### Methodist Homecoming

A homecoming day has been planned at the Methodist church for Sunday, June 30. All former pastors, district superintendents and members are invited to attend. Committees have been appointed to arrange the program, send invitations, prepare the dinner, etc., and a large attendance is expected.

### Vacation Church School

A vacation church school will begin Monday, July 1, at the Methodist church. The church and pastor hope to have the best school that Hedley has ever had, and ask the cooperation of both parents and children in their services.

### Political Rally

There will be a candidate rally at Gray schoolhouse Friday night, June 28. Everybody is welcome. There will be plenty of fun for all. Proceeds will be used to pay for electric fixtures in the school building.

### Revival

A revival meeting will begin at the Methodist church Sunday, July 28, and will last two weeks. Rev. J. P. Michael of Claude will do the preaching.

### Baseball

The Hedley nine won a baseball game on the local diamond Sunday, defeating the Hollis, Okla., team after a tough battle. The final score was Hedley 5 Hollis 4.

### W. E. Reeves Dies

W. E. Reeves, 68 years of age, another of Donley County's pioneer citizens, passed away Wednesday morning at the hospital at Memphis where he had been carried a few days previous when he suffered a severe heart attack at his home in Hedley.

Mr. Reeves was a man of sterling worth who was widely known in the Panhandle and had made himself felt as a colorful character and an outstanding personality in the town and county where he lived. He served as mayor of Hedley at several different times, was a prominent Mason and had been a member of the Presbyterian church since he was 17 years of age.

Colonel Reeves, as he was affectionately known, exhibited devotion and loyalty to family and friends to a marked degree and his going will be keenly felt by both.

He is survived by his widow three sons, W. E. Jr. of Garfield, N. Mex., Alton of Richmond, Calif., and Leon of Hedley and two daughters, Mrs. Edd Harris of Rotan and Miss Myrtle Reeves of Hedley.

Funeral services were held Thursday at the Methodist church at 2 o'clock by M. M. Miller, the Presbyterian minister of Jarenden, assisted by Bro. Wells of Hedley. Interment was made in Rowe cemetery under direction of Womack Funeral home.

Music was under the direction of Mrs. Alva Simmons. By special request Mrs. Rolla Brumley, a friend of the family, sang "Going Home" as a solo.

Pallbearers were Alva Simmons, Hobart Moffitt, Harrison Hall, Roy Jewell, Lake Dishman, and Edd Winslow. Honorary pallbearers were U. J. Boston, W. I. Rains, Zeb. Mitchell, Bill Harris, U. G. Key, W. L. Moffitt, J. E. Alexander and Ray Boherty.

#### Slip-Covered Boards Make Handy Screen

By RUTH WYETH SPEARS

DO YOU need a screen to keep drafts from a child's bed? Or perhaps you would like to have a good-looking one to cut off the view from the dining room into the kitchen or from a bedroom into a bathroom? Well, here is an idea for that screen. Buy four well-seasoned boards each 1 foot wide; 1 inch thick and as long as the height you wish the screen to be; also 9 hinges of the 1-inch butt type used for cupboard doors. Next, select a smart chintz to cover your boards. To estimate the amount of chintz, multiply the height of the screen by three and

then add 1/4-yard. Now, just follow the directions in the sketch and you will have your screen in no time.

And, by the way, if you are interested in making a collection of fabric toys, complete directions for the Rag Baby on the floor are in Sewing Book No. 2. The Sleepy Time doll on the bed and the Bandanna doll on the shelf are in Book 4; the Stocking Cat is in Book 3. You will also find full directions for the crocheted rug in Book No. 3. Directions for the lamp shades are in Book No. 1. Send 10 cents in coin for each book desired. If you order four books I will include patterns and directions for three of my Favorite Early American quilts, FREE. The Kaleidoscope; the Whirl Wind and the Ann Rutledge. Send order to:

#### Pull the Trigger on Lazy Bowels, and Also Pepsin-ize Stomach!

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up fast that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin. Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach comfort, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of undigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how pepsinizing your stomach helps relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even finicky children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative—Senna with Syrup Pepsin at your druggist today!

WEEKLY NEWS ANALYSIS BY ROGER SHAW

## Fighting Shifts From Flanders As Nazi Air Force Bombs Paris; Malta Looms as Trouble Spot

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

If Italy should move against Great Britain in the Mediterranean she might very likely direct an attack at the great British naval base at Malta. Malta has been on a war footing since the beginning of the European crises. Map at the right shows the relationship of Malta to Italy. Vulnerable perhaps to bombing attacks it would be a tough nut for Mussolini to crack by sea. Top left is a view of the harbor at Valetta with British man o' war at anchor. Below, one of the big coastal guns that ring Malta is blazing away during gunnery practice. (SEE ITALIC NOTES.)

### II GERMAN WAR: Flanders Battle

The Dutch-Belgian-Flanders-Artois battle came virtually to an end, save for up-moppings and kitty-corner operations here and there. The Dutch and Belgian armies had been surrendered or finished, and the First, Seventh, and Ninth French armies were destroyed. Nobody came out of it with any laurels save the British navy, which somehow succeeded in ferrying perhaps two-thirds of the British army out of Dunkirk by means of warships, transports, yachts, barges, and lifeboats—and under heavy aerial fire.

It seemed that the German air force fell down on this debarcation operation, for British losses, in retreat, were smaller than might have been expected. Somehow, the allies secured a temporary air supremacy in the Dunkirk sector, and the British Spitfire machines showed a slight superiority to the German Messerschmitt combat craft. British morale, strangely enough, was reported as excellent, but French morale did not appear in quite so favorable a light. The German general headquarters was strangely restrained in its moment of triumph. Lille, fourth city of France and its "Pittsburgh," was in German hands, along with Amsterdam, Rotterdam, Brussels, Antwerp, Ostend, Calais, Boulogne, The Hague, Liege, etc. Would refugee-choked, hysterical Paris be next, wondered the railbirds?

Even as these railbirds wondered, Hitler's warbirds came out of the skies and rained showers of bombs upon southern France and later upon Paris itself. In the first attacks about 150 German bombers swept over the city, dropping their cargoes of high explosives, setting many fires, inflicting huge property losses and killing at least 45 persons in Paris and its suburbs. The allies promised to repay Germany bomb for bomb in the new air offensive they were launching.

### NAMES in the news

Former French Generalissimo Gamelin was said to have committed suicide, while General Gorap, chief of the French Ninth army defeated at Sedan, was reported as executed. General Bodet of the French Medical corps got six months in jail for abandoning his post in the ill-fated Sedan sector. Thus did la Republique crack down.

General Robert Lee Bullard, distinguished U. S. army officer and patriot, was re-elected president of the National Security League, which favors increased preparedness and is strongly "anti-subversive" in its hawklike activities.

Proving that American isolation sentiment was by no means dead, some 7,000 earnest Catholics prayed for peace, assembled at St. Patrick's cathedral in New York. With the Catholics, members of other faiths—peace-minded, despite war propaganda—participated. Here were 7,000 anonymous but highly important names in the news.

Jean Batten, well-known and well-favored young aviatrix, was exhibited as an ambulance driver in the Anglo-French corps, hooked up with the Gallic army. She looked wonderful in uniform.

### Italic Notes

All private motoring stopped in Italy, due to government conservation of gas and oil. Italy has no native petroleum, iron or coal.

Pro-Italians were jailed in England's Mediterranean naval base, Malta. Possession of this strategic island is a leading Italian objective. The English suspended Italian papers read by the Italian-speaking Maltese. A minority of Maltese talk the ancient Carthaginian tongue of Hannibal and his elephants.

Mussolini said he was too busy to see U. S. Ambassador Phillips, who was telling a message from Roosevelt. Mussolini also broke off a shipping deal with the English, in the matter of illegal contraband control, which put the shivers into London. Italian journalists left Paris.

### D. of C. AND White Housings

President Roosevelt made another request for money. This time it was for more than a billion, for the army, navy and civilian training program, coupled with a fear that all continents may become involved in the II German war (he did not mention Germany by name). Roosevelt asked for specific authority to call up the national guard and army reservists—if and when needed to "safeguard" and "defend." And Roosevelt asked for a corps of dollar-a-year men, to expedite national defense preparations. Also, there came a request for a million dollars, to expand the navy department and munitions buildings in the capital. Talkative young Elliott Roosevelt assailed so-called fifth columns in Mexico. Elliott is a radio executive.

War department plans called for immediate orders to get 2,800 planes, 1,700 tanks, 500 heavy artillery units, and big consignments of anti-tank and anti-aircraft guns.

The senate voted, 55-4, for a new alien control resolution, already passed by the house. The immigration-naturalization bureau would be transferred from the department of labor to the department of justice. Senators Norris and Wheeler, liberals opposed to the transfer, assailed J. Edgar Hoover and the G-men, while Wheeler censured the current American "hysteria."

Archibald Macleish, "radical" librarian of the Congressional library at Washington, said that the II German war was not a revolt of the masses. He said that, instead, it was the revolt of a gang.

### \$65,000,000: Battleship

The \$65,000,000 battleship, Washington, was launched at the Philadelphia navy yard. It is a 35,000-tonner—1,600 tons bigger than any American battleship now in operation. The Washington is our first new capital ship in 19 years. It is 750 feet long. Fifteen-year-old Virginia Marshall of Spokane, great-great-granddaughter of Chief Justice John Marshall, was the Washingtonian christener. The boat was named after her home state.

## Star Dust

By VIRGINIA VALE  
(Released by Western Newspaper Union.)

"HOLLYWOOD was never like this!"

Jean Arthur was talking. Dressed in faded jeans, a leaky sombrero and a blouse that most women would use for a dusting rag, she stood in front of the adobe hut which is her dressing room at Old Tucson. Old Tucson is just what it means, a reproduction of the original walled city of the sixties, where Wesley Ruggles is currently filming Clarence Budington Kelland's "Arizona." Situated 16 miles north of present-day Tucson, it is a monument to movie ingenuity, a village of 125 buildings, re-created by Columbia studios' technicians from the original plans of early Tucson.

"Running water is a luxury out here," Miss Arthur said, wiping the perspiration from her face. "To speak of hot water is heresy. There just isn't any. Not that a tub of water wouldn't reach the boiling point if placed in the sun, but there are so many horses, cows, dogs and pigs

JEAN ARTHUR

around here that a tub of water wouldn't have a chance to get warm."

She has turned her back on glamour these days. She is bent only on making "Phoebe Titus," who sold pies for a dollar apiece, believable and real. She is starred in "Arizona," with William Holden and Warren William backing her up, and she's going to give us a picture worth seeing and remembering, though the thermometer does register 128 degrees.

"Waterloo Bridge" is another picture that you'll remember. Vivian Leigh proves that, in "Gone With the Wind," she was no flash in the pan; in fact, she's as good or better in "Waterloo Bridge" as she was in that Civil war epic.

And the picture gives you a new Robert Taylor. His little moustache is tremendously becoming (even though his wife, Barbara Stanwyck, said "Thumbs down!" when he raised a real one). He puts real life into his role, that of a young British army officer in the last war.

The movies are doing very well indeed by Arizona these days. Two hundred and fifty members of the cast and crew of Edward Small's "Kit Carson" troupe landed in Flagstaff the other day; among the actors were Lynn Bari, Jon Hall, Dana Andrews, Raymond Hatton, Director George B. Seitz, and many others whose names are familiar to movie-goers.

From Flagstaff the entire troupe will go to the Indian trading post of Kayente, on the Navajo Indian reservation, where a special town has been built to accommodate the Hollywood folk for their month-long stay.

The mail response to Johnny Green's new Sunday evening "Rhyme-O" program seems to upset the common belief that writing poetry is the special province of a selected few. On this musical audience-participation program, Johnny uses four-line verses, and asks listeners to send them, \$5 going to the writer of each verse used.

In one week Green received 10,000 individual letters containing rhymes—and there was an average of three rhymes in each letter.

The Andrews Sisters, famous "swing" trio formerly heard on Columbia Broadcasting company's networks with Glenn Miller and his orchestra, have journeyed to Hollywood; they're broadcasting nightly from a night club there, and preparing to be starred with the Ritz brothers in a Universal picture called, of all things, "Argentine Nights!"

### ODDS AND ENDS

Lloyd Nolan scored such a personal triumph in "Johnny Apollo" that he's been given the leading role in 20th Century-Fox's "I Married a Nazi," replacing the bedimpled Richard Greene, whose illness caused him to leave the cast.

Virginia Lee Corbin, the second greatest child star of her day, and Charlotte Henry, who starred in "Babes in Toyland" and "Alice in Wonderland" not so awfully long ago, are ten-dollar-a-day extras in "The Howards of Virginia."

"I Do" is announced as the final title for the Metro picture originally called "To Own the World," starring Lana Turner and John Sullista.

## AROUND the HOUSE

Wall outlets for electrical devices used in the kitchen, pantry or butler's pantry should be placed at table height. This permits the use of shorter cords with cooking utensils, eliminating coils that are likely to get in the housewife's way.

Cakes or cookies in which honey is used as a sweetening require a rather moderate temperature for baking. If the oven is too hot they will burn.

Cloths saturated with polishing liquids if stored away in a closet often cause spontaneous combustion. Keep these cloths in a covered tin container.

Ice cubes or desserts are frozen faster in a mechanical refrigerator if a quarter-cup of water is poured on the freezing surface before the trays are put in place.

## DON'T NEGLECT FUNDAMENTALS IN YOUR NEW HOME

1 This is a corner of the foundation and footings. Your whole house rests upon it. It can never be replaced.

2 This is the same foundation with timber skeleton now in place. Again here is a part of your home that can never be replaced.

3 Here is a rough window opening from the inside. Notice how the framing members are doubled all around the opening. Dark shaded portions show insulation in place between the studding.

## Glitter of Gadgets Often Distracts Builder From Quality Where It's Needed Most

Are you building a house for the first time? Then chances are you are in kind of a daze. There are so many things to decide, so many things to buy, so many more things you want and can't buy because there is just not much money. Now there's nothing less glamorous than the concrete footings and foundation. One doesn't show them off to one's friends, but if you skimp on either, you'll be busy for years to come trying to cover up cracked walls that all your friends will see.

Don't Skimp on Framework Likewise the timber skeleton or frame of your house is going to be all covered up, but if you skimp on it you'll have sagging floors that squeak at every step.

And how about those great big holes in the wall, the rough window

openings. You can buy windows and window frames to fill these holes pretty cheap. And you'll pay for them for years to come in heat lost, drafty floors and wet walls. Or, you can buy carefully designed, precision built and factory fitted windows and window frames complete with weatherstrip that will be a joy and a comfort every year that you live in your house. Yes, and you'll find that the extra cost was money well spent because of heat bills, repair bills and redecorating bills saved.

Can't Replace Windows Good windows are a permanent part of your walls. They protect your investment in insulation and quality construction. Any home without weathertight windows is only one-half insulated. So when you build, get down to fundamentals. Always remember—you can add the gadgets any time, but you can't replace footings or timbers or windows. They've got to be good right from the start.

## JOHN GARNER, PRESIDENTIAL PROSPECT, HAILS FROM SMALL-TOWN LIFE IN TEXAS

When he is not in Washington presiding over the Senate, John Garner is a typical Texan—a friendly neighbor and an ardent sportsman. Folks who drop in at his Uvalde home usually find him tending the chickens or raking up the back yard, but his love of a vigorous outdoor life often sends him hunting or fishing at some remote camp for days at a time.

Vice President Garner, now a leading presidential candidate, is a stalwart American whose political honesty and integrity stem from the simplicity of his home life in Texas. Born and reared on a Blossom Prairie farm, he became a country lawyer and editor before beginning his notable career of public service. Today he still cherishes his ties with small-town life in Texas.

## A Modern Linerider

on the Range

"Hangin' a pot's like bulldoggin' a steer"

THE modern linerider has a language all his own, much the same as the West Texas cowboy uses a "range" tongue "foreign" to most of us.

These linemen are hanging a pot on a 50-foot Black Diamond. They are using a "gut" on the hot wires for protection against high voltage juice.

A "pot" is a transformer, fixed high up on a crossarm pole. It reduces voltage to 110 or 220 volts so that electric current can be safely used in your home. A "gut" is the rubber line hose placed around the wires to prevent shock.

Until a worker is experienced enough to perch atop the pole without fear and without holding on with one hand, he is known as a "clumb-some." The man working on the ground, sending up tools and handling paraphernalia is called a "Grunt." "Coon that pole" is the signal to climb a pole when not equipped with climbing hooks or spurs. "Suck on it" means to take up the slack in a new wire being strung. A "johnnie ball" is an insulator. A "nigger-head" is a porcelain fuse cutout around which wires are tied on cross-arms for insulation purposes. "The Bear" is the sobriquet sometimes given "the boss."

Although the lineman's life is fraught with danger, he is a normal citizen... maybe your neighbor. He is one of hundreds of men and women working behind the scenes to help make Electric Service efficient, dependable, and economical here... On him we bestow a title of honor—A Modern Linerider.

**FOOD FOR THE FAMILY OR FOR GUESTS**  
(See Recipes Below)

It takes little imagination to evolve a good meal in summer. Whether you are planning a menu for the family or for guests, there's all the wealth of the world from which to choose!

There is fresh asparagus and home-grown berries, new potatoes, tiny green onions, and all the other tender green things from the garden.

Remember that sunshine and warm weather and foods with zesty flavor go together, and plan your menus around fresh-tasting fruits and vegetables, for they have winning ways with jaded appetites. There's the minted pineapple cup pictured above, that's a grand first course for a summer lunch or dinner; it's as refreshing as a cool breeze off the lake! There are fruit salads, too—cool and colorful as summer gardens; and vegetable plates, which, well arranged, have appetite-appeal galore. And by the way, your calorie-conscious friends will bless you if you serve them, when you entertain the club, these refreshing, filling, but not too fattening combinations.

Plan your menus around some of the fresh and tempting recipes below, and when you serve a salad or vegetable for the main dish of the meal, serve with it some unusual bread, a beverage, and the simplest kind of dessert.

You'll find tested recipes for unusual bread and rolls to serve with summer meals, in my cook book, "Better Baking."

**June Fruit Appetizer or Dessert.**  
Fresh pineapple  
Fresh strawberries  
Confectioners' sugar

Cut pineapple in 1/2-inch slices, unpeeled. Then cut each slice in wedge-shaped pieces. Wash strawberries, leaving the stems on them. Chill the fruits thoroughly, then on individual dessert plates arrange the pineapple wedges and the strawberries, in a ring around the plate. Place a mound of confectioners' sugar in the center of each plate, and serve at once.

**Minted Pineapple Gems.** (Serves 4)  
1 14-ounce can pineapple (spoon-size chunks)  
4 tablespoons lime juice  
1 teaspoon fresh mint (minced)  
Arrange pineapple in fruit cocktail glasses. Combine lime juice and mint, and pour over the pineapple. Chill thoroughly before serving.

**Hot Weather Vegetable Plate.**  
New potatoes browned in butter  
Small whole beets rolled in mint  
Spinach with hard cooked eggs  
Nuttid squash  
Green onions.  
Parboil small pared potatoes in butter. Cook small, whole beets in boiling water until tender. Drain and peel. Add melted butter. Then roll buttered beets in chopped green mint. Cook spinach in salted water, drain, and season with salt, pepper and butter. Garnish dish with hard cooked egg white rings and top with riced egg yolks. Steam small summer squash until tender. Cut in halves, scoop out centers, and mash. Season with melted butter, salt and pepper. Sprinkle chopped nut meats over top. Arrange vegetables on individual plates and garnish with a sprig of parsley.

**Fresh Asparagus With Lemon Butter Sauce.** (4 servings)  
2 small bunches fresh asparagus (or 1 large bunch)  
5 cups boiling water  
1 1/2 teaspoons salt  
1/4 cup butter  
1 tablespoon lemon juice  
Cut off lower parts of asparagus stalks as far down as they will snap. Discard, or use in soup. Tie stalks

If you're planning a club tea to bring the social season to a close, you'll want to read Eleanor Howe's column next week. She'll give you plans and recipes for a delightful summer tea. Be sure to watch for this column next week!

together loosely in a bundle and place upright in saucepan containing the boiling water to which salt has been added. Cook, uncovered, until ends of stalks begin to be tender, about 15 minutes; then lay bunch of asparagus flat in pan and continue cooking until tips are tender, 5 to 10 minutes, then drain. Cream butter and add lemon juice slowly. Pour this mixture over hot asparagus and serve at once.

**Fruit Salad Dressing.**  
2 egg yolks  
1/2 cup strained honey  
Juice of 1 lemon  
Dash of salt  
1 cup whipping cream

Place egg yolks, honey, lemon juice and salt in top of double boiler, and cook 1/2 hour, stirring frequently. Remove from heat, beat with a Dover egg beater, and cool. Whip cream and then pour the chilled honey mixture into the whipped cream, beating with Dover beater.

**Baked Eggs in Tomato Cup.** (Serves 5-6)  
6 tomatoes  
Salt  
Pepper  
6 eggs  
Buttered bread crumbs  
Soft cheese (grated)

Scoop out tomato centers and sprinkle with salt. Place tomatoes in muffin pans. Break an egg into each tomato. Season, and top with buttered crumbs and cheese. Bake in a moderate oven (350 degrees) until tomatoes are tender and eggs are set.

**Orange Ice Box Cookies.** (Makes 5 dozen)  
1 cup shortening  
1/2 cup brown sugar  
1/2 cup white sugar  
1 egg  
2 tablespoons orange juice  
1 tablespoon orange rind (grated)  
2 1/2 cups general purpose flour  
1/4 teaspoon salt  
1/4 teaspoon soda  
1/2 cup pecan nut meats (broken)

Cream shortening and add sugars slowly, while beating constantly. Add egg (well-beaten), orange juice and orange rind. Mix and sift flour, salt and soda together and add to the creamed mixture, together with the broken nut meats. Form in rolls in wax paper and chill overnight in refrigerator. Slice thin, place on greased baking sheet and bake in moderately hot oven (375 degrees) for 12 to 15 minutes.

**Fruit Salad.**  
Toss together in a salad bowl 1 cup watermelon balls, 1 cup cantaloupe balls, 1 cup honey dew melon balls, 1 cup pitted red cherries. Add french dressing enough to coat all the fruits, and mix lightly. Serve on individual plates with two or three stalks of well-chilled french endive for garnish.

## ONE MILLION Texans

One million Texans would have to find other means of livelihood if the Texas petroleum industry were to shut down tomorrow.

Steady employment, good working conditions, reasonable working hours and fair wages are the industry's responsibilities to its workers and their families—a million Texans in all.

It must maintain production, find and develop new fields, meet competitive markets for its products and pay its total expense bill of 750 million dollars a year, which includes its payrolls.

The Texas petroleum industry now has to pay 97 million dollars a year in taxes to Federal, State and local governments before it can consider wages and employment.

When expenses must be cut to satisfy increasing tax demands, employment suffers, and with it, the buying power that employment creates in our State.
