Celebration at Clarendon

A group of citizens and the high school band from Clarendon were in town Tuesday morning, advertising the annual Pioneer Day at Clarendon July 3, and inviting the people of this community to take part. The celebration this year is to commemorate Clarendon's 50th anniversary, in addition to the usual pioneer reunion, and is expected to be the best event of the kind ever held there. Old timers from over the entire Panhandle are urged to attend the reunion.

Gleaners Class

On Friday afternoon at 8:30, June 25 the Gleaners met with Mrs. John Edwards, hostess.

The home was so beautifully dressed in garden flowers, snap dragons and phlox predominating. You felt the gladness of being there the moment you entered.

Mrs. M. G. Whitfield, pres., called order, and led the devotional, after which business was entered. Many interesting discussions were had, on ways and means of improving our class. Business being dispatched, the class wrote a round table letter to our absent teacher, Mrs. Frank Kendall, who is visiting at Tye. Then followed an hour of pleasant conversation. Our hostess served most delicious ice cream, cake and iced tea. How refreshed we felt as we said goodbye to our most splendid hostess and left for our several homes. We will meet at the church July 9 with the class hostess to invited guests.

Read and composed by a member of the Gleaners in answer to our lesson Sunday June 27

Am I my brother's keeper

I am my brother's keeper
My bible tells me so;
And may my love and care
Follow his footsteps where e'er they go

May he not fall or go astray,
But give me grace, O God;
To guide and keep him
In the straight and narrow way

That when I'm asked where is thy brother now?

I can pause and survey the land;
Then answer gently,
Father, I hold him by the hand.

Mrs. Richmond Bewlin, reporter

Stitchery Club

The ladies of the Windy Valley community have organized a sewing club, which they call the Stitchery club. The club was organized June 14 at the home of Mrs. Oleta Stegner. Two officers were elected, Mrs. Dalton Swinney president, and Mrs. Troy Walker secretary.

The members met at the home of Mrs. Walker June 19, and were royally entertained with a domino and 42 party.

Reported.

For Sale—Lots of nice fryers at my place. 30 and 40 cents.

J. B. Reed.

Supt. W. C. Payne and family have returned from a visit to Red Oak.

Clifton Osborn and family of Meadow visited his parents, Rev. and Mrs. B. J. Osborn this week.

"Housewife" Contest

The name "housewife," as applied to modern West Texas women is old fashioned, out of date, and no longer suitable, according to Ted Dudley, local manager of the West Texas Utilities Company, who today announced a contest which invites women themselves to select the name they like best.

"Many women resent being called housewife, Mr. Dudley declared. "It smacks too much of midwife, housekeeper, and other sobriquets which do not flatter the woman who manages her home with efficiency and economy, doing less and less drudgery with the result that she has more time on her hand for club, church and school work. The modern woman is not bound hand and foot to a stuffy kitchen. She actually need spend but little more time than her husband looking after the home. Modern appliances, made available by science, will perform a most every imaginable household task.

Prizes valued at approximately \$500 will be given in the contest. Mr. Dudley said. First prize will be a large sized (Frigidaire) electric refrigerator. As a second prize winner will have her choice of an electric dishwasher or washing machine. Third prize will be a mixmaster. Ten prizes of smaller electric appliances will be awarded.

Mr. Dudley pointed out that the contest is "simple and easy." All women, married or single, are eligible to send in entries.

"Greek, Latin or English may be used," he added. "Just invent a word that describes the modern woman whose talents go beyond the kitchen, the woman who takes an active interest in club and civic affairs, who enjoys some sport such as golf, tennis or even croquet. In fact, invent a name for a woman who is a companion to her family instead of a slave to her kitchen."

The contest begins Monday, July 5, and closes August 14. The only requirement is that the inventor or coined name be accompanied by a letter of not over 100 words explaining why it was chosen.

Denton, June 29—Winning places among the upper 14 per cent of a student body of 2400, Misses Doris Anne Finley and Martha Sue Noel of Hedley were recently awarded scholastic honors at Texas State College for Women. The awards were made on the basis of their achievements during the last term of 1936-37 regular session.

Both students received letters of congratulations from L. V. White, dean of the college, on their outstanding records.

Prize-winning Recipes of the South

CHERRY PUDDING

Mrs. T. B. Hooley, Fort Worth, Texas

Cream $\frac{1}{4}$ cup Jewel Special-Blend Shortening with $\frac{1}{2}$ cup sugar. Add 1 egg, $\frac{1}{4}$ cup milk, $\frac{1}{4}$ tsp. vanilla, $\frac{1}{4}$ tsp. lemon extract, $\frac{1}{4}$ tsp. salt, $\frac{1}{2}$ cups flour, 2 tps. baking powder. Beat for 2 minutes. Pour into greased shallow pan; spread with $\frac{1}{2}$ cup drained cherries. Bake 25 minutes in a moderate oven. Cut in squares and serve warm with this Cherry Sauce: Blend $\frac{1}{2}$ cup sugar, 2 tps. flour and $\frac{1}{4}$ tsp. salt. Add 1 cup water, 2 tps. Jewel Special-Blend Shortening, 2 tps. lemon juice and $\frac{1}{2}$ cup cherries and juice. Cook slowly, stirring constantly, until sauce thickens. Adv.

Household Questions

Brightening Piano Keys—Discolored piano keys can be brightened by rubbing with a soft cloth dampened with alcohol.

Tinting Milk—When small children refuse to drink their daily milk requirements, try tinting the milk with vegetable coloring.

Storing Tea and Coffee—Home supplies of tea and coffee will keep their flavor longer if stored in stone jars.

Custard Sauce—One and one-half cups scalded milk, one-eighth teaspoon salt, one-quarter cup sugar, one-half teaspoon vanilla, yolks of two eggs. Beat eggs slightly, add sugar and salt; stir constantly while adding gradually the hot milk. Cook in double boiler till mixture thickens, chill and flavor.

Cleaning Rubber Rollers—The rubber wringers on washing machines can be kept clean by washing with kerosene.

Cabbage Cooked with Milk—Two cups milk, six cups shredded cabbage, one-third cup milk or cream, two tablespoons melted butter, two tablespoons flour, half teaspoon salt. Heat milk and cook cabbage in it two minutes. Add milk or cream, flour blended with butter and salt. Cook for three or four minutes, stirring constantly.

For Blacking Stoves—An old shoe polish dauber is an excellent tool for blacking stoves.

Boiling Sirup—If the saucepan is well buttered around the top, the sirup that is being boiled in it will not boil over the top of the pan.

Inconvility
A moral, sensible and well-bred man will not affront me, and no other can.—Cowper.

How CARDUI Helps Women

Cardui is a purely vegetable medicine, found by many women to ease functional pains of menstruation. It also helps to strengthen women, who have been weakened by poor nourishment, by increasing their appetite and improving their digestion. Many have reported lasting benefit from the wholesome nutritional assistance obtained by taking Cardui. If you have never taken Cardui, get a bottle of Cardui at the nearest drug store, read the directions and try it.

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country's great doctors on Doan's. Sold at all drug stores.

Why FIRESTONE ALWAYS LEADS IN GIVING TOP TIRE VALUE

PRICES AS LOW AS
\$6.40

FIRESTONE makes great savings by controlling rubber and cotton supplies at their sources, by more efficient manufacturing methods, by selling in such large volume that distribution costs are lower. These savings are passed on to you as extra values.

8 EXTRA POUNDS OF RUBBER to every 100 pounds of cord. Extra value AT NO EXTRA COST.

PROTECTION AGAINST BLOWOUTS, because by the Gum-Dipping Process every fiber of every cord in every ply is saturated and coated with pure, liquid rubber, counteracting internal friction and heat that ordinarily destroy tire life. Extra safety AT NO EXTRA COST.

PROTECTION AGAINST PUNCTURES, because under the tread are two extra layers of Gum-Dipped cords. Extra strength AT NO EXTRA COST.

PROTECTION AGAINST SKIDDING, because the scientific tread design prevents this danger. Extra safeguard AT NO EXTRA COST.

Don't take chances with worn tires on your Fourth of July trip. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires.

\$500 for a Name!

"If I'm Not a HOUSEWIFE, What am I?"

Prizes Worth \$500 Go to 13—
Yes, 13—Women Submitting
Best Names for
"HOUSEWIFE" in This
CONTEST

No Longer a Slave to Kitchen
Drudgery!

A Simple, Easy Contest

Invent a word for "housewife." Then write a letter of not more than 100 words explaining why YOU selected YOUR name to substitute for "housewife." Use the dictionary, if you like. Use Greek, Latin—or English. A scientific term is acceptable if it describes a modern West Texas woman, defined here as:

A homemaker who employs electric servants to operate the home, giving her freedom from kitchen drudgery.

Remember that women no longer are bound hand and foot to the kitchen with its multitudinous jobs of dish-washing, scrubbing floors, cooking over a hot, flame-type stove, or even chopping wastefully at ice in order to have a cool, refreshing drink. Instead, the modern woman uses Electric Servants! Why must she continue to bear the name, "housewife," much as if she were a slave?

MAIL This Coupon Today!

"YOUR ELECTRIC SERVANT CONTEST"
West Texas Utilities Company
(Nearest Postoffice)

This is my entry in the contest to find a substitute name for "housewife."

My selection is _____
My brief letter explaining "why" is attached hereto.

(Name) _____
(Address) _____

The Modern West Texas WOMAN?

First Prize: Large-sized Frigidaire.

Second Prize: Choice of Electric Dish-washer or Washing Machine.

Third Prize: Sunbeam Mixmaster.

Ten prizes of smaller Electric Appliances.

THOSE ELIGIBLE

Every woman in the territory served by West Texas Utilities Company is eligible to enter this contest except in families where a member is an employee of this company and except in families where a member belongs to this company's advertising agencies. Duplicate awards will be made in case of ties. There are no other requirements. Mail, or deliver in person, your substitute name for "housewife" and a brief explanation of your choice to this company's nearest office. Be sure to give your name and address. This contest closes August 14.

West Texas Utilities Company

Treatment of Pimples

By
DR. JAMES W. BARTON
© Bell Syndicate.—WNU Service.

NOTHING is much more embarrassing and distressing than pimples (acne), coming as it does when the personal appearance means so much to the individual.

Even young people with a very fine skin and complexion may have eruptions of pimples occur from time to time. In fact even if the patient has a history of boils, appendicitis, tonsillitis (ailments which are commonly supposed to have some connection with acne) it may make no difference as far as having or not having acne.

Also pimples seem to come in those who are underweight, overweight, or of average weight, so that the nutrition or the nourishment of the body seems to make no difference as far as having acne is concerned.

That certain foods cause acne, or make it more severe, has been proved. This is not because of anything wrong with these foods, but because something is wrong with the way the body handles these foods.

Formerly treatment was all applied to the skin itself—ointments, washes, electrolysis, and X-ray treatments. These are still used and help greatly, but foods known to cause acne are now avoided, and arsenic, salicylic acid, mercury, mineral oil, and other substances are given internally.

Foods to Be Avoided.

Beginning with the diet, the foods that have been found to aggravate the condition are pastry, chocolate, candies, sundaes, jams, jellies, preserves, pork or gravies. These should be avoided entirely. Foods that should be eaten only in small quantities are bread, potatoes, cheese, macaroni, nuts, salted meats, very fat fish.

The second step is to try to locate any disturbance in the body such as infected teeth or tonsils, chronic indigestion, or constipation. Sometimes the removal of infected teeth, or the correction of constipation by such simple methods as the use of mineral oil or cascara, clears up the acne.

The outside treatment mentioned above is the use of hot and cold packs of plain soap and water; tar soap; coconut oil soap; zinc, mercury or sulphur ointments; electrolysis; and X-ray.

The internal treatment is the use of Fowler's solution (arsenic), liver extract, and the injection of vaccines by the hypodermic needle.

Skin specialists are agreed that of all single methods used, the X-ray treatments give the most satisfactory results.

Diet First in Reducing.

When there is excessive overweight there is always danger as excessive overweight predisposes to diabetes, high blood pressure and a failing heart. Common sense then would suggest that the overweight should undergo an examination and follow a prescribed plan in regard to diet, rest, and exercise, all of which should be supervised by a physician who gives this branch of medicine some special study. Thus cutting down by one-half on bread, butter, potatoes, sugar, pastry and all liquids, walking for half an hour, and cutting one hour off the sleeping or resting time each day would show a loss of 10 pounds a month in one with excessive overweight and of five pounds in one of moderate overweight.

However as diet is the great standby in increasing, and decreasing weight, suggestions for reducing should come from those who have made dietetics a matter of scientific study. Further, what might make a suitable reducing diet for an overweight woman who spent many hours daily on chairs or in automobiles, might not be sufficient to maintain the strength of one who did the work in a medium size or large house. Anyone who does real work or takes real exercise needs meat, eggs, or fish once or even twice a day.

Some years ago Drs. L. H. Newburgh and Margaret W. Johnston in the Journal of the American Dietetic Association reminded us that body weight is resultant from two factors, gain or loss of tissue and gain or loss of water. They state that a person may maintain the same weight even on a reduced diet for some days, which of course is a matter of surprise and regret to many who are eating much less food than usual. Thus there may be no loss of weight on the reduced diet for as long as two weeks, after which weight is lost rapidly for a certain period of time.

The point then should be remembered that loss of weight may not occur for days or even weeks on a reduced diet, and there should therefore be no further reduction of food, even if no weight is being lost, until a period of as long as 16 days has passed.

Wide Use of Prints for Sports Togs

By **CHERIE NICHOLAS**

WHEN the world takes a holiday at the beach, tennis court, golf course, aboard ship or wherever vacation lures the playful, watch prints. We promise you that you will see prints this summer such as you have never seen before, armies of them, droves of them, processions of them!

It would seem as if style creators are just discovering that if there is one place more than another where riotously gay prints lend themselves dramatically to the picture, it is at the beach and its environs. The vibrant blue and green hues of the sea, the vast dome of a glamorous opalescent sky, the bright glare of the sun, the stretches of golden sand call to the colors, and to more color and more in the fashion parade.

So it is that prints for beach and for swim wear have become a hobby with designers this summer. Needless to say, for the most part it's linens and cottons that "steal the show" when it comes to rollicking, frolicking beach and sea-going costumes. The grand thing about the spectacular printed linens and cottons that are so thrillingly enlivening the pageantry of fashion where sea-breezes blow is that you can wear them with all confidence, knowing that they have been scientifically processed so that they won't shrink and they won't lose their high color no matter how wet the water, no matter how many duckings they get, no matter how relentlessly scorching sun rays attack. This assurance of non-shrinkage and of color endurance that goes with modern wash materials has, as a matter of fact, proved persuasive in encouraging the movement that is now on of featuring tub prints in a big way for beach fashions and also for swim suits.

As to whether you don linen or

cotton in the existent orgy of prints that is being staged on land or sea is entirely a matter of choice since one is declared as good style as the other. A truly amphibian suit done in the modern spirit is worn by the exultant water nymph centered in the accompanying picture. A swim suit of this type, made of print, the patterning of which is as smart and distinctive as is this patterning and which is guaranteed sanofized shrunk as is this print, will do honor to even the most ultra-of-ultra cruise wardrobes.

Any girl would look pert and modern in the clever sport pajamas here shown. It is one of the newer prints that have so much swank and at the same time so many practical advantages not only for beach wear but for house wear as well. This gaily patterned linen washes like a hankie.

And do for fashion's sake see the cunning play suit to the right in the group. Yes, you can have a costume exactly like it, buy it already made or get the material and sew your own. The new Hungarian cotton prints such as have been used for the making of this fetching outfit are selling as fast as they can be measured off on the yard-stick. The colors are rich and glowing and the prints faithfully reproduce original old-world fabrics. The trick is to make them up in keeping with their quaint design, in just some such peasant manner as here shown. Full skirt of course and rather short is according to the prescribed formula. Tune it to practical active sports wear by choosing a divided-skirt pattern. Let the bodice be backless for comfort and for "style" on a hot summer day. And to the entire add a smart bolero to give it that picturesque peasant flavor which fashion thinks so well of this season.

TIPLESS GLOVES

By **CHERIE NICHOLAS**

Here it is, the latest step toward chic and toward greater freedom—the tipless glove, cut to show brightly polished nails. The open-air fever, starting with toeless shoes and crownless hats, has gone to the fingers. If your gloves are copper red as gloves and accessories are apt to be these days it's robin-red nail polish you'll be wanting. The suit is of horizon blue, softest feather-weight woolen. The wide revers, the modified umbrella skirt, the squared shoulders and the boxy jacket with its jaunty swing make this smart street-and-travel costume as modish as it is practical.

PASTEL LACES FOR WEDDING DRESSES

By **CHERIE NICHOLAS**

Pastel laces for the wedding gown, as well as the bridal party's dresses are a new note this season, and one that bids fair to gain in popularity through the season. Very pale pastels are used, so pale that they are almost white, and yet have a special shimmer that would not be attained by plain white. One of the loveliest of these pastel wedding gowns that we have seen is of palest blue linen thread, and the edge of the train, and the edge of the slit skirt, are scalloped with the scalloping accented by tiny-pleated net in the same blue. The neckline, too, is edged with the fine net pleating.

Net, as well as lace, ranks highly for bridal gowns this season. Silk net, particularly, is adapted to molding the figure, and when cut on a princess line, accenting the slender figure, it makes a truly beautiful bridal gown. And whereas net veils are prevalent over lace bridal gowns, a net wedding dress is best set off by a lovely lace wedding veil. One veil that we have seen, over a net gown, was of lace, and very short. A bertha collar of lace was attached to the net train, the lace forming borders on the sides of the train.

Summer Velvet

Summer velvet is taking its place in the sun. The sheer quality of the fabric with its rich velvet pattern adapts itself particularly well to summer wedding clothes.

Gloves

Gloves deserve a whole chapter in themselves. They mirror fashion trends as clearly as clothes. Femininity is uppermost.

Flowers Everywhere

Flowers are everywhere. It is newest to wear two boutonnieres, one on each lapel of your suit.

Quick to Make; Smart to Wear

"Suited to a tea"—this captivating apron which "home girl" or matron will find quick to make, easy to embroider, smart to wear! There's a pattern for the entire apron, its yoke, border and pocket to be done in contrasting material. Cut flowers for applique from colorful scraps. In pattern

5800 you will find a transfer pattern of the apron with the motif $7\frac{1}{4}$ by $5\frac{1}{4}$ inches (including pocket) correctly placed, a motif 4 by $4\frac{1}{4}$ inches and applique pattern pieces; color suggestions; material requirements; illustrations of all stitches used; directions for making the apron.

To obtain this pattern send 15 cents in stamps or coins (coins preferred) to The Sewing Circle Household Arts Dept., 259 W. Fourteenth St., New York, N. Y. Please write your name, address and pattern number plainly.

Wings Are Handy Things

A bird's wings are not just for flapping and flying. Among uses some birds find for their wings, J. W. Sugden, University of Utah, cites these: balancing, display or drumming in courtship, to shelter young, as a striking weapon, for aid in climbing, to stir up fish, and to support the body in place of the feet as a substitute for perching.—Science Service.

AROUND the HOUSE

Items of Interest to the Housewife

Topping for Sundaes.—Extracted honeys make excellent toppings for ice cream sundaes.

When Meat Appears Tough.—Add a tablespoonful of vinegar to the stock or water in which it is cooked, and simmer slowly.

When Food Is Scorched.—Place the pan containing the scorched food into a large pan of water and the food will lose its burned flavor.

Cleaning Unvarnished Wood.—A solution of soda and warm water will remove grease from unvarnished wood.

To Clean Varnished Floor.—Clean off well with steel wool and benzine and, when thoroughly dry, re-varnish.

To Remove Lettering.—When making tea towels or the like from cotton sacks, soak the sacks for several hours in kerosene before washing, to remove lettering.

Swedish Eggs.—Make a rich white sauce with milk butter, very little flour or cornflour, mustard, salt and finely chopped parsley.

Boil the required number of eggs for four minutes; they must be allowed to get hard. Shell them, cover with the sauce and serve at once.

When Cleaning Mirrors.—Be very careful about using so much water that it trickles under the frame. A semi-dry method of cleaning is preferable.

Salmon Wiggle.—One small can peas or fresh peas in season; one pound can salmon, flaked; one pimiento chopped fine, two tablespoons butter, two tablespoons flour, two cups milk. Seasoning. Melt butter, add flour and seasonings. Stir in milk slowly and cook until thick and smooth. Add salmon, peas and pimiento. Serve hot on toast or in puff paste shells.

JOYS GLOOMS

HEY... COME ON, GLOOMS! I'VE FOUND A FAMILY THAT'S STARTING ON A PICNIC!

NICE WORK! HURRY UP, MEN... WE'LL SPOIL THEIR FUN!

I HOPE DADDY HURRIES UP... SO WE CAN START!

HIST! THERE THEY ARE! GET 'EM GLOOMS!

SAY, YOU'RE NOT STILL EXPECTING ME TO GO ON ANY PICNIC, ARE YOU?

WHY, JOHN!... WE'VE BEEN WAITING FOR YOU!

WELL, GO AHEAD AND WAIT! I DIDN'T SLEEP MORE THAN TWO WINKS LAST NIGHT... AND I FEEL TERRIBLE!

WELL... IT IS HARD TO FEEL SORRY FOR YOU! THE DOCTOR TOLD YOU COFFEE - NERVES CAUSED YOUR SLEEPLESSNESS... BUT YOU WON'T PAY ANY ATTENTION!

IF YOU WOULD CUT OUT COFFEE FOR 30 DAYS AND DRINK POSTUM INSTEAD AS THE DOCTOR TOLD YOU TO, YOU WOULDN'T FEEL SO BAD ALL THE TIME!

BEAT IT, GLOOMS... POSTUM LIKS US AGAIN!

OH, WELL... MAYBE I WILL TRY IT!

30 DAYS LATER... YES, SIR! HIS DISPOSITION IS SURE SUNNY SINCE HE GOT RID OF HIS HEADACHES AND SLEEPLESSNESS!

WHAT FUN THESE PEOPLE HAVE HAD SINCE HE GOT RID OF HIS HEADACHES AND SLEEPLESSNESS!

YOUR MONEY BACK IF SWITCHING TO POSTUM DOESN'T HELP YOU!

If you cannot safely drink coffee... try Postum's 30-day test. Buy a can of Postum and drink it instead of coffee for a full month. If... after 30 days... you do not feel better, return the top of the Postum container to General Foods, Battle Creek, Michigan, and we will cheerfully refund the full purchase price, plus postage! (If you live in Canada, address General Foods, Ltd., Cobourg, Ont.) Postum contains no caffeine. It is simply whole wheat and bran, roasted and slightly sweetened. Postum comes in two forms... Postum Cereal, the kind you boil or percolate... and Instant Postum, made instantly in the cup. It is economical, easy to make and delicious. You may miss coffee at first, but after 30 days, you'll love Postum for its own rich, full-bodied flavor. A General Foods Product. (This offer expires Dec. 31, 1937.)

FIRST BAPTIST CHURCH

M. E. Wells, Pastor
 Morning Services:
 Sunday School, 10:00, Edward Boliver, Supt.
 Song Service and Preaching, 11:00

Hedley Chapter No. 413, O. E. S., meets the first Friday of each month, at 2:30 p. m.

Members are requested to attend. Visitors welcome.
 Katie Mae Moreman, W. M.
 Teebie Masterson, Sec.

METHODIST CHURCH

Church School, 9:45 A. M. Preaching, 11 A. M., 8:30 P. M. Missionary Societies Circle 1, Monday 8 p. m. Circle 2, 8:00 p. m.

Next Sunday is Communion Day. Please let every member of the church be present and partake of the Holy Sacrament of the Lord's Supper. We shall try to have an appropriate message for the occasion. We appreciate the interest taken in the services, especially that of the Church School. The class of young people which has been recently organized with Miss Ila Pool, teacher, and Mrs. Ross Adamson, assistant teacher is quite an addition to our school. We have some very fine young people and we are expecting great things of them.

We are asking all the adults and young people to meet at 7:45 to study the elective course for the next quarter. This course is very fine and we want to make a profitable study of it. The success will depend upon each person being present. Please do not fail us. We shall expect you to be present. All services to be on time.
 B J Osborn

Sewing wanted—Any kind Reasonable prices.
 Mrs. C. B. McLaughlin

Rev. Brock of Troy, Colorado preached at the morning hour at the First Baptist Church Sunday.

Mr. and Mrs. Ross Adamson spent last week end in Dallas, Denton and other points.

Brown Lamb and family of Wellington were Hedley visitors Wednesday.

LIVING UP TO MY AD

Giving you tops in Mileage

I know the trouble. So many oil ads yell mileage, that you can't tell one way or another. I don't want my own ads to be in that class, so I'd like you to know all I'm staking, when I personally recommend Conoco Germ Processed oil to you. In my case, you see, I'm the owner of my business. And there's nothing makes repeat customers for me like my Germ Processed oil . . . or I ought to say, the long mileage it gives you. The patent Germ Process makes this oil get fastened real firm to the bearings and cylinders and other parts—as if they'd been built with an actual plating of oil that can't separate . . . can't thin out and burn right up. Neither is it going to run down every time you stop. Then you can't make any "dry starts" with Oil-Plating, and right there is where engineers say you will end a good half of all the wear you used to get in Summer. The less wear, the less oil your engine eats. You'll get on to this yourself, from your cool quiet Oil-Plated engine. And that's how I make another good friend for my Conoco Germ Processed oil.
