School Faculty Completed Draft Registration July 1

The local school board met Saturday night, June 21, for the purpose of selecting teachers to fill the existing vacancies in the 1941-42 school faculty. By unanimous vote the following were elected: Mrs. Minibel Snowden, Mrs. Jessie Pays Pitecock and Mr. J. W. Bradshaw.

Other action by the Board included the approval of an eight year elementary school. This action was in response to urgent recommendations by the State Department of Education that all public schools provide a twelve year program for their pupils. The details of this program must be further planned; but by action of the Board an eighth year was added which will be a completely new program to follow grade seven. This means that all students who were below grade eight last year will receive benefit of the twelve year program. The twelve year program will bring Texas children in line with the training provided for the children in most of the other states.

Clarendon to Celebrate

Plans have been completed for Clarendon's annual pioneer celebration and rodeo, to be held next Tuesday and Friday, July 8 and 9, and preparations are being made to take care of a large crowd of visitors on both days.

E. M. Breedlove and Buddy Knorpp, parade committeemen, have arranged for an unusually large number of floats, which are expected to be one of the principal parade attractions. Other features of the parade will include riders from Donley county ranches, bands, sponsor girls and rodeo entrants.

Among the celebration visitors will be Chief Baldwin Parker and 15 Comanche Indian braves from Cache, Okla., who will present several Indian ceremonies during the two day affair.

One of the principal events on the program will be "Homer Mulkey Appreciation Day" on the 4th. The ceremonies will take place at 10:30 a. m., with W. H. Patrick as master of ceremonies. Judge Henry S. Bishop of Amarillo will deliver the address in appreciation of Mr. Mulkey's fine work for Donley county and the entire Panhandle. Seats on the platform will be provided for Mrs. Mulkey, W. I. Rains, honorary president of the Donley old settlers, Jim Christian of Glando, and some former comrades of Mr. Mulkey on the XIT ranch, who has not as yet been named.

A group of Clarendon citizens will be in Hedley Friday to advertise their celebration, and to invite this community to join them in meeting old friends, forgetting their cares, and making it an enjoyable occasion for everyone.

Peaches

Will begin picking peaches Monday, June 20, at my place 2 mi west of Hedley.

W. J. Luttrell

Berries

Berries For Sale. Will pick berries at my place 2 mi. west of Hedley 6 days a week beginning June 9th. Bring your vesicle. Thanking you in advance, I am at your service.

W. J. Luttrell

E. P. Newman and family of Phillips are visiting home folks here.

On July 1st all young men who have reached the age of 21 since last Oct 16th, must register for possible military service under the Selective Service Act. Donley county men in this group must register at the Draft Office in Clarendon.

Apricots

Will begin picking and selling apricots at my place 2 mi. west Hedley 6 days a week beginning June 30th. Thanking you in advance I am at your service.

W. J. Luttrell
Rt 1, Hedley, Texas

Rowe Cemetery Club

The Rowe Cemetery club was organized at the Methodist church Saturday, June 21, 1941 with 28 paid members. The following officers were elected.

W. I. Rains, president
Claude Nash, vice pres. and treasurer

Mrs. John Dickson, secretary
Mrs. Clyde Bridges, reporter
The following were elected to serve as trustees for the cemetery: Claude Nash, John Pickett, J. W. DeBore, W. I. Rains and John Dickson.

Mr. Nash and Mr. Pickett were former trustees of the association. John Dickson is to keep the cemetery books and help locate the old graves and collect for the burial plot.

A motion carried that payment be paid on lot when it is selected. If this lot is not paid for in the space of six months only space for one grave is given party and the rest of the lot will be resold. This is being done for the upkeep of the cemetery. If any of you have a lot that is not paid for, please pay for it at once. The finance committee includes Mrs. Mattie Killian, Horace Cooper, Jess Guill, Will Dickson, W. I. Rains, and Clyde Bridges.

The cemetery has been partly cleaned and all weeds have been hoed but a new crop is coming up. There are several graves in bad condition with the markers falling down, and some entirely gone. These things will be taken care of if the money can be raised. Won't you help this fund by donating a dollar?

Peaches

Announcing a new orchard of 18 different varieties of high quality peaches.

We will start picking peaches Monday, June 30th. These are very nice eating peaches, priced at \$1 and \$1.25 per bu. Bring your containers. Located 7 mi. northeast of Hedley on Bray road. Look for sign.

Winifred Deberry

E. M. McQueen was brought home Saturday from a Wichita Falls hospital, and is reported doing nicely.

Mrs. Jeff Aard of Jackboro and Mrs. Maurine Aard of Clarendon visited in the W. I. Rains and W. O. Bridges homes Tuesday.

Mrs. Bill Leggett and children of Wellington visited here Wednesday.

Mr. and Mrs. Ollie Settle of Atlanta, Georgia visited Mrs. W. E. Reeves Monday and Tuesday. Mrs. Settle will be remembered here as Miss Martha Edwards Reeves.

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Closing of German Consulates in U. S., And 'Freezing' of Axis Financial Assets Strain American-Nazi Diplomatic Ties; Hitler Offers New Problems to Russia

(EDITOR'S NOTE—When news items are expressed in these columns, they are those of the news and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

While the world watches the military and naval battles of Europe and the Middle East attention is diverted from the possible battleground in the Pacific. But Japanese military training goes on nonetheless. In the above photo, Emperor Hirohito of Japan is shown reviewing his troops during an imperial inspection which featured an anniversary celebration of the nation's youth training schools.

FDR: Cracks Down

The President of the United States, frankly hostile to the Axis, "cracked down" following the sinking of the Robin Moor by a German submarine in the South Atlantic and announced the "freezing" of all Axis funds in this country.

It was considered a matter of course that the Italian and German governments would do likewise and while any sort of guess as to the amount was impossible, some sources estimated that the freezing, if carried out on both sides, would be about "even Stephen" financially, with perhaps \$400,000,000 involved on each side.

More important, it meant that all business dealings between Italy and Germany and the United States were instantly at an end.

The reason the estimated sum was so small, state department officials revealed, was that during the past two years most Americans have liquidated their interests in Axis countries, and vice versa.

Financial experts said that the order does not necessarily mean that foreign countries cannot get their money out of this country, but that in order to do so, they must get a license for the withdrawal from the treasury.

If it is admitted that the Germans are paying out funds for sabotage in the United States, they will have a hard time getting such money, for the treasury can keep a check on the funds, and see that it is spent for the purposes intended, such as paying the upkeep of the German embassy, etc.

The fact that all 46 persons on board the Robin Moor were eventually reported rescued somewhat tempered public opinion on this incident.

Further action on the part of this country was conjectural, but public opinion polls found the nation strongly favoring convoys for American shipping, and a general strengthening of our naval patrols.

NAZIS AND U. S.: Consulates Out

Following the U. S. "freezing" of all Axis financial assets in the United States came another move by the federal government which strained American-Nazi relationships to the breaking point.

This was the order from the state department closing all Nazi consulates in the United States. German propaganda offices—the German Library of Information, the German railway and tourist agencies and Transoceanic News Service—were also ordered closed in the same order.

All German nationals connected with the consular offices and these propaganda agencies were ordered to leave the country. Embassy officials and employees of DNE, the official German news agency, were not affected by the order.

While these first moves do not actually constitute a complete rupture of relationships between the two countries it pointed toward a policy of "action—not words" toward the Nazis. Reasons given for the state department for the action were general in nature but they mentioned "improper" and "unwanted" activities "inimical to the welfare of this country."

HIGHLIGHTS . . . in the news

Viechy—The Germans have released thousands of French prisoners of war, giving their freedom to return home to all who have three minor children or three minor brothers.

Berlin—Auto bodies can be made of artificial resin, an "ersatz" for steel. One body, tested on a dynamometer, turned out to be without damage.

RUSSIA: Heavy Strain

The stress of German demands on Russia was such that it appeared Stalin's hold on his country was cracking, if not actually broken, and his policy of appeasement of the Nazi demands found the army forces strongly opposed to the dictator.

Whether this would end in the long-expected military break between Germany and Russia, a feeling that was heightened by the announcement that 120 German divisions were massed on the Russian frontier, or whether it would simply result as in the past, in a terrific Russian blood-letting from within, was hard to foresee.

The analyst, seeking to ferret out the genesis of this troop-massing, perforce had to go back to Churchill's warning, when he was trying to interest Russia and Turkey in active assistance just before the start of hostilities in Greece. Churchill put Russia and Turkey on notice that "they would be next" when the Nazis got through with Greece.

Nobody else, thus far, at least, had been next. Then, too, there was the broad hint dropped by Goebbels, German ace propagandist, that Germany would need the Ukrainian wheat for a long war against Britain. Churchill also had warned Russia that the Ukrainian wheat-fields would be the next objective.

Another possible objective of the massing against Russia was the need of a sure and well-fortified line through Russia down into Syria, also the possibility that a sufficient threat against Russia might break up the Russian-Turkish alliance and allow the Nazis to press upon Turkey their demand for free passage of troops.

With a hostile Turkey and Russia to the north, Hitler's generals would be naturally hesitant in trying an air-borne invasion of Syria to help the French there, and to create a land base for attack against Suez. The typical strong groundwork necessary for a major German offensive would demand dealing with Russia and Turkey first.

There was just one more important angle, which might precipitate fighting, however brief, with Russia. Rumania wanted Bessarabia back, and the position of the German legions was such that this might be the primary objective, to force Russian abandonment of Bessarabian territory.

BILLION: For Bombers

Belief amounting almost to a certainty by U. S. war tacticians that a huge air armada, assuring Britain or this country mastery of the air was the surest method of winning the war for the democracies was evidenced when the RFC announced a plan to provide a billion dollars to produce 500 big bombers a month. The RFC was given additional powers in a new law signed by the President also permitting it to have augmented borrowing capacity with no strings attached, provided it was for defense purposes.

This organization had already spent \$1,500,000,000 for defense, half a billion for factories, more than that for tin and copper and other defense materials, \$200,000,000 for rubber and \$200,000,000 for miscellaneous purchases of material.

Camp Robinson, Ark. — Connie Kaster, daughter of Lieut. Col. John F. Kaster, head of the Thirty-fifth Division, wired her dad she would pay him a visit and added as a joke "have a band meet me at the station." Her father had nine bands, 275 pieces, playing when the train pulled in. Thus at least one ambition to be "met by a band" was realized.

Draftee-Actor

Private Ted Terwilliger (above) will dispute anyone saying "There's no future in the army." A draftee from Missouri, his acting in a camp musical review has led to promise of a screen test with a motion picture concern the day after he is released from the army.

TAXES: To Be Spread

The house ways and means committee, by its adoption of a policy that the defense tax burden will be spread to all sources, and not concentrated on income surtaxes, was welcome news to many who wondered how heavily the blow would strike next year.

Instead of starting at 11 per cent and going higher along with incomes, indications were that the present tax of 4 per cent and 10 per cent defense tax on that would be continued, and that the surtax would be 6 per cent on the first \$2,000 of taxable income and go up from there.

This would cut the expected tax burden on the "little man" about 40 per cent from what he had feared, and still would yield about half a billion dollars in additional revenue.

Chairman Doughton explained that the committee will attempt to prorate the defense burden between the income tax, corporation taxes, excess profits, gift and estate taxes, and the excise taxes.

The total figure aimed at is \$3,500,000,000, but Chairman Doughton said:

"If we can get more without hurting anyone and without murdering anyone, we will."

JAPAN: And U. S. Oil

While the Dutch East Indies and Japanese continued their game of international bluff on the oil situation, with the United States and Britain as keenly interested spectators, the U. S. maritime commission made it clear that if oil is reaching Japan it is not in American owned or American controlled tankers.

Of 214 ploughing the high seas under foreign flags, but owned or controlled in the U. S., not one is so engaged, it was reported. There were two exceptions, the commission said, one group of five tankers under German or Italian flags being "out of control of their owners," and one single ship now en route to Japan with a cargo of oil contracted for some time ago.

"After this voyage," the report continued, "the services of this vessel will be required elsewhere."

In other words, it won't do it again. There are 60 tankers in Panamanian registry, 22 carrying the Venezuelan flag, 12 Norwegian, 7 Dutch, 6 French, and one each under the Belgian, Cuban, Danish and Honduran flags.

In addition there are 88 under British registry. Recently a number of American tankers were transferred to the British flag because Britain had suffered heavy sinkings of this type of ship. At the time the number was not revealed, but the maritime commission said there was a shortage of 49 tankers in the Atlantic coastal trade.

LABOR: Watchful Waiting

Most eyes keeping a close vigil on national defense progress were turned to the labor situation, and many were wondering just what would be the long-range outcome of the taking over of North American Aviation at Inglewood, Calif., by the army.

Those who thought it might stiffen the attitude of labor and result in still more and more bitter strikes were rapidly proven wrong when quite the reverse happened, and the seizure of the aviation factory was almost immediately followed by the settlement of strike after strike, and the submission to arbitration of others that loomed.

But that was not the whole story, and many wondered how the rest of the formula would work out, and whether the President's mediation board would be successful in straightening out the whole labor situation so that the indices of labor, cost of living, cost of production and prices of essential materials would go along together.

In this connection it was pointed out that living costs throughout the country had only risen 2.4 per cent since the start of the emergency and that when labor had risen 15.8 per cent.

Star Dust STAGE-SCREEN-RADIO By VIRGINIA VALE (Released by Western Newspaper Union.)

THE motion picture industry turned out recently to do honor to Harry Carey in celebration of his completing a year of making motion pictures—"The Shepherd of the Hills," his latest, is his 305th. He's long been one of the most beloved men in Hollywood, because he's one of the best human. Not many people at the celebration knew of one of the nicest things he ever did. The Indians who work on his ranch (he homesteaded it himself) had never seen the sea; when he learned that, some years ago, he and his wife piled them all into trucks and drove miles to show it to them!

Red Skelton was so eager to play one of the three sailors in Metro's "Panama Hattie" that he campaigned; he went around with his pockets full of cigars, and whenever he met one of the executives involved he'd hand out a cigar and say "Vote for me for 'Panama Hattie.'" Then they previewed "Lady Be Good," in which Skelton's a sensation. "Panama Hattie's" producer, Arthur Freed, sent Skelton a box of cigars and a note saying, "Red, you're elected. After 'Lady Be Good' you're the one who deserves the cigars."

The producer of the air's "Stepmother" serial auditioned dozens of aspirants for the role of a two-year-old. Then he happened to catch Alice Sherrie Goodkin's baby imitations on the Uncle Ezra program—and she got the part.

Ray Milland and Brian Aherne are starring with Claudette Colbert in "Skylark." Milland was a boy soprano when a child in Wales—but in 12 years of acting in pictures he's never sung a note. Aherne never would sing as a child, or even a youth—and he's always having to sing before the camera. In "Skylark" he has to sing the sea chante, "Blow the Man Down," for five minutes—and it's during a storm at sea. Well, that's Hollywood for you!

Here's RKO Radio's list of 14 new players whom they believe you'll want to keep seeing on the screen; they'll appear in 1941-42 productions: Signe Hasso, Dorothy Commingore, Ruth Warrick, Anne Hunt, Michel Morgan, Frances Neal, Ginny Simms, Joan Carroll, James Craig, Edmond O'Brien, Joseph Cotton, Dennis O'Keefe, Paul Hammond, Phillip Reed. Keep track of them, if you're interested in seeing new stellar material in developed; some may hit the heights, others won't. You'll be the real judges!

Some of these players might be called stars now, of course; James Craig, who elbowed as the young doctor in "Kitty Foyle," is to become a star in "Unexpected Uncle"; Edmond O'Brien had one of the four stellar roles in "Parachute Battalion." But it's the public, not the studio, that has the final word in these things; fortunes have been lost in attempts to cram "stars" down the public's throat, when the public stayed away from the resulting pictures in droves. Let's hope RKO's choice is a good one!

After you girls see Paramount's "The Parson of Panamint" you may all be wearing your hair "a la Ed Drew"; that's the name the actresses in the picture gave the hair-do which Ellen Drew adapted from the one the studio found was authentic for the year 1892, in which the picture is laid. Ellen agreed to the necessary pompadour, but added a small curl right in the center of her forehead, and the style was made official for the film. Charlie Ruggles stars in the picture.

Connie Boswell, of the Bing Crosby program, has invented a new game. It's called polo tennis. Connie, who is unable to walk, worked out the idea of having the players ride large tricycles, and everybody who's played is enthusiastic about it.

ODDS AND ENDS—Bess Johnson, of radio's "The Story of Bess Johnson," has abandoned the wheel chair she's used since she broke her ankle some weeks ago. Rosalind Russell's relieved that the title of her new co-starring picture with Clark Gable has been changed to "They Met in Bombay"—formerly it was "Unholy Partners" . . . Soldiers from the nearby army base turned out in force for the "snack" preview of Ronald Colman's latest, "My Life With Caroline," at Riverside, Calif. J. Carroll Nash teased that "I" was his name because Jans had a way of thinking he was a woman—thanks to all that make-up and costumes that he usually has to wear.

RAILWAY
LABOR UNION DEMANDS
WOULD COST
900 Million Dollars
A YEAR

THE labor unions have made their demands upon the railways of the United States—and through the railways upon the PUBLIC. These demands are vastly larger in proportion than any they have ever made. The economical and efficient operation of the railways is vital to the nation's defense effort. Therefore, the Western Railways present to the public the following facts:

The labor unions representing engineers, firemen, conductors, brakemen and switchmen are demanding a 30 per cent increase in wages, amounting to 190 million dollars a year—although their present rates of pay are the highest in history.

Other unions representing a greater number of railway employees are demanding wage increases ranging as high as 95 per cent—averaging 47 per cent—and amounting to 580 million dollars a year—although their present rates of pay also are the highest in history.

Thus the wage increases being demanded by the labor unions amount to 770 million dollars a year, an average increase in excess of 41 per cent.

In addition, certain of these labor unions have demanded advances in their pay not included in the above figures, and more rules for the creation of unnecessary jobs.

The situation, then, is this: The total cost of complying with all the demands made would be approximately 900 million dollars a year!

The average weekly earnings of railway employees are now 15 per cent higher than in the peak year 1929, while the cost of living is 12 per cent less.

The demands of the railway labor unions are being made when the entire nation has just been asked to make a supreme effort for National Defense.

The railways cannot meet these demands without a great increase in the cost of transportation. They exceed by more than 700 million dollars the income that the railways had left after paying their annual expenses, taxes and charges in 1940.

The railways have a vitally important job before them. They need all their resources to continue adequately to serve you and contribute effectively toward the National Defense Program.

THE WESTERN RAILWAYS

Union Station, Chicago, Ill.

Your Dreams May Tell Secrets About Yourself

"LUCKY that was just a dream," he thinks, "or I'd lose my job."
But he's wrong. No dream is "just a dream." Often it reveals something in yourself that you never knew—and perhaps should. Dreams can really help when you take them to heart. You may

Should He Ignore His Dream?

dream of stains, inkspots, because you're feeling guilty about something. Thinking out what it is might relieve you greatly.

Instead of lightly dismissing these dreams, use them to help solve your problems. Our 32-page booklet gives the scientific explanations for several dreams—flying, falling off a cliff, running from wild animals and other typical dream situations. Tells why some dreams are "prophetic." For your copy send your order to:

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly straining to filter waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fall to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

Household News

by Lynn Chambers

... AND SO THEY ARE MARRIED (See Recipes Below.)

AFTER THE 'I DO'S'

Intermittent glances at the third finger of your left hand, as you leave the church and hurry homeward to greet guests, remind you that you're a "Mrs." now... and you've never been so happy!

You're too thrilled and excited to even think about food, but friends and relatives and your new husband, especially, are more than likely eager to partake of the very distinctive refreshments that "Mom" has spent weeks planning.

And later when you recall the wedding reception, if details have been worked out sanely and carefully beforehand, you'll know that yours was an extra special after-wedding party.

Dainty rolled asparagus sandwiches and a luscious peach shortcake, with an iced or hot beverage, are sure to satisfy gay young appetites, as well as appeal to the elders' taste for "something different."

Deck the table with fresh flowers. A fitting centerpiece is a replica of the bride's bouquet... one exactly like that which she carried to the altar. A sophisticated crepe paper bridal couple will complete the table decorations.

Asparagus Rolled Sandwiches.
Remove crusts from a loaf of sandwich bread and cut in one-fourth inch lengthwise slices. Butter slices and cut in half. In each piece, place a stalk of asparagus. Roll bread carefully, pressing well along buttered edge to hold it securely. Sprinkle asparagus with a little salt and paprika before rolling bread, if desired.

The number of sandwich loaves and the amount of asparagus tips you will need will, of course, depend upon the length of your guest list.

Peach Shortcake.
3 cups sifted flour
1 teaspoon salt
3 teaspoons double-acting baking powder
1/2 cup butter or other shortening
3/4 cup milk
1 1/2 quarts sliced peaches, sweetened

Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening; add milk all at once and stir carefully until all flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out immediately on slightly floured board and knead 30 seconds. Roll one-fourth inch thick. Place half in ungreased round cake pan; brush with melted butter. Place remaining half on top and butter top well. Bake in hot oven (450 degrees F.) 15 to 20 minutes. Separate, spread bottom half with soft butter and some of peaches. Place other half on top. Spread with butter and remaining peaches; garnish with whipped cream. Cut into individual servings. Serves 8. Other fresh fruits may be substituted for peaches.

There is an old tradition that the luckiest sort of bride's cake is one baked in a ring—symbolic, like the gold band that is slipped on her

LYNN SAYS:

In regard to after-wedding parties, plan a menu that's simple and easy to serve, yet appetizing and delicious to eat.

Since the proverbial color scheme for the bride's table is green and white, plan to use white flowers for the centerpiece; if candles are used, they may be white or green.

It is customary for the bride to throw her bouquet to her attendants prior to her departure on the wedding trip.

Since the excitement and emotional strain will undoubtedly upset the bride, she'll not be able to thoroughly enjoy her own reception. For that reason, a piece of the cake should be cut and wrapped for the couple to take with them on their honeymoon. The table decorations should be saved for her to have on her return.

NOW YOU'RE A WIFE

... And the business of cooking for two begins! Feeding your husband will be an important part of your new life—really essential to the smooth sailing of the ship of matrimony. So next week Lynn will devote her entire column to recipes that will help you "hold your man." They'll be simple enough for the beginner, too.

finger for the first time at her wedding, of the endless quality of true love. This cake is cut by the bride and served to the guests as part of the wedding feast, and is quite different from the rich fruit cake that is given to the guests to carry away. It is a light cake, like a white cake or sponge cake, and is frosted with all the curlicues and rosettes that the home cook can manage.

This cake brings luck to the guests, for it contains a ring, a coin and a key—signifying marriage, wealth and happiness to those who find them. If you haven't a ring-shaped pan, you can bake the cake in an angel-food cake pan or in an ordinary cake pan, with the ring outlined in contrasting frosting. The bride's and bridegroom's initials in contrasting frosting may be used for further decoration.

Bride's Cake.
1 cup sifted cake flour
3/4 teaspoon salt
1 cup (8 to 10) egg whites
1 teaspoon cream of tartar
1 1/4 cups sifted granulated sugar
3/4 teaspoon vanilla
3/4 teaspoon almond extract
Sift flour once, measure and sift four more times. Beat egg whites and salt with flat wire whisk. When foamy add cream of tartar and continue beating until eggs are stiff enough to hold up in peaks, but not dry. Fold in sugar carefully, 2 tablespoons at a time, until all is used. Fold in flavoring. Then sift small amount of flour over mixture and fold in carefully; continue until all is used. Pour batter into ungreased angel-food cake pan or ring-shaped pan and bake in a slow oven. Begin at 275 degrees F. After 30 minutes increase heat slightly (325 degrees); bake 30 minutes more. Remove from oven; invert pan 1 hour.

Marshmallow Frosting.
1/2 cup sweetened condensed milk
4 marshmallows
1 1/2 cups sifted confectioners' (4X) sugar
1 teaspoon vanilla
Cook sweetened condensed milk and quartered marshmallows in top of double boiler until marshmallows are melted. Remove from fire, add confectioners' sugar gradually, beating until smooth and creamy. Add vanilla. May be spread on cake while warm. This frosting covers tops of two 9-inch layers or top and sides of ring-shaped cake or about 18 cup cakes.

Butter Frosting.
1/2 cup sweetened condensed milk
4 tablespoons butter
1 teaspoon vanilla
3/4 cups sifted confectioners' (4X) sugar (about)
Cream sweetened condensed milk and butter together. Add vanilla, blending well. Add sifted confectioners' sugar gradually, beating until smooth and light in color. This frosting may be tinted any color by addition of a speck of food coloring. Pale tints are most attractive. Spread on cold cake. Makes enough frosting to cover tops of two 9-inch layers or top and sides of ring-shaped cake, or about 24 cup cakes. Make the letters of corresponding or contrasting frosting by means of a pastry tube.

If you plan a wedding breakfast, instead of an afternoon or evening reception, include something hot and something cold for the main course, a beverage, ice and wedding cake, of course. Here's my menu suggestion:
Turkey a la King in Timbale Cases
Potato Croquettes
Baking Powder Biscuits
Ripe and Stuffed Olives
Ice Cream
Petits Fours Coffee
(Released by Western Newspaper Union.)

PATTERNS SEWING CIRCLE

THE popular shirtwaist style in a tried and true pattern, designed especially for the larger figure. The eight-piece skirt contributes a slimming, graceful line. The shirtwaist top has ample full-

ness, let in with darts at the shoulder yoke and waistline. The notched collar, cuffed sleeves and double pockets are the featured details which give Pattern No. 1381-B the smartness typical of the favorite shirtwaist styling. Every proportion is carefully planned, every feature is in keeping, and the design reaches a high standard of pattern smartness.
Suitable materials are linen, gingham, chambray, broadcloth, shantung, pique, sharkskin, eyellet embroidery, flat crepe or prints. This is a dress which is well suited to stripes, geometric prints or polka dots.

Barbara Bell Pattern No. 1381-B is in sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 38 requires 4 1/2 yards 35-inch material. A detailed sew chart gives full directions for cutting and making. Send your order to:

Then Came the Rain—And Both Were Deadheads!

It was the night of the grand concert, and approaching the hour at which it had been advertised to start.
Blubb and Blabba had hired a spacious hall and expected big profits.
"Are the ticket-takers all ready?" asked Blubb.
"Yes, sir."
"All ushers at the doors?"
"Right, sir."
"Then throw open the portals! The hour has come!"
The huge iron doors opened. Two small boys entered.
"Please, mister," said a tiny voice, "can we both come in on this free pass?"

ASK ME ANOTHER?

A Quiz With Answers Offering Information on Various Subjects

The Questions
1. How many times has the National league pennant gone to the New York Giants?
2. In old romances, the lady called Griselda is proverbial for her what?
3. Where was the ancient country called Mauritania?
4. What are the capital sins?
5. Brian Boru was the king and hero of what people?
6. What is the highest temperature ever recorded by the weather bureau in the United States?
7. What was the cost of sending mail across the continent by pony express?

The Answers
1. Fifteen times.
2. Griselda was proverbial for her patience.
3. Northern Africa (modern Morocco and part of Algeria).
4. According to St. Thomas Aquinas, the seven capital sins are vainglory, avarice, gluttony, lust, sloth, envy and anger.
5. Brian Boru was king and hero of the Irish (1002-14).
