West Texas Utilities Co. Go To Church Sunday Refunds Meter Deposits

As a reward for prompt payment of electric bills, a large number of West Texas Utilities customers here are getting their meter deposit back, with interest. Ted Dudley, local manager, said the company is refunding the deposit to all customers with a consistent record for prompt payment of bills over a three year period. This means that a total of about \$275 00, including interest for the past year, is being returned to electric users in Hedley.

The deposit will be returned to other customers annual as they qualify as three year prompt payment users, possibly at the close of each business year.

"It is a new policy being tried out this year for the first time," Ted Dudley said. "We believe our customers and friends will appreciate it—and maybe they can use the refund, too."

The company, he said, will continue to require the deposit where new connections are made until the householder has qualified for the refund.

Shaw-James

Miss Mildred James and R. A. Shaw, both of Hedley, were united in marriage on Wednesday, Feb. 14, at Altus, Okla. Rev. Galahan, pastor of the Methodist church there, read the ceremony. They were accompanied by Miss Theta Wheeler of Vernon and Anell Adamson.

The bride wore a navy blue dress with white accessories. Immediately after the ceremony the couple left for a short wedding trip to Wichita Falls.

The bride is the daughter of Mr. and Mrs. B. A. James of Childress, and attended the Childress schools. She had been employed for some time in the Hedley Cafe.

The groom is the son of Mr. and Mrs. C. N. Shaw and grew to manhood here. He attended the Hedley high school, graduating with the class of 1936.

The couple will make their home in Hedley.

The Informer joins a wide circle of friends in extending congratulations and best wishes to Mr. and Mrs. Shaw.

Named on Hospital Board

Three Hedley men were named members of the Adair Hospital county board in a meeting held last week. Those elected include:

President, F. E. Chamberlain
 Vice pres., Dr. J. O. Coffey
 Sec'y treas., Odos Garaway
 Supt., Mrs. Ruth Teas
 Other board members are J. B. Fickett, J. B. Masterson and G. B. Merrie.

Appoint Election Judges

W. C. Bridges was appointed last week by the commissioners court as election judge for the Hedley box, for the November election. Roy Jewell and J. M. Everett were named clerks for the election.

Oecil Dotson was brought home from a Memphis hospital last week in a Kelso-Womack ambulance after recovering from an attack of pneumonia.

WHAT MY ABSENCE DID

It made some question the reality of religion.

It made some think that I was a pretender.

It made many think that I regarded my spiritual welfare and that of others as a matter of small concern.

It weakened the effect of church service.

It made it harder for the pastor to preach.

It discouraged the brethren and therefore robbed them of a blessing.

It caused others to stay away from church.

It made it harder for me to meet the temptations of the world.

It gave the devil more power over lost souls.

It encouraged the habit of non church going.

It discouraged my neighbor, besides I was the biggest loser.

WHAT MY PRESENCE DID

It caused people to have confidence in me.

It made people know that I regarded my spiritual welfare and that of others as a matter of great importance.

It had a good effect on the service.

It made my friends feel more welcome.

It encouraged the brethren and helped the pastor in his work.

It caused others to come to the house of God.

It made my life stronger for another week.

It moved stumbling blocks from the sinner's path.

I pleased God that I was happy.

It caused others to say, "He practices what he preaches."

MORAL: Go to church Sunday.

Richerson-Piercy

Miss Dora Lucille Percy of near Clarendon and Homer Richerson of Borger were united in marriage on Sunday, Feb. 18, at the B. J. Leathers home in Lella Lake. Rev. J. Perry King, pastor of the Clarendon Baptist Church, read the ceremony in the presence of about 25 relatives and friends of the couple.

The bride is the daughter of Mr. and Mrs. C. R. Piercy of the J. A. ranch. She graduated from Clarendon high school in 1935 and attended Clarendon Jr. College and W. T. S. C. in Canyon.

The groom is the son of Mr. and Mrs. S. C. Richerson of Hedley and has lived here most of his life. He attended Hedley high school, graduating with the class of 1936. He is employed in Phillips.

The couple will make their home in Borger.

A host of friends will join the Informer in extending congratulations and best wishes to Mr. and Mrs. Richerson.

I am equipped to do public grading, at your place, any day.

HOLD YOUR BREATH

Roasts are much better when they have been boned and broiled.

Spoons can be cleaned by washing with salt.

Curtains on to their hinges for washing is difficult. They are thin the blunt end of the rod may tear them. This by fitting a smooth cover over the end of the rod is avoided.

Several thicknesses of old towels together for hot dish holders.

Soap scraps, all of them, into a pan and cover with water; simmer until every bit melted and the liquid is clear. Put in a jar and keep near sink. It will set into a jelly.

French fried potatoes will be crisp if allowed to stand in cold water for half an hour before frying.

To keep piano keys from turning yellow, expose them to light daily.

To clean a clock, saturate a piece of absorbent cotton about as large as a hen's egg with kerosene oil and place it in the bottom. Close the door and let the cotton remain for three or four days. Then take it out and swing the pendulum. Unless something is broken, the clock will go all right, as the fumes from the oil cleans the works.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Roosevelt Peace Bid May Delay Spread of European Conflict; Near Eastern Crisis Continues

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) Released by Western Newspaper Union.

GERMAN-OWNED KRUPP SHIPYARDS AT ISTANBUL Did this give the President an idea?

INTERNATIONAL Mounting Trouble New war threats were spreading fast the day Franklin Roosevelt acted. The situation was especially explosive in the Balkans and the Near East. Turkey had seized the German-owned Krupp shipyards at Istanbul harbor (see photo above), ousted more than 100 Nazis and announced a sabotage plot against the Turkish navy had been nipped. Russia fortified her Turkish border, fearing a thrust against her oil resources. Greece's Premier John Metaxas warned solemnly that his nation was being drawn into war's meshes, making particular reference to the British-French troop concentrations along Russia's near eastern frontier.

(About 100,000 colonial British troops from New Zealand and Australia, originally bound for the western front, were dropped instead at Suez and dispersed to near eastern posts.) There seemed a general direction to this agitation. Even Italy, long an enemy of Turkey, was reported framing a trade pact with Istanbul, drawing Rome closer to Turkey's friends, France and Britain. Italy is already close to the Balkan entente, which over the week-end had wooed and won Bulgaria away from Russian influence. It all meant that southeastern Europe and the Near East were being mobilized either (1)

HOUSE AND WELLES A repetition of 1916?

for defense against threatened Soviet-German aggression, or (2) for an allied-sponsored drive against the Russian oil wells which are supplying Germany. (Supplies will come faster than ever now, because the Reich and Soviet signed a trade pact whereby Moscow will swap oil and ores for German machinery.)

Peace Bid Peace was already in the air when Franklin Roosevelt acted. A few days earlier there were persistent rumors that the Reich would offer peace terms to the League of Nations economic committee meeting in The Hague. But this was nebulous compared to Franklin Roosevelt's action. Unexpectedly, as is his publicity-wise wont, he announced that Under-

NAMES in the news . . .

- 2. The senate approved President Roosevelt's nominations of Marriner Eccles as federal reserve board chairman, and Chester Davis as a board member.
- 3. At Detroit, it was reported Archbishop Mooney had warned Rev. Charles E. Coughlin, radio priest, against controversial broadcasts on political and racial topics. At the Vatican it was admitted the development brought no displeasure.
- 4. The Egyptian govern-

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON (Consolidated Features—WNU Service.)

NEW YORK.—It is pleasant, indeed, to get something on Horatio Alger. Here's a boy who won his way to eminence by watching a clock, although he was 38 years old and had been just a clock-puncher instead of a watchmaker before this hair-pin turn in his career routed him to fame. We cite Dr. Frank Conrad, the "father of radio broadcasting," recently awarded the gold medal of the American institute for his "guiding genius in developing the world's first radio broadcasting system."

The master clock which ticked off his higher destiny hung in the plant of the Westinghouse company in Pittsburgh. It was a highly reputable old clock, but Mr. Conrad didn't altogether trust it. He and another employee made a bet as to which had the more accurate watch, through a week of time-keeping. Mr. Conrad refused to accept the decision of the office clock. In an unused garage near his home at Wilkinsburg, he rigged a crude receiving apparatus to catch time signals from the naval station at Arlington, Va. He caught them, but he also caught some added starters which he could not at first explain. Employing a primitive direction-finding device, he located them as apparently springing from a slag heap about a block away. He didn't find the source there, but he did find it a few steps farther on with one John Coleman, among the lonely impresarios of the first feeble birth cries of radio.

That was in 1912. Mr. Conrad incidentally won the bet on his \$5 watch against its \$40 rival, but he forgot all about mere time signals. He and Coleman teamed their researches and began filtering ghostly phonograph recordings through the intervening slag heap. The rest is an old story—the historic KDKA Harding broadcast, Dr. Coleman's 200 radio patents, his honorary doctorate from the University of Pittsburgh and his award of the Liebman, Edison, John Scott, and Lamme medals.

He is still curious and will take a sharp look at anything interesting or important, which alertness has led him into diligent research in botany, biology and astronomy. He has a lined, leathery face, steel-gray hair and, naturally, ever-watchful eyes.

IF THERE are any good ball players among the European refugees, they can get good jobs and nice pay in the Caribbean league.

General Trujillo working for Gen. Rafael Leonidas Trujillo, boss of the Dominican republic. He has been angrily accused of raiding the American National Negro league, and the Pittsburgh Crawfords have been mourning that no dark-skinned shortstop is safe when the general starts building up his infield.

The little, brown, diligent head-man of Santo Domingo is unpredictable. Since he took power 10 years ago, the junta of exiles here has been stacking him up as another Hitler. But just now, he signs a contract admitting 500 families of exiles from Germany and Poland, donates them 24,000 acres of land and says provision will be made for 100,000 additional settlers in the future. The contract grants citizenship to the newcomers and pledges their freedom from "molestation, discrimination or persecution."

He was a farm boy who learned fighting and ball-playing with the marines, during an eight-year period, ending in 1924 with the end of occupation. He's a fast shortstop. In the Dominican army he romped up through grades from private to general.

In 1930, he tipped over old President Velasquez and took the country. In the framework of a democracy, he made himself a 100 per cent dictator and his enemies admit that he has made a tidy little nation out of a jungle. He put the opposition in jail.

He has the cleanest of the Latin American countries and boasts that there is neither crime nor unemployment in Santo Domingo. He decreed that all automobiles should have lettered on their license plates, "Viva Trujillo!" He also had congress officially proclaim him, "beneficial fatherland."

Treatment of an Old Chair

By RUTH WYETH SPEARS HERE is proof of what a beauty treatment and a new costume will do for an out-of-date chair. Its new dress is very chic. The material is a soft old red cotton crash with seam cordings and binding for the scalloped skirt in dove gray.

An inch was cut from the back legs to tilt the chair for greater comfort. The carving at the top and the upholstery on the back and arms were left in place, but the lines of the chair were completely changed by padding with cotton batting. Unbleached muslin was then stretched over the padding to make all perfectly smooth.

NOTE: Mrs. Spears has prepared four booklets for our readers containing a total of 123 thrifty homemaking ideas; with step-by-step illustrated directions. Each book contains an assortment of curtains, slip-covers; household furnishings; rag rugs; toys; gifts and novelties for bazaars. Books may be ordered one at a time at 10 cents each; but if you enclose 40 cents with your order for four books (No. 1, 2, 3 and 4) you will receive a FREE set of three quilt block patterns of Mrs. Spears' Favorite Early American designs. Address: Mrs. Spears, Drawer 10, Bedford Hills, New York.

Evidently Young Man Had But a Peep for the Ring

The young man had just proposed to the most beautiful girl in the world. She had accepted him, and now he stepped into a jeweler's to buy an engagement ring. He examined various rings, and finally picked up a beautiful diamond. "What's the price of this?" he inquired. "That," replied the assistant, "is \$250." The young man's eyes popped. He whistled loudly and long—then pointed to a second ring. "And this one?" he asked. "This one, sir," said the assistant, eyeing the price-tag, "is two whistles!"

CONSTIPATED? Don't Let Gas, Nerve Pressure Keep You Miserable

When constipated two things may happen. FIRST: Accumulated wastes swell up the bowels and press on nerves in the digestive tract. This nerve pressure often causes headaches, a dull, lary feeling, loss of appetite, and distress. SECOND: Poorly digested food starts to decay forming GAS, bringing on sour stomach, and indigestion, and heartburn, bloating you up until you sometimes gasp for breath. Then you can't eat. You can't sleep. Your stomach is sour. You feel queasy, groggy, and miserable. BALANCED AGERICA—containing three laxatives and specially matched aloe. DOUBLE ACTION. It relieves that awful GAS almost at once, and usually clears the bowels in less than two hours. No waiting for over-night results. Sold at all drug stores.

There Were Others "I can't understand why I never accepted Ronnie the very first time he proposed." "That's easy, dear—you weren't there."

HOW ARE YOUR NERVES?

Cranky? Restless? Can't sleep? Tired easily? Worried due to female functional disorders? Then try Lydia E. Pinkham's Vegetable Compound famous for over 60 years in helping such weak, rundown, nervous women. Start today!

Wisdom in Man He is a wise man who does not grieve for things which he has not, but rejoices for those which he has.—Epicurus.

Unguided Zeal Zeal without knowledge is the sister of folly.

Constipation Relief That Also Pepsin-izes Stomach

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin. Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach-relief, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of indigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how pepsinizing your stomach helps relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even fussy children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative—Senna with Syrup Pepsin at your druggist today!

THE HOOT

Personalities of School

Lula B Owens has been our teacher of high school English for six years. She came here with the purpose of securing state accrediting in English IV. Even though that was done four years ago she never lets her class forget that they have standards of excellence which must be maintained.

Mrs. Owen, nee Lula Bowman, did high school work at Kress, Texas and the academy of Wayland Baptist College. Later she attended West Texas State Teachers College at Canyon. She was graduated from the Normal College with her major as public speaking. When she began to teach she learned that her most difficult and hated subject, English, while she was in college, was her most fascinating subject to teach; consequently when she returned to Kress to take her degree she changed her major to English. She has majors also in history and education and minors in public speaking and Latin.

While she was a student in college she belonged to the Epiphany Society, the Historical Society, the Dramatic club and Y. W. C. A. The year she was a senator she was asked to do experimental teaching for the college in the Canyon High School, a responsibility which two students were appointed without a supervisor.

Mrs. Owen holds the Bachelor of Arts and the Master of Arts degrees. She says that she expects to continue her studies because "only green things grow".

Mrs. Mary A. Reast has the distinction of being the senior teacher in point of service in the Hedley school, having taught the first grade in Hedley school for fourteen years.

Mrs. Reast says she was educated for a teacher. She received her public school education in the public schools of Texas. Later she attended Greenville College, Greenville, Ky., for two years; after which she attended Adair Normal College for one year. After leaving Adair College she became a teacher in the public schools of Texas.

During her public school attendance Mrs. Reast, nee Marianna Martin, was awarded two medals for ranking highest in scholarship. During her college attendance she took part in the usual college activities, and there is evidence on record in Denley county showing she ranked high in scholarship as a college student. Her major is primary education and her minor, English.

As to her work, Mrs. Reast says her guiding principle is, "Whatever is worth doing is worth doing well", and her goal or ideal, "This one thing I do well." With these thoughts in mind she has also traveled extensively as she has been in fourteen states and in all parts of Texas. She has attended Texas Teachers colleges rather regularly since she became a teacher in the Hedley school.

She is a member of Delta Kappa Gamma, the Texas State Teachers Association and the Denley county unit of the Texas State Teachers Association.

School Gets New Flag

The Hedley school was very honored Thursday when Mrs. C. Johnson, President of the P. T. A., presented it with our national flag with staff. In behalf of the Hedley school we say, "Thank you" to the P. T. A. and to all those who made this wonderful gift possible.

Leap Year Party

Girls, its leap year; do you love your man yet? Leap year just rolls around once in every four years and these girls are expecting just anything to happen. The senior girls are on the right track, but I don't know how long it will play into their hands. Last week we had a "Sadie Hawkins Day" without the race. The girls staggered timidly up to a boy and asked him if he would accept her fatherly advice and tend to her on the night of the fourteenth of February. All boys accepted very graciously and neatly waited.

They were escorted to the home of Mrs. Everett where everyone participated in dominoes. Later in the evening they were served paradise pudding, angel food cake and coffee.

The girls who thought this might be their lucky night were: Davis, Doris, Meris, Everett, Yvonna, Meeka, Della, McCaughey, Nina Jo Foster, Faye Leason, Juanita Harrison, LaVerna Wade, Neoma Thomas, Irene Proffitt and Eva Tina. The boys who didn't know whether they were lucky or otherwise were: Joseph Alewine, Paul Bailey, Don Casey, J. O. Dickerson, Wayne Latimer, Emory Stone, Glen Henderson and Paul Stewart.

Passion Play Presented

A film of the Passion of the Crucifixion of Christ, played by part of the original cast in Oberammergau, was shown in the high school auditorium Friday morning. Almost all students and many parents saw the play. We were glad to welcome a large group from Lella Lake school. Everyone who saw the film knows that it was well worth his dime.

Good piano for sale. Never been moved. No junk. Might consider trade if you have anything I can use.

See J. A. Moreman

Assembly

The program for Thursday morning, in appreciation, the occasion of National Music Week.

Jane Ruth Hall gave the story of the Piano. June Patrick gave the life story of Beethoven. Neven and announced the selections, Narcissus, Mighty Lak a Rose which was played by Miss Cleek, and the duet, Gondolier, played by Miss Cleek and Von Kathryn Biggs.

Albert Martin gave a brief sketch on the life of the beloved composer, Victor Herbert, and announced the two numbers, Ah Sweet Mystery of Life and Indian Summer which were played by Von Biggs. The life of John Phillip Sousa was reviewed by Bucky Everett and Mrs. Watkins played what is now considered the national march, Stars and Stripes Forever.

F. H. T. Club Meets

The F. H. T. club met Feb 15 in the home economics room and reorganized. The following officers were elected: president, Bessie Lou Lamberson, vice president, Jane Ruth Hall, secretary, June Kirkpatrick, treasurer, Camilla Doherty, historian, Bernice Langford, reporter, Bertie Usrey, song leaders, I. Johnson, Margaret McCaffrey, Chaney Ruth Key, Ida Lou Johnson and Ruth Key, sponsor, M. L. Berner.

Miss Bergner appointed a committee for the point system committee for raising money for a program committee.

The club decided to pay five cents per meeting for club dues and to meet twice a month.

The group plans to attend the F. H. T. Rally at Memphis March 24.

HEDLEY LODGE NO. 91

A. F. and A. M. meets on the 3rd Thursday night of each month.

All members are urged to attend. Visitors are welcome.

Please write your name, address and pattern number plainly.

Bothered by CONSTIPATION?

Constipation is bad enough! But why make things worse by doing yourself with harsh, bad-tasting medicines? Next time you need a laxative—try Ex-Lax. No spoons, no bottles! No fuss, no bother! You simply take a tablet or two of Ex-Lax before going to bed, and in the morning you have an easy, comfortable bowel movement. Ex-Lax tastes like delicious chocolate. It gets results gently—without forcing or strain. Good for youngsters and grown-ups, alike. 10¢ and 25¢ boxes.

EX-LAX The Original Chocolate Laxative

Contagious Laughter

While there is infection in disease and sorrow, there is nothing in the world so irresistibly contagious as laughter and good humor.—Charles Dickens.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They are a nationwide reputation. Are you a kidney sufferer?

School for Baseball Umpires Shuns Bottle-Ducking Course

When baseball teams head south for spring practice the umpires enter training, too, preparing for a summer of virtual isolation and desolation. During the season they must travel alone, live alone (and like it), endure stinging insults from audience and player alike—and still keep their tempers. They must even learn to duck pop bottles, for the big league fans and players seem to have a standing credo that most errors must be blamed on the umpire.

Picture Parade

When firing a player out, McGowan sees you hold the head and thumb just so, possibly affecting a disdainful demeanor. To call a man safe: "You bend the knees and hold the hands like this." Walter Fry, a student, learns how to welcome a successful case-runner who's just scampered home from third. If it's a close decision, he'll hear boos from the grandstand in just a moment.

Umpires are trained by Bill McGowan, American league arbiter shown here giving lessons. Above, McGowan plays the erring diamond warrior as one of his students executes the correct (and effective) way of telling a player to get off the field. Right: Umpires must duck not only pop bottles, but foul balls as well. McGowan shows a student how to protect his arms from injury.

Star Dust

★ Music of Our Land
★ Needed Mother's Touch
★ Eying Screen Nurses

By Virginia Vale
(Released by Western Newspaper Union.)

THE new radio program sponsored by Westinghouse is one of the most interesting and significant on the air. It is broadcast from Pittsburgh every Thursday from 8:00 to 8:30 p. m., Eastern standard time, on 97 stations of NBC's blue network. It is beamed to Europe, South America and other foreign lands.

Its aim is an important one. When Kenneth Watt, who produces and directs it, was asked to make up "Musical Americana," he had three things to remember. Primarily, he was to give American music to his audiences. He was to try to please all musical tastes; to win over those

KENNETH WATT

who look down on popular music, and inspire a sharper appreciation of serious music in those who think they can't understand it. And he was to give young American musicians a chance.

So, on "Musical Americana," Deems Taylor is commentator. Raymond Paige conducts the orchestra of 102 men, from the Pittsburgh Symphony; it is the largest orchestra on any sponsored broadcast. And each week a solo musician of exceptional talent is featured. The principal music schools of the country have been asked to recommend their star graduate students for these appearances.

Deems Taylor, Raymond Paige and Kenneth Watt are top men in their fields; Westinghouse has spared neither time nor effort to give us a superb program, made up of the music of our own country. Thursday should be "Musical Americana night" in all our homes.

"Musical Americana" may play no small part in international relationships. Mr. Edward C. Johnston of New York feels that it is tremendously significant that the program is broadcast to South America in Portuguese and Spanish. When you hear the American announcer speaking, in South America a native announcer speaks at the same time, the American announcement being cut off for those few moments. Mr. Johnston feels that a cultural exchange between the two countries aids greatly in developing the mutual understanding which is so desirable.

Stuart Erwin's mother cut his hair for the first time in 25 years just the other day. Erwin started work as the milkman in Sol Lesser's "Our Town." He plays the milkman.

"I want you with a home-made haircut," Director Sam Wood told him. "You know, one of those ragged mush bowl ones."

So Stuart Erwin went home and talked it over with his mother. She whipped out a pair of scissors, put a towel around his neck, and went to work.

The trained nurses of America have felt that some Hollywood producers had a lot to learn about nurses, judging by some of the pictures in which they have appeared. So they formed a committee to judge all moving pictures having nurse roles. The first picture to win their approval is RKO's "Vigil in the Night"; Carole Lombard and Anne Shirley are the actresses, who, according to the American Nurses' association, really look and behave as they ought to.

Do you want to take a free trip to New York? Every week about 3,000 people who do, write to Dave Elman, of "Hobby Lobby," and about 3,000 more write to "We the People." If you believe that you'd fit into either of those broadcasts, here's your chance.

During 1939 Elman brought some 250 people to New York, an average of five for each "Hobby Lobby" program. An average of \$150 was spent on each guest.

AND ENDS—Hugh Herbert will direct the University of Chicago's new play, "The Sign of the Cross," at the University of Chicago.

Ask Me Another

A General Quiz

The Questions

1. What American statesman was the grandson of a king?
2. Is the cantaloupe the same as a muskmelon?
3. What causes an oasis in a desert?
4. When was the first depression in the United States?
5. At what period of life does the brain grow fastest?
6. Who wrote the famous "Unfinished Symphony"—Bach, Schubert or Beethoven?
7. What is the capacity of the human stomach?
8. What is the world's largest produce exchange under one roof?

The Answers

1. Charles Bonaparte, who was in Theodore Roosevelt's cabinet.
2. The cantaloupe is one variety of muskmelon.
3. Springs rising from subterranean streams generally cause oases.
4. The first so-called depression in the United States occurred in 1785 and lasted until 1789.
5. During the first five years of life.
6. Schubert.
7. Normally from four to five pints.
8. The new Farmers' State market in Pompano, Fla. It is 1,000 feet long and 100 feet wide, and can hold 700 freight cars at one time.

FIGHT COLDS

by helping nature build up your cold-fighting resistance

If you suffer one or more colds every winter, you are not alone. Mrs. Elizabeth Victoria writes: "I used to get colds very easily. Dr. Pierce's Golden Medical Discovery helped me strengthen me just when I needed it. I feel better, and I don't suffer any more with colds." This great medicine, formulated by a practicing physician, helps combat colds this way: (1) It stimulates the appetite. (2) It promotes flow of gastric juices. Thus you eat more; your digestion improves; your body gets greater nourishment which helps nature build up your cold-fighting resistance. So successful has Dr. Pierce's Golden Medical Discovery been that over 30,000,000 bottles have already been used. Proof of its remarkable benefits is Dr. Pierce's Golden Medical Discovery. Get your druggist today, or write Dr. Pierce, Dept. N-100, Buffalo, N. Y., for generous free literature. Don't suffer unnecessarily from colds.

Ways to Happiness

There are two ways of being happy—we may either diminish our wants, or augment our means—either will do—the result is the same; and it is for each man to decide for himself, and do that which happens to be the easiest.—Benjamin Franklin.

I WORK FAST— BUT I LIKE SLOW-BURNING CAMELS. THEY'RE Milder AND COOLER— BETTER FOR STEADY SMOKING

BILL CORUM—famed sports writer and columnist

COMMON SENSE and years of smoking experience has told Bill Corum what scientists have confirmed in their research laboratories—that the slow cigarette burns, the cooler milder the smoking. Some cigarettes burn fast, some slower, some just in between. Laboratory tests show Camels are definitely slower-burning (details below). Turn to Camels and get the extra in smoking pleasure—extra milkiness, extra coolness, extra flavor, and extra smoking. Or, as Bill Corum puts it: "More per puff and more puffs."

In recent laboratory tests, **CAMELS** burned 25% or more than the average or 15 other of the largest cigarette brands tested—slowly than any of them. That means, on the average, a smoking plus equal to

Sammy Jo Low Dies

Many friends here were sorry to learn of the death of Sammy Jo Low, 1 year old daughter of Mr. and Mrs. Sam Low of Clarendon, who passed away Tuesday, Feb. 11, in a Dallas hospital.

Funeral services were held Tuesday from the Clarendon First Baptist Church by Rev. J. W. King.

Interment was made in the Clarendon cemetery under direction of the funeral home. Survived by her parents, father, Billy, and her extensive deposit to the bereaved.

Corps Recruiting Curtailed

With the establishment of a new all time high monthly Marine Corps recruiting record for the state during the month of January by the district recruiting officer in Dallas, recruiting activities have been greatly curtailed. During that month, according to Postmaster Mabel E. Jones, 144 young Texans satisfactorily passed the entrance examination and were admitted into the ranks of the United States Marine Corps. These young men are representatives of every cross section of Texas from the Panhandle to the Rio Grand Valley and from the Big Bend Country all the way East to the timberland region.

Incident to the curtailment of recruiting all offices in Texas at which applications for enlistment were formerly sent were formerly

FIRST BAPTIST CHURCH

H. P. Allen

We are sorry to report the death of H. P. Allen, 71 years of age, who passed away Sunday at the home of a son in Childress. He was the father of Rev. Vick Allen of Lella Lake.

His wife preceded him to death about two years ago.

Funeral services were conducted Monday from the Lella Lake Baptist Church by Rev. Chas. Talley and Rev. W. A. Leland. Interment was made in Old Cemetery at Clarendon under direction of Kelse-Womack Funeral Home of Hedley.

The Informer extends sincere sympathy to the bereaved.

GOOD WILL CLUB

The Good-Will club met Feb. 12 at the home of Mrs. Crooks of Memphis. We had a very enjoyable afternoon playing forty two Later we had a short business session, deciding to entertain the men with a chicken dinner at the home of Mrs. Vallance the night of Feb. 18. The hostess served refreshments, carrying out the Valentine scheme, to almost 100 percent attendance, lacking Mrs. John Mitchell.

Wednesday night, Feb. 18, we had a very delightful evening at the home of Mr. and Mrs. Dick Vallance. A lovely dinner was served to Messrs. and Mesdames Masterson, Vallance, Crooks, Mitchell, Murray, Ray, Tollev, Jameson and Medkief, and Mrs. Pyle, Misses Von Biggs, and Etta Card and Floyd Bates. Every one had a most enjoyable time and lots of fun around the 42 tables.

AMERICAN BOY MAGAZINE COMPANION TO THOUSANDS

Hundreds of thousands of boys and young men read The American Boy magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. The American Boy seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in The American Boy.

Many famous athletes in sports credit much of their success to helpful suggestions received from sports articles carried in The American Boy magazine. Virtually every issue of the magazine has a sports coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys clubs also recommend The American Boy enthusiastically. They have found that as a general rule regular readers of The American Boy advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in The American Boy, the sort of reading matter boys like best.

The American Boy sells on most newsstands at 20c a copy. Subscription prices are \$2.00 for one year or \$3.50 for three years. Foreign rates \$6c a year extra. To subscribe simply send your name, address and remittance direct to The American Boy, 7480 Second Blvd., Detroit, Michigan.
