**SOME PROGRESS MADE  
ON LAKEVIEW ROAD**

Chairman J. G. McDougal of  
the Road Committee of Hedley  
Commercial Club reports some  
real progress being made in the  
matter of the Hedley-Lakeview  
road.

Lakeview citizens are circulat-  
ing a petition asking the Hall  
county Commissioners Court to  
open and grade this road. The  
first of this week they had 110  
signatures to the petition, and  
avowed their intention of getting  
500. The Hall county Court has  
evidently held to the opinion that  
only Hedley people want this  
road. Perhaps they will be con-  
vinced that quite a number of  
Hall county citizens also want it.

Anyway, after a long period of  
mass-meeting, whereasing and  
resolving, it looks now as if we  
may be on the right road to get  
the road. Which is as it ought  
to was.

Manager Chas. M. Lowry of  
the local West Texas Utilities Co.  
is spitting the atmosphere in a  
new and handsome Ford truck  
provided by the company. It is  
a lot more pleasing to the optics  
than the old buggy, its passing  
along the thoroughfare is not  
nearly so disquieting to nervous  
systems, and Mr. Lowry avers  
that its locomoting ability is, in  
comparison, perfection plus. Us

**1919 STUDY CLUB HAS HAD GOOD YEAR**

The 28th of May, in the home of Mrs. E. G. Dishman, with Mrs. R. A. as hostess the 1919 Study Club closed one of its most successful year's work. In every activity its members have responded loyally and helped to launch a city park project and extend the library which in the future, we trust, will develop into objects of greater service to our community. We do not exist for selfish pleasure alone, but desire to help our town and community to grow into a more desirable place to live.

Our programs this year on Texas, its writers, artists, legends, beauty spots, etc., have made us proud to be citizens of this great Lone Star State.

The year books for 1930-31 were presented at this time and all look forward to a year of study, pleasure and service.

During the summer we will sponsor a study hour for the children of the town and community, ages 8 to 12 years.

We gave the retiring president Mrs. Noel, a rising vote of thanks for her untiring efforts and zeal throughout the year.

The hostess served delicious cream and cake to eleven members and the following guests: Mrs. Ed Dishman of Memphis, Mrs. Lake Dishman, Mrs. L. E. Thompson, Mrs. E. G. Dishman.

T. E. Moreman, W. T. Youree and J. S. Perrine are enjoying a recuperative season at Sulphur, Okla. J. M. Clarke made the drive with them to Sulphur Monday, returning Tuesday.

**After the First Twenty-five Thousand Miles**

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafaela races in Argentina, first and second in the

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

### NEWS REVIEW OF CURRENT EVENTS

#### London Naval Treaty Will Be Dealt With by Senate in Special Session.

By EDWARD W. PICKARD

RATIFICATION or rejection of the London naval treaty will be accomplished by the senate in a special session, to be called by President Hoover immediately after the adjournment of congress about June 15. This was the plan decided upon by majority leaders of the senate and house with the approval of the President. It was considered best for congress to go ahead with the business before it, complete that and adjourn without taking up the treaty. The house leaders said they were ready to set a date for ending the session as soon as the senate was prepared for such a step. Opposition to hasty action on the treaty, by opponents of the pact, and a desire on the part of members of the house to get through and go home were two of the major reasons for the decision reached. President Hoover's announcement that he intended to call a special session, if necessary, to insure early action on the treaty was a principal factor.

Senators Johnson of California and Hale of Maine, leaders of the opposition, were especially vehement in their objections to what they called an attempt to railroad the pact through the senate by administration senators. Under the program adopted, the tariff, rivers and harbors, omnibus and veterans bills will be acted on in the senate before congress adjourns.

More members of the navy general board and other high officers of the navy appeared before the senate committee on foreign relations and naval affairs to tell why they consider the London treaty dangerous for the United States. Much of their testimony was to the effect that it would make it impossible for the navy to protect this country's trade routes; there also was further criticism of the reduction in the number of large cruisers for America and of the increased ratio given Japan.

DEBATE on the conference report on the tariff bill was just getting under way in the senate when some one raised a point of order which was sustained by Vice President Curtis and under which the measure was sent back to conference. Consequently final action on the bill was delayed for at least one week.

The point of order related to a clause in the flexible provision permitting the tariff commission to make effective changes in duties if the President failed either to approve or disapprove a recommendation for an increase or decrease within 60 days. Republican leaders were concerned over the fact that several additional points of order may be made relating to rate items. If these are sustained further delays are in prospect.

FIGURES presented to the senate campaign expenditures committee revealed that Senator Grundy of Pennsylvania spent \$291,000 out of his own pocket in his losing campaign for re-nomination and that the total cost of that campaign was \$332,076. Secretary of Labor Davis, who defeated Grundy, told the committee that he expended and pledged out of his own funds \$10,541.45. He said he also handled about \$10,000 in contributions to his campaign which he turned over to his committee.

Francis H. Bohlen, who ran against Senator Grundy and Secretary Davis with the backing of the Association Against the Prohibition Amendment, testified that the total expended for the ticket which included himself and candidates for governor and lieutenant governor was a little more than \$200,000. Of this amount \$10,000 was contributed by the association.

SOME of the dry leaders in the senate were considerably more disturbed by the ruling of the Supreme court, that the ordinary purchaser of intoxicating liquor is not guilty of an offense, than was the prohibition en-

forcement bureau. Senator Sheppard of Texas, for instance, urged the early enactment of legislation to make the liquor buyer punishable under the dry laws. Sheppard was co-author of the Eighteenth amendment. Early in the present session he introduced a bill to make the seller and purchaser of illicit liquor equally liable to punishment. Senator Jones of Washington, author of the "five and ten law," and others opposed the views of Sheppard.

The court, in an important test case brought by the government, held that congress not only "deliberately and designedly" exempted purchasers in the Volstead act, but for ten years "has significantly left the law in its original form."

Enforcement bureau officials pointed out that the decision was entirely in accord with the policy the bureau had followed.

THREE bills intended to improve prohibition enforcement, principally through the relief of congested federal court dockets, were given the approval of the house judiciary committee. One measure would authorize the summary prosecution of offenses, elsewhere defined as misdemeanors, before United States commissioners without a jury. Whatever the action of the commissioner, it must be confirmed or disapproved by a member of the federal bench.

Another would amend the United States code to define a misdemeanor as an offense calling for a maximum penalty of six months in jail, a fine of \$500, or both, and a felony as an offense punishable by imprisonment for not less than one year.

The third measure would amend the Jones law to define a misdemeanor under the prohibition laws as an offense committed by one who is not an habitual violator of the dry statutes and a case involving not more than one gallon of liquor.

OUT in Seattle a federal grand jury returned indictments against Roy C. Lyle, prohibition administrator for Oregon, Washington, Idaho, Montana and Alaska, and others on charges of corruption and bribery. Among the indicted are William M. Whitney, Mr. Lyle's assistant and legal advisor; Earl Corwin, a prohibition agent; M. L. Fryant, a deputy sheriff who won notoriety as a wire tapper in the famous Olmsted "whispering wires" case, and C. T. McKinney, a young lawyer from Kentucky who led the prosecution of the Olmsted liquor gang.

OFFICIALS of the Methodist board of temperance, prohibition and public morals were asked to appear before the senate lobby committee to explain its alleged failure to report, in accordance with the federal corrupt practices act, its activities in the Presidential campaign of 1928.

Deets Pickett, research secretary of the board, testifying in the absence of Dr. Clarence True Wilson, its general secretary, insisted that its activities in behalf of Hoover were "nonpolitical." He pointed out that the Department of Justice has declined to prosecute the board for non-compliance with the federal statute.

Pickett stated that hundreds of thousands of copies of the Voice and the Clippings, organs of the board, were circulated during the 1928 campaign; that the religious issue received attention in the Voice, a fact he now deplored; and that, as reported to the board by Doctor Wilson after the campaign, "we did use all the energy that we were capable of in bringing about the election of Herbert Hoover as President and Charles Curtis as Vice President."

"PASSIVE" no longer describes the resistance of the Indian natives to British rule. The rioting is increasing daily and has developed into bloody conflicts with the police and the troops. What is worse, in the eyes of the British, is the fact that the Moslems are joining their traditional enemies, the Hindus, in the campaign in some localities, though in other places there have been sanguinary fights between natives of the two religions.

Worst of all the rioting, but not directly connected with the Indian campaign, was that in Rangoon. In that capital city of Burma warfare broke out between different bands of

coolies when laborers were imported to break a strike of dock workers, and the troops were forced to fire on the mobs. Many were killed and the wounded numbered perhaps a thousand. Latest reports indicated that peace had not yet been restored there. Fifteen Indian coolie women were said to have been tortured and massacred by coolies. All the shops in the city were closed and the food situation was becoming desperate.

PREMIER MUSSOLINI recently delivered several addresses so fiery and provocative concerning the necessity of having Italy prepared for war, that the negotiations between that country and France for a naval limitation agreement were broken off, at least temporarily. Some of the French newspapers even hint at the possibility of war between France and Italy, though the conciliatory attitude of the French government is stressed.

On the other hand, Deputy Gray in a speech before the Italian chamber of deputies, appealed to France to make an accord with Italy so that Europe may present a united front against America in the future armed struggle which he is certain will come.

CHINESE Nationalist forces in Honan province are reported to have been severely defeated by the troops of the northern alliance commanded by Yen Hsi-shan and Feng Yu-shian and numbering about 200,000 men. The government troops were forced to dig in and suspend their advance on Chengchow, the rebel base, until reinforcements arrive. The two armies have been engaged in battle along the railway south of the Yellow river since May 8.

ORGANIZED labor won a big victory when the Supreme Court of the United States upheld an injunction restraining the Texas and New Orleans railroad, a Southern Pacific system subsidiary, from organizing a so-called "company union" or interfering with the activities of the Brotherhood of Railway and Steamship Clerks among its employees.

DETERMINED to hold down government expenditures for veterans' relief to reasonable figures, President Hoover vetoed a bill broadening the basis for pensions for Spanish war veterans which would have added from \$11,000,000 to \$12,000,000 to annual costs to the government.

"I am in favor of properly discharging the national obligation to men who served in war or became disabled and are in need," said the President in his veto message. "But certain principles are included in this legislation which are opposed to the interest both of war veterans and of the public."

CAPT. ROSCOE TURNER, flying a Lockheed Vega monoplane, set a new record for the east to west transcontinental flight. Starting from New York, he made one stop, at Wichita, and landed at Glendale, Calif., in 18 hours, 43 minutes, 34 seconds elapsed flying time. He battled strong headwinds all the way to Wichita. Turner's only companion was a lion cub.

The Graf Zeppelin, after spending an hour or two in Buenos Aires, returned to Pernambuco for gas and fuel and then took off on her flight to Havana and Lakehurst, N. J. On the northward leg of the voyage her passengers numbered nineteen. It was arranged that Pernambuco shall be the terminus of a regular Zeppelin service.

Amy Johnson, the young English girl who flew from England to Australia, is touring the Australian continent. She was presented with \$50,000 by English admirers.

SEVERAL well known men and women were taken by death during the week. Among them were Cardinal Lucon, the venerable archbishop of Reims who remained in that city throughout its bombardment in the World war; Mrs. Katherine Keith Adler of Chicago, popfarr novelist, who was killed in an automobile accident in France; Lord Randall Thomas Davidson, former archbishop of Canterbury; Daniel M. Lord of New York, veteran advertising man, and Baron Ashton, the richest man in England.

## SANDWICHES

A sandwich filling that will keep one which will be appreciated by the busy housewife. Here is one:  
**Norway Sandwich.**—Boil two cupsful of tomatoes a few minutes, add half a pound of chipped beef and one-half pound of cheese which has been chopped or put through the food chopper. Bring to a boil. Add one well-beaten egg, cook carefully to spreading consistency. Add cayenne and use as filling on any kind of bread.

**Tongue and Apple Sandwich.**—Mix one cupful of finely chopped cold tongue with half the quantity of chopped apple. Season well with salt to taste. Spread on buttered bread.

**Salmon Savory Sandwich.**—Take a can of salmon, remove the skin and bones, add three hard-cooked egg yolks, two tablespoonfuls of lemon juice, two tablespoonfuls of chopped parsley, one-half cupful of cream salad dressing, salt and pepper to season. Mix well and spread on buttered whole wheat bread and garnish with stuffed olives.

**Cucumber and Onion Sandwich.**—Peel and chop fine two firm cucumbers and grate two mild onions, add pepper, salt and a half teaspoonful of sugar. Place in a sieve to drain and chill in the ice chest. At serving time add French dressing, drain and mix with mayonnaise to spread. Serve on buttered whole wheat bread and garnish with stuffed olives.

**Tomato Soup Sandwich.**—Spread rye bread with creamed butter and cover with a leaf of lettuce. Cover the lettuce with canned soup undiluted, cover with another leaf and then with a slice of buttered bread.

**Pigs-in-a-Blanket Sandwich.**—Select as many oysters as needed, take an equal number of slices of bacon, one green pepper chopped. Place the oyster on the bacon, sprinkle with chopped pepper, roll up and fasten with a toothpick. Pan broil in a hot frying pan. Place in a hot oven until ready to serve. Spread slices of bread lightly with mustard or any other mixture you prefer and serve the little pigs in between the slices.

## SEASONABLE FOODS

Mint enhances the deliciousness of lamb, which is one of our early summer meats. After roasting the leg of lamb, crown roast, or stuffed breast, serve it surrounded with individual molds of mint jelly, garnish the top of the roast with cress or parsley. Mold the jelly in halves of lemon, then cut, with the lemon peel left on if desired, into eighths or quarters.

**Mint Jelly.**—Take one-half cupful of vinegar, one cupful of water and add enough green coloring to make of the desired shade; add three and one-fourth cupfuls of sugar, one-half to one and one-half teaspoonfuls of spearmint extract and one-half cupful of pectin. Bring all to a boil except the pectin; add the pectin and the flavoring, let stand a minute removed from the heat, skim and pour into jelly glasses or molds. Cover with paraffin if to be kept any length of time. If lemon is used instead of vinegar use one and one-half cupfuls of water and the strained juice of two lemons. This makes five glasses of jelly.

**Old English Dessert.**—Take three and one-half cupfuls of boiling milk, add one teaspoonful of salt, then add while boiling one cupful of rice; cook in a double boiler until the rice is tender. Drain, sweeten with one-fourth cupful of powdered sugar and pour into a ring mold. Serve turned out with the center filled with jam and garnish with whipped cream. Plum, cherry or cranberry marmalade are good fillings.

**Apricot Roll.**—Take one cupful of apricot jam, spread over the following roll: Sift two cupfuls of flour with three teaspoonfuls of baking powder, one-fourth teaspoonful of salt and mix in two tablespoonfuls of butter. When well blended add one beaten egg and two-thirds of a cupful of milk. Mix and roll out, spread with softened butter and cover with the jam. Roll up and press gently to flatten. Place in a greased pan, brush with milk and bake in a quick oven for 20 to 30 minutes. Serve hot with:

**Hard Sauce.**—Cream one-third of a cupful of butter, add gradually one cupful of powdered sugar, one teaspoonful of hot cream and flavor with almond and a grating of nutmeg.

**Simple Salad.**—Chop rather coarsely small cabbage—to two cupfuls of potato add one coarsely chopped green pepper, one onion, and a half-cupful of celery. Mix all well, add enough mayonnaise to moisten, and serve on heart leaves of lettuce.

## FAVOR SATIN-STRIPE SHIRTINGS; COSTUMES FOR BEACH LOUNGERS

A MULTITUDE of lovely weaves, colorings and fascinating effects come under the caption "sports silks" this season. The best of it is, no matter how delicate their pastel blues or pinks, eggshell shades, pale greens, yellows or any of the other delectable tints, these enchanting silks, whether shantung, flat crepe or what not, are capable of being rubbed and rubbed without sacrificing an iota of their original beauty. And that's the marvel of it, that silks can be so exquisitely lovely,

fans has for the most part resolved itself into a matter of pajama ensembles. And such ensembles! They are all that their name implies, ensembling as they do about every item of wearing apparel there is to ensemble from beach bags, shoes, wraps, shirts, blouses, coats and trousers to parasols and huge hats. Wherefore it is plain to be seen that beach costuming has become an elaborated and complicated affair. It's heaps of fun, just the same, planning one's beach togs, if for no

Sleeveless Tennis Frock.

and at the same time so practical because they are washable, and because they yield so satisfactorily to tailored treatment.

While the list of popular sports silks is long this season, when it comes to outstanding types, the handsome striped shirtings rank among the foremost. One of the chief charms of these striped silks is their incomparable laundering qualities. The new basque stripes are especially attractive. These feature satin stripes on a dull-finish crepe background, the entire carried out in monotone pastel. The colors of these basque-stripe silks are perfect, including the much-wanted baby blue, odd shades of pink, mauve, beige and yellow. In fact they are available in any of the new summer soft subtle tones, also quite a few bright shades.

For the sleeveless tennis frock pictured the stripes are worked in a very desirable manner, thus enhancing the appearance of the frock, at the same time maintaining a coveted tailored simplicity.

The summer sports story so far as the making of frocks is concerned is a continuous recital of interesting detail which has to do with such subtle touches as the new cap and puff sleeves, low décolletage suntan backs, scallops, saw-tooth edges, belts, buttons, one-piece frocks, the tuck-in blouse, plicated skirts (sometimes the costume consists of skirt, shirt and shorts), and if the skirt be not plicated then it is liable to be circular cut

other reason than that there's one time one may be as reckless and temperamental as one pleases, indulging in the wildest extravagances of color, fabric and design without fear of being criticized. In fact the more bizarre the merrier, seems to be the sentiment of the mode when it comes to garbing those who would stroll on the sands, take a dive or a dip in the ocean blue or loit in supreme content while they acquire a healthful suntan.

The outfit pictured below shows how exceedingly picturesque a beach ensemble can be. Like most of lady's costumes this pajama outfit with its matching parasol, shoes and beach bag (on the bench at her side) has made it a point to "get into print"—printed crepe in this instance suggesting Mexico in its red and orange coloring.

Very striking pajamas designed for gay beach wear fashions the trousers of navy blue crepe polka-dotted in white. The coat is made of navy blue

Pajama Ensemble for the Beach.

Most every sports frock has its own jacket, too, which counts in its favor so far as wearableness and general utility is concerned.

There is every indication that the all-white sports costume will prove a winner as well as the pastel colored outfit.

Very frequently the frock is of washable silk, the coat topping it being a novelty woven weave such as white basket cloth or white flannel.

For Beach Fans.

Vacationing at the beach? Well, for such fashion has an intensely interesting message in regard to that ever recurring what-to-wear problem. Fact is the clothes question for beach

silk with navy insignia on one arm, a white vest being embroidered with an anchor.

Plicated pajamas are quite the rage. That is, there is a flounce of knife pleating from above the knee to the ankle. The first impression is that of a skirt with a plicated flounce.

The beach hat is a very intriguing item this season, reaching proportions which are amazing, yet withal very practical as a protection from the sun. Not only are straw hats of every color employed for these hats but novel fabrics are conjured into wide brims and generous crowns.

### The Right Way Out

Police—Where's that flaming youth who was creating all the disturbance up here?  
 Landlady—He just went down the fire escape.—Cincinnati Enquirer.

### OLD DOCTOR'S IDEA IS BIG HELP TO ELDERLY PEOPLE

In 1885, old Dr. Caldwell made a discovery for which elderly people the world over praise him today! Years of practice convinced him that many people were endangering their health by a careless choice of laxatives. So he began a search for a harmless prescription which would be thoroughly effective, yet would neither gripe nor form any habit. At last he found it. Over and over he wrote it, when he found people bilious, headachy, out of sorts, weak or feverish; with coated tongue, bad breath, no appetite or energy. It relieved the most obstinate cases, and yet was gentle with women, children and elderly people.

Today the same famous, effective prescription, known as Dr. Caldwell's Syrup Pepsin, is the world's most popular laxative. It may be obtained from any drugstore.

### Victory for Eagles

After two years of warfare against a representative of Uncle Sam two bald eagles stand victorious with Uncle Sam's agent in full retreat. The latter, telegraph operator, has been stationed atop a forty-foot pole to register the shots fired from the naval station at Dahlgren, Va. Upon this perch the eagles built their nest and a conflict has been raging for possession, with the operator forbidden from shooting the birds under a penalty of a \$50 fine. So he retreated to a new pole, conceding victory to the eagles.

### Thin Dividing Line

A variation of a few hundredths of 1 per cent in the glucose of the blood at a critical moment is said to be the difference between a coward and a hero.

### Pathetic Reunion That Has Film Outclassed

Stranger than fiction and more moving than a film is a story which comes from Saint Omer, France. The scene is a cafe at Quivrochain. Among the customers is an elderly woman. A miner enters. He has a story to tell. He relates how his father abandoned his mother in this very same village of Quivrochain in 1885, and took him to America when he was three years of age. His father died shortly after his arrival, and he was adopted by Poles, who made a miner of him. Eventually he returned to France, working in a pit at Hensies and passing as a Polish miner. The elderly woman put questions, and the miner was astonished when the woman jumped up in great excitement and declared that he was not a Pole, but a Frenchman, and that he was her son, taken from her 44 years ago.

A magazine writer asked Paul Shoup, the California railroad king, if he did not think the present generation was admirably adapted for railroading, both by nature and by training. Mr. Shoup laughed. "The modern boy," he replied, "is mechanic-minded. He can run almost anything except an errand."

## FIRST BAPTIST CHURCH

GEO. C. HUTTO, Pastor

Although last Sunday was a muddy day so that many of our folk did not get in for Sunday school, there were 140 in attendance. Come with us next Sunday morning at 9:45 and let's study concerning the Resurrection of Christ. Let every teacher get in touch with all who were absent last Sunday from their class, and let's pull the attendance back up to 200. There will be the usual preaching service at the eleven o'clock hour, but we will dismiss the evening preaching service to attend the Methodist revival. However, the B. Y. P. U. s will meet at 7:15 as usual.

Pastor Hutto is planning to go to Bray for a special service next Sunday night.

### SURPRISE PARTY

Another memorable day has passed into history. This day was enjoyed by a crowd of friends and neighbors who gathered at the home of Mr. and Mrs. B. E. Harris last Tuesday, each one carrying something good to eat, and gave them a surprise dinner. The day was enjoyed by all present, and especially by Uncle Ben and wife.

Some pictures were taken of the crowd. Pleasant conversation and singing of old time hymns was the order of the day to the following, whose ages are given: The oldest one present was Uncle Charlie Dickson, 85; Mrs. W. T. White 82; Mrs. Martha Keasler 77; R. H. Keasler 75; W. E. Reeves 78; Mrs. Josie Adamson 71; Mrs. R. J. Dickson 70; Mrs. Minnie Mendeshall 68; Mrs. W. E. Lottrell 65; Mrs. Jessie Hendrix 65; Mrs. W. E. Reeves 62; Mrs. J. M. Williams 55; Mrs. George Armstrong 54; Mrs. R. E. Newman 52; Mrs. R. R. Wesley 51; Mrs. Pearl Noble 50; Mrs. E. B. Mace 46; E. B. Mace 46; Mrs. Lucy Jordan 40; Mrs. Pearl Adamson, Mrs. Esie Loman 20.

Days like this are well spent, and bring joy to the aged and shut-ins. It is blessed to remember the aged and sick of our town in such a manner.
