"In The Agricultural Center Of Parmer County"

VOL XV, NO. 19

### \*\*\*\*\*\*\*\*\*\*\*\* WHITTLIN

By DOLPH MOTEN

\*\*\*\*\*\*\*\*\*\*\*\*\* Says a card from Mrs. Pearl Moore:

"If you drink a quart of milk a day for 1200 months, you'll live to be one hundred years

One of the most consistent things about our Panhandle weather is its lack of consistency.

A couple of recent examples of that are the long wet spell at this harvesting season of the year and the Saturday night, November 1, snow.

Newcomers from downstate just look at us like they don't believe us when we tell them these things are unusual.

Panhandle weather doesn't have, like it or not, a good reputation when you get away from here, anyway, and people who come here from other sections are usually prepared for the

It's disappointing to those of us who tell about how wonderful the weather is when their fears are confirmed.

But, one native told us once, if the weather didn't have a few drawbacks, like blowing sand in the Spring, there would be so Band Club's many people here you couldn't stir them with a stick and we wouldn't like that, either.

as the snow, slipped up on the TV weather people, according to our informants who put more Set Friday trust in those dudes than we do. Often we're amused to hear about them being wrong and tryit in the first place. Sometimes | teria. we wonder if they know any more about what the weather's going to do next than the next

Long ago, we sold out, weather-wise, to Willie.

We figure he can keep us sufficiently informed on a weekly basis and we won't have to worry about whether the boob tube boys can interpretall their weather equipment right. Like Mark Twain sais . . .

Some of the people who drink coffee and eat breakfast at Bovina Restaurant early each morning wear big hats, like

Many of them were there one morning last week when the Indians, who were working on the railroad here, were in for breakfast prior to going to work. Noticing the big-hatted fellows and the Indians, one smart aleck commented, loud enough for several to hear, "I've always heard about Cowboys and Indians and now we've got 'em both in one restaurant!"

Some of the natives quickly took off their hats and encouraged the spokesman to be quiet. "That may be true," somebody (one of the cowboys) said, "but we're outnumbered, so let's don't talk about it."

We were glad to have the Indian railroaders in Our Town. We hope they enjoyed being here as much as we enjoyed having them.

According to the "Demo Memo," an every other week publication of the Democratic National Committee, a raise in the new cars of 3.9 per cent or an average of \$125 more per car "was greeted with almost total silence by the Nixon administration."

That's the one trying to stop inflation remember.

"The one high official who did comment appeared to side with the industry, something that was rare during the Kennedy-Johnson years," the publications points out.

Maybe the Repubs didn't complain because the car industry is big business?

We rang the bell in the football predicting business last week, 10 out of 10! It'll be hard to improve on that. That much success brought our season average up .696 ---- 55 out of 79 ---- and that's a pretty respectable figure, if we do say so.

You folks who have been disregarding the predictions you read here had best start paying attention.

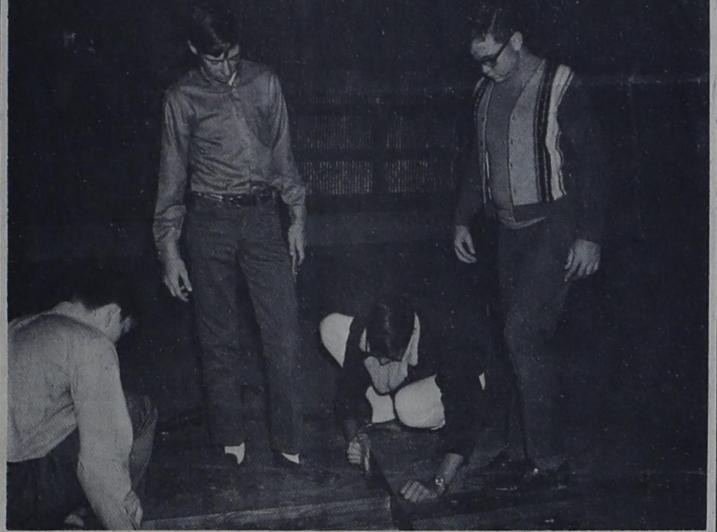

Here's the way it looks for the forthcoming week:
Friona at OLTON --- The

Mustangs just barely lost to Floydada last week while the Chiefs were falling to Crosbyton. This just isn't the best football year at Friona.

Lockney at DIMMITT --- The Bobcats are still thinking about a district championship in spite

of their loss to Olton. Hart at LAZBUDDIE --- This should be a good game between a pair of top Class B teams. We're going along with the Parmer Countians.

SPRINGLAKE - EARTH at Vega --- The Wolverines lost (Continued on Page 2)

GOING UP --- Members of Bovina Chapter FFA are constructing booths this week in the county barn in preparation for the Harvest Carnival Saturday night, James Ritchie, Greg Hromas, Ken Jamerson and Mike Spears are among the boys working on the project.

# The long, wet spell, as well Chili Supper

A chili supper will be held Friday from 5:30 p.m. until ing to explain why they missed | game time in the school cafe-

Sponsors of the event are members of Band Parents organization. The supper will precede the Bovina-Farwell football game on Mustang Field.

Plates will be \$1 for adults, and 75 cents for children 12 years of age and under.

The meal will feature chili and beans. Proceeds will be used to help pay for the band's trip to Enid,

Lead Unchanged --

Okla, next spring.

Harvest --

## Carnival Set Here Saturday

Saturday night is the time for the Harvest Carnival. The event will be held from 7 to 10;30 p.m. in the county barn on North Street. Bovina Study Club is sponsoring the

Booths will be furnished by classes and organizations in Bovina Schools, along with the Study Club. Profits will be divided, according to Mrs. Earl Whitten, chairman of the carnival committee.

Admission at the door will be 10 cents for children and 25 cents for adults.

At least 16 booths will be set up for the carnival this year, by students from the seventh grade through 12th, FFA, FHA, and Student Council.

FFA boys constructed the booths. Booths will include fortune telling, white elephant sale, football throw, cake walk, grab bag, putting green, basketball goal, marriage booth, penny throw, bean count,

## Bank Deposits Keep Climbing

Deposits at First State Bank of Bovina are up over \$160,000 from a year ago, according to the report of condition at the close of business on Oct. 21.

Total deposits this year are \$2,807,005.65 as compared to \$2, 642,356,49 on Oct. 30, 1968. This also amounts to over a half-million dollars more on

deposit than at the last report of condition made on June 30. At that time deposits totaled \$2,253,029.58. Loans are also up slightly from last year. This year's

report accounts for \$1,730,678.84 in loans. In 1968, loans were \$1,720,742.01. Bob Estes, president of First State Bank, attributes the

increase in deposits to "normal growth."

The bank's official statement of condition appears in this week's issue of The Blade.

TEN YEARS AGO Nov. 4, 1959

Bovina post office has a new electric mail canceller which will be put into use soon. The machine will eliminate hand cancelling of most pieces of mail and will speed up handling of mail here. Construction is progressing on two new Bovina business buildings, which will be occupied by Tommy's Western Wear and Billie Sudderth's new service station. Both buildings are on Highway

Uniform committee of Band Parents met Monday evening with Bill Bates of Lubbock representing Ostwald Company, A uniform was decided upon to be presented to the school board for approval. Compared to a few years ago, Halloween in Bovina, 1959 style, was a quite affair.

An injury-riddled squad of Bovina Mustangs, rose up defiance and played one of their best games of the season Friday night, but two costly errors cost them two touchdowns and an 18-6 defeat at the hands of the Lazbuddie Longhorns.

Bovina FFA members are engaging in an extensive livestock feeding program this year. Most of the animals are being groomed for the Parmer County Livestock Show slated for March 11-

Commission on missions, with Mrs. Bedford Caldwell as chairman was in charge of family night at Bovina Methodist Church Thursday evening.

Mrs. Bobby Englant, Mrs. Earl Dean Boyd, Mrs. J. W. Gooch and Mrs. Fox were hostesses to 33 boys and girls of the First Baptist Church for a Halloween party Saturday afternoon. Those present were members of the Junior Department,

Collection of taxes for Bovina Independent School District is progressing faster than at the same period a year ago, according to a report by Mrs. Pearl Dodson, tax assessor-col-

SIX YEARS AGO Nov. 6, 1963

Four amendments which are proposed to the state constitution will be submitted to the voters of Parmer County and all Texas

All are important, but one stands to attract the most attention. That is the proposed amendment to eliminate the poll tax. Mrs. Lula White was first place winner in last week's Bovina Businesses Cotton Bowl Football Contest, She named all 10 winners and was only one point off on the tiebreaker score. Some 60 people have enrolled in two conversational Spanish

Bovina Farm Chemical, which was established in December of 1955 and was the first commercial fertilizer business here, has been sold by Troy Fuller to Harry J. Charles and Norvell Strawn. Foundation for a building to house electronic equipment con-

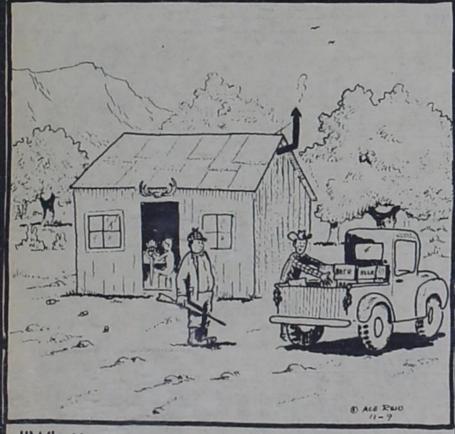

nected with new cable TV system was poured here this week. A total of \$224.01 was collected by Methodist Youth Fellowship Tuesday evening n the house to house canvass for CROP, Christian Rural Overseas Program.

Mrs. Reagan Looney and Mrs. Jesse Walling were in charge of program for Bovina Woman's Study Club last week. The program was on art and the art of arranging flowers.

Hugh Moseley of Farwell this week announced his candidacy for the office of tax assessor-collector of Oarmer County. Friday night marks the final regularly scheduled game of the 1963 campaign for the Bovina Mustang football squad.

The team goes to Vega to play the Longhorns in a District 1-B clash which could possibly have a bearing on the outcome of the district championship.

DON'T BE A FISHING SNOB

Fishermen should be versatile rather than stuck with only one angling technique.

By being only a fly fisherman, or only a plug caster, or just a light-weight spinning gear enthusiast, many an angler loses sight of the fact that his real goal is to enjoy his

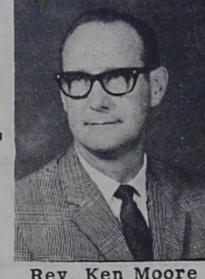

One of the best ways to unsophisticate your fishing attitude, say the angling authorities at Mercury outboards, is to go trotline fishing. This nighttime sport combines spe-cial bait fishing techniques against the feeding habits of such species as flathead catfish and channel catfish. Of course, other fish are attracted to trotlines, but catfish are the most sought species.

For those who don't know, a trotline is a length of heavy cord stretched across a river or small lake cove, to which are attached hooks on long drop lines (12-18 inches) called staging. This line of hooks is baited and then sunk underwater using rocks for weights.

The first baiting is usually at sundown, From then on, throughout the night, the trotline is "run" (checked for fish and re-baited) about every two hours. This is the most important part of trotlining; constant checking and re-bait-

In a stream, a good place to set a trotline is the head or foot of a pool of deep water. Here is where catfish feed most actively at night.

Hooks should be staged at least two feet apart. The aver-

### Cecil Boothe In Training As Teacher

SEARCY, ARK, -- Cecil H. Boothe, son of Mr. and Mrs. Jay H. Boothe, 918 David, Sinton, is one of 57 seniors at Harding College currently doing supervised classroom teaching in area schools.

As a requirement for teacher certification, the students spend nine weeks during one semester in the classroom with a supervising instructor. The group will return to regular classes on the campus Dec. 12.

An elementary education major, Boothe is assigned to Judsonia Elementary School. He is a member of Koinonia social club. He is a graduate of Bovina High School.

### McCain Wins Second In Talent Show

Students of Mrs. Doris Wilson participated in the annual ESA talent contest Saturday night in Sudan High School audi-

Butch McCain won second place in the event with his presentation "It's My Lazy Day." Also entering the contest were Cindy Read and Cathy Trimble, who sang a duet, "Sil-

ver Dollar." Attending the talent show from Bovina were Mrs. Robert Read, Mrs. C. E. Trimble, Mrs. Leslie McCain and Mrs.

Students of Mrs. Wilson will also enter a talent show in Dimmitt on Nov. 22.

Veteran's Day on Tuesday, Gary Cox, high school principal, announces.

> Chas, R. Oakley of Clovis, owner of the largest collection of United States flags in existance, will present the program. Parents and others interested

are invited to attend. Oakley will bring his famous collection of 100 flags to the Bovina schools that day and his talk will be in connection with

His collection is said to be the largest in the nation, even exceeding that of the Smithsonian

Oakley says this may be the only time he will be able to present the flags in Bovina, Before speaking here, he will also present the Veteran's Day program in the Farwell schools that

### Spirit Week **Boosts Team**

Last week was Spirit Week in Bovina schools in preparation for the Mustang - Kress Kangaroo football game.

Although classes compete for the "spirit stick" every week, last week became an all-out ef-

An all-school poster party was held Tuesday night. Waste baskets throughout the school were painted maroon and white, posters and other objects decorated the halls.

Friday afternoon coaches presented a skit at the pep rally.

The Junior Class won the spirit stick, as declared by the faculty as displaying the best posters, school spirit, etc.

There are 184 soil and water conservation districts in Texas.

Soil and water conservation districts are governed by local landowners.

### **Computer Punched Card Gets New Look**

A new IBM punched card (left) is just one-third the size of its familiar companion yet it holds 20 percent more information. The small card made its debut recently as a feature of IBM's new computer for small businesses, System 3.

By Pat Jacobs

Who, if anyone in Bovina, has flags for sale? Seems it would be a good time to sell the "Stars and Stripes" with Veteran's Day and another moratorium on the

It was heartening to see quite a few flags flying in Bovina during the last moratorium. There would have been more if there had been more publicity.

Someone dropped in -- and asked what holiday we were celebrating.

Those of you who wish to join the ranks of proud Americans should play to fly your flag on Veteran's Day, Nov. 11. Veterans organizations across the nation are supporting this action, along with burning car lights and porch lights that day. It wouldn't hurt to do the same the next two days during the second round of moratoriums.

And if anyone has flags for sale, there's a prospective buyer behind this typewriter. President Nixon asked for the silent majority to speak out

in his speech to the nation Monday night. It's about time to put America first, parties second.

In spite of all the bad news being reported these days,

there are glimmers of light. Art Linkletter has lighted the brightest candle we've seen in a long time. Since he has shown the courage to fight LSD, and other contributors, he's being joined by parents across

the nation who have suffered like grief. That, coupled with a tightening at the border south of here, things are beginning to happen. The news that the "makins" for pills being smuggled across the border actually originate back home is probably an indirect result of Operation

The latter has not been popular. Nothing is that interferes with "making a buck" (legally or illegally).

There are many advocates for legalizing marijuana in the U. S. They cite Prohibition Days as an example. It's true that when alcohol became lawful, the racketeers and organized crime of Prohibition Days were out of

It's also true that since the end of that era, alcoholism in this nation has grown at an astonishing rate. 'Nuff said.

This is supposed to be a woman's page column. The boss wouldn't believe us when told we were not good at that sort of thing.

goods. If a recipe calls for 1/2 cup sugar or less, you can omit the sugar and use an equal amount of honey in its place. In recipes calling for one or more cups sugar, omit the sugar and use the same amount of honey, but reduce the amount of liquid called for by 1/4 cup. Add a little extra salt to bring out the sweetness of the honey-and to prevent over browning. Lower baking temperature by 25 degrees.

HONEY is excellent in baked

Have you realized that its time to repot your house plants? Here is the Extension landscape horticulturist's recipe for soil mixture for potting.

Mix two parts good garden loam, two parts of peat moss and one part sand. Well-rotted manure or shredded leaf mold may substitute for peat moss. Garden soil usually is not suitable for potting plants. Why? It is usually too low in organic matter. This homemade mixture provides the three things most needed by potted plants; support, good soil aeration, and ability to hold adequate moisture and nutrients.

To kill any disease organisms, insects, or weed seed: pasturize the soil mixture. This is done by placing it in a shallow pan for 30 minutes in an oven preheated to 200 F. The soil should be moistened before placing it in the oven. If you use clay pots that have been used, they need the same pasturization treatment as the soil. Any plastic pots should be washed thoroughly in hot soapy water. Of course a simpler and much easier way to handle pot plants in the home is to purchase the prepared mixes.

man's

19 19 1

These words occur after Jesus had healed a man who was sick with palsy. Jesus said to him: "Son, thy sins be forgiven thee. . . . Take up thy bed and go thy way."

This is one of nineteen miracles recorded in Mark's Gospel. Eight of these miracles show Jesus' power over disease, five show His power over nature, four His authority over demons. and two His conquest

Jesus was always interested in the total person. His healing power was spiritual and physical. He knew that man's needs could not be separated.

Always the purpose was the same: that God might Certainly the people who witnessed the miracles

of Jesus were amazed. They declared: "We never saw it on this fashion."

We should say the same. No one has ever seen works like the works of Jesus. He continues to show forth His power and His love also today. Through His Holy Word and the holy sacraments

He continues to call people to faith and keeps them in the faith. This is a special blessing of Sunday. We are really amazed at God's continuing love and mercy as we worship Him today.

County

Acreage Up --

## Announce '70 Cotton Allotments In State

res greater than the state's allotment in 1969, Prentice Mills of Parmer County ASCS announces.

This will mean that each eligible individual farm allotment for 1970 should be approximately 6 per cent larger than in 1969. Other cotton program provisions are:

Domestic Acreage Allotment. For the 1970 crop, the farm domestic acreage allotment has been set at 65 per cent of the farm acreage allotment, the minimum authorized by law. Farmers who sign up to participate in the program and who plant at least 90 per cent of their farm's domestic acreage allotment, but not in excess of the permitted acreage for the farm, will be eligible for pricesupport loans and, for pricesupport payments on the farm

domestic allotment. Skip-Row Rules. The skiprow rules which were in effect for the 1969 crop will be applicable for the 1970 crop. In general, under these rules, only the land actually planted to cotton is counted as cotton land in determining compliance with program provisions.

Lease and Sale of Allotments. The final date for filing applications for the transfer of cotton allotments is December 31. 1969. Producers in 381 cottonproducing counties in the U.S. have approved for 1970 the transfer of allotments to farms outside the county, Allotments, however, cannot be transferred from one State to another.

Projected Yields, A projected national yield of 500 pounds per acre has been established for the 1970 crop, a reduction of 45 pounds per acre from that set for the last three crop years. The reduction announced on October 15 reflects the failure of cotton yields to realize the levels expected on the basis of trends a few years ago.

Tombstone, Ariz., the town too tough to die . . . Coral Castle, Fla., a 243-ton structure built by one man .. Battle Mountain, Nev., where gems and gold can be hunted.

These are only three of the fascinating sites recommended by Hertz Rent A Car as part of its "Discover America" program for "fly-drive" vacationers.

"Fly-drive" enables travelers to reach their destinations via jet, leaving more time for ground sightseeing with a Hertz rental car waiting at their destination

The famed gunfight at Tombstone's O.K. Corral was between Wyatt Earpwith his brothers and Doc Holliday and the Ike Clanton gang.

Once a prosperous silver mining town, Tombstone is easily reached from Tucson airport on U.S. 80. Reservations for a rental car in Tucson can be made by a telephone call to any local Hertz office.

n Florida, Coral Castle was built over a 30-year period by a hermit using a home-made rig of chains, pulleys, levers and rollers. It is located south of Miami on U.S. 1 less than an hour from International Airport.

Looking at next season, a combination of early planting ingly important cash crop on | brids will aid in reducing damthe Texas High Plains and with aging populations of the insect

> The southwestern corn borer begins damaging young corn plants in late spring by feeding on the leaves. Later the insect bores into the stalk and begins tunnelling up and down the pith. This action causes the stalk to weaken and lodge or fall, thereby inflicting substan-

There are from one to three generations of the corn borer each year. The adult female moth emerges from the pupal stage in mid-spring and lays from 300 to 400 eggs on the underside of corn leaves. The young larvae go through their destructive cycle in the following months and then overwinter in the full-grown larval stage.

Entomologist advise inseason control where the corn borer is present in damaging numbers. Timing of sprayapplications is critical since satisfactory control can only be obtained early in the season before the larvae bore into the SW/pt of Sect. 13, Blk. C. Synd.

The front door of the two-story structure weighs nine tons but is so perfectly balanced a child can push it open. By comparison. the stones of the Great Pyramid of Khufu average 21/2 tons, Hertz

Battle Mountain, so named after an Indian-emigrant clash in 1857, is reached by driving west on U.S. 40 from the Elko, Nevada, airport.

Besides being a happy hunting ground for amateur gold and garnet prospectors, the area still produces turquoise on a commercial basis.

East of Elko lies Wells, best known deer hunting area in the state. This region also famed for its Annual Basque Festival toward the end of August and the cattle round-ups from then until October. In all, says Hertz, something for the whole family.

### Visitors Tied For District Lead --

# Mustangs Seek Upset Over Favored Farwell

## Win Streak Extension Expected By Steers

season, the Bovina Musitangs are looking in an unlikely place this week.

They meet the always-powerful Farwell Steers Friday night on the Bovina field. Gametime is 7:30 p.m.

On the surface, the tilt seems to be somewhat of a misimatch in that the Steers are tied for the district lead with Suda n with a perfect 3-0 mark while the Mustangs are presently in the 3-A celler with no wins: and three losses. However, the natural rivalry between the two Parmer County schools could make the game an interesting one. Such has been the case many years in the past.

Pre-season predictors said that Farwell and Sudan were the leading contenders for the district championship flag, and, up to now, there's nothing to indicate they were wrong. The two teams will meet November 14 in the final regularlyscheduled game of the season. To set the proper, undefeated stage for that game, the Steers must win over the Mustangs here this week and Sudan must: defeat the Kress Kangaroos in Hornet Stadium Friday night, Like Farwell, Sudan will be favored to win.

If the Mustangs, who now stand 4-4 for the season, are to have anything to say about who wins the district banner, they will have to win over the Steers. The Bovina team, playing one of its best defensive games of the year, lost to the Hornets in the district opener, 15-6.

A win by the Mustangs over the Blue and White team from Farwell, while considered highly unlikely by people who know about such things, would. be of monumental significance, sports-wise. In the first place, the Steers are overwhelming; favorites and in the second place, they have a 14-year winning streak over Bovina, Not since 1954 has a Bovina football team managed a win over their closest neighbors.

In the early season games, the Steers didn't have an overly impressive record, but they played rough competition in preparing for the district race. For instance, they won over Friona and lost to Dimmitt, both also upset by Class AA Morton. on hand for the game.

In their search for a District | Since district play began three | 3-A win for the 1969 gridiron games ago, though, they've come out on the top side of said he thought his team would the score sheet each time.

> In their first 3-A game, they had an easy time with Spring- Randy Chisum and Bobby Mclake-Earth, 34-12. Then they edged Kress, 18-17, and came from behind in last week's contest to down Vega, 27-14.

By comparison, the Mustangs lost to Springlake-Earth, 64-0, and fell to Kress in last week's game, 33-7. Using comparative scores as indicators, the Steers could be favored over the Mustangs by as much as

The Bovina team is expected to be at near full strength physically for the game, according to Coach Gib Hough, who is in his first year as Mustang mentor and taking on the Steers for the first time. Only Jimmy Harris, sophomore split end, is not expected to be at full speed. He is still recovering from an ankle injury he received in the Sudan game.

Coach Hough says the Steers aren't as big as the teams the Mustangs have been playing the past couple of weeks. He points out they have a fine scoring combination with Greg Har-

grove, considered one of the best quarterbacks in the area. throwing to Dean Stovall, an end. Also on the receiving end of many Hargrove passes has been Danny Prince, the wingback.

But while passing has been the long suit of the Steer offense, they also have demonstrated the ability to move the ball on the ground when the occasion demanded. Springlake-Earth, for instance, was all set to stop the Farwell passing

attack, and did, only to see the Steers use their infantrymen to blast to a one-sided win. Coach Hough says the Steers' two guards and their center are three of the best blocking linemen in the district. In spite of the fact that the

Steers have dominated the

series for the past 14 years, Farwell is still considered the Mustangs' strongest game and he expects 110 per cent effort

from each of his players. Because of the rivalry and the closeness of the two schools, Class AA teams. They were a large crowd is expected to be

game showed good team effort on defense, and complimented the boys on offensive effort the last half. The eighth graders took a first quarter lead when Tony ...a new MUTUAL FUND

Serna went seven yards for pay dirt, with Billy Shelby crossing the line for two extra points. Kress scored in the first quarter, but extra point attempt failed. Bovina led 8-6. That was the score until the

third quarter when Shelby went the last 10 yards for a touchdown. After extra point attempt failed, Bovina was in front 14-6. The team put the game onice in the fourth with Serna scoring from five yards out and Shelby making the extra points, ending the game 22-12.

Noted for defensive effort were Shelby, Serna, Dannie Mc-Kay and Rex Beardain.

The seventh graders, although losing 14-0, played a good ball game, Coach Truck

Lusk commented. Kress scored both its touchdowns in the first half, the second by taking advantage of a Bovina fumble on their own six yard line.

The Bovina team threatened to score twice in the second half, and although unable to do

The months of October and

November are designated as

"testing times" for the Farwell

and Bovina Schools, according

to Charles Turner, school coun-

selor. It is during a seven-

week period extending from the

second week in October until

the third week in November

that these schools are involved

in a comprehensive standar-

dized testing program in grades

The program consists of

three kinds of standardized

tests (standardized meaning a

test prepared by a test manu-

facturer and distributed on a

national basis consistent year

after year); the achievement

test, the mental ability test and

the aptitude test, Turner said.

A brief explanation of each type

at this point may help to clarify

the basic purpose of these tests,

1. Achievement -- A test of

basic academic knowledge, this

instrument is administered to

find out how much knowledge

the student has acquired in the

past year or years of school.

The academic areas covered

are the basic core subjects of

the schools curricula, including

reading, vocabulary, language,

2. Mental Ability -- This test

measures the student's ability

to think. Areas covered are

verbal reasoning, number facil-

ity, and spatial reasoning (the

ability to see a two-dimensional

object and in the mind's eye

transform this object into a

3. Aptitude -- A test of other

three dimensional one.)

Johnny Jackson provided the offensive punch for the visiting Kangaroos, Morgan scored touchdowns on runs of 45 and 14 yards and threw a 20-yard pass for another six-pointer. Jackson had teedee runs of one and 15 yards.

After the Kangaroos scored their two early TDs, the Mustangs held them scoreless the remainder of the first quarter and all of the second period. The Kressmen got back in the scoring column in the third period with six points on Jackson's 15-yard gallop and then tacked on two more counters in the final frame before the Mustangs managed for their touchdown. which was their first in two games. They were blanked the previous week by Springlake-

Championship On Line Except for their scoring play. which came on a 17-yard scramble by Stuart McMeans, senior tailback, the Mustangs couldn't get much offense going. They finished the night with a net total of 73 yards gained, with all of that coming on the ground. They failed to

made on the ground. They com- that one and it was 0-27. of 35 yards.

first down before being forced to punt from their own 35. Bobby McMeans' punt was partialyards and then Morgan broke the goose-egg on the scoreboard. After Mike Terrell kicked the extra point, the Hoppers had all the points they'd need

that night as it turned out. They didn't know that, however, and continued to add on insurance tallies.

Following the kickoff, the Mustangs were held again. This time, McMeans' punt was blocked. The line of scrimmage was the 30 and Kress got possession on the 29 ---- a loss of one yard on the kick. It took six plays for the Jumpers to score from there with Jackson bulling his way in from the one. Terrell's kick boosted the score to 0-14 and there was still 5:04 remaining to be played in the first quarter.

Late in the initial period, the Ponies halted another drive by the visitors as Stuart McMeans pounced on a Kangaroo fumble at the Bovina 20.

For the most part, the teams battled evenly during the second period. As time ran out in the first half, the Kangaroos' Weaver McClure intercepted a long pass thrown by Mustang Quarterback Roy Ramirez.

After receiving the second half kickoff, the Kress team marched steadily into the Mustangs' goal line for their third teedee with Jackson going the final 15 yards after a 15-yard penalty against Bovina had moved the ball to that point. Terrell again kicked the extra point, but a penalty nullified it and he missed on the second attempt from the greater distance. That left the score 20-0 and it stayed that way until the teams traded ends of the field at the break between the third and fourth

In the final stanza, Kress got

On the extra point attempt, the snap from center was fumbled ly blocked, giving the Kress by Morgan, who was the holder team possession at the midfield for the intended kick. He pickstripe. Two plays made five ed up the ball and threw an incomplete pass na desperafor his 45-yard jaunt to break | tion effort to make the conver-

That boosted Kress' score

On the following kickoff Bobby McMeans got the Ponies in scoring position with a good return ---- from his own 25 to the Kress 42. A 15-yard penalty moved the ball to the 27, Mike Beauchamp got eight from there to put the ball on the 19. Mc-Means ground out two to the 17 and then on the next play broke through the center of the line and into the endzone to break Bovina's two-game touchdown drought.

Royce Sisk attempt to kick the extra point was no good.

Time remaining at that point was 4:25 and the Kress boys used it all up in driving back down the field.

They moved from their own 20 to the Mustang two before time ran out on them. The drive consumed 13 plays and all the time remaining on the clock.

Stuart McMeans led the Mustangs in the ball carrying department as he was called on 17 times and picked up 70 yards. Sisk, the fullback, carried seven times for 27 and Beauchamp gained 14 yards in a like number of tries. Ramirez was dropped four times attempting to pass for a total loss of 44
