**WE WATCHED** A fascinating program on television Sunday afternoon. It was broadcast on CBS, under the title of News Retrospective. The sub-title of the documentary was "Resources for Freedom."

It was a re-broadcast of a program that had been presented earlier on television. The documentary warned about the shortages and price increases that would plague America, unless steps were taken to ward them off.

The remarkable thing about the film was that it wasn't produced five years ago, and not ten—it was first shown on television 20 years ago, and was the result of a presidential commission's study made during the early 1950s.

**THE TELEVISION** documentary hit the nail on the head as regards such shortages as oil, timber (for lumber and paper products), water, and several others.

The late Edward R. Murrow served as narrator for the piece, and it was a bit spooky, watching as a voice from the past predicted all of the various "crunches" that the nation might expect, and realizing full well that the predictions were very prophetic in light of recent events.

The only thing wrong with the predictions were that our timetable beat the expected crisis years by two to five years. The documentary was expecting the shortages to hit by 1975 to 1979, and as we are painfully aware, most of them have already affected our country.

**MURROW'S SPECIAL** correctly predicted that coal would return as an important source of energy, and rightfully foresaw that coal would be produced in new forms (such as in slurry mixes) so that it could be piped across the country like oil.

The program called water the "most important factor in industry, both for quality as well as quantity. Industry must have water."

The 20-year old documentary correctly predicted the coming dependence upon imports for many of the resources needed in America.

"There was never a nation that consumed so much...and at the same time gave so little thought to where it comes from. Although America is the land of plenty, the plenty can give out," stated Murrow in a frightfully accurate quote during the opening portion of the show.

**THE PROPHECIC** documentary pointed out the need for a more thorough research program to meet the materials problem. "In 25 years, half of our working population will be working and producing materials not known today," was another quote from the program.

Recommendations set forth by the presidential commission included (1) a mineral census every five years (2) opening up our timber lands and a stopping of the destructive timber cutting. Better fire protection for our forests. (3) agreements with friendly countries to protect the United States' investments in these countries. Repealing tariffs. (4) development of water power to the fullest. (5) the use of materials more efficiently. Stockpiling scarce materials.

**IT WAS POINTED OUT** that every American uses 18 tons of goods per year (the current figure is 22 tons).

"The only cause for alarm," Murrow grimly warned, "would be if we close our eyes to the shortages and higher costs, and expect that they'll go away."

The organization will sponsor an arts, crafts and food bazaar during the 11th annual community festival.

## OVER LAST YEAR

## Bank Deposits Show Increase

Deposits in First State Bank of Bovina as of June 28 totaled \$5,913,712.78, an increase of approximately \$1,026,487.60 over the same period a year ago.

Deposits as of June 29, 1973, were \$4,887,225.18.

The June 28 deposits show an approximate \$561,061 decrease in deposits from the end of April figure, which was \$6,474,774.62. However, the April figure is customarily the largest of the year.

Total assets at the bank stood at \$6,583,704.26 as of June 28, an increase of \$701,533. This was up 12 per cent from a year earlier.

Loans at the end of last month totaled \$4,035,327.80, down about \$18,434 from the '73 June mark of \$4,053,762.33.

The bank's official statement of condition was published in last week's edition of The Blade.

## RUG, BEEF

## CowBelles Set BTM Raffles

Plans for the approaching 1974 Bull Town Days celebration in August were on the agenda at a business meeting of the Bovina CowBelles last week.

The local chapter will raffle off a rug and \$200 worth of beef during the annual festivities, according to Mrs. C.C. Naegle, president of the organization.

The latched wool rug will be completed with the cattle brand of the winner, or the winner's initials if he or she has no brand. Tickets on the rug are priced at 25 cents each and may be purchased from any member of the CowBelles or at First State Bank of Bovina, where the rug is on display.

In addition to the rug, the CowBelles will also raffle two \$100 beef gift certificates. The gift certificates may be redeemed for beef at any meat market in Parmer County.

Tickets are selling for \$1 each on the beef.

Winners of the rug and beef certificates will be drawn at the conclusion of the annual Quarter Horse Show Saturday, August 17, Mrs. Naegle said. Ticket holders do not have to be present to win.

Also planned for BTM is a booth in the vacant building on Main Street which has been decorated by the CowBelles. Promotional materials and literature will be displayed and CowBelle-made gifts and kits will be sold. The club will also sell cedar squares with the owner's cattle brands burned into the squares during Bull Town Days. The squares, priced at \$5 each, will be placed on the outside front of the building.

Mrs. Naegle urges cattlemen to purchase their squares before the celebration for maximum publicity during the event.

The group also began preliminary preparations to sponsor a Little Buckaroo Rodeo Saturday, September 14, at the Bovina Roping Arena.

events for the 11th annual community celebration.

Scheduled for Sunday, August 11, through Wednesday, August 14, the services will begin at 8 p.m. each day at the Mustang Stadium on the Bovina Schools campus.

Evangelist for the four-day event will be "Little George" Havens, known as the world's smallest cowboy. Leading the music portion of the services will be Billy Thompson and The Gospel Troubadours of Lubbock.

Rev. Larry Heard, pastor of the First Baptist Church of Bovina, was named general chairman of the community-wide revival in a meeting recently.

Others named to serve as chairmen of committees were Wilbur Charles, chairman of equipment; Jim Owens, chairman of ushers; and Billy Smith, chairman of lights and power.

Also serving on the general committee are Rev. Howard Marcom, pastor of the First United Methodist Church; Rev. R.D. Owens, pastor of the Pentecostal Holiness Church; and Rev. Porfirio Mejia, pastor of the Spanish Baptist Church.

In conjunction with the revival, a men's prayer breakfast will be held Wednesday, July 24, at 6:30 a.m. at the First United Methodist Church.

Tentative plans call for other prayer breakfasts to be held at the First Baptist Church and St. Ann's Catholic Church in the following weeks.

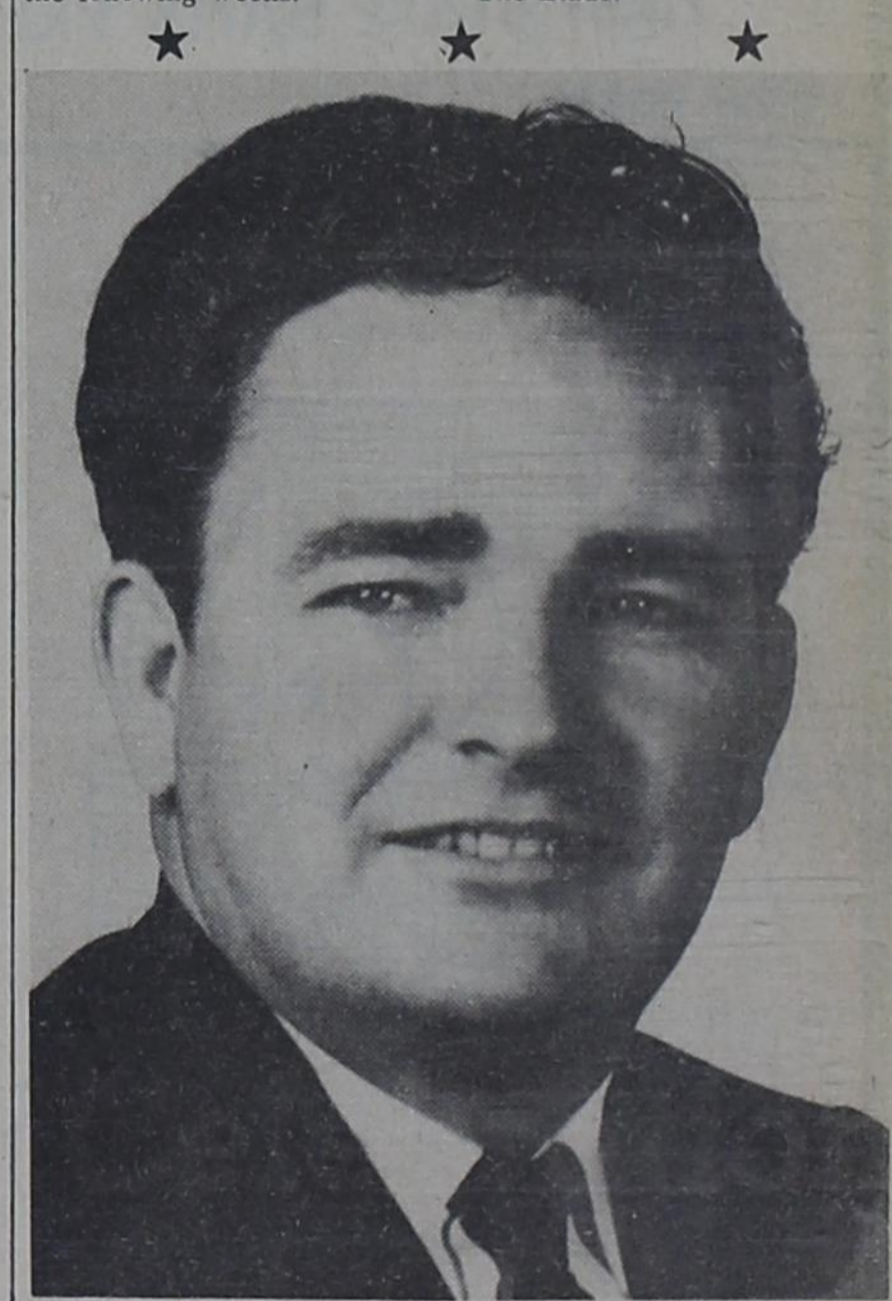

"Little George" Havens, a native of Texas, has appeared in over 100 movies as Hollywood's smallest cowboy and daredevil stunt man. He is a diminutive four-foot, 11 inches.

A former singer in the Grand Ole Opry with Pee Wee King and the Golden West Cowboys, Havens has also worked with Stuart Hamblen, composer of "This Ole House," and has written several compositions, including "Blue Galilee" and "Holy Caravan."

Havens worked in Hollywood until 1950 when he left his acting career and began evangelistic work. Since that time, he has preached throughout the United States, Canada, Mexico and Cuba. He was one of 60 evangelists to campaign in Jamaica and attended the Baptist World Alliance in 1955. He has also preached and sang in Europe, Egypt, Palestine, North Africa and the British West Indies in the past several years.

Billy Thompson and The Gospel Troubadours, a country gospel group, has made many records and was formerly based in Buford, Ga. The group currently is associated with the First Pentecostal Holiness Church in Lubbock.

Additional information concerning the cowboy revival—those who will be participating and committee members—will be announced in future issues of The Blade.

**HARVEST UNDERWAY**...Two trailer-loads of cabbage are dumped on the conveyor at Gateway Farms here, a division of Griffin and Brand Produce Co., as vegetable harvest swings into full gear. Roland Lusk, manager of the vegetable processing shed, said harvest began the first week of July and is heading for the peak of the season. Crops of cabbage, cucumbers, yellow squash and parsley are being harvested in

the Bovina community at the present time. Lusk said that yields and quality of this year's crop is good with cabbage bringing a fair price and cucumbers a good price. He also noted that prospects are excellent for the cantaloupe crop this summer with initial harvesting of the melons to begin in about three weeks. The processing plant employs about 200 people during the summer season.

**SENIOR LEAGUE**

**Sherley Grain Ends  
Season With Victory**

Sherley Grain finished out the regular season in the Friona Senior League by coasting to a 19-2 win over Benger Air Park in their season finale last Thursday.

The Bovina team ran its season record to 9-1 with the win, jumping off to a 4-0 lead in the first inning, adding nine in the third and five more in the fourth.

Ruben Salazar and Gary Stone combined to limit the losing Flyers to just one hit. Salazar pitched the first four innings, and gave up only a leadoff single to Bobby Aragon in the fourth inning. Aragon came around to score one of Benger's two runs after a walk and an error.

Stone pitched the last two innings, and struck out five of the nine men he faced, accounting personally for all but one of the outs.

Four consecutive walks by Benger's starting pitcher Ruben Dominguez, an error on Stone's grounder and Roy Shelby's single accounted for Shelby's four runs in the first inning.

Dan Cox led off the Bovina third with a single. Ronnie Cary reached base on an error, and Del Ray Sudderth walked. Mike Read's grounder got through the Benger third baseman to score a run, and Salazar's single accounted for two more.

Gerald Shelby was safe on an error, Tommy Serna and Stone each walked, and when Roy Shelby walked, the team had batted around without an out. By the time Benger could retire the side, nine runs had scored, and the score was 13-0, favoring Sherley Grain.

After Benger dented the scoreboard with one of their two runs in the top of the fourth, Sherley came back for five more in the bottom half.

Sparking the fourth-inning uprising were consecutive singles by Gerald Shelby, Tommy Serna and Stone. Shelby, who scored four of the five times he came to bat, walked and scored Sherley's final run in the fifth inning. He led the Bovina stickmen with a pair of singles.

Miss Caldwell and Mejia closed the program with a duet, singing "You'll Never Walk Alone" by Rodgers and

Hammerstein II. Friends and family members of the trio were guests at the recital.

Miss Caldwell, who will be a freshman student this fall, attended a private school in St. Louis, Mo., this past year. While attending Bovina Junior High School, she participated in sports and was a member of the band.

## SCS News

Land use planning is not commonly understood in Parmer County. Land use planning is the designation of land use by a regulatory body. This is a coming thing in the future. Land use for farming, industrial use, feed lots, residential uses, or any other use will be designated by some regulatory body.

There is legislation in Washington pending now for this to be done by the federal agencies. There is legislation pending in Austin for this to be done by a state agency.

The Parmer County SWCD has backed a bill which brings the land use regulation down to the county level. The local SWCD believes that the local county people are best suited to know what their own land is best suited for.

The state council meeting of the Soil Conservation Society of America spent two days in Fort Worth this past week discussing pros and cons of land use planning. Herb Evans and Edwin Livengood from Friona attended the council meeting.

### The Evolution Theory

Professor John Moore, a naturalist at Michigan State University, presented a paper to a recent meeting of the American Association for the Advancement of Science at Philadelphia in which he contended there was no scientific backing for the theory that man evolved from amoeba and sea-slimes. He called it "more illogical than biological," and the theory doesn't hold up in the light of modern scientific knowledge.

He said the theory of evolution is an "incredible religion" but not a science. Gradually, the attacks against the theory have come from religious leaders instead of scientists; however the number of men in science who oppose Darwin's views is growing. They know that such "hog-wash" is not true.

Moore said that evolution should not be taught as fact but only be discussed as theory and taught as an idea. He focused attention on the "serious gaps" in the "monophyletic" theory that the first living cell changed into complex many-celled forms of life, into first animals without vertebrae and progressing through fish, amphibians, reptiles, early mammals and primates to man.

This just shows you that it is not a mark of ignorance for one to question a theory which if accepted would deny that God created the heavens and the earth, as stated in Genesis. It is impossible for one to hold to the theory of evolution and accept the historical accuracy of the first eleven chapters of Genesis. As for believers, it is not only easy but reasonable to believe "IN THE BEGINNING GOD..."

**OF WINTER WHEAT**

## Crop Residues Provide Alternative To Grazing

An estimated two and a half million acres of irrigated corn and grain sorghum stubble should be considered along with winter wheat acreage for cattle grazing on the Texas High Plains, says John Shipley, agricultural economist with the Texas Agricultural Experiment Station.

Researchers at the North Plains Research Field at Etter have developed comparative beef gains for grazing crop residues during the fall and early winter months compared to irrigated wheat. These data were collected both with and without supplemental feeding, Shipley says.

Studies showed that stocker steers weighing 350 to 450 pounds gained 1.8 pounds per day when grazing out irrigated wheat from mid-November to mid-May. The stocking rate per acre was 1.5 animals from November to mid-March, then two animals per acre until graze-out.

Shipley reports that the same weight steers only averaged 1.4 pounds per day on the winter wheat pasture from mid-November to early March, but when fed two pounds of milo per head per day, their average daily gain jumped to 1.7 pounds during that period.

The scientist adds that the same weight cattle grazing irrigated wheat and corn or grain sorghum stubble on a one to one acreage ratio gained only 1.1 pounds per day without supplemental feed.

Another test using corn stubble and grain sorghum stubble showed that when fed four pounds of 20 percent protein supplement mix per head per day, the cattle gained 1.3 and 1.6 pounds daily, respectively. Shipley figures that the 1.6 pounds gain from the grain sorghum stubble may have been higher than would normally be expected due to an exceptionally large amount of grain left in the field in 1972-73. In 1973-74 studies, the amount of supplement as varied at two, four and six pounds per

head per day grazing out grain sorghum stubble from November 30 to January 17. Stocking rate was 2.5 animals per acre. There was no difference in average daily gains at the three different levels, Shipley says. The gain was 1.7 pounds per day.

"The profitability of utilizing corn and/or grain sorghum

stubble with supplemental feeding will depend upon the price of the protein supplement mix and the price of beef," the researcher concludes. "With a knowledge of these two prices and the average daily gains that might be expected, a more sound economic decision can be made regarding the utilization of these crop residues."

**COWBOY COUNTRY**

**Rolling Plains Retains Old West Atmosphere**

The West lives on in the rolling plains of Texas, maintaining a broad-brimmed profile in the land of the Four C's: Coronado, Comanches, Cavalrymen and Cowboys.

The first three are gone, but not the Cowboys, in a region that runs from below Abilene to the Oklahoma border in the Panhandle.

Western hats and boots are everyday wear, particularly in the smaller towns. Not far from main highways are the old, established ranches: the Spur, Pitchfork and Matador, below the Caprock in the Dickens area; farther east, near Vernon, the W.T. Waggoner spread; and near Dalhart, what remains of the XIT, once the world's largest.

Rodeos abound. Some are stop-offs on the professional cowboy circuit; others such as the Texas Cowboy Reunion at Stamford, are for amateurs.

Texans who decide to vacation on the plains will find that there is one scenic point which surpasses all others: the 122-mile Palo Duro Canyon, 22 miles southeast of Amarillo.

The 1,000-foot deep canyon is

the scene each summer of the Panhandle heritage drama, "Texas," in an outdoor amphitheater.

Palo Duro is recommended by the West Texas Chamber of Commerce in its new spring publication, "Wonderful West Texas Fun and Adventure Map," said J. Fike Godfrey of Abilene, WTCC executive vice president.

"An in-Texas vacation, at today's lower speed limits, offers a fine opportunity to enjoy the majestic expanse of the Plains and Panhandle," said Godfrey.

Below Palo Duro Canyon, State Highway 207 between Claude and Silverton, also passes across Tule Canyon. The Croton Breaks south of Dickens is a colorful region of canyons, buttes and creeks, while the new Copper Breaks State Park north of Crowell was dedicated in April.

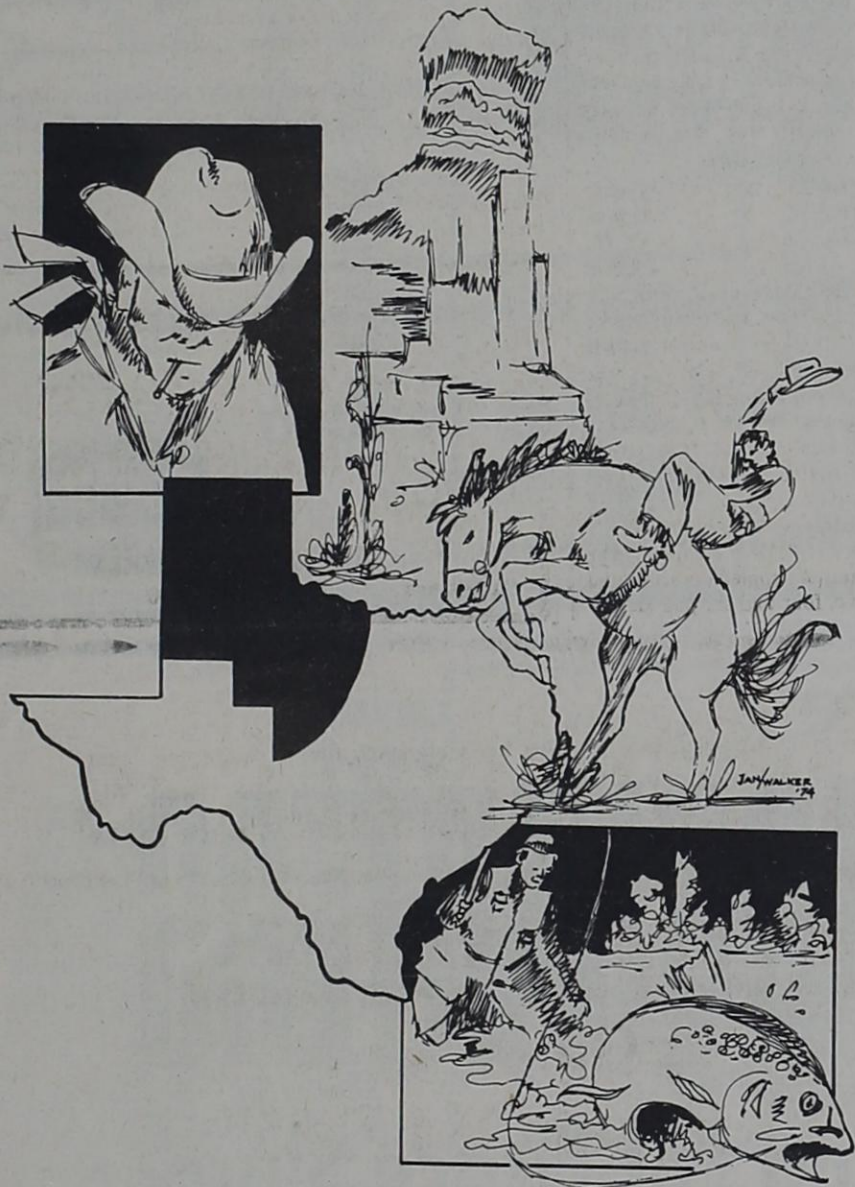

Abilene, the southernmost of the three largest Plains cities, offers an excellent zoo whose reputation is growing, and Old Abilene Town, a western amusement park on Interstate 20.

Southwest of Abilene, near Buffalo Gap, is Abilene State Park, shaded by oaks and mesquites. It is one of seven state parks on the Plains: Copper Breaks, near Crowell; Lake Arrowhead, Wichita Falls; Lake Brownwood, north of Brownwood, Mackenzie at Lubbock; Palo Duro Canyon; and Fort Griffin, north of Albany.

Lake Brownwood and Hubbard Creek Reservoir near Breckenridge give fishermen and water sport fans plenty of elbow room, as do lakes near Abilene and Coleman and Lake Kemp at Seymour.

In the Panhandle, Lake Meredith, west of Borger, reigns over the fishin' holes as Palo Duro dominates the scenery. Spreading among the cliffs of the Canadian River Valley, it covers 21,600 acres and also is accessible from Amarillo, Stinnett, Sanford, Fritch, Dumas and Pampa.

Detailed brochures about West Texas number more than 200 and are available free from the literature library of the West Texas Chamber of Commerce, Box 1561, Abilene, Texas 79604.

# 4 Teams Unbeaten In Slow-Pitch Loop

**SENIOR CHAMPS...**Bovina's entry in the Friona Senior League, Sherley Grain, took the loop title last week with a 9-1 season record. Team members are: bottom row, left to right, Ronnie Cary, Ruben Salazar, David Murphy, Dan Cox and Mike Read; back row, left to right, Assistant Manager Mike Spears, Tommy Serna, Gerald Shelby, Bruce Fillpot, Rocky Bartlett, Gary Stone and Manager Kenneth Cary. Not present were

Stephen Stevenson, Kyle Harris, Roy Shelby and Del Ray Sudderth. Stevenson broke his foot in a game earlier in June. Sherley Grain paced the all-star selections in the league, landing Gerald Shelby, Serna, Cary and Salazar on the squad. Cary is manager of the all-stars who competed in a best two of three game playoff series against Tucumcari, N.M., Monday, Tuesday and possibly tonight [Wednesday].

At the end of the first full week of play in the Lions Club-sponsored men's slow-pitch softball league here, Big Nick's Traders, the defending champions, and Farwell Hardware were tied for the lead with two victories each to their credit against no losses.

Only one game behind in the win column were Chuck's Spraying Service and the Jaycee's "A" team, each with 1-0 records.

**Hub Aero and Sherley Grain**

were tied for the fifth and sixth places with one win and one loss each.

Deadlocked for the last three places in the standings were Shepherd's, Agri-Sprayers and the Jaycee "B" squad, each with 0-2 records.

The five-week season got underway in style Monday night of last week, with the two Jaycee teams meeting each other in the opening tilt of the season. The "A" squad outlasted the "B" team, 11-5,

for the win. The second game, slated between Shepherd's and Sherley Grain, was called because of rain. In a make-up game played Saturday night, Sherley Grain trounced Shepherd's, 23-7.

On Tuesday night, Big Nick's Traders emerged with a 16-0 shutout over the Jaycee's "B" team, in Big Nick's first outing of the year. Hub Aero took an 8-4 win over Shepherd's in the nightcap.

On Thursday night, two of the undefeated teams met with Big Nick outscoring Hub Aero, 14-7. Farwell Hardware, in its initial game, trounced Agri-Sprayers, 12-3.

Farwell Hardware came back Friday night to take a 21-7 win over Sherley Grain in the opener with Chuck's Spraying coming from a 6-1 deficit to take an 11-7 win over Agri-Sprayers.

Games on schedule for the next four playing nights are as follows:

Tomorrow (Thurs.)—Jaycee's "A" vs. Hub Aero and Shepherd's vs. Farwell Hardware.

Friday—Farwell Hardware vs. Chuck's Spraying Service and Sherley Grain vs. Agri-Sprayers.

Monday—Big Nick's Traders vs. Sherley Grain and Jaycee's "B" vs. Shepherds.

Tuesday—Hub Aero vs. Farwell Hardware and Shepherd's vs. Agri-Sprayers.

The first game will get underway at 8 each night with the second tilt set to begin by 9:15.

## Senior All-Stars Fall To Tucumcari Rally, 7-6

The Friona Senior League All-Stars had a 6-3 lead after four innings against Tucumcari at Tucumcari Monday night, but saw their lead evaporate as

the home team scored four runs to eke out a 7-6 win in the best two-out-of-three series.

The local all-stars grabbed a four-run lead in the first inning.

Ruben Salazar walked and after two were out, Gerald Shelby drew a walk. Raul Brailiff singled to score Salazar, Ernest Mills walked, and Edward Castillo walked to force in the second run.

Mark Neill then got a two-run single to make it 4-0, and Jesus Mata struck out to end the rally.

In the fourth, Salazar again walked to start a rally with one out. Tommy Serna flew out to centerfield, but Brian Snyder singled, and Gerald Shelby tripled to left field to score the two runners. Brailiff walked to keep the rally going, but Shelby was thrown out trying to score. Walks were the downfall of the Friona all-stars, as they

served up seven free passes and two hit batsmen.

After hacking away at the lead, Tucumcari tied up the game in the fifth with three runs, aided by two Friona errors.

In the bottom of the seventh, a leadoff double, a stolen base and a single ended the game with Tucumcari on top, 7-6.

The two teams were to play Tuesday night in Friona. The score of that game was unavailable at press time.
