

BY BILL ELLIS

**ANY TIME A PROBLEM** arises in the good old USA, you can bet your bottom dollar that Yankee ingenuity will come to the rescue.

A firm in Oklahoma has just begun commercial production of pipeline quality methane gas using cattle manure.

As soon as the words "energy crisis" were added to the nation's vocabulary, folks began to try to figure out alternate ways to heat our homes and fuel our cars.

Solar energy has become the big thing in some parts of the country. We had thought that the old-fashioned wind chargers of our childhood days might make a comeback...especially since we have a lot of wind in this area of the country. Some studies are being conducted in this direction.

Several months ago my wife brought up the subject of cattle manure at the dinner table. I don't know why she couldn't have picked a more delicate time to discuss it.

But she pointed out that pioneers in the Panhandle of Texas weren't blessed with a lot of wood to burn, and so they used cow chips for their fires. Before the settlers arrived the Indians had used buffalo chips for fires. Parmer County is certainly blessed with an abundance of cow-do. Why not put it to good use?

Now, here, just a few months after our family discussion, we read where the Oklahoma-based company, appropriately known as CRAP (Caloric Recovery Anaerobic Process, Inc.) has come into being.

I don't know just who the fellow was who first said "Necessity is the mother of invention" but he could have added a line that said "...and when the need arises, Americans will invent it."

**WE ENCOURAGE** everyone to attend the meeting scheduled for Friday night, sponsored by the American Agriculture Movement.

American Ag leaders say the meeting is vital to everyone, whether or not they are farmers or are directly related to agriculture.

"If we fail, our town fails," says a spokesman for American Ag.

The movement officials say they have a top-notch speaker lined up for Friday night, Don Kimball of Wildorado, and feel that it would be beneficial for everyone to hear him.

## Farm Sale Postponed

The Jaycees-sponsored annual farm sale, originally scheduled for Saturday, Jan. 14, has been postponed indefinitely in support of the farm strike.

The new date for the sale is to be announced at a later date.

## Spears Opens Business Here

Mike Spears has announced that he has opened an insurance agency, representing John Hancock Insurance Co., in The Bovina Blade building, 100 Third Street. Previous to opening the Bovina agency, Spears worked for the Hancock Company in Lubbock for one year.

A 1972 graduate of Bovina High School, Spears received a BBA from Eastern New Mexico University in 1976. His wife, Lisa, is a junior at ENMU, majoring in a business-secretarial course.

"We are ready for business now," Spears said, "and we are offering a full range of insurance needs, such as group life and health, automobile, fire, casualty, disability and tax-qualified retirement accounts, among others. Our office hours will be from Monday through Friday, 8

## City Council Holds First 1978 Meeting

The Bovina City Council met in its first session of 1978 on Thursday, January 5. Present were Mayor Tom Bonds and Councilmen Rouel Barron, Bedford Caldwell, Dick Clayton, Vernon Estes and Fred O'Hair. Also present were City Manager Clayton Williamson and City Marshal Jerry Atchley.

Marshal Atchley reported that citations were issued during the month of December, the majority of which were for school zone speeding violations. He also reported on the need for an ordinance preventing intoxicated persons from having control of a motor vehicle. On a motion by Councilman Caldwell, seconded by O'Hair, the Council unanimously approved a "Driving

while in Control of a Motor Vehicle" ordinance.

On a motion by Councilmen Barron and O'Hair the city fathers approved paying the monthly bills. On a motion by Estes, seconded by Clayton, they approved the purchase of a chlorinator for well number 3 and a safety cage for the water tower, at a combined approximate cost of \$475, as recommended by the Texas Department of Health Resources. In another matter concerning the water department,

the City Council considered a proposal by the American Tank and Tower Company to repaint the interior of the city water tower at a cost of \$2,625.00. On a motion by Councilman Barron, seconded by Clayton, the City Council unanimously decided to accept the offer by payment from revenue sharing providing that a committee composed of Mayor Bonds, Councilman Caldwell, and City Manager Williamson are satisfied with the details of the proposal after contacting the company's representatives.

## 2nd Term Classes Are Set

Jim Noyes, elementary school principal, has announced the date and requirements for entering students in kindergarten classes for the second term.

Students who will attend the second term but who have not registered as yet, will do so on Friday, Jan. 13, at 10 a.m. in the Ridgelea School. After properly registering, students will attend classes all day. Students who attended the first term do not have to go through this procedure again.

All school-age children, under the state's compulsory immunization laws, must present evidence of the following:

A birth certificate; immunization against measles and rubella; diphtheria tetanus, three doses, one of which must have been received since the fourth birthday; polio oral vaccine, three doses, one of which, also, must have been received since the fourth birthday.

Principal Noyes noted that possession of these documents will do much to smooth the path of registration.

## Card Project Has Additional Names

The First State Bank of Bovina has reported a total of \$516 has been contributed, to date, to the 1977 Community Christmas Card Fund. This total is \$237 less than the amount received at this time in 1976.

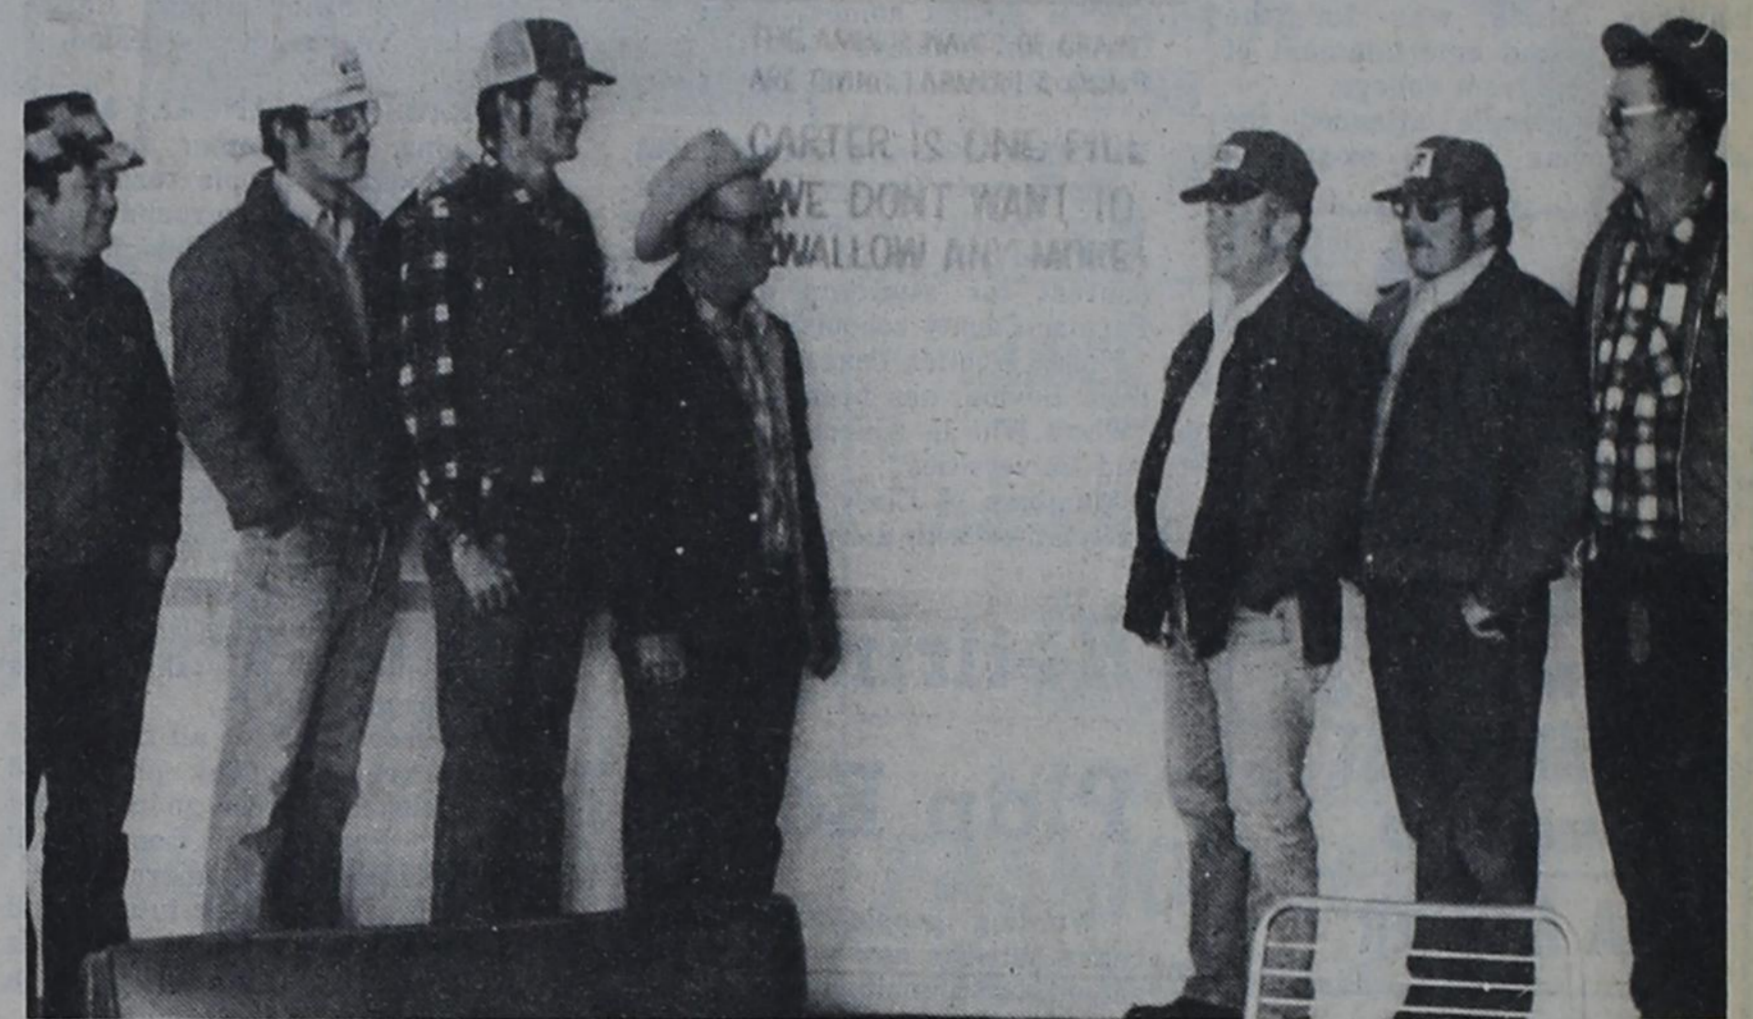

Each Christmas season, the Bovina Women's Study Club designates the organizations that are to be the recipients of the fund. The money this year will be divided, one-half going to assist the Grace Paul Opportunity Plan and half to be held for a worthwhile local project, to be designated sometime in the future.

On a motion by Councilmen Caldwell and Clayton the City Council approved salary adjustments for four employees. In other action, Williamson announced that the City had retired a 1962 General Obligation Bond Issue for Paving in December. The issue had been for \$50,000 principal and a cost of \$23,675 in interest for a total of \$73,675. The Council also discussed financing for the new Howe Fire Pumper, arrival of which is expected by the end of the month.

The meeting adjourned at 11 p.m. on a motion by Councilman Caldwell, seconded by Clayton.

## January Is Termed National JC Month

January 15 through 21 has been designated National Jaycee Week by the U.S. Jaycees. Over 9000 chapters that comprise the U.S. Jaycee movement will probably run special projects during this week to emphasize their interest in their

PLANNING MEETING...Several of the leaders in the American Agriculture movement are shown during a session this week, planning for Friday night's meeting. From the left are Gregg

Wilson, Daryl Kirkpatrick, Randy Kirkpatrick, Edwin Lide, Ralph Roming, Gary Beauchamp and Jay Barrett.

## Meeting On Friday Termed 'Vital To City'

An educational meeting, termed "Of vital importance to everyone in the Bovina area" has been scheduled for Friday, January 13, at the Bovina High School Auditorium. The meeting will begin at 7 p.m.

Sponsored by the local American Agriculture Movement leaders, the meeting is important to everyone, whether or not they are directly

involved in farming, according to Ralph Roming, spokesman for the farm movement.

"If we fail, our town fails, and we need to educate everyone to this fact," Roming said.

Roming said that Don Kimball of Canyon and Glen Alred of Wildorado will be the speakers for the meeting. Kimball is rated as a top-notch

speaker, and the leaders feel that everyone in the area would benefit from hearing what he has to say.

"We know that the Friday meeting will conflict with basketball games, but this was the only time we could secure the speaker. There will be other basketball games, but this is something we need to act upon NOW," Roming said.

Names of contributors which were not included in the Christmas issue of The Blade, follow:

Mr. and Mrs. W.M. Sudderth, Mr. and Mrs. E.G. Snodgrass, Mrs. Joe Fowler, Mrs. Jerry Ware, Paul and Oley Jones and Mr. and Mrs. C.H. Jefferson.

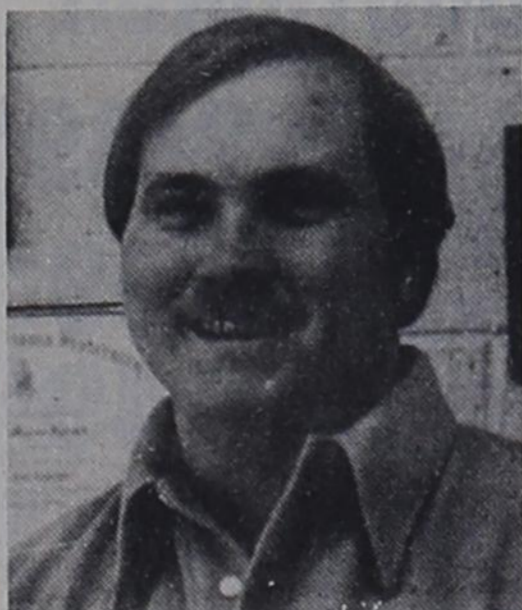

WAYNE SPEARS

## Spears Seeks Re-Election

Wayne Spears, who was elected in 1976 to fill the unexpired term of Wilbur Charles as Justice of the Peace, has authorized the Blade to announce his candidacy for re-election.

"I have enjoyed serving the people of this precinct as justice of the peace, and if re-elected, I pledge my best efforts toward fulfilling the duties of the office," Spears said.

Mike Spears

a.m. to 5 p.m. Come by and visit. We're always glad to see you."

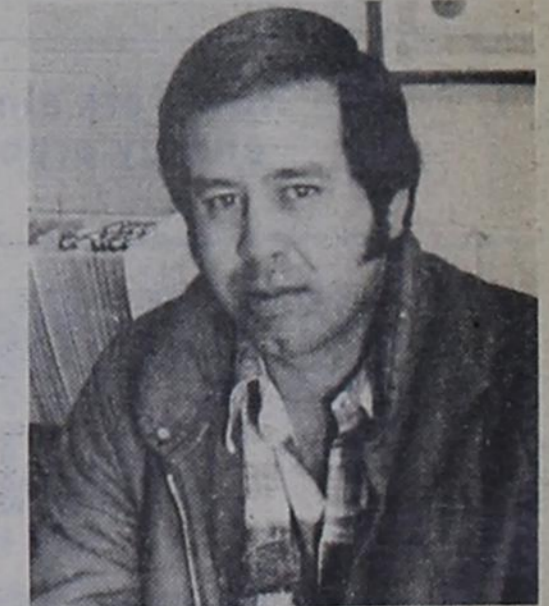

## Vaccination Clinic Termed Successful

City Marshal Jerry Atchley today termed the Vaccination Clinic last week as "an unqualified success." One hundred and six dogs were vaccinated and issued Bovina Dog Tax Tags. In the past, less than 60 dogs have been tagged, at similar clinics, so we are very pleased. In fact, we are temporarily out of 1978 tags, so temporary tags are being issued until a new shipment arrives. Once the new tags arrive they will be mailed to the dog owner.

This week Phase II of the animal control program begins. Atchley stated that a pickup of dogs roaming free and citations issued to dog

owners who did not tag their dogs or allow them to roam free, or both, began Monday. "We have warned people that our ordinance will be enforced by the use of signs and excellent coverage by The Bovina Blade. There is no need for irresponsible dog owners to complain when the citations are issued," he said.

Bovina Dog Tax Tags can be purchased at the Bovina City Hall from 8 a.m. until noon and from 1-5 p.m. upon written proof that the dog was vaccinated within the past twelve months.

NEW PARTNER...Dick Clayton is a new partner in the former Horn Insurance Agency, and the company name has been changed to Horn-Clayton Agency as of the first of the year. It was announced this week.

# Reflections

From *The Blade*

**20 YEARS AGO—JANUARY 1, 1958**  
Three persons suspected of having a part in the shooting of an Amarillo service station attendant early Monday morning were arrested between Farwell and Bovina Monday a little after 7 a.m. Bovina was the hub of much activity during the Christmas holidays. Much was for the convenience and entertainment of students home from college. About 94 people attended the annual Bovina School ex-student

banquet Saturday evening in the school cafeteria. A series of burglaries and armed robberies in this area were solved late Tuesday afternoon with the arrest of one white man and five Spanish-Americans in Clovis. Natalio Cintron, a foreign student at WTSU, Canyon, was a guest in several Bovina homes during the Christmas holidays. He is from Puerto Rico and is studying pre-law. + + + + +

**15 YEARS AGO—JANUARY 2, 1963**  
The Parmer County Soil Conservation District has announced the rules and title for its annual essay contest for students attending Parmer County schools. Nickie Woelfel, Texas Tech senior from Bovina, has been selected to "Who's Who in American Colleges and Universities." Members of Class of 1961 were entertained with a class reunion at

the home of Miss Patsy Richards, Thursday evening. Bovina's basketball teams, Mustangs and Fillies, close out non-district play this weekend as they are entered in strong Hale Center tournament. Bovina Schools returned to regular schedule this (Wednesday) morning following annual Christmas-New Year's holiday period. + + + + +

**10 YEARS AGO—JANUARY 3, 1968**  
Braving cold weather and light snow, about 40 people turned out Sunday afternoon for ground-breaking ceremonies for the new medical clinic in Bovina at its location near the Oklahoma Lane road. Two county commissioners for the High Plains Underground Water Conservation District No. 1 will be elected on Tuesday, Jan. 9, when elections are held over the entire district. Mr. and Mrs. S.A. Barbee, Jr. have sold their business, Barbee Cleaners, to Mr. and Mrs. John Gee of Amarillo, who will take over its operation shortly. Increased rates for all classes of mail except parcel post and international mail will go into effect Jan. 7, Postmaster Gene Ezell reminded postal customers today. Crossbreeding, cattle futures and backgrounding will be subjects discussed on Thursday at a county-wide beef cattle meeting. + + + + +

**5 YEARS AGO—JANUARY 3, 1973**  
The year 1972 may be remembered as the one in which the price of grain sorghum, the area's principal crop, took a turn upward during the harvest season. Mrs. J.R. (Bessie) Caldwell, 88, long-time resident of Bovina and Parmer County and a prominent leader in civic affairs, died Sunday morning, December 24. State Rep. Bill Clayton, executive director of Water, Inc., since early 1969, has resigned the post, effective Dec. 31. Gary Hicks of Friona has been named the winner of Parmer County's longest pheasant tailfeather contest following the conclusion of the season last month. An additional \$33.50 was deposited in Bovina's Project Christmas Card account following the deadline two weeks ago. That brings the total deposits in the fund this year to \$568.50.

**GETS HANDBOOKS....**Mike Read, FFA President, accepts a set of handbooks from Ron Procter, local officer of Plainview Credit Association at Friona.

## Seniors To Give Play

The Senior Class Play, "Hillbilly Weddin", by LeRona Greth, will be presented in two performances on Thursday, January 19, in the school auditorium. The matinee performance will begin on that day at 2 p.m. for grades 3-8 only. Price will be 50 cents per student. A night performance will begin at 7:30 and advance ticket sales are listed at \$1.25 for adults and \$1.00 for students. The price at the door will be \$1.50 for adults and \$1.25 for students. Tickets can also be purchased from any senior. The cast: Paw Belsnickle, Charlie Price; Maw Belsnickle, Samie Garrison; Ceelle Belsnickle, Tracy Russell; Bonnie Mae Belsnickle, Karla Mills; Juney Lou Belsnickle, Denise McCormick; Four Belsnickle, Christine Vargas. Also, Five Belsnickle, Gloria Villarreal; Six Belsnickle, Anita Serna; Obeey Upschlager, Wayne Thatcher; Chiz Upschlager, Glen Corbin; Ronald Maxwell, David Murphy; Lucy Maxwell, Pat Shepherd; The Reverend, Gerald Shelby; Cousin Zeke, Marty Spicer; The Cousins, Steve Cockerham, Stuart Klimek and Eddie Villarreal.

## Retiring? Plan Early

"Working people who plan to retire between now and early 1978 should start planning now to arrange for their social security benefits," Augustine Casares, Clovis social security branch manager, said recently. "First, get together information that will be needed to support your claim. This includes your social security card or a record of your number; proof of your date of birth recorded early in your life (preferable before age 5); evidence of last year's earnings (a copy of your W-2 or a copy of your income tax return, including Schedule C). "If your husband or wife is also planning to apply on your record, he or she should bring in his or her social security number, proof of age as described above, marriage certificate, information about any prior marriages, and information about his or her recent earnings if working. "By applying two or three months before you plan to retire you can be sure that your retirement checks start as soon as you stop working," Casares concluded.

## FFA News

By **JIM RHODES**  
The Bovina FFA received a set of student handbooks from the Plainview Credit Association. They were presented to Mike Read, local FFA president, by Ron Procter, loan officer of the PCA at Friona. These handbooks are being presented to the chapter for use in our vocational and educational department. In this handbook, it tells of the many things that are involved in it

and what you can do. Here are a few things you can do in the FFA: 1) Take field trips; 2) Take part in contests; 3) Become a leader; 4) Earn money; 5) Compete for awards; 6) Travel; 7) Serve your community. In all of these, you have fun and learn something new. FFA is a good organization and everyone should take it. We thank the PCA for giving us these books.

## School Activities

**WEEK OF JANUARY 11-18**  
Wednesday, January 11  
Six-week tests (three days), Jan. 11-13.  
Thurs.-Fri.-Sat., Jan. 12-14  
Bovina Junior High Basketball Tournament, here.  
Friday, January 13  
High School basketball at Springlake-Earth, 4 p.m.  
Monday, January 16  
Junior High basketball, Springlake-Earth, here, 4 games, 5 p.m.  
Tuesday, January 17  
JV basketball, Hart, here, 3 games, 5:30 p.m.

## Fire Department Answers Four Calls

Members of the Bovina Volunteer Fire Department responded to four fire calls during the first week of 1978. The first fire of the New Year occurred on Tuesday, January 3. A car fire was called in at 11:15 p.m. from the Garza residence at 102 Avenue B. Ten men and three pieces of equipment arrived to discover that the fire had burned out with only minor damage resulting to the car. A truck fire occurred the next day, January 4, at 3:15 p.m. next to a barn on the Trimble Barn in the southern edge of Bovina. The truck had extensive

damage to the engine and interior. Even as firemen were rushing to this fire a second fire was called in. The second fire was a grass fire on U.S. Highway 60 just west of the Parmer County Cattle Company. Two pieces of equipment continued to the pickup fire while two other pieces of equipment were diverted to the grass fire. The pickup fire was quickly extinguished and those firemen and equipment also responded to the second fire. A total of nine fire fighters were involved for an hour in quenching the two fires. The fourth fire occurred Friday night, January 6, at 6:45 p.m. Fireman Bruce Caldwell spotted a grass fire one mile east of Bovina on U.S. Highway 60 and sounded the alarm. Four firemen and two pieces of equipment extinguished the blaze in approximately one hour. The department was able to save an irrigation pump used by Mike Beauchamp, valued at approximately \$3,000 before any damage could occur. Jerry Athley, Bovina City Marshal, reports that several instances have occurred where drivers have not pulled over to the right of the road and stopped for emergency vehicles as required by state law. In the future, drivers refusing to yield to fire trucks will be cited in court.

**FACTS**  
By **John Ricci**

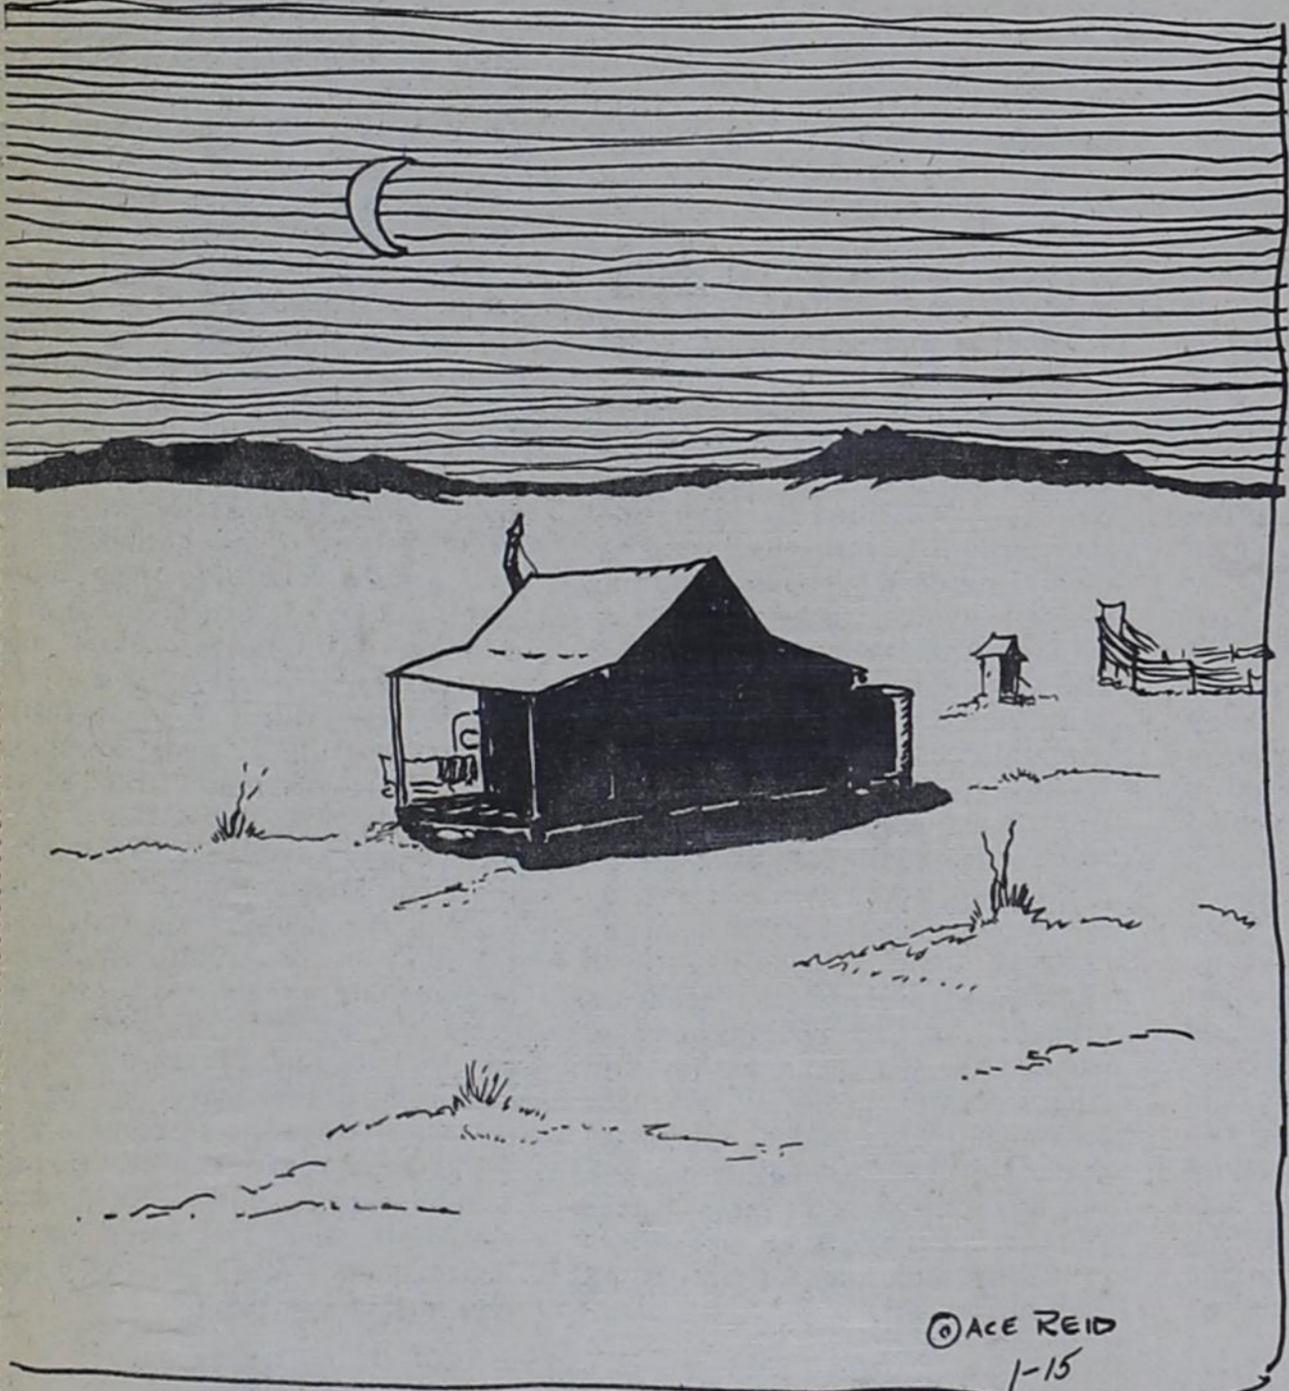

Familiarity around farm equipment shouldn't breed contempt—just more awareness. All the safety technology, training and education, while cutting the death loss some resulting from farm accidents, are of little value unless safety is made a personal commitment. Accidents in 1976 claimed the lives of 5,400 farm residents and caused some 500,000 disabling injuries. About 1,900 deaths and 180,000 disabling injuries were classified as farm work accidents. The dollar loss now approaches \$3 billion annually, but that's not all of it. Farm safety—something that should be a constant in the life of the farmer—is a means of reducing accidents that cut agricultural productivity. In other words, one accident hits where it hurts most, the pocketbook, and that's not counting the personal loss the farm families.

## Calendar Of Events

**WEEK OF JANUARY 12-18**  
Thursday, January 12  
Women's Study Club meets, club house, 3 p.m.  
Lions Club meets, 12 noon.  
Monday, January 16  
Volunteer Firemen meet, fire station, 7 p.m.  
Tuesday, January 17  
Jaycees meet, State Bank, 12 noon.

## UNITED METHODIST CHURCH

Many Happy Birthdays: Dec. 23, Leola Williams, Grady Hall, Dustin Schilling; 25, Dudley Hughes; 26, Mrs. G.H. Hall; 27, Tom Beauchamp; 28, Mrs. Tom Griffith, Christi McCain, Kenneth Cary; 29, Craig Nelson; 31, Brenda Wilson; Jan. 6, Charlene Grissom; 7, Mrs. Wilbur Charles, Tami Stokes; 8, Philip Putnam; 9, Ron Putnam; 11, Nancy Fowler Harden, Erith Hawkins.

Remember that if you have any grocery tapes (AND who doesn't?), please place them in an envelope and deliver them to the United Methodist Women. That is, if you do not plan to use them yourself. Take them to Pauline, Juanita or drop them off at the church office. They are for added flatware for the kitchen.

We had 140 in morning worship on Christmas Day, thirty-one were visitors.

May we say more "Thank You's" to Mr. and Mrs. W.R. Gipson have been so very faithful to prepare or to have someone to prepare, the Communion elements every first Sunday. They have been doing it for a long time and never seem to forget it. Isn't it a joy to have a job done this way?

Thanks, also, to Jerry Ware, who now prepares the Communion bread. She is faithful to have that always made and ready. We are so fortunate to have this bread made

right here at home and just for our Communion Service.

Things to Talk About: Jan. 11--Men's Hour of Power, 6 p.m.; Bible Study, John Dixon home, 7:30. Jan. 22--Rev. Dick Horn will be our guest speaker in the morning service.

The United Methodist Women gave \$302.77 to the Christian Children's Fund in 1977. \$190 was given as a sponsor of a child and \$112.77 was given to World Hunger.

## ST. ANN'S CATHOLIC CHURCH

Masses at Bovina: Sunday morning at 8:30. Tuesday--Eucharistic service, 8 p.m.

Masses at Friona: Saturday evening at 7; Sunday morning at 10:30. Wednesday, Eucharistic service, 8 p.m.

Confession: Bovina--Penitential Rite, second Saturday of month, 8:30 p.m. Friona--Penitential Rite, third Saturday of month, 8 p.m.

Baptisms every first Sunday of month.

New series of instructions start every first Sunday of month at 8 p.m.

Servers for Jan. 15: David Schacher, Todd Schilling, Jeff Jesko.

Communion Distributors for Jan. 15: Andy Martinez, Ruben Uriegas. January 14--Penitential Rite in Bovina at 8:30 p.m.

Around the Diocese: Jan. 14-15: Permanent Diaconate formation sessions in Lubbock.

JUDITH MARCIA WADE and WILLIAM TIMOTHY JAMES.... Mrs. Marcia Casey of 14 Robin Road, Clovis, New Mexico, is proud to announce the engagement and approaching marriage of her daughter, Judith Marcia Wade, to William Timothy James, son of Mr. and Mrs. Floyd Englant, 403 Fourth Street, Bovina. The bride-elect is a 1978 mid-term graduate of Clovis

High School. The prospective bridegroom attended Bovina High School and is presently employed at Bovina Feeders. The couple will be united Saturday, March 11, at 4 p.m., in Kingswood United Methodist Church in Clovis. No local invitations will be sent. All friends and relatives of the couple are invited to attend.

## FOR 1978

# Cotton Program Provisions Given

The provisions for the 1978 cotton program were announced this week by Prentice Mills, of the Parmer County ASCS office.

Mills pointed out that there will be no set-aside requirements under the 1978 upland cotton program.

Other provisions of the program include:

+A target price of 52 cents per pound.

+A National Program Acreage of 10,248,000 acres.

+A 20 per cent voluntary acreage reduction.

+No land diversion payments and no limitation on planted acres.

+A 1978 loan rate of 44 cents per pound on strict low middling 1-16 (Mike 3.5 thru 4.9) at average U.S. location.

The target price provides cotton producers a national average income protection of 52 cents per pound.

If the national average price received by farmers for upland cotton during the calendar year 1978 falls below the target price, cotton producers will receive a deficiency payment at a rate equal to the difference between the higher of the average market price for calendar year 1978, or the loan level of 44 cents.

For example: If the average market is 46 cents per pound, the deficiency payment would be six cents per pound (52 cents-46 cents), if average market price is 42 cents, the deficiency payment would be eight cents. (52 cents minus the loan rate of 44 cents equals eight cents.)

The target price is also used as a base to determine disaster payments. The disaster payment rate for 1978 is 17.3 cents per pound--one-third of the target price. Disaster payments are paid if the producer is prevented from planting upland cotton or other program crops or if his yield is substantially reduced due to circumstances beyond his control.

Prevented planting payments can be made on the acreage intended to be planted--not to exceed the acreage planted in 1977. Payment is made on 75 per cent of the established farm program payment yield on the acreage approved for prevented planting.

For low yields, payment is made on any production loss below 75 per

cent of the program payment yield multiplied by the acreage planted for harvest on the farm.

The 10,248,000 National Program Acreage (NPA) could be revised later (cannot be less than 10,000,000) for the purpose of determining the National Allocation Factor (NAF). The NAF (not to exceed 100 per cent) will be determined later by dividing the final NPA by the national harvested acreage of the 1978 crop.

For example: Harvested acreage 12,500,000 divided into the NPA of 10,248,000 equals .8198 Allocation Factor. Take a farm with 102 acres of cotton planted which earns a deficiency payment. The acres for deficiency payment would be 102.0 x .8198 equals 83.6 acres eligible for deficiency payment.

"In this example, keep in mind that all the acreage is eligible for disaster payments and loan. Also, if the 102 acres planted in 1978 is at least 20 per cent less than 1977, all the 102 acres would be eligible for deficiency payment," Mills said.

Deficiency payments under the 1978 cotton, wheat and feed grain programs combined are limited to \$40,000.00 per person in 1978. Disaster payments are excluded from payment limits. Of course, loans are not subject to any limitation.

## Bond Sales Are Given

October sales of Series E and H United States Savings Bonds in Parmer County were reported today by County Bond Chairman Charles Allen.

Sales for the ten-month period totaled \$75,552 for 76 per cent of the 1977 sales goal of \$100,000.

Texas sales during the month amounted to \$30,173,210, while sales for the first ten months of 1977 totaled \$240,081,441 with 87 per cent of the yearly sales goal of 276.9 million achieved.

## Hospital Report

### ADMISSIONS--

Margaret Diaz, Hereford; Louva Kersey, Bovina; Hardy May,

### Lazbuddie

### Crusade Set

The Lazbuddie Crusade will be held July 16-22, 1978. A planning meeting for this crusade will be held January 16, at the Lazbuddie Methodist Church at 7:30 p.m.

The crusade will be inter-denominational and representatives of all area churches are invited to the meeting and to participate in the crusade.

The meeting January 16 will be to consider speakers and singers to lead the crusade and to elect a general chairman.

Friona; Sarah Herrera, Hereford; LaTawn White, Friona; Mario Castillo, Clovis; Roy Flores, Friona; Ann Graves, Friona; Joe Tongate, Friona; George Thomas, Friona; Patsy Webb, Bovina; I.W. Quickel, Bovina; Troy Chadwick, Farwell; Marcina Gonzales and baby girl, Friona; and Elva Larrea, Hereford.

### DISMISSALS--

Leroy Lambert, Mary Harper, Esther Rumpel, Geraldine Taylor, Louva Kersey, LaTawn White, Athelea Neel, Mario Castillo, Roy Flores, Margaret Diaz, Ann Graves, I.W. Quickel and Elva Larrea.

### PATIENTS IN HOSPITAL--

Bessie Boatman, Hardy May, Joe Tongate, George Thomas, Marcina Gonzales and baby girl, Sarah Herrera, Patsy Webb and Troy Chadwick.

## At Home In Parmer County

By Laura Jacobs

SALES! SALES ARE going on everywhere this month, and they can really help smooth the rough seas of a tight budget.

Watch this month for: white sales, storewide clearances, and furniture sales. It's important to understand why a price is reduced, and to know the difference between "Special Purchase" and "Mark Down."

Either might be a good bargain, but the Special Purchase is usually merchandise bought from the manufacturer at a low price for a special role. A mark down is a lowered price on merchandise that has been in stock in the store through the season. Mark downs appear in storewide clearances.

Check clothing mark downs carefully for flaws, missing buttons, belts or stains--such as lipstick or make-up. (Make-up can often be removed by washing or dry-cleaning.)

Set a dollar goal for yourself when

shopping sales, since wise buying means staying within your budget. Also, comparison-shop the "on sale" items with another not on sale. It may cost less at another store.

I hope 1978 is a prosperous year for everyone in Parmer County. If my office can be of service to you feel free to come by, or call 481-3619. Happy New Year!

## Co-Op To Elect New Members

The Nominating Committee of Deaf Smith REC met at 11 a.m. January 5, in the Headquarters building of the Cooperative in Hereford.

The Committee will nominate candidates from the Cooperative's membership for the expiring term on the Cooperative's Board of Directors that expire at this year's Annual Meeting March 4, 1978.

Board members whose terms expire in 1978 are Eldred Brown, Friona, representing Deaf Smith County, and Raymond Annen, representing Castro County.

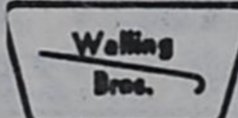

All Cooperative members are invited to the Committee meeting.

Members of the Committee are Joe Drerup, Nazareth; Clarence Betzen, Hereford; Wesley Barnett, Friona; Norman Hodges, Hereford; Danny Murphree, Friona; George Sides, Dimmitt, and Pat Robbins, Hereford.

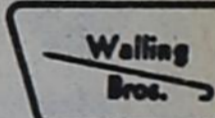

## April Wilson Wedding Set

Everyone is cordially invited to attend the wedding of April Wilson daughter of Mr. and Mrs. Rober Edward Wilson, and Gary Gober son of Mr. and Mrs. Scott Gober Saturday, January 14, at 6:30 p.m. in the First United Methodist Church of Bovina.

The reception will be held in the fellowship hall following the ceremony.

## built to save

## The key to saving

IS INSIDE...

### ... THE WALLS AND CEILINGS

The outside walls of the ENERGY EFFICIENT HOME meet standards according to three options. The first option uses 6 inch studs with 6 inch batt-type (R-19) insulation. Option two has 4 inch studs and 3 inch insulation (R-11) with 3/4 inch styrofoam sheathing. The third option uses R-15 minimum insulation with any other method. All options include a vapor barrier of 6 mil. polyethylene or foil-backed sheetrock. Still insulation or sill caulking between the bottom plate and the floor also is required. The ceiling is insulated with R-30.

### ... THE DOORS AND WINDOWS

Outside doors and all windows on the ENERGY EFFICIENT HOME are weather stripped and caulked. In addition, double pane glass or storm windows and insulated core or storm doors are vital contributors to the dollar-wise built to save ENERGY EFFICIENT HOME. A recommendation is made that maximum glass area comprise 8% or less of floor space.

### ... THE FLOORS

The very foundation of the ENERGY EFFICIENT HOME -- the floor -- is an important factor in saving energy and money. Slab floors contain vermiculite in the cavity between bricks and slab up to the top of the floor. An alternate is a layer of rigid urethane or styrofoam (minimum of 3/4 inch thickness) from top of floor along the outside edge of the slab down to the brick ledge. Wood floors (pier and beam) must be insulated with R-13.

When you're planning to buy or build a new home, you start by taking a really good look inside. Because the key to comfort and saving is INSIDE... INSIDE the walls, in the doors and windows, under the floor and in the ceiling. ... INSIDE the ENERGY EFFICIENT HOME -- really INSIDE. You can see that it's BUILT TO SAVE -- Energy and Money.

## Cranking The Car

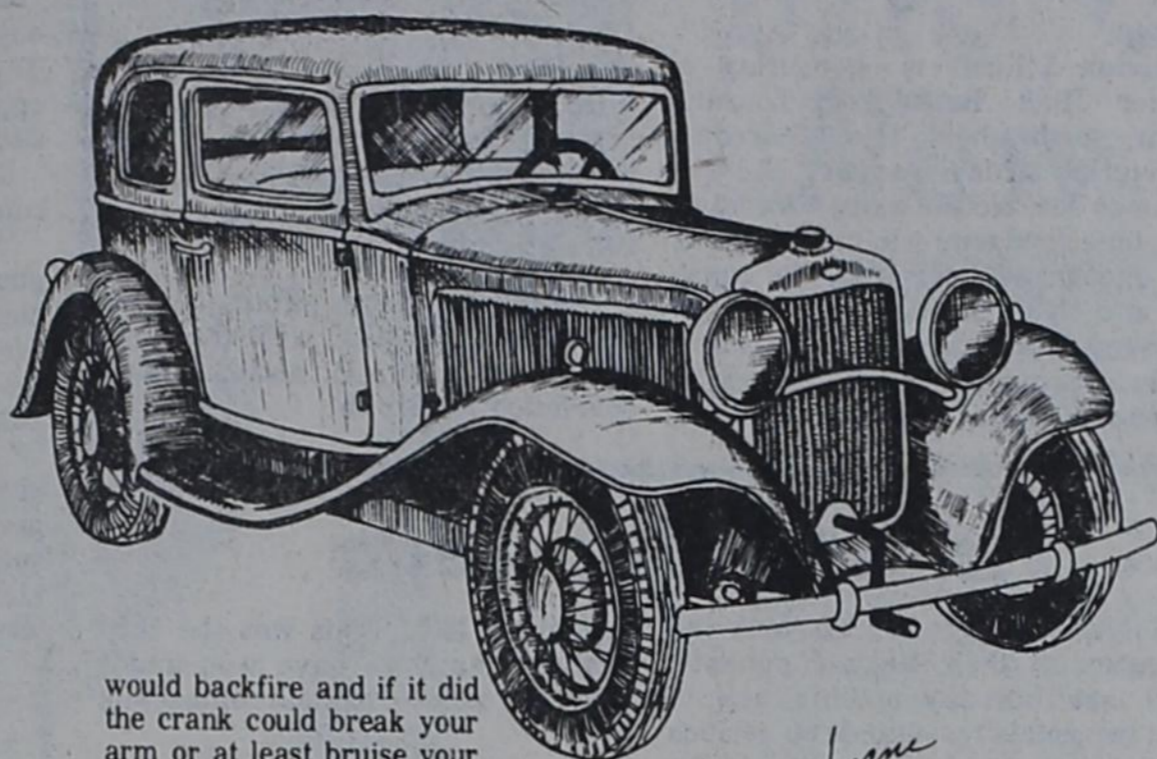

Next time you start your car be thankful it's a key you're turning instead of a crank. There was a time when cars didn't even have starters, that is except for a wicked looking bent steel rod called a crank. The crank was to turn the engine over to start it, the same thing a starter does today.

There was a little hole in the front end of the car that you could stick the crank through. On the front of the car's engine was a bracket that the crank hooked into. The bracket had teeth that meshed with two prongs on the crank. The idea was to stick the crank in, turn it smartly clockwise a couple of times, the engine would cough, spit, then start and you could be on your way. As I said that was the idea but it didn't always work that way. There were several methods of "crankin'". Some people placed the handle near the bottom and pulled up

sharply, one pull at a time. Others would turn it vigorously around and around several times without stopping. Different methods worked for different people and different vehicles.

The crank was always an instrument of confusion for most women. They usually didn't know which end of the crank to hold or which end to put into the car, or what exactly to do with it once it was in the car. They had a way of looking bewildered and helpless, waiting for some man to come along and do the honors. My cousin says we were better off back then — fewer women drivers you see.

You always ran the risk of rubbing a big ole blister on your hand but on extremely cold days the crank might freeze to your fingers. On such days it was usually futile to try to crank the car anyway. Often the engine

would backfire and if it did the crank could break your arm or at least bruise your biceps. To top it off the car could sometimes slip into gear all by itself and lots of people got run over by their own cars just after cranking them.

Cars had a personality and definite temperament in those days. Cars would start for certain people but not for others. We had an old Chevrolet that no one could start except my Dad. He could put the crank in, pull up on it a couple of times and it would kick off. But anyone else might as well not try. I

used to try to crank that car, I wanted to start it so bad but I don't think I ever did.

After auto makers started putting electric starters on cars most people were skeptical enough that they wanted to keep the crank, just to be sure, so the crank hole was left in most models for some years after starters became standard equipment. I miss some things from those days but the crank is not one of them.

## Urged To Cut Acreage

Members of the American Agriculture Movement held a meeting Tuesday, January 3 at the Friona Community Center to help gain active support for the American Agriculture Movement and to explain to newcomers exactly what the movement is and what it hopes to accomplish.

Topics discussed were the future actions of the local group of farmers and the future actions of the entire movement nationwide.

Several hundred farmers and ranchers involved with American Agriculture plan to go to Washington, D.C. sometime in the near future to talk to the nation's leaders about the present farm legislation and propose new farm legislation for the near future. Several local farmers and their wives will be in the Capitol for that phase of the strike.

The American Agriculture Movement requests that farmers cut back on their production this year by 50 per cent to help ease the grain surplus situation. This will speed the recovery of farm prices. Under the present farm bill, farm production is to be reduced by 20 per cent. This reduction is not enough according to local farmers.

Also an attempt is being made by the Movement to inform the consumer of the amount of imported

beef that Americans are eating unknowingly. A reduction of beef imports is sought by the Movement. The reduction will insure the American consumer that he is getting the finest quality beef in the world.

Secretary of Agriculture Bob Bergland has agreed to meet with representatives of the American Agriculture Movement in Kansas City, Mo. January 16. Attempts are being made to get non farm-belt Congressmen to attend this meeting. The attendance of these Congressmen is essential for the passage of better farm legislation. The public is asked by the movement to write a letter to each of the following Congressmen and ask them to attend this meeting as it will be of major importance to the Nation and to every farm community in America.

The Senators the Friona area are asked to write are: Senator Lowell Weicker-Connecticut Senator Edmund Muskie-Maine Senator Robert Griffin-Michigan

Their addresses are the same. The address is: (NAME SENATOR) Senate Office Bldg. Washington, D.C.

The public is encouraged to write these men as well as their own Congressmen.

### Church Chuckles by CARTWRIGHT

"I'm glad to welcome back some old familiar faces, now that the pro football season has ended!"

## Don't Be Little

The book of Job opens with terrible calamity coming upon him. And ends with beautiful rewards being dumped into his lap to restore his losses. The most beautiful thing about this happy ending is not the goods that became his—but the goodness!

At the beginning he prayed for his children. That's a good thing to do, but it's a pretty small circle. At the end he prayed for others.

Job's so-called friends suspected him of impurity, insinuated wrongdoing, and falsely accused him. Without an ounce of sympathy they repeatedly jabbed at him with their false tongues.

God finally turned on them—and they came

crawling to Job for help. If there had been anything mean, petty or spiteful in him he would have trounced them. Our human nature shouts, "Preach their sermons back to them, Job!"

Instead he prayed for them. "Pray for those that despitefully use you," Jesus said. There's not a trace of bitterness in Job. He knew all along that their accusations were wrong—and he knew God would eventually do right by him. So he waited on God and prayed for those who wronged him. Job was too big to be little. He was too big for malice. Life is too short to be little.

## Jr. High To Host Tourney

Bovina Schools is sponsoring a Junior High Basketball Tournament, to be held this Thursday through Saturday, January 12-14. Coach Joel Nelson says, "We have got some good teams to compete and we encourage everybody to come out and cheer on their favorites." Teams signed for play to date are Tulia, Springlake-Earth, Dimmitt, Friona, Farwell, Hart, Canyon and

Bovina. On Thursday, Bovina seventh grade boys play Dimmitt at 1:45 p.m.; eighth grade girls met Hart at 5:30 p.m. and eighth grade boys play Hart at 7 p.m.

The championship games will be played on Saturday, with the girls starting at 6:30 p.m. and the boys scheduled for 8 p.m.

**THANK YOU**  
We wish to express our gratitude to each of you for the food, flowers, cards and every act of kindness shown during this sad time in our lives.

## Jr. Girls Top Vega

The seventh grade girls took the measure of their Vega opponents, 20-6, last Thursday, holding them to just two points through three periods and giving up only four more in the final quarter.

Coach Nelson feels that a special point of the contest was the fact that "Lisa Shepherd scored all 20 points for her team." In the eighth grade competition, also against Vega, the Bovina girls

prevailed, 19-7. "This was the first District game we have won and I think the defense on both teams was great."

SEVENTH GRADE				
Vega	2	2	2	6
Bovina	4	10	20	20
EIGHTH GRADE				
Vega	0	2	6	7
Bovina	2	7	13	19
Connie Shelby 13.

## SCS REPORT

Seeding of permanent grass has been completed on the Roy White estate.

Under the Great Plains Conservation Program. Ronnie McLellan of the Soil Conservation Service is shown examining the excellent dead litter cover to provide protection for newly seeded grass.

Cover such as this shown provides protection for the young grass by protecting it from damaging winds as well as conserving water.

Grasses seeded were Tall Wheatgrass and Western Wheatgrass. These grasses will provide very good pasture and protect sloping land from water and wind erosion.

Charles Allen is the administrator of the Estate and D.B. Ivy operates the farm.

For more information on the Great Plains Program or Crop Residue Management contact the Soil Conservation Service in Friona.

## Teams Take Wins Over Vega

Both seventh and eighth grade boys saw basketball action last Thursday night against Vega opponents and emerged victorious in each contest.

Coach Lerot Lewis gave a brief rundown of the games:

"Our seventh graders played very good defense. Our forecourt press closed off Vega's attack and, as a result, they had just nine shots from the floor and dunked only four baskets.

"As the score shows, our eighth grade shooting was way off, probably the poorest shooting of the season for them. The game was close through three quarters and we

were saved only because we made the shots when it was necessary."

The boys were to play Kress on Monday night.

The season record for the seventh graders is 3-4 and the older boys stand at 5-3.

+++

SEVENTH GRADE				
Vega	4	4	4	8
Bovina	15	15	21	27
Jeff Steelman, Jon Riddle, Joe Pat Wright each scored 6 points.				

EIGHTH GRADE				
Vega	1	7	11	15
Bovina	4	13	17	26
Ricky Shepherd, 12.

## Grant Made To Centers

The University of Texas Systems located at Dallas and at San Antonio both received \$10,000 in grants this year and Peter E. Lipsky, M.D. was given \$14,000 and Stella M. Robertson, Ph.D. was awarded \$11,500 by The Arthritis Foundation.

In making the announcement, Gib Gimble, President, West Texas Chapter, The Arthritis Foundation said his organization gave \$840,000 to medical centers and \$876,500 to individuals.

The funds presented to the centers have been spent to offer the best possible treatment, conduct research and training for physicians, medical students and allied health professionals.

## On The Farm In Parmer County

Mack Heald -- County Agent

**PESTICIDE CERTIFICATION**... If you haven't been certified for buying various types of insecticides or herbicides you can come by my office and pick up a form and quiz. Everything is explained in the booklet so that you can fill out the test and send it to Austin.

**CORN VARIETY TESTS**...Five corn variety demonstrations were conducted this summer in cooperation with growers at Friona, Lazbuddie and Farwell. Below are the results of the test conducted in cooperation with Snider Farmers, Inc., south of Farwell. The varieties were planted on April 4 and 5 and harvested on September 9 and 12. It was irrigated six times every row and received about eight inches of rainfall.

Each of the varieties had the misfortune of contracting maize dwarf mosaic virus (MDMV) early in the growing season. This disease caused a great deal of yield loss in the Farwell area and on certain

farms near Friona and Bovina. The same situation applied to these varieties. Some of the varieties stunted worse than others. This was reflected in a total yield considerably less than what has been seen in recent years with the same variety.

The percentage figures taken on August 1 represent leaf infection only. Of the highly susceptible varieties it appears that one per cent leaf infection represents 1/2 per cent yield loss. On the moderately susceptible varieties, the per cent loss figure will be lower. A disease study of these hybrids was conducted with the assistance of Bob Berry, the results of which will be published later.

Articles of this type will be appearing in future issues of this paper.

The Texas Agricultural Extension Service intends no endorsement of products, nor is criticism of similar products implied which is not shown or used in Extension Educational programs.

**KITCHEN FACE-LIFT**  
If you're plagued by the winter blahs, revamping your kitchen for a cheery, new look may be just the right project to brighten things up. It can be really simple and inexpensive to do, too. Here are some suggestions:

- To help you organize kitchen cabinets more effectively, use spacesavers, such as stacking shelves, drawer dividers, and storage turntables.

- During stuffy, winter months, grease and cooking fumes combine with everyday dirt and soil to form a dull-looking, greasy film which settles on all areas of the kitchen—not just the stove—on cabinets and appliances, too. To thoroughly clean away the greasy dirt, spray the grimy surfaces with Grease relief® degreaser and wipe with a damp sponge. For large jobs like laundering grease-spotted, washable curtains and table linens, apply degreaser directly to the soiled areas before laundering.
- When your kitchen is sparkling clean again, you might want to add some colorful, new table accessories such as placemats, napkin holders, or an attractive centerpiece. Many pretty, yet inexpensive, decorative items can be found in your local dime store.

**WELCOMED HOME....**James Gentry, president of the Hereford ISD board of education, welcomes Muleshoe head football coach Don Cumpton to Hereford as Herd head coach and athletic director. Supt.

Dr. Harrel Holder, left, headed the committee which recommended Cumpton to the school board in a special meeting on the morning of Dec. 22. (Hereford Brand Photo)

# BHS Graduate Tabbed New Hereford Coach

(With appreciation to The Hereford Brand)

Don Cumpton, head football coach and athletic director at Muleshoe for the past two seasons, was hired on Dec. 22 as the new head coach and athletic director for the Hereford Whitefaces by the HISD school board, who took only minutes in confirming his employment with the system. The coach search committee, chaired by School Superintendent Harrel Holder, selected Cumpton after reviewing some 30 applications.

He is the son of Bovina residents, Mr. and Mrs. Allen Cumpton, and a graduate of Bovina High School and West Texas State University.

Cumpton, 33, this past season led the Muleshoe team to a 9-1 District co-championship. The co-championship came on the heels of a 1-8 record in 1976 and was the first championship for the Mules since 1963.

Before going to Muleshoe, the new coach was at Sanford-Fritch where his team won the first district and bi-district championships in the school's history.

The highly successful young mentor was assistant football and head track coach in Hereford from 1970-74. His 1973 track team won the 2-AAAA championship. Prior to coming to Hereford, he coached in Tulia from 1967-70.

The new coach states his philosophy of athletics in four objectives. They are (1) to encourage all students to participate in some phase of the athletic program; (2) to aid and support each program within the school; (3) to have an enjoyable but disciplined

program, and (4) to teach our young people the ideals and values to make each of them a productive citizen in our society.

Cumpton's family consists of his wife, Linda, and two sons, Brent, 7, and Davis, 6.

"We are pleased to be able to gain someone of Coach Cumpton's calibre. He is enthusiastic," Holder stated in making the announcement. "He has been able to completely turn programs around in his second year in his two previous head coaching stints. He was the unanimous choice of our search committee."

The other members of the committee were Assistant Superintendent Larry Wartes, High School Principal Jerry George, La Plata Principal Pat Hughes, Stanton

Principal Bill McCarley and board members, Jim Arney, Mack Tulb, Clark Andrews and David Hutchins.

The school board met at 7:30 in the morning to formally approve the new coach's contract, which is for two years.

Hereford Brand publisher Speedy Nieman said in his column of Dec. 22: "The selection of Don Cumpton as the Herd's new athletic director and football coach was apparently a popular choice with fans in the community. Close followers of the athletic program remember Cumpton's enthusiasm and dedication when he served here as an assistant grid coach and head track mentor. We join many others in the community in congratulating Don and wishing him success in his new position."

## Balance Paces Mustangs' Win

In a January 3 game at Lazbuddie, the Bovina Mustangs outscored the Longhorns, 69-60, with four locals scoring in double figures.

Coach Don Heard noted that Lazbuddie had beaten the Mustangs earlier this season in a contest played here. "The boys who came off the bench played as well as could be expected," Heard said. "We have achieved the ability to play together and when everyone does his assignment, we figure to win some ball games."

Against Adrian here on January 6, the Mustangs won again, 56-43. Heard said, "Adrian beat Vega by

five points before Christmas. Our full court press was the deciding factor, forcing Adrian into many turnovers and our offense picked up exceptionally well. We averaged 54 per cent accuracy from the field, with 75 per cent in the first quarter."

**AT LAZBUDDIE—JANUARY 3**

Lazbuddie	12	32	51	60
Bovina	18	29	49	69

Bovina	16	27	40	56

Ron Cary 18, Gerald Shelby 13.

## Fillies Run Record To 12-6

The Varsity Fillies and JV girls played winning basketball against Lazbuddie on Tuesday, January 3, at Lazbuddie.

Leading by 10 points at the end of the third period, the Fillies barely squeezed out a 44-43 victory.

The Jayvees had an easier time in their contest and whipped their opponents, 45-18.

Friday, January 6, the Fillies, in their longest game of the season, were forced into overtime before winning against determined Adrian, 48-38.

Coach Joel Nelson noted the Fillies outscored Adrian, 12-2, in the three-minute overtime period, but also declared, "It was the worst

shooting, ever. We made only 12 of 68 from the field. That's an average of only about 17 per cent and we usually average 45 per cent. Our

defensive guards played excellent ball. I do want to say, though, that our won-lost record is 12-6."

**FILLIES—JANUARY 3**

## JV Fillies Sparkle In Tournament

The JV Girls entered the Morton Tournament last Thursday through Saturday, winning their first two games against Seagraves and Springlake-Earth and losing the championship contest to Tulia by two points, 37-35.

"We were way behind at the end of the half in the championship game," Coach Nelson said, "but we outscored them by three points in the third period and by eight in the

fourth. With 30 seconds to go, we were one point behind and we stole the ball twice, had four chances to

score, but failed. We overcame a real psychological test because Tulia has beaten us twice this year,

each time by 20 points. We didn't win the tournament but we did finish second."

**FIRST GAME**

Seagraves	11	22	25	29
Bovina	6	14	20	34

Kathy Williams 9.

**SECOND GAME**
