Brief report from Buck Ellison this week in regard to troublesome bear which received special mention here last week:

"We got that bear this (Friday) morning about sun up. He woke us up trying to get in the house. Killed him within 15 feet of the front door. Will tell you all about it when we get home. Buck and Mable Ellison."

So that, we suppose, ends the story of at least one of The Three Bears.

Up to now, we claim to be one of the two people who write a regular column in State of Texas who have not mentioned new state sales tax which went into effect first of this month.

One reason we haven't is because of ignorance... about the new tax as well as other things. Another is that it was causing so much comment everywhere else we decided to at least be different enough to not mention it.

The new tax has some bad points. But what tax doesn't? We think it's amazing that it's not worse than it is when you consider the conflict (and we're sure we can't imagine the half of it) which went on among state legislators in getting this tax, or any other, passed.

Our state government representatives didn't, we feel sure, want this tax... or any other. But it wasn't a question of what kind of tax to want. The question was how to raise money which HAD to be raised. And there were probably as many ideas as to what kind of tax to have as there were legislators.

So, with that many ideas coupled with fact and that no one wanted a tax in first place it's amazing that the so-called two per cent tax makes as much sense as it does. We've seen committees of three argue and discuss a subject for a period of months without getting anything accomplished.

And while it did take an extra long time to decide on how people of Texas should be taxed, a plan did go into effect.

Surely that should be at least considered an accomplishment. For some people, the tax definitely worked a hardship and will continue to do so. But for average Texan it's no problem and save griping about it he'll never really know it's ineffect.

You'll have to admit that the tax doesn't seem nearly so serious now that it's been in effect for almost a month as it did on morning of September 1.

Give us a year to live with it and we may even think it's a fine deal. We said "may."

Earlier we reported here that Texas A&M was the "sleeper" in this year's Southwest Conference campaign. Now that the Aggies have played one game, in which they tied University of Houston, we believe we told you right. As a matter of fact, we think they're still asleep.

Seriously, one game doesn't prove anything and we're still of the opinion that some nice football fans around are going to be surprised at A&M's showing in conference race.

In regard to Fightin' Texas Aggie football team and our loyalty to it and the school here are a couple of rumors going around various coffee shops which aren't true.

1. You don't have to pick A&M over its opposition in Bovina Businesses Cotton Bowl Football Contest to be eligible to win cash prizes. Certainly it's a good idea to select A&M from a public relations standpoint with the contest judge that's us but it isn't absolutely necessary.

2. We didn't lose our interest in The Blade to petty gamblers because A&M failed to defeat University of Houston. We're not saying that's not a possibility but it didn't happen last week.

An attempt will be made to change Bovina Mustangs football schedule after this season. Plans are to drop a couple of the teams which are now on the schedule.

Nothing definite on who will be (Continued on page 6.)

ESSAY CONTEST WINNER--Marilyn Brandon, daughter of Mr. and Mrs. C. R. Brandon and a Bovina High senior, is shown being presented first place plaque in Parmer County Soil Conservation District's essay contest. Making presentation is J. E. Jones, former county agent. A. L. Black, president of county SCD board of supervisors, is in foreground. Title of essays were "Why I Believe in Soil Conservation. Other pictures and stories concerning the SCD banquet which was in Bovina Saturday night, appear in High Plains Farm and Home section of this issue.

Funeral Saturday For Mrs. Hudson

Funeral services were conducted at First Baptist Church here Saturday afternoon for Mrs. Bertha Roberson Hudson, 75.

Mrs. Hudson died Thursday in a Muleshoe hospital. She had been a resident of Oklahoma Lane community since 1928 until 18 months ago when she moved to Muleshoe to make her home there with daughter. Officiating at the services were Rev. J. L. Bass, pastor of First Baptist Church of Farwell, Rev. Harold Morris, pastor of Bovina Methodist Church, and Rev. Vernon Willard of Pampa.

Mrs. Hudson was a member of Church of the Nazarene. Burial was at Oklahoma Lane. Survivors include three daughters, Mrs. Arthur Bolton of Farwell, Mrs. Sarah Ann Payne of Muleshoe, and Mrs. Melvin Suddarth of Keenesburg, Colo.; four sons, Alva J. of Bovina, Bert of Lubbock, John H. of Bolling Green, Ohio, and W. L. of Arroyo Grande, Calif.; one brother, O. R. Johnson of Foss, Okla.; one sister, Mrs. W. L. Wilkerson of Norman, Okla.; 18 grandchildren and 13 great-grandchildren. Pallbearers were Henry

Minter, J. D. Kirkpatrick, J. W. Gooch, Don Murphy, Leslie McCain, and T. C. Wiseman. Honorary pallbearers were Sam Billingsley, Claude Primrose, Truman Kent, Clarence Christian, L. M. Grissom and Walter Verner.

School Taxes Highest Ever

Bovina School District tax valuations for 1961 have surpassed all-time high total of a year ago.

Total valuations for district this year are \$12,846,949.01, announces Mrs. Pearl Dodson, school tax assessor-collector. With 13 cent tax rate increase this year on \$100 valuation, total taxes will be \$134,892.91. Tax rate was recently increased by school board from 92 cents to \$1.05.

In 1960, valuations totaled \$12,667,999.32. Tax total was \$116,548.42.

Taxes become due and payable October 1, Mrs. Dodson says. After January 31, 1962 they will be subject to a penalty if not paid prior to that date.

Visiting in the home of her sister and family, Mrs. Lloyd Killough, are Mr. and Mrs. T. M. Gentry of Altus, Okla.

Mrs. Ovid Lewis and son, James, visited her mother, Mrs. J. I. Steed in Dallas over the weekend.

THE WINNAHI -- Jimmie Charles was first place winner in last week's Bovina Businesses Cotton Bowl Football Contest. Charles picked nine of 10 winning teams, missing only the A&M-Houston tie. He nosed out Glenn Hromas, who had same record, on tiebreaker score. Mrs. Allen Cumpston was third place winner.

Youth Development Division of Bovina Chamber of Commerce and Agriculture borrowed \$1950 from First National Bank Saturday. The money will be used to pay remaining indebtedness on new lighted Little League ball field which was constructed late this summer.

The action was taken at a chamber directors' meeting Saturday noon.

Interest on the note will be three per cent.

It will be paid off by public donations this fall and next spring, when drives for the additional funds are made, the directors agreed.

Total cost of work on field (Continued on page 6.)

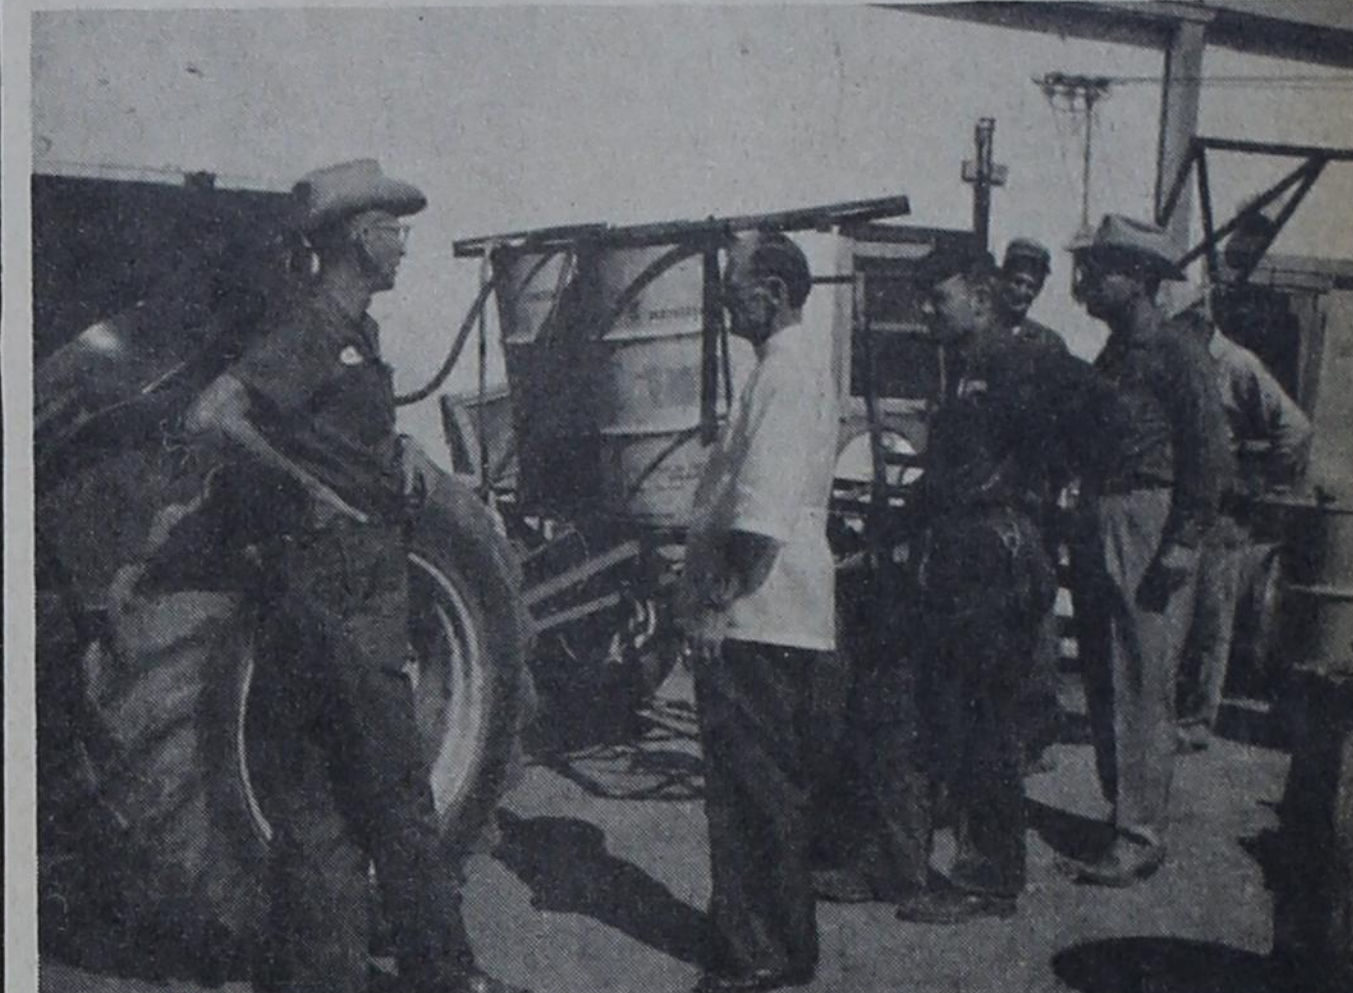

L. O. Kelley Services Held At Springlake

Funeral services for Lester Orville Kelley, 47, died of a heart attack Tuesday afternoon of last week at his home near Springlake, were conducted Thursday in Springlake Baptist Church, where he was a member.

Burial was in Littlefield Memorial Cemetery.

Kelley, a farmer, was born in Sweetwater, Okla. He moved to Springlake area from Hereford in 1933. He had also lived in Bovina. He was a member of the Oddfellows.

He is survived by his wife, Leta; two daughters, Beverly and Billie Kaye, both of the home; one brother, Lonnie Kelley, Bovina; and four sisters, Mrs. C. E. Gatlin, Meridan; Mrs. R. W. Smith, Healdsburg, Calif.; and Mrs. E. A. Males, Vallejo, Calif.

BINDWEED CONTROL--A campaign to control bindweed inside Bovina city limits was launched Tuesday. Shown with spraying machine which is being filled with spray are, left to right, Commissioner Bud Crum, Mayor Emmett Tabor, Commissioner Al Kerby and Roy Crawford, Bovina High vantage point who is representing Parmer County Weed Control Committee on the project. A Parmer County Farm Supply crew will do the weed control work at city expense. Purpose of controlling bindweed in city limits, Crawford says, is to keep the plant from spreading to farms where it causes land to be useless from a production standpoint. Citizens are requested to notify the city of location of bindweed plots.

Main Street To Be Swept

Plans have been made to give North (Main) Street in Bovina a weekly sweeping, John Wilson, city employee, announced this week.

Wednesday morning is time set for the annual clean-up work, Wilson says.

He asks cooperation of citizens in keeping parked vehicles off the street from midnight to 6 a. m. each Wednesday.

THERE FRIDAY AT 8--

Ponies Play Boys Ranch

Hoping to add to their two-game winning streak, Bovina's Mustangs invade corral of Boys Ranch Ranchers, who are undefeated in four games, Friday night at 8.

Boys Ranch slaughtered Sanford-Fritch 46-0 last week. In addition to that win, the BR boys have romped over a couple of large school B teams. Their most impressive win, however, is a 16-0 shut out of Happy's Cowboys, favor of District 2-B of which Bovina is a member.

Bovina lost last year's game, which was played here, by a 22-14 count.

This season's Ranchers will be larger and quicker than the Ponies, Coach Hallie Gee says. However, they should be rated only slight favorites judging from season records of both clubs.

All Mustang squadmen will be available for at least limited action, Gee says, barring injury this week. Quarterback Don Cumpston who had a sprained ankle in last week's game against Amherst will be ready to play as will End Mac Glasscock who suffered a back injury last week.

To avoid further injuries and to keep from complicating those which already exist, the Ponies are having a light work week as far as contact is concerned, Gee says. "We had to let up somewhere to let our boys get well." The Mustang schedule does not have an open date.

Mustang fans, encouraged by last week's win over classy Amherst, are expected to back the team at Boys Ranch in good numbers.

CHARLES, HROMAS, CUMPTON WIN--

Football Contest In Fifth Week

Newcomers to winner's circle took prize money in last week's Bovina Businesses Cotton Bowl Football Contest while frontrunner Erith Hawkins held on to his first place in race for Grand Prize, an expense-paid trip for two to 1962 Cotton Bowl. Jimmie Charles won first place money of \$5 with nine of 10 correct selections. He missed only the Houston-A&M tie as did Glenn Hromas, who came in for second place and \$3. Charles was 12 points off on Bovina-Amherst score and Hromas was 16 points off.

Charles and Hromas were only entrants to pick nine winners. A total of 16 had eight right, but Bobby Cumpston won third place money of \$1 by being closest on tiebreaker score. She picked the score 21-14 in Bovina's favor and actual score was 22-16.

There were 121 entries in the contest. A total of 31 picked seven correct, 38 had six right, 17 correctly selected five, 11 had four and six had three winners correctly named. In race for Grand Prize, Hawkins is out front all by himself with 35 out of 40 winners. He's setting a torrid .875 pace at end of four weeks of the 13-week contest.

John Wilson is one notch back of Hawkins with 34 while Harry J. Charles is now in show slot with 33. Six people are tied for fourth position. They are Mrs. Cumpston, J. W. Harris, Hromas, Ed Hutto, James Lawlis and Jay Sherrill.

Four steps off the pace with 31 right are Don Cumpston, Allen Cumpston, Ray Carter, Roger Ezell, Johnie Horn, Neil Smith, H. N. Turner and Mary Jane Wilson.

Picking eight winners last week, but finishing out of the money were Carter, Lawlis, Patsy Sherrill, Ronnie Isham, Harris, Mrs. J. W. Harris, Wilson, Sue Charles, Paul Jones, Hawkins, Neil Smith, Mike Barraza, Tom Caldwell, Billy R. Horton, and Mrs. Don Sides.

This week's contest appears on an inside page.

DOWN AMHERST, 22-16--

SEASON'S SECOND WIN--

Lady Luck Smiles On Mustangs

Lady Luck smiled sweetly on Bovina Mustangs in second half at Amherst Friday night as they hung on to preserve a 22-16 come-from-behind win over the fast, talented Bulldogs.

The Mustangs protected their slim, six-point margin in fourth quarter by forcing the favored previously-undefeated "Dogs to fumble three consecutive times inside Bovina's 11-yard line. Bovina recovered on all three occasions.

Playing a razzle-dazzle brand of ball that enabled them to use their fleet backs to best advantage, the Bulldogs had a 16-point lead over the Ponies before the visitors could get their offensive machine in gear.

Though the Bulldogs led statistically, fumbles proved

to be their undoing. They fumbled eight times and Bovina recovered on six of those occasions. Amherst had a 3-0 record going into game. Bovina was 1-2.

Amherst picked up first TD midway through initial period. Bovina kicked off the "Dogs waltzed to the three-yard line in eight plays. However, a miscue was recovered at that point by Bovina's John Sikes.

Bovina made six yards in three tries and was forced to punt. Tally Kelso got away a short boot which was put in play on Bovina's 28. From that point it took the host team nine plays to score with Quarterback John Blair going over from four yards out. Halfback James Brashears carried across the extra points to put the Mustangs in arrears, 0-8.

Following the kickoff, Bovina shoved back to Amherst's 24-yard line before losing the ball on downs. A pair of passes from Quarterback Don Cumpston to End Mac Glasscock were good for 14 yards and were longest gainers in the drive except for a 15-yard penalty against the Bulldogs.

Taking over on their own 24, the host team had its second, and final, score in five plays. The 76-yard drive featured runs of 12, 17, 14 and 33 yards with Fullback Roy Edwards going through middle for a 33 yard TD gallop. Pass from Blair to End Bobby Hedges was good for two extra points and Bovina trailed, 0-16.

At this point, the Mustangs got into scoring act. Cumpston returned kickoff from 30 to 35. Fullback Jerry Frazier

rambled for 18 to Amherst's 47. Buddy Turner made four and Frazier two more to set stage for a 41-yard pass completion from Cumpston to Halfback Rocky Hance. Hance gathered in the long pass over his shoulder and sped across the goal untouched.

For extra points, Cumpston faked the ball into center of line and then circled his left end on a keeper play to cut the lead to 8-16.

With time running out in half, Amherst took to air and completed three out of four for 40 yards, but Hance stopped the threat with an interception on Bovina's 18. A Cumpston to Hance pass gained five to move half out to 23. Time ran out on first half as a Cumpston pass was intercepted as gun sounded. Third period was when Mus-

tangs did their serious damage. Amherst kicked off to Turner who returned from 15 to 31. Ponies had their second TD nine plays later with Cumpston again throwing to Hance for 29 yards and the score. For the extra points, Cumpston passed again to Hance who was all alone in endzone following a fake kick by Turner. That tied score, 16-16.

Mustangs had their third TD before Amherst ever had possession of ball. Turner's kickoff struck an Amherst lineman and the ball bounded back into waiting arms of a Mustang to give Bovina possession on 48-yard line.

After Turner made eight to 46, Hance set up the score with a hard, determined run which covered 40 yards to give Ponies a first down on six

yard line. Hance was almost knocked from his feet three different times during the jaunt but managed to stay afloat until he was knocked out of bounds on the six.

Hance made two more, Turner banged for two to the two-yard line and then Turner swept right end for the go-ahead TD. A Cumpston to Hance pass for extra points was incomplete to end scoring at 22-16.

Most of excitement for large representation of Bovina fans was yet to come, however. Amherst again fumbled the kickoff and Bovina recovered on the 35. Frazier ran to the 19 before being knocked loose from the ball to give the Bulldogs possession.

Featuring the flashy running of Backs Blair, Brashears, Edwards and Ronnie Schroeder, Amherst moved from their own 19 to Bovina's 11 in 10 plays before losing possession of the ball via fumble route.

Bovina couldn't gain and Kelso punted out to the 34. In five plays, the host team was back on doorstep of Bovina's goal line before again fumbling and giving the Mustangs possession on the six.

Again Bovina couldn't gain a first down and Kelso punted out of bounds on Bovina's 41. In seven plays, with time running out the Bulldogs had surged back to the five yard line. But again a fumble recovered by Bovina halted the drive. With time for only one play remaining, Sub-

Jury Gives One Verdict

Decision was rendered in one case and five other civil suits were postponed in District Court action in the Court House in Farwell Monday.

The jury returned a verdict in favor of Daniel Molnar in his suit against The Travelers Insurance Company. Molnar was asking compensation for injuries received as the result of an accident March 28, 1955 while working for Conner and Lasater Construction Company.

District Judge E. A. Bills presided over the day-long session. The five cases which remained on the docket were postponed until 2 p. m., Oct. 11, 1961.

One case scheduled for action Monday was settled out of court. It was the case of John J. Sweeney, et. al. vs. S. N. Kesner.

Cases postponed are: Harris B. Dunn vs. E. T. Jennings, d/b/a/Benger Air Park; Carl W. McClintock vs. L. G. Harris and Jack Blair; Jesus O. Cano vs. Texas Employers Insurance Association; and Casey Carpet Company vs. Arnold Hromas and J. A. Loflin.

Members of the jury were: Mrs. Joe C. Moore, foreman;

Jack Patterson, E. D. Chitwood, Jr., John A. Agee, Mrs. W. M. Roberts, Glen Lesley, George A. Jones, Hugh Alexander, Buck Fallwell, Thomas A. Beachamp, Mrs. Carl Davis, and David Wilite.

Tank Thieves Strike Again

Thieves struck two Farmer county farmers Thursday night and made off with a butane tank and tandem trailer, a lake pump with motor and trailer.

A 500-gal. butane tank and trailer were taken from the Gilbert Watkins farm seven miles east of Farwell to bring the number of stolen tanks in Farmer County to four for the year, Sheriff Charles Lovelace reports.

"The same vehicle used in the Watkins theft pulled a pump and motor mounted on a trailer from the A. L. Hartzog farm about one and one-half miles north of the Watkins farm," Lovelace said.

A flat tire foiled thieves in an attempted theft of another butane tank Sept. 7, Lovelace reported. The tank was discovered about one mile from its original position on the E. L. Howard farm located seven miles east of Hub. The thieves abandoned the trailer when a tire went flat.

All three pieces of equipment were pulled past the owners' residences, Lovelace said.

If your tires could yell "OUCH!"

Banging a tire up against a curb would certainly bring forth howls of anguish, if your tire could make its feelings heard.

Actually a bruise of this kind can permanently weaken a tire so it may be unsafe to use.

It's a wise precaution to let your Phillips 66 Dealer inspect your tires from time to time. He'll check the inflation, and call your attention to possible weaknesses.

If you need a new tire, he can provide a new long-wearing Phillips 66 Super Action Tread Tire. See your Phillips 66 Dealer regularly!

Lassies Locate At Various Colleges

By SUE MOTEN

Dad's wallet is deflated, bank account overdrawn, and the house resembles a youth dress shop and the family car is beginning to look smaller with every load you bring in the house. This is the scene of many homes whose parents are encountering the daughter getting ready to go to college for the first time.

Father doesn't understand why you are going to take everything you own in the way of clothing, jewelry, books and memories along with most of the things you can wear that belong to your mother. His meals consist mostly of bologna sandwiches and milk with an occasional candy bar he buys himself, since his spouse is too busy helping daughter pack to cook his favorite pie.

Mother's feelings are rather mixed in that she is excited that her daughter is about to join that elite group of collegiate debs one sees pictured in all the latest fashion magazines.

College applicant is one who is really mixed up at this point. She is looking forward to dormitory life and all the social functions such as dances, sorority rush parties and all that goes with college and at same time apprehension mounts with each passing day. For the first time she is going to be really alone and most of her decisions are going to be up to her with no mother or father to run to.

Thoughts of leaving home to live in a strange place among strange girls is another feeling that brings on tension. Slumber parties are fun, but one continuously might have its drawbacks. However, when depressions overtake you too much, out come college bulletins and once again all the fever is renewed. Life looks just like one great big ball in all the brochures and after a few weeks and the settling routine is over you can really see that it will be a nice life.

All in all college life is a wonderful experience in that it provides a time of social adjustment and mental growth that is

harder obtained elsewhere.

Among those from Bovina entering college this fall are Judy Roach, who plans to attend Texas Tech, and Patsy Richards and Patsy Hart, who are planning to go to East Texas State at Commerce.

Entering West Texas State at Canyon will be Marylyn Turner and Patricia Patton. Brenda Jones and Cynthia Patterson will return to West Texas State after having attended summer sessions there.

Most of them plan to take general courses and decide on their major later. However, Miss Richards plans to major in home economics.

Mr. and Mrs. Joe Pinner visited in Abilene with his brother and family, Mr. and Mrs. Harvey Pinner, recently. Visiting in their home recently was his mother.

Mr. and Mrs. Jerry Rogers and daughters, Joni and Jana, returned Wednesday following a vacation to Dallas where they visited his brother and family.

FU Slates Fun Night

"You'll come" is the word this week from Lazbuddie Farmers Union.

The farmers' organization is sponsoring a free barbecue meal and entertainment for families in a five-county area Thursday, September 28, at 7:30 p.m. in Lazbuddie School auditorium.

Entertainment starts the evening off. It will be highlighted by a dance by "Lazbuddie Grandmothers." Also on entertainment portion of program will be Muleshoe Playboys.

Special guest at the meeting will be Jay Naman, new state Farmers Union executive vice president. Naman recently assumed duties of Former President Alex Dickie, who resigned to join Senator Ralph Yarborough's staff in Washington.

Following the program, which will be brief, says T. O. Lesly, president of the group, the crowd will go to school cafeteria for the meal and visiting.

Master of ceremonies will be Bill Wooley. Invocation will be given by C. C. Graef.

Same type program was conducted last year with much success.

Every member of the family

is invited to attend. "We guarantee the program to be a lot of fun, speeches to be brief, and the barbecued beef to be good. . . and free," Lesly says by way of invitation to people in the area to attend.

"In addition to having a good meal and a lot of good fellowship, we feel this will be an excellent opportunity for people here to become acquainted with Mr. Naman," Lesly adds.

to this they lived in Marlow, Okla. All descendants were present except four grandchildren and two great-grandchildren. Greeting guests during the afternoon were Mrs. Clyde Blalock and Mrs. Bob Blalock.

Presiding at the guest register at which approximately 100 registered were their granddaughters, Miss Robbie Lou Brown of Clovis and Janice Blalock of Hobbs, N. M.

Shower Honors Recent Bride

Mrs. Doyle Wassom was feted with a post-nuptial shower Monday afternoon at Fellowship Hall of First Baptist Church.

Misses Claudia O'Hair and Carolyn Crump presided at the guest register.

Refreshments of pink punch and white cake frosted with pink icing were served from a table laid with a white lace cloth over pink and centered with an arrangement of pink and white garden flowers in a basket.

Present were the honoree, her mother, Mrs. M. D. Cruse, and her mother-in-law, Mrs. Helen Wassom. Other callers were Mrs. Theo Actkinson, Mrs. Jimmy Lumpkin and Miss Sherry Lumpkin of Muleshoe, Mrs. Finley Rodgers and Allen, Mrs. John Ferguson and Carol.

Hosting the affair were Mmes. Jack Wolton, Herman Estes, J. T. Jones, Glenn Ritchie, Jerry Rogers, Jack Morris, Weldon Moody, Travis Lloyd, Lester Rhinehart, Billy Roy Horton, Dean Hastings, Chester Rogers, Henry Minter, Leslie McCain and Lloyd Killough.

Eastern Star Has Guest Night

Approximately 55 persons were present at Eastern Star guest night Thursday evening at Masonic Lodge Hall.

Following the banquet dinner Rev. Harold Morris, pastor of Bovina Methodist Church, spoke on "Indifference in Organizations."

Mrs. Reagan Looney was in charge of the program. Food committee consisted of Mrs. Charles Ross, Mrs. Lester Rhinehart, Mrs. Leslie McCain, Mrs. J. E. Sherill and Mrs. Emmett Tabor. Mrs. Sherrell and Mrs. A. M. Wilson were in charge of decorations.

Arrangements of fall flowers entwined with pyranantha berries graced the dinner tables.

Greeting guests were Mrs. H. J. Charles, Mrs. Roy Crawford and Mrs. Aubrey Brock. Guests from Amarillo, Farwell and Friona were present at the activities.

Karen Beauchamp Returns Home

Karen Beauchamp, daughter of Mr. and Mrs. Thomas Beauchamp, was released from Parmer County Community Hospital in Friona Sunday afternoon.

She was there for medical reasons and is reported to be improving rapidly.

An arrangement of fresh flowers and gold fern centered the serving table which was laid with a lace cloth over gold. Silver and crystal appointments completed the setting. Traditional wedding cake and punch were served by Misses Linda Brown of Clovis, Judy Blalock of Denver City, Sonnie Blalock, Denver City, and Mrs. Cherry Ann Meads of Dumas, granddaughters of the honorees.

Children present were Sfc. and Mrs. Clyde Blalock of Phonexville, Pa.; Mr. and Mrs. Dick Free, Dumas; Mr. and Mrs. Bill Green, Dumas; Mr. and Mrs. Harold Brown, Clovis; Mr. and Mrs. Bob Blalock, Denver City; Mr. and Mrs. Walter Blalock, Hobbs, N.M.; Mr. and Mrs. D. Court Reappoints Health Officer

Dr. Paul L. Spring, Friona, was reappointed County Health officer and distribution of constitutional funds was changed for Farmer County at the County Commissioner's Court meeting Friday.

The \$1.25 tax collected on every \$100 assessed taxable property value will be divided among the six funds as follows:

	Now	was
Jury fund	\$.03	.03
General fund	.67	.57
Permanent Improvement fund	.10	.10
Right of Way fund	.10	.10
Road and Bridge fund	.10	\$.20
Road and Bridge Special	.30	.30

Dr. Spring's reappointment is for a period of one year and will become effective Sept. 23.

In other action, Precinct One (Friona) paid a \$3,298.61 note on a maintainer and a \$1,835 note on a Grand Mower side blade. Both notes and interest were retired.

The court met Friday instead of the regularly scheduled time of Monday so that commissioners would have the opportunity of attending the County Judges and Commissioners convention in San Antonio Monday and Tuesday.

Chamber--
which has been completed totaled \$5054.32. Donations made by citizens of community during summer were approximately \$3100.

Expenses were \$3320.16 for wiring and lights which were installed by Superior Electric Co., \$1029 for backstop and fence which was installed by Sain Fence Co. in Clovis, \$545.16 for dugouts which were constructed by Cicero Smith Lumber Co. and \$160 for light posts. Additions which are yet to be made to field include restrooms and a concession stand which will be built by city and will be ready for use by next spring and a public address system.

In other action at the meeting, chamber directors voted to give \$25 to first bale of cotton ginned in Bovina each year, effective this year; \$25 to first load of milo, also effective this year; and to first load of wheat, effective in '62.

Joe Pinner delivered first load of milo this year.

Whittlin'--
added as yet, according to reports we get. Agreements will, of course, have to be made with other schools.

However, contracts with all teams which Bovina plays, except those in District 2-B, run out this year and a couple of them won't be renewed by Bovina if arrangements with more suitable teams can be made. And probably they can.

We hope that school officials will keep a strong calibre of competition on the schedule. Bovina now has one of toughest Class B schedules of any team in this section of the country. That's worth quite a bit of prestige in our opinion.

Take this year for instance. Only team which Bovina has played so far which has been defeated by anyone but Bovina is Farwell. Springlake, which

downed Bovina only by unimpressive count of 14-0, has four straight victories to its credit including one over Class AA Olton. Whitharral and Amherst both have records marred only by their losses to Bovina. Farwell's only loss was a close one to strong Morton last week.

In addition to prestige, another advantage to playing strong competition is that a team has a tendency to play like its competition. Thus, stronger our competition, better we play. Too, it's just a matter of a few, very few, years until Bovina will move up to Class A. If we continue to get used to playing strong teams now, the jump up won't be hard.

We're in favor of having a prestige type schedule instead of an impressive won-lost record year after year... if we can't have both. And who knows, we might have both some good years!

Riethmayer Selected SCD Farmer Of Year

Bob Riethmayer of Friona is Parmer County's Soil Conservation Farmer of the year. Riethmayer, who farms a section and a half of land, was honored at annual banquet of Parmer County Soil Conservation District banquet, which was attended by 150 Saturday night in Bovina School cafeteria.

Dr. Gerald Thomas, dean of agriculture at Texas Tech, was guest speaker. He pointed out need of continued, and more, soil and water conservation in years to come. "We still have a wealth of soil and water facilities," the dean pointed out, "but we need to conserve it. It's growing less each year because of misuse."

Agriculture is going to be faced with a real problem of feeding the world's people in next 25 years, Thomas predicted.

Riethmayer was presented with a plaque by Roy M. Crawford, vocational agriculture instructor at Bovina High School.

Crawford pointed out that Riethmayer's farming methods include a good rotation program with land being divided equally each year between milo, wheat, and soil building crops. A feature of his farm is five miles of underground pipe which aids in his irrigation program. All land in his farm is contoured. Parmer County's top conservation farmer decomposes his wheat stubble and does not burn it, Crawford pointed out.

Riethmayer was selected from a field of four farmers from throughout the county who were nominated for the honor. They were named by Bill Nichols of Friona State Bank.

Dr. Gerald Thomas, dean of the School of Agriculture, Texas Tech, receives further questioning from Mrs. Noyle Woods, Mrs. Pete Buske and Mrs. A. L. Black (R) after his address at the SCD banquet Saturday. A portion of Thomas's lecture was directed at the women. "At the present population growth rate, there will not be standing room on the earth in 65 years," he said.

Mr. and Mrs. A. L. Black of Friona, who is now a freshman at Texas Tech, third; and Patricia Ann Crawford, daughter of Mr. and Mrs. Roy Crawford of Bovina, who is a Bovina High student, fourth.

Title of all the essays was "Why I Believe in Soil Conservation. Awards were made by Joe Jones, former Parmer County agricultural agent who is now associated with Security State Bank in Farwell. Cash awards of \$50, \$35, \$25, and \$15 were presented to the four winners last spring.

A. L. Black, chairman of county board of supervisors, served as master of ceremonies. He gave recognition to businesses and individuals who had given assistance to the organization during past months. Jack McCracken, manager of Bovina Chamber of Commerce and Agriculture, gave welcoming address.

Dean McCallum, member of board of supervisors from Bovina who was in charge of planning the banquet, introduced guests from counties other than Parmer including Lubbock, Lamb, Deaf Smith, and Castro. Invocation was by Rev. Harold Morris, pastor of Bovina Methodist Church.

Entertainment was provided by Earl Hise, Bovina Schools director of music, and a high school choral group.

Members of county board of supervisors in addition to Black and McCallum are Robert Calaway, Lesly, and Bruce Parr.

Farwell area was represented by Bert Williams, Bovina area was represented by Gilbert Schueler, and Lazbuddie's nominee was Neal Bradshaw.

Bradshaw was presented a plaque at the banquet by T. O. Lesly, president of Lazbuddie Farmers Union. Others will be honored by their local Lions Clubs at next regular meeting of the clubs.

Marilyn Brandon, daughter of

Mr. and Mrs. C. R. Brandon of Bovina, was presented a plaque for winning first in soil conservation essay contest which was conducted last school year. Miss Brandon is a Bovina High senior.

Other essay winners were Patsy Hart, daughter of Mr. and Mrs. Floyd Damron of Bovina, who is now a freshman at East Texas State College, second; Miss Kitty Black, daughter of

plan. He has his farm divided into thirds with one third in wheat, one third in grain sorghum and one third in soil building crops. He has about 80 acres of cotton in addition.

Riethmayer owns a farm near Lamesa where he lived prior to moving to Friona, but he prefers to rent a farm in Parmer county.

"There is just no limit to what you can do with this land and water," he said.

Riethmayer is also a firm believer in the advantages of hybrid seeds. While discussing the pros and cons of hybrid cotton, he remarked:

"I have begun to think that we can do just about anything we want to with plants through the production of hybrid seeds."

Even though his well-tended acres demand a lot of time and work, Riethmayer is able to slip off with his wife, Geneviva, and their son and daughters for an occasional fishing trip.

Bob Riethmayer receives the outstanding farmer plaque from Roy Crawford at the annual Soil Conservation District Banquet in Bovina Saturday night.

"No Limit To What You Can Do With This Land And Water"

In a county of outstanding farmers, Bob Riethmayer was named the most outstanding at the annual Soil Conservation District banquet Saturday.

Riethmayer, who moved to Friona in December of 1956, farms one and one-half sections five miles southeast of Friona. The energetic young farmer has shaped to the contour, regardless of the number of short end rows which the system creates.

With a jovial smile creasing his tanned features, he is constantly searching for ways to preserve his land and increase its yield. His wheat harvest in 1961 was one of the most bountiful in the county.

He follows the recommended practices of water preservation to the letter. He has constructed waterways and catch-basins so that he can contain his watershed and use it to irrigate. He has five miles of underground pipe installed to carry water from his wells to the furrows. Riethmayer also follows an outstanding crop rotation

plan. He has his farm divided into thirds with one third in wheat, one third in grain sorghum and one third in soil building crops. He has about 80 acres of cotton in addition.

Dear Mr. Farm Owner:

Here are a few good reasons for borrowing money. Do you want to build a new home? Perhaps you need underground irrigation tile to conserve water and increase your yield. Or maybe you would like to buy more property.

These are major projects and few of us have the capital to finance them without borrowing money.

We would like the opportunity to discuss a long term low interest rate farm loan with you. We will loan the maximum on your farm, you pay no brokerage or appraisal fees.

If I may be of help to you on arranging a loan or assisting you on your real estate to buy or to sell, please do not hesitate to call me.

Very truly yours,

SOIL CONSERVATION DISTRICT NEWS

Our congratulations to Bob Riethmayer of Friona for winning the Conservation Farmer Award for 1961 in the Parmer County Soil Conservation District.

Bob was recognized at the Seventh Annual Soil Conservation District Banquet in Bovina Saturday night for his work in soil and water conservation.

Even though a tenant farmer, Bob considered the extra expense and trouble of farming contoured and angled rows has paid off. The increased water intake on flat rows has more than paid for the trouble in increased yields as well as controlling soil erosion.

He has a set of pumps to catch the excess water from the end of his rows and some rainwater.

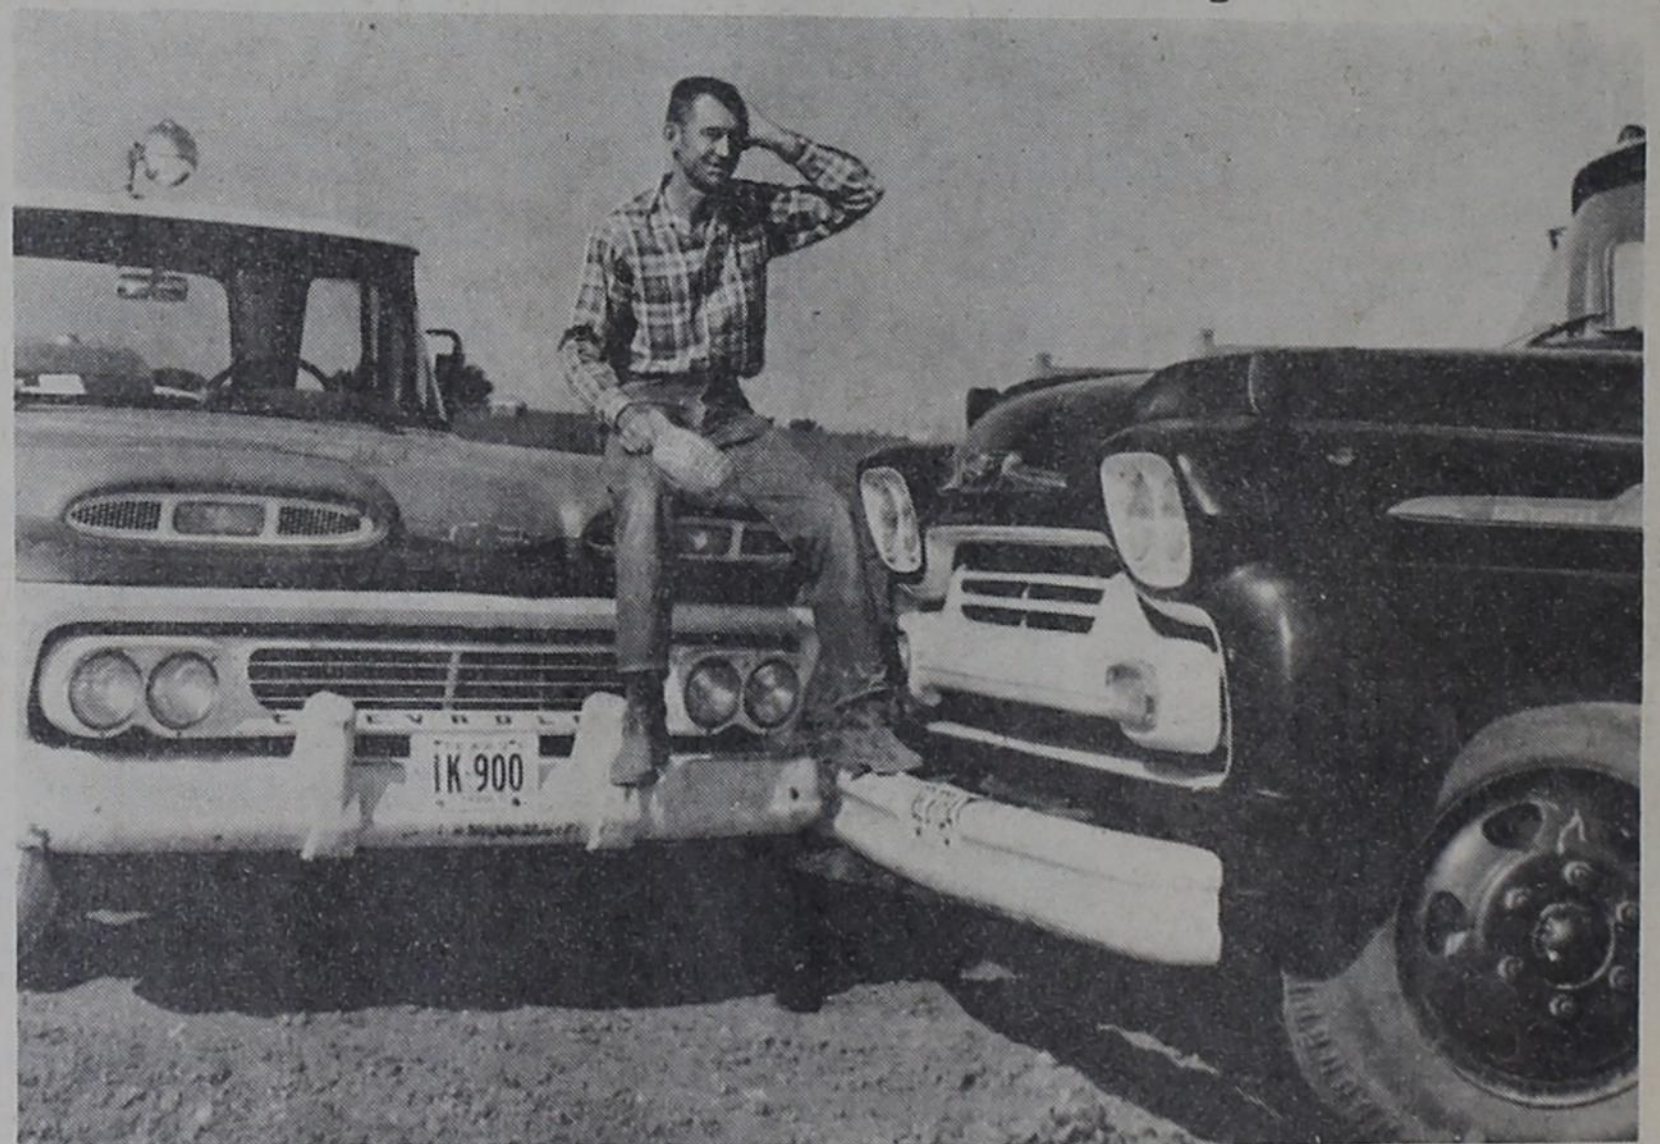

Bob uses a crop rotation of one-third wheat, one-third grain sorghum and soybeans and one-third fallow. All residues are worked into the soil to increase the organic content of the soil and there is absolutely no burning of crop residues.

A system of underground pipeline consisting of four miles of concrete and plastic is located so as to stop erosion and water loss for open ditches.

As has been proved over and over, a good well rounded program of soil and water conservation pays rather than costs.

Josie: Frances was afraid the girls wouldn't notice her engagement ring.
Kitty: Did they?
Josie: Did they? Six of them recognized it at once.

Farm Bureau Convention In Friona Next Thursday

The annual convention of the Parker County Farm Bureau will be October 5 at the PCA office in Friona, according to Herman Gerles, FB president. The farm leader said this will be the most important meeting of the entire year for the organization. Resolutions incorporating the thinking of the membership on local, state, and national issues will be passed. Those dealing with local matters become the policies of the county Farm Bureau to guide

it during the year. Resolutions dealing with state and national issues will be forwarded to delegates of the state convention November 12-15 in Galveston. There they will be acted upon and either accepted or amended. Those adopted become state Farm Bureau policies for 1962 (on state matters) and recommendations (on national issues) to the voting delegates of the American Farm Bureau Federation convention to be held in December in Chicago. Only members of the Farm Bureau can participate in the organization's policy making process which begins with the local county convention and culminates in the annual convention of the American Farm Bureau Federation. After the county Farm Bureau forms its recommendations on state and national issues, it sends voting delegates along with other county Farm Bureaus to the state convention. Each county's voting strength is based on its membership. These representatives of county Farm Bureaus approve the state policies for 1962 and the recommendations to the national convention.

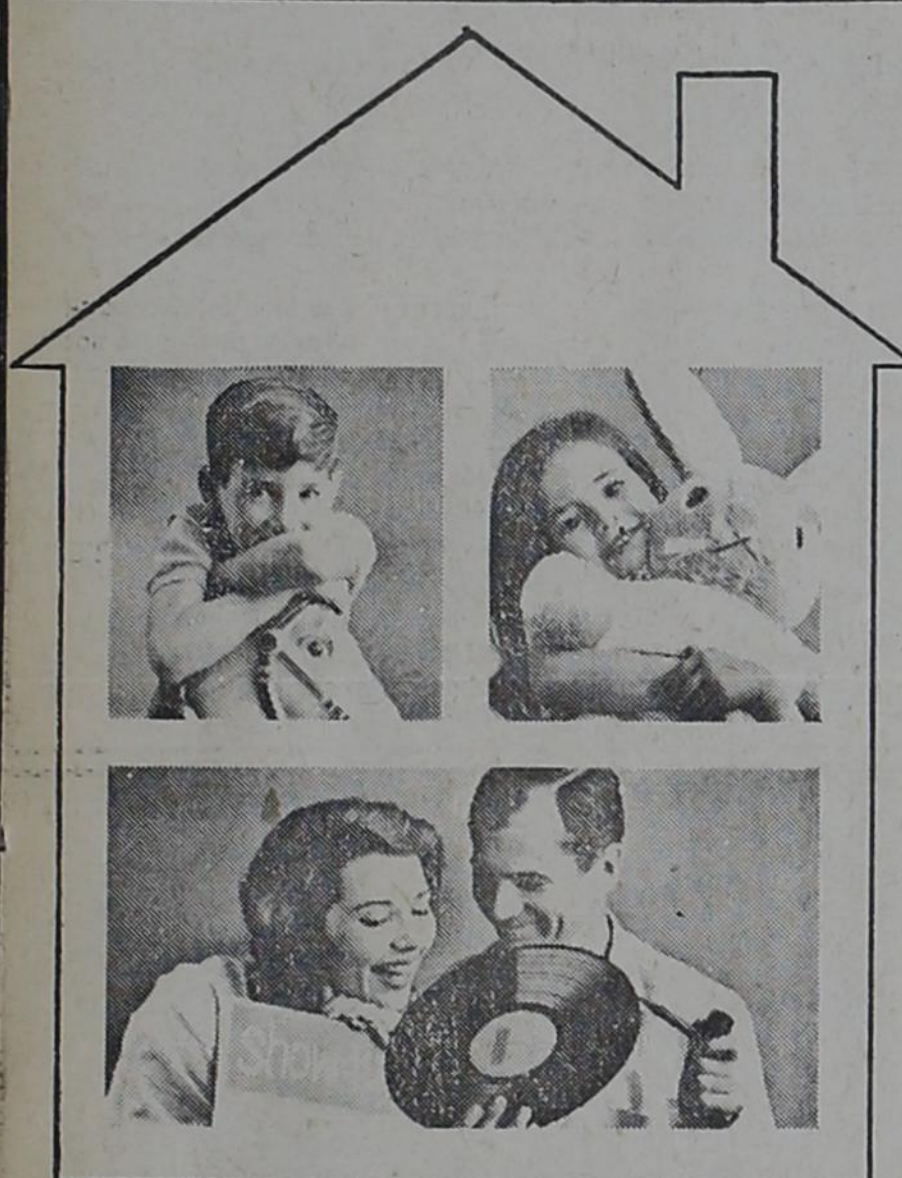

The Texas Farm Bureau, in turn, sends delegates based on its membership strength to the national convention where the national policies are adopted. Many important issues are confronting farm people now, and it is important for farmers to express themselves on these issues in a manner that will enable them to be heard, the county Farm Bureau president said. He urged all members to attend the meeting and participate in the discussion and voting.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

This is the harvest season for ideas in Farm Bureau, and local Farmer County Farm Bureau members are being urged to participate in the annual process by which the organization decides its positions on hundreds of issues on local, state and national levels.

The process begins at the grass roots with discussion meetings attended by Farm Bureau members. The first official step in the process is the county annual convention at which county policies and recommendations on state and national issues are adopted after discussion and debate. The Parker County Farm Bureau annual convention will be October 5th at the Production Credit Association office in Friona.

All adopted resolutions pertaining to county-level matters become policies for the local organization for the ensuing year. All approved resolutions dealing with state and national matters are forwarded as recommendations to the Texas Farm Bureau convention which will be held Nov. 12-15 in Galveston.

County Farm Bureaus send delegates to the state convention to adopt state policies for the coming year and to make recommendations on national issues for consideration by the national Farm Bureau convention to be held this year in December in Chicago.

The number of delegates from a county is based upon the size of the membership of that county. For example, Parker County Farm Bureau, which had 525 members in 1960, was eligible to send six delegates to the state convention last year.

Finally, the policy development process is culminated at the national convention in December where delegates from 49 state Farm Bureaus (all except Alaska) adopt national policies for Farm Bureaus everywhere. Here, too, the size of state delegations is based upon number of members. Only three other states—Illinois, Indiana, and Iowa—have more voting delegates than Texas.

The HAPPY HOMEMAKER

BY JUNE FLOYD

With the coming of autumn and cooler weather most homemakers are inspired to prepare taste tempting hot dishes for guests or family members. With this inspiration there generally comes a search for casserole recipes.

If you want a tasty dish that combines fish and vegetables, try this:
Saucy Salmon Shortcake
1 1-pound can salmon
2 tablespoons mayonnaise
1 teaspoon lemon juice
2 cups sifted all-purpose flour
2 teaspoons baking powder
3/4 teaspoon salt
6 tablespoons shortening
1 egg
1/2 cup milk
Drain and flake salmon. Add mayonnaise and lemon juice; mix well, reserve. Sift together flour, baking powder and salt. Cut in shortening with two knives or pastry blender.

Beat together egg and milk; stir into flour mixture to make soft dough. Turn out on lightly floured board; knead 10 strokes. Divide dough in half. Pat half into a greased 8 inch cake pan; spread with salmon mixture. Pat out remaining half of dough to fit on top; brush with milk. Bake in a hot oven 20 to 25 minutes. Serve topped with Peas and Mushroom Sauce.

1 1-pound can peas
1 4-ounce can mushrooms
milk
3 tablespoons butter or margarine
3 tablespoons flour
1/2 teaspoon salt
2 tablespoons diced pimento
Drain peas and mushrooms. Boil liquid rapidly until reduced to 1/2 cup; add enough milk to make 1 1/2 cups. Melt

butter; add flour and stir to a smooth paste. Add liquid and cook, stirring constantly, until mixture thickens and comes to a boil. Add salt, peas, mushrooms and pimento; heat to serving temperature. To serve cut shortcake into wedges; spoon creamed mixture over top.

A new type belting for making any kind of stiff belts has been developed and is now available in most department stores. This belting can be ironed on fabric and no stitching is necessary. If you have one of the lighter weight dresses that has a paper backed belt, you can use this iron on belting to reinforce the belt before it wears out.

If you have a child in the "me-do-it" stage, generally from about 10 months to 1 1/2 years of age, he will enjoy playing with empty egg cartons. He will spend a lot of time putting small items in the different compartments and closing the lid.

By the time one is worn out, you will probably have another one to take its place. In doing this seemingly small task a child learns muscular coordination and amuses himself at the same time. Empty spools also make nice toys for children in this age group.

Next time you have left over boiled or baked chicken, try

the following recipe:
Chicken Salad Sandwiches
1 cup cooked chicken
1/4 cup chopped celery
4 tablespoons mayonnaise
1/8 teaspoon garlic powder
1/2 teaspoon salt
1/8 teaspoon paprika
1/8 teaspoon pepper
12 slices bread
Force chicken and celery through meat grinder. Add garlic powder, mayonnaise, salt, pepper and paprika. Blend well. Spread mixture on thin sliced bread.

Baby Pigs Need Care

"One-third of all pigs born never reach market," states the Louisiana Extension Service. "Most of those pigs that don't reach market die before they are one week old. Wet farrowing pens cause most of the troubles with baby pigs. To raise a greater number of pigs per litter make sure these pigs are given a chance in life. Make sure the farrowing quarters are free from drafts. Provide a source of heat such as a heat lamp. Keep pens dry."

MORAN, KANS., SENTINEL: "It may be truthfully said of men that after centuries of struggle they have surmounted the imbecilities of magic and the quackeries of medicine, but the more they permit their minds to dwell upon the art of government the more muddled their thinking becomes."

Farmer of the year, Bob Riethmayer, is served refreshment by his wife, Geneva, where he is working on an engine in the machinery barn. "She is also my truck driver during wheat harvest," he said.

Weed Committee Meets

Members and associates of the Farm Bureau Weed committee held their last meeting of the year Monday night in the Farm Bureau Office. Reports were given on the treating of bindweed on state highway right of ways with the last two weeks. It was believed that practically every plot on these highways in Parker County was treated, and plans were made for a complete clean-up early next year.

Plans were made for an overall cleanup campaign early in 1962, aimed at the elimination of all bindweed on public right of ways as well as field plots. The first meeting in 1962 is planned for March at which time the following schedule will be put in operation:

Rechecking of railroad right of ways for any bindweed that has been missed after which Santa Fe men will re-treat; Effort will be made to get Slaton Branch of railroad, running from Farwell to the Bailey County line in the program; Jack Patterson appointed to contact Lloyd Killough, state highway maintenance man, for early cleanup on those right of ways; Effort will be made to get location of all field plots of bindweed and get cooperation of ASC and land owners in controlling or eradicating these weeds to prevent spread to other clean areas; Plans were laid for another county-wide meeting of farmers, railroad officials, highway men, city officials, ASC, SCS, vocational agriculture instructors, county commissioners and others in April, 1962.

Roy Crawford and J. T. Jones reported that the City of Bovina was going to treat all bindweed in that city on Tuesday, following the Monday night meeting.

In attendance Monday night were: J. T. Jones, chairman; Jack Patterson, vice-chairman; E. C. Schilling, Joe Jesko, committee members; Herman Gerles, Farm Bureau president; Joe Jones, Security State Bank; Roy Crawford, Bovina agricultural instructor, and Darrell Coker, county Extension Service agent.

Members of the Friona SCD tour take advantage of a few moments pause to relax while George Warner explains the advantages of one of his fifteen varieties of grass. Main interest in the grasses was their desirability as erosion preventatives.

Kenneth Neill discusses the characteristics of sugar beets and beet growing at the SCD tour Thursday. Junior Renner (L), Rudolph Jesko and Bruce Parr look on as Neill explains the grazing possibilities of the beet tops.

WITH THE COUNTY AGENT

DERYL COKER

As I have not been here but one day when this article will go to press, one thing has impressed me. That is the friendliness of the people that I have met. Every person who came in the office has offered to help in anyway possible, which I appreciate very much. I am looking forward to working with all of the people of Parmer County.

One thing we should be on the lookout for this time of year is Verticillium Wilt in cotton. It is a disease caused by soilborne fungus and the disease should be easily noticed at this time of the growing season. Plants attacked by the disease will show a mottled coloring of leaves, and the plant will gradually die. Verticillium wilt can also be distinguished by a discoloration in the main stem at the base of the plant. One of the best

controls is a rotation to a fibrous root crop, such as grain sorghum in the areas affected.

There could be a shortage of cottonseed for 1962, due to adverse weather conditions this year in Texas, so if you have cotton seed stored, precautions should be taken to make sure that the seed is not being damaged by insects or weather. Cottonseed can be treated for insect infestations. Bulletins are available in the County Agents office telling how to store cottonseed safely.

Friona SCD Tour Completes Series

Friona's tour completed the series of four Parmer County Soil Conservation District outings in which area farmers were given the opportunity to observe conservation practices of local farmers.

The tour which started at 1:30 p. m., drew the largest attendance of the series. Twenty five farmers and businessmen were accounted for.

The group traveled first to John Renner's farm and then viewed the orderly crops of W. R. Riethmayer, the district's outstanding farmer for 1961.

They then moved to the farm of Bruce Parr where Kenneth Neill rendered a brief explanation of the characteristics of sugar beets and beet growing.

Highlighting the tour was the two-hour inspection of George Warner's grasses. The main interest in the grasses was their value in preventing erosion.

A grassed waterway drew several admiring comments.

"I am going to try that as soon as possible," Riethmayer commented as he viewed the grass covered ditch. "I have one waterway along the east side of my field that is had about washing."

Fifteen types of grasses were examined by the men. Warner explained the advantages and drawbacks of the grasses which he has been growing for seed and grazing purposes.

Big Blue Stem, Gramma, and Western Wheat grasses were a few of those examined.

"I've never been on one of these tours that I didn't learn something of value," Riethmayer said as the group returned from the grass fields.

A. L. Black was unanimously reelected as supervisor for the south Friona area.

"Don't feel like you're im-

posing on us. We get four dollars per month for this," Black said as he accepted the office for another term.

A school bus was furnished by Friona High School for the

tour. The Friona State bank furnished cold drinks and homemade fried pies baked by Mrs. Kate Brookfield.

HD Agent's Notes

BY MISS ETTIE MUSIL

Oh, don't these nippy mornings feel good! Even though the afternoons do get a little warm the evenings and mornings are on the cool side of the temperature. After all, it is Fall; a week old in fact.

Yes, it's time to store those summer cottons for another season. Right storage will increase the life of your summer clothing, too. This will make your family's garments more wearable next season.

Take time to sort and store the clothes carefully as you "take them out of circulation" for a season. Before storing them mend any ripped seams, tears, loose buttons or other damage. A few stitches can

lengthen the life of the garment. This is a good way to keep up with those buttons now by sewing them on the shirt or dress. Then when Spring is here you won't want to spend that time indoors mending when you'd rather be out in the flower beds and garden.

By all means wash or dry clean all clothing before storing. Clothes moths and crickets love soil on clothes. Store cottons and linens unironed. Make certain that all starch is removed. Starch can cause fabric to deteriorate and may attract silverfish, too. Besides, this is less work for you. Just think, no ironing and no starching. Make sure all garments are

thoroughly dry before storing them so they will not mildew. Large boxes or trunks are always good for storing so that you have more room in closets for the fall and winter things.

Hope many of you were able to see the television program during the Rural Youth Day in Amarillo last Saturday. We had earlier understood that the program would be televised at 9:45 a.m., but instead it was on at 3:10 p.m. The 4-H Bake Show county winners were presented on the program. Linda Gleason represented Parmer County. We learned much from the experience even though Linda did not place as one of the top three.

Education is a slow process, they tell us. That's why the advertising people give us the same message over and over. We have to have facts drilled into us, if we are going to re-

member them. Even after 20 years, we can't remember that while Savings Bonds have been paying first 2.9, then 3 per cent, later 3 1/4, and now 3 3/4 per cent annually for the life of the bond, they can be worth much more than that in the later years.

For example, suppose you bought an E bond in July 1954. In July 1961, it would be seven years old. While it was a 3 per cent bond when you bought it, it will now actually pay you 4.46 per cent for the remaining two years and eight months to first maturity.

A sheet giving all this information was received in the office the other day. If you are wondering how much some of your bonds are worth, we'll be glad to give you that information.
