BORAX! NATURE'S DISINFECTANT, CLEANSER AND PURIFIER

Everybody realizes the necessity of some method of purification of sinks, drains and utensils in which may lurk the germ of a dreaded disease.

Health is a question of cleanliness and prevention.

Most people are familiar with the use of disinfectants in their ordinary sense—all of which are unpleasantly associated with disagreeable odors, on which are depended to kill the contagion (which disinfectants must of necessity be of a more or less dangerous character) and must be used for this purpose and for no other, and in consequence kept from children and careless handling.

There is, however, within the reach of all our readers a simple, safe and economical article that will not only answer for every disinfecting purpose—but can also be used for a multitude of domestic cleansing and purifying purposes—Borax.

Borax is a pure, white harmless powder coming direct from Nature's laboratory; in fact Borax has often been called "Nature's Cleanser and Disinfectant."

Two tablespoonfuls of Borax in a pailful of hot water poured down the grease-choked pipes of a sink, or flushed through a disease-laden drain, cleanses and purifies it, leaving it clean and sweet.

Bed clothing and clothes used in a sick room can be made hygienically clean and snowy-white, if washed in a hot solution of Borax water.

Kitchen and eating utensils, used during illness will be kept from all possibility of contagion if Borax is used when washing them. Pure as snow and harmless as salt, and because it can be used for almost every domestic and medical purpose, Borax must be considered the one great household necessity.

Costly Popularity.

France's cruiser Leon Gambetta is named after the famous politician, who died on December 31, 1882. In the times of his intense popularity Gambetta had an experience which he was wont to tell against himself. In Paris admirers unyoked his horses and dragged the carriage to his house. Gambetta would narrate this with an air of pride, and he would add, with a smile: "But I never saw my horses again!"

Instantaneous Action.

"I was almost distracted by a terrible itching which defied all treatment until I obtained a box of Hunt's Cure. The first application afforded instant and absolute relief. The one box effected a complete cure.

"It is simply wonderful in its instantaneous action."

DAVIDSON'S MAJORITY MAY REACH TO 25,000

Probably Half of the Votes Are Accounted for and the Indications Are that Campbell's Majority Will Reach 75,000

SUBMISSION PROPOSITION HAS BEEN DEFEATED

To Determine a Number of Contests It Will Undoubtedly Require a Full Count of the Votes—Indifference Shows as to Local Option—Count is Slow—Judges Refuse to Work On Sunday

Dallas, July 27: With more than one-half of the vote accounted for, Attorney General Davidson has a majority of more than 13,000 over Col. Wynne. If he should hold his strength throughout the returns yet to be received, his majority would be in excess of 25,000. So far as the returns already received, are indicative, there is every reason to believe that his lead will increase in proportion as the reports come in, for the reports printed show that his strength is pretty uniform over the State. There is no section of the State in which he has shown notable weakness, and one would have difficulty in trying to support the idea that it was a sectional contest.

The returns so far received show that Attorney General Davidson has carried Dallas, Van Zandt, Coryell, Smith, Travis, Galveston, Lamar, Starr, Hidalgo, San Saba, Jefferson, Wilson, Harris and Bexar Counties certainly, and, probably, in addition, Uvalde, Polk, Taylor, Anderson, Colorado, Navarro, Eastland and Val Verde. The counties which Col. Wynne seems to have carried beyond doubt are Tarrant, Kaufman, Montague, Duval, Rusk and Nacogdoches, and the probabilities are that he also carried Madison, Grimes, Brazoria, Cass and Bowie.

The returns give Campbell a vote of 105,049 and Williams 62,023. This indicates, as before stated, that Campbell's majority will be in the neighborhood of 75,000. The count is still slow, many of the judges having refused to work Sunday, and it will undoubtedly be several days yet before all of the returns are in.

The most surprising and perhaps the most notable feature of the returns is that they show a slight majority against the proposition to submit a prohibition amendment. The exact figures are: For submission, 58,290; against, 60,020. It will undoubtedly require very nearly complete returns to make it certain what has been the outcome of this contest.

Stephens has a lead of 3,000 over Barker for Controller, they being the leaders in this race.

Robison for Land Commissioner has a lead of 6,000 over Stone.

In the contest for Superintendent of Public Instruction, Cousins has nearly 30,000 more votes than Alderdice.

Davidson has about 19,000 more than Latimore in the race for Judge of the Court of Criminal Appeals.

These returns indicate that Stephens for Controller, Robison for Land Commissioner, Cousins for Superintendent of Public Instruction and Davidson for Judge of the Court of Criminal Appeals have been nominated. In fact, it may be regarded as almost a certainty with respect to all of them except Stephens.

For Judge of the Court of Criminal Appeals in the Second, for the one place that was the subject of contest, the returns give the following totals: Dunklin 10,262, Kirby 8,102, Carswell 6,354.

For the contested Judgeship in the Sixth Supreme Judicial District the returns give Hodges 6,282, Todd 4,370.

In the Congressional races the only contest that seems to be still in doubt is that in the Second District, where Mr. Cooper and Mr. Dies are running very close. The contest is so close that the returns are hardly indicative of the result.

In the Fourth District Mr. Randall seems to have won unquestionably, and in the Fifth District Mr. Beall has an overwhelming majority. Mr. Moore,

the incumbent, has a lead in the returns of about 1,400 in the Eighth District, and as his strength has been pretty uniform over the district, this seems to make it certain that he has been renominated.

Congressman Henry, in the Eleventh and Congressman Gillespie in the Twelfth have good leads, as has Congressman Smith in the Sixteenth District. In the Fifteenth District there seems to have been no real contest, Mr. Garner's election having been apparent upon the receipt of the first returns.

The total of the returns printed are as follows:

For Governor: Campbell 105,049, Williams 62,223.
For Attorney General: Davidson 83,911, Wynne 70,190.
For Controller: Barker 35,853, Blades 12,323, Parker 18,252, Stephens 33,395, White 14,187.
For Land Commissioner: Robison 58,473, Stone 52,448.
For Superintendent of Public Instruction: Alderdice 51,059, Cousins 80,447.
For Judge of Court Criminal Appeals—Davidson 65,038, Latimore 47,307.
For Submission 58,290, against 60,020.

There has been no count kept of the vote for and against local option, for it has been apparent from the beginning that most of the voters ignored this question as if it were an immaterial issue.

In the race for Congress the figures are as follows:

Second District—Cooper 6,718, Dies 6,095.
Fourth District—Barrett 5913, Randall 7,355.
Fifth District—Beall 10,919, Sterett 4,240.
Eighth District—Moore 6,071, Stone 4,615.
Eleventh District—Henry 7,270, Hair 5,649.
Twelfth District—Calloway 2,036, Gillespie 4,949, Pressler 1,595.
Fifteenth District—Denman 47, Garner 885.
Sixteenth District—Cunningham 3,261, Smith 5,765.

An Italian Mobbed.

Padua, Italy: A mob inflicted terrible punishment on Francesco Vergani, who had just returned from Boston. Vergani labored six years in America to earn enough money to marry Elois Farrari. He returned to find she has married another. He masqueraded as a traveling dentist at a country fair, and when Elois took the chair Vergani pulled her tongue out with the forceps. The mob tied Vergani to a horse, drove two miles on a gallop, dragging Vergani until he was pounded to a pulp.

Texas Will Not Grow Tea.

Washington: The department of agriculture will probably abandon further efforts to cultivate tea in Texas. "Our experiments have not been satisfactory in results," said Dr. Galloway, head of the bureau of plant industry. "There was something in the soil which militated against the growth of the plant. We do not know just exactly what that was. The soil was sufficiently fertile and general conditions seem to be favorable."

NOTICE TO SCHOOL PATRONS

We take this means of giving notice that we will no longer handle the State Adopted School Books. The publishers made demands of us in the way of bonds to be made, freights to be paid and discounts allowed or rather not allowed which are prohibitory conditions, you can order them and get them here as cheaply as we can. We have always handled these books since the first law was enacted and at a considerable loss, but the margin is still lower this time than before and the loss will be too great. One cannot run a legitimate business without profit, and all over the state we notice that many who have heretofore handled these books are doing so no more. We give you this notice in time so that no one will be disappointed and that you will have ample time to make arrangements, and for the benefit of those who will want to order books, or any other dealer who might want to handle them. We give below a list showing where the different books may be bought. For the following address Hugh Perry Dallas, Texas.

We will as heretofore carry a full line of school supplies such as pens, inks, tablets, composition books, paper and the books used in the schools which are not in the adopted series, and will sell them at fair and honest prices, but we absolutely will not handle or order the State adopted books. The law is so oppressive that we cannot stand it and the sooner the public finds it out the sooner there will be some remedy provided.

A NEGRO BURNED THE FOLLOWING EXPLAINS ITSELF

Greenville, Tex., July 28th 08.
Mr. W. F. Kellis.

Dear Sir:—
I have just witnessed the burning of a negro on the square in Greenville right in front of the court house for raping a white girl 14 years old. He hid in the weeds at the mail box and knocked her down and committed the crime in broad daylight. He was arrested last night and identified this morning by the girl. A quiet and orderly body of men the very best citizens of Hunt County took him from the sheriff, dragged him around the square by the neck with a rope, then put 20 gallons of coal oil on him and set it on fire and piled two cords of wood on him and he is now in ashes. So mote it be.
W. M. Sampson.

A roasted negro at Greenville last Monday was the result of an outrage upon a little 14 year old white girl by the black beast. Some of us who live at distance might feel that it was better to let the law take its course and as a public journal the News Record says the law ought to have taken its course but as a private person we say the horrors of a Hard-shell Baptist hell was too good for that nigger. Good God! just think of it. Suppose it had been your sweet little girl? What would you have done when you saw her all bleeding and torn by a black brute? No, you wouldn't do a thing to him if you caught him.

FOOL KILLER

The fool killer is a slipshod executioner. He has a vacillating sense of mercy which at times is exceedingly irritating. It reminds us of those Judges who permit their decisions to serve as indexes of their digestions. The fool killer, moreover, is seldom on the job when he is most needed. He was missing when Miss Bessie Rostum of Manayunk, Pa., went out upon the river with an escort who rocked the boat. Miss Rostum did not scream or clutch the thwart, or beg the idiot to stop or she'd never speak to him again in her whole life. Hysterics were no part of her nature. But she halted the boat-rocking so suddenly that it made the young man's head swim. What she did was to pick up an oar, give it a swift sharp swing, and shoot the fellow off into deep water. Then she carefully shifted her position, took up the oars and rowed away. The escort, in the course of a century—as people under water reckon time—came to the surface and managed to reach shore, where a river man, though lamenting his weakness, gave him a hand and pulled him to the bank.—Ex.
If we don't have more girls like Miss Bessie. She deserves a medal for heroism. When a young man reaches the boat-rocking, gun pointing stage, he ought to be carried to the creek and drowned like a pestiferous pup.

The primaries are over, the crop of candidates have been thinned to one in a hill and everybody has gone to work. We didn't get all of our men in, but so many of them won out, that it offsets anything we lost and it's all right. The man who goes into a game and expects to win all the time, ought to stay out of it, for he will scratch a disappointed head. Now let us all go to work and be friendly again, and when November comes go to the polls and cast our vote like men in support of the nominee.

THE PRIMARIES BRING IT TO STERLING

The primaries of last Saturday passed off very quietly. The full strength of the Democracy of Sterling was polled at the election and shows that the county is intensely democratic—only a few remaining out of the primaries. Following is a list of the successful candidates.—

A. V. Patterson, Co. Judge 29 majority.
Leonce Cole, Clerk 7 plurality.
Harry Tweedle, Supt. & Tax Col. 25 plurality.
E. L. Gilmore, Treas. 44 plurality.
D. C. Durham, Assessor 78 maj.
W. T. Conger, II & A Insp'r no opponent.
No one offered for Co. Atty. and Surveyor.
The Co. Commissioners are M. Black No. 1, Frank Atkinson No. 2, D. D. Davis No. 3, and J. S. Johnson No. 4.
For Governor, Campbell led by 3 to 1. For Attorney General Davidson led by a light margin. For Congress, Smith led Cunningham nearly 5 to 1. The District Atty's race was led by Brightman 11 votes.
The prohibition vote was 161 for submission, 41 against, 59 for local option and 22 against.
While intense interest in the election was manifested, everybody seemed to be good natured and disposed to fair play.

The Lieutenant Governor shall receive an annual salary of twenty five hundred (\$2,500) dollars per year, and no more. PROPOSED AMENDMENT TO THE STATE CONSTITUTION RELATING TO COMMISSIONERS' PRECINCTS.

JOINT RESOLUTION to amend Section 18, Article 5, of the Constitution of the State of Texas, so as to provide for subsequent redistricting of a county into commissioners' precincts, defining the manner thereof; for submitting same to the electors of the State, and making an appropriation therefor.

Be it Resolved by the Legislature of the State of Texas:
SECTION 1. That Section 18, Article 5, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:
Each organized county in the State, now or hereafter existing, shall be divided from time to time, for the convenience of the people, into justice precincts, not less than four and not more than twelve. The present county courts shall make the first division. Subsequent divisions shall be made by the commissioners' court provided for by this Constitution. In each such precinct there shall be elected, at each biennial election, one justice of the peace and one constable, each of whom shall hold his office for two years and until his successor shall be elected and qualified; provided, that in any precinct in which there may be a city of eight thousand or more inhabitants, there shall be elected two justices of the peace. Each county shall in like manner and in the first instance, be divided into four commissioners' precincts, in each of which there shall be elected by the qualified voters thereof

one county commissioner, who shall hold his office for two years and until his successor shall be elected and qualified. (Subsequent divisions of a county into commissioners' precincts shall be made as now or hereafter may be provided by law.) The county commissioners so chosen, with the county judge as presiding officer, shall compose the county commissioners' court, which shall exercise such powers and jurisdiction over all county business as is conferred by this Constitution and the laws of the State, or as may be hereafter prescribed.

SECTION 2. That the sum of one thousand and (\$1,000) dollars is hereby appropriated out of the State Treasury not otherwise appropriated for the purpose of defraying the necessary expense of submitting the above proposed amendment to the people of the State, at the next general or special election in the manner provided by law, by the Governor or the State.

The tragedy at Comanche last week was the outcrop of the blind prejudice engendered by breeding over the imaginary wrong alleged to have been committed by Senator Bailey. The slayer of Hon J. W. Reese was a representative of that district who was foremost in the bitter fight against Senator Bailey, and the victim was his opponent who took a manly stand for the Bailey cause. Believing himself in danger of being defeated, he sought his victim and shot him down like a dog in the streets of Comanche. If the murder had been committed two years ago, some of the papers would have been screeching for a new law against carrying pistols, but as we have a law now that arms the criminal and disarms the law abiding citizen, it is presumed the crime will be laid at the door of other gangsters.

These cartridges are satisfactory in every way but much lower
in price than other .32's.
This Marlin is the only repeater made for these sizes. It is
much more effective than a .22 caliber on such game as lawks, owls,

**NEWS FROM
OVER TEXAS**

Frank Bennett, 18 years old, was drowned in the Brazos river near Waco Saturday.

There seems to be some prospect that oil or gas will be struck in paying quantities in or near Marshall in the near future.

Ed Terrell, a negro about 35 years of age, was assaulted and badly hurt Friday night, the weapon of the assailant being an ax.

News has been received of the death at Los Angeles, Cal., of George Bordeaux, for many years a prominent citizen of Palestine, Texas.

At Boston, Thursday, two men were killed and several injured by an explosion which occurred on the wharf in a locker containing fireworks.

A 14-year-old boy named Cadell was fatally shot Thursday near Sparks, five miles south of Temple. Bracken Lewis, a farmer, is under arrest.

Dannie Mitchell, a young man, residing at Iredell, shot and killed himself Tuesday, a 44-calibre pistol being used. No motive is known for the act.

In a runaway R. L. Moody, 40 years of age, who lived near Josephine, was instantly killed, but his little son, who was on the wagon at the time, escaped injury.

The 3-year-old son of Ran Boreling of Bowie, Friday morning strangled to death by swallowing a button. Physicians were summoned, but were too late to save the child.

The pope of Rome Thursday received in private audience the Rt. Rev. John A. Foster, bishop of San Antonio, Texas, who greeted the pontiff on the occasion of his jubilee.

Joe Pitts, a negro of Tloga and a well-to-do farmer, was killed by lightning Friday. Pitts was working in the field at the time, and the team which he was using to a plow was also killed.

Dr. J. R. Holly of Copeville, who was assaulted Thursday, his skull being crushed, died Friday morning. Dutch Nowlin, a well known farmer of that community, is charged with the killing.

The management of the Missouri, Kansas and Texas railroad has authorized the building of a new passenger station at Waxahachie. The station, it is said, will be in keeping with the growing business of the Ellis County capital.

The body of Philip Hans, who Thursday shot and killed Arthur Kraft and badly wounded Mrs. Kraft, was found Friday morning lying near the highway, a mile from St. Matthews, a suburb of Louisville, Ky. Hans shot himself through the head.

A freight train was wrecked Thursday on the Mineola branch of the Katy, seven miles from Greenville. The train was going up grade in a deep cut, when a wheel under one of the cars broke causing six cars loaded with coal to be piled up in the wreck.

A motion in the city council of Waco offered by Alderman L. Stoete that a reward be authorized to be paid out of the city treasury for rats killed within the city limits was lost, but will be renewed and the idea is gaining in favor.

The work train on the Sherman-Dallas interurban took out one hundred extra negroes Friday morning for the purpose of putting the roadbed in first class condition as rapidly as possible.

Within the next few days a petition signed by well nigh every business man in Sherman, will be sent to the headquarters of the Cotton Belt railroad, asking the company to put on motor cars between that city and Whitewright.

Harry Douglas Hammond, the fourteen-months-old son of Mr. and Mrs. H. J. Hammond swallowed carbolic acid in the home of his parents at Dallas Friday and died in a few minutes thereafter.

Albert McNeary of Goldwalthie, aged 18 years, died Wednesday from a gun shot wound. He was fishing and hunting on Colorado river and when taking a shot gun from the boat it was accidentally discharged, severing the femoral artery.

If a "pled piper" who would entice away all the rats and leave the children should appear in the coast cities of the world, he would be welcomed by the sanitary authorities. The sanitary department of Cuba is the latest to start a crusade against rats. A quarantine against Venezuelan ports has been declared on account of the bubonic plague, and an appropriation has been made for the extermination of the Cuban rats.

SAVAGE FLING AT AUDIENCE.

Inebriated Orator Resented Disapproval of His Condition.

"Like many a statesman of the past," said Senator Beveridge, "he drank too much. And one Fourth of July morning, on a platform hung with flags and flowers before the courthouse of a country town, facing an audience of farmers and their families that had come from miles around, the statesman arose to deliver the Independence day oration in a slightly intoxicated state.

"He was not incapable of an oration, but his unsteady gait, his flushed face and disordered attire spoke ill of him, and the audience hissed.

"He held up his hand. They were silent. Then he laughed scornfully and said:

"Ladies and gentlemen, when a statesman of my prominence consents to appear in such a little, one-horse town as this, he must be either drunk or crazy. I prefer to be considered an inebriate."—Washington Star.

Meiba in Paris.

Mme. Meiba has seldom received such a remarkable ovation as that which greeted her appearance at the recent opera gala performance in Paris. It cannot, however, compare in delicious enthusiasm with one she received some years ago in St. Petersburg. On one memorable night, after the close of the opera, she was called before the curtain again and again for more than an hour, until she was so exhausted that she could scarcely stand. Her enthusiastic admirers then followed her carriage to the hotel, where they serenaded her, although it was a bitterly cold night, until three o'clock in the morning. On the following day when she reached the station to depart the platform was crowded with hundreds of adoring music lovers. As the train was leaving they took the pencil with which she had written her autograph for all who could get near her, bit it into small pieces and passed them around as souvenirs.

Weary Willis's Complaint.

William J. Ryan, president of the supreme council of public hackmen of New York, said the other day that the winter panic had reduced the hackmen's receipts considerably. "We'll have to come down to English rates—12 cents a mile instead of 50 cents—if we have many more such panics," Mr. Ryan said. "Everybody felt the pinch. I overheard a tramp grumbling in a public square. "The trade ain't like it used to be," he said. "Here ten times running today I've asked for a bit of bread, and what do they give me? Why, darn it, just a bit o' bread."—Exchange.

HEALTH AND INCOME

Both Kept Up on Scientific Food.

Good sturdy health helps one a lot to make money. With the loss of health one's income is liable to shrink, if not entirely dwindle away.

When a young lady has to make her own living, good health is her best asset.

"I am alone in the world," writes a Chicago girl, "dependent on my own efforts for my living. I am a clerk, and about two years ago through close application to work and a boarding house diet, I became a nervous invalid, and got so bad off it was almost impossible for me to stay in the office a half day at a time.

"A friend suggested to me the idea of trying Grape-Nuts, which I did, making this food a large part of at least two meals a day.

"Today I am free from brain-tire, dyspepsia, and all the ills of an overworked and improperly nourished brain and body. To Grape-Nuts I owe the recovery of my health, and the ability to retain my position and income." "There's a Reason."

CUTICURA CURED FOUR
Southern Woman Suffered with Itching, Burning Rash—Three Little Babies Had Skin Troubles.
"My baby had a running sore on his neck and nothing that I did for it took effect until I used Cuticura. My face was nearly full of better or some similar skin disease. It would itch and burn so that I could hardly stand it. Two cakes of Cuticura Soap and a box of Cuticura Ointment cured me. Two years after it broke out on my hands and wrist. Sometimes I would go nearly crazy for it itched so badly. I went back to my old stand-by, that had never failed me—one set of Cuticura Remedies did the work. One set also cured my uncle's baby whose head was a cake of sores, and another baby who was in the same fix. Mrs. Lillie Wilcher, 770 Eleventh St., Chattanooga, Tenn., Feb. 16, 1907."

**STAR
PLUG
CHEWING
TOBACCO**

STAR has for years been the world's leading brand of plug chewing tobacco. Statistics show that about one-fifth of all the chewers of plug tobacco chew STAR.

There's a reason for this enormous and constantly increasing number of STAR chewers, and it's just this—

Star Plug has always been manufactured with one sole object in view—to give chewers the best chew of tobacco it is possible to produce, yet to sell this STAR chew at a moderate price.

More chewers are learning every day that STAR, considered from the standpoint of true merit, has no competitor, and is the one best chew.

For a long time there was a prejudice (which probably still exists) among certain chewers against the use of what is generally termed "Navy Tobacco," because of the impression that all tobacco of that character is too sweet.

It is true that some brands of tobacco, similar in appearance to STAR, are too sweet to please chewers accustomed to the use of tobacco manufactured in thin plugs, but we know that STAR is right in every way.

You use tobacco for the pleasure it gives—**increase your pleasure by chewing STAR!**
