PAVING FOR HEDLEY

Latest news on the pavement project, according to the city council, is that the new specifications have been sent in on the project and as soon as they are approved the government's part will be completed.

In regard to part of the donations the merchants have practically all of their donations in, but some of the property owners have not yet contributed. They will all be seen this week, and it is hoped that no assessments will have to be enforced, because all can see the needs of the pavement and the cost is so little at this time.

Donations from others not property owners in the business district or merchants have lagged lately. While the pavement is an assured fact for the business district it was hoped that several other blocks could be made under this project and if the donations are not larger only the seven blocks in the business district will be paved. It would be bad, indeed if the churches and schools are left in the mud while the other parts of the town enjoy the pavement when the cost would be so little as they already have a caliche base road.

Let's all get behind this movement and hurry it through. It would be very nice to show the old settler a town of paved streets when they meet this year.

Tomato plants now ready.

Mrs. W. G. Brinson

Baptist Church Notes

The attendance and interest at the services Sunday give us an optimistic outlook for the future of our work here. The evening attendance was not so good, but perhaps some misunderstood the announcements—that we would have service since the revival at McKnight was postponed until next Sunday.

To really build for our Lord and Savior Jesus Christ, it will take all of us present at all the services all the time.

There were five from the local church who attended the quarterly Women's Missionary Union meeting at Lakeview Tuesday. It was an all day meeting. Dr. John Cobb, teacher of Bible at Wayland College, Plainview, spoke from the subject, The Value of Christian Education. Another speaker was Mrs. Robert Ricketts, son of China. She came back to the States with her two little sons. Dr. Ricketts remained in China to carry on for our Lord. That is sacrifice! That is devotion! That is true Christianity!

Thirty four Sea Seama met last Wednesday. They are learning scripture, songs, stories and many other things. They want more boys and girls.

Remember to meet at 10:00 a. m. Sunday for Sunday School. Help raise the attendance record. Remember the Mother's Day Program Sunday Evening at 8:00 p. m.

Sin is never at its best.
Sin never helped anyone.
Sin is the only universal disease.
Sin is not a disease of the skin.
Sin is a disease of the heart.

"The blood of Jesus Christ Sin cleanseth us from all sin"
1 Jn. 1:7

A. L. Tusk, pastor

Commencement Sermon

The Senior Class has received a notice from Rev. E. X. Kendall that he will be on hand for the Commencement Sermon Sunday morning, May 11, at eleven o'clock.

Grade School Program

Wednesday, May 14, at eight o'clock the first seven grades of Hedley Public Schools present their annual program. The program is entitled Texas Our Texas, and will be colorful, entertaining and inspiring. There will be no admission charged and every one is invited. After the program the Seventh Graders will receive their certificates.

Fellowship Meeting

This is your invitation to a Fellowship meeting for men, to be held, in the basement of the Methodist Church, Tuesday evening, May 13. Be prepared to answer questions on the Gospel of Matthew.

Gleaners Class

The Gleaners class met Friday, April 25 with Mrs. Kendall in an all day meeting piecing a quilt for the Red Cross. A lovely dinner was served at noon. Those present for dinner were Mesdames Todd, Koeninger and Hall. Mesdames H. L. Whitfield and Pyle joined them in the afternoon to help on the quilt. We will meet at the church with Mrs. Pyle as hostess. Come Friday, May 9, prepared to answer Bible questions asked by Mrs. Kendall.

Mr. and Mrs. Homer Kicher son of Phillips announce the arrival of a fine little son on Monday, May 5. Grandpa St. Richerson is expected to recover.

Mrs. F. V. Walker of San Bernardino, Calif., visited friends here this week.

Mr. and Mrs. M. W. Higdon and baby Misses Lanella, Fay Trambell and Mary Rains Bridges of Canyon visited in the Clyde Bridges home Sunday.

Defense Bonds

The United States Defense Savings Bonds and Postal Savings Stamps were placed on sale in the Post Office here May 1, as part of the national effort to make America impregnable.

A Defense Bond may be purchased May 1, or thereafter, for \$15.75. In ten years, this bond will be worth \$25. Any time after sixty days from the date of purchase, the bond may be redeemed for cash, in accordance with a table of redemption values printed on the face of the bond.

For the smaller investor who wants to buy a Government Bond on an easy payment plan, the post office will have a new series of Postal Savings stamps, at 10c, 25c, 50c, \$1 and \$5. Each purchaser of any Savings Stamp higher than 10c will be given, free of charge, an attractive postcard album in which to paste his stamps until he has enough to buy a \$15 bond or one of higher denomination.

WEEKLY NEWS ANALYSIS

By Edward C. Wayne

U. S. Extends Its Neutrality Patrol To Protect 'Aid-to-Britain' Shipments; Germans Drive British From Greece; Lindbergh Resigns Air Corps Post

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper. (Released by Western Newspaper Union.)

U. S. ATTITUDE:

Toward War

In this country the reaction to the loss of the Greek campaign was sharp.

The forces of the isolationists immediately took to the air, held a giant mass-meeting in New York, which was marked by violence outside the hall, and, paced by Charles A. Lindbergh, took an "I told you so" attitude, urging the nation to believe that British defeat of the Nazis was not only impossible, but that British loss of the war was a certainty, and that if America gave "all-out" aid to Britain that we, too, would suffer through this defeat.

President Roosevelt, frankly infuriated by this attitude and these utterances, had Secretary Hull and Secretary Knox take to the radio and prepare the way for a statement by the President which ripped the "defeatists" up the back, and made it plain that the government would have none of this attitude.

The administration, they said, was frankly committed to "all-out" aid to Britain, and would go its way toward this goal. Instead of retrenching on this policy, as urged by the Lindbergh coterie, it was boldly announced that the government would extend its aid still more vigorously.

Singling out Lindbergh especially for administration ire, the President, in a press conference, characterized him as an "appeaser" and "defeatist" and used the word "copperhead" in making a comparison with earlier days in American history.

Aftermath of the President's remarks regarding Lindbergh was the news that he announced his resigna-

Included in the tentative list opposed to conveying were 25 of the senate's 28 Republican members. The only official act connected with the subject of conveying was the Tobby resolution, and they were seen as supporters of this measure. Adding to this the non-intervention Democrats, and some other scattering votes, and Tobby's resolution, which would forbid conveying, could only look for 45 votes.

The Tobby move, however, was not considered so vital by some senators, these holding that President

SECRETARY OF NAVY KNOX He "took TO the air."

Roosevelt's executive power as navy head would permit him to put a convey plan into effect by executive order, with no sanction by the senate or house asked or needed.

GREEKS:

'Out'

Closing days of the Greek campaign were stirring. The British made a noble stand of three to four days at Thermopylae pass, historic rendezvous with heroism of Leonidas in ancient days, only to lose the pass after heroic resistance and after inflicting admittedly heavy casualties on the invading Nazi hordes.

The second great stand was made on Mount Geraneia, the British high command, after a careful advance study of the terrain, finding places to defend that the Germans had claimed were impossible.

There was hardly a question even in British and Greek circles of making a successful stand, but the valiant Australian and New Zealand soldiers fought a rear-guard action that military men said would live in history.

Main objective of the British, after the port of Piraeus was shown to be impossible as an evacuation port, was to gain the southern portions of Greece and make the final stand on Crete and other islands.

The flight of the government from Athens prepared the Greek people for the eventual occupation of the historic capital by the Nazis. Yet the Greeks, with unswerving devotion to their cause, seemed not dismayed by the loss of their capital, but seemed willing to fight on to the end, as did the British.

Churchill had prepared the British for the bad news of the Greek campaign, and toward the close Athens dispatches frankly admitted that the final stages of the fighting were simply rear-guard actions.

While there was again raised in England among the people the cry of "too little and too late," the people of Australia seemed little inclined to criticize, but on the other hand seemed proud of the achievement of their armies.

The loss of the Greek campaign was more of a shock to those in the United States who had been hoping that American aid through the "lease-lend bill" might turn the battle. Yet from more considered sources came the word that the Greek defense should not be viewed in that light, but rather from the standpoint of a general harassing and delaying action against Germany.

The cost to the Nazis of having to transport food and men and munitions for the final weeks almost entirely by plane must have been enormous in fuel alone, which Germany was unable to spare.

The surprise expressed by King George of Greece at the sudden surrender of the army of Epirus which precipitated the close of the Nazi Greek campaign and just preceded the flight of the government to Crete caused the commanders later to tell part of the story.

'We, the People'

Here is a poster being issued by the Office for Production Management of the Defense Commission in Washington for use in street cars, busses and subway trains, etc. It calls attention to the government's rearmament drive and urges Mr. Public to heed that: "WE, the people," ARM FOR DEFENSE.

STRIKE:

Situation

President Roosevelt rolled up his sleeves and sailed into the coal strike personally, bidding fair to handle this as he had other problems.

Under his personal urging negotiations were resumed, and a settlement finally reached.

In the midst of all this particularly when the United Automobile Workers (C. I. O.) threatened to shut down 60-odd plants of General Motors, engaged in nearly half a billion of defense orders for motorized equipment, came a vigorous outburst against Secretary Perkins. The rumor was published that Miss Perkins' resignation was on President Roosevelt's desk, and one senator urged that if it were not true that Secretary Perkins should resign, and that if it were true the President should accept it.

What was needed in that post was not a woman, but a two-armed man "with the intestinal fortitude" to deal with labor troubles. This outburst against Miss Perkins was almost immediately followed by her prompt certification of the threatened auto strike to the mediation board, thus practically washing her hands of the matter.

The company held that a work stoppage of non-defense portions of factories would naturally and inevitably result in full stoppage. Faced with this evidence, Miss Perkins dictated and signed a statement which stated:

"The dispute between the General Motors corporation and the United Automobile Workers of America threatens to burden and obstruct the production or transportation of equipment and materials essential to national defense and cannot be adjusted by the commissioners of conciliation of the department of labor."

The mediation board promptly sent this message to both corporation and unions affected and set an early date for a hearing. This had the immediate result of producing a union agreement to call off the strike pending some effort by the board to make adjustments.

NAVY:

Buys an Airfield

For an undisclosed sum, believed to be about \$9,000,000, the navy bought Floyd Bennett airfield in New York, intending to establish on its 387 acres the nation's biggest naval air base.

The deal, it was announced, would still permit the use of the field as an emergency landing field for commercial aviation if LaGuardia field was closed.

The field, with 62,500 square feet of hangar space, will be put into service at once, and will, navy officials pointed out, bring naval aviation closer to the most important scene of its activities, the North Atlantic.

At present the chief naval air bases in this country are Pensacola, Fla., on the East and San Diego, Calif., on the West coast. The need of an important base of greater size than Anacostia, close to Washington, D. C., brought about the deal with New York city, and brings the navy in force to the air above Long Island sound.

MISCELLANY:

PIRAEUS: The Haras, formerly one of Harold Vanderbilt's yachts, was sunk by a German dive bomber as it was seeking to evacuate a large number of civilians trying to return from Greece's mainland to their island homes. One bomb burst in the vessel's hold and practically the entire passenger list was lost.

TOKYO: In the role of an Axis salesman back from a "trip to the factory," Foreign Minister Matsuoka of Japan informed the Japanese people through the press that the lot of the worker in Germany is a happy one, and that the people of that nation like the system that takes complete governmental control of all their activities.

NEW YORK: Fritz Kreisler, master violinist, was victim of a traffic accident near his home, as he was on his way to luncheon. He was struck by a truck and his skull fractured.

THINGS for You to Make

FARMER BROWN'S little boy, patched overalls, straw hat and polka-dot neckerchief, poses for a most practical cutout. He gladly holds a hose and sprinkles lawn or garden the whole day through.

In 16-inch size, the outlines for this overall boy are on Z578, 15 cents. Trace him on plywood or thin lumber, cut out with jig, coping or keyhole saw and paint as suggested on the pattern, or as you wish. General cutout directions accompany the order. Send your order to:

LET US TELL YOU MORE ABOUT IT

By LEMUEL F. PARTON
(Consolidated Features—WNU Service.)

WHO'S NEWS THIS WEEK

NEW YORK.—Back in the calm, untroubled days of February, 1919, with one more spring not far behind, a famous economist, returning from Europe, told the ship news men that this year scare was all paper talk. Responsible statesmen of Europe had things well in hand.

On this same day, there was a little item, back in the dustbin of the newspaper, reporting that in certain minor changes in the army, the President was putting the "accent on youth." One Brig. Gen. Carlos C. Emmons, a youth of 51, was upped to the post of chief of the army's mobile general headquarters air force. Five or six other youngsters were similarly elevated.

The other day, the quietly effective General Emmons was given direction of a new organization of possibly 500,000 or 600,000 civilian air raid spotters. Four brigadier generals will assist him in recruiting and training his volunteer observers.

Back in 1916, we thought of airplanes as primarily useful for observation, and it was the signal corps, our only flying service, that then Captain Emmons entered. He adapted himself quickly to the flying as well as observing uses of planes, became a keen technician in the art of plane development and flight, and, in 1920 and 1921 taught flying at Harvard university. He is a native of Huntington, W. Va., and graduated from West Point in 1909.

MISS MABEL BOARDMAN, tall, regal, tireless and alert, is a bona fide co-operator and commander. Her 40 years with the Red Cross is a timely citation, not only in the aftermath of the tragedy of London, but in her current Washington announcement that the Red Cross is geared for swift emergency action. In this connection, she mentions the fact that it sent more than \$25,000,000 to Europe last year, and gives other details of its expanding and intensifying organization.

Miss Boardman is secretary of the American Red Cross. During her service, its membership has grown from 300 to 15,000,000, with much of the credit for this increase assigned to her. Born and reared in Cleveland, with abundant means and distinguished family antecedents, she was a Washington society lady. In 1900, a friend made an unauthorized use of her name as one of the incorporators of the new Red Cross.

Miss Boardman accepted the call and has helped guide and build the vast organization with unflinching energy and administrative and organizing ability. She is straight as a ramrod, serene and at ease, but with the touch of military alertness, an ever watchful evangel against all the plagues of the litany.

L. A. October, Major Edward leaves, of radio fame, gave his Westchester estate to the Lutheran church. Then, in November, he gave his 62-ton yacht and his 29-foot speed-boat to the navy.

Previously he had given to St. Patrick's cathedral four huge English elms and eight Schwedler maples. And now he is giving to St. Patrick's an Andrea del Sarto painting, masterpiece of the Florentine painter, done in 1515. It is "The Holy Family With St. John and St. Elizabeth."

The major started on a grand garden finish, along in his fifties. This writer remembers him as a genial evangel of real estate and a crusader against crime in San Francisco, many years ago. Even in that day he had posessed on a grammar school education the smoothest diction in those parts.

It was in San Francisco, a most theatrical town, that he moved into the theater. It was in 1917 that he built the Capitol theater in New York and thereafter his career was a pleasant upbound ride on a gold-plated escalator.

Off the top, he has been radio's best net for fan-mail and his "take" has been put down at around \$25,000 a week. He started his amateur career in 1934 and it quickly blazed up a four-eleven conflagration. He lives abstemiously, as to food an drink, but sports a \$38,000 car, wicker venetian blinds, a refrigerator of gold-rimmed dishes, and he provides plenty of Lucullan trimmings for the entertainment of his guests. He gives things away on the slightest provocation and couldn't possibly have come from anywhere but San Francisco.

CHARLES A. LINDBERGH He "took the air."

tion as a colonel in the U. S. army air corps reserve. He said he was "greatly disturbed" at the implications made by the President regarding his loyalty toward the United States. He had been an officer in the reserve air corps since 1927, year of historic flight to Paris.

PATROL:

Extended

The navy, said the President, now was engaged in extending the neutrality patrol 1,000 miles out into the Atlantic, and that its protection to American shipping, especially to vessels carrying aid to Britain, would know no boundaries on the seven seas.

This brought the question of convoys out into the open, which the President had simply leaped over in his statement, taking the stand that discussion of convoys was beside the point, as he considered it the navy's job to keep the waters 1,000 miles off the American coast safe for all shipping.

At the same time he made the rather cryptic statement that he had information that the Nazis already were setting foot on Greenland and that the United States would deal with this phase of the situation, which indeed brought the war mighty close to this country.

In the meantime newspapers took another poll of the senate on the question of convoys, and found that body to be in favor of conveying supplies to Britain, though only by a vote of 50 to 45. If conveying meant active participation in the war, as many claimed, the informal canvass of the senate showed the temper of congress, at any rate.

HIGHLIGHTS . . . in U. S. Defense news

Administrator Henderson of the Office of Price Administration and Civilian Supply requested manufacturers of farm implements not to increase the prices of farm machinery at this time. Mr. Henderson pointed out that in announcing the steel price schedule he had stressed the wide range of finished products of which steel is a part and the importance of maintaining stable prices in these finished products.

TREASURY

Treasury Secretary Morgenthau announced an agreement setting up a fund of \$50,000,000, contributed by the U. S., and \$20,000,000, contributed by Chinese government banks, to stabilize Chinese currency. A joint statement by Mr. Morgenthau and Dr. T. V. Soong of the Central Bank of China, described the agreement as a "co-operative agreement between friendly nations that are working together in many ways."

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory results. Favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and misery it causes.
If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed.
Burning, scanty or too frequent urination, sometimes with disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.
Use Doan's Pills. It is better to rely on a medicine than on won world-wide acclaim than on something less favorably known. Ask your neighbor!

THE HOOT

Mister X

Wonders:
 What the connection is between Lottie Mae and Jack Farris I noticed their names were carved on a desk in Room 1
 Why I saw so many girls talking to Albert this week I don't blame you girls because he does have a nice looking ear
 If a certain Senior did give Mr X away in the assembly program Thursday morning.
 Why Robert did not go to Room 1 and hear the lecture that the boys received. You weren't scared were you, Robert?
 Why Billy O and V. A had their overalls with them at the banquet. You were not expecting to go over some bad roads were you?
 Why O L felt so happy at the banquet Friday night. I am quite sure it wasn't the weather
 If Coach Gregg really is guilty of running his radio too much with the lights off
 Why James and Peggy stopped going together so abruptly. Do you think there could be a third and fourth party connected to the matter?

Assembly

Those who were absent from the assembly program Thursday missed one of the most important programs that the school has

had this year. Members of the Clarendon Junior College and High School, under the direction of Miss Allen Bryan, Mr. Robbins and Mr. R. E. Dressman, entertained us with music and one reading. The program was opened with the assembly's singing "God Bless America," followed by Miss Frances Hart's entertaining as with a piano solo, "There'll be Some Changes Made." Then Miss Rebecca Hayes gave us a reading entitled "Old Parson Brown." The Brass Quartet from the Clarendon Band which had won first place in Amarillo, played some selected pieces. Next Miss Mary Waterbury showed us some expert baton twirling. Benton Douglas accompanied by Miss Allen Bryan, at the piano gave us a flute solo. With Miss Bryan at the piano, Von Bates and Anita Shelton sang "Back in Alabama." Louis Chamberlain, accompanied by Miss Bryan, played on the trombone and baritone. The program was concluded with Anita Shelton accompanied by Von Bates, singing "Ah, Sweet Mystery of Life." We enjoyed the program very much and are looking forward to their annual program next year.
 J. R. E.

Seventh Grade

A picnic last Friday afternoon climaxed a lively contest between opposing groups of the Seventh

Graders. Ever since mid term each group had been trying to win the more grade points. It was decided in the beginning that the losers would treat the winners with some kind of entertainment, and the picnic at Giles Park was decided upon. We all fished a while at a pool just below the park. Then we hiked back to the park and had our picnic lunch. Those present who enjoyed various games were Miss Mathis, Miss Bishop, Mr. Gregory, Mr. and Mrs. Payne, Bill Payne, Dee Arman Peabody, Joe Uare, Sam Owens, W. R. Parker, E. Jean Cherry, Wanda Horn, Letha Bain, Bonnie Fay Everett, Johnnie Ray Everett, Bernard Adanson, Donald Bailey, Gene Latimer, Merle Wayne, Peabody, Ray McLaughlin, Bucky Everett, Floyd Sims and Mrs. Peabody, room mother.
 Letha Bain

Vocational Senior Day

The Hedley High Seniors were guests of the Senior class of W. T. S. C. at Canyon Saturday April 26, together with many other senior classes of the Panhandle. Upon entering Canyon we were taken to the registration desk. In the halls we were greeted with smiling faces by some college students from Hedley who graciously showed us around the campus and its buildings. At 10:30 we were entertained by

amusing and constructive musical numbers and speeches. At 11:30 each student was taken to rooms where he received talks and instruction on the vocation that he was most interested in. There were some very prominent speakers from distant places present to conduct each division. At noon we were directed to Burton Gymnasium where we ate a delicious dinner that was enjoyed by all. Directly after dinner we were attracted to one of the greatest museums in Texas. We spent many interesting moments looking at the queer specimens in this museum. Back in the Educational auditorium "Flying Cadets," a moving picture of some of the United States aeronautical training camps, held our attention until 2:30 when the ringing of the Victory Bell called us back to Burton Gymnasium where we saw the tallest basketball team in the world in a few minutes of scrimmage. After the ballgame a group of happy Panhandle seniors paraded the campus and visited the different buildings of the college. To end a great vocational senior day the girls were taken to a tea in the Home Economics dining room and the boys enjoyed a brisk swim in the indoor pool of the college.

Sophomore Picnic

For their last entertainment this year the Sophomore class went to Memphis Park, Friday April 25, for a picnic. Afterwards they enjoyed an hour and half of skating at the Memphis rink. Members of the class attending were Jo Ann Shaw, Margie Burdette, Lisa Fay Reed, Joel Punk, Roy Langford, James Biggs, Harold Clifton, Travis Bailey, Teddy Lee Myers, Paul Dishman and Albert Martin. Also attending were the sponsor, Miss Bergner and room mothers, Mrs. Shaw and Mrs. Martin. Other guests were Mrs. Dishman, Dorothy Dishman, Miss Shearer and Mr. Ballard.

MONEY

in the ground

Billions of barrels of Texas oil reserves mean money in the bank for you as a Texan. On constant deposit in underground vaults, they assure continued wages for Texas workers, lease and royalty payments for Texas farmers and ranchers, and tax revenues for our State and local governments. Nearly 11 billion barrels of known oil reserves are on tap in 161 counties of our State. Texas oil men are now searching for new fields in 90 additional counties. They discovered last year almost three times as much oil as they produced. These oil reserves can be cashed only through their production and processing by Texas workers. As a means of safeguarding this backlog of economic security, you as a Texas citizen can and should expect:

(a) Sound conservation practices, (b) A reasonable taxing policy by State and local governments to permit healthy development without loss of employment through abandonment of properties, (c) Increased use of this great fuel source through creation of new Texas industries.

These oil reserves provide security for you and every other Texan

Pathfinder Polls of Public Opinion

PATHFINDER

PATHFINDER polls keep millions of folks everywhere posted in advance on vital questions—war, politics, elections, farm problems, labor, world events. An exclusive PATHFINDER feature. Nothing else like it. A real news sensation.

Read in More Than a Million Homes

Besides, PATHFINDER is the world's oldest and most widely-read news magazine, bringing to you in words and pictures everything that happens, fresh from the world's news center in Washington. World events verified and interpreted, boiled down into 20 interesting departments—unbiased, non-partisan, dependable, complete. Costs 75% less.

This Newspaper & BOTH one PATHFINDER year Only \$1.50

\$100.00 REWARD

\$50.00 for OLDEST Electric Bill

\$5 Each for the 10 Next Oldest

(All entries must be fifteen or more years old)

Nothing to Buy!

Just Send or Bring Us Your Old Bill — and 100-Word-or-less Letter Describing Electric Service at Time Bill was Paid

MAYBE you still have the first electric bill you ever paid! If so, you will recall that the service wasn't so good compared to present-day standards of efficiency and dependability.

If yours is the oldest we receive, it is worth \$50 to you. If it is one of the ten next oldest, we will pay you \$5 for it. *It must be for service in the home, dated 15 or more years ago, and must be accompanied by a letter, 100 words or less, telling something about the kind of service and the cost for the appliances and light you used at the time the bill was paid.*

Why Do We Want Old Bills?

So we can compare today's *improved service and lower cost* with yesteryear's! We want to figure what the kilowatt-hours used at present-day low rates would have cost in the "good old days" when oil lamps were first being displaced by **BETTER LIGHT**.

We all know that not so many years ago elec-

tricity was on only part of each day and night; and that interruptions in small isolated oil engine plants were at times frequent. We all know, too, that the transmission line type of electricity has resulted in greatly lowered cost and improved service so that people today are using two or three, or even five times, as much for about the same or less money.

Look Through Your Old Receipts Today

This offer is good until June 15. But don't put it off—dig up that old bill today. If yours is one of the oldest eleven we receive, payment will be made as soon after June 15 as possible.

All **PRESENT** customers of the West Texas Utilities (excepting employees) are eligible. *The old bill may be for service rendered from a predecessor of the company in this community; that is, for any bill paid before the coming of West Texas Utilities cheap and dependable electric service.*

Mail or Deliver in Person Your Entry to Our Local Office

Your tax dollars should be used for those items essential to national defense. Electric Service **NOW** is ample and sufficient to meet the emergency without government subsidies or expenditure of tax money for this purpose.

West Texas Utilities Company

Star Dust

STAGE SCREEN RADIO

By VIRGINIA VALE
(Released by Western Newspaper Union.)

TWO April weddings in the Hollywood movie colony are still topics for conversation, one because it was so conventional, for Hollywood, the other because it was so unusual for that colony and just the accepted thing anywhere else.

The Yuma marriage of Constance Bennett and Gilbert Roland was Hollywoodian. It was Miss Bennett's fourth marriage, they drove to Yuma by themselves and the clergyman had to supply witnesses. The other, Deanna Durbin's marriage to Vaughn Paul, was a big church wedding, very beautiful, and motion picture stars who were friends of the bride and groom were invited but not featured as part of the performance. An achievement, in Hollywood!

Rudy Vallee is ready to chuck his career and undertake a new one at the drop of a megaphone. Now appearing in Columbia's musical picture, "Time Out for Rhythm," with Ann Miller, Rosemary Lane and Allen Jenkins, he's ready to drop acting and singing if he can get a chance to direct pictures. He's even bought a home in Beverly Hills to be near the center of the movie business.

Rudy Vallee

During the next few months there will be a virtual parade of film players to the Latin-American countries. Spencer Tracy and Eleanor Powell are slated for good-will visits; Douglas Fairbanks Jr. will be a sort of good-will ambassador, and Marsha Hunt plans on spending six weeks in South America after she's finished "Blossoms in the Dust."

"Citizen Kane," Orson Welles' first RKO Radio production, aroused plenty of controversy long before it was released, and will be one of those pictures that people will argue about years after they've seen it. It may not be the best picture ever made, but certainly it is one of the best—but there are those who maintain that it should never have been made at all. Welles himself scores superbly as writer, actor and producer; the rest of the cast is so good that you forget that they're acting.

Orson Welles

The first day she appeared on the "Manpower" set Marlene Dietrich announced that she'd take whatever punishment the script asked George Raft to hand her. That included his slapping her twice across the face, knocking her down a flight of stairs, then leaping after her and hitting her across the mouth with the back of his hand.

But George hit her harder than he intended. Marlene tumbled down the stairs (as per script), but wound up by severely spraining her ankle (which the script did not call for!).

Two more well known stage and screen players—Martha Sleeper and William Harrigan—have joined the cast of "We Are Always Young," Mutual chain's star-studded serial. That cast probably includes more "name" actors than any other serial on the air; among them are Jessie Royce Landis, Linda Watkins, Margalo Gilmore, Joe Laurie Jr., Horace Braham, Pert Kelton, George Coulouris, and William Janney, who's starred.

Andy Hardy's own, a squadron of RAF fighters, will soon take to the air. Mickey Rooney, the Hardy series "Andy," received a letter the other day from a young RAF flier who wrote "We're all young fellows in this squadron and we all think you're an o. k. sort of lad, so we've nicknamed our squadron (soon to see action) for you."

Stirling Hayward lost Madeleine Carroll in "Virginia," but he's slated to win her in "Dildo Cay." As originally planned, it was Dorothy Lamour whom he was to win, but she will be unable to finish her current assignment in "Aloma of the South Seas" in time to appear in the picture.

ODDS AND ENDS—Mutual's next analyst, Wythe Williams, is sponsored on more stations than any fellow analyst—has 100 stations. . . . Robert Donat has leave from the British army to make "Pitt the Younger" in an English studio. . . . Warner Bros. have bought a story called "Coffin for Dmitriov," and Columbia is making one called "Obituary"—and trying to think up a new title for it. . . . As soon as Abbott and Costello finish "In the Navy" they'll begin "Ride 'em Cowboys." . . . Shirley Temple will have a brand new hair-do when she returns to the screen, and her hair, growing darker as she's grown older, is brown instead of golden.

Household News

by Lynn Chambers

JUST LIKE MOTHER USED TO MAKE!
(See Recipes Below)

IT WAS WONDERFUL FOOD!

Remember flying home, pigtails thumping, to smell supper, and guess? Remember being saucer-eyed as mother's marble cake took a blue ribbon at the fair? And remember licking the last bit of sweetness from the frosting platter?

I know you must remember. How could you forget? It was wonderful food!

And it's to the best cooks in the world—our mothers—that this week's column is dedicated. When you pay them homage on Mother's day, 1941, perhaps you'll enjoy using some of the following recipes, favorites of the long ago.

In those days, to be caught without plenty of food, and good food, too, for all comers was to show oneself a poor housekeeper, a bad hand in the kitchen.

But times have changed. A large "crock" of butter, a "basket" of eggs, and a "wedge" of cheese are no longer a part of the regular supplies on the shelf in the vegetable cellar. Nor are recipes penciled on the fly-leaf of the family ledger. But the basic goodness is still the same.

So, whether it be crusty brown doughnuts, chicken pie and jelly roll, huge, fluffy cakes, or rich chocolate pie, let's take mother back, down memory lane!

Lovely to look at and utterly delightful to eat is the Sour Cream Devil's Food Cake, which I'm sure was a favorite of grandmother's.

Sour Cream Devil's Food Cake.
2 cups sifted cake flour
1 teaspoon soda
1/2 teaspoon salt
1/2 cup butter or other shortening
1 1/4 cups sugar
1 egg, unbeaten
3 squares unsweetened chocolate, melted
1 teaspoon vanilla
1/2 cup thick sour cream
1/4 cup sweet milk

Sift flour once, measure, add soda and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together well. Add egg and beat very thoroughly; then chocolate and vanilla, and blend. Add about one-fourth of the flour and beat well; then add sour cream and beat thoroughly. Add remaining flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Turn into two greased 9-inch layer pans and bake in a moderate oven (350 degrees F.) 30 minutes, or until done.

Spread Felicity Frosting on top and sides of cake. Top with glossy

LYNN SAYS:

In an old book of household advice, written in 1879, are some words of wisdom "to help homemakers." I'm passing them on to you "for what they're worth" in the modern, up-to-date home.

"Use a clam shell to scrape skillets or saucepans; to scour your iron pots and griddles, use wood ashes.

"Sweeping a carpet with new fallen snow will make it look very bright and fresh. Also, it is a good plan to save tea leaves, and, with them not too moist, sweep a dark carpet. This is not advised for light colors.

"Woodwork may be dusted with a long-feathered wing, preferably that of a turkey.

"For washing fine clothes, use a pounder—not a large, old-fashioned affair, but one about twice as large as a potato masher, and pound your clothes as they soak in sal-soda water. The rubbing on a board will then be very easy. Use a clothes wringer if you can possibly get one.

"Never buy ground coffee. Take whole berries and heat; grind while hot.

"All housewives should be well advertised in cookery, and should know how to make good dishes, such as 'Jenny Lind Cake,' 'Parsnip Pie,' 'Marrow Dumplings' and 'Flannel Pancakes.'"

THIS WEEK'S MENU

Menu For a Mother-Daughter Banquet
(For not-too-large a group)

- Strawberry and Pineapple Cup
- Roast Chicken Gilet Gravy
- Bread Filling Fresh Asparagus
- Fruit Salad
- Ice Cream
- Coffee
- Cookies
- Milk

chocolate coating, made by combining 1 square unsweetened chocolate, melted, 1/4 cup sugar, and 1/4 cup water. Cook over low flame until smooth and thick. Cool slightly. Double the recipe for three 10-inch layers.

Felicity Frosting.

2 egg whites, unbeaten
2 cups brown sugar, firmly packed
Dash of salt
7 tablespoons water
Combine egg whites, sugar, salt and water in top of double boiler, beating with rotary egg beater until thoroughly mixed. Place over rapidly boiling water, beat constantly with rotary egg beater, and cook 7 minutes, or until frosting will stand in peaks. Remove from fire, but allow to remain over hot water, and beat 2 minutes longer. Place over cold water and continue heating 3 minutes. Makes enough frosting to cover top and sides of two 9-inch layers.

Just like mother used to make. That's what you'll say when you taste the delicious cookies, made by the directions given below. When mother baked cookies she made them rich with butter and usually full of fruit, like:

Fig Oaties.
Boil 5 minutes in water to cover:
1 1/2 cups dried figs
Drain, clip stems and cut figs into thin strips (scissors are handy). Cream together:
1 cup butter
2 cups beet or cane sugar
Add:
3 eggs, beaten
Blend well, then add liquids;
1/4 cup milk
1 teaspoon vanilla
Sift together and add:
1 1/2 cups sifted all-purpose flour
3/4 teaspoon salt
2 teaspoons baking powder
Add:
Figs
5 cups quick-cooking oats

Stir until well blended, then drop by small spoonfuls onto greased cookie sheet and flatten slightly. Bake in moderately hot oven, 400 degrees F., for 13 to 15 minutes. Press a nut meat, strips of fig or cherry into tops before baking if desired. For a glazed top, brush with hot honey after baking and place under broiler for a minute or two. Makes 5 1/2 dozen medium-sized cookies.

Do you recall the old cracker barrel? It was a necessity in days gone by when homemakers often made their own crackers, and even their own baking powder and bread starter. Thinking that perhaps in your spare moments you might like to try your hand at cracker making, I'm including a recipe.

Crackers Made With Yeast.
1/2 package granular yeast
1 pint warm water
1 1/2 quarts flour
1 tablespoon salt
3/4 cup sour milk
1/2 cup shortening
1 teaspoon soda

Set sponge of yeast, water and flour at night. In the morning add the other ingredients and flour to stiffen very stiff. Pound with rolling pin. Fold over and pound again. Continue until the dough is smooth.

Place on a lightly floured board and roll in a thin sheet. Cut in squares and punch holes on top with a fork. Place in ungreased pans and bake in a 400-degree F. oven. These are inexpensive and very good!

Unlimited Debate

In the United States senate the members have the right to hold the floor for an unlimited time in debate. Unless otherwise agreed on in advance, a senator once recognized may hold the floor as long as he continues to speak, or until the session ends.

Debating time in the most notorious house is strictly paroled out.

JUST LIKE MOTHER USED TO MAKE!

Horse Power
Marian—Mabel says she's wildly in love with her new car.
Martin—Just another case when man is displaced by machinery.

On the Line
Engaged girl, referring to her sweetheart's family—They claim to be connected with some of the best families.
Rival—Yes—by telephone.

Depression is defined as a period of time in which we have to do without what our parents never had.

Knows the Route
Neighbor—What do you plan to do, Janie, when you get as big as your mother?
Janie—Diet.

A reader asks if debt-collecting is a profession. We would call it a pursuit.

His Poser
After watching a porter trying to coax a mule to enter a railway van, a kindly bystander butted in. "Can I help you?" he asked.
"Yes," replied the porter wearily; "tell me how Noah got two of these beasts into the Ark."

AROUND THE HOUSE

To keep the inside of a gas range in good condition, remove rust that may have accumulated with coarse sandpaper, then rub over entire surface with olive oil.

Before baking potatoes, let them stand in hot water for 15 minutes. Then rub with butter or lard and put in oven. They will bake in half the time and will not shrink.

When rooms are to be painted, coat windows with a cleaning powder. If paint splatters on the glass it comes off easily when the powder is wiped away.

Many kitchens have a bare, unused wall space that could be usefully and attractively transformed into recessed shelves.

A teaspoonful of vinegar added to any boiled frosting before spreading will keep it from becoming brittle or breaking when it is cut.

If sugar is added to water when making flavored ice cubes, the cubes will not freeze clear or solidly.

Shrinkage in woollens is usually due to over-washing. In ordinary circumstances, three minutes is long enough for them.

Two tablespoons chile sauce or catsup poured over top meat loaf when half-baked gives a good flavor and rather crusty covering.

If kerosene is added to the water with which linoleum is washed it will loosen dirt and make washing much easier.

ASK ME ANOTHER?

A Quiz With Answers
Offering Information
on Various Subjects

The Questions

1. What is a solecism?
2. Where is the measurement parsec used?
3. What is the lee side of a ship?
4. May one sound be produced so as to neutralize another sound, the result being silence?
5. Who was the Spanish conqueror of Mexico?
6. In the famous poem, named after the hero, what "boy stood on the burning deck"?
7. What country is noted for its consanguineous marriages?
8. How fast do the stalks of the yucca flower grow?
9. Are any famous piano compositions written to be played with one hand only?

The Answers

1. A grammatical error.
2. In astronomy (used for measuring space between the stars).
3. The side opposite to that from which the wind is blowing.
4. Scientists say that two sounds may be produced in such a manner that they neutralize each other and the result is silence.

\$100 Reward!!!

There is a hundred dollar reward out for "Old Bill"

It's the old electric bill that is "wanted" according to Ted Dud Dudley, local manager of the West Texas Utilities, who announced the reward.

Fifty dollars, he said, will be paid for the oldest bill sent in by any customer of the company on or before June 15, and five dollars each for the next 10 oldest. To be eligible for the reward, he explained, all entries must be dated at least 15 years ago, must be for service in the home, and must be accompanied by a 100-word-or-less letter telling some thing about the lights and appliances used and cost at the time the bill was paid.

"All present customers are eligible, except employees," Mr. Dudley said. "The old bill may be for service received from the West Texas Utilities or a predecessor in this community."

Purpose of the reward, he added, is to compare present day improved service and lower cost with the "good old days" when all lamps were first being displaced by better light.

Bring your best orders to Ken dalls Shoe Shop and save money

Wifadasos Club

The Wifadasos club met April 8 with Misses Ola and Bula Card with thirteen present and one visitor, Mrs. Loyd Bailey.

The roll was called by the secretary, each one answering with help on sewing or a Bib's verse. The evening was spent in sewing for the Red Cross, which every one enjoyed very much.

We adjourned to meet with Mrs. Kempen May 13. Hearts like doors will open with ease.

To very very little keys. Don't forget two of these. Are "thank you, sir" and "if you please"
