VOL. I

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, APRIL 7, 1911

Come to Hedley, the Town with a Future, Situated in the Famous Farming Country

## TRADE DAY WAS A BIG DAY IN HEDLEY

A fine showing of well bred horses and mules-- Big crowd present and anxious to bigger day next time

The general verdict was that Hedley's First Saturday Trade Day last Saturday was a complete success.

One of the largest crowds ever in Hedley before; the streets being lined with people, vehicles and fine stock. This country produces more fine stock than one might think.

Saturday afternoon Auctioneer Airheart called for all the stock for sale, and after crying them the matched mules were called for. Five teams of mules were entered and the judges finally gave the blue ribbon to Roy Gufley's mules and the red ribbon to Will Raines' twin mules. For the first prize a 25 pound bucket of Dr. LeGear's stock food was given by the Hedley Drug Co., and second prize was a sack of flour given by O. H. Britain.

The two year old horse colts then were brought in. Eleven in the contest. W. T. Youree's colt took first prize and Roy Lockard's second. First prize was a fine hand made tan halter and rein by Kendall & Gammon; second prize a 25 pound sack of sugar by A. N. Wood.

Many expressions of surprise were uttered that there were more good mules and horses in the country than one would have guessed.

After the show more auctioneering took place. Hogs, house-

hold goods and such like were sold.

It was unanimously agreed to have a bigger and better Trade Day next first Saturday. More prizes will be offered and we may expect a big show of fine stock on that day.

### Trade Day Notes

A boxing contest was first on program last Saturday morning which cost the participants just about \$12.50 each.

The Methodist ladies claim that they did much better than they anticipated with their lunch last Saturday.

The Hedley and Lelia Lake ball teams met on the local diamond Saturday and played their first game of the season. Although many errors were made by both sides the game was interesting. The Hedley team came out victors.

### Births

The population of this neighborhood has been increasing rapidly lately. The births reported are:

A girl to Rev. and Mrs. Jas. A. Long, April 1.

A boy to Mr. and Mrs. T. W. Davis, April 1.

A girl to Mr. and Mrs. Bush of Giles, April 3.

Red Top Cane and German Millet seed for sale. A N Wood.

## LADY FELL AND BROKE HER ARM

A Miss Lovelace while walking along Main street of Hedley last Saturday afternoon fell and broke her arm. It seems her foot caught in some loose wire which threw her, and in trying to catch fell on the arm breaking it near the wrist. Citizens should be careful about throwing loose wire about the streets, and ought to make it a point to pick up any such wherever found. By so doing prevent another accident.

### SHANNON-WATKINS

Sunday at 10 o'clock a. m. at the home of Mrs. Watkins near McKnight occurred the marriage of her daughter Miss Florence to Mr. Otis Shannon, son of Mr. and Mrs. J. M. Shannon. Rev. J. B. Woods of Hedley officiating. Only the near relatives and a few friends were present at the wedding and the fine dinner that followed.

A dinner was given Monday at the home of the grooms parents and quite a number of guests were present to partake of the sumptuous repast.

Congratulations are extended the happy couple with wishes for many years of happiness and prosperity.

### Two Trustees Elected

Two Trustees were elected last Saturday for the Hedley district. Several were run and considerable interest taken in election. K. W. Howell and Rev. J. A. Long were the ones elected.

Last Saturday our hotel people moved to Estelline. Now we have no hotel running and it leaves the town in a bad shape. However we understand that a contract is being made for a new hotel to start right away. It is something the town certainly needs.

### For Sale

One large bay work mare, perfectly gentle and true, a good breeder. Inquire at this office.

### McKNIGHT LOCALS

As I have not seen anything from this locality I thought I would write.

The wind is very high but the skies look as if we were going to have some rain.

Health is very good in the community at present.

Most every one are busy farming; some are listing and some are through ready to plant.

Roy Lockridge spent Saturday night with the Harris brothers.

Vaster Darnell was visited Saturday night and Sunday by his brother Lester Darnell and wife.

Lee Miller and family spent the day Sunday with J. E. Blankenship.

Mr. Waldron has been improving some on his farm north of town. He has built a nice one room house and a lot near the windmill.

J. M. Brokaw's mother has returned from Dalhart where she has been visiting her son during the winter.

Mrs. J. B. Grimsley and daughter Miss Emma spent the day Monday with Stock Lamberston at Bray.

We saw Mr. W. L. Lewis driving around out in the country last Friday.

P. S. There is a great deal of stirring around this morning after the nice little shower of rain last night which makes everything look green and fresh.

Success to the Informer.

A SUBSCRIBER.

J. W. Bond had the house movers to move his house just vacated by T. P. Shelton to a point in line with all the houses on west Johnson street. He has pride enough in the town to have his property looking right even though it takes money out of his pocket to do it.

Choice resident lots in the McDougal Addition at a price you can afford to pay.

J. C. Wells, Agt.

## HURT BY BEING RUN OVER BY A WAGON

Mrs. Ed Dishman was hurt late Saturday evening by jumping from a wagon and falling beneath the wheels. She was driving a team of mules to the wagon while her husband was some distance behind driving some stock; the mules started to run and she jumped being considerably shaken up besides being injured by the wheels of the wagon running over her. She is doing nicely and as no new developments have set in it is hoped that her injuries were slight.

Be informed by Informer.

### WHEN ANNOUNCING THE BABY

There Are Various Ways of Spreading the News of the Stork's Visit.

When the stork visits a household the most modish way of spreading the news of his call is by card announcement. This plan has the disadvantage of delay, however, as there is a minimum of time in which cards can be engraved and mailed, not to mention the fact that the oftentimes perplexing question of naming the baby must be decided first.

One young couple, however, though somewhat wastefully, overcame that seemingly necessary delay by deciding that if their "first" were a boy he should be called, say, John Henry, while if she happened to be the less desired girl her name was to be, say, Clementine. So they had two sets of cards engraved and ready for mailing the moment that the exact status of things was known. It would have been dreadful, though, if in the inevitable household confusion the wrong box of cards had been mailed and the others thrown into the furnace before the mistake was discovered.

So far as New York is concerned, it is those of European birth or parentage who most frequently make the paid public announcement. Sometimes they are amusing in their frankness and ingenuousness. These sometimes contain the postlude, "Mother and son doing well," and one started off with the words: "A loving daughter born to." The climax was capped, however, by one the other day that closed in this wise:

"A 12-pound boy. Thanks to Drs. So and So and Such and Such and to Mrs. Blank."

## NEW DRUG STORE FOR HEDLEY

The Informer announced some few weeks ago that Hedley would soon have another drug store. The stock of drugs are now here and will be opened in the Rowe Merc. Co. brick building. The druggist is Mr. D. B. Albright who is moving here from Estelline. He is favorably known as a druggist all over this section of the Panhandle.

Druggist Albright and family came up from Estelline Thursday night and their car of household goods arrived today. They will occupy J. W. Bond's house on Johnson street. As soon as they are comfortably domiciled Mr. Albright will begin unpacking his stock of drugs. The Informer in behalf of Hedley and vicinity welcomes this estimable family into our town.

### SHE MEANT WHAT SHE SAID

Young Woman Was Determined Not to Have Her Rejected Suitor Hanging Around.

"So it's all over between us?" "Yes," she replied very firmly. "I told you so the last time you called. You must not annoy me any more by coming here."

"Have no fear," he returned; "you'll never see me again."

There was a half-concealed threat in his voice as he departed, but the girl heeded it not. She was happy in the thought that she had dismissed him forever.

Suddenly there was a strange sound outside. The girl ran to the window and looked out. Swaying in the still evening air was the form of her willow lover. He had hanged himself with the hammock rope.

It was no time to either scream or faint. She ran to the drawer in the sideboard, and in a moment reappeared with a carving knife. With one stroke she cut him down. When he came to the girl was standing calmly over him. He looked into her eyes, but there was no sign of forgiveness in them.

"Begone!" she cried, with a wave of her hand. "I thought you understood me when I told you a moment ago that I didn't want you hanging around here any more."

Hedley is coming to the front slowly but surely. As fast as residences are built they are occupied and a demand for more all the time. One man in town whose house was vacant for only a few days said he could have rented four houses last Saturday if he had had them. Not only are residences in demand but some good business houses would find ready rent or sale if some one would put them up. Every business house in town is occupied. It is the best place for investors we know anything about, and the opportunity is knocking at some one's door. Are you the man?

We are having all kinds of weather these days. First, the wind blows one way then next day blows the other. Which reminds us of a man in N. M. who lost his hat in a high wind from the north and a day or two after the wind had changed to the opposite direction, and this same said man was going along the same road and caught a hat and found it to be the one he had lost. Ask Editor Loomis of the Texico Trumpet if you don't believe this.

In this issue is a bunch of news from "A Subscriber." We gladly welcome the new correspondent and hope to have a letter every week. Please sign your own name to the correspondence as well as the nom de plume so we may know the author. Only your fictitious name will be published.

The country newspapers are potent factors for the merchant. An advertisement should be carried in them, it should be carefully prepared and changed frequently. In addition, frequent conversations with the editor will give him your point of view on local and national questions. He will be willing and glad to give you space for notices. And he will generally be glad to help you fight your battles, for you have made them his as well as your own.

Whether you talk with your neighbors or stranger at home or abroad, riding or walking, always have a good word for your town, speak of the beautiful homes, the nice streets, the excellency of the surrounding country and the intelligence and enterprise of your neighbors. Stand by your town through thick and thin as you would your best friend in times of distress and you will find it prosperous and thriving as never before.—Commercial Journal, St. Jo, Mo.

### Rev. Kidd to Preach Next Sunday

We are requested to announce that Rev. Kidd of Amarillo will preach at Presbyterian church Sunday, April 9. You are cordially invited to attend.

Be sure to attend the meeting of the Commercial Club next Tuesday night, whether a member or not. A big 4th of July celebration is to be discussed and your presence is needed.

Kentucky leaf tobacco is now put up for the African trade. In the interior of Africa leaf tobacco is practically used in place of money to barter with the natives for their products.

The wants of the natives are few. Food and most of their clothing are supplied by nature. They follow the primitive custom of acquiring personal property in the form of cattle, wives and children, and depending on the children in old age for support. They give little thought to laying aside anything for use in illness or old age.

In the interior, traders say, the natives often refuse money in exchange for their products, but will take tobacco, spirits, cotton goods, etc. In fact, in some parts of the interior tobacco is an absolute necessity in trading with the natives.

This tobacco is generally retied in smaller bundles so that the African merchants can figure out how the distribution of this tobacco would calculate, and to facilitate those calculations the tobacco is tied in various styles, that is, so many bundles to the pound, from four to ten as desired. The retying and manipulation of Kentucky leaf has become as specialized as the manufacture of tobacco.—The Tobacco Leaf.

### Be a Progressive

Be progressive. Do not wear your life away by struggling along in the old ruts that your forefathers cut so deep by continual travel. While they are good in their ways and no doubt considered safer, yet the wheels of your vehicle turn so slowly that you are left far behind by more progressive fellow travelers. Keep a-moving, and a-pushing and a-crowding toward the front. You'll not much more than hold your place in procession the best you can do. The men at the front these days are those of brains and energy combined. You have a place there if you hustle for it. If you don't hustle, your place will be taken by the fellow who does. Be alive.

Insure your dwelling.

J. C. Wells

### Poor Pups

Last Saturday some one brought a sack full of puppies to town and turned them loose on the commons either to die or be taken up by the people. But they were undesirables both as to sex and stock--being of the "lop-eared" variety. If there had been any member of the Society for Prevention of Cruelty to Animals here an investigation might have taken place, but in absence of any such person the citizens voiced their feelings in the matter in no uncertain terms. They seem to believe, and rightly too, that the owner of said pups should have kept them at home or mercifully killed them, rather than turn them out motherless in the cold to starve and freeze. While only hound pups they have feelings same as humans.

### This Concerns You

A graduate of Bowie Commercial College recently proved herself superior to all other business college graduates and secured a position as Bookkeeper for Sears-Robuck & Co., Dallas.

Also another, a young man, proved his ability and secured a position as Court Reporter for Love county, Oklahoma. The school has more graduates in Banks alone, than any other school of its kind in the state--it has placed as many as ten in Bowie Banks alone.

School teachers: We enrolled more teachers last summer for one or both courses than we ever did before and with one or two exceptions, none returned to teaching. One young man who never drew more than \$65 per month for teaching, and that six months in the year, graduated in both Bookkeeping and Short-hand, and in less than two weeks competed with fifty graduates of other schools for a position at Brickford, Oklahoma. He received it, of course, and is now getting an amount equal to \$125 per month the year round. He did the work so satisfactorily that they last month called upon us for another of our graduates. We sent them one who is also "making good". Teachers, if you can't equal that teaching, why not throw off the "yoke" now?

Parents: Do you think it will pay you to let your boys and girls between the age of fourteen and eighteen spend their vacation after the public school closes this summer in idleness, when you can send them here and in three months or less time they can be able to draw a salary of from \$40 to \$75 per month this fall and winter? Think over the matter, then call upon or write the BOWIE COMMERCIAL COLLEGE, of Bowie, Texas, for particulars.
