Eugene Worley Appointed On Four Committees

EUGENE WORLEY

Washington Jan. 22—The Democratic Committee on Committees today announced the appointment of Congressman Eugene Worley to membership on four leading committees of the House. They follow:

Committee on Irrigation and Reclamation;
Committee on Labor;
Committee on Coinage, Weights and Measures;
Committee on Election of President, Vice President and Representatives in Congress.

Announcement of the action by the powerful committee on Committees was made by Congressman Robert Doughton of North Carolina, chairman.

Of the four appointments given Congressman Worley, one of them, Irrigation and Reclamation, deals constantly with legislation vitally affecting his district the 18th of Texas; while the other three handle legislation more national in scope.

The Committee on Irrigation and Reclamation is concerned with soil depletion, erosion and similar agricultural problems and membership on it is one of the most sought appointments in congress particularly by Congressmen representing districts where the needs of farmers are paramount.

HOUSEHOLD QUESTIONS

Grease the measuring cup before measuring syrup or molasses and it will not stick to the sides of the cup.

A window box of seasoning herbs is handy for winter cooking.

To keep brown sugar moist and fresh, store in a covered container with a freshly cut piece of lemon.

Don't buy very large or very small vegetables. There is much waste in the small ones and the large ones have lost some of their flavor.

Ivy grows best in water in the house and in a glass vase through which light may reach roots.

If rubber gloves are sprinkled on the inside with corn starch or powder they will slip on more easily.

For something new and different spread baked ham with a half-cup of molasses and bake 30 minutes in moderate oven. This gives a delicious flavor and a brown top. You can include a teaspoon each of cinnamon and cloves for a spicy touch.

To revive frozen house plants, set in a cold closet in which the temperature is near the freezing point and let plants thaw out slowly.

To make silver and glassware shine, dry them directly out of hot sudsy water. This treatment also helps to retard tarnishing of silver, which takes place more quickly in winter time when the furnace is on.

WEEKLY NEWS ANALYSIS

President's Third Inaugural Address Emphasizes Faith in U. S. Democracy; Lease-Lend Act Fight Rips Party Lines As Cabinet Supports Roosevelt's Plan

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

THIRD TERM: Inaugural

After taking the oath of office as President of the United States for a precedent breaking third term, Franklin D. Roosevelt delivered to a waiting nation a high tribute to his faith in democracy. In the inaugural address which was marked with constant references to the "spirit of America" and the "spirit of democracy" the President declared that the purpose in his next four years of office would be to: "protect and perpetuate the integrity of democracy."

"For this," he said, "we mustier the spirit of America and the faith of America. We do not retreat. We are not content to stand still. As Americans we go forward, in the service of our country, by the will of God."

While some of the pomp of other Inaugural days was missing because of the solemn pall of foreign affairs that hung over Washington, the thousands that lined Pennsylvania avenue to watch the President pass cheered loudly as they saw his party. The day was bright but a raw wind chilled the onlookers.

High point of the day's historic rituals came when the President standing below the Capitol's white dome, placed his hand upon a 200-year-old family Bible and swore for the third time to "preserve, protect and defend the Constitution."

The oath was administered by Chief Justice Hughes of the Supreme court.

CHURCHILL: Looks Ahead

Winston Churchill, following his conference with Harry Hopkins, Roosevelt's personal ambassador, looked into the future of the war during 1941.

He said that Britain would not find the war as terrible this year than last, would have to face continued destruction of British towns and cities without being able to make adequate reply.

He admitted Hitler's great advantage in being able to move his armies about Europe at will.

Churchill said Britain wanted no armies overseas in 1941, but would need a constant stream of

munitions. "far more than we can pay for."

Britain, however, is not in "extremis" if such aid comes, said Churchill. He said: "We have enough men on the fighting line to hold the front line of civilization if we get American aid and American credits."

This liberalized address before a Glasgow audience was widely quoted in the lend-lease fight in Washington.

BITTERNESS: And Unity

President Roosevelt's inauguration day came at a time when the fever of the country was away above normal in a bitter fight over the lease-lend bill—No. 1776.

Not since the Supreme court fight had the press of the nation printed stories of such vitriolic attacks by one group upon another, with counter charges and charges flinging themselves across committee tables with apparent utter abandon.

Party lines were smashed to smithereens, with Willkie claiming the Republican party would kill itself forevermore if it failed to recognize the principle of "blank-check" aid to Britain, and allow Roosevelt all the power he desires.

Republican Tinkham countered with the charge that Willkie was "in-

competent" on foreign policy questions. Ambassador Kennedy was being welcomed with open arms by isolationist editors and hailed as a comrade and then said he considered the isolationists the worst "defeatists" of all.

American unity, supposedly the nation's greatest safeguard during the stress of national defense preparedness, appeared jeopardized. National leaders differed in their prescriptions for the critical moment as far as the poles.

They ranged from Carter Glass, Virginia, who wanted the U. S. to declare war at once, to the outright isolationist and non-interventionist of the type of Montana's Senator Wheeler, who opposed No. 1776 from opening word to finish.

While this was the temper of official Washington, a couple of U. S. sailors fanned the flame by tearing down a Nazi banner from a German consulate celebrating the seventieth anniversary of the founding of the German Reich. They clambered up to a ninth-story flagpole in San Francisco to cause a national crisis to become that much more critical, while thousands cheered on the sidewalk below.

CABINET: Rolls Sleeves

For once in a national issue, apparently that entire part of the President's cabinet which could conceivably have anything to do with the situation rolled up its sleeves and went to bat for No. 1776, the lease-

CORDELL HULL With others, he 'went to bat.'

lend bill, calling for all-out aid to Britain.

Morgenthau, treasury secretary, stepped into the arena, declaring that Britain was right then at the end of her dollar rope, and that some form of unpaid-for aid must be found if Britain was to continue to get supplies.

Hull, in a most powerful session with the committee which left the nation stunned, excoriated the totalitarians, and called for the nation to realize that the crisis was real and immediate.

Stimson, war secretary, declared in a two-day bout with the committee that he favored sending American warships "anywhere," and that Britain's complete crisis was a matter of 60 to 90 days.

Navy Secretary Knox hinted that the real crisis might be the wresting of Britain's navy from her control by the Nazis, who then would be able to establish themselves in South America.

ASIATIC: Turmoil Grows

All Europe and all the Western hemisphere was watching the diplomatic battle between the United States and Japan before a backdrop of Asiatic warfare that was becoming daily more sanguinary and gloomy.

Even the Battle of Siam was assuming more headline proportions, with conflicting reports from French Indo-China and from Siam itself as to the success of the counter moves.

Most positive claims were made by little Siam, which claimed that important Indo-Chinese border points had fallen to their arms. And while the French did not deny these facts, they did claim that any such advances had been purchased at an enormous loss in manpower.

European diplomats of the Axis powers were striving to keep Japan and the U. S. at odds, thus hoping to cement Japan more firmly to the Axis.

U. S. DEFENSE in the news

Federal Loan Administrator Jones announced that defense commitments of the RFC now aggregate more than \$1,000,000,000, including approximately \$550,000,000 in loans for the construction of defense plants; \$125,000,000 in loans to manufacturers; \$260,000,000 for the purchase of strategic metals; and \$140,000,000 for the acquisition of stocks of rubber.

The war department announced its plans to maintain the army at 1,418,000 enlisted men and 97,371 officers during the coming fiscal year. This would include selectees and National Guardsmen.

A long stream of American-made planes was being flown from Botwood, Newfoundland to England, the record being from "breakfast to tea-time."

Star Dust STAGE SCREEN RADIO

By VIRGINIA VALE (Released by Western Newspaper Union.)

J. WALTER RUBEN, Metro producer, took all of two weeks off recently; with three pictures ready to be released he'd earned it! The three are "Bad Man," with Wallace Beery, "Maise Was a Lady," and "Flight Command," a navy picture, with Robert Taylor and the talented and beautiful Ruth Hussey.

It was a busman's holiday, in a way, as Mr. Ruben had to see all the new plays. Mrs. Ruben (Virginia Bruce) was with him, but wasn't on exhibition as so many Hollywood stars are when they visit New York.

He was enthusiastic about the cooperation given him by the navy during the making of "Flight Command," and also about Robert Taylor and the tremendous handicap he had to overcome because he was launched as a handsome and romantic lad who bowled women over on sight. When somebody mentioned the possible effect on Hollywood of this country's entering the war he predicted that men would join up in droves. Ruben himself formerly held a reserve commission in the army, and has been offered one in the navy.

The Dark Ages

Most historians place the period of the Dark ages between the time the western Roman empire fell in 475 A. D. and the discovery of the papyrus—a systematically arranged collection of Roman laws—at Amalfi, Italy, in 1150, or a period of about seven centuries. The discovery of these laws led to a general study of Roman and Greek literature which overcame much of the intellectual darkness which had come with the barbarians who had spread over the continent from northern Europe.

Remember Billy Lee, the appealing boy actor who scored such a hit in "The Biscuit Eater"? You'll see him in "Power Dive," an aviation picture; Jean Parker and Richard Arlen star in it, supported by Roger Pryor and Don Castle, a young Paramount contract player who's on his way up fast. Paramount gives its younger players featured roles as stepping stones to stardom, so Castle was given the second lead, playing Arlen's younger brother, in "Power Dive."

Vivian Leigh and Laurence Olivier finally set off for England, and possibly for more movies; Paramount would like to have them as stars of J. M. Barrie's famous play, "The Admirable Crichton," screened many years ago with Gloria Swanson and Thomas Meighan.

John MacCormick is the quiet-voiced, dignified young man who announces the numbers each Sunday afternoon on Columbia network's "Design for Happiness"—hearing him, or even seeing him, you'd never suspect that he once was a speed demon. At 17 he designed and built a racing car that would hit better than 100 miles an hour, and was a regular participant in the dirt-track classics at Kober's Speedway near Chicago. At the same time he began studying aviation, and now holds a full transport pilot's license. Now, at 26, he's overcome his desire for speed, and is quite content to earn his living just by talking.

ODDS AND ENDS

Warner Brothers will give "Flight From Destiny," a typical Hollywood opening in Buenos Aires, with Mona Maris presiding.

Rudy Vallee makes his debut as a ventriloquist in Pathe's "Picture People."

Parents Magazine chose Virginia Weidler as 1940's outstanding screen juvenile—Mickey Rooney was the winner for 1939.

Cloaked for laughs at a "steak" preview, Preston Sturges' latest for Paramount, "The Lady Eve," recorded an average of two laughs a minute. . . . It co-stars Barbara Stanwyck and Henry Fonda.

IF A CHAIR is all legs, angles and curves in the wrong places, a slip cover may do as much for it as a becoming frock will do for an awkward girl. The right color, a dash of style, fabric cut to bring out graceful lines and cover defects, and presto—a new personality for the ugly duckling!

That was the treatment given a set of old chairs like the one shown here. A two-piece frock was planned to repeat tones in the wall paper of the room in which the chairs were to be used. The bold stripes of the putty tan, green and wine red material gave just the right contrast with the flowered pattern on the wall. Narrow green fringe was used for edging and the sketch shows how the two pieces of the slip cover were made.

Unabridged Dictionary in Study Hall

A new edition of Webster's unabridged dictionary was rolled in to the study hall Thursday morning. This badly needed piece of equipment was the gift of our local Parent and Teachers Association, bought with the money raised by the Halloween carnival. No longer will students have the ever ready alibi, "I don't know what it means, 'cause I couldn't get a dictionary."

This book has been placed on a stand in the study hall. It is available to anyone who needs the information it gives. Many students have taken advantage of its usefulness.

The school wishes to express its gratitude to the Parent Teachers Association for a dictionary that is comprehensive enough to meet all of its queries.

A Daily Program in the Primary Grades

Susan: Mother, we worked in clay today and had more fun!

Mother: Wouldn't my grandmother's grandmother have been shocked if she had seen children playing with "mud balls" in school?

Susan: Yes, Mother, we have read about children who live when your grandmother's grandmother did. They sat still in school all day. We move about doing things and playing games with our lessons.

I was reminded of the above conversation as the editor of The Hoot said, "Tell us about your daily program. Write it down."

The second grade child's day begins at 8:30 a. m. From that time till 9 o'clock we say he is getting ready for the day. He assists with housekeeping, care of pets and flowers, getting water late ready for the day or he may work at some unfinished written work, hand work, etc.

At nine o'clock we have inspection, at which time pupils take turns assisting, two each time. Following this until 9:30 pupils engage in such "social studies activities" as story telling, pantomimes or plays about health and safety, neighbor helpers, etc. This time is often used, too, for paper cutting, construction work, clay modeling or shop work, etc. or any work in groups or "find out problems."

Between 9:35 and 9:55 we have our music lesson, so rote singing, rhythms, tone plays, listening etc.

Children in primary grades have two ten minute recesses in the morning at 9:55 and 10:55 at which time the teachers supervise games. All children physically able join in the games and learn physical skills and fair play while enjoying the recreation.

In the periods following the play periods the second grad children have the following school work: reading in groups according to individual abilities, work type including directed study, spelling, writing, language oral or written, and arithmetic. In arithmetic work games or short tests are used at times.

At the noon hour the children who do not return home for lunch are in a supervised lunch room for 20 minutes and following that are allowed 40 minutes of free play with a teacher on duty.

For primary children the afternoon session of school is from 1:00 to 2:30 p. m. In Grade 2 this time is spent with a story time, or nature study or elementary science; silent reading and reading games; literary reading; one group of work type oral reading; instruction in drawing; and a bit of planning for the tomorrow.

Do we find anything to do in a primary grade? You can see that our day is very full. We play at our work a great deal but only because play for the child is a natural avenue for "learning with interest."

Busy Canals

More traffic moves through the Suez canal than through the Panama canal. In 1938 the Suez carried 34,418,000 tons of cargo against the Panama canal's 26,227,268 tons.

Both are far outstripped by the Detroit river and Sault Ste. Marie canals. In 1938, for example, 66,760,000 tons moved through the Detroit river and 40,042,739 tons through Sault Ste. Marie.

Knowledge and Integrity
Integrity without knowledge is weak and useless. Knowledge without integrity is dangerous and dreadful.—Dr. Johnson.

You'll like the way it snaps you back to the feeling of "rarin' to go" fitness and internal cleanliness. Not a nitrate worker, but if temporary constipation is causing indigestion, headaches, listlessness, Garfield Tea will certainly "do wonders." FREE SAMPLE! 15c—25c at drugstores.

Without Virtue
We do not despise all those who have vices, but we despise all those who have not a single virtue.—La Rochefoucauld.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe an inflamed, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

We Can All Be EXPERT BUYERS

It is bringing us buying information, as to prices that are being asked for what we intend to buy, and as to the quality we can expect, the advertising columns of this newspaper perform a worth while service which saves us many dollars a year.

It is a good habit to form, the habit of consulting the advertisements every time we make a purchase, though we have already decided just what we want and where we are going to buy it. It gives us the most priceless feeling in the world; the feeling of being adequately prepared.

When we go into a store, prepared beforehand with knowledge of what is offered and at what price, we go as an expert buyer, filled with self-confidence. It is a pleasant feeling to have, the feeling of adequacy. Most of the unhappiness in the world can be traced to a lack of this feeling. This advertising shows another of its manifold facets—shows itself as an aid toward making all our business relationships more secure and pleasant.

FEBRUARY HOSTESS? TREAT GUESTS TO A PATRIOTIC TEA

February is a party month; every hostess calendar should have the twelfth, and the fourteenth, and the twenty-second ringed in red! And this year, with the renewed emphasis on patriotism which the world crisis has brought, there's every reason to make Washington's and Lincoln's birthdays occasions for more patriotic partying than usual.

No holiday in February lends itself to a tea quite like Washington's birthday. But instead of tea, serve coffee with squares of hot, fragrant gingerbread as you see it in the picture above. The spicy squares are much in keeping with the day, for Washington's mother was said to have been famous for her gingerbread. Make it by your own special recipe or use one of the packaged gingerbread mixes. All that you will need for decorations is a bowl of flowers and the silhouettes of George and Martha Washington mounted on white paper and hung to form a background for the tea table.

As a part of the food for the occasion, serve a minted pear salad with small deviled hot breads. These are tender, crunchy biscuit hearts with the top section cut out to show the deviled ham filling. Let the beverage be a deep red cranberry punch and garnish each cup with a cube of pineapple stuck on a pick. If you wish to have a second course, small cakes or ice cream molds will finish the menu in fine style.

A sugar heart cake is a dessert which any hostess could serve with pride when a few friends come in for Valentine's day evening. Fine white cake is put together with a creamy chocolate filling, and the cake-top is decorated with confectioners' sugar sifted through a lace doily with a heart motif on it. When the doily is removed, the design remains, etched neatly in sugar on the cake.

Cranberry Punch. (Makes 3 quarts)
2 1/2 cups sugar
2 cups boiling water
2 17-ounce cans jellied cranberry sauce
1 cup lemon juice
1 12-ounce can pineapple cubes
1 pint carbonated water
Cocktail sticks

Rub the jellied cranberry sauce into sugar. Add hot water and heat and stir until well blended. Beat with rotary beater until smooth. Add lemon juice. Drain juice from pineapple cubes and measure; there should be 1/2 cup. Add pineapple juice to punch mixture and strain through fine sieve or cheese cloth. Chill thoroughly. When ready to serve, place block of ice in punch bowl (or use about 1 quart ice cubes). Pour punch mixture and carbonated water over ice. Insert pineapple cubes onto cocktail sticks and place one in each cup. Fill cups with punch.

Sugar Heart Cake. (Makes 2 9-inch layers)
4 cups cake flour
4 teaspoons baking powder
3/4 teaspoon salt
3/4 cup butter or other shortening
2 cups sugar
2 eggs (unbeaten)
1 1/2 cups milk
2 teaspoons vanilla

Sift cake flour once before measuring, then add baking powder and salt and sift 3 times. Cream butter until soft, add sugar gradually and cream together until light and fluffy. Add eggs and beat thoroughly. Add flour, alternately with milk, a small amount at a time. Beat until smooth after each addition. Then add vanilla.

Pour batter into 2 well-greased 9-inch square pans (2 inches deep). Bake in a moderate oven (350 degrees Fahrenheit) for 35 to 40 minutes. Put together as layer cake,

spreading chocolate cream filling between layers. Place lace doily made with heart motif over top of cake. Fasten securely to top of cake with toothpicks. Sprinkle surface generously and evenly with confectioners' sugar. Brush off excess with pastry brush, then remove picks and carefully lift off pattern. The design should be neatly etched in confectioners' sugar.

Chocolate Cream Filling. (Makes 2 1/2 cups)
3 squares unsweetened chocolate (3 ounces) (grated)
1 1/2 cups milk
3/4 cup sugar
4 tablespoons cake flour
1/2 teaspoon salt
1 egg (slightly beaten)
1 tablespoon butter
1 teaspoon vanilla

Add chocolate to milk. Heat in double boiler. When chocolate is melted, beat with rotary egg beater to blend. Combine sugar, flour and salt. Add gradually to chocolate mixture and cook until thickened (about 5 minutes), stirring constantly. Then cook 10 minutes longer, stirring occasionally. Pour small amount of mixture over egg, stirring vigorously, return to double boiler. Cook 2 minutes longer, stirring constantly. Then add butter and vanilla and cool.

Patriotic Sandwich Plate. (25 star sandwiches; 40 rolled sandwiches)
2 1 1/2-pound loaves sandwich bread
Softened butter
2 17-ounce cans jellied cranberry
1 cup dried beef (ground)
4 3-ounce packages cream cheese
4 tablespoons milk
4 teaspoons lemon juice
1/2 teaspoon onion juice

Trim crusts from 1 loaf with sharp knife. Slice, lengthwise into 1/4-inch slices. If very long knife is not available, loaf will be easier to handle if cut in half crosswise before slicing. Wrap slices in damp towel and place in refrigerator for 30 minutes to 1 hour.

Meanwhile slice second loaf lengthwise into 1/4-inch slices. Cut out sandwiches with star-shaped cutter, then spread with softened butter. Slice jellied cranberry sauce into thin slices and cut into stars with same cutter. Place each slice of cranberry between two slices buttered bread.

Blend cream cheese with milk until softened, then add lemon and onion juice. Combine with ground beef and chopped nuts. Remove sliced bread from refrigerator, unwrap, and spread with softened butter, then with filling. Roll tightly into long rolls. Wrap each roll in waxed paper and place in refrigerator. When ready to serve, insert a small flag into end of each rolled sandwich. Stand them up around sides of a shallow bowl or basket so that flags hang over edge. Fill center of bowl or basket with star-shaped sandwiches.

Deviled Biscuit Hearts. (Makes 18)
2 cups flour (all-purpose)
3 teaspoons baking powder
1/2 teaspoon salt
1/4 cup shortening
3/4 cup milk (approximately)
2 2/3 ounce cans deviled ham

Sift flour once before measuring. Add baking powder, salt, and sift together. Cut in shortening, using a pastry blender or two knives, or rub it in with the fingers. Add milk, stirring it in lightly with a fork, until a soft dough forms. Turn onto a lightly floured board and knead for a few seconds. Roll out to about 1/4 inch in thickness. Cut with a heart-shaped cutter. Remove the centers from half the biscuits. To do this, fold biscuit in half and cut out center with kitchen scissors, leaving a narrow rim. Spread deviled ham on whole biscuits, top with rims and bake in a hot oven (450 degrees Fahrenheit) for 12 to 15 minutes. Serve hot to accompany salad.

PATTERN DEPARTMENT SEWING CIRCLE

HERE'S a pretty new home frock that looks well on everybody from slim size 12's to stately size 40's.

Made up in bright percale or calico prints, or in checked gingham, with ric-rac outlining the neckline and points of interest, it looks fresh and gay as a morning-glory. And this is a thoroughly comfortable dress, too. The sash belt, tied in the back, enables you to adjust the waistline to exactly the snugness or slowness you like. The armholes are easy. The skirt has sufficient width for walking comfort.

A glance at the little diagram drawing, showing pattern No. 1305-B cut out and ready to assemble, shows you how simply made it is. Merely straight, long seams, a few

darts and gathers—that's all. Anybody can make it, quickly and easily.

Pattern No. 1305-B is designed for sizes 12, 14, 16, 18, 20 and 40. Corresponding bust measurements 30, 32, 34, 36, 38 and 40. Size 14 (32) requires 5 1/2 yards of 35-inch material; 1 yard trimming. Detailed sew chart included. Send order to:

No Favors
Necky—I think it commendable that Jubbs is so impartial.
Dzudi—Yes; but he carries it too far. When we went hunting last week he didn't seem to care whether he shot the rabbits, the dogs or one of the party.

American women feel war horrors—perfumes scarce. (Headline in newspaper.) Scentimentalists.

Still Up
"Did you hear the step-ladder slip, mother?"
"Yes; I hope your father didn't fall."

As They Come
"What's the difference between amnesia and pneumonia?"
"One comes in bottles and the other in chests."

Trivial Cause
"What did your father die of?" the doctor asked a Negro who was being examined for life insurance.
"Ah don't know, boss," he replied, "but it wasn't nothing serious."

Life may not be all you want—but it's all you'll get, so make the most of it.

 10. Persons often "freeze" their fingers or toes, or suffer from frostbite, even when the temperature of the weather is well above the freezing point. This condition occurs through long exposure to a strong wind while wearing damp gloves or shoes.

Fortunate for Passenger No Rules Were Broken

As the windowed express train thundered through the wayside station, a door burst open and a passenger fell out. Fortunately, he landed on a heap of sand, so, though badly shaken up, he wasn't hurt much.

The train jerked to a stop and the conductor hurried to the side of the victim.

"Hurt bad?" he inquired.

"No, I guess not," replied the man, "but what'll I do now?"

"Let me see your ticket," said the representative of the railroad. When it was produced he examined it closely, then:

"It's all right," he said. "This ticket allows for a break in the journey."

A voice from the gallery shouted: "Turn out the lights. They want to be alone."
"Come a second voice: "Leave the lights alone. I want to read."

Laugh of Merriment
"I love looking at her when she laughs."
"Why?"
"There seems to be so much of her having a good time."
