

## WHITTLIN'

By DOLPH MOTEN

Comments here last week about Ike Quickel's hometown of Woodward, Okla. have revealed he isn't the only Bovinian who hails from that Sooner State city.

F. M. Crook and Wilbur Charles are also natives of that area.

Crook says he knew Charles when they were both there, but didn't get acquainted with Quickel until coming to West Texas and Bovina. However, Crook knew some of Quickel's relatives.

So, Ike, maybe you could have a Woodward, Okla. homecoming right here in Bovina this year since you missed the real one back in Oklahoma.

The Crooks were in Oklahoma last week visiting and vacationing. Woodward was, of course, one of the stops they made on the trip.

Crook says that back in the days when they all lived in the Woodward area, people didn't cover as much area as they do now and you usually didn't know many people who lived over a few miles from where you did.

Mention of days gone by reminds that the Bull Town Days edition of The Blade, scheduled to be out August 12 and distributed free on a county-wide basis, will have an interesting and long story about this community and area in the years from 1910 through about 1920. It is written by Eulalia Sprawls Hecox, who was a school teacher here during that time. Mrs. Hecox now lives in Paradise, California and generously offered to share her historical story with Blade readers of the special issue.

The story is complete with pictures of that period of 50 to 60 years ago. She mentions some names which are still well-known here like Berggren, Aldridge and Ross, to name three. The story indicates that she loved Bovina and the area then and still does.

We think the story will be of tremendous interest to local folks whether they're old-timers or newcomers. The story is witty and well-written as well as being a good history lesson.

You can look for it as well as other interesting feature stories in the annual, colorful BTD edition of The Blade.

If you think you might be interested in extra copies of the issue, we'll be happy to reserve them for you if you'll let us know. Also, we'll prepare them for mailing for you, if you're interested in a deal like that.

Bovina's boys' baseball program was affiliated with the national Little League organization this year for the first time, as most people interested in the program are aware.

This was a good move. Our local program, which had been highly successful over the past several years, wasn't hurt in any way and the set-up with the national organization added to it, especially through the playoff all-star games.

The Little Leaguers, 11 and 12 year olds, played in a tournament at Cannon Air Force Base, west of Clovis, last week while the senior division boys, just older, played in a similar tournament in Raton.

These tournaments add extra incentive to the boys who have the ability and desire to play baseball in faster company than the local league. At the same time, the post-season all-star games don't take away from the excitement and competition of the local league, as we first thought it might.

The senior division boys had hard luck way off up there in New Mexico, but we'll bet the trip was a lot of fun and they'll look forward to being in the tournament again next year.

Over at Cannon, the Bovina boys won one and lost one before being eliminated from the competition. That was a lot better than it could have been considering that only one loss knocked a team out of the tournament. The win was a 2-1 affair over Texico-Farwell. Winning a game is always good and winning over Farwell is just that much better, seemed to be the attitude of players and fans who were on hand for the tournament.

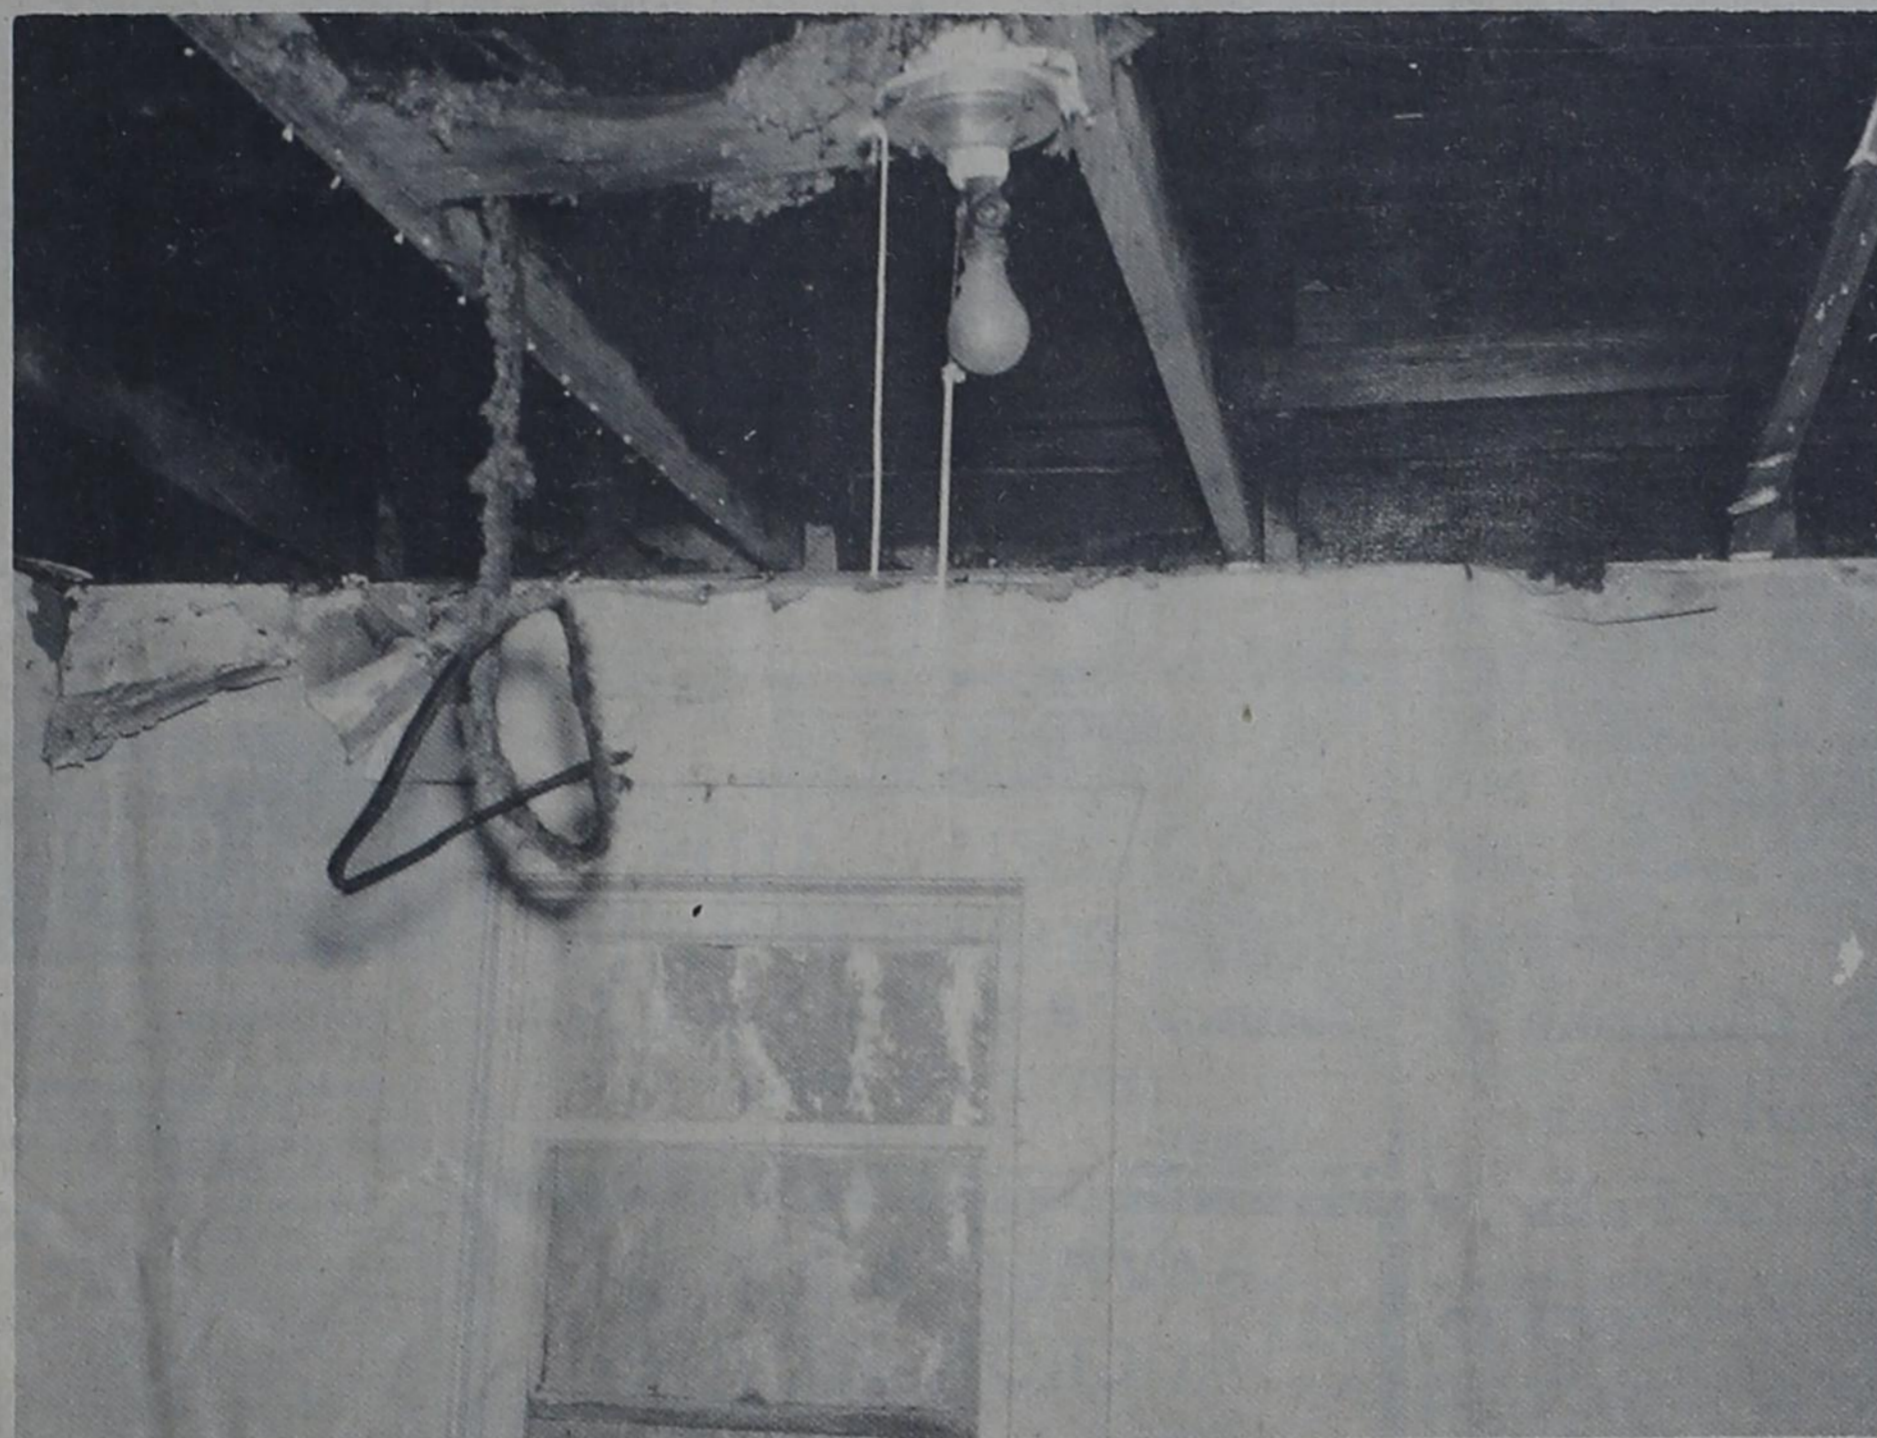

\*\*\*\*\*  
Mention of Wilbur Charles earlier in this column reminds that Wilbur reminded us that last week's Blade said that H. J. Charles would be in charge of the pinto bean cooking for the Bull Town Days barbecue meal.

That was just a slip of somebody's typewriter. We knew better. Wilbur's in charge of the bean cooking and does an outstanding job of it, thanks to all the nice ladies around who he recruits to cook the beans.

So, now we've got the record straight.....

To Super Saveway Building --

# Lingering Fire Causes \$6000 Damage

FIRE DAMAGE --- One of six apartments on the second floor of the Super Saveway Building on East Main Street was ruined by lightning-created fire early Friday morning. Most of the damage

to the building was in the roof. The lightning struck near the window shown here. Cost of repairing the building is expected to be about \$6000.

## Firemen Fight Flames For Several Hours

A lingering, potentially-disastrous fire was started by lightning Thursday night in Super Saveway Apartments on East Main Street.

Lightning struck near the top of the two-story building about 12:30 a.m. Friday, according to Mrs. Carrie Melear, co-owner of the building which houses Super Saveway grocery store on the first floor and six apartments upstairs.

Members of Bovina Volunteer Fire Department, aided by the Friona Fire Department, battled the potentially-dangerous fire until about 5 a.m.

Members of the Bovina department returned about 8 Friday morning and kept the smoldering fire under control and from spreading until it was all out about 5 Friday afternoon. The fire was in the attic and walls of the second floor and difficult to locate and extinguish, a member of the fire department said.

The inside of one of the six apartments -- where the fire originated --- was damaged by the blaze. Three other apartments received smoke damage.

The grocery store received only smoke damage.

Monetary damage caused by the fire has been estimated at \$6000 by J. E. Sherrill of Sherrill Lumber Co., who has the contract for repairing the building.

The fire charred rafters in the southwest portion of the building's roof and caused damage to the ceiling.

The lightning struck during a shower.

"We certainly appreciate the work of the volunteer firemen who worked so long and so hard to save the building," Mrs. Melear said.

The loss was insured.

Surplus Commodities --

## Schedule Set For Distribution

Parmer County Commodity Distribution Center in Bovina has set up a regular schedule for dispensing of surplus commodities, according to Mrs. Helen Blalock, supervisor of the office.

Office hours will be from 8 a.m. until 3:30 p.m. five days a week.

Groceries will be delivered to the center the second Monday of each month.

Commodities will be issued to the families the third Wednesday, Thursday and Friday of each month.

Applications for surplus commodities will be taken any working day of the first and fourth weeks of each month.

The office will be closed the last Thursday and Friday of the month for bookkeeping purposes.

Persons desiring additional information may call the center at 238-4171.

## Melon Feed Tomorrow For Players

Thursday (tomorrow) at 8 p.m. is watermelon-eatin' time for boys who participated in the baseball program here this summer.

Johnie Horn, manager of Bovina Gin Co., announces that all boys in the program are invited to be on hand for all the cold watermelon they can eat courtesy of the gin.

The watermelon feed, which will be held on the gin yard, is an annual event held at the conclusion of the season.

Managers and coaches are also invited, Horn says. The feed is for boys in pee-wee, Little League and senior division.

This Week --

## BTD Variety Show Rehearsals Begin

Rehearsals are expected to begin this week on the Variety Show slated for 8:30 p.m. Thursday, August 13, during Bovina's seventh annual Bull Town Days celebration.

Mrs. Mike Barraza is chairman of the show committee. Other members of the committee are Mrs. Bob Fillpot, Mrs. Louis McDaniel, Mrs. Dudley Hughes, Mike Barraza and Louis McDaniel. Don Spring will serve as emcee of this year's show.

Theme of this year's entertainment will be "The Roaring 20s to The Roaring 60s." Plans are to feature a typical speak-easy scene of the 20s, complete with Charleston dances, gangsters and a combo playing songs popular in that era. The action will progress to the present with the "now" beat and psychedelic lights, complemented by a "rock" group and a Western band.

Talent acts will be featured throughout the program. Winners in the cow calling, beard growing and queen's contests will be presented at intermission of the variety show.

Talent acts expected to be featured in the contest include Vickie Kunselman and Linda Langford, Louis McDaniel, Carl Harris, Radford Venable, Jan

Gromowsky, Debra Hawkins, Bruce Caldwell and Phil Sorley, Billy J. Charles, Butch McCain, Marie and Elton Ven-

able and Grady and Dorothy Sorley. Several more are expected to participate in the show.

Shave Permits Available --

## Add Gun Fight To Program

An addition to Bovina's seventh annual Bull Town Days celebration, scheduled for next month, is a mock gun fight which will be conducted by members of Amarillo Gun Fighters' Club.

The gun fight will be staged in downtown Bovina during the free barbecue, which is a highlight of the three-day celebration.

Ace Howard, who heads the gun fighters group, says the show will last approximately 30 minutes and will consist of some

20 people, including four "saloon girls."

Howard is a former Hollywood stuntman. He says the show will include some members of the group coming off buildings downtown.

The gunfighters have performed at Dodge City, Kansas, Clovis, Fritch and more recently at a community celebration in Clarendon.

"We think the gun fighting show will be a fine addition to the Bull Town Days program by providing even more enter-

tainment and excitement," Dolph Moten, general chairman of the celebration, said in announcing this "extra" to the schedule of events.

Shave permits will go on sale this week. Men of the community will be charged \$2 for the permit which must be displayed on their person. Failure to purchase or display the permit will result in the offender being placed in the Bull Town Days jail which is to be set up in the downtown area this week. Darrel Read is in charge of shave permit sales.

Income from this promotion will go toward the overall expense of the celebration.

Entrants Sought --

## BTD Queen Contest Deadline July 31

Mrs. Robert Read, chairman of Bull Town Days Queen contest, reminds businessmen and interested girls of the entry deadline for the contest, Friday, July 31.

As of early this week, 10 girls have entered the contest. They are Pam Wilson, sponsored by Parmer County Cattle Co.; Brenda Dyer, sponsored by Bovina Woman's Study Club; Ruth Anne Hough, sponsored by Bonds Oil Co.; Terri Willard, sponsored by Bovina Dry Goods; Holly Davis, sponsored by Mustang Drive-In; Vici Stallings, sponsored by The Bovina Blade; Cindy Barrett, sponsored by American Dusting; Christi Trimble, sponsored by Bovina Roping Club; Debra Kirkpatrick, sponsored by Don's Medicine Chest; and Vickie Kunselman, sponsored by Gaines Hardware.

Entrants must be between the ages of 14 and 21, never married, and pay a \$3 entry fee. Past queens are ineligible to enter again. Judging will be 60 per cent on horsemanship and 40 per cent on personality, appearance and beauty. Mrs. Frank Crenshaw of Melrose, N.M., will be in charge of obtaining judges for the contest.

Entrants must wear blue jeans, a white shirt and straw hat during the competition, but may wear more colorful western outfits at the queen presentation.

Bull Town Days Queen for 1970 will be named at the Variety Show in Bovina Schools auditorium Thursday night.

Loy Christian, 1969 Bull Town Days Queen, will present the winner a plaque and roses. Mrs. Read reports several businesses have volunteered to serve as sponsors. Any interested girls may call Mrs. Read and she will arrange a sponsor for the girl.

## Arrest 3 Following Shootings

Two Bovina men were arrested here Saturday night by City Marshal Ronald Mitchell after a "pickup" had been issued on them by Clovis police following a shooting in the Eastern New Mexico town earlier in the night.

Roberto Garcia, Jr., 17, and Bruno Garcia Gutierrez, 19, were arrested by Mitchell on Third Street here about 11:15 and held for Clovis authorities.

They were charged by Clovis police with attempted murder.

Edward Eafon of Oklahoma Lane and a resident of this area for several years, was charged Sunday morning with murder following a shooting earlier that morning in Clovis in which a man was killed.

Eafon was arrested by Parmer County Sheriff Chas. Lovelace at his home between Oklahoma Lane and Farwell.

## J. Alonzo Attends Workshop

Twenty-five beginning teachers aides began a three-weeks intensive workshop at PESO Education Service Center in Amarillo Monday. Training is being given in all facets of assisting teachers in their instructional jobs in schools.

Miss Josie Alonzo is attending the workshop. Miss Alonzo has been employed by the Bovina Schools as teacher aide in kindergarten and lower elementary grades this school term. She will receive instruction in and opportunity to practice all the skills needed by the teacher aide in the workshop.

## Girl Injured In Accident

Yolando Lucero, age 4, daughter of Mr. and Mrs. Lorenzo Lucero, escaped with minor injuries in an accident on Third Street about 1:30 p.m. Saturday. She was struck by a pickup driven by Nicholas Teles, an employee of Mac Giasscock.

She was rushed to Parmer County Community Hospital for x-rays and treatment of injuries. She was kept overnight and released the next day.

The accident was investigated by Robert Shedd, highway patrolman, and Ronald Mitchell, city marshal.

BTD GUNFIGHTERS --- A gun fighting group from Amarillo will stage a mock gun fight in downtown Bovina during the Bull Town Days celebration. The event is scheduled for 6:30 Friday, August 14. The group is led by Ace Howard, a former Hollywood stuntman.

## Reflections From The Blade

TEN YEARS AGO  
July 27, 1960

Four vacancies remain in Bovina Schools' faculty for the coming year after a band teacher was hired last week. John Foster, who has been junior high band instructor for the past two years at Lamesa, has been hired to direct Bovina's band.

Residents of the neighborhood where Salt River Valley Produce Co. seeks permission to operate a cantaloupe packing shed met with commissioners last week to discuss the controversy. No decision was reached, but much was accomplished in removing misunderstandings regarding placing of the shed in a zone that outlaws such enterprises without special permission from the commission.

First Baptist Church of Bovina announced last week the sale of their former church building to Calvary Baptist Church in Friona.

The Bovina congregation recently completed and moved into a new brick building.

Bovina Mustangs will begin football workouts August 15 with two new coaches, one new opponent on their schedule and practically all playing personnel back from last season.

Hallie Gee is the new head coach, Malcolm Kennedy will be the assistant, Springlake will be the new opponent.

Attending annual FFA convention in Houston last week were Advisor Roy Crawford and three members of Bovina Chapter, Lowell Boozer, Bobby Ellison and Duane Rea.

Highlighting the afternoon at Widow's Club Thursday afternoon was a poem read by Mrs. Bessie Caldwell, titled "Boy and His Dog" by Ogden Nash.

Bovina Dry Goods will double in size in the near future. Remodeling of the building next door east of the Main Street business is currently underway and is expected to be completed within the next few days.

Construction started Monday morning on a new warehouse structure for Bovina Wheat Growers, Inc.

"We had a good day," was the way Mrs. H. H. Kelso described the opening of Mustang Drive-In Saturday.

The building was recently remodeled after being damaged by fire.

Mrs. Kent Glasscock entertained several women with a bridge party Wednesday at her home.

Mrs. Vernon Willard presented the program titled, "What God Means to Me," to a circle meeting at First Methodist Church.

Charles Oil Co.'s entry in Friona-Bovina Pony League dropped a close extra-inning tilt to Herring Implement of Friona here Saturday night.

The game went nine innings instead of the regulation seven until Herring was able to push across a pair of runs to break a 9-9 deadlock and win 11-9.

It's all over but the shouting in Bovina's Little League. Oklahoma Lane Eagles are the champions even though they have one remaining game to play -- they have a cinch on first.

Bovina Good Neighbor Home Demonstration Club met in the home of Mrs. T. J. Hopingardner recently.

Mrs. Glen Hromas hosted Town and Country Junior Woman's Club recently in her home.

Eighteen local Baptist girls attended GA Camp at Floydada last week.

## On The Farm In Parmer County

By R. MACK HEALD County Agent

### WATER MANAGEMENT KEY TO TOP GRAIN CROP

"A big challenge during the peak summer irrigation period is to manage available water to obtain maximum profit," says Leon New, area irrigation specialist with the Texas Agricultural Extension Service. "Decisions that put available irrigation water where it will count the most are not always evident when the pressure is on to get water to spanning acres of thirsty crops."

New cites a study conducted in 1969 in discussing summer irrigation procedures. Jimmy Mabry, who farms in the Hub Community in Parmer County, and Ronny McNutt, former county agricultural agent for the county, investigated the effectiveness of three irrigation management procedures on grain sorghum. In the study, a full season hybrid grown on Olton loam soil was irrigated three, four and five times. Each of the five irrigations were in alternate furrows.

"The pleasant surprise in the test was that the highest yield of 8,460 pounds per acre was harvested where five alternate furrow applications were made," explains New. "Of particular interest was whether or not the rows farthest from the water furrow on the double-rowed sorghum would receive adequate water. Apparently they did."

Mabry irrigated in alternate furrows at 9 to 12-day intervals beginning 34 days after planting. Less water, about two inches, was applied during the single irrigation, making the need for additional water slightly more frequent than where every row was irrigated. The irrigating rate was one and one-half to one and two-thirds times faster using alternate furrow irrigation, thus making it possible to water more acres when the crop needed moisture the most.

With three well-timed irrigations, the full season hybrid produced 8,350 pounds per acre. These irrigations in each furrow were on 21 and 26-day intervals that also began 34 days following planting on May 29. These irrigations were less frequent than normal practice. However, they supplied additional moisture for crop during high water requirement growth stages and ideally supplemented early July and late August rainfall.

"This shows that timely irrigations can be combined with rainfall to get lots of mileage from irrigation water even during drier-than-normal summers," adds the specialist.

Four irrigations in the study, again in each furrow, produced 8,290 pounds of grain per acre. The first irrigation was applied 27 days following planting, six days earlier than on the other two plots. There were fewer days between applications than with three irrigations. However, the crop did not utilize both July rainfall and irrigation water in grain production as well as that receiving three irrigations, points out New. The 60-pound yield difference indicates a lack of yield response from the greater quantity of water.

"Yield differences are more clearly compared by the irrigation water use efficiency of the three application procedures," New contends. "With three irrigations, water use efficiency was 994 pounds per acre-inch; with five alternate row irrigations, it was 890 pounds and with four, 829 pounds. All of these are high but also point out differences that can be handy water management tools. Pounds of grain produced per inch of irrigation water gives a good evaluation of the effectiveness of irrigation procedures and is a value worth knowing."

A similar irrigation study is being conducted on Mabry's farm this year.

### D. Christian Hurt When Horse Falls

Donald Christian, Oklahoma Lane farmer, suffered a broken left ankle Wednesday of last week about 11 a.m. as a horse fell with him while working cattle.

In addition to the injured ankle, Christian received a broken leg and some broken toes on his left foot.

He was taken to Clovis Memorial Hospital for treatment following the accident and was confined there for several days.

**CORN IRRIGATION GUIDELINES AIDED**

The heat is on corn again this year, increasing irrigation demands to keep production potential up. The hot, dry weather combined with current peak water requirements for most corn makes the situation critical. Adequate soil moisture is vital now and will be for the next four to five weeks.

Adequate moisture is most essential during the silking and pollinating stage. Moderate to severe moisture stress at this time can limit the number of kernels set on the ears and could result in a 40 to 50 per cent yield reduction.

High soil moisture should also be maintained during the three to four weeks following pollination. Water requirements remain high during the blister, milk and soft dough stages of grain development. Grain weight increases rapidly during these periods and adequate moisture must be available for high production.

Water requirements decrease considerably by the time the crop reaches the hard dough stage. Drier soil near maturity will have very little effect on the final yield.

High quantities of water do not have to be applied to produce top corn yields. Applying smaller amounts when water requirements are highest have produced yields equal to those where large quantities of water were applied. Pumping costs are also less with smaller applications, thereby leaving a higher profit potential.

Alternate furrow applications can be used to apply small amounts of irrigation water on mixed soils. Irrigation may need to be more frequent (9 to 12 days from tassel through soft dough), but the irrigating rate is faster. This allows for timely irrigation on more acres.

On drier clay soils alternate furrow irrigation may be difficult to manage. So smaller amounts of irrigation water can be applied by increasing the number of furrows normally irrigated during a set.

Small cracks on house siding or stucco can allow moisture to seep into studs and joints and also attack the back of the siding, where the wood is unprotected by paint. To prevent troubles of this kind, inspect the walls at least twice a year, especially around windows, doors and trim. Fill small cracks with caulking compound.

There's a new way to prevent clogged gutters and downspouts, and the idea is the essence of simplicity. Get a plastic netting and simply cover the gutters with it. The netting, "Vexar" gutter guard, keeps leaves and trash out, yet lets water run through and down the drains.

Below-ground basement windows surrounded by window wells usually become splashed with mud and dirt in heavy rain storms. To avoid this dig out about three or four inches of soil and replace with an equivalent amount of clean gravel. This will minimize mud splashing up against the window and will also speed drainage during wet weather.

**Gunshot Injures Boy, 13**

Jack Foster, 13-year-old son of Mr. and Mrs. Wayne Foster of Oklahoma Lane, was seriously injured by gunshot Saturday afternoon.

The accident occurred when he found an old gun in a storage building he was helping clean. The bullet shattered the artery in the groin of one leg. He was rushed to Hl-Plains Baptist Hospital in Amarillo. Surgery was performed to remove material from his other leg to repair the damaged artery, according to reports.

## Cook's Corner

MRS. CHUCK STALLINGS

This week's occupant of Cook's Corner, Mrs. Chuck Stallings, although adept in many things, says her favorite hobby is "enjoying other people's collections."

Mrs. Stallings (Toots) has many projects that occupy her time, with several in the planning stage. Her favorite pastime is playing the organ and piano. "I can sit for hours at the organ and play my worries away. It is a very relaxing and soothing hobby," she says. She plans to resume her lessons in Portales when school starts. Toots drops the lessons in the summer because of the busy spraying season husband Chuck has.

Toots is a native of Muleshoe where she attended school and was graduated. She was working at the First National Bank in Portales when introduced to Chuck. They are the parents of two children, Vic, 16, a junior in Bovina High School, and Ted, 12, in the seventh grade at Bovina Schools.

The Stallings are members of Assembly of God Church in Muleshoe. She serves as Sunday School secretary. She is also the church organist and pianist and a soloist for the choir. Mrs. Stallings gave piano lessons for six years before moving to Bovina. She also made

most of the clothes for Vic and herself. She says she gave both activities up to spend more time with her family.

Hunting and fishing are also favorite activities of Mrs. Stallings, although she hasn't been able to do much of either since moving to Bovina. Chuck and Toots traveled to the Bahamas and Puerto Vallarta this past year and plan a trip to Venezuela in January.

Mrs. Stallings says she would like to take painting lessons in the future. She has taken a course in tile painting and enjoyed it. Another project planned for the future is learning to pilot a plane.

Toots served as president of Band Parents last year. She went to End with the band and "had a ball with the kids." Chuck is owner and operator of Chuck's Aerial Spraying Service. Toots works in the office and "does the running around" for the pilots and Chuck.

Some of her favorite recipes are the following:

**FLUFFY FRUIT SALAD**  
1 - No. 2 can fruit cocktail  
1 - No. 2 can crushed pineapple

1/2 c. mayonnaise  
1 c. whipped cream  
8 marshmallows  
1 c. nuts, chopped  
1 pkg. cream cheese

Drain fruit as much as possible. While it drains, mix mayonnaise and cream cheese. It's best to whip the cream cheese first. Add whipped cream, then other ingredients and let stand in refrigerator overnight or for several hours. This is a salad for the main course rather than dessert.

**SALLY LUND BREAD**  
1 c. milk  
1/4 c. butter  
1/2 c. sugar  
1 t. salt

Heat to lukewarm, add 1 pkg. yeast dissolved in 1/4 c. warm water.

Make hole in center of 3 cups flour.  
Add milk mixture and 3 eggs, beaten. Mix well. Let stand until foamy (approximately 45 minutes). Pour into angel food cake pan. Cover. Let rise until double. Bake 30 minutes at 375 degrees.

**MEXICAN MEAT LOAF**  
2 lb. ground beef  
2 cans taco sauce  
1 can chicken rice soup  
1 can cream of mushroom soup  
1 can chopped green chiles  
1 can tomato paste  
1 onion (chopped)  
1 garlic clove  
salt  
pepper  
1 doz. tortillas  
grated cheese (American)  
Brown beef and add all ingredients except tortillas and cheese. Bring to a boil. In large casserole, alternate tor-

### KEEP YOURSELF PURE

"Keep thyself pure," said the apostle Paul. In fact, so much is said about purity, that you can hardly read a book in the New Testament without reading about purity. This word sounds mighty strange to many modern ears, for we are living in an age of complete unconcern for chastity and purity. Nude films are the expected thing of the day; filthy literature litters the minds of our young people; obscene language on the written page, and in our public places, has no respect for women or children; college students live together without benefit of being married. All of these are under the cloak of "permissiveness" or the cloak of "freedom."

We pass laws that prohibit open sewers and cesspools, and even old junk cars, but are willing to put up with the above mentioned smut, filth and degradation. When we condone such filth by keeping silent what can we expect of the country as a whole.

WHAT WILL HAPPEN TO OUR COUNTRY? Of twenty-one notable civilizations, nineteen perished, not from conquest from without, but from decay from within. One great historian said, "no great nation has ever been overcome until it destroyed itself." Solomon said, "Righteousness exalteth a nation: But sin is a reproach to any people." Jesus said, "A house built on the sand will not stand," Neither will a civilization built on filth.

Not only will we lose the greatest civilization the world has ever known, but our souls as well. We cannot keep on sowing to the whirlwind and not reap the whirlwind.

Russell vs. Clements --

# Softball Loop-Deciding Tilt Set Friday Night

Clements' Clouters took over undisputed possession of first place in Bovina's Men's Slowpitch Softball League during the past week of play.

The Clements team had been in a virtual tie with Russell Rascals --- until the Rascals were upset in Friday night action by the Roarin' Lions, 16-14. That gave Russell's team two losses while the Clouters have lost only once through nine starts. (These results are based on action through Monday night.)

Still in the running for the league championship are the McCormick Mean Men, who have dropped only three games in nine outs.

During the past week of play, Clements was the only team in the eight-team league to win three games. They downed the Lions, 12-7; Koelzer, 12-1; and Shepherd's Soldiers, 12-0.

One of the most important games of the league is scheduled for Friday night. It will be between the top two teams, Russell and Clements, and will be the first of two games that evening. Starting time is 8. Winner of the tilt will have the edge for the league title. A win by Clements will just about sew up the championship for that team. If the Rascals win, they will be back in a tie for first place with the Clouters. Clements won the first game between the two teams, 12-2, in a game stopped at the end of five innings because of the 10-run rule.

The league, which has each team playing 14 games, is scheduled to be completed Thursday, August 6.

The following standings include games played through Monday night:

**SOFTBALL STANDINGS**

Team	W	L	Pct.
Clements	8	1	.888
Russell	8	2	.800
McCormick	6	3	.666
Lions	5	4	.555
Hammonds	4	6	.400
Koelzer	3	6	.333
Shepherd	2	7	.222
Alonzo	1	8	.111

**LAST WEEK'S RESULTS:**

Tuesday, July 21 -- Clements 12, Lions 7 and Hammonds 15, Koelzer 7;  
 Wednesday, July 22 -- McCormick 6, Lions 5 and Russell 10, Alonzo 0;  
 Thursday, July 23 -- Clements 12, Koelzer 1 and Hammonds 13, Shepherd 3;  
 Friday, July 24 -- Lions 16,

Russell 14 and Hammonds 29, Alonzo 5;  
 Saturday, July 25 -- Clements 12, Shepherd 0 and Koelzer 7, McCormick 3;  
 Monday, July 27 -- Lions 10, Koelzer 6 and Russell 11, Hammonds 3.

**THIS WEEK'S SCHEDULE:**

Wednesday, July 29 -- Clements vs. Hammonds and Russell vs. Koelzer;

Thursday, July 30 -- McCormick vs. Alonzo and Shepherd vs. Lions;  
 Friday, July 31 -- Russell vs. Clements and Shepherd vs. Koelzer;

Saturday, August 1 -- Alonzo vs. Lions and McCormick vs. Hammonds;  
 Monday, August 3 -- Russell vs. Shepherd and McCormick vs. Clements.

**Lose To Tucumcari --**

## County SD All-Stars Play In Tournament

Parmer County's senior division baseball all-stars, the Tri-City Twins, were defeated in their first game in the district tournament Tuesday of last week in Raton, N.M. The Parmer Countians lost the game to Tucumcari, 15-0.

Tucumcari also won over Raton to take the tourney championship.

The Parmer team was managed by Tommy Scaff of Bovina. During the regular season, he led the Sherley Grain Co. team to the league championship in the county.

Playing on the all-star team were Kevin Hargrove, Freddie Dale, Carl Kirkland and Kent Armstrong of Texico-Farwell; Ronald Steele, Billy Shelby, An-

tonio Serna, Ronnie Stone and Kim Rundell of Bovina; and Ed Waggoner, Don Waggoner, Clay Bandy, James Sims and Kevin Wiseman of Friona.

Alternates for the team were Alan Hille and Curtis Lindley of Texico-Farwell; Mike Martin, Friona; and Jeff McCormick, Bovina.

The senior division all-star players were chosen from the six teams in the Parmer County season during the just-completed season, Sherley and Charles Oil Co. of Bovina, Benger Air Park and HI-Plains Feed Yard, Friona; and Security State Bank and Helton Oil Co., Texico-Farwell.

**In Albuquerque --**

## Coaching Staff Attends School

Members of Bovina Schools coaching staff will attend the New Mexico state coaching school at the University of New Mexico at Albuquerque August 4-8.

Attending the school with Gib Hough, athletic director of Bovina Schools, will be Roger Ezell, Dalton Morris and Jack Criswell.

Hough, in his second year at Bovina, will serve as head football and track coach. Morrison will be girls' and boys' varsity basketball coach and assistant football coach. Coaching the "B" football team and junior high football team will be Jack

Criswell, Roger Ezell will be an assistant football coach. Remainder of coaching duties have not been assigned as yet, according to a member of the coaching staff.

Morrison and Criswell will be beginning their first year in Bovina, replacing Bill Nicholas and Truck Lusk.

**SAFETY TIP**

Instead of risking your neck twice a year cleaning leaves out of the gutters, go to a hardware store and get a plastic netting, called "Vexar" gutter guard. It fits across the top of the gutter so water can get in but leaves cannot.

**LITTLE LEAGUE ALL-STARS --** Bovina's all-star team won one and lost one in a recent tournament at Cannon AFB in Clovis. Team members were: back row, left to right, Raul Banda, Dennis Willard, Clint Cox, Elbert Shelby, Earl Quintana, Buzzy Mast and Dana Harris; bottom row, left to right, Tommy Serna, Rocky Bartlett, George Isaac, Duane Mitchell, Butch McCain, Gerald Shelby and Robert Olevra. Coaching the team in the tournament were Jack Green and Wesley Harris.

## LL All-Stars Eliminated In Tourney

Bovina Little League All-Stars won one and lost one in Area I Little League competition at Cannon Air Force Base last week.

The all-stars met Texico-Farwell All-Stars Wednesday afternoon. Raul Banda and Earl Quintana combined pitching talents to hold the Texico-Farwell team to one run, while Bovina's all-stars pushed across two runs. Elbert Shelby connected with an over-the-fence home run with one runner on base to account for the all-stars' scores.

Thursday afternoon the Bovina team met Clovis National and was eliminated from the tournament. They were defeated 11-2 by the Clovis team.

## Four Attend District 4-H Horse Show

Four Parmer County 4-H members attended the District I 4-H Horse Show in Amarillo on July 24. The youngsters were Penny Norton, daughter of Mr. and Mrs. Walter Hughes, Johanna and Garvin Thorn, daughter and son of Mr. and Mrs. Bill Thorn and Laura Doshier, daughter of Mr. and Mrs. Frank Doshier, Jr.

Garvin participated in the western pleasure and reining divisions. His registered mare placed sixth out of approximately 30 horses in the aged mare class. Johanna and Penny were both in western pleasure, with Johanna also running the barrels. Her gelding placed fifth in the grade gelding 14-3 and under class.

Highlight of the day was when Laura Doshier won the pole bending contest, out of 70 horses in the timed event. Laura won first with a time of 22.38 seconds. This automatically won her the right to attend the state show. But, not being satisfied with taking it easy, Laura came back in the barrel racing division and won fifth out of 75 entries with a time of 17.41 seconds, thus adding more points to her total score. She will show in the State 4-H Horse Show, which will be held in Amarillo August 6-8.

Parmer County 4-H'ers have completed another year by turning in their 4-H records. These 50 members who took the time to complete their projects will be honored at the annual Achievement Banquet. This banquet which will be October 10 will be the highlight event of National 4-H Week.

Many of you right now are planning for your summer vacations. I came across some information about vacations from Dr. Barbara A. Gunn, with the California Extension Service. She gives "Seven Good Reasons Why You Should Take a Vacation."

1. To live longer and in better health.
2. To take time to enjoy (right now.)
3. To provide a change of pace.
4. To do a better job upon return.
5. To give others a chance.
6. To maintain closeness among family members, particularly husband and wife.
7. To prepare for leisure time to come.

The USDA has given a plentiful foods list for August. Watermelons, Fresh Plums, Fresh summer vegetables, Wheat Products, Peanuts and Peanut Products.

Spectacular skewer cookery is fun for guests, so reduce your own cooking job and let each person construct and grill his own kabob.

Kabobs require the use of meat and vegetables which will cook in about the same time. This may mean that some veg-

etables, such as potatoes and onions, will have to be partially cooked before being placed over the grill in order to have everything cooked to the right degree of doneness at the same time.

Before broiling, season with salt and pepper and brush with barbecue sauce or melted butter and lemon juice. "Chunks of meat will cook faster and more evenly if they are not crowded on the skewer."

Here are some kabob combinations:

1. Franks, canned pineapple or apple chunks and bacon squares.
2. Luncheon meat, pineapple and banana chunks.
3. Ground lamb shoulder, tomatoes, green pepper and onion.
4. Beef Steak, mushrooms and sliced onions.
5. Luncheon meat, quartered tomatoes, small cooked onions.
6. Chicken livers, small bacon squares and mushrooms.
