It requires the banks to pay in 1 per cent of their deposits the first year and one-fourth of 1 per cent annually thereafter until the fund shall reach \$2,000,000. It provides that other than State banks may avail themselves of the guarantee provision. The Senter-Hume substitute for the Alexander pill provides that each bank shall give bond to secure the payment of depositors, in manner similar to that by which Tax Collectors secure the coun-

ty and State. It does not contemplate immediate payment of depositors. The substitute has been elaborated in a great many particulars, but the essence of it is stated in the foregoing. Its requirements are compulsory as to State banks and it is provided that private and National banks may avail themselves of the privilege.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars. Free.

SISTER'S TRICK

But It All Came Out Right.

How a sister played a trick that brought rosy health to a coffee fiend is an interesting tale: "I was a coffee fiend-a trembling. nervous, physical wreck, yet clinging

to the poison that stole away my strength. I mocked at Postum and would have none of it. "One day my sister substituted a cup of Postum piping hot for my morn-

ing me Postum instead of coffee until I grew stronger, more tireless, got a better color in my sallow cheeks and a clearness to my eyes, then she told me of the health-giving, nervestrengthening life-saver she had given me in place of my morning coffee. From that time I became a disciple of Postum and no words can do justice in telling the good this cereal drink did me. I will not try to tell it, for only after having used it can one be

convinced of its merits." Ten days' trial shows Postum's power to rebuild what coffee has de-

has received such wide-spread and un-qualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclaysays, it is "worth mountains of gold" to suffering women.

THE CRACKING OF PAINT.

Property Owners Can Save Money by Learning the Cause.

Do you know what is wrong when paint peels, or cracks, or otherwise necessitates premature re-painting?

Well, sometimes it hasn't been properly applied-the surface being damp or there being too much turpentine or too much drier.

But, nine times out of ten, the trouble is caused by adulterated white lead

To avoid all such trouble, every houseowner should know in a general way, when a surface is in proper condition to receive paint, what kind of ment was made on the Board of Trade | primer and finishing coats different surfaces require, and how to avoid adulteration in materials.

A complete painting guide, including a book of color schemes, specifications for all kinds of painting work, said Rev. Suffield.
