THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

WEDNESDAY, SEPTEMBER 20, 1961

BOVINA, TEXAS

VOL. VII, NO. 13

## WHITTLIN'

BY DOLPH MOTEN

Yeah, some people want Roger Maris and/or Mickey Mantle to break Babe Ruth's long-standing home run record of 60 in a 154-game season. We hope they don't. One reason for this is that we predicted here several weeks ago that this wasn't the season that would not be done this year. Certainly, we'd like to see our prediction come true. Too, we don't like the Yankees. We respect them, understand, but that doesn't make us like them. Therefore, since Maris and Mantle play for Yankees we hope they don't break the record.

But worse part about the possibility of the record being broken: Going to a candy counter and ordering a Rajie Maris! Now wouldn't that be ridiculous.

Usually, letters to the editor run elsewhere in the Blade. On occasion, however, we use them here for one reason or another. Here's one we received this week. We think you'll enjoy it as much as we did.

"I want to tell you the story about the three bears.

"Once upon a time there was a man and his wife who built a cabin in Nogal Canyon, 3 miles north of Ruidoso, N. M. But before the cabin was finished, they were called away to Truth or Consequences because of sickness. They were gone four days.

"And the bears came home-- to the tents where the people were staying.

"A bear entered in one corner, making a hole size of an easy chair. He tried the big bed, it was too hard. He tried another bed, it was too soft. But the third bed was to his liking and he stayed all night -- or that's the way it looked.

"He arose early in the morning and ate six dozen eggs, one can of shortening, three loaves of homemade bread and some scraps. His exit was made through still another self-made hole and he took with him a pillow and a coat which he left on the mountainside.

"Well, the people returned. But they didn't take time to taste the big bear's soup. They hurriedly got to work moving their beds into the cabin, finished or not finished, and nailed the doors. They went to bed and slept sound that night.

"And the bears came again and ate a bunch of good Bovina, Texas cantaloupe and some chili meat. Unfortunately, they knocked a bucket off the Jeep and woke the folks up about daylight.

"They jumped out and chased the bears back up the mountain.

"The people would like to have the bear for a pet, but figure he's too expensive to feed.

"This is a true story because these people were us," Mr. and Mrs. Buck Ellison

Interest in Bovina Business Cotton Bowl Football Contest continues to increase. Last week saw 141 people submit entries with six of them correctly picking 10 winners in 10 contests.

Chances are good, we think, that that number will be exceeded again this week. Number of entries has increased with each week of the contest.

This week's contest has for first time this season, some college games to select winners from. This will probably make correct percentages slide downhill.

Currently, Erith Hawkins is leading the overall contest with 27 correct out of a possible 30. That's 90 per cent and almost remarkable.

We guessed here earlier that a percentage of 75 would win the contest. Since that time, we've been told that we guessed too low and such wouldn't be the case.

While we admit we're beginning to get cold feet on our prediction, we're not ready yet to admit we were wrong. We would feel better about it, though, if you would let us move that winning percentage up to about 80.

(Continued on page 8.)

FIRST BALE--Parmer County's first bale of 1961 cotton was ginned Monday afternoon at Bovina Gin Co. Don Sides, gin manager, second from left, is shown presenting a check for

to cotton to Charlie Owens of Campbell and Owens, producers of the first bale. Vernon Campbell is at left and Ginner Sherman Goodwin is at right.

PRODUCED BY CAMPBELL AND OWEN--

## Parmer's First Bale Monday

Parmer County's first 1961 bale of cotton was ginned at Bovina at 3:45 Monday afternoon.

Producers were Campbell and Owens who farm north and east of Bovina. The cotton was ginned by Bovina Gin Co.

Bale weight was 510 pounds. It was ginned from 1920 pounds of seed cotton.

The bale was wrapped in new cotton wrapping instead of old familiar jute wrapping.

The gin paid 50 cents a pound for the cotton plus giving free ginning and wrapping.

Land from which the cotton was pulled was planted April 20 and was watered one time. The field is making an estimated bale and one-fourth per acre.

Last year's first bale came one day later in year--on September 19. This year's was ginned on September 18. Producer was Jack Clayton and it was ginned by Lawlis Gin Co. in Bovina.

Variety of Campbell and Owens cotton is Paymaster 54-B.

BOVINIANS INCLUDED--

## Jury Called For Monday

Parmer County Petit Jury will convene Monday at 10 a.m. in the courthouse in Farwell. District Judge E. A. Bills will preside over the session for which six civil cases are scheduled. Several criminal cases are also set for action before Judge Bills.

Sheriff Chas. Lovelace has summoned 48 county citizens for potential jury duty. They are Harry Sheets, Elbert Nowell, Virgil Woodson, Finis Jennings, Mrs. Joe C. Moore, Jack Patterson, S. A. Barbee Jr., Reagan Looney and Joe L. McWilliams.

E. D. Chitwood Jr., George D. Magness, H. H. Briggs, John A. Agee, Joe Magness, Mrs. W. M. Roberts, Mrs. Henry Lewis, Glen Lesley, George A. Jones, A. M. Wilson, Hugh Alexander, Buck Fallwell, C. A. Felts, Frank D. Spitzer Sr., Thomas A. Beauchamp, and Mrs. Carl Davis.

David White, Sam White, (Continued on page 8.)

## Enrollment Soars Over 500 Mark

Bovina Schools enrollment has soared over 500 mark, Superintendent Warren Morton announces.

With school now in fourth week of 1961-'62 school year, number of students totals 521. Majority of students are in first six grades--326 A total of 84 are in junior high--seventh and eighth grades. High school enrollment totals 111. Less than 500 students registered at beginning of school, which was first week in August. However, the enrollment figure has continued to climb since that time.

DR. FRED D. HOWARD

## Howard Baptist Speaker

Dr. Fred D. Howard, head of Bible Department at Wayland Baptist College, will be speaker at both services Sunday at First Baptist Church.

Rev. John Ferguson, pastor, will be in San Angelo in a revival meeting.

Dr. Howard joined Wayland faculty in 1958. He teaches philosophy and Greek, as well as advanced Bible courses, and serves as adviser to ministerial students.

He holds the Doctor of Theology degree. Dr. Howard is author of a book of poems, "Scrambled Eggs," and other writings have appeared in various publications. At one time he was editor of Itawamba County Times. He is also author of a study manual for "The Gospel of Matthew."

SATURDAY AT 7:30--

## Agriculture Dean Banquet Speaker

Dr. Geral Thomas, dean of agriculture at Texas Tech, will be featured speaker at annual Parmer County Soil Conservation District Banquet. The banquet will be Saturday at 7:30 p.m. in Bovina Schools cafeteria.

Other highlights of meeting will be presentation of plaques to outstanding conservation farmer in county and to winner of high school essay contest on soil conservation which was conducted last school year.

Entertainment will be provided by Earl Hise, instructor

of music in Bovina Schools. Roy Crawford, Bovina High vocational agriculture instructor, will present plaque to outstanding conservation farmer.

Jack McCracken, manager of Bovina Chamber of Commerce and Agriculture, will give welcoming address. Invocation will be by Rev. Harold Morris, pastor of Bovina Methodist Church.

Meal will be served cafeteria style and will be prepared by cafeteria staff. Homemaking girls will assist with serving. Dean McCallum is Bovina

representative of county board of supervisors. Other supervisors are Robert Calaway, Farwell; T. O. Lesly, Lazhuddie; and Bruce Parr, Friona. A. L. Black is president of the county group and will serve as master of ceremonies at the banquet.

Banquet tickets are \$1.25 each and may be purchased from members of Bovina Lions Club, McCallum says.

"We feel that we have a good program for this year's banquet and we are hoping to have a large turnout," McCallum says.

BOARD MEETS MONDAY--

## School Adding 2nd Grade

A new second grade section will be added this week in Bovina Schools.

Decision to make addition was made at a regular school board meeting Monday night, Superintendent Warren Morton announces.

A teacher is expected to be hired and the section set up this week. There are now 74 students in two second grade sections. "This is too many per section and we think it will be in best interest of all concerned to add an additional teacher," Morton says.

In other action, board set substitute teacher pay at \$10 per day. Heretofore, pay for substitutes with a degree had been \$10, but pay for substitutes without a degree was \$8.

The change makes the \$10 figure in effect for all substitutes.

## Colts Lose To Calves

Farwell's Calves bounced Bovina's Colts here Thursday in a junior high football game, 16-8.

Game was season opener for both teams.

It was late in third period before scoring began. Farwell drew first blood on an eight-yard pass play. A pass for two extra points was also good to make score, 8-0.

In fourth period, a Farwell pass defender intercepted a Colt aerial and returned it 40 yards for second TD. Again a pass play worked for points after touchdown to make score, 16-0.

Colts got into scoring act late in final period when Big Fullback Andy Ancera plowed over from two yards away. He repeated the act for extra points to conclude the scoring at 16-8.

A committee, consisting of J. D. Kirkpatrick, Grady Sorley and Tom Beauchamp, was appointed to study possibility of addition to one of small teacherages to make it large enough for a family. School owns eight teacherage units--four large enough for families and four small. Addition is planned for unit immediately east of homemaking cottage. Other business, which was routine in nature, consisted of paying last months bills and reading minutes of previous meeting.

## To Circus

Bovina grade school students, grades one through six, attended annual Shrine Circus in Hereford Wednesday last week.

Some 330 students and teachers made trip to circus in seven school busses.

Tickets were provided by contributions from Bovina people. They were sold by Shrine here.

HUTTO WEEKLY WINNER--

## Hawkins Leads Football Contest

Erith Hawkins emerged into lead in Bovina Business Cotton Bowl Football Contest

at end of three weeks with 27 of 30 correct selections and a percentage of .900.

Along with five other entrants, Hawkins had all 10 of last week's games picked correctly. His tie breaker score left him a three-way tie for second place in weekly prize money, however.

Ed Hutto won first prize of \$5. He, too, picked all 10 winners and guessed the score to be 20-6 in Bovina's favor. Score was 26-0, which left him only 12 points off.

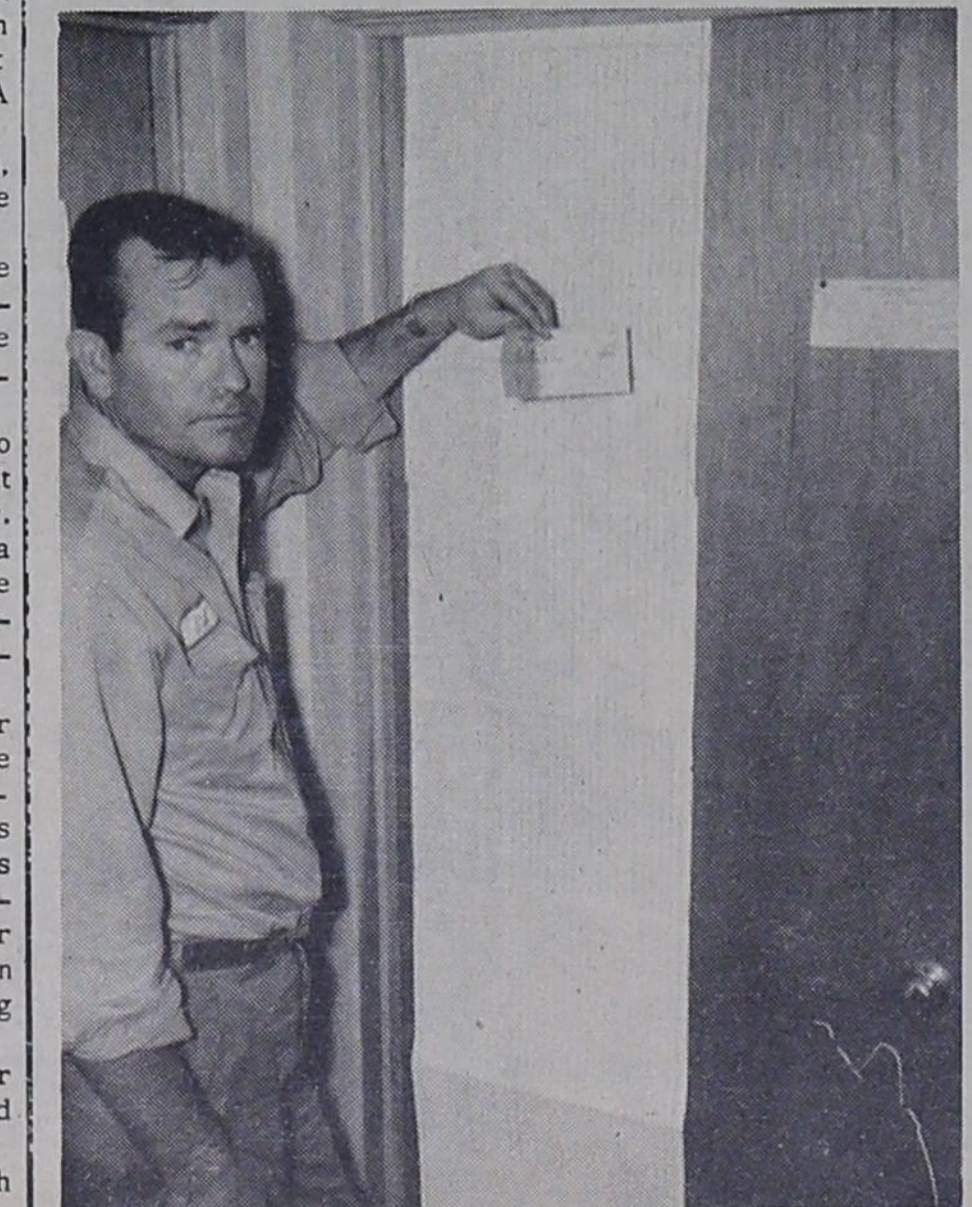

Tied with Hawkins for second were Walter Cunningham of Friona and Richard Carson. All three were 20 points off on the score. Each was awarded a \$1 check.

Mrs. Bill Read, with 10 correct and 33 points off on score, picked up \$1 third place money. Coach Malcolm Kennedy also picked all 10 winners but elected to not predict a tie breaker score. This left him out of the money.

A total of 23 entrants had nine correct selections, 28 had eight right, 35 had seven, 31 had six, nine had five, eight picked four of the 10 correctly and one had three.

Trailing Hawkins in race for grand prize, an expense-paid trip for two to Cotton Bowl, are Hutto, H. J. Charles and John Wilson with 26 each. Just two steps away with 25 right are Allen Crompton, J. E. Sherrill and H. N. Turner.

The contest has 10 more weeks to run before a winner will be declared.

WEEKLY WINNER--Ed Hutto, winner of last week's first prize of \$5 in Bovina Business Cotton Bowl Football Contest, poses with his check and six foot long list of contestants. Hutto was one of six entrants in last week's contest to select all 10 winners. He was closest on tiebreaker score.

### FHA Has Initiation

Several freshmen girls were formally initiated into FHA last Monday evening at Homemaking Cottage.

Following the initiation ceremonies refreshments of cookies and lemonade were served. Chapter mothers attending were Mrs. R. E. Wilson and Mrs. Jack Patterson.

Those who were initiated were Patricia Crook, Shirley Carter, June Douglas, Lana Drager, Linda Estes, Maureen Hammonds, Becky Howard, Joyce Hudson, Tonia Ivy, Patsy Lloyd, Lynn Looney, Sandra Patterson, Myrtice Shockley, Judy Strawn, June Webb and Barbara White.

### Girl Born To Leon Langfords

Mr. and Mrs. Leon Langford announce the birth of a 7 pound 13 ounce baby girl born Tuesday, September 12, at Memorial Hospital in Clovis. Leone Annette is the name chosen for the new arrival.

They also have a boy Russ, 2, who was born September 11, and a girl, Jaquelyn, who is 4 and was born September 13.

### Hubert Ellison Has Surgery

Hubert Ellison, long-time resident of Bovina, who currently resides at Truth or Consequences, N. M., underwent emergency stomach surgery Wednesday night. He is reported to be improving, according to his brother Buck Ellison.

### SHOWER TO FETE MRS. RONNIE ISHAM

Mrs. Ronnie Isham will be feted with a pink and blue shower September 21, tomorrow, (Thursday) afternoon instead of September 23, as previously announced in The Blade. The affair is scheduled for 9:30 at First Baptist Church Fellowship Hall.

Friends are cordially invited.

### Ivy, Grissom Host Luncheon

Mrs. P. O. Dixon presented program titled, "The Holy Spirit," to members of Woman's Society of Christian Service Wednesday at Methodist Church.

Hosting the luncheon meeting were Mrs. Henry Ivy and Mrs. L. M. Grissom.

Others on the program were Mrs. Oakley Stevenson, Mrs.

Billie Sudderth and Mrs. Jimmy Charles.

Attending were Mmes. John Dixon, Oakley Stevenson, Billie Sudderth, L. M. Grissom, Rouel Barron, P. O. Dixon, C. O. Edens, O. H. Jones, Earl Ware, Henry Ivy, Vernon Willard, Hallie Gee, Earl Richards and Jimmy Charles.

### Have B'day Party

Jaquelyn and Russ Langford celebrated their birthday with a party Monday afternoon at the home of their grandmother, Mrs. H. H. Kelso. Jaquelyn was four and Russ two.

A circus theme was carried out in cake decorations. Color books, candy and gum were presented to guests as favors.

Present were Twila, Nancy and Tammy Hutto, Ronnie McCutchan and the honorees.

### Mrs. Kennedy President Of SS Class

Mrs. Malcom Kennedy was elected president of Mary-Martha Sunday School class of First Baptist Church, Tuesday evening at their monthly meeting in the home of Mrs. Weldon Moody.

Other officers elected were Mrs. Billy Don Read, vice-president; Mrs. Weldon Moody, secretary; Mrs. Paul Holcomb, assistant secretary; Mrs. Jerry Rogers, class ministries; Mrs. Jim Heard, Mrs. Dale Harmon and Mrs. Dickie Steelman, group captains and yearbook committee is composed of Mrs. Keith Garner, Mrs. Kennedy and Mrs. Rogers.

### Blalocks Will Be Honored On 50th Anniversary

Mr. and Mrs. H. Blalock will celebrate their golden wedding anniversary Sunday, September 24, from 2 to 4 p.m. at Fellowship Hall of First Baptist Church.

Long-time residents of Bovina, the Blalocks came to Bovina in November of 1930. They lived at Dalhart three years during the war. Remainder of time, they have resided here.

Hosting the reception honoring their parents are Mr. and Mrs. Dick Free of Dumas, Mr. and Mrs. Clyde Blalock, Phoenixville, Pa.; Mr. and Mrs. Bill Green, Dumas; Mr. and Mrs. R. D. Blalock, Denver City; Mr. and Mrs. Walter Blalock, Hobbs, N. M.; Mr. and Mrs. Glenn Blalock, Amarillo; Mr. and Mrs. Harold Brown, Clovis and Mr. and Mrs. Dave Wines of Bovina.

Friends are cordially invited to attend the reception Sunday afternoon.

### Major Caldwell Completes Course

FORT SAM HOUSTON--Army Reserve Maj. George R. Caldwell, 41, whose wife, Ruth, lives at 4229 W. 11th St., Amarillo, completed two-week intelligence course at Fourth Army Intelligence School, Fort Sam Houston, Aug. 26.

The school, established 13 years ago to train personnel in all phases of Army intelligence, offers 14 separate courses of instruction in the latest intelligence doctrine.

Major Caldwell is assigned to U. S. Army Reserve School in Amarillo.

Regularly employed by the A. C. Meier Claims Service in Amarillo, he is the son of Mrs. Margaret B. Caldwell, Bovina.

### Woman's Club Has Luncheon

Bovina Woman's Study Club opened their year's events with a luncheon at Bovina Restaurant Thursday.

Bouquets of orchid asters in orchid bowls graced the head table and luncheon tables.

Following the luncheon Mrs. Ovid Lawlis presided over a short business session. Mrs. I. W. Quickel gave a preview of the year's program and three officers were elected to replace those who resigned. Elected to serve as vice-president was Mrs. Quickel, Mrs. Earl Stevenson; treasurer and reporter; Mrs. Dolph Moten.

### Girl Born To Finley Rogers

Congratulations to Mr. and Mrs. Finley Rogers on the birth of a 6 pound 10 ounce baby boy born Friday evening at Parmer County Community Hospital in Friona. Finley Allen is the new boy's name.

### Bridal Shower Honors Bride

Mrs. Doyle Wasson will be honored with a post-nuptial shower Monday afternoon at 3 at the Fellowship Hall of First Baptist Church.

Friends of the couple are cordially invited.

### Congratulations

Lisa Ruth is name chosen for baby daughter of Mrs. Scott Berggren. The infant was born September 6 at Memorial Hospital in Clovis. She weighed 6 pounds and 14 ounces.

## Contest Rules

1. There are 10 high school and college football games listed in ad. on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and travelling expenses to Dallas and the January 2, 1961 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Everyone, except employees of this newspaper and their families, is eligible to enter.

# THE HIGH PLAINS FARM AND HOME

AT SATURDAY BANQUET

## SCD Presents Top Farmer

Outstanding Farmer County Farmer will be cited at the seventh Farmer County Soil Conservation Banquet in the Bovina School Cafeteria Saturday at 7:30 p.m.

Candidates for the yearly award are: Neil Bradshaw, Lazbuddie; Burt Williams, Oklahoma Lane-Farwell; Bob Riethmayer, Friona-Black; and Gilbert Schueler, Bovina-Rhea.

Miss Marilyn Brandon, Bovina, will receive first place plaque in the Soil Conservation essay contest. Miss Brandon submitted the winning essay on the topic of "Why I Believe in Soil Conservation." The contest was open to school students.

Review of district accomplishments during the past year and recognition of clubs, organizations and people which have assisted the district in the attainment of its goals are also scheduled.

Approximately 150 Farmer county residents, surrounding SCS supervisors and state officers are expected to attend, Bob Crozier, Friona conservationist, reports.

The program will begin with the invocation by Reverend Harold Morris, pastor of the First Methodist Church in Bovina. Jack McCracken, Bovina Chamber of Commerce, will deliver the welcome address. Awards will be made by T. O. Lesly, Bill Nichols, Joe Jones, and Roy Crawford.

Dr. Gerald Thomas, Dean of the School of Agriculture, Texas Tech College, will be guest speaker at the dinner.

A. L. Black, chairman of the Soil Conservation District Board of Supervisors, will serve as master of ceremonies.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Gilbert Kaltwasser, chairman of the Farm Bureau resolutions committee, has called a meeting of members of that committee and also legislative committee members Thursday night. These men will discuss and prepare resolutions for consideration of the membership in the annual convention October 5.

If you have suggestions along this line, tell Gilbert, Edmund Kitten, or Claude Osborn, who compose the committee. Legislative committee members are Harry Hamilton, chairman, M. T. Glasscock, Charles Howell and Clarence Johnson. You are welcome to attend the meeting, too if you wish.

President Herman Gerjes will also be present, and you may want to convey your ideas to him. Opportunity will also be given for submission of resolutions from the floor of the convention.

\*\*\*

If you have not yet filed for federal gas tax refund (4 cents per gallon) be sure to do so before the end of this month. Remember that the wife can do this for you if you are unable to get around to it.

\*\*\*

The house and senate has named conferees to develop a final version of a bill already passed by the senate extending the Mexican farm labor program for two years. Amendments to the bill, added by the senate agriculture committee, place major restrictions on the work which Mexican workers can perform and enlarge the authority of the secretary of labor establish a minimum wage of 90 per cent of the average wage paid in the entire state or in the nation, whichever is lower (for farm workers).

\*\*\*

American Farm Bureau is asking Secretary Freeman for a substantial increase in cotton acreage for 1962. The request is based on the fact that actual plantings of cotton this year were almost 500,000 acres under allotments.

Consider this: "The righteous man wisely considereth the house of the wicked; but God overthroweth the wicked for their wickedness." Proverbs 21:12.

## Brucellosis Testing Enters Final Stage

Is Texas' drive against brucellosis bogging down? There are many indications that this is or has already happened. How soon the drive gets back into high gear will have a lot to do with the profits of thousands of cattle owners and swine producers this year and for a number of years to come.

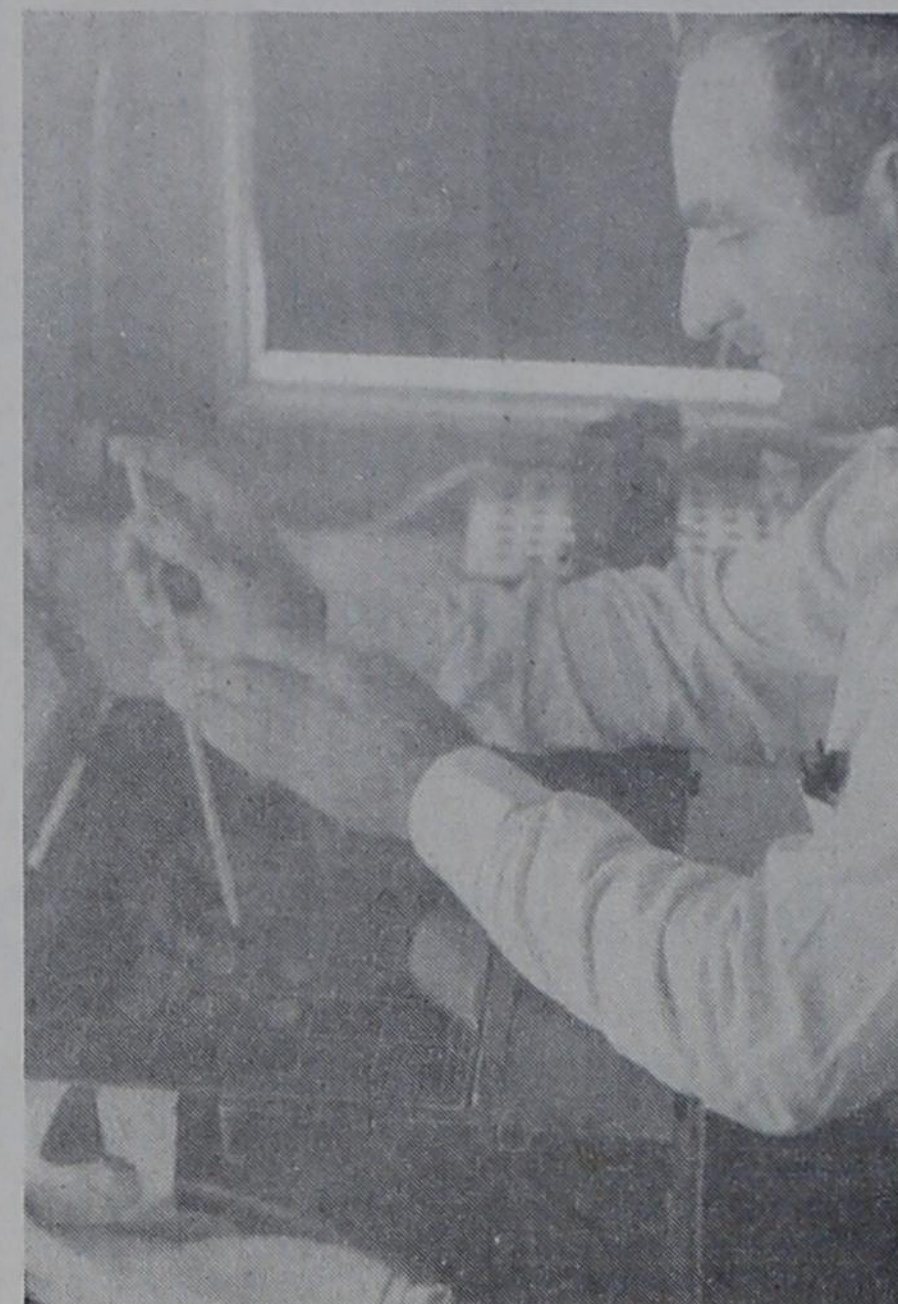

To the individual farmer living in an area where the disease is still not under control, the cost of brucellosis can continue to be very heavy. It can cause a milk loss of up to 25 per cent through alteration of the normal lactation periods. It can result in a high abortion rate, and can cause temporary or even permanent infertility.

And, brucellosis strikes the swine producer, too. In swine it causes abortions, posterior paralysis, lameness, swollen joints and infertility.

For the farmer who owns swine or cattle, or both, one of the baffling things about brucellosis is that it can resemble several other diseases. This applies to abortions in cattle or swine. It applies also to such symptoms as infertility in cattle and swine, and swollen joints in swine. If problems of this kind develop, it is usually best to have a veterinarian check the herd to determine exactly which condition is causing the trouble. Then proper protective measures can be taken.

Livestock men who want to get something done about brucellosis of cattle will do well to get behind an "area control" program. This plan has proved best to date in getting results. Under an area control plan, the stockmen of an area unite in a common effort to clean up the disease. Veterinarians make periodic tests of all cattle in the area and those cattle which react are eliminated. Thus, all reactors are gradually weeded out. When this plan is coupled with a program of calfhood vaccination, excellent results are usually obtained. The ultimate profit difference to the stockmen of the area can be very great.

For the livestock producer who wants to stop brucellosis losses in his herd, the important thing to remember is that "brucellosis control is always local." It starts on the individual farm and in the individual locality. If farmers in each locality will push hard enough on this project, they can get their area-control program underway and begin reaping the benefits from it. They are our best hope for putting new life and vigor into the drive.

Charles Burnett, lab technician, mixes antigen with the blood sample in a check for Brucellosis. Burnett is attached to the portable lab stationed in Bovina while Farmer county undergoes a check for the disease, more frequently known as "bangs disease."

## HD Agent's Notes

BY MISS ETTIE MUSIL

Last Saturday Linda Gleason entered muffins and cinnamon rolls in the 4-H Bake Show of the Tri-State Fair in Amarillo. Linda assembled eight muffins and eight cinnamon rolls for judging and exhibit. Results from nineteen counties in the district will be announced next Saturday, September 23.

Don't forget to watch the Rural Youth Day program that will be televised Saturday morning on one of the Amarillo TV stations. Four-H, FFA, and FHA youth groups will appear on the program at 9:45-10:45 a. m. On this program the winner of the District 4-H Bake Show will be announced.

Next week, September 27, 28, and 29, we shall take part in a special 4-H adult leadership training workshop at Ceta Canyon. We do hope we can take five leaders of the boys and five leaders of the girls clubs to this expense paid training.

I asked one home demonstration agent last week how successful they were in their county in reaching their quota for the workshop. Her reply was, "Oh, there are more who want to go than can go for our 10 leaders quota."

In Farmer County we have five leaders so far -- one or two men and four ladies. Can some others of you go that we have not contacted? This will be the only workshop of this kind in District 1. If you are interested in working with youth, do come by to see me for details, even if you do not have a boy or girl in 4-H Club.

Subject matter group training will be conducted by Extension Service specialists in: Clothing, Recreation, Entomology, Wildlife, Citizenship, Field Crops, Beef Cattle, Automotive, 4-H Money Management, and Two groups for Organization leaders.

It is always a challenge to assist in judging county fairs. Last Friday morning I helped judge the girls' division of the Swisher County Fair in Tulla. While judging I had to constantly remind myself that I was judging products made by young girls rather than experienced homemakers.

Yes, our future homemakers can do a fine job of canning, freezing, baking, cooking, and sewing if we adults will just let them. Any number of times 4-H girls have come up to me to apologize that they could not practice what they had seen at a meeting. Their plea was "Mother won't let me cook or try to sew." If you have a chance to visit surrounding fairs, do pay special attention to the Junior or Girls Divisions. It's truly amazing, but not too surprising what they can accomplish.

## Fight Against Brucellosis Lags

Brucellosis testing crews working in Farmer County passed the half-way mark this week.

If there is no increase in the percentage of positive reactions when the remaining herds are checked next week, Farmer County will receive a modified Brucellosis-free rating.

Crews working in the north and west of the county had completed tests on 2200 head by Monday evening. Of the 160 herds checked, only four were found to be infected. This sets the percentage of infected herds at 2.5 per cent.

The number of infected herds must be under five percent for a Brucellosis-free rating. In addition, the number of infected cattle must be under five percent for a Brucellosis-free rating.

In a positive reaction, the blood sample will curdle and turn a sandy color.

In conjunction with the testing, many cattlemen are having their herds vaccinated against the disease. Vaccinations are not mandatory but do not cost the owner of the cattle.

If a reactor is found in any one animal in a herd, the entire herd must be checked. Owners of cattle in which positive reactions are found are required to dispose of the infected animals within 15 days.

Final tests for the first check are scheduled to be completed by Sept. 30. The testing crew will return between 60 and 120 days and recheck the herds in which infected cattle are found.

During the period between the present check and the recheck, a herd with a reactor will be placed in quarantine. The cattleman will not be allowed to mix his cattle with any other herd but may sell the animals at an approved market.

The testing lab in Bovina is one of five operated in Texas by the Animal Disease Eradication Commission of the Agricultural Research Service.

## Authorize 1250 Nationals

Farmer County citizens, Judge Loyde Brewer, Bill Nichols, and Ross Ayers, will serve as a farm labor committee and met with Billy Lynch, manager of the Texas Employment Commission office, to review the total seasonal employment needs developed by the TFC, last week.

The committee was presented with the figures of the TEC that Farmer County will be short 1250 cotton pullers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican national bracero workers.

The committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Farmer County and the shortage of workers, if any, which must be met by importing Mexican nationals to harvest the cotton crop.

Under Public Law 78, the TFC must supply this information to the secretary of labor who must limit the number of nationals to be used in this county by granting a "ceiling." The committee consults with the local office manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the secretary of labor limiting the importation of Mexican nationals into this area will be posted in post offices in Friona, Farwell, Bovina, Black, Lazbuddie, Lariat, in the county agent's office, and in the county courthouse.

# The HAPPY HOMEMAKER

BY JUNE FLOYD

All homemakers who enjoy making dried flower arrangements or winter bouquets should be scouting around now for materials to be used later. Maize heads, okra pods, weed pods, cotton bolls and a large number of other items are available for the picking.

These items can be picked now and stored for later use. Pyracantha berries are also available and work in very nicely with just about any kind of winter arrangement you want to make.

If you haven't tried decorating with seeds, you've really missed an adventure. Any kind of seeds can be used for making pictures, decorating place cards or greeting cards or for decorating any small object. Collect whatever kind of seeds you desire to use. These may be sprayed various colors then glued with any type of strong glue which is on the market.

Ordinary stationery can be beautifully decorated in this manner. Just outline the flower or design you wish to make then glue the seeds in place and let dry thoroughly before handling. Weed seeds are very good for stationery or card decorating.

Television snack trays can be used in several ways around the house. When you are ironing, they may be used for stacking napkins, handkerchiefs and other small items then only one trip will be necessary when you start storing the ironed pieces.

Since watermelons are plentiful at this time of the year, any homemaker who enjoys trying new recipes will be interested in

**Watermelon Mince Meat**  
3 cups ground watermelon rind  
1 lemon  
2 oranges  
1 cup raisins  
1 1/2 cups crushed pineapple  
2 cups brown sugar  
1 teaspoon cinnamon  
1/2 teaspoon cloves  
Grind lemon, oranges and raisins. Put in cooking kettle and add remaining ingredients. Cook until rind is done. Freeze or can. Add 2 cups chopped apples to a pint of mince meat for each pie.

During the winter months most families spend more time in the living room or den after supper. In recent years it seems that on most occasions some kind of sweet bread is preferred for refreshments.

A recipe that you might like to add to your "bread" collection is

**Pumpkin Bread**  
2 2/3 cups white sugar  
4 eggs, beaten

2/3 cup shortening  
2 cups pumpkin  
3 1/3 cups flour  
1/2 teaspoon baking powder  
2 teaspoons soda  
1 1/2 teaspoons salt  
1 teaspoon cinnamon  
1/2 teaspoon cloves  
2/3 cup water  
2/3 cup nutmeats  
2/3 cup raisins or chopped dates

Cream shortening and sugar thoroughly. Add eggs, pumpkin and water and mix. Sift together flour, baking powder, soda, salt and spices then add to pumpkin mixture.

Stir in nuts and raisins or dates. Bake in 350 degree oven for one hour. Makes two loaves.

If you want to make a quick job of making a large quantity of pop corn balls, try the following recipe. Melt one ten ounce bag of marshmallows and 1 stick margarine in top of double boiler.

Pour over 2 gallons freshly popped corn, stirring as you pour. Let cool before making balls as the mixture will stick.

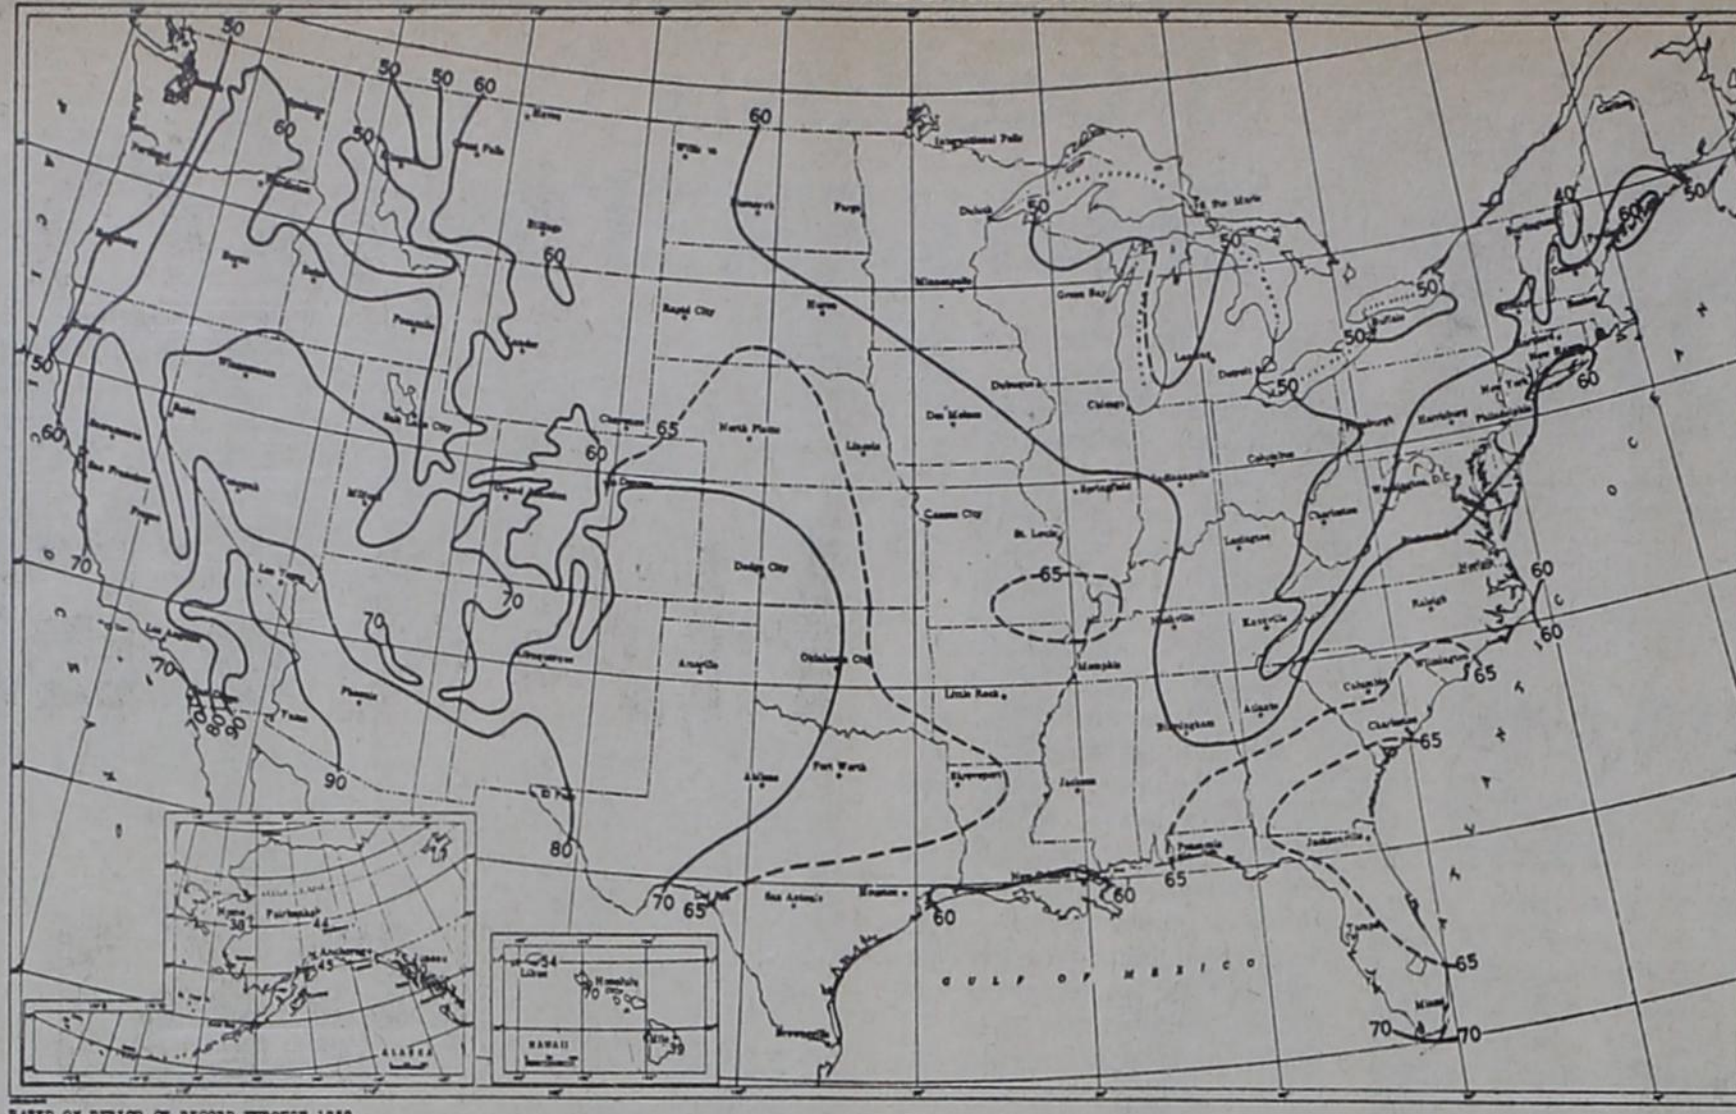

## Grant Assures Headquarters

A headquarters building for the High Plains Research Foundation was assured by a grant made by the estate of Florence Lee and C. L. Kilgore this week. This grant, along with the prior gift of the Jim Hill Estate, Hereford, of a greenhouse, will give the Foundation its much needed laboratory, library, meeting room and office space. Construction of the buildings will start soon after Field Day, September 27.

The Kilgore grant was made by the estate trustees, C. E. Weymouth, rancher; W. H. Durham, Jr. Vice President, First National Bank and A. A. Bush, accountant, all of Amarillo. The Research Foundation officials who met with the Kilgore Trustees were: Virgil Patterson, President, First National Bank of Amarillo, member of the Executive Committee; R. V. Payne, President, Hale County State Bank of Plainview; Vice Chairman of the Board; Frank Moore, President of the Foundation; Dr. T. C. Longnecker, Director of the Foundation, all of Plainview and Halfway.

The Kilgore grant will be approximately \$45,000 and the Jim Hill Estate will be \$17,500.

Last year it was compact cars. This year we're getting compact refrigerators, compact dishwashers, compact freezers. To keep up with these challenging times, man, you've got to think small.

## Wheat Baking Quality Premiums Part Of 1962 Loan Program

There is a new feature in the 1962 wheat price support program that farmers and elevator operators will want to consider.

The government has just announced that premiums for gluten "strength" quality in hard red winter and hard spring wheats will be used for loans on 1962 wheat. This is to encourage farmers to raise more of the kind of wheat in demand by commercial bread bakers

and to cut down on those varieties of "weaker" baking quality which are usually in plentiful supply on the market.

Ben Spears, extension agronomist, says that although weather, soil and moisture factors affect the baking quality of wheat, the variety planted is most important.

For Texas, Spears suggested that local county agents be consulted about the best varieties to give the premium-earning

quality. This addition to the price support program is announced now so that growers can decide on varieties before fall planting is completed.

A "bread-baking quality" test measures the combined quality and quantity of protein. It will replace the protein percentage tests now included in the price support schedule. The new sedimentation tests available now in some areas, and facilities will be expanded in the

next few months to meet the needs of the 1962 price support program, Spears explains. With this new test, he adds, both the farmer and the buyer will have a better measure of the value of the wheat.

The premium schedule for the 1962 wheat crop will be announced soon. Discounts for undesirable varieties will continue, Spears says local county agents can supply information on these undesirable varieties.

## Rudder To Speak At Dedication

Earl Rudder, president of the A&M College, will be the principal speaker at the formal dedication of the new Lubbock Research and Extension Center on September 19, County Agent Deryl L. Coker announces.

His subject will be "South Plains Research, Past and Present." The new center, located about 7 miles north of Lubbock on the Plainview highway, is known as Substation No. 8 of the Texas Agricultural Experiment Station.

Rudder was reared on a Concho county farm, attended the public schools of Eden, and was graduated in 1932 from the institution he now serves as president.

## County 4-Her Is District Officer

During the District 4-H Council meeting in Amarillo last Saturday Richard Chitwood was elected secretary-treasurer. Chitwood succeeds Cooper Young, also of Farmer County, who held the same office during 1961.

Other Council officers are Dick Plank of Deaf Smith County, Mary Ann Edlin of Hartley County, and Corwin Pagdet of Ochiltree County. Council advisors are District Agents, Miss Edith L. Wilson and W. W. Grisham, Jr.

Attending the council from Farmer County 4-H Council were Judy Billingsley and Richard as district council delegates, and Cooper Young as district council secretary-treasurer.

## Progress Noted In Rural Areas Development Program

Real progress is being made under the Rural Areas Development Program, states Dr. R. E. Patterson, dean of agriculture, Texas A & M College and chairman of the State Resource Development Committee.

Long range Overall Economic Development Programs have been developed by local leaders in Houston, Morris and Red River counties and the Deep East Texas Development Association has submitted an area program which includes Angelina, Newton, Sabine, San Augustine and Shelby counties. The programs from these sources have been reviewed by members of the State Committee, State Technical Panel and have been approved by the Governor's approving agency -- Texas

Employment Commission. They have been sent to the USDA's Office of Rural Areas Development, Washington, D.C. also for review and approval, the state chairman said.

Local leaders, in developing long range programs, emphasized the importance of balancing agriculture with community and industrial development, Dr. Patterson said. Their plans describe what local leaders would like their economy to be in the next 5 to 10 years and what is needed to achieve these objectives.

Dr. Patterson reminded that 47 Texas counties have been designated as eligible to receive financial assistance under the Area Redevelopment Act (P. L. 87-27) which is administered by the U. S. Department of Commerce. Specific project proposals have been submitted by several of the eligible counties, Dr. Patterson said. They include requests for loans and grants for water systems, sewerage plants, street improvement, expansion of existing industries, development of industrial parks, and recreational and health facilities.

## Slaughter Cattle Prices Improve

Prices on slaughter cattle improved during the past month but cattle feeders are still confronted with the prospect of paying more for the cattle they put in the feedlot than they are getting for finished slaughter cattle.

In the monthly market summary for August, Lloyd Bergsma, director of the Texas and Southwestern Cattle Raisers Association's Feeder Division, points out that feed costs will likely be above those of last year, and feeder cattle prices are also above those of a year ago.

"With the cost of the two major resources in cattle feeding above last year, and returns from the finished product below last year, the cattle feeder will be hard pressed to maintain a profit margin," Bergsma said.

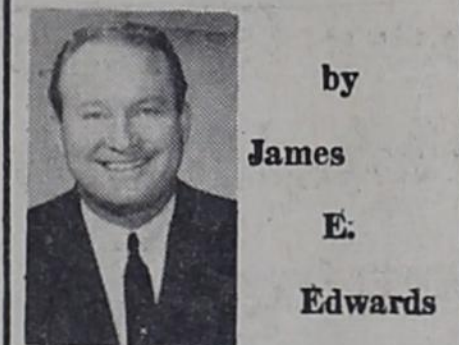

Prospects for a bumper grain sorghum crop in the Southwest may bring about cheaper feed, but at the same time the prospects for a good wheat pasture season will have a tendency to boost feeder cattle prices, according to the market summary.

Cattle buyers from areas of

the Southwest which normally have a large volume of stocker and feeder cattle available report very few of these cattle still for sale, however some of these buyers have indicated that a good many of the contracted cattle are not in final hands.

In the slaughter cattle market better grades were from one to two dollars per hundred higher in August than they were in July. The lighter weight slaughter cattle grading standard and good have continued in strong demand but the price increase for this type cattle has been less than on the choice cattle weighing 900 pounds and up.

## FOOTSAVING EDUCATION

by James E. Edwards

Do strap shoes provide adequate support for children's feet?

We should not look to the uppers of shoes for support. There is grave danger of assuming that lace shoes hold up the arch simply because arch support shoes are usually oxfords. Does lacing hold the arch up or down?

Arch type shoes, lovingly referred to by shoeman as "old ladies running shoes" are comfortable on weak adult feet because they tend to keep a flexible foot from sliding forward. The same result could be accomplished by eliminating the heel but, when a woman has worn nothing but high heels, a shortened tendon of Achilles may cause a lot of trouble in flat shoes.

Children do not have this problem so whether the shoe be a strap, pump or oxford is not nearly as important as how the shoe fits.

## Do You Make Best Use Of Your Rainfall?

Most any farmer you talk with today will tell you that this 1961 crop is one of the least expensive he has produced in some time.

Why? There are perhaps many reasons, but one is because most farmers have not had to do a great deal of irrigating. The snows and rains have come at times when they were most needed.

Now with the 1961 crop laid by in most communities of the High Plains, it is not too early to commence thinking about next year's plans.

Keeping in mind the fact that irrigation is generally one of the largest expenses involved in making a crop, why isn't it good business for you to try and figure out how to better use natural precipitation both where it falls and also by pumping from lakes thereby minimizing the use of underground water.

The loss of irrigation "tail-water" is also a problem that confronts most irrigators, at least to some degree. This expensive loss should be alleviated, or at least minimized.

With records of the High Plains Underground Water Conservation District indicating that underground water levels are dropping annually, it becomes apparent that if this High Plains country is to continue as a major agricultural area, rainfall must be used more efficiently.

Before you bed your land for next year's crop talk with your High Plains Water District people, the Soil Conservation Service folks or your County Agent about some of the things others are doing to conserve rainfall and underground water. You can probably make some simple inexpensive changes in farming methods that could result in more net income to you from the crops you raise.

After all, isn't financial gain one of the primary reasons you're in the farming business?

## Creep Feed For Extra Weight And Finish

"Beef producers can put extra weight and finish on their calves - faster and more efficiently - by creep feeding," advises the POLLED HEREFORD WORLD.

"A ration of 65 pounds of corn or milo and 35 pounds of oats is good for four month old calves. Then, later in the year when green grazing disappears, additional protein supplements should be considered. Recommended are 10 pounds of cottonseed meal, 25 pounds of oats and 65 pounds of corn or milo."

Bone meal and salt should be fed free-choice.

## You Heard Strange Things About Catholics

During the presidential campaign of John Kennedy there was much opposition to him because he is a Roman Catholic. From many pulpits and in many newspapers we hear such statements as: "A Catholic President will turn the country over to the Vatican," "A Catholic can't be a good American and a good Catholic," "A Catholic President will follow the dictates of the Roman Hierarchy," "Catholics will take over the nation and will kill off all Protestants and Jews." These and so many other things have been said about a Catholic as President. Yet, we have a Catholic President and none of these things have come to pass. Why? Because they were untruths spoken to mislead right thinking people. The Catholic Church was deliberately pictured in a bad light to mislead.

If you wish to learn the truth about the Catholic Church write today for a free pamphlet explaining Catholic teachings. The Knights of Columbus of your area are making this pamphlet available so that you will know the truth. Write to: Home Study Center, Box 5644, Amarillo, Texas.

Please send Free pamphlet about the Catholic Church to:

FOR SEASON'S FIRST WIN--

# Mustangs Maul Panthers, 26-0

After being blanked by a pair of Class A teams in their first two games, Bovina's Mustangs did some whitewashing of their own here Friday night as they rolled over Whitharral Panthers, 26-0.

Featuring power running of Jarrin' Jerry Frazier, the Mustang offense got into gear for first time this season, Aiding Frazier in ball carrying department were Halfbacks Buddy Turner and Rocky Hance. Strong defensive play continued to be a bright spot in Mustangs' game.

Mustangs' total offense was 341 yards with 70 of that coming via aerial route. Quarterback Don Cumpston completed four of eight passes -- three to Hance and one to End Mac Glascock.

After an exchange of punts, the Mustangs scored second time they had the ball. Taking possession of ball on their own 20 they scored in 10 plays with Frazier picking up 65 of the needed 80 yards in four carries.

Turner punched across first maroon and white touchdown of the year from four yards away.

Hance began the drive with a two-yard gain. Then Frazier rambled for 22 and a first down on the 44. Turner made two and Frazier picked up 15 yards to the 39. Turner and Hance each carried for a total of seven to set stage for a 17-yard jaunt by Frazier to give Mustangs a first down on Whitharral's 15. Turner was stopped for no gain, Frazier

went for 11 more and his fourth first down in as many carries to set up the scoring play. A fake kick and a pass to Frazier was incomplete to leave score 6-0.

Ponies made it 14-0 next time they got the ball. Turner returned a punt from his 10 to the 22 and again it took Bovina eight plays to get the score.

Frazier capped the drive with a 16-yard scoring run. A five-yard penalty moved starting point of the march back to 17. Hance made six, Turner seven and then Cumpston broke loose on a 25 yard jaunt to give Bovina a first down Whitharral's 45. Frazier made 10 yards and another first down in two tries. Turner slipped into clear momentarily for 19 to put ball on 16 with Frazier going remainder of the way.

Try for points was good with Cumpston passing to Hance following the fake kick by Turner.

With nine minutes remaining in first half, Bovina was out front, 14-0.

Minutes late, Bovina to the ball following a quick kick on Whitharral's 45. They drove to 16 yard line where a fumble halted the drive.

Panthers failed to gain in three carries, however, and their punt rolled dead on their 45-yard line. One first play from that point, Cumpston threw long downfield to waiting arms of Hance who gathered in ball on his 10-yard line, hustled across the goal and score was 20-0.

Turner's attempted conversion was no good.

Panthers made their strongest scoring attempt as second half opened. Putting kick-off into play on their 30, they marched to Bovina's four before losing possession via fumble route.

Starting from there, Bovina added final TD of the game in 10 plays.

In three consecutive carries, Turner made seven, 10, and two yards. Hance went for 17, then caught a Cumpston pass for 10. Frazier made four, Turner 10 more, Frazier six, and Hance six. Then with a first down for Bovina on 24 yard line, Frazier broke through left side

on final scoring gallop. Pass for extra point was incomplete and scoring was over at 26-0.

Third quarter ended one play later.

Coach Hallie Gee sent in his freshman unit offensively in final quarter.

Coach Hallie Gee sent in his freshman unit offensively in final quarter.

Frazier was leading around gainer for Bovina with 145 yards in 13 carries for 11-yard average. Turner carried 14 times for 67 yards. Hance made 35 yards in five attempts for a seven-yard average. Cumpston carried three times for 19 yards net.

Billy Charles made eight yards in three attempts, Donnie Dyer two in one and David Anderson lost five yards on a pitch net.

Defensive standouts included Cumpston, Turner, Tackle Lowell Boozer, End Tally Kelso, and Lineman Dickie Clayton.

## Red Cross Asks For Carla Aid

Donations are now being accepted for relief funds for the hurricane stricken coastal area, Wes Foster County Red Cross Chairman, announced this week.

Parmer County has been asked to raise \$550 for the emergency fund, Foster said. No organized drive is scheduled but donations may be mailed or delivered to the banks in Friona, Bovina and Farwell, or Foster Dry Goods

in Friona. Foster asks that all checks be marked "emergency fund" or "Carla Fund."

The call for funds comes in the wake of Hurricane Carla's devastation at Galveston and other Texas coastal cities. The storm sent thirty-foot waves crashing over the seawall that protects Galveston from the Gulf of Mexico. Tornado-like winds flattened over 100 homes, killed six people and injured scores in Galveston alone.

There are still 350 people whose homes were destroyed, seeking shelter in the Rosenberg School, according to a Red Cross report. Donations must be in by Sept. 27.

### Whittlin' --

Frankly, we didn't know so many people were going to enter. This causes an increase in winning percentage.

Another thing which has helped entrants' percentages this year is fact that we haven't had a tie ball game yet out of those 30. Ties count against everyone--unless they predict a tie--and therefore cause the percentage to go down.

One fellow, who isn't currently in or near the lead told us this week, "I'll laugh when the leaders laugh, cry when they cry, but come end of the contest and then December 31 and I'll laugh all the way to the Cotton Bowl." Maybe so.

### Basketball Meeting

Bovina men who are interested in playing in an organized basketball league in the area this winter are invited to attend a meeting tomorrow (Thursday) night at Bovina Restaurant. Time of the meeting will be 8 o'clock.
