

WEDNESDAY, JANUARY 19, 1966

Bovina, Texas

VOL X, NO. 29

## WHITTLIN'

By DOLPH MOTEN

The outlook for Bovina has been bright for years, but never more so than it is at present. Progress for the community is popping out almost everywhere you look and the end isn't in sight. As a matter of fact, what we're seeing now may just be the beginning.

During the past couple of weeks, for instance, a lawyer and a pharmacist, have visited this town and are considering moving here. Then there's the continuing effort being made to get a doctor (s) and a clinic for the community.

The business growth has been, during the past year just ended, impressive and will continue to be during 1966. New residences, too, are under construction, adding to the overall progressive note of a growing small town.

For another example, the new post office building becomes more and more impressive as it nears completion. Citizens can point to it, too, with pride when all the finishing touches are added.

Town boosters tell us that prospects for more improvements and additions were never brighter.

We agree.

Mention of the post office brings to mind that Bovinians will be getting their mail at a different place before too many more weeks have passed. The building is scheduled to be completed in "early March."

We assume that the move will be made at approximately that time.

Postmaster Gene Ezell has explained to us that there won't be any transition period as far as the post office is concerned. "You'll get your mail here (in the old post office) one day and at the new building the next," he says.

Most of the equipment in the new building will be new with only a minimum of it being moved from the present P.O. There will be all new boxes in the new building, according to Ezell.

This makes for a problem. New boxes mean new numbers. And it will be nigh-on to impossible for post office patrons to keep the same box numbers they now have. An effort will be made, however, to keep the positions of the boxes approximately the same as they are in the present post office. In other words, if your box is on the top row at the front, chances are you can get a box on the top row in the front of the new building, as we understand present plans.

Too, this business of having a key to your post office box is going out of date like kerosene lamps. All the new boxes will be opened by combinations. (Some of the new boxes in the present post office are opened in this manner.)

This combination practice will, without a doubt, create its share of confusion to the timid folks who have relied with complete dependency on our trusty post office key for getting our mail for all these years.

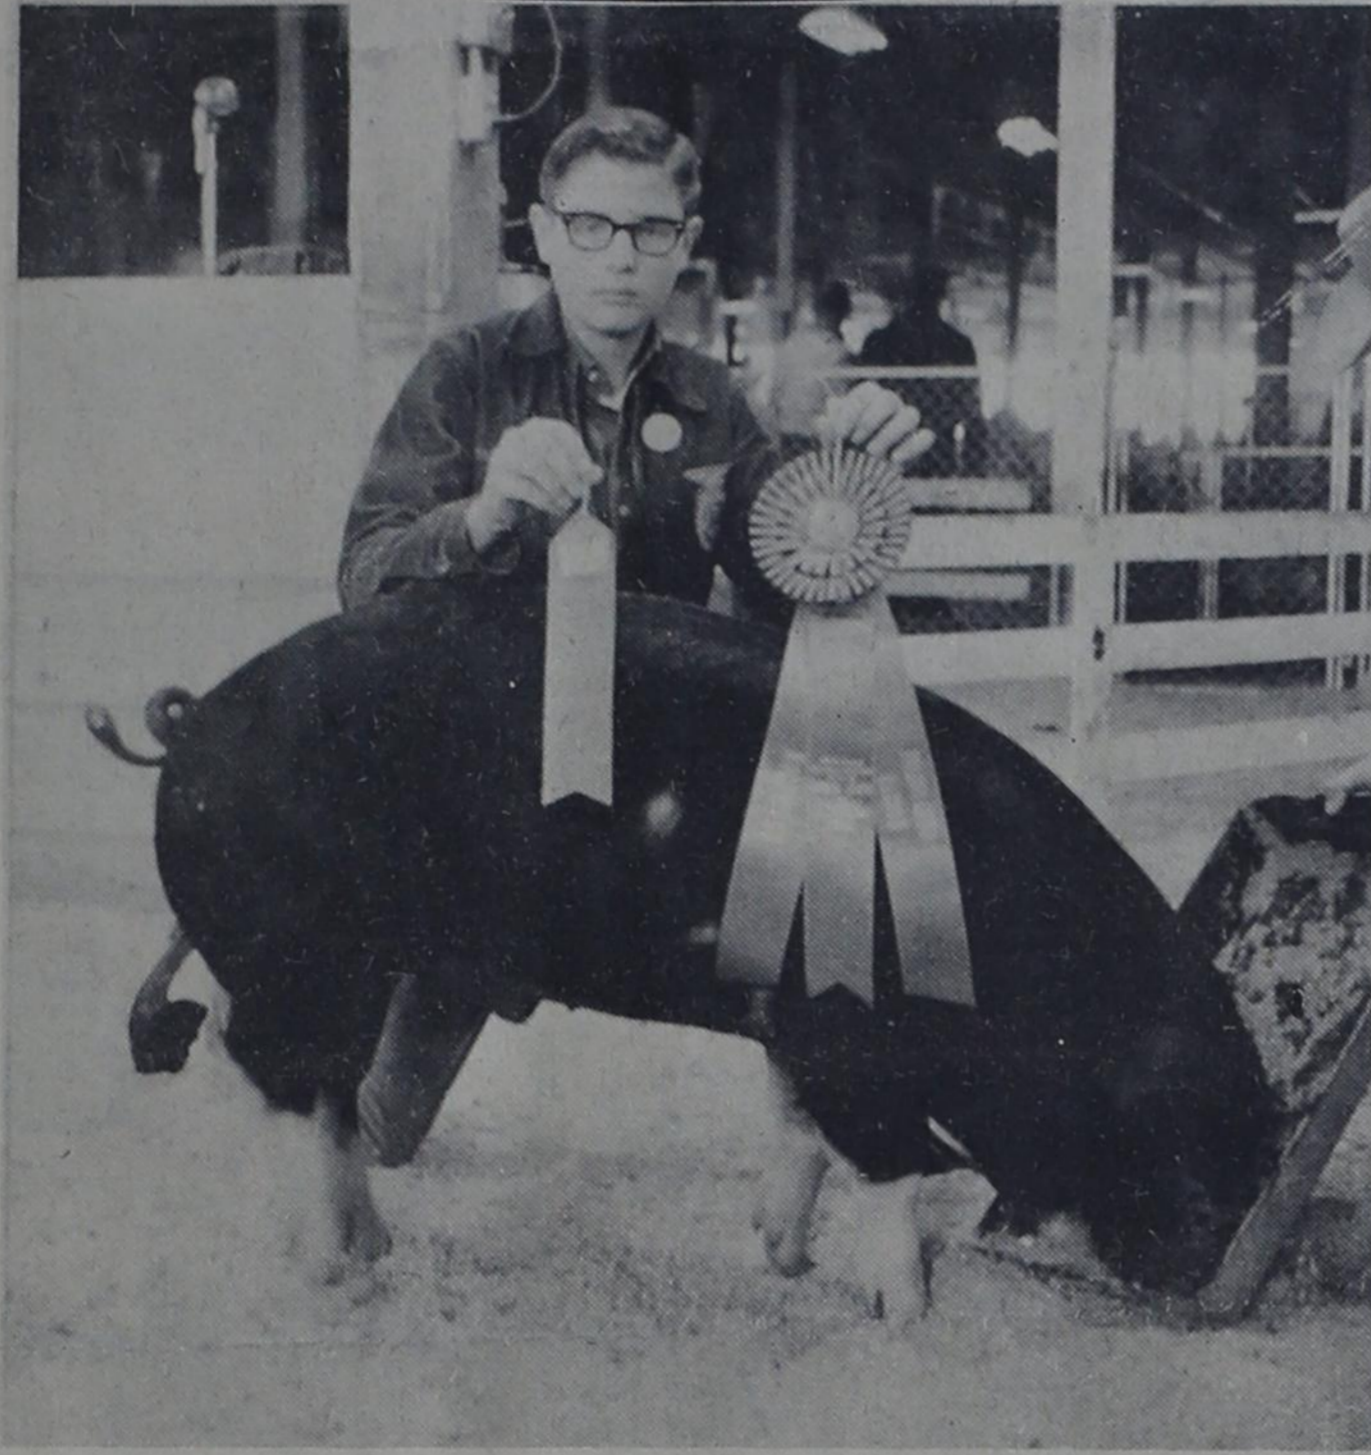

There will be, in a few weeks, another set of numbers to clutter up already weakened and confused memory systems.

Though some people will probably argue with us on this point, we know for a fact that "knowing" a combination isn't always enough to get it to work. Sometimes, it seems, directions can be followed "perfectly" without lock-opening results. So, it will not only be necessary to know the combination, we'll have to know how to make the combination work as well. We'll have to be smarter than the "machine," so to speak.

Yeah, don't worry about it. It will be confusing.

This will happen, too! Somebody will make a gallant effort to memorize his new combination during the first couple of days. And will succeed beautifully. But he'll forget what box number that memorized combination fits!

Also, at least a couple of hundred people will start to enter the present post office building to get their mail even after (Continued on Page 3)

CHAMP BARROW -- Larry Mitchell, son of Mr. and Mrs. Dean McCallum, is shown with his champion Poland China barrow at the National Western Stock Show in Denver. The barrow placed first in the lightweight class and then was named breed champion.

At Denver --

## Mitchell's Barrow Champion

Larry Mitchell, Bovina FFA member, showed his lightweight barrow to the championship of

the Poland China class at the National Western Livestock Show in Denver last weekend.

Mitchell's barrow placed first in the lightweight class and then was named breed champion. He also had barrows to place second and fourth in the lightweight Poland China class.

Allen Carson showed his Shorthorn heifer to third place in summer yearling class.

Benny Kent's heavyweight crossbred barrow placed third in its class.

A lightweight Southdown lamb owned by Danny Stanberry and shown in Denver by Raymond Drager placed sixth in its class.

A total of 29 had been issued through the city hall early this week. This is approximately 10 per cent of the total which were sold here last year, Mrs. Martin says. In 1964, 277 poll taxes were distributed through Mrs. Martin's office.

The voting tax, which may possibly be outlawed in Texas this year, may also be paid at the office of Hugh Moseley, county tax assessor-collector, at the courthouse in Farwell. The cost is the customary \$1.75.

Deadline for obtaining a poll tax receipt for voting this year is Monday, January 31.

"Our poll tax business usually doesn't get rushing until the last two or three days before the deadline," Mrs. Martin says.

Interest in voting is expected to be higher this year than last since this is an election year--not an off-year election-wise as 1965 was.

Payment of the tax now makes voters eligible to cast ballots from February 1 through January 31, 1967.

From Bovina --

## Ship 1,000 Plus Cars Of Beets

A total of 1010 railroad cars of sugar beets, with approximately 55 tons to the car, were shipped from Bovina to Holly Sugar Mill at Hereford for processing during the recently-completed harvest.

This compares with 696 carloads in 1964.

Announcement of the total was made by Mrs. Henry Minter, who was in charge of the scales at the receiving station here during the harvesting season.

The station was open from September 27 through December 10, and was operated 62 days during that period.

In '64, the station was not opened until October 8 and closed January 2. This year's harvest was completed 23 days earlier than last year's.

Approximately 2,284 acres of beets were dumped here, Mrs. Minter says. This is an increase of 784 acres over the previous year.

Sugar content of beets in '65 was down almost one per cent from last year's 16.7 per cent.

Eventhough the sugar content was down, the average tonnage yield per acre was up enough

More than 18,000 animals from 35 states were entered in the competition.

Other Bovina FFA members exhibiting lambs at Denver were (Continued On Page 2)

For Sheriff Lovelace --

## Appreciation Night Planning Complete

Plans are nearing completion for the Sheriff Chas. Lovelace Appreciation Night scheduled in Bovina Thursday, January 27.

Main speaker for the program will be E. A. Bills of Littlefield, former district judge, who has been associated in law en-

forcement with the sheriff for several years, announces Herb Potts of Farwell, coordinator of the appreciation night program.

Master of ceremonies will be Bedford Caldwell of Bovina. The program will be in Bovina Schools auditorium with a reception in the cafeteria.

Sheriff Lovelace will be presented a watch and a plaque from his Parmer County friends.

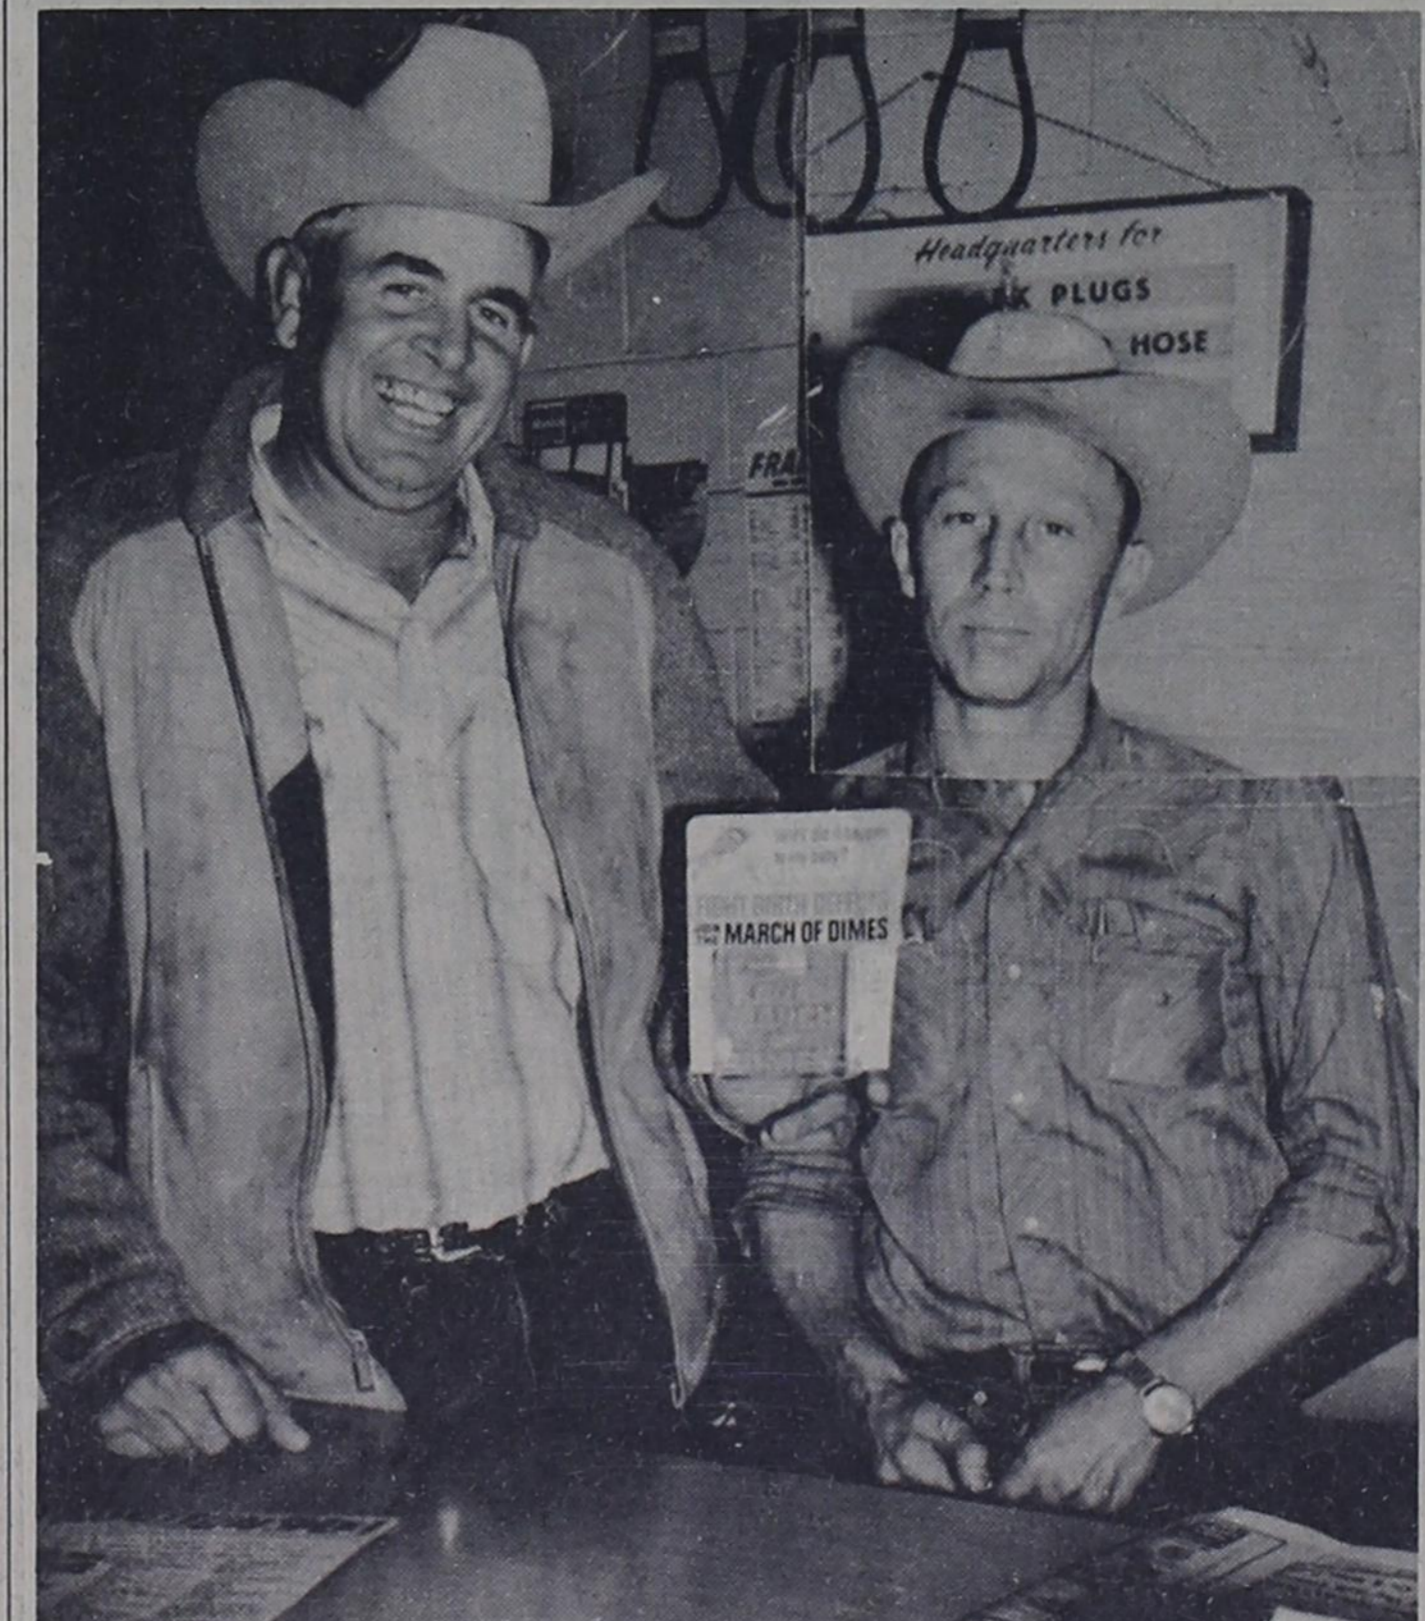

Those wishing to have a part in the appreciation for the veteran county law officer may

contact either of the three banks in the county or various businesses and individuals. Deadline for contributing to the program is Wednesday noon, January 26.

Presentation of the watch and plaque will be made by W. L. "Preach" Edelman of Friona.

Lovelace has served the county as sheriff since 1949. Since he was first elected, he has never had an opponent.

All citizens of the county are invited to the program and the reception, Potts points out.

MARCH OF DIMERS -- Jack Patterson, left, chairman of annual Parmer County March of Dimes campaign, and Sonny Spurlin, Bovina chairman, display one of the coin collectors which will be distributed to businesses.

Saturday --

## Bond Election Carries Easily

Indicating little interest, Bovina voters favored the city's \$100,000 bond election by a large majority in Saturday's balloting.

Only 111 voters marked ballots in the election which will provide funds for increased city water storage and improvements for the present system, a paving program and for refinancing of major city facilities and equipment.

The election was divided into three questions.

The first concerned \$60,000 in bonds for water system additions and improvements. This is to be paid from water and sewer revenue and will have no effect on taxes, it carried by a total of 84 for and 26 against.

The vote totals on the other two propositions were the same, 76 for and 33 against. The second question concerned \$20,000 in tax bonds for a paving program for the city. The third proposal was for \$20,000 in tax bonds to pay off short term notes on the new fire station and on city equipment which has been purchased in recent years.

Thus, the overall election carried by a more than 2-1 margin.

The city's record of never defeating a bond issue election was kept intact.

At Football Banquet --

## TT's Anderson To Speak Here

Donny Anderson, Texas Tech's two-time All-American halfback, will be guest speaker at the annual Bovina Mustang football banquet.

The social event, which will honor the 1965 District 1-B co-champion squad members and their dates, is scheduled for Friday, February 18. It will be in school cafeteria.

Tickets will be \$2.50 each. Sponsor of the banquet is Bovina Mustang Quarterback Club. Members will conduct a ticket sales campaign.

Anderson, who signed a professional contract with the Green Bay Packers of the National Football League December 31, is one of the most popular players in Texas Tech's football history. He is a native of Stinnett.

The "Golden Palomino's" pro contract was reportedly in excess of \$600,000. He is considered one of the highest-paid rookies in the history of professional football.

"Anderson was the popular choice to appear at our banquet and we feel we're fortunate to get him to come here," says James Roach, Quarterback Club president. "We feel that all sports fans in our area will want to hear him."

## Two-Car Accident Sunday

A two-car accident late Sunday afternoon resulted in \$550 in damages.

The collision occurred at the intersection of FM Road 1731 and Highway 60.

Involved was Elton Venable of Bovina, who was driving a 1962 Ford, and Joe Whitesides of Friona, who was driving a '59 Chevrolet.

Both vehicles were going east on Highway 60. Venable was attempting a left turn on 1731 as Whitesides was attempting to pass Venable's car.

The right front of Whitesides' car collided with the left front of Venable's.

City Marshall Bill Denney, who investigated, estimated the damage to Venable's car at \$400. Whitesides' car was damaged approximately \$150 worth.

Jaycees In Charge --

## Dimes March Begins Here

Sonny Spurlin is Bovina's community chairman of the annual March of Dimes drive.

The fund-raising campaign was kicked off this week.

Spurlin will head a committee of members of Bovina Junior Chamber of Commerce who will be in charge of the drive for the second consecutive year.

Jack Patterson, county chairman for the drive, distributed coin containers and other materials to be used in the annual March of Dimes to community leaders Monday.

The March of Dimes is conducted each year during January. Funds are used to continue the care for polio patients and for care and research for birth defects and arthritis.

Groups, individuals or organizations wishing to cooperate with the drive may do so by contacting Spurlin.

Coin cards will be distributed to grade school students for their MOD contributions, Spurlin says. Wives of Jaycees are planning to conduct a mothers' march for the campaign. They will go from door-to-door giving residents an opportunity to contribute to the fund.

Other projects will possibly be scheduled by next week, Spurlin says.

Mr. and Mrs. Howard Thomas and two sons of Cutbank, Montana, visited recently with Mr. and Mrs. Bill Bradshaw, Mrs. Thomas is Mrs. Bradshaw's niece.

## Weather by Willie

More cold weather. Very little chance for moisture.

--Willie

**NEWSPAPER CONTESTS**

(Continued from Page 1)

tered mail in '65 as compared with '64.  
 "If our registered mail had held its '64 level, postal receipts here would have shown a considerable increase," the postmaster points out.  
 There was an increase in almost all other divisions of the post office business.  
 A total of 420 boxes are now rented at the post office.

**Bond Election--**  
(Continued from Page 1)

of the bonds, which will be issued as the city is ready to use the money.  
 L. M. Grissom was judge of Saturday's election. He was assisted by A. B. Wilkinson, Mrs. Pearl Moore, Mrs. Frank D. Smith and Mrs. Henry Minner.

The paper industry term "harvesting on a sustained yield basis" means that it grows more trees every year than it uses, and says the American Paper Institute, ensures perpetual forests for all.

An experimental paper house which could be assembled without tools or need of a foundation, and was large enough to accommodate four people, was guaranteed to stand a year in any climate, reports the American Paper Institute. It stood for seven years.

Returns of the election were canvassed at a brief meeting of the city council Saturday night following the closing of the polls.  
 Approval was given by the council for the purchase of a new tractor to be used by the city from Bovina Implement Co. Cost of the tractor, a Massey-Ferguson 150, was approximately \$3000 equipped.

# Reflections From The Blade

TEN YEARS AGO . . . January 18, 1956  
 Members of Bovina's city commission agreed in a meeting Monday night to pay the sewer system contractor \$10,364.08 for work completed on sewer lines. Also, a total of 40,000 feet of sewer ditches will be dug for the local sewer system.

Betty Hawkins and Dal Hartsell, local duet, won first place in the Parmer County March of Dimes Talent Show that was held in the Friona High School auditorium Thursday night. Their prize winning song was "Aba Daba Honeymoon." They were accompanied on the piano by Mrs. Doris Wilson.

Playing without the services of Larry Ezell, the Bovina Mustangs racked up their second conference win of the young season Friday night by defeating Adrian 60-42, there.

The District 3-B basketball tournament is scheduled for February 16 and 17 in Farwell gym. The tournament will account for 50 per cent of the district play, Regular "found robin" season will account for the other 50 per cent.  
 If Bovina beats Farwell in the January 24 game, the Mustangs will win the season play as far as the Farwell games are concerned. But, if Farwell wins the tournament, the two teams will have to meet in a "sudden death" play off.

SIX YEARS AGO . . . January 21, 1960  
 Because of a flu epidemic, Bovina Schools were closed Monday afternoon for the remainder of the week. The epidemic left the total of absentees in grade school at 95 Monday. This is 22 per cent of enrollment.

With Superintendent Warren Morton in a Clovis hospital with pneumonia, School Board President Bob Wilson consulted with County Health Officer Dr. Paul Spring, Dr. Spring advised that the school be closed for the remainder of the week.

The newly-formed Parmer County Game Management Assn., defeated in its pleasant-importing project, will attempt to launch a similar program for quail at a meeting Thursday night.

A welding school, sponsored by Bovina FFA Chapter, will be conducted next week. The adult school will have E. M. Golden, representative of Forney Welder Co., as an instructor.

Bovina Mustangs spurred, then sputtered, then battled back to take a 33-29 victory over Happy there Friday night. The Fillies fell to the highly-regarded Happy girls 45-25 in the first game.

Bovina's mayor race was thrown wide open last week when J. E. Sherrill announced that he "definitely will not" seek re-election. Sherrill has served as head of city government for four years, two full terms.

Deadline for filing is February 28. The election will be April 5. No candidates have filed for the position as yet.

## Highlights and Sidelights From Your State Capital

AUSTIN -- Deadline for payment of the poll tax -- the "ticket to vote" in 1966 elections -- is closing in.

Democrats, Republicans, liberals and conservatives are emphasizing this in the wind-up of their voter registration drives this week.

All sides apparently are concerned that some of their supporters may fail to qualify. This because of confusion over the federal suit to ban the poll tax.

Suit has not been decided. Atry. Gen. Waggoner Carr and State Democratic Executive Committee Chairman Will D. Davis issued reminders that federal judges who will rule on it have advised Texans to pay their poll taxes, since they will reach no decision before January 31.

Carr noted these requirements for voter eligibility in 1966:

\*Those who want to vote in all primary, general or special elections for nomination of candidates (including state and local), or on bond issues, constitutional amendments and other propositions -- and who hold no exemptions -- must pay the \$1.75 poll tax no later than the end of the month.

\*Persons over 60 must obtain exemption certificates by January 31.

\*Those turning 21 years of age can secure exemption certificates up to 30 days prior to an election, as can new residents just completing their residential eligibility by election date.

\*Free poll tax receipts are available through January 31 to qualify voters to cast ballots for federal officers (U.S. senator and congressman only this year).

Apparently, 1966 will see lots of political action -- and the voter without a poll tax will be on the outside looking in.

GOPs TO RUN SLATE -- Texas Republicans will field virtually a full slate of candidates for statewide offices, according to National Committee-man Albert B. Fay. But they have pledged the bulk of their

**Champion --**

(Continued from Page 1)

Bill Caldwell, Lynn Murphy, Daryl Kirkpatrick, Raymond Drager and Tommy Spears. Others showing barrows were

Larry Grissom, Galen Hromas, Curtis Drager, and Joe Meza.

Chapter members will take stock to the Hereford Junior Livestock Show this weekend and to the Amarillo Stock Show early next week.

The sale of animals at Denver was scheduled for today (Wednesday). Chapter Advisor John Paul Jones stayed at the

show through today for the sale. Others from here attending the Denver show returned home Sunday.

**Murder Without Malice --**

# Five-Year Sentence To Muleshoe Man

A 31-year-old Muleshoe man was found guilty of murder without malice in district court at Farwell last week. He received a sentence of five years in the state penitentiary.

Bernardo Salcido was found guilty after the jury deliberated for less than three hours Friday. The five-year sentence is the maximum for the murder without malice conviction.

Salcido was charged with the shooting death of his wife, Guadalupe, 21, at a farm east of

Farwell last March. He is also charged with the shooting death of his mother-in-law, Mrs. Mary Murillo, 41, of Sudan. He will be tried at a later date for the murder of his mother-in-law.

The defendant has been held in Parmer County jail at Farwell since being arrested early in the morning of March 30 following the shooting fray in which his wife and mother-in-law were killed.

He was returned to jail following sentencing Friday to await trial for the murder of Mrs. Murillo.

The trial was heard in 154th District Court by Judge Pat Boone Jr., of Littlefield. Defense attorneys were Bill Sheehan and Richard Coliard of Friona. District Attorney Jack Young of Muleshoe was the prosecutor.

Serving on the jury were Alfred Steinbock, A. O. Gast, Billy Sides, Roy Miller, Mrs. R. B. McKee, Lawrence Jamerson, W. G. Harlan, Clyde Fields, Melvin Southward, Mrs. Garvin Thorn, Bert Williams and Eric Rushing.

BOVINA PEOPLE IN DENVER -- This picture appeared in The Denver Post, Sunday, showing the naming of the grand champion barrow at the National Western livestock Show. Three Bovina people are shown among the spectators. At right is Alan Staley, former high school principal. At left is John Paul Jones, FFA advisor, and to the right of Jones in the Bovina letter jacket is Daryl Kirkpatrick, son of Mr. and Mrs. J. D. Kirkpatrick.

finances to the re-election of Sen. John Tower.

Republican executive committee members recently adopted a 1966 budget of more than \$1,500,000. They earmarked 40 per cent for Tower's campaign.

Fay said the GOP will stick to its strategy of "selective" filing in local and district races and will invest its money where there's best chance of victory. Republicans see chances to capture Houston, Dallas and Panhandle congressional places and to pick up several state legislative posts.

SUITS FILED -- Two would-be candidates for attorney general had to file mandamus suits with the State Supreme Court in an effort to get their names on the May 7 Democratic primary ballot.

SDEC Chairman Davis rejected applications of State Sens. Franklin Spears of San Antonio and Galloway Calhoun of Tyler, maintaining there is a question as to their eligibility.

He cited a constitutional provision that legislators are ineligible to hold offices they created or raised salaries of

during elected legislative terms. Pay of the attorney general was raised by Legislature last year from \$20,000 to \$22,500 annually.

Both claim their senate terms expire before Jan. 1, 1967, when new attorney general's term begins. Davis says the Senators' terms extend until January 10, when next Legislature convenes. Supreme Court set arguments in the Spears case (Continued On Page 3)

### a Dog's Life

**DOGS FOR CHILDREN**  
 By Bob Bartos, Manager Friskies Research Kennels

A battery of psychologists and educators testify to the benefits of dog ownership for children. Even the tiniest puppy comes fully accredited to teach youngsters the meaning of love, devotion, courtesy, faith and beauty.  
 While the simple act of owning a pet will increase any youngster's self-confidence and make him a VIP in the eyes of his playmates, the chief reason parents generally buy their child a pet is the hope that it will teach him self-discipline. Walking, feeding and grooming a dog will certainly impress youngsters with a continuing sense of responsibility, but it won't happen overnight. An automatic sense of duty doesn't come wrapped in one small puppy any more than getting a new violin automatically equips a child to play the instrument. It takes practice even the automatic things, such as remembering to feed, groom and exercise the new puppy.

To save the child from embarrassment and the puppy from neglect, and to help them grow and learn together, parents should supervise the puppy's care.

Feeding tip: Dogs get set in their eating ways, so start them right off as puppies by giving them a top grade of commercially prepared dog food such as Friskies Mix. It's healthier for them, easier for you.

Highlights --

(Continued From Page 2) Wednesday (Jan. 19), Spears was elected in 1962. Some feel his case is "easier" than that of Calhoun who was elected to a four-year term in 1964 -- although reappointment of Legislature cut all Senate terms short.

WASTE DISPOSAL AGENCY NAMED -- Texas State Department of Health was designated by Governor Connally to receive grants for surveys of solid waste disposal practices and problems under the federal act. State and local governments can secure technical and financial assistance for planning and development of solid waste disposal programs. Up to 50 per cent of survey costs will be paid by grants.

Act seeks to encourage research and development of new and improved methods of economical waste disposal.

BATTLE FRONT INSPECTION -- William H. Crook, Southwest Region director of the Office of Economic Opportunity, is making a tour of the state to inspect the success of the War on Poverty.

He is accompanied by Walter Richter, state OEO director appointed by Governor Connally to act as liaison between the federal office and the state in the poverty war.

AG OPINIONS -- Attorney General Waggoner Carr has held that:

\*A court may, without jury intervention, and upon finding a defendant guilty of a misdemeanor, place the defendant on probation if all other requirements of the misdemeanor probation law are met.

\*Where a commissioner's court changes the boundaries of the precincts, to become effective Jan. 1, 1967, the precinct residence requirement for running for county commissioner in the 1966 elections is to be determined with reference to the boundaries as they will exist.

In another opinion, Carr clarified requirements for paying witness fees under the new code of criminal procedure. Legislature has appropriated funds for payment only in felony cases.

APPOINTMENTS -- Gov. John Connally named former State Rep. Wayne Gibbens of Breckenridge as an administrative assistant to serve in a new division of state and federal affairs in Washington. Gibbens served Eastland, Shackelford, Palo Pinto, Callahan and Stephens Counties in the Legislature.

Connally also named John McKee of Dallas, Hugo Loewenstern of Amarillo and Dr. John Stockton of Austin to new

Whittlin'

(Continued from Page 1) ter they've made one or more trips to the new building, we predict.

The habit of going to the present location after all these years will be difficult to break.

If you haven't paid your poll tax for this year and don't before the January 31 deadline, you'll wish you had before the 12-month period it covers is over.

The poll tax should be outlawed, we feel sure, but it hasn't been yet in our state and it will be a bargain again this year even at the dollar-and-six-bits it costs. A poll tax receipt is still necessary to vote in city and school elections, remember, as well as state elections -- except for those who are entitled to exemptions.

This is an election year. Like it or not, you'll have to have a poll tax to participate as a good citizen. There's an unwritten rule, you know, that non-qualified voters don't even have bellyaching rights.

That, in some people's cases, is bad.

Today, over 50 million acres of land -- about 86% of the entire acreage owned by paper companies and independent woodland owners -- are open to the general public, reports the American Paper Institute. Plus nearly 40,000 miles of streams for fishing and 750,000 acres of lakes for boating and swimming.

terms on revised Committee on State and Local Tax Policy. Dr. Norman Winfrey, Texas State Library director, and Heartsill H. Young, University of Texas assistant library director, were appointed co-chairmen of the 19-member committee for the first Texas Governor's Conference on Libraries, scheduled for March 23.

House Speaker Ben Barnes appointed Reps. Willis J. Whately of Houston, Don W. Cavness of Austin, Jack Crain of Nocona, and Dr. Ann Hughes of Dallas and French M. Robertson of Abilene to an interim committee to investigate and study the Housing and Physical Care of Criminally Insane Persons.

Barnes also appointed Reps. Forrest A. Harding of San Angelo, Ace Pickens of Odessa, Ralph Scoggins of El Paso, Honore Ligarde of Laredo and Billy H. Williamson of Tyler to a committee to study the priority of liens in favor of the state to secure payment of all taxes levied under the Revised Civil Statutes of Texas, 1925.

Lt. Gov. Preston Smith named to Citizens Advisory Committee to work with Texas Legislative Council on study of services for deaf Dr. W. P. Anthony of Fort Worth, George D. Holland of Lubbock, L. T. Johnson of Austin and Louis B. Orrill Sr. and Don C. Pettigill of Dallas.

FEDERAL PROJECTS APPROVED -- Six new Operation Head Start projects and four program development grants under the Community Action Program of Economic Opportunity Act received the governor's approval.

Head Start projects approved were Lockett Rural High School, Vernon, \$7,713; Whitharral ISD, \$19,173; Uvalde ISD, \$28,145; Detroit School District, \$29,744; Snyder Consolidated ISD, \$20,478; and Lasara ISD, \$26,481.

Program development grants went to Community Council of Starr County, Rio Grande City, \$20,500; Community Action Inc. of Hays County, San Marcos, \$16,877; Shelby County Community Action Program Inc., Center, \$22,748; and Palo Pinto Community Service Corp., Mineral Wells, \$13,359.

Sen. John Tower announced U.S. Office of Education's approval of projects to provide supplementary educational centers in Alpine, Burleson, Canyon, El Paso, Houston, San Antonio and San Marcos. Amounts of grants are yet to be determined.

AID GIVEN TO STUDY -- State Bar of Texas received \$5,000 from Houston Endowment, Inc., a philanthropy of the late Mr. and Mrs. Jesse H. Jones. Gift will aid in the Bar's study and revision of the Texas Penal Code.

Funds will be used to employ a part-time director; a number of student assistants who will aid in the research; and a minimum of secretarial services.

No target date has yet been set for completing the Penal Code revision. But it probably will be ready for consideration by the 60th Legislature in January, 1967.

SHORT SNORTS

Agriculture Commissioner John C. White, Land Commissioner Jerry Sadler and Supreme Court Chief Justice Robert W. Calvert announced for re-election.

Governor Connally proclaimed January 21 as Arbor Day in Texas and urged all citizens, especially the public schools, to appropriately observe this occasion.

Henry LeBlanc, Texas Employment Commission's veteran chief of farm placement, retired -- after 28 years' service.

Texas Association for Mental Health held meeting here last week and discussed plans for local action toward developing community mental health services, including those designed to prevent serious mental illness.

Three water groups will hold meetings here January 21 -- Texas Water Development Board, Texas Water Advisory Board and House Interim Water Committee.

Saturday --

# Install Sheryl Lane Worthy Advisor

Sheryl Lane, 15, daughter of Mr. and Mrs. Bill Lane, was installed worthy advisor of Bovina Rainbow Assembly Saturday night.

She succeeds Myrna Ritchie as worthy advisor. Sheryl's colors are blue and green. She chose immortality as her theme.

Installing officers were Martha Coffey, installing officer; Mrs. Harriette Lou Glasscock, marshal; Mrs. Suzie Smith, chaplain; Mrs. Gwen Clements, musician; and Brenda Dilger, recorder.

The Saturday evening ceremony also featured a flower drill.

The table was laid with white lace table cloth over blue and featured a blue floral centerpiece. Guests were served punch and rainbow decorated cake.

Also at Saturday's meeting Mrs. Otis Spears was named new mother advisor. She will assume the duties of Mrs. Mary Jane Wilson. Mrs. Wilson will take over as chairman of the advisory board.

Others named to the advisory board are Mrs. Julia Leake, Mrs. Bess Rea, Carl Rea, Mrs. Margaret Douglas, Otis Spears and Mrs. Jackie Holcomb.

Other Rainbow officers installed were Melissa Woodson, worthy associate advisor; Teresa Page, charity; Camille Hobbs, hope; Carmen Ward, faith; Brenda Dilger, recorder; Myrna Ritchie, treasurer; Cindy Crump, chaplain; Karen Bell, drill leader; Krita Morris, love; Sharon Henke, religion; Pamela Grissom, nature; Cathy Sikes, immortality; Kathy Estes, fidelity; Doris Corn, patriotism; Carolyn Ward, service; Nancy Mitchell, confidential observer; Suzanne Wilson, outer observer; Denise Clements, musician; and Suzie Ritchie, choir director.

SHERYL LANE

## Registration Closes For Clothing Classes

Registration for clothing classes on "Alteration of Patterns" closes January 25th for homemakers in Parmer County, according to Cricket B. Taylor, Extension Home Economist.

Some of the following points to be taught are:

- \*How to select commercial patterns that are correct for the individual.
- \*How to select the right type, size, style and make of pattern for the individual.
- \*How to make necessary alterations on patterns before cutting garment.
- \*How to tape and fit pattern to individual and make necessary adjustments.
- \*How to recognize a good fit in a garment.
- \*How to take measurements from a well-fitted pattern and use in fitting other patterns.

A short preliminary meeting will be called of those registered prior to starting the workshops.

The time of workshops will be determined by the number in classes. In addition to the preliminary meeting, approximately two full afternoons (or its equivalent) will be needed, Mrs. Taylor said.

## Thrifty Club In Bradshaw Home

Thrifty Club met recently in the home of Mrs. Bill Bradshaw. Those present at the afternoon meeting did handwork for the hostess.

Mrs. Bradshaw served refreshments of chips, dips, cake and hot apple juice. Those attending were Mrs. Frank Smith, Mrs. Wilbur

## Of Interest To THE WOMEN

Of Rainbow Assembly --

### Name Mrs. Wilson Board Chairman

Mrs. Mary Jane Wilson resigned her position as Bovina Rainbow Assembly Mother Advisor, effective at installation of officers Saturday night.

Mrs. Otis Spears will assume Mrs. Wilson's duties at the next regular Rainbow meeting.

Mrs. Wilson will remain active in Rainbow work, however, as she is now chairman of the advisory board. She had been mother advisor for the past three years.

During her three terms as mother advisor, the assembly has initiated 33 girls.

One of the Rainbow girls, Linda Langston, was appointed a grand officer. Mrs. Wilson has taken Rainbow girls to two grand assemblies, one in San Antonio and one in Dallas.

Mrs. Wilson has awarded six grand crosses of color, and eight majority certificates.

She took the girls to the grand cross of color banquet in Canyon.

While she was mother advisor, the assembly entertained two grand worthy advisors.

Mrs. Wilson has helped the girls to visit old folks' homes and helped them prepare tray favors for their charity projects. They have taken food and clothing to needy families. They have also participated in the Rainbow old hose drive and the stamp drive to help educate needy Rainbow girls. She has taken them to visit the sick and shut-ins.

For entertainment, Mrs. Wil-

son has sponsored teas, Coke parties, salad suppers, luncheons, slumber parties, and bridal showers for Rainbow girls who were getting married.

She has taken the girls to visit other assemblies on regular meeting nights and they have attended friendship nights and teas at other assemblies.

### SC Members To Workshop

Seven members of Bovina Woman's Study Club attended a Caprock District workshop in Plainview Friday.

The all-day meeting featured a coffee hour at the Woman's Club building with Plainview Woman's Club officers greeting guests, welcoming addresses during the morning, and a luncheon meeting preceding the workshop.

Theme of the day's activities was "Federation" with Mrs. Kermit Hougin of Mineapolis, Minnesota, Joint Federation of

### 25 Attend Game Nite

"We had an excellent turnout for our game night, and everyone certainly seemed to enjoy it," says Mrs. Earl Stevenson, program chairman of Bovina Woman's Study Club, sponsors of the event.

There were 25 present for the games.

The study club profited about \$25 from the game night.

Among those attending were Mr. and Mrs. Charles Ross, Mr. and Mrs. Jay Sherrill, Mr. and Mrs. Albert Rushing, Mr. and Mrs. I. W. Quickel, Mr. and Mrs. Billie Sudderth, Mr. and Mrs. Bill Bradshaw, Mrs. Bob McMeans and sons, Mr. and Mrs. Reagan Looney, Mr. and Mrs. Jimmie Cockerham, and Mr. and Mrs. Joe Pinner.

MRS. LANE GOAR

## Homemaking Teacher Enjoys Cooking

Mrs. Lane Goar assumed her first teaching duties with the beginning of Bovina schools new semester last week.

She is a 1961 graduate of Southwest Texas State College, with a bachelor's degree in home economics. She also was graduated from Texas Tech with a MS in home economics in 1965.

Mrs. Goar is a native of Burnet.

She says that she majored in home economics because she thought that she could use this in her own home as well as to help others. She further states that she especially enjoys working with the teenage girls.

Mrs. Goar lives north of Pleasant Hill with her husband, who is a farmer, and her two year old son, Guy. The Goars were married in 1963.

"I enjoy all the aspects of homemaking, but I guess cooking is my favorite," she says. "Two of my favorite recipes, tamale pie and patience candy, have been handed down from my grandmother," continues Mrs. Goar.

Here are the recipes:

- Tamale Pie**  
1 lb. hamburger meat  
1 tsp. flour  
Season to taste: chili powder, salt, pepper, onion, "Accent."  
3 C. water  
2 C. cornmeal  
Cook meat until slightly brown. Add flour, mix thoroughly. Add water, cook until you have about 2 cups juice. Drain juice into another pan. Add cornmeal to the juice, stir to keep from lumping. Put on heat and cook until thick. Layer the mush and chili mixture in a casserole dish. Bake 30 minutes at 275 degrees.
- \*\*\*\*
- Patience Candy (caramel)**  
6 C. sugar  
2 C. cream or evaporated milk  
1 Tbsp. white corn syrup  
1/2 C. butter or margarine  
1/2 tsp. soda  
1 tsp. vanilla  
2 C. pecans, chopped  
Caramelize 2 cups sugar in heavy skillet. Combine 4 cups sugar with cream or milk in large sauce pan. Bring to a boil while sugar is caramelizing. Pour caramelized sugar into boiling mixture, stirring constantly.  
Cook to 245 degrees Fahrenheit, stirring frequently. Remove from fire and immediately add soda, stirring vigorously as it foams up. Add butter and stir only until melted.  
Cool 20 minutes. Add vanilla and beat until thick and creamy. Add pecans and pour into 9 x 13 buttered pan. Cool.  
Cut into squares. Keeps indefinitely in tight containers.

## School Menus

January 24-28  
MONDAY

Barbecue, potato salad, cabbage and carrot salad, rolls with butter, raisin cookies, milk.

TUESDAY

Hamburgers, lettuce and tomatoes, pickles and onions, brownies, oranges, milk.

WEDNESDAY

Steak and gravy, creamed potatoes, green beans, rolls with butter, pineapple rings, milk.

THURSDAY

Chili and beans, lettuce and tomatoes, cornbread, pie, milk.

FRIDAY

Tuna salad, baked beans, buttered rolls, ice cream, milk.

### Mrs. King Hosts PHD

Parmer Home Demonstration Club met this morning (Wednesday) in the home of Mrs. D. T. King.

Program was presented by Home Demonstration Agent Mrs. Cricket Taylor. Her topic was "Growing on Through the Years."

The club also met in Mrs. King's home Friday morning with a workshop on new year books.

Present at Friday's meeting were Mrs. Dave M. Thompson, Mrs. Jimmy Cockerham, Mrs. Billy Don Read, Mrs. Wendell Garner, and Mrs. Keith Garner.

Charles, Mrs. L. M. Grissom, Mrs. P. O. Dixon, Miss Lola Grissom, Mrs. George Douglas, Mrs. Owen Patton, Mrs. Zemyr Boozer, Mrs. E. M. Ware, Mrs. Bill Denney and the hostess.

I recently attended a workshop for Bible school teachers. Seems like one doesn't realize how many ideas can be incorporated into a Sunday School lesson until ideas from many sources are gathered.

All of the workshop leaders and all the teachers in the classes are more than happy to share ideas with you.

And, one of these workshops leaves you with a renewed zeal for your class. One can become so discouraged trying to find something to supplement lessons each week, and this certainly fills the bill.

The last workshop I attended before the recent one was last March. The effects of it had just about worn off my teaching. And, now I feel like I'm refilled, and ready to go again.

The teachers' quarterlys are very good; don't know what I'd do without them, but you often times need something for an interest-getter to go with them.

One demonstration from the workshop, that comes to mind is fire in the altar. I've built many an altar for the Old Testament characters to offer sacrifices, but none of them ever had any fire. I just never thought of it. One can soak sugar cubes in lemon extract or soak a cotton-wool in cologne. When this is lighted on the altar, it gives much more effective results.

Another good idea I saw that I would like to use sometime is a bed sheet used for a map. We have maps and maps, all just the same size, and all the same old thing. This is something different and will give the desired class interest.

Really do think these workshops are a good thing and wish there were more of them.

Wish everyone would make a belated New Year's resolution to be sure to call me at The Blade whenever news happens. Oftentimes some news-worthy event slips by because we just don't happen to hear about it.

I always appreciate any news tip. Just remember that the deadline is Monday at 5 p.m. Sometimes news called in after this can't be used until the next week.

Just remember that if we don't know about it, we can't write about it.

### Baptists Have Dinner Thursday

Members of First Baptist Church of Bovina will have a fellowship dinner in the school cafeteria Thursday night at 7.

Guest speaker is Rev. Bill Pendland, pastor of Parkview Baptist Church of Littlefield. Among his other accomplishments, Rev. Pendland was a member of an evangelistic crusade in Australia.

All members and children over eight years of age urged to attend the supper.

Children under eight are invited to a children's party at the church.

### Mrs. Glasscock Hosts SS Meet

Mrs. A. L. Glasscock recently hosted the annual meeting of Rebecca Sunday School Class of First Baptist Church.

Roll call was answered with the name of a Bible woman and some comment about the Bible character.

Devotional was given by Mrs. Wallace Rogers. Her topic was "Women of the Bible."

Nine members were present for the meeting. Refreshments were served.

The hostess was assisted by her granddaughter, Ginger Glasscock.

The Crisis Of The Cross

I Corinthians 2:2 "For I determined not to know anything among you, save Jesus Christ and him crucified." The statement of Paul to the people at Corinth declares the important place that he gave to preaching about the Cross and the crucifixion. Paul was certain that this was the heart of any message that he could preach.

In the preaching of Paul or in any message about the cross, mankind is faced with crisis. Perhaps this is why men in general do not like to hear the preaching of the cross. The preaching of the Cross brings crisis because it confronts men with his sinfulness. Ask yourself the question why was the cross necessary, why should Jesus die such a death as this? There is but one answer, and that answer mankind does not like to hear, the cross was necessary because of sin, the sin of mankind, Jesus was not dying for any sin which he had committed but he was dying for the sins that men commit, 2 Corin. 5:21, "For he hath made him to be sin for us, who knew no sin; that we might be made the righteousness of God in him." What a crisis to be confronted with the fact that my sin and yours crucified Jesus Christ.

The preaching of the cross confronts mankind with crisis because it confronts him with God's concise plan of salvation for man. No one stands in the presence of the cross, understanding what is taking place and says, "There are many ways in which a man can be saved." The cross would never have happened if there had been any other way for man to be saved. Jesus would never have died upon that cross if it had not been necessary for the salvation of men. Acts 4:12, "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved."

The preaching of the cross brings crisis because it demands of mankind a choice. In the face of the cross man must choose; to accept Jesus Christ as his saviour or to die for his own sin. The Bible declares, "For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."

**Aubrey Brock's Mother Dies**

Funeral services were held recently for Mrs. W. R. Brock, 90, of Ardmore, Oklahoma. Mrs. Brock was the mother of Aubrey Brock of Bovina. Mrs. Brock had lived in the Ardmore area since 1934, however, she had lived at the Elm-

brook Rest Home in Ardmore for the past three years.

She is survived by five children; two sons, Aubrey and Paul; and three daughters, Mrs. Bessie Thomas, Mrs. Ruth Rose and Miss Letha Jean Brock.

**On The Farm In Parmer County**

By JOE VANZANDT County Agent

I took my first plane ride in about 10 years last week with Carl Schlenker and Ira Parr at the controls. We flew to Plainview to attend the West Texas Vegetable Growers Conference. Others making the trip were Bruce Parr and Norman Nossaman. Bruce was the outgoing president of the organization and is to be commended for his fine job of leadership to the Vegetable Growers Association. We heard about recent developments in vegetable production and picked up several copies of the results of the 1965 Vegetable Research Report for West Texas. Come by if you want a copy. I might add that our area is very beautiful from the air. We had about 40 attending our fertilizer, irrigation and

farm management meeting last Thursday. We believe that the three specialist gave us all something to think about as we plan our farm operations for 1966. No one has all the answers for anyone. It is mainly up to each farmer to sit down and do plenty of pencil work before you decide how you are going to operate this year. Come by the office for a visit if you desire. We are getting a lot of questions about herbicides already. We will have a weed control-herbicide meeting in early February with Dr. Weise. This will be the best time to get your questions on this answered. Some times we just don't have an answer to your herbicide situation. You may want to get a few pots of soil and plant the crop you want to grow in this soil. If you do, keep your pots in a sunny location as sunshine has some affect on herbicide reactions. Also have one pot of good untreated soil to serve as a comparison.

**SHRUB PROTECTION**  
Trees, shrubs and flowers face problems from the elements just as do humans and among them is winter protection. The amount of protection needed depends on the natural hardness of plants, severity of climate and exposure.

Winter injury to plants is usually attributable to two factors, severe cold or loss of moisture from shoots and branches. Extreme cold will cause twigs, stems and roots to freeze, prompting cell tissues to break down.

Excessive loss of moisture, which frequently causes winter killing, is due largely to the effect of strong, drying winds during periods of brilliant winter sunshine.

Evaporation of moisture from twigs, branches, canes and leaves (in the case of evergreens) continues at a slow rate through the winter. To supply this moisture, plant roots must continue to absorb water.

When evaporation is rapidly accelerated by prolonged periods of winter wind and sunshine, plant roots are unable to supply moisture fast enough. Branches and canes become withered and, if this condition is sufficiently aggravated, it often results in dying back of a large portion of the plant or in its death.

Therefore, one of the most important preparations for winter is to see that the soil is adequately supplied with moisture. Rainfall has been light during the fall and the ground should be soaked before freezing weather sets in.

Many trees and shrubs may be saved from winter injury if this protection is given. Protection against wind and sun is as important to many plants as protection against extreme cold.

To protect half-hardy shrubs and newly planted shrubs, a wind screen can be constructed from snow fence, burlap or commercially prepared straw mats.

**4-H MEMBERS EXHIBIT**  
Seventeen members will be exhibiting livestock at Hereford on Thursday, Friday and Satur-

day. The pigs show at 4:00 p.m. Thursday, Lambs at 4:00 p.m. Friday and calves at 7:00 p.m. Friday. The auction sale will be held Saturday at 1:00 p.m. The following members will be exhibiting livestock: Brenda Dyer and Raymond Hise from Bovina 4-H Club; Neil Christian and Randy Gregory from Oklahoma Lane 4-H Club; Barry Williams from Farwell 4-H Club; Larry Johnston, Vicki Pryor, Zane McVey, David Sides, Kay Riethmayer and Jill Riethmayer from Friona 4-H Club; Larry Cox, Loy Dale Clark, Danny Clark, Billy Eubanks, Theresa Seaton, Rickie Seaton from Lazbuddie 4-H Club.

Halfback Donny Anderson is the third Texas Tech footballer to make a major All-American first team. Center-linebacker E. J. Holub, now with the Kansas City Chiefs, broke the ice for the Red Raiders in 1959, repeated in 1960. End David Parks, now a San Francisco 49er, made All-American in 1963. Anderson was chosen on several teams last year, will probably make every selection this season.

REBOUND POSITION -- Bovina Fillies' guards, in light uniforms, are in rebound position following a shot by a Cowgirl forward in Friday night's game here. Fillies are, left to right, Brenda Pruitt, Kathy Minyen and Linda Rejino.

**At Home In Parmer County**

By CRICKET B. TAYLOR County HD Agent

**SELECT VITAMIN-WISE VEGETABLES AND FRUITS**

Sharpen your vegetable shopping skills by using these select vegetables. In general, freshly harvested vegetables have more vitamins than those held in storage.

According to nutritional specialists, you get several times as much vitamin A value from bright orange, mature carrots as from pale-colored, young ones. Even so, young carrots are a good source of vitamin A.

Deep-orange sweet potatoes have a maximum A value. Excellent sources of riboflavin as well as vitamin A & C are turnip greens, Kale, collard. Appreciable amounts of thiamine and protein are contained by lima beans, peas and young blackeyed peas.

The dark-green leafy vegetables are richer in nutrients, particularly vitamin A, calcium and iron than light green vegetables.

**OUR EATING HABITS** - Why all this talk about vitamins? You may say everyone here gets plenty to eat. That may be true but what do they eat? Lets check our eating habits and listen to a survey by nutrition research teams from four leading universities who reported:

Among senior citizens 54% of those surveyed were below acceptable levels in vitamins B1, and 39% had some degree of anemia. In one school, 60% of the students were below acceptable level in vitamin C. A substantial number of Iowa's school children surveyed had high concentrations of cholesterol in their blood and "eat diets which cannot be considered to be well balanced."

Among Vermont junior high school girls surveyed, 11.9% were below acceptable levels in vitamin B1 and 64.4% had some degree of anemia.

Among hospital patients, 63% of those surveyed were below acceptable levels in two or more vitamins.

Malnutrition in the form of obesity from excessive eating is perhaps the country's most important nutritional problem.

Reason for malnutrition in many cases is not lack of family income, say the researchers. It's simply that "many Americans insist on consuming diets which are poor in essential food elements" even though all the essentials are readily available in ordinary food supplies.

For help in improving family diets, come by our office on 2nd floor of County Courthouse in Farwell and request help on further study of this subject. We have bulletins of recognized authority that are free for the asking.

**Get 1/3 More!**  
**NIPAK 45 gives you 1/3 more nitrogen per pound than any other form of solid nitrogen fertilizer**  
Get better wheat crops and earn bigger profits. Topdress your wheat with NIPAK 45 right now — for greater yield and higher protein. NIPAK 45 gives you one third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover more ground in less time. NIPAK 45 is uniformly prilled, too. It flows easily, won't cake, clog — or corrode your equipment. NIPAK also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power ask your local NIPAK dealer about NIPAK 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service. NIPAK — THE BEST 5-LETTER WORD FOR FERTILIZER.

**Women IN THE KNOW**  
By Jean Kinkead, Women's Consultant, The Travelers Insurance Companies  
**Happy Husbands**  
One of the chief objectives of women in the know is to keep their husbands happy. Granted this is a big order, but here are a few ideas to help us create the happy climate we all want.  
Welcome him home at night. Resolve that there'll be no more half-hearted greeting while you go right on stirring something on the stove or putting the baby to bed. Tell him how glad you are he's home and he'll never get tired of hearing it.  
Plan a little while just to be together before the demands of family living engulf you. And, be a good listener. Often, just telling us how they feel helps men let off steam.  
Encourage him to change into comfortable clothes. Putting on a sports shirt and slacks and a pair of loafers is almost like putting on a holiday mood for most men.  
Keep meal-times as peaceful as possible. You can eliminate a lot of irritation by serving food that your whole family likes, even if this means repeating some dishes.  
Let your children know what a special man their father is. Their respect and affection (like your own) will nourish him.  
When you bring up family finances, watch your timing. Try to learn something yourself about savings plans and insurance, so that you can be helpful when it comes to planning the family budget.  
Don't fret over your husband, but cherish him. You'll find him cherishing you right back for many, many bonus years.

# Rogers', Spurlins Take First Place

Mr. and Mrs. Jerry Rogers and Mr. and Mrs. Sonny Spurlin took first place in the recently completed Skirts and Trousers Couples Bowling League in Friona.

and Mrs. Rogers took high women's game honors.

Most improved bowlers in the league were Rogers and Mrs. Bill Schwab.

Second place went to Eddie Irwin, Mrs. Carrie Shirley and Mr. and Mrs. Russell Varner, all of Friona.

A new couples league starts January 21. Members have chosen "Guys and Dolls" for league name.

Spurlin won high men's game

Officers are Jerry Rogers, president; Tommy Hamilton, vice-president; and Mrs. Sonny Spurlin, secretary.

# Christian To Workshop In Oklahoma City

Wendol Christian of Oklahoma Lane Farm Supply was in Okla. City last week attending a Smith-Douglass sales workshop.

Rogers announces that there are openings for more teams in this new league, and anyone interested can contact the bowling alley or one of the league officers.

Purpose of the meeting was to learn more about fertilizer, farm chemicals and nitrogen needs of crops grown in the Parmer County area.

# Troy Fuller's Brother Dies

Warren D. Fuller, 52, brother of Troy Fuller of Bovina, died at his home in Roswell, New Mexico, Thursday. Mr. Fuller had been ill for the past two months.

Oklahoma Lane Farm Supply representatives attend a Smith-Douglass workshop each year to keep up to date on the latest agricultural practices, in order to recommend programs to farmers in Parmer County that will grow more profitable crops.

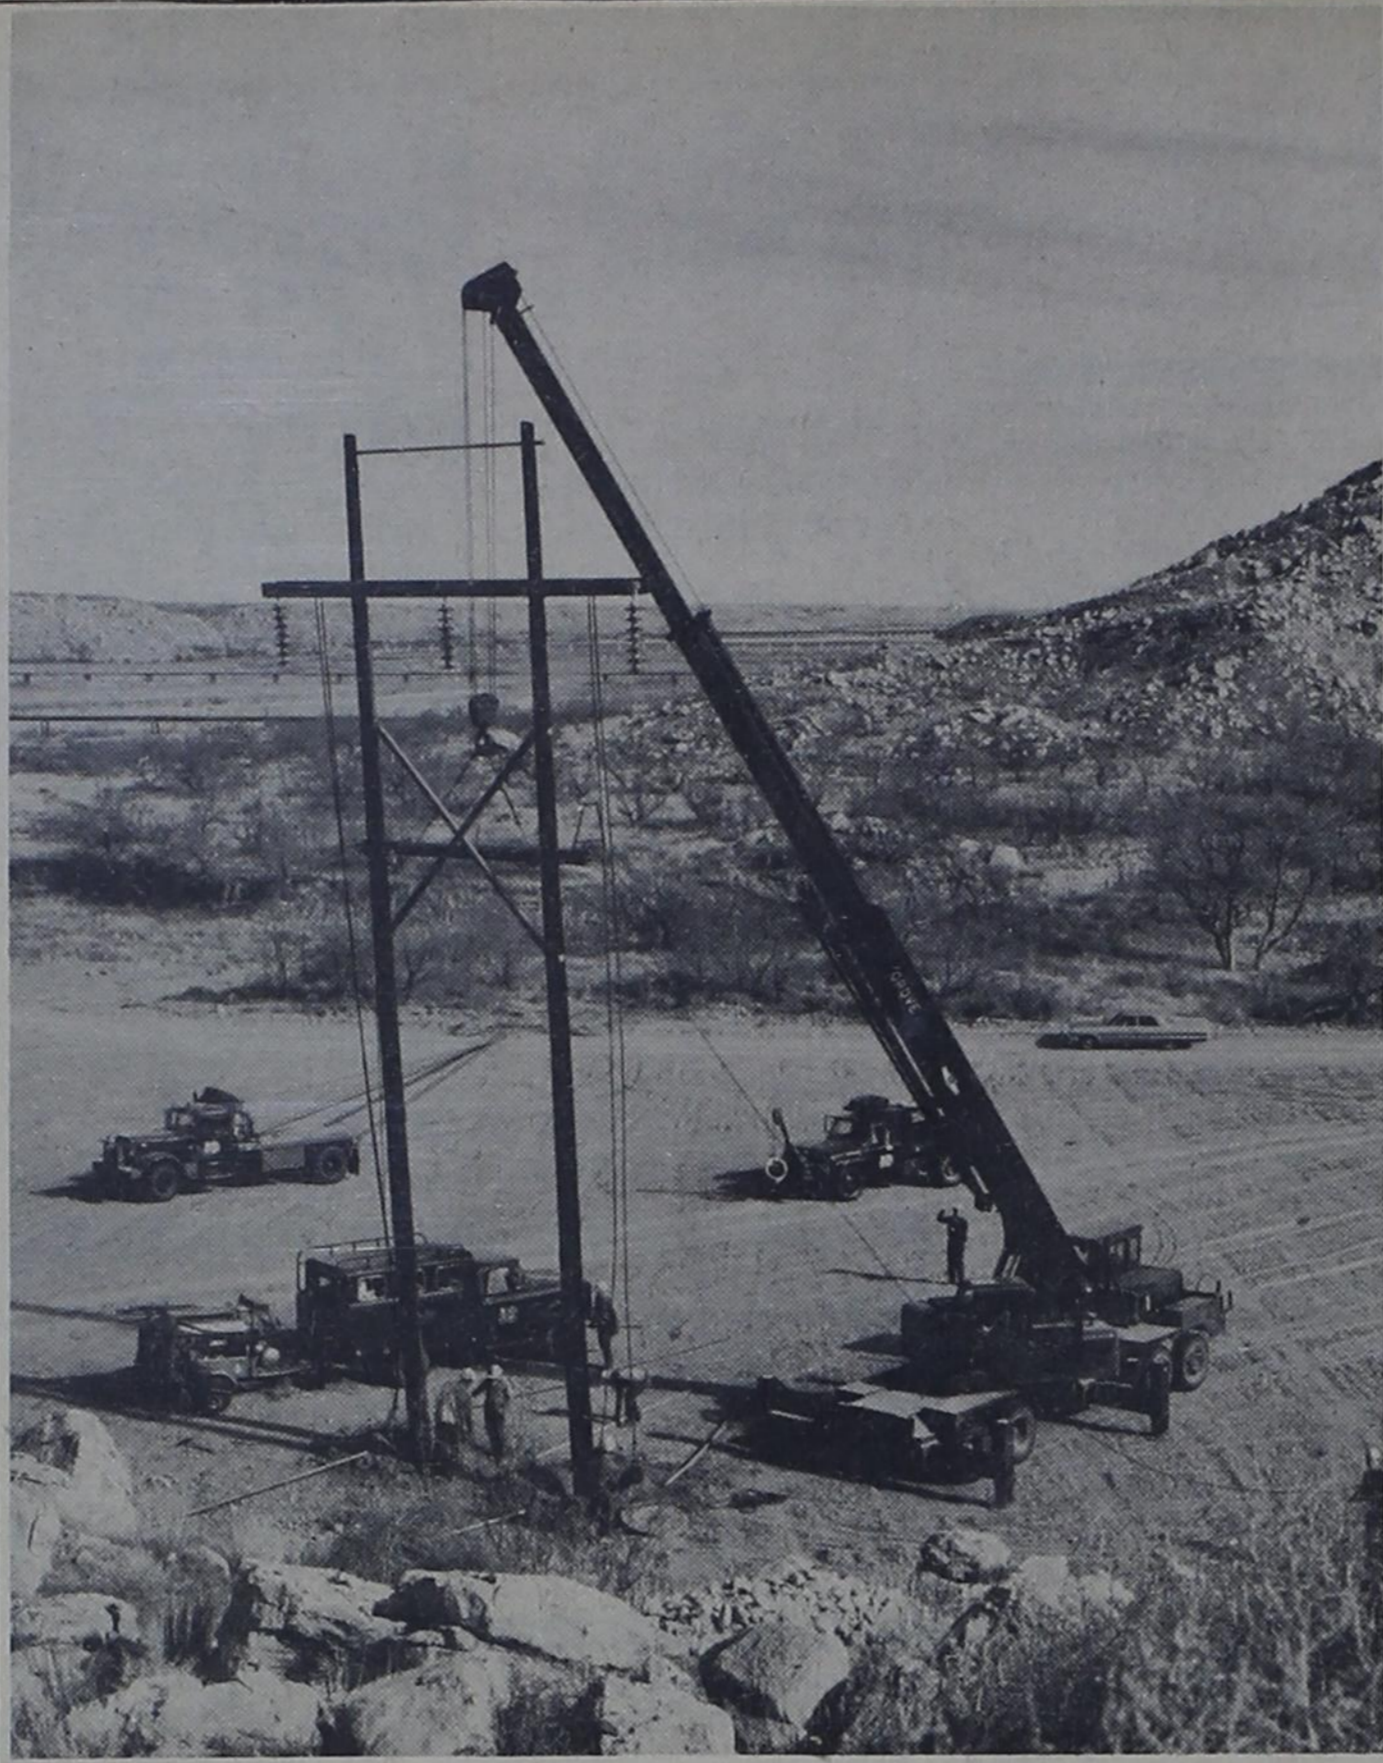

He had been a resident of Roswell for the past 30 years.

# Star Righters Meet Friday

Star Righters Square Dance Club meets Friday night at 8 at the Legion hall. From the hall they will go to Clovis to meet with Y-Squares in Marshall Junior High cafeteria.

Survivors include his wife, Elenor; one brother, Troy; one half-brother, Jack Christy of Wellington; and three sisters, Mrs. Pauline Hopper, Mrs. Lou Meridith and Myrtle Burden, all of Roswell.

A grocery cart is like an automobile: cost of operation goes up according to the number of stops you make.

An 60 foot electric transmission line structure can be lifted and set into place in 8 - 1/2 minutes with Southwestern Public Service Company's new hydraulic crane. The unit, the second one to go into service in the nation, was specifically designed for use in the electric utility industry. Southwestern Public Service Company has announced a 1966 construction program calling for the investment of \$19,353,000 in new facilities, with a large portion of the additional investment to be in transmission lines.

# SWPS Company Announces 1966 Improvement Program

A 1966 construction and improvement program which calls for the investment of an additional \$19,353,000 in new facilities throughout the company's service area was announced today by A. R. "Lon" Watson, president and general manager of Southwestern Public Service Company.

year, it will be possible to move four times more power than we are able to now transmit between these three major plants.

"Comparing our construction plans with a military operation, 1966 could be described as a year when we are going to strengthen and consolidate our position. In other words, this is a year when we are going to build into an already strong interconnected electric system new facilities which will provide even greater service dependability for our customers," Watson said.

"Let me emphasize that this conversion to 230,000 volts of the 'backbone', or main, line is an addition to existing facilities, and means there will be one more way to move power throughout our system. In other words, there are other transmission routes, in addition to this new one, which can transport the power between all of our 11 generating stations and carry the load in the event of an emergency," Watson reported.

New transmission lines, and related equipment, are the largest single investment in the 1966 program, with nearly \$7,500,000 of the total construction program designated for the construction and improvement of the electrical highways which bring the power from the generating stations to the areas served by the electric company.

Watson went on to point out that the generation and transmission of electric power is controlled automatically insofar as the principal transmission lines are concerned, and that the changeover to an alternate route is accomplished instantaneously in most cases.

A principal result of this new construction will be that the "backbone" transmission line, or principal electric artery linking the three largest generating stations will become a 230,000 volt line. Nichols Station, northeast of Amarillo, Plant X, in Lamb County, and Cunningham Station, west of Hobbs, N.M. are the three generating stations.

Major construction will begin during 1966 on another 210,000 kilowatt steam-electric generating unit at Nichols Station, northeast of Amarillo. This will be the third generator installed since 1960 at this location and will increase the capability of the plant to 435,000 kilowatts. Completion of the new unit is scheduled for mid-1968.

This means that early next

Electric power's role in meeting the municipal water needs of the region are a part of the 1966 improvement program. A 115,000 volt transmission line will be completed during the year to provide the power to pump the water from Lake Meredith to a storage reservoir near Amarillo. The Lake Meredith water is scheduled to be distributed to the 11 member cities of the Canadian River Municipal Water Authority, beginning in late 1967.

"1965 was another year in which the average cost of our service to all of our customers was lower than the previous year. As a matter of fact, it was the 13th consecutive year for a decline in the average cost of electricity used in our customers' homes. Our customers have helped make this possible by using more of our service. This enables us to install new and more efficient equipment, the type that will go into service as a result of this 19-million dollar improvement program in 1966. Reddy Kilowatt is still the servant who charges less for each hour the more hours you work him," Watson concluded.

"The continued installation of major electric generating units is, of course, the best kind of evidence of our confidence in the future of our service area. There are many opportunities to attract small industries to this region, and a number of com-

# Mustangs 1-1 --

# Fillies Victorious After Two Games

Though the Bovina Fillies had a dismal 2-9 record in pre-district play, they jumped off to a fast, 2-0 start in district competition last week.

Nazareth comes here Tuesday night of next week to complete the first round of action. The second round begins Friday, January 28, when the teams go to Happy.

double figures in the Lazbuddie win. Scotty Rundell made 16, Jerry Roach 14, Randy Jones 13, and Roman Ramirez 10. Kenneth Webb bucketed a total of nine while Richard Carson made two.

They downed Lazbuddie, 48-31, in their opening game there Tuesday night of last week and then outlasted Happy's Cowgirls in a thriller, 48-45, here Friday night.

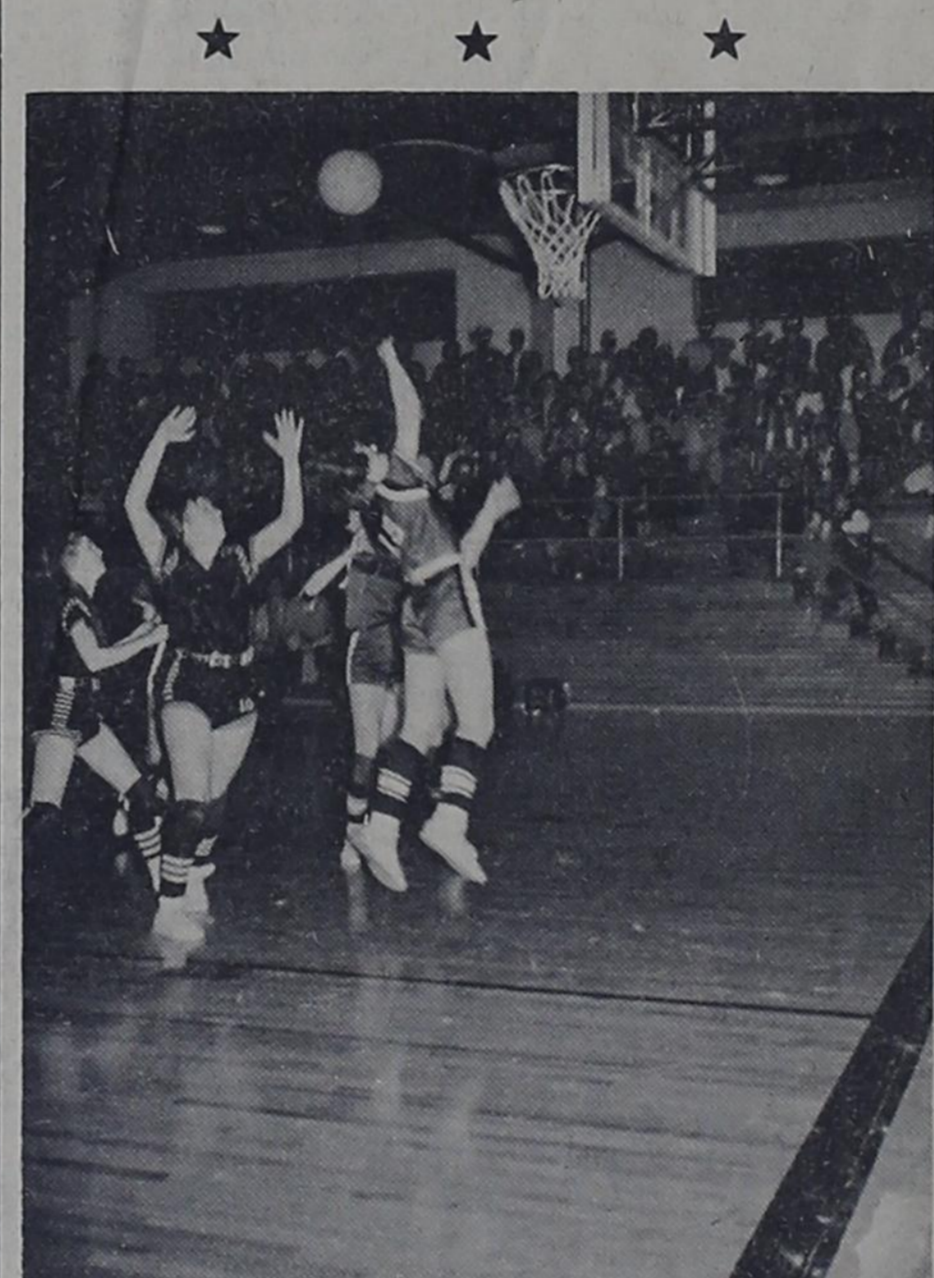

In the Fillies win over Lazbuddie Judy Minyen was high scorer with 24 points. Gwen Christian had 13 and Patsy Cumpston 11. Against Happy, Patsy Cumpston was high with 19 as Gwen Christian made 15 and Judy Minyen 14.

In the loss to the Cowboys, Rundell was the leading scorer with 31. Roach made 16, Jones 10 and Ramirez four. Kenneth Webb failed to connect.

The Mustangs completed their first week of play (two games) with a 1-1 record. They bounced Lazbuddie, 64-48, but then lost to Happy, 70-51.

Four Mustangs scored in

District action continues this week. The teams played at Hart Tuesday night. No games are scheduled for Friday night.

UP AND AWAY -- The Fillies' Patsy Cumpston is shooting a jump shot in the Friday night game against Happy's Cowgirls. The Fillies won, 48-45, to make their district record 2-0.

# Shamblin Earns Football Letter At North Texas

DENTON -- Ken Bahnsen, North Texas State University freshman coach, has announced 33 freshman lettermen for the 1965 football season.

The Eaglets completed a 3-2 season, their best finish since 1959, beating the Houston, Arkansas and Texas Tech frosh teams. Their two losses came at the hands of Southwestern Conference freshman champ TCU and Cisco Junior College.

Players receiving football letters included End Al Shamblin, 1965 graduate of Bovina High.

Joe Jones, son of Mr. and Mrs. J. T. Jones, entered U.S. Army January 5. His address is Pvt. E 1 Joe W. Jones, RA18744605 Co. B 1st Tng. Bn., 3rd Tng. Bde. (B. C. T.), Ft. Bliss, Texas, 79916. Prior to entering the service, he was employed by Western Ammonia here.

# Bishop Visits Bovina

A dinner in honor of His Excellency, Lawrence DeFalco, Bishop of Amarillo diocese, will be Sunday afternoon at 5 in St. Ann's Parish Hall.

The Bishop will be in Bovina to give mass at 3 p.m. Following mass he will bless the new parish hall and the Catechism classrooms at St. Ann's.

Bishop DeFalco was appointed to Amarillo diocese in April of 1963. Prior to that date he was administrator of the cathedral in Fort Worth.

# Lions Accept Applications For Camp

Applications for a summer vacation full of fun for handicapped children in this area are now being accepted by members of the Bovina Lions Club.

He has recently returned to Amarillo from the ecumenical council, where he spent two years.

The Texas Lions Camp for Crippled Children at Kerrville will open its first two-weeks session Sunday, June 5. Five sessions will be held this summer for youngsters from seven through 16 years of age.

Members of St. Ann's Altar Society and Guadalupana Society are sponsoring the dinner for the bishop. Donations of \$1.00 for adults and 50 cents for children are being asked.

The Camp is free to eligible blind, deaf, mute or crippled children. Transportation to and

from the Camp is supplied by Bovina Lions. All requests for summer camp are handled locally by Lions.

For more information about the Camp, those interested are urged to call Gary W. Cox of the Bovina Lions Club at 238-2131 or 238-6931.

In the past years, Texas Lions have sent over 8,000 youngsters to Camp.
