************ A new football season will be launched this week and with it will be the 1971 Bovina Businesses Football Contest, which appears on page seven of the

paper this week. The contest comes to Blade readers through the courtesy of the 10 businesses which are advertised on the contest page. They're the people who make the highly popular contest possible and because of this, as well as other reasons, they're

deserving of your support. At the beginning of the contest is the time we devote part of this space to encouraging people to enter the contest each and every week. That's what it takes to win the overall contest and the grand prize of an expense-paid trip for two to the Cotton Bowl in Dallas come

next January 1. The weekly prize money is nice----like back when Gene Ezell knew something about football he would win enough each year to pay for his Blade subscription --- but the grand prize is the thing. During the 11 years the contest has been in existence, no one has ever won the GP who didn't enter

Therefore, you'll have to enter this first week to enter them all and insure yourself of being in the running for that Cotton Bowl trip. It'll be a safe bet to say that the overall winner will be one of the contestants during this first week. That could be you.

Blade readers are going to get another good deal this year, too. We've decided not to pick winners in this space as we have the last couple of years. In the first place, we couldn't influence anybody to pick like we did or even opposite from the way we did in the second place we couldn't do well enough to keep the critics from smirking

So, we'll just confine our picking to the selection of games you experts will pick from each week.

Get in on the contest this week and stay with it throughout the season. We guarantee you'll enjoy it. And it's a great conversation piece.

If you don't know how to do it, just start filling out the entry blank in public. Some helpful soul will be looking over your shoulder in no time and making suggestions.

Up at Vega, community leaders are upset by the fact that the highway, which is highly important to the economy, will by pass the town with the completion of Interstate 40.

With the right kind of political pull, according to The Vega Enterprize and Newspaperman Leon Yell, there's a possibility that the highway change could be delayed for a period of time, maybe even for as long as a year.

However, the Vega folks, according to Yell, haven't been successful in making contact with the Republican senator, John Tower, or the Republican congressional representa-

tive, Bob Price. Both GOP politicos have been Vega city commissioners to President Nixon and neither has acknowledged the letter. The good, ole Democrats, who received copies of the same letter, have made acknowledgements, according to our information, but their party is not the one in power and they are At Schools -not in the best position to do something about Vega's request.

In his Vega Views column last week, Yell wrote, "Just once we would like to hear from him (Price) and get his opinion on something besides why he should be re-elected."

The Vega people, in spite of their arguments to the con-trary, have about made up their minds that the town will be bypassed by the highway eventually. However, they're in-terested in talking to someone in an elected position who could help them create an additional delay. They feel they would have done some good if they could just salvage the highway business for several months or a year. Their failure to con-

tact the people they believe (Continued on Page 2)

Sponsored By Bovina Businesses --

Once again it's time for grandstand coaches, arm chair quarterbacks and just plain football fans to begin the annual guessing game that will result in one lucky, or intelligent, contestant winning a trip for two to the annual Cotton Bowl classic in Dallas.

Sponsored by 10 area businesses, a page ad will appear in The Blade each week for the next 13 issues. In each of the sponsor's advertisements will be listed a game being played sent copies of a letter from the that week. Contestants must choose a winner and write his or her choice on the line corresponding with the advertiser on the entry blank. A tiebreaking score must be pre-

Sponsors for the contest this year include Corbin Trailer Sales, Charles Oil Co., Sherley Grain Co., Birkelbach Machine and Pump, Bovina Wheat Growers, Inc., Bovina Gin Co., Agri-Sprayers, Bonds Oil Co., First State Bank of Bovina and Oklahoma Lane Farm Supply.

Contest rules are listed on the contest page. Only one entry blank may be submitted by each contestant. Deadline for entering is 5 p.m. Friday. Entry blanks may be brought to The Blade office or postmarked by that time each week.

Weekly cash prizes of \$5, \$3, and \$1 will be awarded the first three winners. Contestants must be 10 years old or

Enrollment continues to increase in Bovina Schools, according to information received from Gary Cox, Jim Noyes and Wilson DiCuffa, principals of high school, junior high and elementary, respectively. Total enrollment as of Tuesday morning was 691, up 29 from the 662 enrolled Monday of last week.

This is an increase of 59 over opening day total of 632. Broken down, the 691 total enrollment shows 171 in high school, 177 in junior high and 343 in elementary.

This is an increase of three over last year's enrollment at his sales pitch for the red, white and blue box, held by Bob this time.

Reflections The Blade

TEN YEARS AGO Sept. 6, 1961

Hoping to break a six-year drought in football games with Farwell, but given little chance to do so, Bovina's Mustangs take on the always-powerful Steers here Friday. The Steers are rated one of the top Class A teams in state.

Bovina Lions will stage their annual broom sale Friday, Lion Boss Tom Bonds announces, A total of 111 entries were submitted in opening round of

Bovina Businesses Second Annual Cotton Bowl Football Contest which appeared in last week's issue of The Blade. J. W. Harris and Mrs. Keith Garner each submitted perfect

entries except for the tie-breaker score. Harris was 18 points off on the score and Mrs. Garner was 21 points off. Bovina Mustangs heard scoring opportunities knocking a couple

of times Friday night, but were unable to open the door as they dropped 1961 football season opener to Springlake Wolverines

Visiting in Bovina recently was Father John R, Doyle of Dublin, Ireland, His primary mission to United States was attendance at Dublin Diocesan Patricean Congress held in June. FHA girls entertained freshmen members Tuesday evening with a watermelon party at roadside park.

Mr. and Mrs. Vernon Willard entertained Couples Bridge Club Thursday evening with a chicken fry at their home. A birthday dinner at the home of Mrs. Nola Read honored Mrs. Joe Wilson and members of 39ers club Thursday evening.

SIX YEARS AGO Sept. 8, 1965

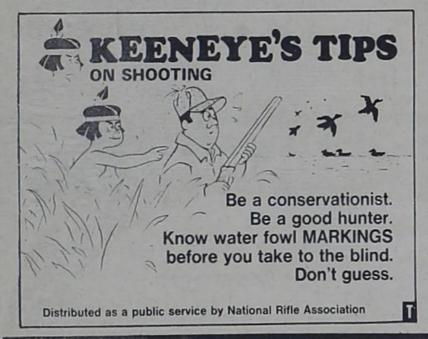

In a football game here Friday night, the Bovina Mustangs launch the 1965 season and attempt to do something a maroon and white team hasn't been able to accomplish in the past 10 years -- win over the Farwell Steers.

Bovina High cheerleaders have been practicing for the big bonfire and snake dance which annually precedes the Farwell football game. These events are planned for Thursday night at 7. Rev. and Mrs. Gene Hawkins of Lockney, former Bovina residents, left by jetliner Tuesday on a month-long evangelistic

crusade to New Zealand and Japan. Joe Tarter of Lazbuddie was the only one of 117 contestants to pick all 10 winners in last week's Bovina Businesses 1965

football contest, the first in a series of 13. Mac Glasscock, who farms south of Bovina, delivered the first 1965 load of grain sorghum to Bovina Wheat Growers Wednesday

Eighteen of the 27 members of the 1965 Bovina High graduating class are going to college this fall. Only about 34.2 per cent of Texas' high school grads attend college. This means Bovina still sends almost twice as many graduating seniors to higher education as does the average Texas community.

Letters To The Editor

Friona, Texas 807 Virginia St. Aug. 31, 1971

Dear Dolph, May I have a small space in

your paper to compliment Cecil Bunch on his article on parent's discipline of their children during worship.

Members of "the church" went to a lot of expense to have a nursery built for small children. Little children become restless, they are too young to understand why they are confined so long.

The last time I visited Bovina Church of Christ I couldn't hear the sermon for I had one lady in front of me, one to my right and one in back that had crying babies.

Cecil, I hope you have impressed the Christians that where we worship is supposed to have reverence for the house of the Lord and speaker.

> Sincerely, Mrs. Edward Spring

like they might vote strongly democratic the next time the general election polls open.

One more observation about how easy it is to win the football contest: An average of roughly .750 over the 13 week period should do it for you. You can do that by getting seven and eight of the 10 games correct on alternate weeks. It's just as simple as that. And that doesn't sound too hard,

If you think you have a technical skill,

increase to any extent." By the President's Executive Order No. 11615, prices were stablized for a 90-day period at levels not greater than the highest of those pertaining to a substantial volume of actual transactions during the 30-day period ended August 14, 1971. Section 202 "A" of the Economic Stabilization Act of 1970 authorizes the President to issue orders stabilizing prices at levels not less than those prevailing on May 25, 1970. Therefore, in cases where prices have dropped below those of May 25, 1970, thse prices may increase. But, prevailing prices cannot be higher than the highest price established in the mentioned

time periods.

"Possibly the most significant aspect of the new programs could be the psychological effect of the turn-about in the administration's economic policy," pointed out Shafer. "If confidence in the economy is renewed, inflation is restrained, and unemployment drops significantly, then the demand for food could increase. This would result in increased sales at the stabilized retail prices.'

The agricultural economic group cited an example. If

strengthen the U.S. trade position via the 10 percent surcharge on imports and temporary suspension of the dollar convertibility into gold should make our agricultural products even more competitive in domestic and world trade," said Shafer. "The world trade question, however, hinges on the response of agriculture's big customers like Japan, Canada, and the European Economic Community (EEC) to the import-restricting moves of the President."

About 14 percent of U. S. farmer's income comes from sales in foreign markets and 49 percent of U. S. agricultural sales are to the six EEC countries, Japan, and Canada. Japan, our largest customer,

accounted for 16 percent of U. S. farm export sales for hard currency. The new 10 percent surcharge on imports will reduce somewhat the demand for Japanese goods in this country. Furthermore, should Japan have to increase the value of its currency, our commodities will become increasingly competitive with their's in world markets, the committee re-

Bovina Area Churches Welcome You!

"Hope you won't mind my callin' your attention to a couple of little trespasses."

A PRAYER

It's telling God what's on your heart, Entreating Him to take your part; It's drawing near to touch His hand--It's begging Him to understand; It's promising to do your best-It matters not how hard the test; It's gratitude for favors past--A hope that they may always last; A rod that bars the way of sin, And keeps the soul at peace within; It's talking to the God above--And thanking Him for His great love.

LEGAL NOTICES

-- LEGAL NOTICE --All brands and marks on Texas livestock must be rerecorded with County Clerks after August 30, 1971. Producers will be given a sixmonth period (August 30, 1971 through February 29, 1972) in which to register these brands and marks and the location on the animal which they are currently using, after which time any unrecorded brand will be available for use on a "firstcome" basis.

The law further states that all such brands and marks must be rerecorded every 10 years. Each County Clerk records for his given county only, so many producers may need to record their brands in additional counties if their operations indicate.

The owner shall have the right during this six-month period to file the mark and brand now recorded in his name. In the event it cannot be determined from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

It should be noted that it is illegal to brand livestock without first properly recording the brand with the County Clerk in the county in which the livestock are held.

When the brand or brands are recorded, the location on the animal on which the brand is to be applied must be designated. If the brand is to be applied to more than one location on the animal, it must be so recorded and each additional location for the brand on the animal shall constitute a separate recording of that

There is no limit to the number of brands and/or marks which may be recorded in a county by a person as long as requirements of this law governing the recording and rerecording of livestock brands are met. TIE-WIDE & HANDSOME

The newest gift craze to collar your guy, is to take needle and thread-and sew him a tie! And sewing a tie is as easy as pie with McCall's Step-By-Step pattern #2568. From start to finish, even beginners should be able to bedeck a neck in

only 90 minutes or less. To keep your guy tie-wide and handsome, the pattern includes the regulation four inch wide tie (if he's a fashion conservative), the new five inch wide tie (if he's with the men's fashion revolution) and the classic bow tie (if he's that special type). If he wears all three styles, it's simple enough

to make him one of each. The possibilities for creative and original ideas are unlimited, too. An imaginative gal can incorporate his favorite color, print or special-interest motif-into a tie sure to mellow this number one fellow.

If many of the world's top golfers are thinking along somewhat "classic lines" these days, it's probably because they're tuning up for the \$250,000 Westchester Classic and its \$50,000 first prize.

Bruce Crampton, 1970 defending champ, will head the list of top pros competing at the Westchester Country Clab, July 22-25.

The biggest winners of the Westchester Classic, however, are six hospitals in Westchester County. In the past four years, more than \$1.2 million in Classic proceeds have been donated to these hospitals.

The final two rounds of the Classic will be televised nationally on the Hughes Sports Network on Saturday and Sunday, July 24-25. Judging from past tournaments, this year's final round should also be a cliff-hanger.

Jack Nicklaus, Eastern's golf pro, has been involved in three of the four thrilling finishes. In 1967, he edged Dan Sikes; in 1968, Julius Boros birdied the last hole to score a one stroke victory over Jack; and last year, Crampton's birdies on the last two holes left Jack and Larry Hinson one stroke off the pace.
