THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

VOL. 21, NO. 4

TO BTD SLATE

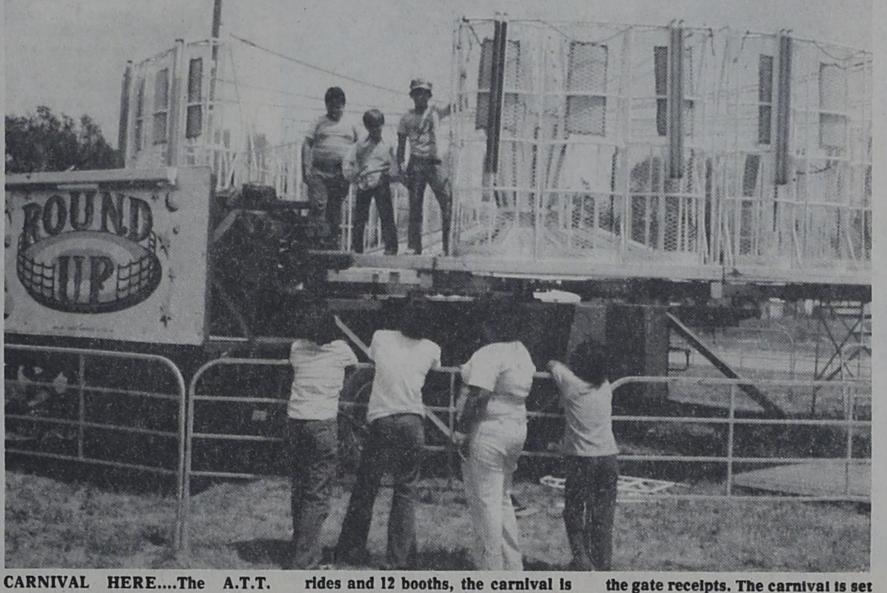

IF YOU WATCH Channel 7 news, and see the early morning news, perhaps you have been impressed this week by the clean-cut young man who has been doing the morning newscasts this week.

He's none other than Ben McCain, son of Mr. and Mrs. Leslie McCain of Bovina. We have caught his newscast a couple of times already this week, and Ben does a downright good job of it--he's better than many you see and hear on local newscasts.

Ben is interested in a career in this type of work, and he's definitely cut out for it. His experience in being before the public which he gained as a singer has helped prepare him in being before the TV cameras.

If you are not in the habit of watching Channel 7's early morning news, be sure and tune in while Ben is on this week. I think you'll be

'Almost Anything Goes' New Addition **Event Patterned**

A new addition to the slate of activities for the 1976 Bull Town Days celebration has been announced by George Powell, general BTD chairman.

After Game Show

An "Almost Anything Goes" contest, patterned after the popular ABC-TV summer show in 1975, has been included in the list of events. The contest will feature eight events, from skilled to funny, according to Gaylon Rhodes, contest chairman. Included in the contest will be two "swing" events, six-man sack race, milk carton race, basketball-water tank shoot, back seat driver, spool race and the "Dagwood" race.

Teams for the contest will be made up of six people--three men and three women-with two alter-

A team trophy and individual trophies will be awarded the first place team in the contest. A team trophy will be presented the second place entry.

Civic organizations, business firms and other clubs are invited to sponsor teams.

Entry fees must be turned in to Rhodes by Saturday, August 14. Teams will be allowed to practice that day, said Rhodes.

The contest will be held at the Mustang Stadium at Bovina Schools. Preliminaries will begin at 9 a.m. Saturday, Aug. 21, with the finals set to begin at 7:30 that evening.

Admission will be \$1 for adults and 50 cents for children under 12 at both the preliminary and final contests. Pre-school children will be admitted free.

JACK PATTERSON is a typical example of how politics can change, or at least your political leanings can change.

Jack has been a pretty steady Republican, and most times you'd expect that such GOP supporters would be all keyed up for the national convention, coming up next month in August.

Except that this year the Democrats went and nominated an old Georgia boy-a farmer, at that, and one with conservative leanings. If you hadn't guessed it by now, Jack is an enthuslastic supporter of Jimmy Carter, being himself an ex-Georgia farm boy.

We agree with Patterson that Carter is going to be awfully hard to beat in November, and we're proud that the Georgian (Carter) has all of the attributes that we have learned of, attributes that enable us to speak real kindly of his candidacy.

A big percentage of the voters in this section of the country aren't necessarily Democrats or Republicans. They have prided themselves for years in voting "for the man." We think that method of voting will see a big majority back in the Democratic column this fall.

IF JIMMY CARTER'S choice for a running mate was a surprise, then about all you can say for Ronald Reagan's pick is that it was a shock.

Politics, someone once said, breeds strange bedfellows. This statement surely fits Reagan's choice of Senator Richard Schweiker of Pennsylvania for his vice presidential choice.

One cannot deny that the move was a shrewd political one. And while it may antagonize some Reagan backers, it just may allow the Reagan campaign to pick up the much needed delegate votes that could give him the nomination. And with Ford within reach of the first ballot nomination, Reagan had to do something drastic, or see his campaign go down the drain.

As we have said before, the Republican convention in August bids to be an interesting affair.

The Ford-Reagan battle for nomination is the closest we can recall in our relatively short time of observing politics. It is the type of intense rivalry that keeps people interested in politics, and their government.

The contest will be limited to the first 20 entries, said Rhodes, with area towns, including Dimmitt, Muleshoe, Friona and Farwell, invited to send teams.

For further information, those intersted in entering the contest, or sponsoring a team, may contact Rhodes or Powell.

3rd Annual Junior **Beauty Pageant Set**

The third annual "Little Miss" and "Miss Baby Doll" pageant, sponsored this year by the Bovina Jaycees, will be held once again in conjunction with the Bull Town Days celebration in August, according to Mrs. Larry Mitchell, chairman of the contest.

The "Little Miss" contest will be for girls ages nine through 13 while the "Miss Baby Doll" contest will be for girls ages four through eight.

The pageant will be held Thursday, Aug. 19, in the Bovina Schools auditorium.

Businesses wishing to sponsor a contestant may contact Mrs. Mitchell, Mrs. Ronnie Sudderth or Mrs. Bruce Caldwell. Parents or grandparents may also sponsor

their child or grandchild in the contest, according to Mrs. Mitchell. Rules of the contest are as follows:

Girls must be four to 13 on or before Sept. 1, 1976, to be eligible in either division;

The official entry blank and a \$10

entry fee must be turned in no later than noon Aug. 12. These may be turned in to Mrs. Mitchell, Mrs. Sudderth, Mrs. Caldwell or mailed to Contest, Box 277, Bovina, Tx. 79009;

During the pageant and rehearsals, no mothers will be allowed backstage. Members of the Jaycee Wives will assist contestants in clothing changes and talent;

Four through eight-year-old con-

testants will model play attire and dressy outfits;

Nine through 13-year-old contestants will have a talent presentation not to be under two minutes or over four minutes in length and will model dress clothing;

Each contestant must submit a photograph with the entry blank, preferably a billfold-size, either black and white or color.

A panel of out-of-town judges will determine the winners in the pageant.

In the first such contest held here in 1974, Pam Rhodes and Misti Boozer were named "Little Miss" and "Miss Baby Doll," respectively. A total of 28 local beauties entered the pageant.

Last year, Ginger Glasscock, daughter of Mr. and Mrs. Kent Glasscock, was crowned "Little Miss." Holli Clayton, daughter of Mr. and Mrs. Dickie Clayton, was crowned "Miss Baby Doll." Runners-up in the "Little Miss" contest were Kim Naegle and Elyese Moody. Runners-up in the "Miss Baby Doll" pageant were Penny and Angie Riley. A total of 18 girls entered the contests.

The arrest of Ramiro Cantu, 17, of Bovina has apparently cleared up several recent burglaries in Bovina. Cantu was taken into custody Tuesday night of last week by City **Marshal Gary Gillespie and Parmer** County Sheriff's deputies.

Missing from the store was \$120 in cash plus a large amount of un-counted change, food stamp coupons and five checks totaling over \$100.

underway soon.

Days for 1976 announced this week by the Bovina Chamber of Commerce and Agriculture sounds like a great idea.

The "Almost Anything Goes" contest, which the chamber will sponsor, could turn out to be one of those fun additions to the schedule that could be repeated year after year.

Sounds like Gaylon Rhodes, the event chairman, has some novel ideas on the events in the competition.

It's ideas like this that will keep Bull Town Days as a feature attraction for the city each year.

STRANGER: "Say, I need help. Do you have a criminal lawyer in this town?"

Native: "Well, we're pretty sure we have, but we can't prove it."

Junior and Senior students at Bovina High School will have an opportunity for the second consecutive year to take part in a program which combines classroom education with on-the-job training in a variety of occupations.

BHS

Classes in Home Economics Cooperative Education (HECE) will once again be part of the curriculum, according to Mrs. Gwen Corn, HECE instructor-coordinator.

The course is set up for one or two years and carries six quarter credits each year. Students will receive pay comparable to that paid beginning workers in the same occupations, Mrs. Corn noted.

"The practical work experience will be provided for students through part-time employment at cooperating businesses within the city," Mrs. Corn commented. "We feel this type program does much to provide the youth of Bovina with a well-rounded educational program that will fulfill the need for practical and useful training."

The program concentrates on enabling students to become occupationally competent to enter full-time employment upon graduation from high school.

Mrs. Corn will be responsible for the selection and placement of students and will correlate the classroom and practical education. Any business firm or individual interested in employing an HECE student during the coming school year may contact Mrs. Corn at the Bovina Schools.

Parmer County ranchers placed third in the state in the total number of cattle and calves with some 170,000 head on hand at the beginning of 1976, Agriculture Commissioner John C. White has announced.

Texas as a whole placed first in two categories, with 15,600,000 cattle and calves reported on Jan. 1.

"Cattle ranchers in Texas managed to shave a million cattle from throughout the state between Jan. 1, 1975, and the beginning of 1976, helping greatly to ease the overabundant supply situation and bring numbers in closer agreement with demand," Commissioner White explained.

The Bovina man is alleged to have been involved in three recent burglaries of local business firms--Bonds Oil Company, Bovina Recreation Hall and Rodriguez and Sons Service Station.

Bonds Oil Company on Highway 60 was broken into between 6:30 and 10:10 p.m. Monday, July 12. Entrance to the building was gained by throwing a brick through the shop door inflicting some \$35 damage in the process. Missing was \$2 to \$3 from the soft drink machine there. A gas delivery truck parked at the firm was also broken into.

Some \$100 in cash and change was taken in a break-in between noon

and 1:30 p.m. Wednesday, July 14, at the Bovina Recreation Hall.

The burglary at Rodriquez and Sons Service Station occured shortly after midnight Monday of last week.

20-Year Award

Prentice L. Mills of Farwell, county executive director of the Parmer County Agricultural Stabilization and Conservation Service, received a 20-year certificate of service award Friday, July 16. The award was presented by C. Wayne Mayfield, district director of ASCS in this area.

Mills began his career with the ASCS early in 1956, spending a brief time in Hale and Briscoe counties before coming to Parmer County July 1, 1956. He has been responsible for administering the various farm programs for over 20 years.

Theme Of Dress Revue

Under the theme, "Flight Into Fashion" at the new Lubbock Regional Airport, four young ladies showed off their own creations and earned a trip to the State 4-H Dress Revue in San Antonio by winning top honors in the District 2 4-H Dress Revue recently.

The winners are Annette Weil of Hale Co.; Pearl Perez, Swisher Co.; Pryncess Parkman, Bailey; and Cindy Mitchell, Lubbock Co.

Named as alternates were Sheree Jerden of Lynn Co., first alternate; an Linda Sue Gohlke of Parmer Co., second alternate. These two girls will fill in at San Antonio, Sept. 17-18, in the event any of the others can't compete in the finals during the State 4-H Dress Revue.

All 17 contestants, who represented a 20-county area of the South Plains, made and modeled their own outfits.

Special honors went to Miss Pryncess Parkman for showing the best outfit constructed of fabric of cotton or cotton blend.

Also awarded during the show was a \$500 Aubrey W. Russell Scholarship. Agnes Acker of Castro County was presented the award by Mrs. Lucille Witten, district 2 director of the Texas Home Demonstration Association, and Mrs. Sheila Fillingim, treasurer of the scholarship fund. The scholarship is offered each year based on best record book and other criteria to a 4-H girl majoring in home economics at Texas Tech.

In addition to senior level competition, 17 juniors vied for honors. They will not compete beyond the district level.

There are no 1-2-3 placings in the annual dress revue. Contestants are judged on their sewing and construction skills, overall appearance, modeling abilities, and their 4-H record books. County, was master of ceremonies. Other 4-H'ers on the program were Charmi Wood of Lynn Co., and Darlene Gunn of Garza Co.

Wynon Mayes, county Extension agent (home economics) in Hale Co., served as chairman of the event, with Catherine B. Crawford, district Extension agent (home economics), serving as coordinator. Also, competing in district from Parmer County was Kim Gregory of Lazbuddie. She won a blue ribbon in the junior competition.

Pioneer Natural Gas Company has received notification from the Railroad Commission of Texas that the hearing requested by Pioneer will be held in Austin September 14. On May 21, Pioneer Natural Gas Company, a division of Pioneer Corporation, filed its application with the Railroad Commission of Texas seeking a review of its cost of gas for its West Texas System, and a finding of the correctness of the cost of gas, as well as determining the appropriateness of the policies of Pioneer in maintaining its gas supply.

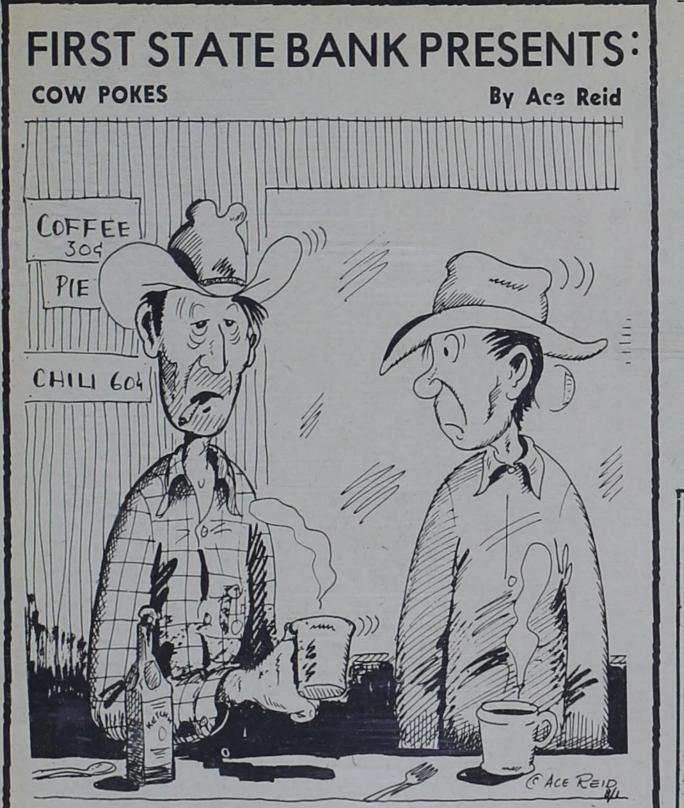

The Commission order setting the hearing gives the date and time of the meeting as September 14, 1976, at 9 a.m. in Room 812 of the Ernest O. Thompson building, 10th and Colorado Streets in Austin. The order further states that any interested person may appear at the hearing and present evidence on the matters to be considered.

Subsequent to Pioneer's application for this review of its practices by the Railroad Commission, the Commission has called for a hearing on August 2, in Austin, to review cost-of-gas adjustment clauses for gas companies throughout the state. A special tour of the new regional airport facilities and a dinner for contestants, parents, Extension agents and special guests kicked off the awards phase of the event. Presenting the awards was Mr. Edward Breihan, general manager of the Plains Cooperative Oil Mill which sponsored the dinner.

Teresa Daniels, Rickey Stanberry Recite Vows In Amarillo Church

Miss Teresa Jean Daniels and Rickey Charles Stanberry exchanged double ring wedding vows in a candlelight ceremony at 6 p.m. Saturday, July 10, in the North Mirror Pentecostal Holiness Church of Amarillo.

The bride is the daughter of Mr. and Mrs. Raymond Daniels of 1617 North Fairfield in Amarillo. The bridegroom is the son of Mr. and Mrs. Alfred Stanberry of Bovina.

Rev. Lois Blanka, Pentecostal Holiness minister from Canton, Okla., read the vows before an archway trimmed with English ivy and white satin bows. Family pews were marked with red satin bows.

Miss Teresa Foster, pianist, accompanied Miss Raylene Fergurson as she sang "A Wedding Song" and "God, Woman and a Man."

Escorted to the altar by her father, the bride selected a formal white gown of bridal satin and lace. The gown was designed by the bride with an empire waistline, deep vee-neckline and long sleeves of lace. Lace edged the neckline and hemline of the gown with lace medallions scattered over the gown. Her chapel length veil of silk illusion fell from a headpiece of bridal satin and lace. The bride carried a bouquet of peppermint carnations, miniature sweetheart roses and baby's breath atop a white Bible.

Carrying out tradition, something old and borrowed was a sweetheart bracelet belonging to the bridegroom's mother; something new was her gown and a wedding bell necklace with a seed pearl, a gift from her parents; and she wore the traditional blue garter.

Miss Becky Daniels of Moore, Okla., cousin of the bride, served as maid of honor. Bridesmaids were

Morris of Bovina, nephew of the groom, and Rodney Lacy of Amarillo, were ringbearers. The flowergirls wore red floral formal gowns with white hats and carried white lace baskets filled with red rose petals.

Bob Daniels and Karen Daniels, brother and sister of the bride, lighted the candles. Miss Lori Sain of Amarillo presided at the guest register.

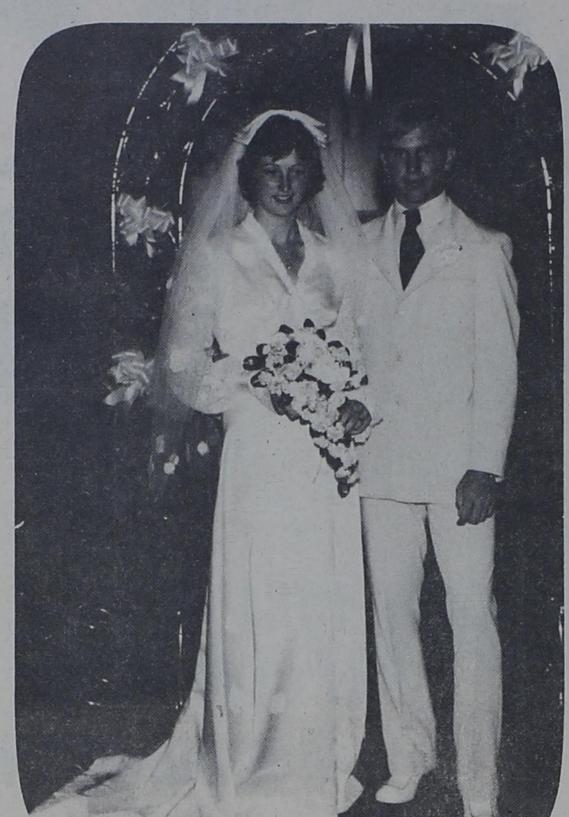

For her daughter's wedding, Mrs. Daniels selected a formal gown of blue crepe with matching eyelet overlay with white accessories and a corsage of white carnations.

The bridegroom's mother chose a formal gown of pink crepe with matching lace. She wore matching accessories and a corsage of white carnations.

A reception was held in Fellowship Hall of the church following the ceremony.

The serving table was covered with white net over white organza and centered with an arrangement of peppermint carnations, miniature red sweetheart roses and baby's breath. The three-tiered wedding cake was decorated with red roses and topped with a nosegay of flowers matching the centerpiece. Six satellite cakes surrounded the wedding cake. Red punch, wedding cake, nuts and mints were served from crystal and silver appointments by Mrs. Debbie Daniels of Amarillo, sister-in-law of the bride; Miss Pam McCormick of Bovina, cousin of the groom; and Michelle Petz of Amarillo.

For a wedding trip to Six Flags Over Texas, the bride selected a white pleated skirt with floral print shell and hot pink jacket with white

Bovina JCs Still Unbeaten

Bovina's Jaycees took two victories last week to retain their perfect slate going into the third week of play in the Lions Club-sponsored slowpitch softball league.

The Jaycees have a 4-0 record, followed by Big Nick Machinery and Hub Aerial with 2-1 slates and Charles Oil with a 3-2 slate. In the bottom half of the standings are the Latinos, Bonds Oil Company, Sherley Grain, Agri-Sprayers and Farwell Jaycees.

In the opening tilt Monday night of last week, Charles **Oil outlasted Sherley Grain**, 3-1. Nicky Rodriguez blasted a home run with a runner on base in the third inning to give Charles Oil the lead it never relinquished. Billy Shepherd was the winning pitcher with Eldon McCormick tagged for the loss.

In another close game that evening, the Latinos edged Agri-Sprayers, 8-7. Ruben Martinez was credited with the win with Ernest Hernandez tagged for the loss. The Latinos tallied seven big runs in the first inning and added an insurance marker in the third. Agri-Sprayers tallied four in the third and three in the fifth innings.

On Tuesday night, Big Nick Machinery, with Mike Grissom on the mound, took an 11-2 win over Bonds Oil Company. Perry Mason was Oil scored its only two runs scored all four runs in the versus Big Nick Machinery.

seventh innings. On Thursday night, Charles Oil came back for a 13-7 win over Agri-Sprayers with Shepherd again on the mound. Manuel Quintana was tagged for the loss. The Oilers tallied five runs in the first and fifth innings and three in the sixth. Agri-Sprayers tallied six runs in the second inning for a temporary lead and one in the fifth inning.

Big Nick Machinery fell, 9-11, to the Bovina Jaycees in the final game Thursday evening. Grissom took the loss and Radford Venable was credited with the win. The score was tied 5-5 at the end of the first inning, however, the Jaycees took a one run lead after two innings of play. The score was tied once again at 9-9 after four innings of play, however, the Jaycees pushed across one run in the fifth and sixth innings each to ice

down the victory. Two regular games and a make-up game were played Friday night. In the opening tilt, the Jaycees took their second win of the week and their fourth consecutive victory with an 11-4 victory over the Latinos. Venable

was credited with the win. Martinez was tagged with the loss. The Jaycees scored two runs in the second, six in the third and three in the tagged with the loss. Bonds fourth innings. The Latinos chinery and Sherley Grain

The Friona-Bovina Senior League All-Stars fared very well at Lovington last Friday as they gained the finals of the Senior Little League Bi-District Tournament with a 7-2 win over the home team, but then fell to Tucumcari the following evening, 9-7.

The Lovington contest saw Bovina right-hander Ronnie Cary pitch a one-hitter, collecting 11 strikeouts along the way. He walked five.

Friona jumped out to a quick lead when they scored four runs in the top of the first inning. Leadoff batter Leslie White drew a walk and eventually came across the plate with Friona's first run.

Base hits by Doug Roming, Willie Brailiff, Ronnie Cary, Chris Barnett, along with a double by Dan Cox accounted for Friona's early four run lead. Friona's final three runs were scored in the third inning by way of Brailiff, Barnett, and Harvey Shepherd's hits.

Despite Lovington's fifth inning run, Friona held on to take a 7-2 win and advance to Saturday night's final against Tucumcari.

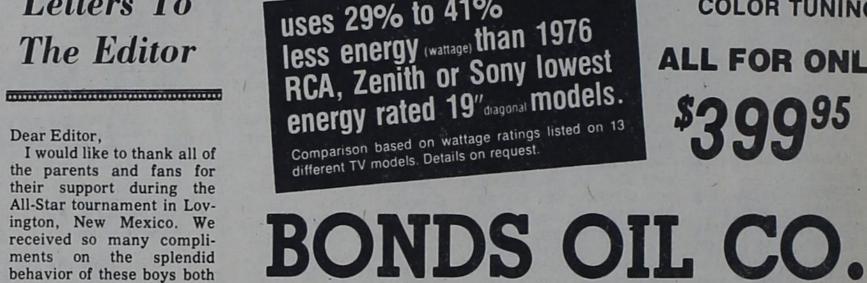

In that contest, Tucumcari jumped out to a quick lead scoring four first inning ington, New Mexico. We runs as Friona went hitless in their half of the inning.

After Tucumcari's big first inning, the Friona team got hits from Leslie White, Doug Roming, Willie Brailiff, Ronnie Cary, Harvey Shepherd and Dan Cox to account for five runs of their own which they used to build a lead that held up until thelast time Tucumcari came to bat.

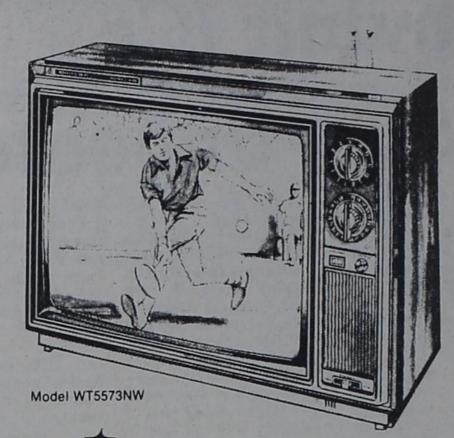

In that horrid inning Friona lost its chance to advance in Senior Little League play as Tucumcari scored five runs which iced the game. All-Star coaches Ron Cain

and Kenneth Cary commented that "it was a tough one to lose, but the boys did a fine job, and represented the area very well.

Era In Agriculture

Your Helena representative has a remarkable new way to help you increase corn yields up to 10%! SPARK growth stimulant .. a combination of dinoseb plus surfactant used as an overall post-emergence spray on corn has the univer sity-proven potential of increasing grain yields by 5% to 10%. This exciting new development is a revolutionary concept ... one that could parallel such benchmarks in agriculture as hybrid seed corn and the use of an anhydrous ammonia.

A New Era Of Production With Increased Profit.

Economical, cost less than \$1.25 per acre. SPARK sprayed on corn when tassel is 1/2-7 inches long and unemerged can make a big difference in your production.

Spark Growth Stimulant

This concept of growth stimulants is not new to agriculture and has been used successfully in the fruit and vegetable markets for many years. SPARK is the first dinoseb plus surfactant product that has been developed especially for corn **Here's How SPARK Can Help Promote 5% To 10% Grain Yield Increases:**
