Come to Hedley, the Town with a Future, Situated in the Famous Farming Country

NEWSOM BUYS THE DR. LANGFORD STORE

Mr. J. C. Newsom of Memphis is now in charge of the dry goods store of Dr. Langford, having today closed a deal for same. The stock will soon be moved into the building now occupied by the Hedley Hdw. Co. which will go into the Battle brick.

Hedley welcomes Mr Newsom as there is always room for good citizens and business men in a growing town like Hedley.

Dr Langford expects to stay in Hedley and follow his regular medical profession.

28-YEAR-OLD TICKET REDEEMED AT PAR

While in the Herald office Wednesday Vice President Keeler told us of a ticket presented to the company a few weeks ago by a gentleman living in Hedley, that was issued by the company more than twenty-eight years ago. The ticket was between stations down in the Cross timbers country, this part of the line not being built at the time. The man was paid \$1.50 for the ticket, the face value of same.—Hall County Herald.

BASKET SUPPER TO BE GIVEN NEXT FRIDAY NIGHT

A Basket Supper will be given in one of the new brick store buildings next Friday night, Oct. 27. Proceeds to go toward paying off the debt against the Methodist parsonage. Everybody invited. Ladies are all requested to bring baskets.

Insure your dwelling.

COLD SPELL TODAY-- MAY GET COLDER

The second norther for the week is at hand and has caught a lot of us unprepared. The cold snap first of the week should have made us get busy and put up heating stoves, but the Informer failed to make preparations and as a consequence the summer ink, summer rollers and a cold engine are dealing us misery in trying to issue today. Then, too, our screen wire clothes do not turn the breeze the best in the world. Of course we could change, but that wouldn't help much, for our clothing is of the summer variety either from usage or make.

Be sure to read the Combination Sale ad of The Cash Store in this issue. The sale will be on a different plan to the usual kind, and means a money saver to the buying public. By watching the advertising columns of the Informer you may often find where to go to save money on any certain article.

Mrs. A. L. Miller has been on the sick list this week.

"Please the people," is the motto of the Imperial Shop.

SNOWED OCTOBER 20 LAST YEAR

Wednesday morning one of "them things" blew up. Thursday it snowed almost incessantly all day but melted as it fell. It cleared off that night and everything was covered with a coating of frost, which, strange to relate did but little damage to green stuff. Taken from the Informer of Friday, October 21, 1910.

Tonight history is repeating itself. Smooth cloudy, wind out of the Northeast, and snow coming down like it means business as we go to press.

Here is an Informer item of a year ago: "Last of last week cotton went way over the 15 cent mark, but dropped off several points this week. With these high prices the farmer is coming into his own at last."

And this year cotton is bringing but little over half that.

Here, s another: "The town cistern went dry last week; did not hold an election either. The wind didn't blow enough to turn the windmill."

And last week of this year the cistern ran over.

Informers \$1 for 52 doses.

QUARTERLY CONFERENCE WELL ATTENDED

Presiding Elder Story held conference here Saturday. A number of visiting Methodists were in attendance. Rev. Story preached Saturday and Sunday, both morning and night. He is an able, earnest and interesting preacher, and his sermons here were very instructive and interesting.

LELIA LAKE GROWING TWO NEW STORES

The editor accompanied Rev. J. B. Wood to the growing little town of Lelia Lake Wednesday. That place is growing. A new drug store and a new general merchandise store are going in. Considerable cotton is being ginned and sold there. Quite a lot of alfalfa is grown over the valley, and we see no reason why that will not become a good little town as it has a good country surrounding.

Every dollar invested in trees adds wealth as well as beauty to the farmstead. Trees increase

the value of the farm and make life more enjoyable for those who live in the home. There is also genuine pleasure in planting the and comfort in having them on the place. As trees grow and spread their branches and the foliage unfolds, develops and falls from year to year the owner of the place feels proud that he had civic pride enough to plant trees, and esthetic sentiment enough to appreciate them after they were planted. Trees make the home brighter. A place without shade and fruit trees is like a desert—exposed to the burning rays of summer and the cutting blasts of winter and without good cheer in the spring.—Farm & Ranch.

Progress would be impossible without commerce for the exchange of commodities and for the interchange of thought and ideas which inculcate culture, and both these requisites of commerce and interchange of thought and ideas are impossible without means of highways.

If the railroads of the country can spend millions annually in straightening their roads and lessening grades and curves, cannot the farmers, aided by the people of the cities, as they would be by bond issues, spend a few thousands on good roads? Highways are the farmers' railways, and easy transportation is as essential to the farmer as it is to the railroad.

Every farm is a factory. It produces the raw material of commerce. Its prosperity must depend upon the markets for its products. If the markets are good and easily accessible, then individual effort may count for something. If there are no good markets and if the markets are not cheaply accessible, then effort is handicapped and success is impracticable.

With this in mind, I am prepared to store and insure same at a reasonable rate. E. H. Willis.

You Can Be a Better Cook

It isn't all in the "knack." The utensils you use go a long way toward making your food fine and appetizing or ill-cooked and indigestible.

It's impossible to make the best cookery in utensils that quickly scorch or crack and scale off, rust and corrode. And such utensils are dangerous. Authorities say that cancer comes of eating particles of glass chipped off from ordinary enamel ware when hot.

The heat expands the iron frame but the coating of glass—which is all enamel ware is—does not expand so fast, consequently it breaks and gets mixed with the food.

There is no such danger from food cooked in up-to-date

"1892" Pure Spun Aluminum Ware

It can not crack, peel nor chip. It will not rust, corrode, nor spoil food, and with harder use it lasts years longer than any other ware.

We Guarantee It for 15 Years

"1892" PURE SPUN ALUMINUM is the ideal ware for all kitchen utensils—permanently bright and beautiful as silver, but many times lighter—making it convenient to handle. Heats quickly but does not quickly burn dry. Easy to clean and care for.

"1892" Pure Aluminum utensils have all the advantages of every other kind besides several that are exclusive.

And with all these added advantages over all other utensils "1892" Pure Spun Aluminum Ware costs but a trifle more.

Look for the Maltese Cross on Every Piece

It is for your protection and benefit. Its a guarantee that you are getting the genuine and only original "1892" Pure Spun Aluminum.

REMOVAL SALE OF FURNITURE 10 per cent Off

In making preparations to move into our new brick we find that we have so much furniture on hand it is necessary to sell off as much as possible before moving, as furniture is more or less damaged when moved about, so beginning **MONDAY, OCTOBER 16**, we will give a 10 per cent discount for cash on all furniture. This will mean quite a saving to you, as we have always sold below other towns in this section. Come in and take a look.

Every article is marked in plain selling figures and the 10 per cent will be deducted from the regular selling price.

We have a big line of Shelf and Heavy Hardware, Buggies and the Moline Wagons, and will be pleased to have you call and get our prices on anything you may need. We believe we can save you money on any size bill. We have a half car load of stoves due to arrive. This lot of stoves comes assorted and you can find most any kind, style and any priced in the lot.
