

Congress 'Stalls' on Jap Issue Awaiting Concessions by Tokyo; Economy Drive Hits Farm Fund

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

Topic-of-the-Day: Wheeler and C. I. O.

POLITICS:

Labor's Candidate

A New Englander who comes from Montana went from Washington to Columbus one day in late January, indicating that Sen. Burton K. Wheeler has been around enough to rate as presidential timber.

WHEELER He accepted...

Arriving at Columbus he publicly hoped President Roosevelt wouldn't seek a third term, nevertheless he promised to support him if the President was re-nominated.

At the convention Senator Wheeler practically tossed his hat in the ring. Bands blared and 2,400 delegates roared as he mounted the rostrum in an atmosphere reminiscent of a political convulse.

Despite warnings that C. I. O. support was a "kiss of death" to any candidate, Senator Wheeler stepped into the fire.

CONGRESS: Embargo

Tokyo sat watching the U. S. like a spanked child awaiting forgiveness. Yet there remained enough lack of Japanese unanimity to make forgiveness impossible.

At Washington neither the state department nor the senate foreign relations committee seemed in a hurry to take further action.

one congressman: "The Japs have made their bed with a long list of violations of American treaty rights... Now let them lie in it awhile."

But Senators Pittman, Barkley, Minton and Austin to the contrary, Washington's Sen. Lewis Schwellenbach had his own opinions.

NAMES in the news...

HARRY HOPKINS, III most of the 13 months since he was named commerce secretary, came back to work.

JOHN THOMAS, Gooding, Idaho, banker, was named U. S. senator to succeed the late William E. Borah.

KAISER WILHELM II, exiled German emperor, celebrated his eighty-first birthday in Doorn, Netherlands.

EDWARD S. HARKNESS, philanthropist who gave away more than \$100,000,000 of the fortune he got mainly from Standard Oil interests, died at 66 in New York.

ating U. S. rights, Senator Schwellenbach would censure the U. S. and thereby avoid international complications.

The Method: Pass an embargo on the contention that the U. S. is violating the nine-power treaty by furnishing 80 per cent of Japan's war material.

Continued was the economy drive to avoid either new taxes or a boost in the federal debt limit.

EUROPE: The Neutrals Momentarily in the headlines was a report that the U. S. had asked all American nationals in Sweden to leave for home.

Bigger neutral news came from Rumania, which suddenly found its oil resources both a curse and a bulwark of defense.

Though he was in a tough spot, Carol did not overlook the temporary value of this double pressure.

Concerned over the marital troubles of Eve Stanley in "When a Girl Marries" (played by Irene Winston), a young Oklahoman sent her a proposal, offering her a home and a husband's protection on his farm.

Hedy Lamarr, looking very lovely, arrived in New York with her husband, Gene Markey, about the time that pleasant news came along about "I Take This Woman," which caused so much news that wasn't pleasant.

★ New York ... ★ Vaudevillists' Chance

By Virginia Vale (Released by Western Newspaper Union.)

BLONDE CAROLE LANDIS is reporting on the set at the Hal Roach studios these days in a costume of smartly-tailored, abbreviated animal skins, and is praying that some smart Hollywood word-coiner won't give her a suitable label, like "The Prehistoric Peach" or "The Stone Age Siren."

She is playing the role of "Loana, the Golden One" in "100,000 B. C.," the picture of cave man days which Hal Roach is directing and D. W. Griffith is producing.

"I'm studying English, French and Italian," remarked Carole the other day. "And I've studied voice for years. I sang with orchestras before I entered motion pictures. Honestly, I can do a few other things besides wearing a skippy fur costume. This picture is a lot of fun and I'm tickled that I got the role. But after it's over I want people to sort of forget that I was the girl in the animal skins."

She's right. Motion picture history shows that, once an actress acquires fame by evorting around clad in a trick costume, the impression gets about that she'd be lost in something snappy in evening gowns. Take Dorothy Lamour, for instance. Getting out of that sarong in which she became famous on the screen is like extricating one's self from a straitjacket.

Hollywood has laughed at Mayor LaGuardia, of New York, for urging that the motion picture industry be transported bodily to New York. But recently Ernst Lubitsch, who directed Garbo in "Ninotchka," and William Dieterle, who directed Marlene Dietrich in "Destry Rides Again," called on the mayor and had a long talk with him. Not long before that, King Vidor, equally well known as a director, had a long visit with him. All insisted that the calls were just social, but it seems likely that there has been some discussion about bringing the movies back where they came from.

Chester Lauck and Norris Goff, better known as Lum and Abner of the air waves, have signed up to star in a picture that will be released by RKO.

Rudy Vallee's new air show will make its debut March 7, via the NBC red network, but it has not yet been determined whether it will precede or follow Bing Crosby's "Music Hall."

The preceding half hour will be open, as "Good News" will be cut in half by that time, and the sponsor of the "Music Hall" will be the one to make the final decision, since the Vallee program will be backed by the same organization.

Don Kelley, publicity and promotion director at Station WLS, Chicago, recently sent a "singing telegram" to George Biggar, now at WLW, on his birthday. A girl at the telegraph office in Cincinnati sang "Happy Birthday" to Biggar over the wire, and was promptly invited to audition for a radio job.

Famed vaudeville artists of other years, who have practically disappeared from the American scene because of the crush of the movies and radio, will be given an opportunity to entertain a greater public than they ever dreamed of. Al Pearce, air-wave master of ceremonies and comedian, has inaugurated a policy of presenting to the radio audiences each week a different vaudeville personality as a feature of the "Al Pearce and His Gang" broadcast. The guest artist will present his particular specialty as a distinct part of the half-hour program.

This old-fashioned Saw Tooth quilt pattern? It has been used for the border of many a handsome quilt. It is so effective and so simple to piece that it should serve more decorative purposes. Here it trims kitchen curtains of unbleached muslin. It surprises one a little to see how modern it looks. Cut a piece of stiff paper in a perfect square and then cut diagonally

through the center. One half will make your triangle pattern. The size suggested in the sketch makes a very striking border. If a very strong, bright color is used for the plain triangles, a narrower border in this design will also make a good showing.

NOTE: Mrs. Spears has prepared for our readers a set of three Quilt Block Patterns from her favorite Early American designs. Included in the set is the Kaleidoscope, and the Whirlwind. The third is the Ann Rutledge, which Mrs. Spears sketched from an original in the Rutledge Tavern at New Salem, Ill., where Abe Lincoln boarded, and where he courted the proprietor's daughter, according to the romantic legend so familiar to movie goers. It is an unusual variation of the Nine-patch, and rich with historical background. For set of three complete patterns, send 10 cents in coin to Mrs. Spears, Drawer 10, Bedford Hills, New York.

Beekeepers' Chairman Finally Got In His Sting

The excited man mounted the platform and began his speech. The chairman made repeated efforts to stop him, but to no purpose. In the end he had to let him carry on.

And carry on he did, fiery and pungent, for an hour, then stopped. "Have you quite finished?" asked the chairman.

"Yes," said the orator, "and I defy you to contradict a single word I said."

"I don't wish to," said the chairman. "The Brewery company, of whose management you complain, is holding its general meeting of the floor above. This is a reunion of the Beekeepers' society."

Pull the Trigger on Lazy Bowels, and Also Pepsin-ize Stomach!

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin.

Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach-relief, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of undigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how pepsinizing your stomach helps relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even finicky children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative—Senna with Syrup Pepsin at your druggist today!

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory results. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions.

These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes.

If more people were aware of how the kidneys may be constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medicine would be more often employed.

Bearing, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer stinging backache, persistent headaches, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

TEXAS OIL plays a  
vital part in providing  
our boys and girls with  
school buildings and  
other educational fa-  
cilities that are among  
the finest in the world.

Oil taxes collected and used only for Texas public school purposes during 1938 amounted to \$21,425,773.00.

Based on the per child educational cost of \$56.30, this sum provided education for 387,446 children—or 25% of our entire 1938 scholastic enrollment.

## Personalities of School

Tuesday morning Miss Eutha Davis was chosen by the members of the Junior and Senior classes as the representative for the Federal American Youth Pilgrimage sponsored by the American Daughters of the Revolution and also as one of the members of the Who's Who of American High Schools. Miss Davis was chosen for these two offices because she has all of the qualities necessary for the position. It may well be said that Eutha has scholarship because she always makes good grades in all her subjects. When she was a freshman and a sophomore she received the scholarships for having made the best grades. Her mid term average this year is a B. Eutha may well be said to be a favorite of all her classmates because of her friendship for all, her personal charm as a young lady, her integrity as a class member and a student, her responsibility in all her endeavors, and her high ideals.

Eutha has assumed extra-curricular activities and fulfilled them just as faithfully as she did her prescribed courses. She is reporter of the Senior Class, editor of the Hoot, and does some secretarial work for Mr. Payne. Eutha well deserves the title of being one of our best basket ball players. Last year she was on the Sombrero staff and worked very diligently with it. The Senior Class likes to boast that they have two students that are being honored. We all hope that Eutha gets to make that trip to Washington, D. C.

Ralph Alewine, the son of Mr. and Mrs. R. W. Alewine, certainly deserves mention from the Hedley school. The outstanding honor that has been bestowed upon Ralph is that he is considered the choice of the Senior class as being the all around boy. Some things that truthfully make him deserve such an honor are: he has the highest scholastic average among the boys; he is secretary and treasurer of the Senior class and is loyal and faithful in its activities; until recently he was a member of the band; he participates in the school sports.

Ralph is all around in the respect that he has learned worthy use of leisure time. He is an excellent reader and has a variety of books as well as the knowledge of each. No task is too great for this boy as he is willing to participate in every activity and has the courage to keep moving and always be on time.

Eleven years ago Ralph entered the first grade in Hedley. From the very beginning he proved to be an outstanding student and one that is never pleased with just the common and average possibilities. Ralph has the ability to succeed and is the sincere wish of every teacher and student of the senior class that he keep climbing in the future and prove himself worthy of our expectations.

## Students Give Program at Clarendon

Tuesday morning nine students, thrilled beyond description enjoyed a rare holiday, that of being the guests and presenting the program for the Lions Club at Clarendon. These men were gracious enough to send after us. When we reached the Clarendon Hotel, we were ushered to the living room, where a delicious dinner was awaiting us. The menu consisted of broiled ham with brown sauce cabbage salad, creamed potatoes on lettuce, macaroni, turnips rolls and fruit cups and cookies for dessert. We next rendered our program which consisted of two songs by seven girls, a solo by Margaret McLaughlin, and a cornet solo by Paul Diehman. The songs that were sung were those of Stephen O. Foster, Old Folks At Home, Old Black Joe, and Beautiful Dreamer. The cornet solo was some of the Border. After the Lions had attended to their business we faced the flag and sang America. They gave us a hearty invitation to come back again. Those making the trip were Nedra Thomas, Eutha Davis, Della McLaughlin, Ida Lou Johnson, Gene Kirkpatrick, Margaret McLaughlin, Paul Diehman and Mrs. Watkins.

## Romance a Modern Linerider on the Range

Invite a Visitor to WEST TEXAS in 1940

"WE RIDE HERD ON KILOWATTS"

THE LINEMAN is similar to the old-time cowboy in many ways. He wears spurs. His work is highly exciting—and, at times, extremely hazardous. Like the cowboy who must guard his charges against unruly elements, this modern linerider's work is increased tenfold in bad weather.

The main difference is that the cowboy tended livestock.

The lineman tends live wires and rides herd on kilowatts.

You've seen him many times, high up on 50 foot poles wherever new lines are being built or old lines repaired. His is one of the most hazardous jobs in the world.

Although his work is unusual, he lives a normal life. He is a good citizen... maybe he is your neighbor. He is one of the hundreds of men and women, working "behind the scenes," who make Electric Service efficient, dependable, and economical here. He is one of Your Electric Servants whose praise goes unsung. On him we bestow a title of honor in this Southwestern country—"A Modern Linerider."

### IGHT COLDS

By helping nature build up our cold-fighting resistance

If you suffer one cold right after another, you're emotional news! (re Elizabeth Vickery) Her: "I used to catch colds very easily. Dr. Pierce's Golden Medical Discovery helped to strengthen me just splendidly. I feel better, have more stamina, and was troubled very little with colds."

This great medicine, formulated by a practicing physician, helps combat colds this way: (1) It stimulates the appetite. (2) It promotes flow of gastric juices. Thus you eat more; your digestion improves; your body gets greater nourishment which helps nature build up your cold-fighting resistance.

So successful has Dr. Pierce's Golden Medical Discovery been that over 30,000,000 bottles have already been used. Proof of its real benefits. Get Dr. Pierce's Golden Medical Discovery from your druggist today. Write Dr. Pierce, Dept. N-100, Buffalo, N. Y., for generous free sample. Don't suffer unnecessarily from colds.

### FUL CASE of ugly surface IMPLES

We want to help! What you've tried for dis- faces pimples and blemishes—here's an amazingly formula—powerfully which quickly relieves starts right in to help AST healing. Results case of Zemo should thrill om coat to coast. So yet so EFFECTIVE. ent form. Used in best as only \$54, 60, \$1.

Worthless Book  
If time is precious, no book that will not improve by repeated reading deserves to be read at all.—Carlyle.

### CONSTIPATED! Gas Crowds Heart.

"For years I had occasional constipation, headaches and pains to the back. Awful gas bloating seemed to crowd my heart. Results always helped right away. Now I eat sausage, bananas, etc., anything I want and never feel better."—Mrs. Mabel Schott. Two things happen when you are constipated. FIRST: Accumulated wastes swell up bowels and press on nerves in the digestive tract. SECOND: Partly digested food starts to decay forming GAS, often bringing on sour stomach, indigestion, and heartburn, blasting you up until you sometimes gasp for breath. Adierka gives double relief with DOUBLE ACTION. BALANCED Adierka containing three laxatives and five carminatives relieves STOMACH GAS almost at once. It often clears bowels in less than two hours. No griping, no after effects, just quick results.

### Windy City Firemen

Subzero weather in Chicago proved a dangerous handicap to Windy City fire fighters recently. Heavy snow and freezing temperatures called for drastic measures. Firemen John Donovan, left, equipped with ladders and carrying a ladder, hastens to a fire just outside the city's Loop. Right: A parked automobile sealed with a heavy coating of ice from water sprayed by firehose. After each blaze firemen were forced to chop their hoses free from ice-covered streets.

### Finnish Soldiers Examine Captured Soviet Field Guns

Finnish soldiers examine field pieces and other spoils of war captured from the Russians in fierce fighting near the Karelian peninsula front. A recent Soviet dispatch solemnly announced that Russia would declare war on Finland unless that country returned all munitions material which she had captured. The Finns are reported to have taken great stock of ammunition and other war sinews from the Red troops.

### Join Forces to Fight Long Machine

Sam Houston Jones, left, who ran second to Gov. Earl Long in the Louisiana Democratic primaries, embraces James A. Noe, third place candidate. The vote given Jones entitles him to a run-off election against Long in February. Noe announced he will swing his support to Jones in an attempt to beat Long, a brother of the late "Kingfish" Huey Long.

### 'Abe Lincoln' and Wife Visit White House

A railroad accident didn't prevent Mr. and Mrs. Raymond Massey from reaching a dinner party given by President and Mrs. Roosevelt. The train stalled en route to Washington from Chicago, the party completed by plane. Massey, an actor, has won fame for his port of Abe Lincoln.

### Heroine Weds

Jessie Simpson, beauty contest winner and photographers' model who lost her legs in a train accident in 1937, has a "hair-do" for the most important event of her life—her marriage to James Stewart of Hackensack, N. J. Miss Simpson is proprietor of the Hackensack beauty shop.

AROUND THE HOUSE  
White sauce for boiled potatoes, cauliflower, carrots and asparagus can be dressed up by a liberal sprinkling of paprika.

When measuring syrups or molasses, dip cup in hot water and mixture will not stick to the sides of the cup.

Chewing gum can be removed from washable material by softening the gum with egg white, then washing.

Tasty Nuts.—To give a better flavor to nuts heat them for five minutes in a moderate oven. Such heating is especially advisable in the winter time when nuts are likely to be stale.

One pound of loaf sugar is sufficient for serving 25 persons.

Garnishes.—Thin slices of lemons, oranges, limes or grapefruit, sprinkled with sugar and broiled 10 minutes, make effective and tasty garnishes for roasts or fowls. Red or green jelly, dotted on top of the slices, gives added color and flavor.

Cooking Apples.—Apples are over 80 per cent water, thus in cooking them only enough water should be used to prevent them from scorching or sticking to the pan.

Preparing Starch.—To give a glossy finish, use soapy water in preparing starch for laundry.

New Flannels.—It is an excellent plan before washing new flannels to soak them for a quarter of an hour in cold water with a good handful of salt. Then wash them in the ordinary way. This makes washing much easier and the articles look beautiful when dry. If new colored goods are allowed to stand in salt water and rinsed in the same water, there is no chance of the color running.

How To Relieve Bronchitis  
Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

Range of Family  
Owing to the variety of ways in which people live, the United States census bureau, for census purposes, is obliged to place wide meaning on some of its terms. A "family," or those who constitute a household, range from a man living alone in a room to a thousand inmates living together in an institution. A "daying" or a place where people sleep regularly, ranges from a freight car to a hotel.—Collier
