To the Citizens of Hedley Jewel Sibley to Preach Commencement Sermon

The City of Hedley has an opportunity to do seven blocks of pavement by the aid of the Federal Government, who in turn will bear two thirds of the expense, but the City is unable to carry out this project unless the property owners are interested and willing to cooperate in helping where the pavement joins their property line. This paving program will be very inexpensive to the property owners who join the pavement, according to the value they and the city will receive from the pavement. The City will be glad to give the details of this program to any one that is interested.

The graduating class of 1940 was fortunate to secure Rev. J. M. Sibley, pastor of the First Baptist Church of Sweetwater, to preach its commencement sermon on Sunday evening, May 12 at 8:00 o'clock. This is the boyhood home of Jewell Sibley; otherwise it would have been impossible for the class to obtain a man of his distinction for this occasion. Furthermore the class feels that it is giving the community the privilege of seeing and hearing one of her "home boys" who has made good. Those who have heard him assure us that he will bring us a message worth hearing.

The commencement service will be held in the high school auditorium.

Variety Damaged by Fire

Fire of unknown origin caused considerable damage to the Hedley Variety Store about 4:30 Sunday morning. Quick work by the fire boys prevented the blaze from spreading and held damage to a minimum, considering the strong wind and the headway the fire had gained before the alarm was given.

The fire departments of both Memphis and Clarendon responded to a call for help, which was much appreciated by Mr. Medkief and the local fire boys, as well as our citizens in general.

Our neighboring cities have our sincere thanks for their quick and willing assistance.

Howard Withdraws from Race for County Supt.

I regret that owing to circumstances that have arisen since my announcement for the office of county superintendent, I find it advisable to withdraw my candidacy for the office. It is for no selfish reason that I take such action, but simply that I am doing what I think is best for the welfare of my family.

Especially do I regret to disappoint those of my friends who have so heartily and faithfully worked in my interest or who have looked forward to the opportunity of favoring me with their votes, and I thank everyone who would have voted for me. Personally, I would have preferred to run the race out, but I have no doubt that most anyone else with my point of view would have acted as I have. And furthermore, I believe there are few who would censure me because of the action I have taken if they were fully apprised of the circumstances leading to such action.

Respectfully,
C. W. Howard

Card Of Thanks

We wish to express our sincere thanks to all who assisted in extinguishing the fire in our store Sunday morning. We also especially thank the Memphis and Clarendon fire departments for coming.

TOM ELLZEY ENTERS RACE FOR CONGRESS

Tom V. Ellzey of Perryton, Ochiltree county rancher, also known through his work with youth through the L Z boys ranch, which operates eight weeks in the summer, is formally announcing in The Informer his candidacy for congress to represent the 18th district and to succeed Marvin Jones.

For 15 years he has run a boys summer camp and has enabled many boys to get their first touch of ranch life.

Long a lay church leader, Ellzey has been primarily interested in conservation of youth. It was as a young man in Kiowa County, Okla., while he was president of a county Sunday school organization that he met the young woman who is Mrs. Ellzey today.

In order to devote his time to the congressional race Ellzey has turned the management of the ranch and of the boys camp this summer over to his son, Lawrence, who is also known in the Panhandle area.

Conservation of natural resources, conservation of soil and conservation of youth are planks in his platform. He has been ranching nearly a quarter of a century in the Panhandle and feels that he is thoroughly competent to talk the language of the people of this section in congress.

Ellzey issued the following statement in connection with his candidacy:

I was born in California and was reared in Texas. I came up the Chisholm trail as a little boy with my father from Limestone County to Greer County, then part of the Panhandle of Texas.

When I was 14 years old I began to make my own way as a notion boy in a department store.

Since then I have served as a cashier in the same firm, ridden the line and batched in a dugout on the Kiowa Indian Reservation, milked cows to pay for my board while at Polytechnic College, Fort Worth, entered the real estate and banking business in Oklahoma, and was elected county treasurer of Kiowa county in 1905.

I worked for the International Sunday School Association as secretary of the Louisiana and Alabama State Associations, and traveled the United States and Cuba extensively in following this work.

I was with H. J. Heinz Co. for 5 years as director of the Growers' Service Department and as personal representative for J. H. Hines in United States and Canada. While with the Heinz Co. I was sent to Washington to have a special appropriation included in the agricultural bill then before the House of Congress. I got the job done in three days.

Upon the death of my brother I resigned from the Heinz Co. in order to take over the management of the L Z Ranch. On the way from Pittsburgh to the Panhandle I came through Washington and I brought a message from the government to the Panhandle, urging the growers to produce more food and feed for the war.

The Panhandle Cattlemen's Association organized a special commission for the promotion of Panhandle food and feed campaign. The commission was composed of Ben Masterson, Pat Landergin, Tom Coble, W. H. Fuqua, Ed Rainard, J. D. Hamlin, Tom Moody and others, and I was made director and manager of this campaign, without salary. I served in this capacity until the close of the war.

In 1918 I was sent to Washington to secure a \$50,000 loan for the wheat growers of Ochiltree County and secured the loan in one day.

And in 1934 when the feed situation became so acute, I went to Washington with Jack Allen, now 84th district judge. We started in at Marvin Jones' office at 9:30 a. m., and by 6 o'clock that evening, the emergency feed committee in Washington had started loading 100 carloads of feed for the dust bowl of Texas.

The feed for Ochiltree County arrived in Perryton before Allen and I returned. Thereafter, I rendered service whenever possible in building the present farm and ranch program.

The conservation of childhood and youth, the conservation of the

son, natural resource, an... of an enduring civi... fear of God, the love of... country, and the respect and co... cern for one's fellow man are as necessary today as they were when a little boy, busy at his father's carpenter bench in Nazareth, wrought out a yardstick, the Golden Rule, which is the only yardstick by which an individual can square his life. The same thing is fundamentally true of a home, a state, or a nation.

If we are going to use that yardstick, we are certainly obligated to provide security for old age with old age pensions. Shipping our boys to Europe to be fed to machine guns, bombs and cannon, is not conserving our youth, and the mothers and the fathers of the nation and of the world should be on their knees praying God to stay the horrors of war; but I believe that adequate means of defense and preparedness to the Nth degree are two of the major factors in keeping the United States out of war.

The New Deal has done more than any other program since the days of our Pilgrim Fathers to make possible the practice of the Golden Rule in everyday living. No one can deny that there are certain details of the New Deal program that should be modified and changed, but certainly it has saved the farmers and ranchers, and therefore all other forms of business interests, in the 18th Congressional District.

Marvin Jones, through the New Deal, has done more for the farming and ranching interests than any other man that has ever set in Congress.

No man can fill his place, but the need of the hour is to put a man in Congress from this district who knows the farming and ranching business from actual experience: who has tailed up cows, worn out tractors, who, along with others, has kicked the wolf from the door with one foot and the sheriff with the other during these long years of drought and dust experience.

The world now faces one of the most critical and chaotic conditions that has ever existed in the history of our nation. No one does prophesy what may happen in the next four years. For this reason it is imperative that we have as our representative a man who has had first-hand experience in and personal knowledge of the various interests of this Panhandle country.

We do not want to send men to Congress who will take four to eight years to get ready to do their task. We need a man to go to Washington with the fear of God in his heart and courage to start to fight the day he arrives to hold what Marvin Jones has secured for the ranchers and farmers of this District.

Senior History

The history of the graduating Seniors started in 1929 in Mrs. Rees's room. Among the faces that are graduating that were in that were in that merry little room are Rutha Davis, Yvonna Meeks, Doris Marie Everett, Faye Leach, and Ralph Alewine. There was a high first that year and La Verne Wade joined our merry little band Della McLaughlin started in the second grade and has continued upward to graduation. Paul Bailey was with us in the fourth grade, but moved to Giles to go to school. He again joined us when we were Juniors to graduate this year. The seventh grade graduation exercises thrilled those whose names have already been mentioned. The class came to high school green, but very eager to learn. During this year, we re-into our membership Ben Hick-son, Neoma Thomas, and Juanita Harrison. Miss Beryl Hixon was our sponsor and we were introduced into high school properly. During our freshman year, there were varied activities which everyone enjoyed. Paul Stewart joined our group during our sophomore year. Coach Virgil Gregg was our sponsor and proved to be a good one because we became educated "wise fools." Again in our Junior year we chose Coach Gregg as our sponsor and we had a number of activity programs including a trip to Lawson to see East-er Pageant, and the annual Junior Senior Banquet. This year part of our studies were with

The Giles Trio Irene Proffitt, Eva Tims, and Nina Jo Foster joined us this year. Paul Bailey again joined us along with Glenn Richerson, J. C. Hickerson, Jack Farris, and Wayne Latimer.

In our Senior year we elected Mrs. Lela B. Owen as our sponsor. She has worked diligently with us in planning an activity program. Our play, "The Hoped-for Husband" was a tremendous success through her sponsorship. Our greatest activity, the graduation ceremonies, is not to come. The class has worked hard for these few moments when a diploma will be awarded which shows that we performed the task that was before us. Those who are candidates for diplomas are:

Ralph Alewine Jr., Paul Dustin Bailey, Rutha Marie Davis, Doris Marie Everett, Laura Juanita Harrison, Nina Jo Foster, J. C. Farris Jr., J. C. Hickerson Jr., Donovan Paskie Hickey, Marshall Wayne Latimer, Faye Elizabeth Leach, Della Lee McLaughlin, Yvonna Faye Meeks, Lois Inez Proffitt, Glenn Major Richerson, Paul Vasco Stewart, Neoma Lavette Thomas, Eva Lucille Tims and LaVerne Wade.

FHT Club Takes Trip

Friday afternoon at 4 o'clock, 24 FHT girls, 5 guests and the sponsor left for Palo Duro Canyon in a truck.

We girls were so excited we could hardly wait until we got to the canyon. We got there about 5:30. We found a camping place, unloaded the truck, and ate supper.

As it was not dark, we went walking and climbed mountains. There was not much sleep done until about 8 in the morning.

The girls began to awake about 6 o'clock. Breakfast was cooked by group 1. We had scrambled eggs, bacon, jelly, toast, butter, cocoa and coffee. The dishes were washed and put away in great style.

It was about 8 o'clock and everyone went to climb hills and to slide down the "Devil's Slide." After that some of the girls went in swimming, others rested and waded.

Group 4 cooked lunch. For lunch we had pork and beans, sliced tomatoes, bread, potatoes, lunch meat, canned fruit, cake and cocoa.

After the truck was packed, we left for home with a few scratches but still with smiles. We arrived about 4:30.

Although some of their faces were blistered, they all reported a good time.

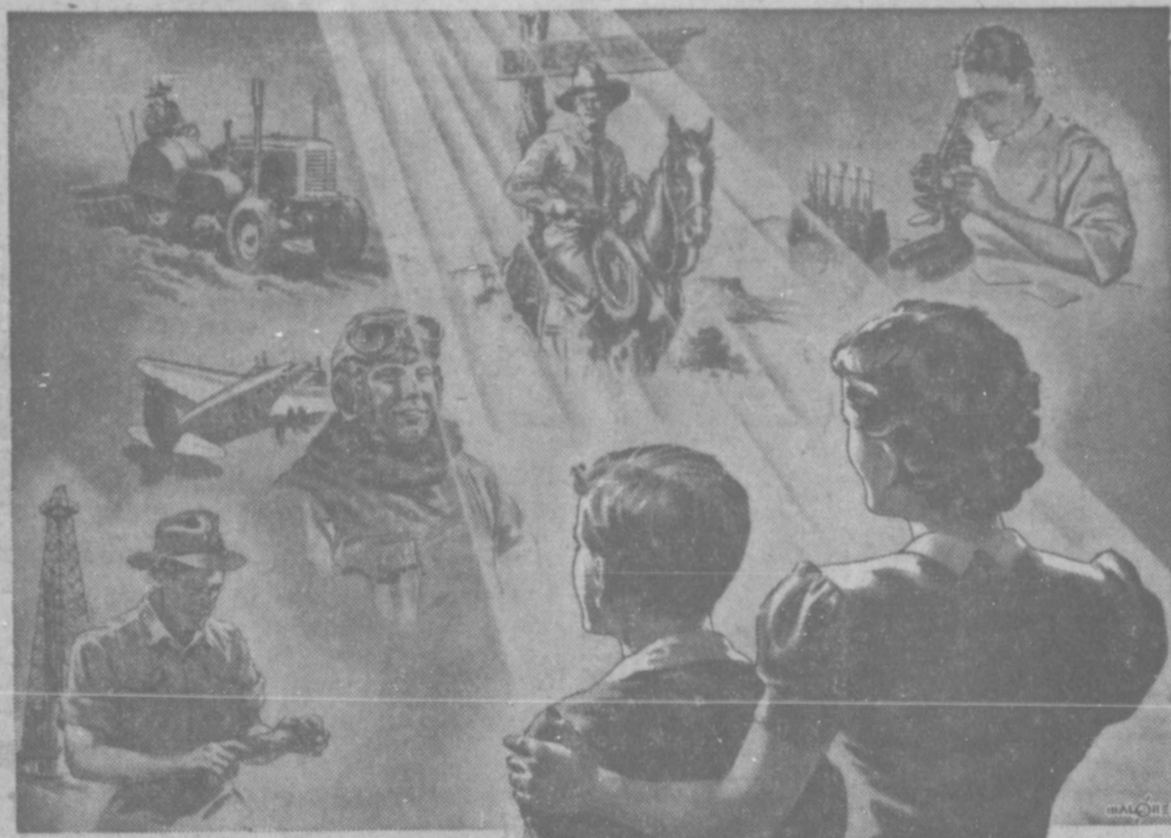

We especially want to thank Mrs. Shaw, Mrs. Johnson, Miss Cleek, Bert Urey, Mr. Bardine, and Mr. Phelan for accompanying us on our slumberless party.

WHEN Your Boy Grows Up!

ALL mothers and fathers want their children to have worthwhile employment when they grow up.

The Texas oil business is manned by Texans... the Texas boys and girls of yesterday. 225,000 of them earn good livings for themselves and their families—a yearly payroll of \$271,000,000.

Oil pays good wages... maintains reasonable working hours... and offers opportunity for promotion.

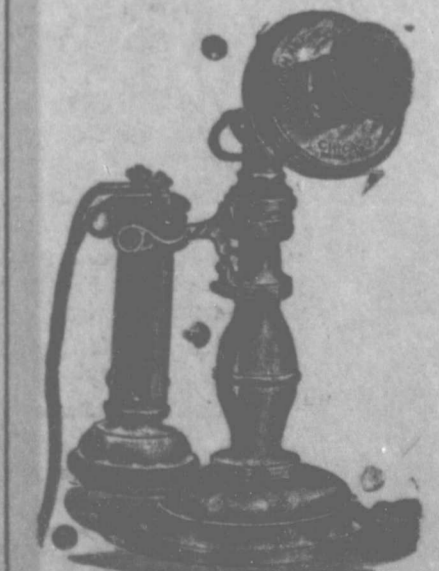

Old age retirement and unhampered development of the oil business will provide many new jobs each year for our young Texas workers.

But the growing tax burden is a serious factor in wages and employment, since the Texas oil industry now pays taxes equal to 36 per cent of its labor payrolls.

Unwise laws and excessive taxes can retard and stop the growth of this industry which means so much to the future employment of our boys and girls.
