Barraza; TUESDAY: Clearman vs. Ok-

lahoma Lane and Jaycees vs. Shelby.

(The following standings do not include results of games played last Tuesday night.)

SLOW-PITCH STANDINGS

Team	W	L	Pct.
Goldsmith	3	0	1.000
Lions	2	0	1.000
Hammonds	2	1	.666
Clearman	1	1	.500
Barraza	1	1	.500
Okla. Lane	1	2	.333
Shelby	0	2	.000
Jaycees	0	3	.000

60 Attend Roping Club Chicken Fry

More than 60 people were in attendance at a chicken fry Thursday night at the roping arena for members of Bovina Roping Club, their families and guests.

The chicken fry climaxed a trail ride in which 28 horsemen participated.

The ride started at the arena and ended there after a trip to town.

Vernon Estes was in charge of cooking the chicken. Each family attending brought a chicken to be cooked.

In charge of the event were Jon Lin Riddle and Bill Lookingbill, co-chairman of the Roping Club's activities committee.

Ben Rejino Gets Army E-2 Rate

FORT BLISS, TEX. (AHTNC) -- Ben Rejino Jr., 22, son of Mr. and Mrs. Ben Rejino, Sr., Bovina, received an early promotion to Army pay grade private E-2 on completion of basic combat training at Fort Bliss, Tex., July 2.

He was awarded the promotion two months earlier than is customary because of his score in firing the M-14 rifle, high score on the physical combat proficiency test and his military bearing and leadership abilities.

The early promotion program is an Army policy providing incentive for outstanding trainees.

Rejino is a graduate of Bovina High School.

Former Resident Tells Of Trip

(Continued From July 13 Issue)

Almost every car we saw all day had at least one Norwegian flag tied on it; the trains even had two tied on their engines!

Wednesday morning we left Oslo by train for Bergen, Norway, on the North Atlantic Coast. However, just over halfway, we stopped off to take a side-trip by train. This ride was only an hour on a very steep track, but we had to spend the night there to make connections into Bergen the next day. This side-trip from Myrdal to Flam, was a very pretty ride through the mountains with pretty waterfalls and along the river there was lots of scenery.

We left Flam at 4:00 a.m. (the sun looked as though it was about 10:00) and got to Bergen just after 7:00. We spent two hours there in Bergen walking around and taking pictures, then caught our train back to Oslo. When we got back to Oslo about 6:00 p.m., we picked up our car and drove several miles that

night before spending the night in the car.

The next day, Thursday we drove down through Sweden, rode two Ferries and made it to Odense, Denmark, where the Wayne Harrises live and work. We had hoped to spend an hour or two visiting with them (it was about 5:00 p.m.) then drive more that night. However, we were persuaded to spend the night there with them and leave early the next morning. We had such a nice visit with them. Shirley is in the hospital for a few months waiting for their third baby. The doctor thought she should be very careful this time. Her mother from Lubbock was there helping with the housework and keeping their two children. They have a little girl 2 1/2 which they adopted some time ago, and a little girl about 3 months old whom they have had about a month or so, (also adopted). They have been in Denmark for about 5 years now, and have bought land and built a pretty house on the outskirts of Odense. It was such fun

visiting with them after such a long time. (By the way, Odense is the home of the writer Hans Christian Anderson).

Saturday morning we drove about 667 miles from Odense, Denmark to Baumholder, Germany where we spent the night with our friends the Purcells. We didn't decide to try to see the Purcells until we noticed that we would be about 100 miles from them; so we couldn't pass up a chance to visit with them again.

Sunday we drove from Baumholder to Ingrandes and got in about 9:30 p.m., very tired, and hungry. By the time we read the mail and got our things out of the car, and ate supper, it was past bedtime. (Oh, and of course, I had to do my hair too).

Monday I started to work as a bookkeeper at the Central Accounting Office here on post. We keep all the books and pay

the bills for the clubs on post. There are about 8-10 girls who work there. It will be nice to be finished at 5:00 p.m. and not have to take home papers to grade, etc.

On our trip I bought seven spoons; we camped out in our car six nights, stayed in hotels six nights and spent two nights with friends. We drove 3,816 miles; traveled 2,471 miles by train; rode the plane 200 miles and traveled 31 miles on ferry boats; that makes our total miles traveled 6,518. Whew!

The main problem with our trip was that it made us want to go some more. We were glad to get home and have a few days to do laundry, etc., but after a week we are ready to go again! We thoroughly enjoyed our trip and wished for you so many times. We took 17 days leave for the trip (May 6-22). Nickie and Joe McMillan
