

BY BILL ELLIS

APOLOGIES TO COACH Joe Christian and the Mustangs while we take a few lines to extoll the Dallas Cowboys.

With the retirement of a "whole slew" of super-players, and a resulting roster containing the most rookies in their division, we were getting set for a re-building year at Dallas.

However, the Cowboys' first two regular season games have left their fans breathless. This last one, the sudden death win over the Cardinals, left most of us worn out. All true Cowboy fans play the game along with the team. If it's a hard game, then we're exhausted when it's over.

Sunday's game had to be one of the most exciting Cowboy games we've ever seen, and you have to remember that Dallas has played some great games down through the years.

The first two weeks of the season has seen this group of youth-oriented and their fired-up team spirit outlast two teams with more experience and technically, perhaps, more skill.

Both the Rams and Cardinals are defending champions of their respective divisions. It was feared that Dallas, with their youth movement, might be 0-2 after their first two games, or maybe 1-1 at best. But 2-0? Fantastic.

It's a long year, and for all we know, the Cowboys may yet come down to earth and have the break-even season they were expected to have. But on the other hand, with this type of start, we wouldn't be a bit surprised to see the Cowboys fighting for a spot in the playoffs, like they have done for the past nine years.

ON THE SUBJECT of football, we don't know if you've ever thought, but watch the next time a guy scores a big touchdown. He's mobbed by his teammates.

No kidding, we have seen the time when the poor guy has all the other 10 members of this team on top of him. At an average weight of 250, that could be 2750 pounds of teammates. A guy could get hurt like that.

It's a bit more this way in college games than the pros. Watch for it the next college game you see.

I can hear it some day. "Say, Bubba--how's you get your broken leg? Did it happen against Texas?" And the replay--"Naw, it happened after I scored the winning TD against Tech--my own guys did it."

WE READ AN article the other day where the writer was proposing the idea that perhaps the nation's oil industry might have to be federalized. The author was hinting that the big oil companies have gotten out of hand, and perhaps Uncle Sam ought to take over.

We would oppose that idea, even if we knew that the major oil companies were all making three times the profit that they ever hoped to make.

And our reason would be that we have yet to see any program which the government has taken over that has not fallen flat on its face, or been a lot worse off than it ever was before government intervention.

A good case in point is the cattle industry, where the government merely imposed a "price freeze." The result has been a near death blow to a proud industry, that will take years to recover to the stage it formerly occupied.

And in the meantime, prices were not appreciably helped. Oh, they were for awhile. But after thousands of feeders were driven out of business, and cattle became short, the price of beef naturally went up.

Nothing can regulate the price of a commodity better than supply and demand. And not until everyone--including our Uncle Sam--understands this, will the economy of our nation actually be helped.

AT LONG LAST!....The Jake Die Construction Company was this week putting the final touches on the base for the new track for Bovina Schools. The oval track, begun several years ago, has been completely redone with a six-inch caliche base topped with one and one-half inches of asphalt.

AT BOVINA SCHOOLS

Stadium Improved: Track Work Progresses

Bovina football fans will see a new look at Mustang Field Friday, Oct. 10, when the Ponies play at home for the first time in four weeks.

Included in the renovations are new goal posts and new fiberglass-type covers on the home stands.

Bovina Pump Company, managed by Kenneth Cary, constructed the goal posts for the school at no cost, according to Joe Christian, head

football coach and athletic director at Bovina High School. Christian pointed out that the new "seat covers" on the stands should "save the fan's clothing from a lot of snags and splinters."

Also refinished before football season began was the press box and photographer's stand at Mustang Field. The box has been re-painted (Continued on Page 6)

NEXT WEEK

Homecoming Set For Bovina Exes

Preliminary plans for activities during Bovina High School's homecoming, set Friday, Oct. 10, were announced this week by Kim Ware, Student Council representative.

Highlight of the activities will be the Bovina Mustangs clash with the O'Donnell Eagles at 8 p.m. Friday at Mustang Field.

Other activities planned include an assembly at 1 p.m. Friday with a speaker scheduled. The graduating class of 1955 will be honored and all ex-students are invited to attend. Football Queen and Pep Club King candidates will be presented at the assembly. A pep rally will follow the assembly.

Coronation of the new king and queen will be held at halftime of the football game Friday night.

Friday has also been designated as Maroon and White day with everyone in Bovina urged to wear the school colors that day.

A bonfire will be held at 9 p.m. Wednesday night of next week at the caliche pits. The Senior Class will be in charge of wood for the fire. Anyone with wood to donate may contact any member of the class and arrangements will be made to pick up the wood.

Prowler Situation 'Serious'

A large number of prowlers and "minor" burglaries have been reported in Bovina the past several weeks, according to City Marshal Mike Reilly. The marshal said that in at least one instance, residents have entered their home while prowlers were inside.

"Please, people, lock your doors and windows when you leave home," said Reilly in pointing out that it could be dangerous to surprise burglars in the house. He noted that in a number of cases only one item was missing from the homes where the burglaries have occurred.

One home, that of Gene Snodgrass on Boyce Street, was recently robbed and vandalized with about \$2,000 in damages inflicted to the interior. A coin collection and some jewelry was taken and a juvenile has been charged with the offense.

Reilly also noted that he had issued some 29 citations in the past two weeks to operators of gravel trucks working in this vicinity.

TEAM RIBBON TYING....Shawn Cupit wrestles with the calf as his sister, Randee, attempts to tie the ribbon to the calf's tail in the 10-12 age division of the event at the Little Buckaroo Rodeo. The Cupits, children of Mr. and Mrs. Bill Cupit, placed sixth in the event. Over 100 contestants entered the Second Annual Little Buckaroo Rodeo.

FOURTH WEEK

Hattie Burnett Wins First In FB Contest

Some 15 contestants emerged from the fourth week of the-Bovina Businesses Cotton Bowl Football Contest with 12 correct predictions out of 14 games on the slate with the tiebreaker predictions again determining the winners.

Hattie Burnett emerged as the first place winner last week. Mrs. Burnett missed the tie game between Baylor and Michigan, as did all 180 contestants, and the Buffalo win over favored Pittsburg. Mrs. Burnett predicted a 28-0 Tulsa victory over Friona, nine points off the actual 37-0 score.

Taking second place was Johnny Curtis of Farwell. In addition to the tie game, Curtis missed the Petersburg win over Hart and predicted a 35-14 Tulsa win, 16 points off the actual score. A.M. Wilson copped third place. Wilson missed the tie game and the Buffalo win and predicted a 26-7 Tulsa win, 18 points off the score.

Other contestants with 12 correct predictions, in the order they finished by tiebreaker predictions, were H.W. Roberts, Joel Nelson, Emmett Tabor, Carol Ware, Paula Whitecotton, George Villarreal, Mike Nabers, Kent Stanberry, Tom Ware, Jeanne Kerby, Lou Ann Hromas and Tommy DeLeon.

Of the remaining contestants, 27 had 11 correct predictions, 35 had 10 right, 41 had nine, 34 had eight, 19 had seven, five had six, two had five, one had three correct predictions and one unsigned entry was turned in.

Contestants with 11 correct predictions were Don Bandy, Jay Be Barrett, Hal Blackburn, Joe

Blatchford, Reba Bonds, Bruce Caldwell, Wilson DiCuffa, Kenny Estes, Genevieve Ezell, Susan Garner, Widdy Gromowsky, Dana Harris, Furne Harris, Kyle Harris, Jeff Hromas, Jimmy Lambert, Monty Malcom, Andy Martinez, Bill Moore, Jim Noyes, Zane Reeves, Don Stone, Betty Whitecotton, Billy Whitecotton, B.J. Whitecotton, Mary Jane Wilson and T.C. Wiseman.

Games most often missed on last week's slate of games included the Petersburg win over Hart, Littlefield's win over Muleshoe, SMU's win over Houston and Buffalo's win over Pittsburg.

Villarreal's 12 correct predictions moved him into first place with 43 total points, one ahead of A.M. and Mary Jane Wilson with 42 each.

Contest standings at the end of the fourth week are as follows:

- George Villarreal. 43
- A.M. Wilson, Mary Jane Wilson. 42
- Tommy DeLeon, Jeanne Kerby. 41
- Hattie Burnett, Linda Marcom, Emmett Tabor. 40
- Richey Brantley, John Caldwell, Wilson DiCuffa, Kyle Harris, Johnny Miller, Edna Minyen, Carleton Newell, H.W. Roberts, Billy Smith, Mike Spears, Paula Whitecotton. 38
- Reba Bonds, Tom Bonds, Ken Horn, Mike Nabers, Jim Noyes, Kent Stanberry, Don Stone, Dorothy Stone, Maria Telles, Tom Ware. 37
- Don Bandy, Ron Cain, Wesley Cockerham, Kenny Estes, Gene Ezell, Mike Grissom, Dana Harris, Johnnie Horn, Paul Jones, Twyla Lusk, Monty Malcom, Andy Martinez, Joel Nelson, Alan Rhodes, Jay Sherrill, Glenden Sudderth, Kim Ware, Betty Whitecotton, Billy Whitecotton, J.W. Wright. 36
- Bob Burnett, Kathy Cain, Darlene Caldwell, Janice Carpenter, Carla Harris, Wesley Harris, Dorothy Harris, Ron Smiley, Mrs. Frank Smith, Sevro Telles, Dennis Willard. 35
- Steve Cockerham, Pat DiCuffa, Susan Garner, Furne Harris, Jay Harris, Andy Hurst, Ola Lee Jones, Howard Marcom, Bill Moore, Pam McCormick, Dean Stanberry, Nick Telles, Leon Ware, Sandy Ware, B.J. Whitecotton. 35

WINS FIRST....Mrs. Hattie Burnett picked up \$7.50 in prize money last week with 12 correct predictions out of 14 games in the fourth week of the Bovina Businesses Cotton Bowl Football Contest. Mrs. Burnett

topped 14 other contestants with 12 correct entries by being only nine points off on the tiebreaker score. Taking second and \$5 was Johnny Curtis of Farwell. A.M. Wilson won third place and \$3.

\$1,236 PAYMENT

City Gets Check

Comptroller Bob Bullock sent checks totaling \$34.4 million this week to Texas towns and cities for their monthly city sales tax payments.

The City of Bovina received a check for \$1,236.78, according to Bullock's records. The City of Friona received a check for \$6,063.68. Farwell recently voted to

adopt the city sales tax and will be receiving a check from Bullock's office within two months after the tax goes into effect.

"We have now refined our system such that not a penny of city sales tax money can stay in this office longer than 45 days before being sent back to the city," Bullock said.

RODEO CLOWNS....Joe Blatchford, left, and Larry Mitchell, with plenty of assistance from L.J. Jameson,

right, kept the crowd of youngsters and adults alike entertained at the recent Little Buckaroo Rodeo.

"GOT HIM, I THINK!"...Daryl Hawkins struggles to get the greased pig across the line while surrounded by a host of youngsters waiting to pounce on the pig if it

escapes Daryl's uncertain hold. The action was at the recent Little Buckaroo Rodeo. Daryl is the son of Mr. and Mrs. Erith Hawkins.

In a shell

Guess there are just some weeks when we can't win for losing and the last couple of weeks have fallen into that category.

We had a "first" last week when an entire page from the previous issue of The Blade appeared again. We've been accused of thinking so much of our own writing that we just had to run our column again. Never, never!

Our apologies to the CowBelles for that. Think that was the only item on the page that didn't get printed we really needed in the paper. The other item was about the rain and surely everyone knew we got a two-inch rain which was much appreciated, but it did slow down corn harvest, etc., etc.

++++

And our apologies to Rose McCain and the rest of the Study Club members. Like to think the Blade has fewer "typos" than most papers, but one gets by every now and then and we had a "doozy" in the Study Club story.

We didn't intend for the poem to read "As we start a new year untouched and unmarried, unblemished and flawless, unscratched and unscarred, etc..." It should have read: "As we start a new year untouched and unmarried..."

That's not much worse than the Hereford Brand's school menu recently which read "southern fried children with cream gravy."

As Erma Bombeck might say, plenty of mothers have felt like frying their children and pouring cream gravy over them. Quite often.

++++

Think the new look of the annual BCBF Football Contest is great. The additional four games in the contest is making for a much more interesting race to the Cotton Bowl and of course, this year contestants can look forward to a Sun Bowl trip, too.

With just those additional four games, with all the possible combinations of upsets and tie games, it appears the lead may change hands almost every week.

Of course, a number of contestants including Emmett Tabor, Johnnie Horn, Linda Marcom, Billy Smith, George Villarreal, Mary Jane and

A.M. Wilson, Tommy DeLeon, Jeanne Kerby and Hattie Burnett have been at or near the top of the standings since week one of the contest.

And, if one can remember back over the past several years the names of Tabor, Horn, Wilson, Kerby and Burnett are almost always in the top contenders.

We didn't hear about it until the first of the week, but one contestant is really serious about this year's contest. Seems Johnnie Horn suffered a heart attack Tuesday of last week and rather than ask someone to fill out his contest entry, he made his own selections while under rather heavy sedation. We noticed that his percentage really fell off last week, but we didn't know the circumstances until after we had graded the entries. Now that's real dedication.

++++

Can't decide this year whether to love or hate the Dallas Cowboys. Had already decided in our office pool football contest to just flip a coin on the Cowboy games because no matter which way we pick, the game will go the other way. You might know we flipped the coin, the Cowboys lost the toss and then turned around and beat the Cardinals.

Have you ever noticed how the really avid Cowboy fans get involved in the games? Thought that was just a peculiarity at our house on Sunday afternoons, but apparently not. Heard of one innocent little boy who happened to walk by his dad's chair about the time Staubach was intercepted in the end zone Sunday afternoon. Poor little kid never knew what hit him.

Another friend of ours tells us that her family pounds on the furniture everytime something goes wrong. We watched Sunday's game at an aunt's home in Abilene and discovered they pound the furniture in frustration, too.

Seems the only people that profit from television viewers are furniture salesmen! Hope we never get

invited to that little boy's home to watch the Cowboys play. If we do, plan to sit all the way across the room from dad!

Col. Speaks At Meeting

Colonel Lloyd Troutman, a chaplain at Cannon Air Force Base in Clovis, was guest speaker at a meeting of Bovina Woman's Study Club Thursday afternoon of last week at the club house.

Col. Troutman reviewed the book, "Acres of Diamonds," written by Russell H. Conwell. The speaker told his audience that the ideas expressed in the book could be applied to everyone present in determining what each could do with his life.

A brief business session followed the program. Mrs. Lowell Boozer and Mrs. O.H. Jones were hostesses for the meeting.

Special guests were Mrs. Troutman and members of the Senior Class at Bovina High School.

The serving table was covered with a white cloth and centered with a pink floral arrangement. Punch, cookies and nuts were served to the special guests and Mrs. Rouel Barron, Mrs. Ovid Lawlis, Mrs. Earl Whitten, Mrs. Earl Richards, Mrs. Clarence Jones, Mrs. Joe Fowler, Mrs. Frank Pesch, Mrs. Archie McCutchan, Mrs. Billie Sudderth, Mrs. Ike Quickel, Mrs. Bobby Englant, Mrs. Leon Ware, Mrs. Henry Ivy, Mrs. Ronald Minyen, Mrs. Leslie McCain and Mrs. Bill Bradshaw.

Next meeting of the Study Club will be Thursday, Oct. 9. Mrs. Jack Clayton and Mrs. H.J. Charles will be hostesses.

Kelley Boys Show Steers In N.M. Fair

James and John Kelley, sons of Mr. and Mrs. Glen Kelley of the Pleasant Hill Community, recently showed their steers to championships in the Junior Livestock Show at the Eastern New Mexico Fair at Roswell.

John showed his heavy-weight Hereford steer to first place in that class and went on to take the champion trophy in the Hereford division.

James showed the first place heavyweight Angus steer, which also captured the championship in the Angus division of the show.

The Junior Livestock Show auction set a record in sales this year, topping the state fair sales in Albuquerque.

In the sale, John's 1145-pound Hereford sold for \$1.05 per pound to Dessie Sawyer. James' 1125-pound Angus sold for 90 cents per pound to the Roswell Inn.

American farmers have long been making things better for fellow countrymen. As the bicentennial fever starts to build, it is appropriate to take a look at the contributions of our farmers. For instance, thirty-two of the fifty-six men signing the Declaration of Independence were farmers. Some of those same men later worked to frame the Constitution. As for the American Revolution, some historians are now giving a major share of the credit for American victory to the farmer. Not only as a fighter, but also as a critical food supplier. American fighting strategy never needed to be changed because of short food supplies. Conversely, the British were constantly having to make major changes in planning because of food shortages. Strategically, the food supply advantage created by the patriotic American farmer, was probably as important as any other single factor in the British defeat.

Lou Ann Harbison, Greg Hromas

Exchange Double Ring Vows

Miss Lou Ann Harbison and Gregory Knox Hromas exchanged wedding vows at 6 p.m. Friday, September 12, in the First Baptist Church of Bovina.

Cecil Bunch, minister of the Bovina Church of Christ, read the double ring vows before two 14-branch spiral candelabra holding white tapers and entwined with greenery and white carnations.

Parents of the couple are Mr. and Mrs. Billy Harbison and Mr. and Mrs. Glen Hromas, all of Bovina.

Miss Edith Ann Cortese of Ft. Sumner, N.M., cousin of the bridegroom, presented traditional wedding music including "If" as the candles were lighted. She accompanied Mrs. Mac Glasscock of Bovina as she sang "The Wedding Song" and "Wedding Prayer."

Presented in marriage by her father, the bride selected a formal white Victorian garden gown of cotton and linen crocheted point Belgian Duchesse lace fashioned with a scooped neckline edged in satin ribbon and ruffles. The moulded bodice of the gown was attached to a slightly gathered skirt and featured short, Grecian sleeves. Her skirt swept into a brush train which was enriched with ruffles and edged in satin ribbon.

The bride's fingertip veil of illusion was edged in matching lace and attached to a Belgian lace capulet trimmed in satin. She carried a colonial bouquet of white and orchid carnations with baby's breath, greenery and ribbon streamers.

For something old, the bride wore

a strand of pearls belonging to Mrs. Ovid Lawlis of Bovina, her wedding gown was borrowed from her sister, Mrs. Randy Kirkpatrick of Bovina, and something blue was the traditional garter.

Miss Joyce Harbison of Bovina, sister of the bride, was maid of honor. Miss Tammy Damron of Bovina was bridesmaid. The attendants wore formal gowns of orchid print designed with empire waistlines and angel sleeves. They carried orchid carnations with baby's breath and greenery.

J.B. Caldwell of Bovina served as best man. Rodney Hromas of San Marcos, brother of the bridegroom, was groomsmen. The candles were lighted by Miss Cristie Barfield of Clovis, cousin of the bridegroom. Ushers were Jeff Hromas of Bovina, brother of the bridegroom, and Joe Don Cortese of Ft. Sumner, N.M., the bridegroom's cousin.

For her daughter's wedding, Mrs. Harbison selected a dress of rose knit with white accessories and a corsage of white carnations.

Mrs. Hromas selected a formal three-piece champagne beige gown trimmed with matching insertion and a corsage of white carnations and baby's breath.

The couple greeted guests at a reception in Fellowship Hall of the church.

The serving table was covered with a white crocheted cloth over orchid and centered with the bride's bouquet. The three-tiered wedding cake was iced in orchid, trimmed with multi-hued flowers and topped with wedding bells. Cake and white punch was served from silver and crystal appointments by Mrs. J.D. Cortese and Miss Edie Cortese of Ft. Sumner. Members of the houseparty included Mrs. Lawlis, Mrs. P.A. Adams, Mrs. Scott Gober, Mrs. Floyd Damron and Mrs. G.D. Cortese of Ft. Sumner.

Out of town guests attending were Mr. and Mrs. Doc Bristow and Mr. and Mrs. Hughlyn Todd, all of Stanton; Mr. and Mrs. Joe Don Cortese, Mr. and Mrs. G.D. Cortese, Miss Edie Cortese, Mrs. J.K. Barfield Sr., all of Ft. Sumner, N.M.; Bobby McMeans, Mrs. Thomas Allen Jr. and Mr. and Mrs. Bob McMeans, all of Amarillo; Wilma Barnes, Mr. and Mrs. J.K. Barfield III, James and Christie, and Carolyn Owens, all of Clovis;

Mrs. Jack Lovell and Mrs. Sophia Hromas, both of Ft. Worth; and Bill Caldwell of Lubbock.

For a wedding trip to Ruidoso, N.M., the bride chose a rust hued pant suit with matching accessories.

The bride attended schools at Edcouch and Bovina. The bridegroom, a graduate of Bovina High School, is employed in the bookkeeping department at Sherley Grain Company here. The couple will reside at 708 Avenue G in Bovina.

+++

The bridegroom's parents hosted a rehearsal dinner at their home the evening before the wedding.

The serving tables were covered with red and white checked cloths, red appointments and candle centerpieces.

Italian spaghetti and meat balls, tossed salad, green beans, relishes, blueberry-banana pie and Italian cream cake was served to Mr. and Mrs. Mac Glasscock, David Anderson, Miss Tammy Damron, Mr. and Mrs. J.B. Caldwell, Mr. and Mrs. Ovid Lawlis, Mr. and Mrs. Billy Harbison, Cecil Bunch, Mrs. Nancy Nix and Tana, Miss Joyce Harbison, Rodney Hromas, Jeff Hromas, Mr. and Mrs. J.K. Barfield III, Christie and James Barfield, Mr. and Mrs. G.D. Cortese, Edith Ann Cortese and Mr. and Mrs. Joe Don Cortese.

Texas Ranks Fourth

According to figures recently released, Texas will rank fourth in the nation in production of summer Irish potatoes in 1975.

With summer potato harvest on the High Plains rapidly nearing completion, production is forecast at 1,785,000 pounds per hundredweight, 20 per cent below 1974 production, Agriculture Commissioner John C. White said.

The 1975 production figure compares with 2,244,000 pounds per hundredweight in 1974.

Harvested acreage is expected to be 8,500. Of that figure, 4,600 acres produced fresh market white potatoes and 2,600 acres produced fresh market red potatoes. Potatoes going to potato chip manufacturers were grown on 1,300 acres.

Yield per acre is estimated at 210 pounds per hundredweight, nearly the same as 1974 yields.

A few fields in the Hereford area suffered some wind and hail losses, but the majority of the crop escaped damage.

To the editor, Bovina Blade

Following is a recipe for a successful Little Buckaroo Rodeo cake:

Begin with 32 Bovina CowBelles; Have ready and set aside: Joe Jones (announcer) with assistance from Denise Jones; Cathie Trimble and Tammy Christian (grand entry); Shane Walling (to play the Star Spangled Banner); Arlene Smith (to give the invocation); A.M. Wilson (at admission gate); Tiny Walling (with equipment); Erith Hawkins and Butch Livingston (livestock); Tony Neal, Cap Naegle, Pat Hall, Wilson DiCuffa, Kyle Jones, Jay Harris, Sonny Jones (arena officials, timers, flagmen, score keepers, etc.);

Add a generous helping: from L.J. Jameson, Rouel Barron, Bobby Calaway with gates and equipment and Don Bandy for plowing the arena;

Stir the above along with the following in the Bovina Roping Arena for four hours or so:

100 or more children and spectators, 70 or more Dads and Moms, 20 or so horses, a few calves, goats, chickens, rabbits, a lamb and three scrambling pigs;

Add a concession stand; When done: Ice with a generous amount of donations from:

Letter To Editor

The Sonny Moores, a lamb; the Kirby Carrolls, rabbits; the Hopingardners, chickens; Tony Neal and Sonny Jones, a pony; Butch Livingston, a goat; and two expert auctioneers--Tiny and Ted Walling.

Decorate this cake with two special clowns--Larry Mitchell and Joe Blatchford.

Be sure and have Lou Nuttall and Durke Green take pictures of everyone enjoying this cake.

We guarantee this recipe as being something the entire family will enjoy and the children will talk about.

On behalf of the Bovina CowBelles, we wish to thank each and everyone who helped with the Buckaroo Rodeo.

Sincerely,
Dottie Neal and Sue Naegle,
Buckaroo Rodeo Directors

OBSTACLE RACE...Kathy Williams, left, dives through the barrel on her way to first place in the water bucket obstacle race for the 10-12 age division at the recent Little

CEASING TO BE GOOD-CEASING TO BE GREAT!!

When America ceases to be good, it will cease to be great. The greatness of a nation does not rest in military power, technological advancements, political acumen or its national wealth. A nation's greatness is found in the quotient of its goodness. Righteousness is the determining factor in a country's future. Solomon, the wisest of men, said, "Righteousness exalteth a nation; but sin is a reproach to any people. (Prov. 14:34)

The things that will destroy America are prosperity-at-any-price, safety-first instead of duty-first; the love of soft living and get-rich quick theory of life. This day is drawing near. Our objectives have become success, status and security. These are followed closely by self-indulgence, pleasure and comfort. Our permis-

sive society turns freedom into license, rights to riots, and pornography into profit. Riches are elevated above righteousness; power over piety; and science above the Saviour. We abandon the moral law and shake our heads in disbelief as crime increases.

Look out, America! Remember, no great nation has ever been overcome until it has destroyed itself. Beloved, if you are truly concerned about America; if you earnestly want our Great God to bless her--THEN LIVE A LIFE IN HARMONY WITH THE WILL OF GOD. WHEN WE CEASE TO BE RIGHTEOUS AND GOOD-WE CEASE TO BE GREAT!!

AT PLAINS

Ponies Ride To Meet Cowboys Friday Night

"We will have our hands full Friday night at Plains," says Head Coach Joe Christian when asked for comment on the upcoming tilt. "Plains will be tough and they will be looking to avenge last year's 14-6 loss to Bovina."

Plains, a perennial District 5-A powerhouse, has gotten off to a slow start in the 1975 campaign with only a 1-2-1 record thus far in the season. The Cowboys have tied Class AA Morton, defeated Class B Sudan and lost to District 3-A Springlake-Earth and to District 4-A powerhouse New Deal. The Cowboys were defeated, 27-0, last week by New Deal, picked to finish in second place in District 4-A.

According to Christian, Plains "...caught Sudan off guard in the first half and scored 21 points, but couldn't score but one touchdown in the second half of the game."

Pointing out that the Cowboys are larger than Bovina, Christian noted that Danny Bell (6-3, 180-lb. Jr.) is a more than capable quarterback and throws the ball well, hinting that he expects Plains to go to the air against Bovina. Bell threw about 20 times against New Deal last week.

The Cowboys run from the wishbone formation and also the pro I using the wide flanker, split end and two set backs. The Cowboys run a split-six defense.

Christian said the Ponies' week off came at a good time with at least six players down last week with a "flu bug." Joe Olvera, who suffered a broken finger in the first game of the season, will not be playing this week. Another doubtful starter is Alan Rhodes, defensive back, who had minor foot surgery last week.

This week's game at Plains, with the kickoff set at 8 p.m., will be the sixth time since 1966 for the two teams to collide on the football field.

The Mustang win last year was the first time for Bovina to defeat the Cowboys. In the '66-'67 series, Plains won, 13-8 and 21-6. In 1972, when the rivalry was renewed, Plains won 14-0 and won again in '73, 48-16. Plains, with a 5-5 record last year, failed to win the district crown for the first time in five years.

Coach Kenny Roberts claims to have a young team this year, returning only five offensive and four defensive regulars, plus 10 lettermen.

Returning players include David Bean (6-0, 170, Sr.) at end; Salvador Fernandez (6-0, 180, Sr.) at tackle; and Steve Lackey (5-11, 160, Sr.) at guard. Bean was a second team all-district selection last year and Fernandez has been all-district the past two years. Fernandez is also an outstanding defensive down lineman, averaging 10.2 tackles a game. Lackey was also a first team all-district selection in '74.

Backfield men returning are Lance Gass (5-10, 150, Sr.) at halfback, and Johnny Willis (6-0, 18, Jr.) at fullback.

Probable starters for the Mustangs are as follows:
OFFENSE:

Center-Duane Mitchell, 135, senior;
Guards-Dana Harris, 135, senior; Steve Guest, 170, senior;
Tackles-Terry Schilling, 170, senior; Ted Stalling, 170, senior; or Randall Ritchie, 210, freshman;
Ends-Ken Sorley, 160, senior; John Caldwell, 175, senior;
Quarterback-Dennis Willard, 160, senior;

Fullback-Ray Martinez, 175, senior;
Halfbacks-Clint Cox, 160, senior; and Tommy DeLeon, 160, senior.

DEFENSE:
Linemen-DeLeon; Caldwell, Mitchell; Schilling; Stallings; or Ritchie;

Linebackers-Martinez; Gerald Shelby, 155, sophomore;
Secondary-Tommy Serna, 125, junior; Cox; Ruben Salazar, 140, freshman; Alan Rhodes, 150, senior; or Butch McCain, 145, senior.

Changes Made At Stadium....

(Continued from Page 1)

Work is also progressing on a new oval track for Bovina athletes. The track, begun several years ago, is located just to the north of the Ridgelea Elementary School.

Agri-Sprayers, Inc., managed by Gaylon Rhodes, donated and applied chemicals to the track area to kill the vegetation there. The Jake Die Construction Company this week completed preliminary work on the track surface, including the application of a six-inch caliche base topped with one and one-half inches of asphalt topping.

A representative from a Mississippi company will be in Bovina in about two weeks to supervise the installation of the rubberized running surface which will give Bovina Schools "one of the best tracks in the area," according to Christian. The AD noted that volunteer manpower would be needed to finish the track and that he hoped it would only take two days to lay the rubberized surface.

"We would like to emphasize that people need to stay off the track, especially with horses, motorcycles, go-carts and other vehicles," said Christian.

I am a self-employed male, age 45, with an annual income of \$50,000. How can I use HR-10 to provide myself with a good income at age 65?

With HR-10, the maximum income allowed for computation is \$100,000 and the lessor of 15% of this or \$7,500; however, you can't exceed your actual income. Many choose to use a smaller percentage. For example, a man, 45, with 3 employees has earned income above \$50,000. His 3 employees earn \$21,600 annually. 7% of \$50,000 is \$3,500 and 7% of \$21,600 is \$1,512... a total of \$5,012 off the top of his income. This is a fair and legal application of HR-10, yet 70% of the total contributions go to him. Money, invested at age 45, in a flexible annuity paying 7% will yield a monthly income at 65 of \$1,175.

CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots. VALLEY.

Bridal Courtesies Fete Mrs. Hromas

Mrs. Greg Hromas, the former Miss Lou Ann Harbison, was feted with a bridal shower Saturday, Sept. 6, in Community Room of First State Bank of Bovina.

The serving table was covered with a white on white, lace trimmed cloth and centered with an arrangement of orchid carnations, baby's breath and greenery in a white bowl. White punch and white petit fours were served from crystal and silver appointments by Miss Tracy Russell, Miss Tammy Damron and Miss Tami Russell. Miss Joyce Harbison, sister of the bride, presided at the guest register.

Corsages of white carnations were presented to the honoree; her mother, Mrs. Billy Harbison; the bridegroom's mother, Mrs. Glen Hromas; and the bridegroom's grandmother, Mrs. J.K. Barfield of St. Sumner, N.M.

Out-of-town guests registered from Ft. Sumner, Clovis, Muleshoe,

1976 Auto Show Set Thursday & Friday

For the second year in a row, an Auto Show for new model cars has been scheduled for Parmer County.

The 1976 automobiles will be on display at the Community Center-Showbarn in Friona on Thursday and Friday, October 2-3, from 8 a.m. to 6 p.m. each day.

The three makes of automobiles available from Parmer County's dealers will be shown--Fords, Chevrolets and Oldsmobiles.

The show is being co-sponsored by Reeve Chevrolet-Olds, Friona Motors, Friona State Bank and the Friona Texas Federal Credit Union.

Last year marked the first time for competing lines of automobiles to be shown under one roof, and it proved extremely

popular with the public, with a tremendous turnout at the new center just north of Highway 214 on Friona's west side.

This year's show has been expanded a day, to give folks a choice of days to see the new cars, and also to give promoters of the show a little hedge in case of bad weather.

Free Spudnuts, coffee and soft drinks will be served throughout the two-day show.

Those attending the new car showing are asked to register for door prizes, valued at over \$150.00. Several door prizes will be awarded.

Announcements pertaining to the new car showing, plus feature articles and pictures of the new models, are contained elsewhere in this issue.

Eight New Fords Are On '76 Lineup

Troy Young, sales manager at Friona Motors, invites the public to ask him about the new features for Ford's 1976 line of automobiles during Parmer County's 1976 Auto Show Thursday and Friday, October 2-3 at the Showbarn-Community Center in Friona.

Young points out that there are eight new Ford LTD's to choose from in the 1976 autos, including two Broughams, two LTDs, two Landaus and two handsome wagon models.

Young presented the following summaries of the various Ford models for 1976:

Ford LTD—roomy, six-passenger comfort with luxury and convenience are features that have become traditional with the LTD. These features include solid state ignition, SelectShift Cruise-O-Matic transmission... steel belted radial ply tires; power front disc brakes, power steering, and more!

The LTD Landau—fine-car features and styling to challenge more expensive cars. Standard features include hidden headlamps, vinyl roof with color-keyed vinyl bodyside moldings.

Also on the LTD Landau are full wheel covers, comfortable flight bench seat with fold-down center armrest and padded door panels.

Elite—A fine new road car, the Elite is reasonably priced. The Ford Elite combines the operating economy of a mid-size car with classic styling and personal luxury that set you apart from the crowd.

The Elite comes with trim opera windows, rich grain vinyl roof, and many standard features. It is built with gas-saving steel-belted radial tires.

Granada—the elegant design for today's driving. The size personal. Interior room and luggage space is comparable to larger cars, although

Granada is about two feet shorter than most standard-size cars. And Granada is built to act economically

The Granada Ghia has extra styling touches and elegance with vinyl bodyside moldings. The two-door model features opera windows.

Torino—There are nine solid mid-size Torino models to choose from. The Gran Torino is a well-equipped, mid-sized and value priced. It combines the economy minded features of the other Fords.

The Gran Torino Brougham, the most luxurious Torino, comes with a host of fine-car features including vinyl roof, opera windows on two-door models, steel-belted radial tires and wheel covers.

Maverick—Offers a choice of two or four-door sedans. There are two economical six-cylinder engines or a lively V-8. The Maverick combines simple, honest value with surprising luxury. It's a roomy, well-built compact that's easy on gas, easy to park and handle, and easy to service.

Mustang II, in addition to all its standard features, offers a wide array of options like the snappy 302 CID V-8 and sporty spoke-type or forged aluminum wheels. The standard 2.3 liter engine or optional 2.8 liter V-6 is now available with Extended Range Fuel Tank, standard with V-8.

Choose from four distinctive models, including hardtop and Ghia with formal roofline or the fastback-styled 2+2 and Mach I models. Mustang II's bucket-seated interiors are unbelievably luxurious and personal for a small car.

Pinto—take your pick of the two-door sedan, three-door Runabout or the popular Pinto Wagon. All come standard with bucket seats, rack and pinion steering and four-speed floor shift—big reasons why Pinto is such a big value, so popular and so much fun to drive.

Thunderbird—possibly the best luxury car buy in America today. Besides the very specialness of Thunderbird itself, and the superb feel of Thunderbird ride, there's features such as air conditioning, radio, opera windows and steel belted radial tires.

Maverick 2-Dr. Sedan (Stallion Option)

Wagon—The Ford station wagons bring a high level of plushness and comfort, including an extended range fuel tank adding over 8 gallons to the base tank for longer cruising range, an optional feature.

The LTD Squire is distinguished by unique concealed headlamp styling of Ford's LTD Landau Hardtops.

Roomy Torino Wagons seat six, or eight in Gran Torino with optional rear facing third seat, with just about any other option you might want.

The Pinot Wagon is America's best selling wagon—big or small. Pinto wagons have the kind of convenience and usefulness you'd expect from any Ford Wagon, and features 57.2 cubic feet of cargo area.

"We hope the residents of the area will come out and see some of these fine Fords, which we'll have on display October 2-3. We think you'll be impressed," Young concluded.

FORD MEN...Troy Young, left, and John Baxter, two of the partners in Friona Motors, will be on hand to greet visitors to the Parmer County

Auto Show Thursday and Friday, October 2-3. The couple will no doubt be extolling the virtues of the 1976 Fords.

Chevrolet Unveils Its Most Efficient Models

Chevrolet today unveiled its 1976 passenger cars described as the "most fuel efficient cars in many years."

Robert D. Lund, Chevrolet general manager and General Motors vice president, said the 1976 cars highlighted by the new Chevette, represent a major commitment by the automaker toward meeting the national energy goals.

"With two new engines and lighter vehicles, Chevrolet has committed its resources to meeting our national goals...and has made what we believe is the most important progress in the industry to date...and in record time," he declared.

For 1976, Chevrolet will offer 45 models—one fewer than last year—in nine distinct lines.

Lund said the industry sales leader will show approximately a nine percent sales weighted passenger car improvement in fuel consumption over 1975. The gain comes from the improved efficiency of the division's engines, the introduction of the Chevette, and a new 305 cubic inch V-8 engine for Camaro, Nova, Chevelle and Monte Carlo.

All this improvement comes on top of a 25 percent sales weighted fuel economy gain in 1975, or an average gain of 38 percent over 1974 models.

Reviewing the 1976 lineup for newsmen here, Lund said, "With our optimistic outlook for 1976, we see a major trend for Chevrolet in the near future. The new Chevette is the turning point for our industry in this decade. For the first time in our history, fifty percent of our sales will be small cars—Camaro, Nova, Monza, Vega and Chevette.

"We expect our passenger car volume to recover to a level of 2,295,000 units in the new model year...a 34 percent improvement over 1975. Chevrolet is also hopeful of truck sales in the area of 925,000 units for the 1976 year for a

combined total of 3,220,000 cars and trucks, which would give our dealers their second best model year sales in history."

For the 1975 model year, which ends September 30, Chevrolet dealers will deliver in the area of 1,715,000 passenger cars and about 796,000 trucks.

Lund said Chevrolet is forecasting total industry sales for the '76 model year, including imports, of ten million cars. With projected Chevrolet sales of 2,295,000 units, Chevrolet hopes to increase its share of the total U.S. market from 21.1 percent in 1975 to 22.9 percent in the 1976 model year.

Lund said there were three good reasons which prompted Chevrolet to hold its preview in Washington.

"First...during the past decade, the Congress and administration in Washington have been playing an increasing role in the lives of all of us in the automobile industry...with laws and regulations that affect our business more and more every year.

"Second...the name of the game in our business today is...gasoline! The nation's concern for the conservation and the cost of gasoline is focused here in Washington. We share that concern and have elected this forum to show how we are meeting this issue.

"Third...1976 is the Bicentennial year so we thought it appropriate to introduce our 1976 products here."

Discussing the Chevette, Lund said "we are offering two models of the Chevette, a four passenger hatchback coupe and a two

passenger special purpose model called the 'Scooter.' Our marketing objectives for the Chevette are twofold...to offer our customers a clear alternative to the imports, and to offer as much fuel efficiency in this size vehicle as possible."

The Chevette is the first European design concept built completely in the United States, Lund said. It delivers the best gas mileage of any U.S. built car—rated up to 30 miles per gallon on the EPA city schedule with the optional engine, and up to 40 miles per gallon on the EPA highway schedule with the base engine.

"Our market analysts expect the Chevette will bring at least 225,000 to 230,000 additional units to Chevrolet," Lund said, "Personally, I feel that is too low and that we should sell as many as 270,000 to 275,000 during the first model year."

Chevrolet expects that approximately 65 percent of Chevette sales, or up to 180,000 will be made to prospects who would probably buy a foreign made car if Chevette had not been introduced this year.

"Chevette is the lightest U.S. built car at just under 2,000 pounds and is 17 inches shorter than any other Chevrolet in recent history. It is the first U.S. built metric car, has the shortest turning circle of any U.S. car, and has the most comprehensive piece-by-piece corrosion protection we are aware of," Lund added.

Details on Chevrolet's other eight car lines were released earlier.

JOIN CHEVROLET LINEUP...The new Chevette brings to America's motoring public an exciting new dimension in design, efficiency and economy for 1976. Weighing less than 2,000 pounds and at least 17

inches shorter than any previous Chevrolet, the Chevette features a number of American automotive "firsts" while delivering the exceptional fuel economy. For a sporty touch, a Rally 1.6 version of

the Chevette, featuring the optional 1.6 litre engine and other special equipment, is offered. The 1976 Chevettes will be on display October 2-3 at the Community Center in Friona.

EPA RATING

That's with the standard 1.4-litre engine and 4-speed manual transmission. The mileage you get, of course, will be strongly influenced by how and where you drive.

- Chevette is international in design and heritage, incorporating engineering concepts proved around the world.
- Its wheelbase is about the same as a VW Rabbit's.
- It has more front-seat head room than a Datsun B-210, more front-seat leg room than a Toyota Corolla.
- Its turning circle is one of the shortest in the world.

- It can carry cargo up to four feet wide.
- It is well insulated against noise.
- It is protected by 17 anti-corrosion methods.
- It is basically a metric car.
- It comes with a clear, simple self-service booklet.
- It has a standard 1.4-litre engine. A 1.6-litre engine is available (except Scooter).

Prices start at \$2899

- 2-seat Scooter (not shown) \$2899
 - Chevette Coupe (shown) \$3098
 - The Sport (not shown) \$3175
 - The Rally (not shown) \$3349
 - The Woody (not shown) \$3404
- MSRP - Manufacturer's Suggested Retail Price. Includes dealer prep, vehicle preparation charge, destination charge, available equipment, state and local taxes are additional.

Other Chevrolet values for 1976.

Vega

Built to take it. Vega for 1976: An extensive anti-corrosion program. New hydraulic valve lifters, for quieter engine

performance. A new torque-arm rear suspension. And Vega offers a tough Dura-Built 140-cu.-in. 4-cyl. engine guarantee.

Impala

One of America's most popular full-size cars. That's the result of giving America good value for the dollar. This year, the Impala series

includes the new value of the thrifty Impala S—Chevrolet's lowest priced full-size car.

Nova/Concours

America's favorite compact car. Our basic compact, '76 Nova, makes even more sense than the 3 million Novas that preceded it. And

Concours, the brand-new model featured here, is our highly practical approach to compact luxury.

Chevelle

Enough car for practically anything. It offers room for six at a sensible price. This year, more than ever, its deft blending of mid-size

economies, plus room for the average family, makes Chevelle a size whose time has come.

There's much more to see at your Chevy dealer's. Caprice, Monza, Monte Carlo, Camaro, Corvette, Chevrolet wagons—something for everyone in 1976.

County 4-H Winners Announced

Over 45 4-H members and adults participated in the Seventh Annual Farmer County 4-H Fair in the Friona Community Center on September 12. Members representing every 4-H club in the county entered 268 items in the seven divisions.

Ribbons were awarded on the merit of the item entered and points were given according to the ribbon. The points were tallied for individual winners and club winners.

The Oklahoma Lane 4-H Club tallied the most points to win the roving plaque, which will be given during the 4-H Achievement Banquet. Following Oklahoma Lane was Lazbuddie, Rhea, Bovina Junior, Farwell, Bovina Senior, and Friona clubs. Overall winners in the various divisions included:

Oldsmobile 1976.

An Olds for everybody.
And good mileage in every size.

Take a look at the beautiful new 1976 Oldsmobiles in your dealer showroom. They're impressive.

Then take a look at the 1976 EPA Mileage Guide test figures for Oldsmobile. They're impressive, too.

They show that good gas mileage runs in our family. Remember these mileage figures are estimates. Naturally the actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment.

From sporty Starfire supercoupes to full-size, front-wheel drive Toronados, there's good gas mileage in every size Olds.

That's quite a feat considering the array of sizes and models that Olds is offering this year. With this kind of selection, there's bound to be an Olds to fit your lifestyle and pocketbook. And every Olds, whether small, mid-size or full-size is built to be right for the times.

This year Oldsmobile is offering an available five-speed overdrive transmission on Starfire, Omega and Cutlass models. (You may be used to thinking of five-speed as strictly a performance feature, but the fifth gear gives you overdrive efficiency.)

THE '86 REGENCY. Proof that the world of luxury doesn't have to ignore a concern for gas economy.

DELTA 88 ROYALE. All the solid dependability of a family-sized Olds. Yet the 88 gets good gas mileage for a car of its size.

STARFIRE. Who says you can't get good gas mileage in a sporty car? Check out Starfire. Starfire SX and the available Starfire GT option - Oldsmobile's supercoupes.

OMEGA BROUGHAM. Quite possibly the most luxurious compact ever built. But its impressive gas mileage reminds you it's an economy car, too.

CUTLASS S. Restyled front end and sides. The new look is bold, sportier. All this...and surprising gas economy, too.

CUTLASS SUPREME BROUGHAM. The first mid-sized car to have an interior inspired by the famous '86 Regency. The gas mileage is pretty inspiring, too.

See and drive the new 1976 Oldsmobiles at your Olds dealer.

TAKE NOTE fashion conscious Males!!!! And anyone who sews for themselves.

Silly-look wrap knits and interlock knits++ top fabric choices for men's sportshirts this fall.

And patterns will be neat "engineered prints" on dark or dusty backgrounds.

Solid color leisure shirts in heavier weight knits are getting "perfect" forecasts for fall's cooler weather.

The newest fabric for jeans is plain-weave calico. And traditional jeans now come in "pre-washed" fabrics such as faded denim and corduroy or with brushed surfaces.

Front-runners for the outerwear will be wool with brightly colored blanket plaids and olive green army fatigues or in glazed fake leather looks.

+++INTERLOCK KNITS--one of today's newest fabrics--help create the popular soft men's or feminine lightweight fashions, but they require several precautions for success in sewing, according to an Extension clothing specialist.

Homesewers can find interlock knits in a wide range of solids and brightly colored heat transfer prints, and they often cost less than similar quality traditional double knits, because the knitting method is mechanically fast, efficient and easy.

To identify an interlock knit, look at the cut edge along the width of the fabric. An interlock knit looks the same on both sides, with a back loop opposite each front loop, producing parallel vertical rows of loops.

Most pattern styles suitable for soft, lightweight fabrics are appropriate for

interlock knits, too. But avoid styles with many small pattern pieces such as yokes or insets.

To sew on interlocks, the specialist recommends using the same general techniques that apply to lightweight double knits--with a few additional safeguards.

These are necessary because interlocks will run (like nylon hosiery) along the vertical loops in one direction only.

SCS REPORT

The Parmer County Soil and Water Conservation District is holding a director election, announced Leon Grissom, District Chairman. The election is for Zone 2--defined as all the land in the North Friona and Black School Districts. The election will be held at the Black Elevator on October 6, 1975.

Dick Rockey has held this position and is now retiring. Dick has served the district well. He has represented the area producers as a delegate in many key state and regional policy-making meetings. The district regrets losing such a valuable servant, continued Grissom.

Candidates for director must own land within Zone 2 and reside in Parmer County. The spouse of a qualifying landowner is also an eligible candidate. Eligible voters include landowners with land in Zone 2 who reside in Parmer County and their spouses.

It is important that you vote. Legislation is coming up that will affect us all and your district director speaks with authority in the halls of congress, concluded Grissom.
