

HIGH WATER -- About once every 10 years, oldtimers say Running Water Draw really deserves its name. Tuesday morning was one of those times. At left is the draw, filled with water, looking south on FM 1731 toward Oklahoma Lane. Center is another view of Running Water Draw, looking west from Highway 86. At right, the rolling waters pour under the bridge on Highway 60 southwest of Bovina. Spectators were a dime about a quarter-mile wide looking south on FM 1731 toward Oklahoma Lane. Center is a dozen as run-off from rains totaling more than five inches swept by Bovina.

VOL XIV, NO 45

WHITTLIN'

By DOLPH MOTEN

Like it or not, this Plains area is getting around doing still more about using a tremendous amount of sorghum it produces.

The fact that the cattle feeding industry has mushroomed into prominence over the few years is wholeheartedly accepted by everyone. And we add: the end isn't yet in sight.

The announcement that Missouri Beef Packers, Inc. launching construction of another huge packing plant in Plainview to equal or better size the year-old facility between here and Friona seems to magnify the already beef production picture of Plains.

Except for around Lubbock seemed from here that the term side of the Plains will little slow in coming around the beef production idea. However, the Plainview plant will, no doubt, give part of the area a tremendous boost along that line.

Probably the reason that the feeding developed on the Western side of the Plains is of the Eastern was the fact more acres of milo are given over this way. Cotton and good allotments in that of the state. This cut down the number of milo acres too, back when cotton was price, the people weren't being as hard for additional come as were the milo farm.

We said probably. Ecologists could probably explain it all much more specific than we can. That's assured of course, that our original idea is correct, which it may not be.

Something that's going to happen to us, though, if we're not careful, is that the counties east of us are going to get ahead of us in pork production. That, too, might be just as well. . . . only time can tell us about that.

Over in Floyd County last week, for instance, the paper more or less devoted an issue to pork production. A good job was done of publicizing the farms which are already in the hog business. Ads from money institutions assured readers that finances were available to (Continued on Page 2)

A DAY FOR MOM -- Mrs. Vernon (Frances) Willard will be among thousands of mothers honored on "her day" Sunday. Helping her celebrate will be the three Willard children, Dennis, 11, Carl, 3, and Terri, 13. The family lives at 907 Seventh Street.

Horn, Gee --

Debate Team Wins 2nd In State Meet

Johnnie Hugh Horn and Mike Gee came from the State University Interscholastic League

debate contest in Austin with second place Saturday. They were defeated in the

finals by Munday Saturday morning by a 2-1 decision. The Bovina debate team won the first round over Groveton Friday afternoon by a 2-1 decision.

The team went through district contests and regional contests drawing the affirmative position on the question "Resolved that the United States should establish a system of compulsory service by all citizens."

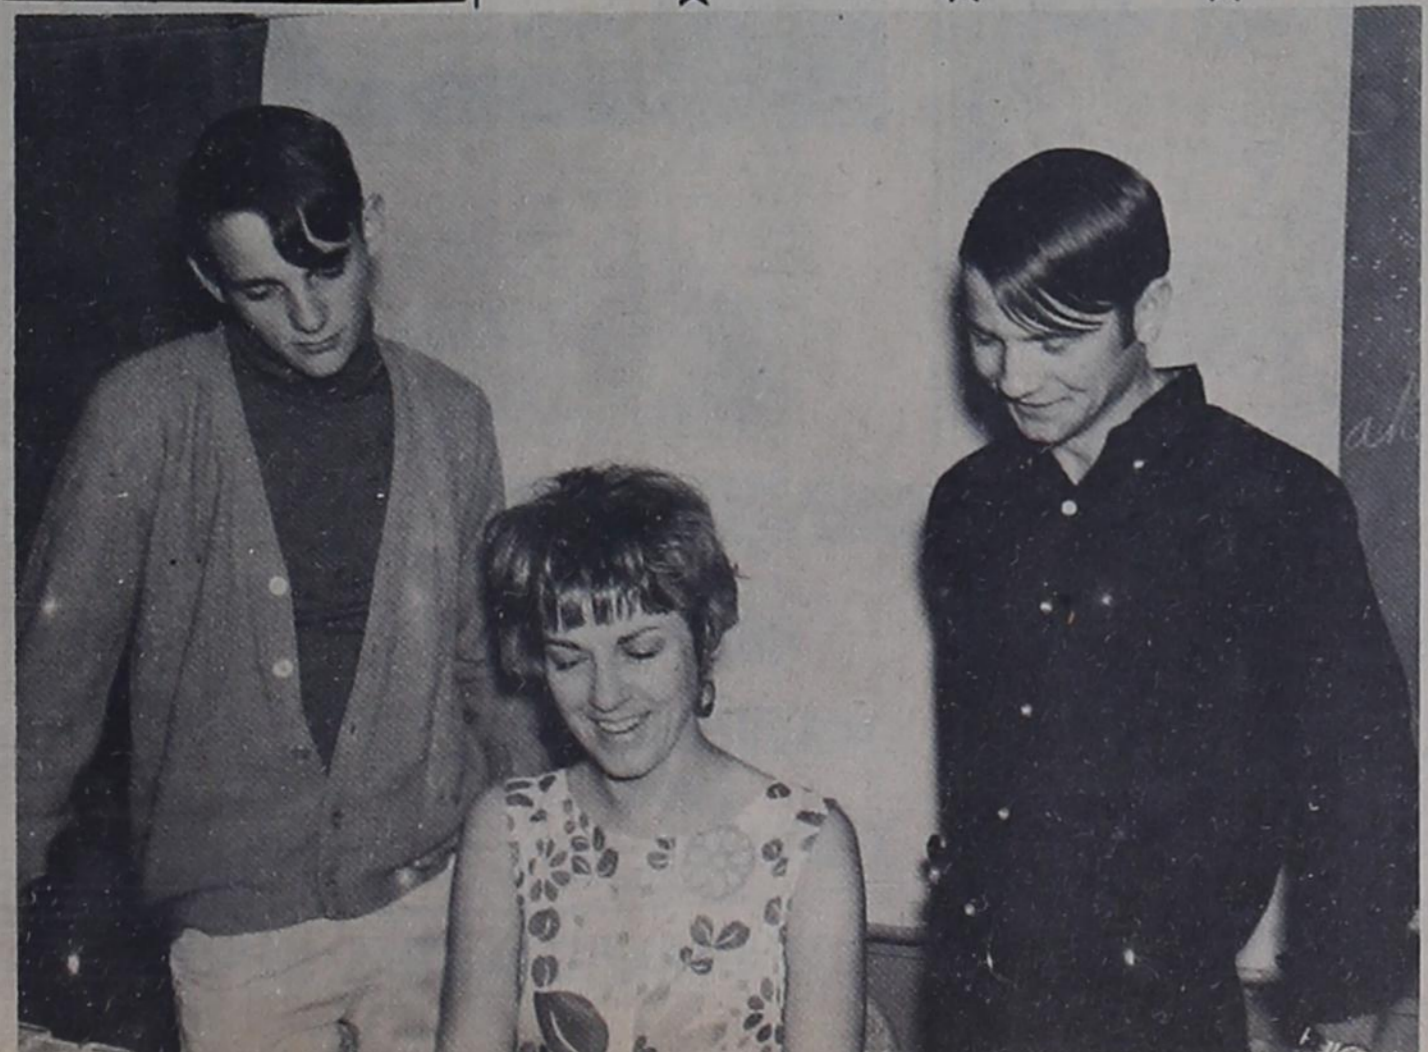

They also drew the affirmative in the first round of the state contest. However, in the finals, the team drew the negative, for which they were not as experienced in presenting. The boys were accompanied by their coach, Mrs. Patricia DiCuffa, Wilson DiCuffa and Mrs. Johnnie Horn.

Following the debate, the boys flew back to Lubbock and arrived for a portion of the Junior-Senior banquet.

Mrs. DiCuffa says that scholarships may be available to senior winners in the state literary contests, which would include Horn, Gee is a junior.

The boys are the sons of Mr. and Mrs. Johnnie Horn and Mr. and Mrs. John Gee.

Also competing in the state meet was the boys debate team from Friona, who met McGregor, 1968 runner-up, in the first round.

DEBATERS -- Johnnie Hugh Horn and Mike Gee discuss outcome of the State University Interscholastic League meet with their debate coach, Mrs. Patricia DiCuffa. The boys won second in the Class A state-wide event held in Austin last weekend, losing to Munday in the finals.

In Two Days --

Rainfall Totals 5.11, Farmland Saturated

This one can be called the flood of '69. Water was running high and wide early Tuesday in Running Water Draw, the lakes were full, and the ground soaked with 5.11 inches of rain which fell Sunday and Monday nights and into the wee hours Tuesday.

At least two Farm-to-Market roads were under water and virtually impassable.

FM Road 1781 south of Bovina was under water as Running Water Draw rushed across the pavement, carrying run-off from Eastern New Mexico and Western Parmer County. A few motorists braved the swift water, but didn't recommend the action for others.

On FM Road 2290, west of Bovina, the pavement was under water at the edge of town as the lake west of the Charlie Flynn home filled. No traffic was attempting to move through the water.

One rare result of the rainfall was evident in the Draw southwest of town, where cattle had gathered to a high place in the Draw, and were trapped by higher water around them.

Mustang Lake, fed from Catfish Draw north of Bovina, was reported to be nearly full. When the lake spills over, that Draw also begins to run, Bovina natives say.

Rainfall here Sunday night measured 1.03, coming down slowly. One farmer termed it "a million dollar rain."

Monday night a total of 4.08 soaked the Bovina area and on Tuesday morning the estimate had been increased: "Now it's a four million dollar rain," one observer commented.

The Monday night thunderstorm also produced threat of tornadoes. Bovinians watched clouds until 3 a.m. after a tornado was reported early in the evening three miles east of Clovis traveling northeast. About midnight a funnel was reported southwest of Friona traveling in northeasterly direction.

Many grain sorghum and cotton farmers had already put seed into the ground, and some are expected to replant since fields "washed pretty badly."

For those few who had not planted, the rainfall couldn't have been better. The ground is well seasoned for summer crops, and irrigation costs will be far less in the coming weeks.

Whether or not the rainfall damaged the sugar beet crop, already up, was still under speculation. One farmer said he feared several rows of his sugar beets had been washed out south of Bovina.

Meanwhile, prediction of more rain was made by weathermen and cloudy conditions prevailed Tuesday morning.

'69 Seniors --

Lane, Estes Class Leaders

SHERYL LANE

★ ★ ★

KATHY ESTES

★ ★ ★

Honor students in the 1969 Senior Class of Bovina High School have been announced this week by Gary Cox, high school principal.

Sheryl Lane is valedictorian of the class with a four-year grade average of 93.55. She is the daughter of Mr. and Mrs. Bill Lane.

Salutatorian is Kathy Estes, daughter of Mr. and Mrs. Bob Estes, with a grade of 90.63 over a four-year period.

Gary Carson is third, and the top boy in the class, with 86.37. He is the son of Mr. and Mrs. M. H. Carson.

Ranking fourth in the class is Myrna Ritchie with 82.57. Her parents are Mr. and Mrs. Glenn Ritchie.

Curtis Drager, son of Mr. and Mrs. C. G. Drager, is fifth in the class with 82.38 for the four high school years.

The students will participate in graduation ceremonies to be conducted at 8 p.m. Friday,

May 23, in the school auditorium. Class sermon will be delivered

the preceding Sunday night, May 18, also in the school auditorium.

Sunday --

Lions Schedule Chicken Dinner

Bovina mothers will receive a treat Sunday noon when Lions Club holds its annual Mother's Day fried chicken dinner in Bovina Schools cafeteria.

Vernon Estes and A. M. Wilson are in charge of the meal, according to J. E. Sherrill, president of the organization. Tickets will be \$5 per couple, plus \$1 each for children. The meal will be served from 12 noon until 1:30 p.m.

Proceeds will be used to finance the boys summer baseball program in Bovina, which is under sponsorship of Bovina Lions Club.

Equipment will be needed for the teams in Little League, Pee Wee League and Pony League, Lions say, such as bats, baseballs, etc.

A large crowd has previously attended the Mother's Day dinner and is expected again this year, members say.

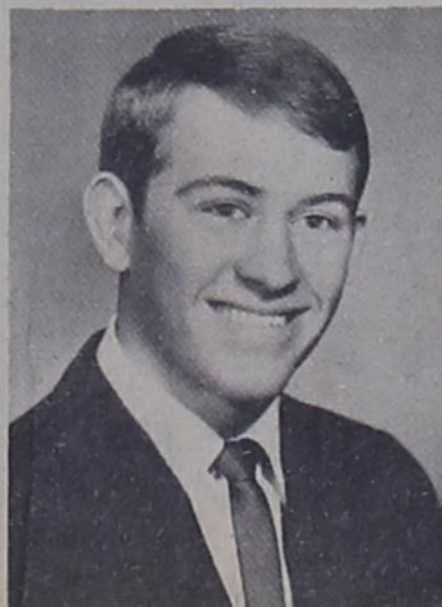

Weather By Willie

A total of 4.08 inches Monday night -- 5.11 since Saturday.

More to come.

Sunshine Friday.

Reflections
From
The Blade

TEN YEARS AGO

May 6, 1959
Kay Hartzog is valedictorian of the 1959 graduating class. Nancy Cumpton is salutatorian.

Allen Ray Wilcox was high scorer in Bovina Jaycees sponsored teenage road-e-o here Saturday.

Two Bovina Main Street business buildings are being remodeled. Carpenters began work Monday morning on faceliftings for Bovina Beauty Shop and Trimble Barber Shop.

Marches, overtures and novelty numbers will be featured at spring concert of Bovina Schools bands.

Miss Nickie Woelfel will be presented in a senior vocal recital Tuesday evening.

A crowd of over 100 attended a piano recital presented by Mrs. Margaret Caldwell's music students Sunday afternoon. The recital was given in First Baptist Church sanctuary.

A county 4-H team composed of Barbara Rea, Bovina, and Janice Hillock, Farwell, will compete in state contests June 15. Official tabulations are finally in. Parmer County's 1958 cotton crop has exceeded 60,000 bales, as had been expected since last October.

Four members of First Baptist Church Woman's Missionary Union attended an annual WMU retreat last week south of Floydada.

Mrs. Charles Hawkins participated on the program, giving "chalk talks" during the devotionals.

Mrs. Henry Ivy was in charge of a continuation of the study "Isaiah Speaks," when members of Methodist Marzle Lynn Circle met last week.

SIX YEARS AGO

May 1, 1963
Free coffee and Spudnuts will be plentiful in Bovina Saturday as two businesses stage grand openings.

They are H&M Garage, in connection with Oklahoma Lane Farm Supply, and C and J Hobby and Craft Shop.

Appaloosa horses, possibly as many as 150 or more, will be on exhibit here Saturday.

In a marathon special meeting Monday night, trustees of Bovina Independent School District hired a school custodian on a contract basis and interviewed candidates for position of vocational agriculture instructor.

Members of Bovina FFA chapter received almost \$500 in prize money at Eighth Annual Parent-Son Banquet Monday night in school cafeteria.

Volleyball teams from Bovina dominated an invitational tournament at Farwell last weekend.

Highlighting the program at annual Eighth grade banquet Saturday evening at school cafeteria was a talk by Don Stone, minister of Bovina Church of Christ. He spoke on the importance of continuing education.

Fred Langer, who is in the housemoving business here, has purchased Bovina Recreation Hall from Billy Don Read.

One of the most modern feed lots in the nation will stage its grand opening five miles east of Friona Saturday. Favors will be presented everyone who comes to inspect the new Parmer County industry.

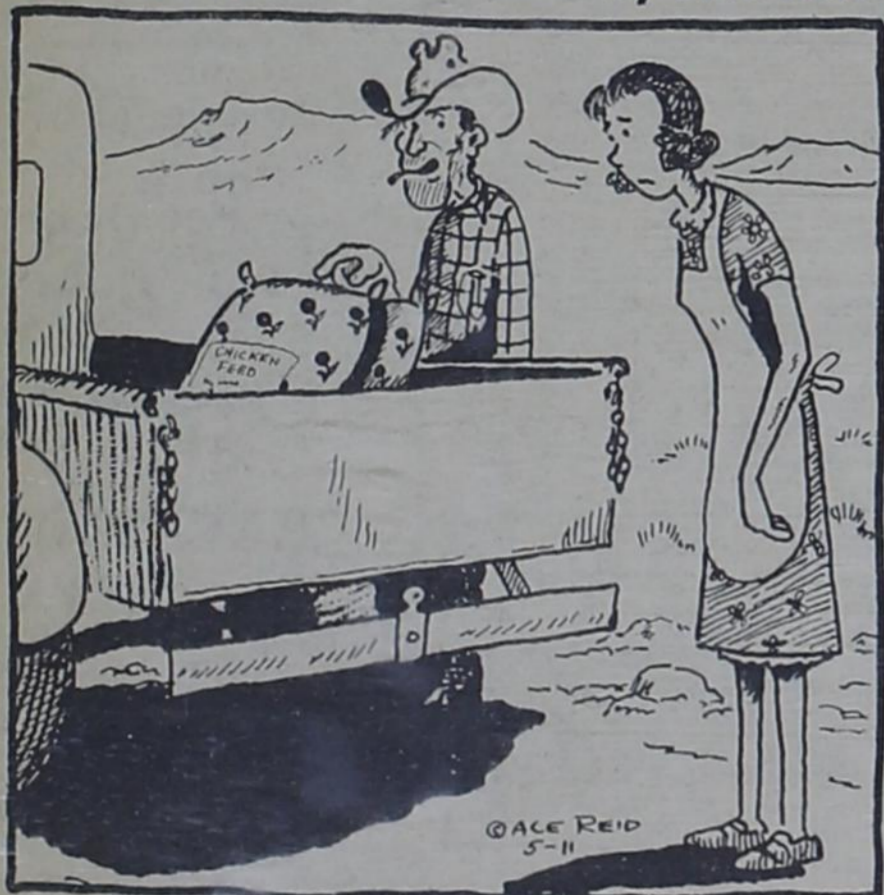

Three 4-H Club boys from Parmer County won ribbons at the district 4-H eliminations contest at Canyon Saturday, John Gully, Bobby Redwine and Dale Blackstone, all of Lazbuddie.

TEN YEARS AGO

April 29, 1959
Nancy Cumpton, Bovina High senior, won a second place in shorthand at regional literary meet in Lubbock Saturday. In winning the second place award, she also earned the right to enter state competition in Austin.

"There are eight more businesses in Parmer County today than there were last year," says Wayne A. Clark, manager of the Amarillo office of Dun and Bradstreet, Inc.

Blade Awarded PPA
General Excellence

The Bovina Blade and Publisher Dolph Moten received awards at the Panhandle Press Association's annual convention in Amarillo last weekend.

The coveted "General Excellence" first place award went to the Bovina Blade for newspapers in the Panhandle with a circulation of less than 1500. A plaque was presented Moten for the achievement.

Moten also received third place for his weekly column, "Whittlin'." He was in third place behind Troy Martin of Canyon and John Getz of Farwell.

The Hereford Brand received the General Excellence plaque for newspapers with circulation above 1500.

Criticism of the Blade in the General Excellence contest read, "Blade -- beautifully printed, well edited, nice looking ads, excellent use of color. Suffered in judging only from lack of size, except for Bull Town special issue."

Bill Ellis of Friona was elected the new president of Panhandle Press Association. His newspaper, "Friona Star," won best special edition.

John Getz of State Line Tribune was elected a new director. His newspaper won third place in best woman's page regular feature.

The Blade was also recommended for the Community Service Award on the basis of Bovina's building the Medical Center and obtaining a doctor. This award was won by Ben Ezell.

Ezell, publisher of the Canadian Record, for his contribution of news coverage and editorials on the 1968 Miami tornado disaster.

A PLACE IN THE SUN -- While students enjoyed the annual school picnic Friday, teachers took advantage of the situation for a leisurely noon meal (a rare event) and unhurried visiting. The day was not leisurely long, since volleyball games and a talent show were also on the agenda during the afternoon.

Whittlin --

(Continued from Page 1)
get into the hog business or to expand present facilities.

Too, there was a tie-in with the new pork packing plant which is under construction in Plainville by nationally-known entertainer Jimmy Dean and associates. That, no doubt, will aid in getting the best market prices for the top hogs. If memory serves correctly, the plant will be equipped and staffed to handle 600 hogs per day. That's 3000 in a five-day week and makes for quite a few squealers and a goodly amount of milo consumption, besides.

In our county, it seems from here, the "big money" has not yet become interested in pork production. Until it does, hogs will continue to be only a sideline of a few individual farmers.

Believe it or not, we're not

in the pork promoting business. We just think there might be some opportunity knocking at our door that we're failing to recognize. If there's no opportunity there, we didn't charge any extra for mentioning it.

One of our favorite big-time sports columnists started a paragraph recently with this bold beginning:

"In MY opinion, and that's not to be taken lightly . . ."

Reckon it would be premature to assume that President Nixon's not doing anything because he doesn't know what to do?

Unofficial it is yet, but don't be surprised to learn in the next month or so of construction of another cattle feeding operation in Parmer County. Plans are on the drawing board, we understand, but are not yet developed to the

point of making official and public announcement of it. That's just one we've heard about. There could be others.

And before we forget: That oil well, which was being drilled southeast of town a month or so ago and which Tom Beauchamp helped us worry about, turned out to be all for naught. Dry hole, was the report.

Tom says the rig was folded up one day like a circus tent and hauled away. At least, it didn't create a bunch of excitement around the county. But it looked pretty impressive, we'd say, when the drilling was underway.

The fact that it turned out to be a dry hole was so expected that we almost forgot about it. That sounds like a tremendous lack of enthusiasm. But, shucks, we can't expect to have everything our area has and oil production, too!

Radio Taken
At Oil Co.

A radio, valued at approximately \$50, was reported stolen Sunday night from Charles Oil Co. on Highway 60, City Marshal Ronald Mitchell said.

A window of an office in the business building was broken, but apparently the office was not entered. The radio, located near the window, was evidently obtained by reaching through the broken glass.

Discovery of the missing item was made Monday morning. The incident is under investigation.

City Plans
Sewer Line
Extension

City council of Bovina met in regular session here Thursday night and agreed to begin work on laying additional sewer lines.

Council members voted to authorize the city engineer, Ralph Douglas, to prepare specifications for sewer lines and to obtain bids for laying the line and manholes.

Other action included agreement to buy a motor from Vernon Estes for \$200 if it will work on the city trash truck.

Attending the meeting were Mayor Bedford Caldwell and Councilmen Vernon Willard, Vernon Estes and Charles Corn.

Wrong or Right?

Baby Care Tips

Whether you're an expectant mother or a grandmother, are you sure your baby care methods are really up-to-date?

Check these do's and don'ts, from the Pfizer people, who make Desitin for tender baby skin.

Check Points
DON'T wake a baby to change a diaper, unless your doctor tells you to. When baby is awake, check diapers for changes every two or three hours, unless there is a serious case of diaper rash. Then check and change more often.

NEVER shake or sprinkle baby powder directly on an infant from a can. First, dust powder on your own hand. Then spread evenly over baby to make sure it is in folds of the skin.

NEVER rub an infant's skin. In bathing, blot or pat baby dry. Be sure no moisture remains, because a damp baby and a damp diaper combine quickly into a rash.

COVER diaper rash with protective ointment at the first signs. Call your doctor if the rash persists or gets worse.

No Relatives
The Desitin people also make this suggestion: When you have questions about the care of your baby, especially about your baby's health and skin, don't ask friends or relatives—regardless of how much experience they've had. Ask your baby's doctor!

By Nancy Pewitt --

Poem Printed At McMurry

Nancy Pewitt, sophomore student at McMurry College, Abilene, will have her poem, "I Am A Nation," published in the college magazine, "The Galileon."

The daughter of Mr. and Mrs. J. C. Pewitt of Bovina, Nancy is an English major. She is a member of Gamma Sigma Social Club.

The poem, written by the Bovina High School graduate follows:

I AM A NATION
I am a nation,
I am a nation filled with anti-thesis--
A nation of wonder, a nation of revolutions,
Millions fill my streets while clusters burn the buildings of my cities,
Wars were fought on my soil to free all men;
Demonstrations are being led to instill this equality.

The Black and the White are not one,
The Red and the Yellow are not one,
Nothing and no one are one.
Are fellowship and brotherhood things of the past?
Some of my people are not human, but only sets of colors
Dashing haphazardly about looking for something they cannot discover.

Their gods have them in their clutches,
Money and power have taken them from their country--
from me.
Neon lights flash in blind eyes while small children,
Why may never awaken to see the real me,
Play games of war and hatred, portraying the grown-up world they see,
Speaking in the adult language of over-heard phrases
Taken by innocent, young ears.

Revolutionaries keep prayer out of my schools,
And the mention of God's Holy Name from my historical documents--
The most precious documents that helped to make me,

The parchments that gave me birth...
A birth that came from the hearts and souls
Of men who believed what they held true and just,
Of what they saw as necessary to make me a good place for their children,
A place for their memories, a place for man.

Demonstrations occur in my cities so that all my people
May see how eternal longings have been left unsatisfied.
They continue to work in the idea of opening the eyes of
Those who do not wish to know the outside world,
For they want only to live, or rather, to exist in a dark,
Obscure bondage with grasps growing tighter.

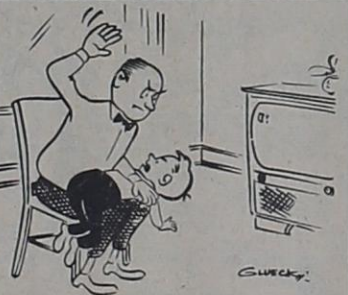

But, agitators, who cheat for their own gains,
Intrude, and they defeat the purposes of these criticisms,
And make them into riots--
into dooms of ideals.
They push for a swift removal of the present and the past
And a quick intrusion of something they do not understand
Nor wish to understand.

But I am not full of reprobates, cheaters, or prostitutes of freedom and idealism.
I am a nation,
I am a nation of a populace trying to correct wrongs
That pursue hungrily with an energy of unsatisfying emptiness.
The pedagogues of my race teach my posterity of my history and of my future.
The faithful of my breed live the lives of happiness and satisfaction that can be produced only through a
True fusion with my Father, our Father.

The carelessness of mankind has produced the
Fatal effects of war, but my people are trying.
My people are trying to help themselves so that
They might help the world from where I came.
The destitute are in my keeping.
The children are in my hands.
The people are in my heart.

I am an ethnic group.
My veins flow with the blood of the peoples of the world.
Our fight for democracy brought these cultures into one.
Their war was no pantomime but a true movement.
Seeing this, they established what they felt to be a free, democratic society.
I am what they made me then and continue to be the creation of
Those within my realm.

I am a nation,
I am a nation filled with anti-thesis.
But, I am a nation attempting to correct my wrongs.
Yes, I am a nation of wonder.
I am a part of this world, and this world is a part of me.
Wars were fought on my soil to free all men;
Wars will continue to be fought to encourage this freedom.
And, I will do my best to aid my world, for,
I am a nation.

Of Interest To THE WOMEN

Announce Engagement

Mr. and Mrs. Howard Looney announce the engagement and approaching marriage of their daughter, Lynn, to James E. Cabe, son of Mr. and Mrs. Jim Cabe of Canyon, Miss Looney, a student at WTSU, is a member of Alpha Chi, Delta Psi Kappa, Kappa Delta Pi, was listed in Who's Who and has been named Woman of the Year. Cabe is a senior at WTSU and is a member of Lambda Chi Alpha. The couple will exchange marriage vows at 8 p.m. June 27 in the First Baptist Church, Bovina. Friends and relatives are invited to attend. No invitations will be mailed locally.

Scoopin' - - - -

By Pat Jacobs

Bovina's Pioneer Gas man, Dan Koeltzer, has placed on the market an item you wouldn't believe --- elm tree seed.

He can be contacted at City Hall.

Mother's Day is Sunday.

We sincerely hope Father enjoys his afternoon at the golf course.

Down at Welch, in Dawson County, a woman submitted this tribute to Mothers:

Somewhere between the youthful energy of a teenager and the golden years of a woman's life, there lives a marvelous and loving person known as "Mother."

A mother is a curious mixture of patience, kindness, understanding, discipline, industriousness, purity and love. A mother can be at one and the same time, both "lovelorn counsellor" to a heartick daughter, and "head football coach" to an athletic son.

A mother can sew the tiniest stitch in the material for that dainty prom dress, and she is equally experienced in threading through the heaviest traffic with a station wagon.

A mother is the only creature on earth who can cry when she's happy, laugh when she's heart-broken and work when she's feeling ill.

A mother is as gentle as a lamb and as strong as a giant. Only a mother can appear so weak and helpless and yet be the same one who put the fruit jar cover on so tight that even Dad can't get it off.

A mother is a picture of helplessness when Dad is near, and a marvel of resourcefulness when she's all alone.

A mother has the fascinating ability to be almost everywhere at once and she alone can somehow squeeze an enormous amount of living into an average day.

A mother is old-fashioned to her teenager; just "Mom" to her third-grader; and simply "Mama" to little two-year old sister.

But there is no greater thrill in life, than to point to that wonderful woman and to be able to say to all the world, "That's my Mother."

Thanks to Jessie Sisk for bringing in the Lamesa Press Reporter, where the above appeared.

Heard through the grapevine Wayne Spears received several offers of refrigerators for the concession stand at the baseball field.

Who says advertising doesn't pay? Dan Koeltzer may even sell his elm tree seed.

Study Club Reports Set At Luncheon

Reports on the year's work will be the highlight of the program Thursday following a covered dish luncheon at 1 p.m. in the club house of Bovina Woman's Study Club.

Milton (Buff) Morris, executive vice president of Opportunity Plan, Inc., will be here to discuss the Grace Paul Division, which was recently chartered in Bovina. The project here is under sponsorship of the club.

Also reporting will be officers, committee chairmen and department chairmen, according to Mrs. Arnold Hromas, president.

This will be the last meeting of the year.

Three new members who are entering the organization are Mrs. Billy Smith, Mrs. Dickie Clayton and Mrs. Dickie Steelman.

Thrifty Club Meets Here

Thrifty Club met in the home of Mrs. Jessie Sisk Monday with guests doing embroidery work and visiting.

Spudnuts, party crackers spread with cheese and dotted with pieces of olives, iced tea and coffee were served.

Attending were Mmes. J. D. Stevens, Owen Patton, H. D. Bradshaw, L. M. Grissom, Wilbur Charles, G. A. Bandy, P. O. Dixon, George Turner, Frank Smith, George Douglas, O. H. Jones and Miss Lola Grissom.

The next meeting will be in the home of Mrs. Frank Smith Monday, June 2.

Star Righters Meet

The Star Righters Square Dance Club will hold its last meeting of the season Friday at 8 p.m. in the American Legion Hall, according to Mrs. Tom Bonds.

Seniors Entertained At Baptist Banquet

Seniors of Bovina High School were entertained by the Woman's Missionary Union of First Baptist Church with a banquet in Fellowship Hall Tuesday night of last week.

"Flight to the Moon" was theme of the event, when the banquet site was decorated with satellites, rockets, stars, planets, and clouds produced with dry ice.

Dean Kenyon, senior at Wayland Baptist College majoring in religion, was the speaker. He told the seniors when they leave home there will be a lot of things they won't know, Kenyon stated he knows far less now than he did four years ago.

He paralleled the seniors' near future with the man in space--searching for himself

--and answers to questions on life, death, infinity.

"You have to find these things out for yourself," Kenyon said. "Others can help. The beginning place is God."

George Gagliardi, also of Wayland, entertained the group with songs and his guitar.

Henry Minter served as master of ceremonies, or "Operations Director."

The welcome was given by Mrs. J. B. Barrett, WMS president, and the response by Bobby Redden, Senior Class president.

Rev. Ken Moore gave the invocation, and Mrs. Ovid Lawlis, WMU director, the invocation.

A roast beef dinner was served the seniors, class sponsors and other guests.

MRS. BILL ROBERTS

Double-Ring Ceremony Unites Deresa Page, Bill Roberts

Miss Irene Teresa Page and William Ray Roberts exchanged double ring wedding vows at 2 p.m. Saturday in the First Baptist Church, Bovina.

Rev. Ken Moore read the ceremony before cathedral candles and chapel columns holding bouquets of white chrysanthemums.

Leading to the heart-centered kneeling bench was an aisle cloth of white linen.

Parents of the couple are Ira Thomas Page of Bovina and the late Mrs. Elsie Maxwell of Lubbock.

Party Held

Velma Quintana was honored with a party on her fifth birthday recently.

Many small friends attended, played games and were served refreshments, including birthday cake.

Mrs. Julia Ann Moody, organist, played traditional wedding music and accompanied Mrs. Harriet Lou Glasscock, who sang "Whither Thou Goest," "Twelfth of Never," and "The Wedding Prayer."

Given in marriage by her father, the bride wore a gown of original white Chantilly lace, featuring a fitted bodice adorned with sequins and pearls, and sleeves ending in points over the wrists. The four-tiered skirt over satin was enhanced with sequins forming a rose pattern on and around each tier, and swept into a cathedral train.

The bride's veil of illusion fell from a crown of pearls and sequins, the pearls forming tiny teardrops. She carried a cascade of sweetheart roses, white orchids and stephanotis atop a white Bible presented her from the Young Women's Auxiliary by Rev. Moore.

For something old, the bride wore her grandmother's wedding band, which is 50 years old; something new, pearl pendant and earrings, a gift from her father; something borrowed, her veil; and a blue garter.

Miss Judy Dendy of Bovina was maid of honor. Bridesmaids were Misses Cecilia Denney of Friona; Vickie Short, cousin of the bride of Friona; and Linda Roberts, sister-in-law of the bridegroom of Lubbock.

They wore street length A-line dresses of hot pink crepe with short sleeves. Their headpieces were hot pink crepe bows with veil brims of illusion. The attendants carried Renaissance cascade bouquets of white chrysanthemums with pink and white shower streamers.

Doug Roberts of Lubbock served his brother as best man, Groomsman were Don Stone, brother-in-law of the bride, groom of Bovina, Edwin Lingnau of Lariat and Gary Doshier of Lubbock. Serving as ushers

Banquet Held In Oriental Setting

"Oriental Gardens" provided the setting for the annual Junior-Senior banquet held Saturday night in the American Legion Hall.

Seniors of 1969 were guests of the Junior Class to a charcoal-broiled steak dinner, followed by a program.

Parents of the students sponsored a prom in the Legion Hall following the banquet. Music was provided by "The Cords" of Amarillo.

The hall was decorated in

Oriental theme and food was served by sophomores dressed in Oriental costume.

Stephen Sherrill gave the invocation. The welcome was extended by Stuart McMeans and the response by Bobby Redden.

Prophecy was given by Bruce Caldwell and McMeans, Sheryl Lane read the Senior Class history, and Kathy Estes the Class will.

"Chopstick Melodies" was presented by Toni Pinner, Debra Kirkpatrick, Brenda Newbrough and Meloney Marshall. Jo Pierson gave the benediction.

The banquet was prepared by parents of junior students.

Parents of the students sponsored a prom in the Legion Hall following the banquet. Music was provided by "The Cords" of Amarillo.

Parents of the students sponsored a prom in the Legion Hall following the banquet. Music was provided by "The Cords" of Amarillo.

Parents of the students sponsored a prom in the Legion Hall following the banquet. Music was provided by "The Cords" of Amarillo.

Parents of the students sponsored a prom in the Legion Hall following the banquet. Music was provided by "The Cords" of Amarillo.

Shower Set Saturday

Miss Cathy Sikes will be honored with a bridal shower from 3 to 5 p.m. Saturday in First Baptist Church, Bovina.

She is the bride-elect of R. B. Riley.

Hostesses are Mmes. J. R. Allen, Roy Stone, French Crook, J. E. Owens, A. L. Glasscock, Travis Lloyd, H. H. Kelso, Bessie Webb, Pat Kunselman, Alice Moore, T. A. Mills, E. L. McCutchan, C. W. Rogers, Weldon Moody, A. L. Cumpston, J. D. Stevens, C. L. Sisk, Grady Johnson, Howard Looney, George Cervantez, Arnold Hromas, Don Murphz, Murline Hall and Pat Bradshaw.

BANQUET -- One of the year's highlights for Bovina students was the Junior-Senior banquet held Saturday night in the American Legion Hall. Oriental costumes and decorations were more emphasized with chopsticks and fortune cookies.

Marriage License

Five marriage licenses have been issued from the office of county clerk Bonnie Warren in recent days. The permits to wed went to James E. Price and Clara Ibarra Valdez, April 29; Lane M. Langley and Judy Kay Compton, April 30; Harold London Gage and Gladys Lorene Swift, May 1; William Ray Roberts and Irene Teresa Page; and Olvin Redd Wood, Jr. and Rosala O'Neal all on May 2.

"You're making quite an impression on my husband. He bought me this tape recorder so he can hear your sermons after his Sunday golf match!"

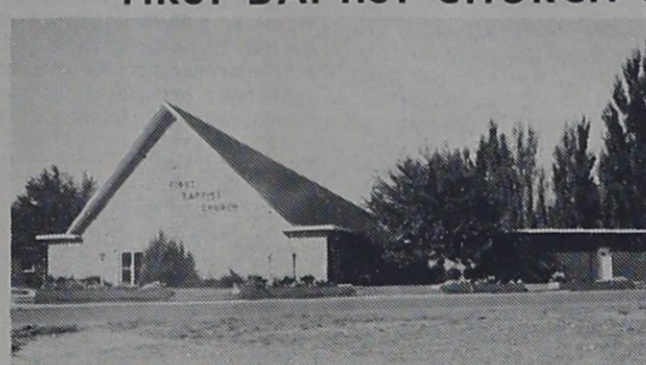

The Home And Faith

The Christian Faith is taught and learned in many places, but it is in the home that one has the best advantage of having the best and most lasting lessons of life impressed upon him. Parents are always teaching through the contacts and relationships within the home. Even when parents show lack of faith, they are teaching. What people believe is seen not only in what they say but also in how they relate to one another in the family and to other people in the community.

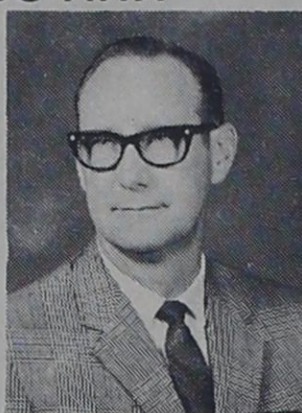

It is not easy to be a christian in today's world. Confused by the present and uncertain about the future we recognize that our country's ultimate strength lies in its faith. Do we believe that the Christian faith has a message for our generation, and do we believe it enough to show it in our home and community life? Do we believe that the teachings of Jesus Christ are the hope of the world, and do we believe it strongly enough to try to apply these teachings to every aspect of our living. In other words, do we have a living faith for today's world? National Family Week and Mother's Day call us to consider these things!

For Recreation --

Chamber Backs City Proposals

Bovina Chamber of Commerce and Agriculture has agreed to support City of Bovina in its quest for a park, community center and swimming pool.

A second meeting was held to discuss possibilities of recreational facilities here Thursday noon. Mayor Bedford Caldwell was the only guest attending.

At the first meeting, several civic organizations were also represented.

Discussion on financing included Federal assistance and taxes. More voiced favor of city sales tax than for increased property tax. However, it is

not known what local monies, if any, might be required at this time.

City of Bovina will further investigate possibilities of the project.

Plans are being formulated for the carnival to be held here Aug. 25-30 following Bull Town Days.

Booths will be available this year to organizations and school classes, reports Mrs. A. M. Wilson, secretary. Needed will be those for food, balloon dart board, Bingo, cold drinks, other concessions such as hamburgers, chili, pop corn, pies,

etc. Other game booths may also be available.

Those wishing to have a booth this year should contact Mrs. Wilson for further information.

Discussion on Bull Town Days was also held and additional information will be forthcoming following the next director's meeting.

For Children --

Shrine Clinic Planned May 17

Oasis Shrine is completing plans for the children's clinic to be held in Hereford May 17. The clinic, an all day free clinic, will be staffed by local doctors and nurses from nearby towns and specialists from many cities.

Doctors from Hereford will be Dr. C. E. Hicks, cardiology; Dr. M. W. Nobles, radiology and Dr. Melton Adams, optometry.

Doctors coming from out of town include Dr. Dean A. Harris, audiology; Dr. J. E. Miller, radiology; Dr. Tom Nash, neurology; Dr. W. C. Sellman, Jr., plastic surgery; Dr. Richard Shirley, orthopedics and Dr. James Bertz, dentist (oral surgery), all from Dallas.

Also Dr. Don Ryan, speech, Denton; Dr. Robert Leachman, cardiology, Houston; Dr. J. E. Loveless, orthopedics, Lubbock; Dr. Maurice Dyer, pediatrics and Dr. Norman Wright, ENT, Amarillo.

C. P. Worthman, Oasis Shrine president, said that this will be the fourteenth year for the clinic sponsored by the three counties of Shriners, Parmer, Castro and Deaf Smith Counties make up the membership of Oasis Shrine.

Children with known or suspected physical, dental or visual problems can pre-register by contacting their doctors.

The clinicians point out that a regular physical check-up for a well child is not the purpose

of this clinic. The day is arranged for children to see specialists free of charge; specialists gathered in one building so that children's parents do not have to spend the time or money necessary to take the child from one specialist to another in different cities.

Registration is held in Hereford Community Center and opens at 8:30 a.m. May 17. Children, who have been pre-registered are checked at community center by doctors who recommend that they see a certain specialist. After the child receives a recommendation, he is then taken to Hereford Clinic where he will be directed to the specialist indicated.

Follow up reports show that many children have had their problems eliminated or helped because of recommendations from the specialists during these one day clinics.

Children from infants to 18 years of age are accepted in the clinic and no charge is made. Usually between 300 to 400 examinations are made during each clinic. About 150 children are seen -- many children needing attention in more than one area.

The specialists and volunteers receive nothing for their day's work -- but several have said that they appreciate the opportunity to come to Hereford to help the area children.

GAS ADDS GLAMOUR TO OUTDOOR LIVING

This year add the convenience and charm of an outdoor gas grill and Charmglow gas light to your backyard cookout fun. Pick the grill and light that best suits you and order from us.

MASTER CHEF (AMK)
One of the most popular we've ever offered. Cast of rust-free aluminum it lets you cook without mess or fuss. Priced at \$76.00, budget terms available.

PARTY HOST (HEJ)
This single unit is one of the finest on the market. It has an additional rack for cooking and warming. Priced at \$90.00 with budget terms available.

FIESTA
New concept in design, it has a man-sized grill with FOUR COOKING LEVELS. Fiesta is 24" long, one third larger than the average grill. Cast of heavy-duty, care-free aluminum. Priced at \$108.90, with budget terms available.

CHEF'S CHOICE (CC-1)
The ultimate in outdoor grills. CHEF'S CHOICE has TWO separate cooking units, each with its own controls. It lets you broil, roast, bake or boil. Priced at \$133.20 with budget terms available.

A CHARMGLOW GAS LIGHT ADDS THE FINAL TOUCH
Add a Charmglow gas light and you've added more than illumination... you've added charm and atmosphere as well.

Available in black (#300) or white (#325), either is compatible with your style of architecture. The #300 and #325 are priced at \$52.36 each with budget terms available.

SAVE \$26 BY BUYING THE PAIR

You can make a \$26 savings by buying a grill and a gas light. Check these patio pair prices:

Master Chef (AMK) and Gas Light \$102.36
Party Host (HEJ) and Gas Light \$116.36
Fiesta and Gas Light \$135.26
Chef's Choice (CC-1) and Gas Light \$159.56

All prices include installation. Add appropriate sales tax.

Pioneer Natural Gas Company

BOVINA WHEAT GROWERS, INC. Offers --

★ ★ ★

Golden Acres Brand

TE 77

TOP-RATED, FULL-SEASON GRAIN SORGHUM

★ ★ ★

Golden Acres TE 77 may well be the standard of excellence among full season sorghums. Farmers who plant it are rewarded with big grain yields, good standability, very good smut resistance, and excellent threshing qualities. It responds dramatically to rich soil or fertilizer and ample water, and with these conditions TE 77 is always an outstanding performer. In irrigated areas of the southern Great Plains, yields of 7,000 to 9,000 pounds and more per acre have been common since TE 77 was introduced.

All Golden Acres Sorghum Seed Varieties Available

Says Research Foundation --

Weather Looks Good For '69 Cotton Crop

Can weather, the nemesis to many High Plains farmer's profit-book, be charted to indicate trends for what can be expected during the coming farming season?

This is one of the questions that could be answered in the extensive weather recording and reporting data compiled annually by the High Plains Research Foundation.

Weather "record keeper" at the Foundation, Jim Valliant, Soil Scientist, said charted graphs of weather conditions over the past year seem to indicate some patterns that follow similar trends through each season.

"It has been my observation that in years we have a warm February and a cool March, we've had good cotton weather during the summer," Valliant said. If this holds true, this should be a good cotton year due to the snow and cold weather occurred in March.

And if such trends can be accurate, then farmers could plan their farming program and cultural patterns to take advantage of weather.

Among the hardest decisions to be made by the farmer is the proper planting time. Rule of the thumb is when the soil temperature reaches a 10-day average of 60 degrees. However, if the farmer knew approximately when this temperature could be reached, he could

plant five days earlier while the average was being set.

The charted temperature graphs from 1962 to 1968 show that the last cold spell for the season occurred between April 26 and May 12 in six of seven years. A study of the weekly weather forecasts during this period could pin-point this last spring cold spell and permit the

selection of a more optimum cotton planting date.

Valliant said the weather records could provide a key to weather trends that could pinpoint dates of unfavorable weather and farmers knowing this could take advantage of special cultural practices to produce more income.

On City Business --

Sudderths Take Unusual Trip

Councilman and Mrs. Billie Sudderth were on an unusual mission for the city of Bovina early this week.

They went by automobile to Cuero, in South Texas to inspect, and possibly purchase, a trash truck for the city. They left Monday afternoon.

City of Cuero had advertised a 1966 model trash truck for sale. Bovina's city council figured the price of \$2200 was right if the truck was in the described condition.

Sudderth will purchase the truck for the city if he finds it as described. If he buys it, he will then drive it back to Bovina while Mrs. Sudderth returns in the family car.

Another trash truck became needed by the city when the motor in the present one conked out. Plans are, however, to repair the present truck and have it available as a spare.

DRINKING WATER was kept in silver pitchers by Greeks 2,000 years ago. They believed that fewer diseases came from water in these containers.

Ask Dr. QUIZMEE
???

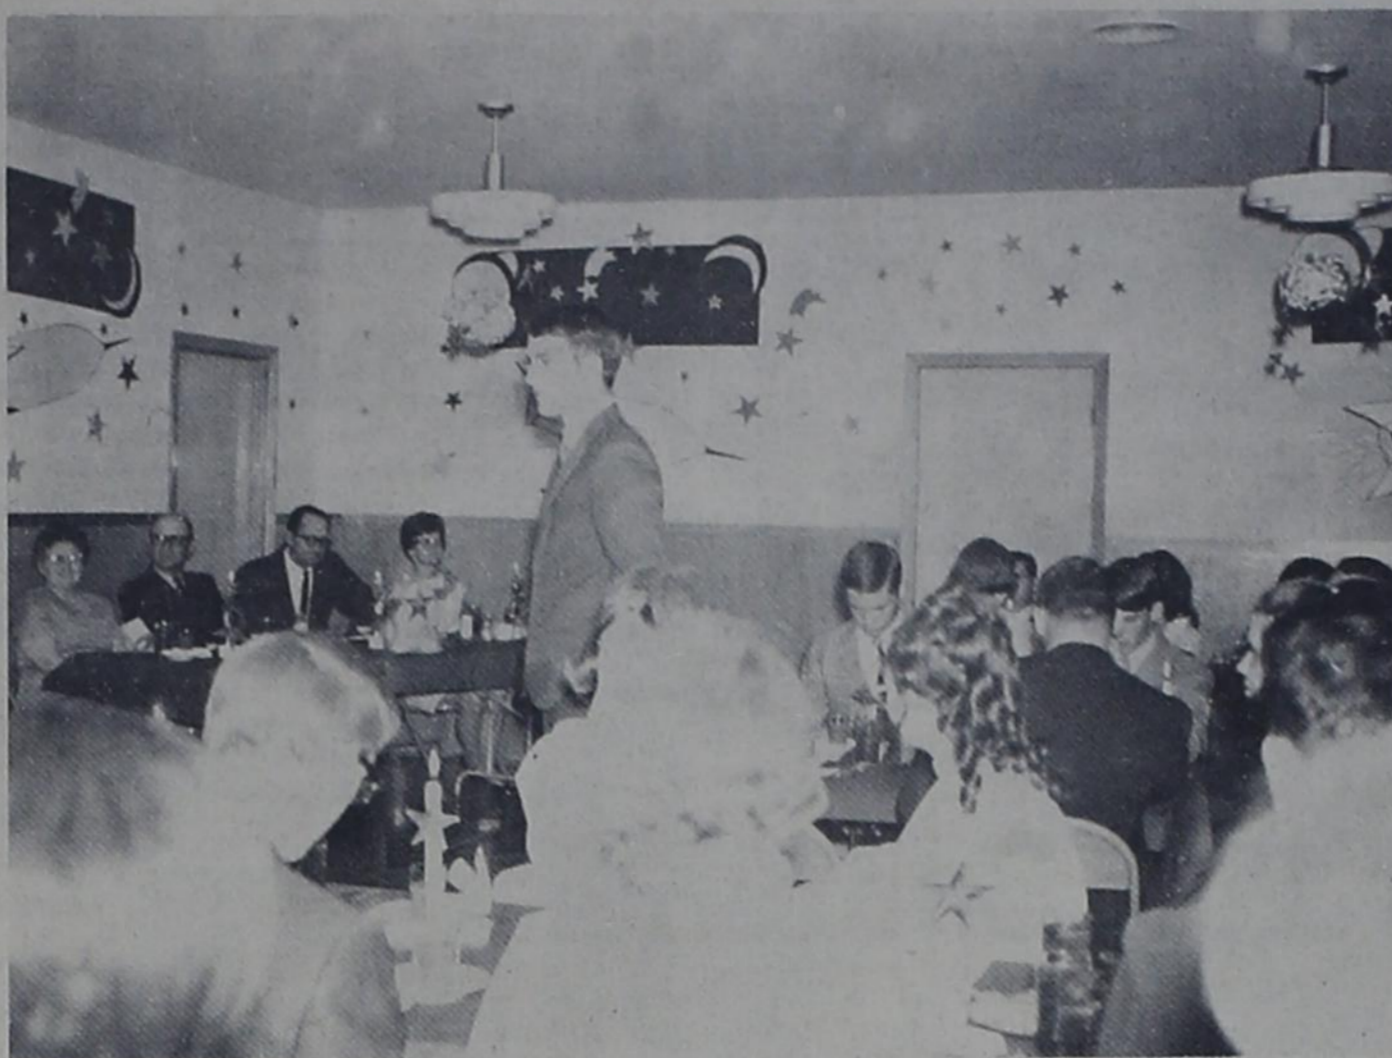

Dr. Quizmee, our information specialist, answers your questions in this column. Complete, illustrated, 25-volume sets of Funk & Wagnalls Standard Reference Encyclopedia go this week to:

Mark Greiner who asked: "What is the world's longest mountain range?"

On land, it is the Himalaya-Karakoram which extends about 1,500 miles from the Indus River to the Brahmaputra River. Below the ocean, it is the mid-Atlantic range which extends 7,000 miles.

David Sander, for asking: "Where does the name 'Adam's Apple' come from?"

From the superstition that a piece of the forbidden fruit, picked by Eve in the Garden of Eden, stuck in Adam's throat, leaving a lump there.

PASSING HORIZONS -- That was the title given to the response made by Bobby Redden when the Senior Class was honored by First Baptist Church's WMU Tuesday night in Fellowship Hall. Theme of the event was "Flight to the Moon."

Tuesday --

NFO Reports Made

Parmer County National Farmers Organization heard various reports at a meeting held Tuesday of last week in Friona's Junior High cafeteria.

Dwain Manefee made a report on the meat committee meeting in Amarillo April 22. He stated

that all indications are that beef prices will stay "good."

Keith Brock reported on the Dimmitt barbecue, hosted by Castro County NFO. Erhart Phingston, vice president of the National organization, stressed commodity contracts.

Also announced were the radio tapes sponsored by NFO played on KNNN Monday, Wednesday and Friday at 7:30 a.m. "Adventures in Facts" was the program presented by Don McDonald, assisted by Manefee. Following the program, the group conducted a question and answer session.

McDonald, vice chairman of the Parmer organization, presided in the absence of Elvin Wilson, chairman, who was attending a grain meeting in Amarillo with other members of the grain committee.

Minutes were read by Bob Wilson, treasurer, and approved. He also reported on the opening of the Parmer County NFO office in The Blade Building in Bovina. Telephone number is 238-6491.

Coffee and cookies were served by Mrs. Elvin Wilson.

Through FHA --

Loans Available For Recreation

Farmers Home Administration can now make loans to farm and ranch owners or tenants for outdoor income producing recreational enterprises, according to Billy R. Boling, county supervisor.

Loans to individuals can be made to convert all or a portion of their farms to recreational facilities. The recreational enterprise may supplement regular farm income or, in some cases, replace farm income by converting the entire farm to recreation, Boling said.

Public recreational areas are increasing in number each year. However, the demand for such facilities still exceeds what is available. The purpose of this loan program is two-fold in that it will provide more recreational areas and help farmers and ranchers to increase their income stated Boling.

Loans may be made for camping, picnicking, and hiking facilities, swimming, boating, skiing and fishing facilities, golf courses, riding stables or many other forms of outdoor recreation. Funds can be used to purchase necessary materials, supplies and animals, acquire and develop land and water resources, construct or improve modest essential buildings, and to purchase and install needed equipment and fixtures.

Each loan will be scheduled

for repayment over a period not to exceed 40 years at five percent interest. Interested individuals should contact Billy R. Boling at 708 Avenue A, Farwell for further information.

Treflan
beats weeds
to keep beets
clean.

Treflan weed control applied after blocking takes over as pre-plants give out... protects sugar beets through harvest. One pigweed for every beet plant can cut yields nearly 70%. Treflan snuffs out 28 weeds (pigweeds included) and grasses as they germinate. It's weatherproof, irrigation-proof. Costs \$4 to \$6 an acre broadcast. See your Treflan dealer soon.

Eighth Grade --

2 Boys Named Top Students

Top students in the eighth grade have been announced by Richard Roberts, Junior High principal. Grade averages are for the school year 1968-'69. They do not include physical education or band, Roberts said, but only basic subjects that all students take, English, mathematics, science, history, reading and spelling. Weldon Beardain has the highest grade average in the class, 93.64. His parents are Mr. and Mrs. Rex Beardain. Second is Ronnie Nuttall, son of Mr. and Mrs. A. L. Nuttall, with 90.48. Gail Dixon, with grade average of 89.72, is third. Her parents are Mr. and Mrs. Fred Langer. The other two students are Mr. and Mrs. John Dixon, Kim Langer, daughter of Mr. and Mrs. Fred Langer, is fourth with a grade average of 88.80. Eighth grade graduation for 44 students is scheduled for Thursday night, May 22, in the school auditorium.

1969 Edition --

Mustang Yearbook Distributed Friday

The 1969 edition of "The Mustang," Bovina Schools yearbook, was distributed to students Friday morning, in time for them to have their books autographed during the all-day high school and junior high picnic. Bound in maroon leather, students from the first through 12th grades are pictured in the 1969 school memorial. The book this year was published in memorium of the late Miss Grace Paul, teacher here

for 20 years, and dedicated to L. F. Jacobs, superintendent. Sponsor of the yearbook is Mrs. Glenden Sudderth. Its staff includes the editors, Sheryl Lane, Myrna Ritchie, Bruce Caldwell and Candy Wilson; business manager, Gary Carson, salesmen, Kathy Estes, Rodney Murphy, Bobby Redden, Ronny Dyer, former Miss Vickie Hawkins, Steve Pierson, Kenny Stone, Felix Trevino, former Miss Beth Hutto, Danny Stamberry, Martha Adams, Becky

Boothe, Linda Riley, Elodia Serna and Curtis Drager. All activities are pictured in the yearbook, from decorations to athletics. The feature section includes those students who have been honored in various ways at the school this year, organizations also share this spotlight. Division pages were provided by the art work of one of the editors, Myrna Ritchie. The book is a total of 152 pages, including the advertising section, which made its publication possible.

Few Children Pre-Register

Less than 25 per cent of the expected September first grade enrollment was enumerated Thursday when pre-registration was held in Ridgelea School, Tom Templeton, principal, announces. Eighteen boys and girls, who will be six years of age before Sept. 1, were registered Thursday. This year's first grade enrollment was 85, Templeton said, and about the same amount is expected for the next school term of 1969-70. While parents registered, the children were entertained by members of the homemaking classes in the cottage.

Seniors' Trip To Six Flags

Twenty-one seniors and six adults will board a chartered bus at 6 a.m. Saturday--destination Six Flags Over Texas. The group will travel to Abilene, attend the state girls track meet, in which classmate Linda Riley will be competing in discus. They will continue to Six Flags Inn for the night Saturday, attend the attraction center Sunday and return home that night. Seniors making the trip will be excused from classes Monday, according to Gary Cox, high school principal. Accompanying the group will be Mr. and Mrs. Roger Ezell, Mr. and Mrs. Bill Nicholas, and Mr. and Mrs. Gary Cox.

At Lubbock --

Track Girls Place In Benefit Contest

Girls track team members from Bovina High School and Junior High participated in the Southwest Kiwanis Track Meet in Lubbock Saturday. The event was a benefit to send a Texas deaf girl to the Olympics for the Deaf in Yugoslavia. Both junior high and high school girls competed in the same events, seventh through 12th grades, Coach Roger Ezell and Bill Nicholas said. Over 400 girls from Classes B through AAAA competed. Linda Riley, Bovina's representative to the Girls State Track Meet in Abilene this weekend in discus, won second in discus at Lubbock. She threw

the discus 107 feet. Forty schools participated in that event. Crissy Mast was sixth in discus with 84 feet. Miss Riley placed fourth in shot put with 31 feet, three inches. Barbara Griffith placed fifth in triple jump, with 32 feet, 10 and one-half inches to break Bovina's school record. Deborah Nuttall was sixth in 80 meter hurdles with 14:7. Loy Christian broke the school record in high jump with four feet, eight inches, but didn't place in the Lubbock meet. Nicholas says this year's girls track team broke nine out

of 13 of last year's records. Only one member will be lost from the team this year, Linda Riley. Junior High girls, coached by Roger Ezell, did not place in any event since they were competing with high schools of the area. However, five records were set for Bovina. Darla Hawkins set a Bovina Junior High record in the triple jump with 28 feet, three and one-half inches. The mile relay team, composed of Nancy Hutto, Terri Willard, Ruby Harris and Irene Pearson, set a record of 4:57.5. The new record of 50.2 for the 300 yard medley was made by Evanna Johnston, Heidi Corn, Darla Hawkins and Christ Trimble. Pam Wilson set a 15.6 school record in 80 meter hurdles. The 440 yard dash record of 78.5 was made by Evanna Johnston. Other Junior High students competing in the meet were Debra Sorley, Honey Mast, Rhonda Rhodes, Brenda Stamberry, Pam Britenbush, Kathy Crump, Ute Blalock, Linda Haney, Patti Mills and Gail Dixon.

School Auditorium --

Band Concert Slated Friday

That will be one of the beats counted and directed by James Andrews Friday night when the High School and Junior High bands appear in concert. The event will be held in the school auditorium at p.m. Admission this year will be \$1 for adults and 50 cents for students and children. Andrews says the concert will not be extremely long this year, but the bands will be playing difficult music.

On the program for the high school band, numbering 58 pieces, will be "Charter Oak March," "Three Pieces in Antique Style," "Symphonic Dance No. 2," and "Parade Espinola." Andrews stated that the third number is particularly difficult. The Junior High band of 41 pieces will present "Gallant Marine March," "Village Dance," and "Little Czech Suite." The public is invited to attend.

For Next Year --

Students Name 5 Cheerleaders

Bovina High School cheerleaders for 1969-'70 were elected by students last week following try-out eliminations. Twyla Hutto, sophomore next year, will be head cheerleader. Joining her in the group are Jan Gromowsky and Nancy Mitchell, who will be seniors, Debra Kirkpatrick, junior, and Darlene Murphy, sophomore. Eliminations were held for faculty judges, then try-outs before the student body. Those qualified for head cheerleader

first had to meet certain requirements, then were elected by the students, along with the cheerleaders. Cheerleader try-outs for Junior High will probably be held next week. THE PUFFER FISH has an unusual method of preventing some predators from eating it. It can inflate its body to about three times its normal size, proving too big a mouthful for some enemies.

Report From Sheriff's Office
Sheriff Charlie Lovelace reports that the West Friona Grain Company was burglarized Friday night. The thieves made away with two calculators, one check protector, one typewriter and two radios from the elevator office in addition to a box of tools and gasoline from the elevator. In addition, the thieves looted the pop machine, breaking and strapping bottles about the premises.
On the same night the barn on the farm of Gene Vasek, three miles south of Parmerton Switch, was vandalized.
Taken from the barn were an electric impact wrench valued at \$100, a tachometer, and a large amount of tools and a tool chest.
Officers are investigating the incidents.
