"In The Agricultural Center Of Parmer County" SATURDAY, SEPTEMBER 7, 1991

FOR THOSE OF US from the "Sputnik generation," who grew up when the Cold War was really heating up, the events of the past couple of weeks have been nothing short of mind-boggling.

We seriously doubt that any American who recalls such events as the Bay of Pigs incident, in which our country was just a hairbreadth away from war with the Soviet Union, could believe that they would ever see the day when that same Soviet Union would outlaw the Communist party from operating within its borders.

The events in the U.S.S.R. in the last several days must be a followup to the fall of the Berlin Wall and the subsequent re-unification movement in Germany.

With such major movements underway across the world globe, those of us living in the final decade of the 20th century are literally being able to witness history in the making.

Today's Soviet Union is truly a powder-keg, since the big failure of communism has left the nation and its inhabitants in an impoverished state.

The trouble with any kind of new movement in the U.S.S.R. is that the people want and need immediate change. But the deep mire that communism has sunk the Russian people into has taken almost 50 years, and no "quick fix" is going to cure that nation's ills.

Another mind-boggling situation, as you see the news reports from some of the outlying areas in Russia, away from the heads of state, is the fact that that nation appears to be virtually 100 years behind the United States.

And besides being so backward from an industrial and cultural standpoint, it would appear that the Soviet Union is bogged in a perpetual depression.

We think our local economy is a bit on the "soft" side! When was the last time you had to stand in line eight hours attempting to buy the necessities of life, as the Russians do in their "super markets"? (And in many cases, after waiting all that time, only find out that the meager supply has run out before you got to the front of the line.)

When you see the pictures of the private farms), it's easy to see why Russians as a people are a hungry

Generations of government control have wrecked the economy along with the farms, and Russia's farming industry simply is not able to provide enough food for its population.

This situation will take years to be solved. It cannot possibly happen overnight.

If our country's farmers have a surplus of commodities, it might turn out to be a good time to have goods to sell to the Russians. But as someone asked me this past week: "Who do you sell to?" referring to the unstable government situation.

Another of the "never thought you'd see it" situations in regard to the Soviet upheavel is the fall of the KGB. For years the most powerful police force on the face of the earth, the KGB has seen its power unplugged.

Remember when then-Russian premier Nikita Khrushchev told Americans "We will bury you!"? That was a pretty sober statement, and one that worried Americans, not so much as to the USSR's ability to fulfill the threat so much as the fact that Nikita's hair-trigger temper might plunge the United States into World War III, which everyone expected would be a nuclear holo-

Thank goodness Khrushchev didn't get the two nations into a war, although he tried his best.

The best part about the possible end of the Cold War is the fact that the current changes are coming about due to the will of the Russian people. Hundreds of thousands of young people from opposite sides of the globe have not had to die to accomplish this change--it's just an event whose time has come.

Mustangs Host Whiteface Fri.

Bovina High School's Mustangs will host the tough Whiteface Antelopes in the 1991 season-opening football game Friday. Kickoff time is 8 p.m. at Mustang Stadium.

"I think the kids are ready to play a real game. We're in good shape physically, and mentally we should be ready to play," said BHS Coach Rock Stanley this week.

In Whiteface, the Mustangs are drawing a tough opponent that was co-champion in their district last year. The Antelopes had a 6-5 season record in 1990, being 4-2 in district play. They lost to Fort Davis in bi-district play, 20-13.

In the meeting between the two teams at Whiteface last September, the Antelopes scored a 22-0 win. However, this was Bovina's first outing back in the 11-man ranks after a pair of seasons competing in six-man football.

Whiteface will be paced by senior quarterback Jasyn Mamantov, a 5-6, 155-pound signal-caller who passed for 762 yards and six touchdowns, and rushed for 760 more yards and ten touchdowns as a junior.

"He runs the 40 in 4.5 seconds. We'll have to contain him in order to win," Stanley said.

Only one other of Whiteface's 11 returning starters are seniors, so they have basically a young team, although they are not short on experience.

Mamantov plays strong safety on defense. The Antelopes tied Plains for the 6-1A district title a year

Stanley said he was pleased overall with his team's scrimmage against Tahoka at Littlefield. Bovina did a good job of shutting the Bulldogs down.

The Mustangs allowed Tahoka only three first downs--only one legitimate (Stanley)--in turning in an overall good defensive performance.

Stanley said he thought the team ran the ball well, but still needed to sharpen their passing attack somewhat.

The team's scores in the scrimmage were by Izzy Marrufo on a short run, and Hector Guevara, on an 18-yard pass from Corey Kirkpatrick.

Stanley said he was anxious to get to try out his kicking game, since kickers don't get a chance to perform in scrimmages. Bovina is expected to have an exceptional kicking game. Kirkpatrick averaged very small collective farms (or even 36 yards per kick on 57 punts as a punter in 1990.

PTA Hosting Teacher Night

Bovina Schools and PTA are inviting the public to come meet the Bovina ISD teachers for 1991-92 on Tuesday, September 10 at 7:30 p.m. at the School Auditorium. Dr. Michael Jansen, school superintendent, will introduce all of the teachers.

Parents may visit with their children's teachers in their rooms. The teachers from Ridgelea School will meet the parents in the cafeteria.

"We want to issue a special invitation for everyone to join us Tuesday, September 10 at 7:30 p.m." said a spokesman for the PTA.

These new additions followed an extensive half million dollar electrical renovation that was completed this year. Over 40 miles of original wiring was replaced with stateof-the-art copper wiring and conduits. The sound and light booth also received a face-lift to enclose much of the equipment.

All changes continue to reflect the vision and images projected by Pulitzer Prize winning author, Paul Green, who "saw" before his time.

The script never changes. It's the story of the settling of the Texas Panhandle. It reflects a time when the cowboys and the farmers fought for the land. It adds romance and rugged weather. And, it concludes with the arrival of the railroad and the birth of a new town.

Although the lines remain the same, the special effects and talent of the actors, singers and dancers improve yearly. Much of the sound and light that Green had envisioned in the 1960s is only now technically possible.

The storm scene with its dramatic 600 foot lightning bolt that strikes a tree, and thunder that shakes the seats, were Green's dream. Green, who attended the first sound and light show in France during the time he wrote "TEXAS," saw the 'grand finale" as a huge celebration, and expressed ideas for the final scene that remained mechanically impossible until the 1990s.

Gala celebrations also marked 1991. Opening night on June 12 was dedicated to Coronado's discovery of the area 450 years ago. "Mariachi Estrella" and "Folkloric Amarillo" entertained on the patio prior to the performance during a reception to honor the members of the non-profit producer of "TEXAS," the Texas Panhandle Heritage Foundation.

THAT RASH PROMISE COST JOHN THE BAPTIST HIS HEAD WHICH SALOME DEMANDED-AND GOT-ON A PLATTER! BUT.

NO ONE KNOWS IF HER NAME WAS SALOME-IN FACT, SHE HAD NO NAME AT ALL! IN THE TWICE-TOLD TALE (MATT. 14:6FF, MARK 6:22FF) SHE IS NEVER CALLED ANY-THING EXCEPT "THE GIRL" OR "THE DAUGHTER OF HERODIAS". THE NAME SALOME APPEARS BUT TWICE IN THE BIBLE (MARK 15:40, 16:1) AND DESCRIBES ONE OF THE WOMEN WHO, ALONG WITH MARY MAGDALENE AND MARY MOTHER OF JESUS, WEPT AT THE CRUCIFIXION—HARDLY THE KIND OF WOMAN WHO WOULD DO A SALACIOUS DANCE BEFORE HER STEP-FATHER!

By Carol DeLeon I'm going to start out by telling about a different kind of activity we had last week. Ten residents sure enjoyed last Friday, August 30. We loaded coolers, bags, boxes and residents up around noon and headed to the roadside park for a picnic. Everything went real well, with the exception of the wind be-

Wednesday of this week we had a hamburger cookout for staff and residents. Everyone seemed to really enjoy it. Dawn Widner, Assistant Activity, was in charge of this and did a real fine job.

This week's Thank Yous go to: Amy Reza for donating several puzzles and for sharing her time visiting and helping out around Prairie Acres; Buthill Loafman for the peaches, they were delicious; Anna Mae Thomas for playing the piano during lunch, the residents and staff always enjoy this; Patsy Talley for the green beans, they not only gave us an activity (snapping beans) but also made the noon meal very tasty; and to Bovina Methodist ladies for doing hair care and also for the watermelon.

We want to be sure and invite everyone to our Open House this Sunday, September 8 from 2 p.m. to 4 p.m. We are proud of the facility and would like to share it with everyone. The Chamber of Commerce and the Women's Division are sponsoring this as a part of kicking off the Maize Days Celebration. We hope to have a good
