Marvelously Fulfills Every Pledge and Promise Made by San Francisco

OVER A QUARTER OF A MILLION OF PEOPLE INAUGURATED THE VAST PANAMA-PACIFIC INTERNATIONAL EXPOSITION AT SAN FRANCISCO

Through the center of the Zone, the amusement section at the Panama-Pacific International exposition at San Francisco, runs a broad avenue three thousand feet in length. It is not unusual for this entire avenue to be jammed with entertainment seekers who are busy patronizing the one hundred concessions on the Zone. An exact reproduction of the Panama canal is one of the popular and instructive features, there being a constant line both day and night of people eager to see the workings of the man-made canal. The premier showmen of America have assembled here their finest offerings of amusement, education and instruction.

### MUFFLED KNOCKS

The trouble with a good talker is that he is always a poor quitter.

Some men think you can't cultivate an acquaintance unless you irrigate it.

Every time a married man digs up a new excuse for being out late he infringes on some other fellow's patent.

If a man had a chance to get \$10,000 a week for minding his own business he wouldn't hold the job more than a few hours.

What has become of the old-fashioned man who used to fasten his boiled shirt to his pants with the flap at the bottom of the bosom?

One thing is favor of the man whose pants are shiny in the seat is that they didn't get that way from learning the sea non dip at a tango temple.

A woman will send flowers to a man who has murdered his wife. But she believes that any man who is the father of twelve children is too ornery to live.

There is only one thing that comes as hard as paying an old bar bill. And that is when the defeated candidate has to prepare his expense account for publication.

You might imagine that a homely girl would be grateful to a man for marrying her. But after she gets you she will roast you just as much as if she was the prettiest thing in town when you snared her.

Once in a while Mother decides to let Father down easy when he comes home after spending the evening posing in front of members of the bartenders union and she will make up her mind to forget that she has either eyes or ears. But after Father gets home Mother gets mad because she can't forget that she has a nose.

Every spring, when the sun is warm and the birds are singing, a man throws his overcoat into the corner of a closet because he knows he will be able to buy a new one when winter comes around again. And the next fall when it starts to snow, he finds that he is broke, as usual, and the old coat feels mighty good to him.—Cincinnati Enquirer.

### Smile!

The thing that goes the farthest toward making life worth while; that cost the least and does the most, is just a pleasant smile—the smile that bubbles from the heart that loves its fellow men, will drive away the cloud of gloom and coax the sun again. It's full of words and goodness, too, with manly kindness bent; it's worth a million dollars and doesn't cost a cent. There is no room for sadness when we see a cherry smile. It always has the same good look—it's never out of style. It nerves us on to try again when failure makes us blue; such dimples of encouragement are good for me and you. So smile away; folks understand what by a smile is meant—it's worth a million dollars and doesn't cost a cent.

CITY ELECTION

The city election will be held next Tuesday, and the following names have been nominated for the offices:

For Mayor: T. R. MOREMAN

For Alderman: J. G. McDOUGAL, B. W. MOREMAN, P. C. JOHNSON, N. J. ALLEN, R. H. JONES.

Every second Tuesday night the Commercial Club meets.

If you haven't planted trees—do it now; for it will soon be too late.

April Fool! When March went out April came in all covered with snow. Not often to see things in April.

April opens up with plenty moisture to start this year's crop. A fine time to plant oats, as well as to prepare the ground for planting other crops. Donley county has led and will lead again this year. Come to Hedley.

A Truck Growers Association has been suggested and should be organized right away. Plant less cotton, raise more corn and beans; and in the fall sow turnips and live on turnip greens. A number of things can be grown to help make a living.

The Panhandle Press Association meets April 9-10 in Plainview. A splendid program has been arranged and the entertainment features promise to be exceptionally good. The Informer force would like to attend, but, sorry to say, we will have to miss this one.

If you are not an Informer subscriber—you are loser; unless you sponge off the other fellow by letting him pay for the paper and you borrow it. It may be cheaper on you, but is it fair to the other fellow? Subscribe for the Informer and watch Hedley grow.

Panhandle banks are offering good interest for the privilege of handling county funds. Wheeler county gets 6:50 per cent, Donley 6:65, Wilbarger 6:60 and Roberts 7:10, daily balances to be the basis of computation. Hale county goes them a lone better with 8:52 per cent. —Panah Tribune Chief.

Gov. Ferguson has signed the scalp bounty bill passed by the legislature. The bill provides for a bounty of \$1 on each wolf, \$1 on wild cats, and 5 cents on each jack rabbit. The total amount the State may pay for scalp bounties is \$100,000, that amount being appropriated to put the measure into effect.

GOOD ADVICE

Do not neglect to plant trees, shrubs and flowers and make your home grounds attractive. In no other way can a small expenditure of time and money bring so much pleasure and comfort as in planting trees, shrubs and flowers near your home. Now is the time to plant. Plant liberally. Pull corn cribs and smokehouses are sure indications of independence and thrift. Who ever heard of a farmer with plenty of meat and corn being pressed for his living or unable to secure accommodations at the bank if he should need it? Some of the bales you produce in 1915 might be bales of hay instead of bales of cotton. Baled hay is bringing fair prices now and it is not likely to be cheaper until the new crop is baled. The most economical method of marketing hay is beef, mutton or butterfat. In this way you save the cost of hauling to market and selling; you retain the dealers profits, and what is of equal importance, retain the fertility on your farm, provided of course the manure is saved and applied to the soil—Farm & Ranch.

Help Grow by Resolving:

That you will keep so busy boosting that you wont have to knock.

That you will vote, talk and work for a bigger, better, brighter town.

That you will help to make this a good town so the town can make good.

That you will increase the value of your property by improving its appearance.

That you will say something good about this town every time you write a letter.

That you will invest your money here where you made it and where you can watch it.

That you will not point out the town's defects to a stranger nor fail to point them out to a neighbor.

That you will keep your prem-

ises cleaned up and your buildings repaired as a matter of both pride and profit.

That you will brag about this town so much that you will have to work for this town in order to keep from being a liar.

That you will take half a day right now to pick up the odds and ends around the place and turn them into either use, money or ashes.

That you will contribute as much money as you can afford and as much enthusiasm as anybody, to any movement to develop the town's resources.

That you will make friends with the farmers, if a town man, or with the town folks, if a farmer, and help work together for the good of the community of which this town is the center.
