"When my boy was about three onths old his head broke out with a rash which was very itchy and ran a watery fluid. We tried everything we could but he got worse all the time, till it spread to his arms, legs and then to his entire body. He got so bad that he came near dying. The rash would itch so that he would cratch till the blood ran, and a thin ellowish stuff would be all over his fllow in the morning. I had to put littens on his hands to prevent him earing his skin. He was so weak nd run down that he took fainting pells as if he were dying. He was most a skeleton and his little hands

The Work of Destruction Carried On With Zeal of Fanatics. Loyalty Everywhere Uncertain.

Hong Kong, May 1 .- Rere and there all over the kingdom there are outbreaks-the symptoms of a deep under current of interest. All advices reaching here from Canton indicate a desperate condition of affairs in that ity. There are 30,000 soldiers within he walls and there is great fear many of these will prove disloyal if it appears the rebels are about to gain the upper hand

The rebels are strong in numbers and have carried on their work of destruction with fanatical bravery. They made an attack upon the provincial arsenal, but were repulsed by troops under loyal officers. Many of the revolutionists were killed, while some of them fied to an unoccupied rice store and built a barricade with hundreds of bags of rice. The troops found great difficulty in assaulting the barricade, owing to bombs which the rebels

threw with great accuracy. Wu Sum, a Chinese who was educated in Japan and wears European clothes, Is the leader of the movement. Both he and his confederates came to Canton from Singapore. While the authorities have not been able to capture these men, a number of suspects have been arrested and promptly decapitated. It is feared, however, that some of these were innocent.

One Man Known to Have Been Killed By Falling Walls-Martial Law.

Bangor, Me., May 1.-Property valaed at upward of \$6,000 stroyed, hundreds of people made homeless and almost the entire business section of the city devasted during a conflagration last night.

One life is known to have been lost, an unidentified man, who was killed by a falling wall.

The first started in a hay shed. At midnight when it was announced that | this paper. BOND'S PHARMACY CO., the fire was finally under control, a large portion of the business section had been destroyed and great inroads had been made in the residence part

of the city. Half an hour after the fire alarm had been sounded nearly a dozen buildings were in flames. In the path of the flames were banks, office buildings, the public library and other structures, all of which were reduced to ashes.

In an section of the city people were moving out their belongings and hurrying to places of safety. Many adready were homeless, and with churches and public building in ruins there were few places where they could be | him?

Telephone and telegraph operators stuck to their posts and sent out information and calls for help until they had not a moment to spare to make their escape. The Associated Press operator, in the Postal Telegraph of fice, sat at his key, sending and receiving messages, while the fire raged

hardly fifty feet away from him. About midnight a light rain began to fall, and this, combined with a shift in the wind to the east, enabled the firemen to check the progress of the fire, although it still burned fiercely in many places. The burned area follows the Kendusfleag stream for nearly two miles north of the starting point and spreads to a width varying from one-eighth to a quarter of a mile.

The Texas State Fair has added seven and a haif acres to the grounds by purchase at a net sum of \$11,164.

# About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or properly care for her-self. Of course near-ly every woman now-

treatment at the time of child-birth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Follow. ing right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need by no hazard to health

conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but

they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

# A WORM THAT'S

Entirely.

If you have been afflicted with ringworm and let it get the start of you, then you'll know how hard it is to Dr. Manten M. Carrick declares that | kill the parasite that spreads the disease. This treatment is infallible. Wash the crusts with warm water and Resinol soap. Then apply Resinol ointment thoroughly over the entire diseased surface. The beneficial re-sults will be quickly manifest. The crusts will scale off, the disease cease to spread and in a short time disappear entirely. Resinol ointment cures all eruptive skin diseases, eczema, herpes, psoriasis, barber's itch, erysipelas, erythema, acne, etc. It quickly allays irritation and inflammation, and instantly stops itching on any surface of the body. It is the one remedy for itching piles. Resinol ointment contains no irritating ingredient, nothing to harm the baby's tender skin. It is sold in opal jars at fifty cents and one dollar. At all druggists. Resinol Chemical Co., Baltimore, Md.

Statistics showing how serious

problem tuberculosis is to the ordinary church congregation have been issued by the National Association for the Study and Prevention of Tuberculosis. From reports received from over 725 churches, with a membership of over 312,000 communicants of twenty denominations, and from 208 cities and towns in 12 states in various parts of the country, out of nearly 7,000 deaths in 1910, over 700 or 10 per cent, were caused by tuberculosis. This means 2.24 deaths for every thousand members or communicants. While the percentage of deaths from tuberculosis compared with other diseases is not higher in the churches, according to these figures, than in the country at large, the tuberculosis death rate, as known by the church returns, is higher per thousand communicants than that for the general population in the registration area of the United States, which the census bureau gave as 1.67 in

### LEWIS' "SINGLE BINDER."

A hand-made cigar fresh from the table, wrapped in foil, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobaccos used are so rich in quality that many who formerly smoked 10c cigars now smoke Lewis' Single Binder Straight 5c. Lewis' Single Binder costs the dealer some more than other 5c cigars, but the higher price enables this factory to use extra quality tobacco. There are many imitations; don't be fooled. There is no substitute! Tell the dealer you want a Lewis "Single Binder."

HARD TO KILL Capt. Butt Was Merely Giving to His Friend a Few Philosophical Reflections.

> Capt. Archibald W. Butt, the presient's military aide, was called out of ed at nine o'clock one morning to answer a telephone call.

> "Archie," said his friend on the ther end of the wire, "I called you up to tell you that I shall not be able keep the appointment I made with you for eleven o'clock today."

"I'm sorry," said Butt, his tone a trifle chilly. "Yes; it's too bad," agreed the other.

There ensued an ominous pause. "You know," remarked Butt sententiously, "telephoning seems to be a habit, a bad habit, in Washington. People are beginning to issue their invitations by telephone. They 'phone on the slightest provocation. don't seem to know when not to telephone. They even get you out of bed to talk to you on the telephone." "I'm afraid I annoyed you, and you're bawling me out," said the

"Oh, no!" contradicted Butt in louder tone. "My remarks are merely a few philosophical reflections induced by the early hour of the morning."-The Sunday Magazine.

### **New Farming Opportunity** SPUR FARM LANDS ARE FERTILE FARM LANDS

We are cutting up the great Spur Ranch into farms and are selling direct as owners (no selling commission loads the price) in quarter sections and upwards to actual homeseekers only—no speculative pur-chasers desired. The developing farmer adds to the value of the lands while the speculator takes profit without contributing to it. Nowhere in the farming world is there an equal opportunity to secure a fine farming home in a wonderful new country at low prices and easy terms-\$12.00 to \$18.00 per acre, one-fifth down. No boll weevil; no hog cholera; fine, invigorating, healthy climate. The man who now rents or wants to farm more acres has here the chance of a lifetime.
