Early voting for the city election will be conducted each weekday at Bovina City Hall, 205 North Street.

Six candidates are currently running for three slots in the May 6 Bovina School Board election. The voter may cast each of his or her votes for separate candidates, cast all of his or her votes for one candidate, or apportion his or her votes in any other manner among the candidates, as long as the number of votes cast does not exceed the number of votes allowed.

In the event of a tie vote between candidates for the last trustee position to be filled, the winning candidate shall be determined by casting lots in accordance with §2.002 of the Texas Education Code.

Breast cancer affects one in eight women. The key to boosting your chances of winning the battle against cancer are early detection by having an annual breast exam, mammogram and performing breast self-exam each month.

The American Cancer Society urges all women to have their first mammogram by age 40. Those who have a close relative with breast cancer or other risk factors may be asked by their doctor to have a mammogram at an earlier age.

The total cost of the screening is \$70.00. Funding is available for breast screening and mammograms to individuals who qualify.

Please call the Women's Center at Harrington Cancer Center at 1-800-377-HOPE or (806) 359-4673 today for more information or to schedule an appointment.

"TOP GUN" SPEAKS LOCALLY..."Top Gun" speaker and pilot, Nancy Robinson Masters (middle) is shown with Bovina High School principal, Jerry Birdsong (left) and Bovina Middle School principal, Brenda Wilson (right). Ms. Masters spoke at Bovina Schools on March 30, giving a motivational as well as entertaining speech.

Scooter's Scoops

By Scooter Russell

The wind really blew on Monday and we also had a bad dust storm. On the Clovis weather report the man said we had only three percent moisture in the air.

Easter Sunday was a beautiful day, however, and many had a lot of fun with family members visiting.

NEWS AROUND TOWN...
Vernon and Frances Willard had all of their family members with them. Dennis and Tammy Willard and children, Amber, Josh, and Jeremy from Bovina; Karl and Beverly Willard and twins, Zachary and Bryce of Lubbock; Alton and Terri McCormick and children,

Chris and Amy of Amarillo.

Also with the family were the Willards' niece and nephew, Katrina Manning of Dallas and Kevin Totty of Amarillo.

Visitors in the home of Carlene Jones were her daughter Kathy and Lowell Boozer of Canyon and their children Amy and Lynn, also of Canyon. Carlene's son, Reggie and Sandra Jones of Amarillo; and her grandson, Jon and Nicki Jones of Memphis and their children, Kyla, Kassie, and Kade.

The family attended church together, then had dinner and spent the evening visiting.

I went to Hereford and got my mother and she spent the night and Easter Sunday with me. We went to Clovis on Saturday and shopped and enjoyed the weekend.

Wayne Spears called and we had a nice telephone visit. He is getting along pretty good now but said had had a broken hip then a hip replacement, two hernia operations and was hospitalized twice with pneumonia. He has emphysema now and said it wasn't too funny.

Wayne said his son, Mike, works for Del Monte and wins trips all over the world for his sales. His wife, Robbie works for Scott Paper and she, too, travels abroad. Wayne's grandkids are now 10 and 14 so he said they are growing up.

"Top Gun" Speaks Locally

On March 30, staff and students at Bovina Schools were entertained and inspired by "Top Gun" speaker, Nancy Robinson Masters.

Ms. Masters is an author and pilot who travels extensively doing motivational speaking to schools around the country. She is the author of several books (including children's stories) and she used many illustrations from her childhood in her talks.

Ms. Masters had the distinction of being asked by President Bush to accompany a research group to the Antarctica in order to write about the experience.

The Fillies have had a very successful track season. Thirteen girls participated on the varsity this week and each girl scored at least one point for the team. "These young ladies are extremely hard workers and they have great winning attitudes," the coach added.

Meet results are:

Looking Up!

By Richard L. Grisham

Springtime is the time for new life! The robins appear, the grass greens, and the trees bud and bloom. New life springs forth as the days lengthen, and the farmers begin placing the new seed in the warming soil. The butterflies are already fluttering about, having survived the winter in their dormant cocoons.

The Bible also speaks of new life and new beginnings, not of the spring, but of the Spirit. Jesus spoke to Nicodemus in John 3:3 of his necessity to "be born again."

In 2 Corinthians 5:17-18a, Apostle Paul states, "Therefore, if anyone is in Christ, he is a new creation; the old has gone, the new has come! All of this is from God who reconciled us to himself through Christ..." (NIV).

Baptism is a picture of the new life that is found in Christ. "We were therefore buried with him through baptism into death in order that, just as Christ was raised from the dead through the glory of the Father, we too may live a new life" (Romans 6:4, NIV).

By baptism a new believer in Christ portrays the death, burial, and resurrection of Jesus. It is a statement of the new life one has

experienced by coming to Christ.

I baptized Dickie Chavez and his wife in April of 1983, along with two others. It was an unforgettable experience not only for him as a new convert to Christ at age 40, but also for me as a pastor. Dickie came up out of the water, paused, and then shouted, "Amen! Glory to God!" Then he went almost completely limp! I had to hold him up and help him out of the baptistry.

After the service, I asked, "Dickie, what happened to you?" But he was still weak and emotionally unable to speak. But there was great joy on his face! I visited again with Dickie and his wife later that week.

"Dickie," I asked, "what happened to you the other night when I baptized you?" Again tears came to his eyes as he spoke softly, "Brother Richard, when I came up out of that water I looked down into it. I could see my old self floating there, dead! That's when I knew I was a new man in Christ and that my sins were all forgiven by Jesus! I was so filled with God's Spirit that when I shouted, I was overcome with joy!"

Praise God for new life in Christ.

He also said they are still a lot of fun and enjoys them more all the time.

Sue Fowler spent last week with her mother, Eula Goss, in Floydada. Her mother hasn't been in the best of health and she has spent time with her recently.

Sue was telling me that on Monday night sometime, their big greenhouse burned. Her son, Robert had lots of bedding plants and Sue said the greenhouse was full. She said they didn't know what caused the fire. It wasn't discovered until Tuesday morning.

Al Kerby and Jim Russell spent a few days boating and fishing at Breckenridge then hunted turkey. They had a little luck fishing but didn't get a turkey. They said the wind blew hard there, too. They visited with Larry Scott and spent the night at his trailer with him. They had a good time.

Jimmy and Dorothy Ware from Maude, former Bovina residents, visited Jimmy's mother, Jerry Ware, in Bovina the week before Easter. They ate out several times and had a good week together.

On Easter Sunday, Jerry said she enjoyed dinner with son Tom and Sandy in Bovina.

Erra Jamerson had her family with her on Easter Sunday. Her daughter Carol and her daughter Kathy from Abilene; son Kelly Jamerson and Lance and Casey from Ozona; and Ken Jamerson from Friona and Ricky and D'Lynn Jamerson from Bovina.

Congratulations to Mike London and Becky Norris, who exchanged wedding vows in a ceremony following church services on Sunday morning at the First Baptist Church. A reception was held at the First Bank Community Room. We wish them much happiness!

Mary Jane Wilson has been

moved to Prairie Acres in Friona. She had been in an Amarillo hospital for a few weeks following a stroke and was moved to Friona on Monday of this week.

Rodney and Suzanne Murphy and family of Abilene were in Bovina over the Easter weekend visiting with family members. Suzanne came on Thursday of last week and they went home on Monday.

Alice Moore of Pampa, former local resident for many years, will be celebrating her 90th birthday on April 25. If you would like to send her a card, the address is 120 S. Russell, Apt. 212, Pampa, Texas 79065.

Sharon Cryer, 49, passed away after having cancer. She lived in Clovis but had lived in Bovina several years ago with husband, Jerry.

Jerry was in the fertilizer business with Jay Harris and Ed Hutto. Many probably remember the Cryers.

Dickie and Mary Evelyn Steelman had all of their family with them over Easter. They are: daughter Sharon and Donald Terry and children, Briana, Dava, and Kayla; son Jeff and Kristi and son Scott; and daughter Leah and Bryan Mason and daughter, Ashton. They were at church together and had dinner at the Steelmans.

GREENHOUSE FIRE....A greenhouse at the home of Sue Fowler burned during the night Monday or early Tuesday morning. It wasn't discovered that it had burned until Tuesday morning. It is believed that the heating unit inside the greenhouse malfunctioned. The greenhouse was filled with bedding plants.

THE TRAGEDY this week, the bombing of the Federal Building in Oklahoma City, has been almost unbelievable to those of us who are life-long residents of this area.

We have a number of relatives in Oklahoma, and spent much of our growing-up years spending "vacations" by visiting various of our kith and kin in the Sooner State. Since we more or less grew up with many of these folks, the bombing in Oklahoma City was just as unbelievable to us as if it had happened in Amarillo or Lubbock.

These things just don't happen in our part of the country. That's the type of things we're used to seeing on the 6 o'clock news--happening in New York or Los Angeles.

Ye Editor called our first cousin, Leta Ray Tate, who lives in the Oklahoma City suburb of Jones, Oklahoma, to find out if we might have had relatives hurt or killed in the explosion.

Luckily we didn't, but Leta said that she and her husband Joe have made periodic visits to that Federal Building, and to the HUD office in particular. They have gotten into the rental business in a serious way, and have bought several houses from HUD, remodeled them, and then rented them out.

"We've gone to the HUD office to check on the list of homes available, pick up bid forms, leave bids, or check on bid results. We were well familiar with that particular office, which was located on the eighth floor," Leta told me Thursday night.

In fact, they were well-acquainted with one of the lady employees at the HUD office, and this lady's desk was situated where some heavy damage occurred.

But by the hand of fate, the lady had gone Wednesday morning to begin a computer class, in the southwest part of the building. This was a section of the building that wasn't as badly hurt, and the friend felt as though she might owe her life to the fact that she had gone to the class that particular day.

HUD had offices on both the seventh and eighth floor of the Oklahoma City building. The friend had gone to an office on the ninth floor when the explosion happened.

A number of other federal offices are located in the building, including Social Security, the Army and Navy recruiting offices, the ATF headquarters, Social

Security and Secret Service.

Leta told us that they regularly went by the Social Security office on their way to visit the HUD office, and "it was always full of people." If you've ever had business at the Social Security office, you know exactly what she was talking about.

Our relatives said that the HUD office itself had a total of 129 employees. After I called them Wednesday night, Leta called her friend from HUD, who told her that 30 of her co-workers are among those on the "unaccounted for" list, and presumed dead.

In fact, Leta's contact had heard that various offices had "entire sections" of employees who were on the "unaccounted for" list.

They expect the fatality list to top the 100 mark, maybe even hit as many as 150.

These relatives live 12 or 15 miles from downtown Oklahoma City, and Joe said he immediately felt the jolt from the explosion. "I thought perhaps there had been a plane crash, perhaps at Tinker Air Force Base.

My cousin Leta said she was at the beauty shop, and her attendant was just leaning her back for a rinse when they heard a strange noise. "Who is moving furniture?" her beauty operator asked.

That is the question that the FBI, along with numerous other law agencies were asking as we wrote this piece Thursday night. Here's hoping that by the time the ink is dry on this bit that the authorities have someone in custody. Then, you people in Oklahoma show the nation how a "trial of the century" really ought to be handled!
